NOW READY FOR BIDS ON EAST END IMPROVEMENT

WORK MAY COST $300,000.00

The city council Tuesday night adopted new grades for the East End improvement district, and directed the city clerk to call for bids for the work. The improvements contemplated in this district comprise the grading of some four miles of streets, a nearly like amount of sidewalks and the building of a new bridge over White Creek at Third. Estimated cost some $200,000 or $300,000. All members were present except Mr. Filion.

The ordinance fixing the new grades as heretofore outlined was returned to council with recommendation that it do pass with certain amendments. The amendments were sections 9, 10, 11 and 12, fixing like surface grades for 8th street, Francis to Jones, Georgiana, Francis to Liberty. All present voted for the adoption of the ordinance. Bids will be opened June 29.

Engineer's plans, etc, for the lateral sewers connecting with Lincoln street trunk sewer, in district bounded by Cherry, 8th, Lincoln and 4th streets, were submitted, with the recommendation that they be referred to a committee until next week. This was done and the city attorney was directed to bring in an ordinance at next meeting ordering the work. The engineer is desirous that all parties interested view these plans and state their objections if any, during the week, as they will doubtless be adopted and become effective after next week. The plans contemplate the laying of the sub-sewers six feet below the contemplated grades in the district.

Bonds of Contractor Harry Cotton for sub-sewer contracts north of these, now in course of construction, were accepted.

Mr. Fisher, in behalf of Naval Lodge, Elks, stated that the Commercial Club and citizens, had decided that there would be no celebration this year, and that therefore the Elks had taken up an Elks Circus for July 1, 2 and 3, and possibly 5. He asked that in lieu of the usual aid given by citizens to the celebration that the committee in charge be given street concessions for the dates named. Granted.

Upon motion of Mr. Hooker, street superintendent was directed to run street grader over First street, Francis to Lincoln, same now being almost unusable; other councilmen got like orders for Lincoln street, bridge to Boulevard, Peabody street, bridge to 8th.

The Flower Show committee received word this week from Mr. Roberts, the Rosarian of Tacoma, that he is delighted to have the opportunity to visit Port Angeles to act as judge of the flowers. He will deliver a lecture on rose culture, in the evening, for which a small fee will be charged to help defray the expenses of bringing him here. Everyone interested in roses and flowers of any kind will want to hear what Mr. Roberts has to say. Bring along your tablets and pencils so you can take notes and anyone will be privileged to ask questions. The committee preparing the premium list regret that it was impossible to get it ready for this week's paper, but it will appear next week. They report that the business men have been most generous in donating premiums. All are hoping now for a little more sunshine to make the roses as perfect as possible.

CASH GROCERY MAKES BUSINESS CHANGE

The Olympic Cash Grocery made a business change last week, Mr. McCart selling out his interest to W. J. Morse, a brother-in-law of Mr. Lathrop, the other proprietor. The Olympic Cash Grocery has built up a splendid little business and customers will find that they will receive prompt and courteous treatment and the best goods at lowest prices.

The Peninsula Piano Co. has secured the services of Ed Halberg as salesman during their special contest now being put on.

LIBRARY LOT ASSESSMENT ENTIRELY PAID

"Almost too good to be true," is what the trustees of the P. A. Library Association said when they found out that by robbing the treasury of the Women's Auxiliary to the Commercial Club and that of the Library Association and adding to it what had been raised by subscription, mostly from members of the Congregational Brotherhood, that they would have enough money to pay off the entire assessment against the library lot. And so they did this very thing and saved the seven per cent interest they would have had to pay, and added to the city's exchequer almost $750 in cash.

Ever since the ladies learned what the assessment against the lot would be, the task of paying it off seemed a most difficult one, but every energy of both the Auxiliary and Library Association were expended in an effort to raise the amount as quickly as possible. No one dreamed, however, that it could be done within a year. But this is only another proof of the wonderful things a few women can accomplish, once they resolve "it can and must be done."

The public has been very generous in its patronage of the various entertainments given by these organizations and it is hoped the interest will never flag until a handsome structure stands on the present lot.

A Carnegie library is what the ladies are working for and to this end they hope soon to have the city take over the site and begin the necessary proceedings to secure such a building, for the request must come from the city. Quite a number of persons who promised to give something toward the library fund have not yet done so, but any donations would be thankfully received at this time when both treasuries are is such a state of depletion and there is still such a great work to be done.

Miss MacClure, the librarian, reports a steady increase in patrons of the library, with twelve new subscribers the past month. Won't it be a grand good thing for Port Angeles when these books and another thousand can be thrown open to the public free of all charge, and a well-equipped reading room, too?

EXPECTED GOVERNMENT WILL HAVE A BIG ROUND-UP 'ERE LONG

During the last week over thirty-five undesirables have been smuggled into the city of Port Angeles from across the straits, being chiefly Italians, Russians and Austrians. Over 1,000 Italians, nearly penniless and at present traveling towards the Northern border, near Spokane, are becoming desperate. The government has pressed more men into service with instructions to stop this mob from coming over the boundary line.

Inspector Tom L. Wycoff stated Wednesday morning that these poor foreigners live upon each other and the time will soon be near when something will happen. He says that they are smuggled into Port Angeles so fast that he can hardly sleep a wink before some seven or eight have made their appearance. Tuesday he picked up several undesirables here and took them upSound. When he returned a telegram awaited him, stating that a party of six men, composed of two Italians, two Russians and two Austrians, were coming across Tuesday night. He arrived too late to be of any service.

The Commissioner in Seattle, in conversation with Mr. Wycoff, told him that they could round up in that city alone, over 1,000 undesirables who were absolutely penniless. It can be understood from this what the United States government has to contend with during the present war. In Canada the officials are interning all undesirables they can, and especially Italians.

The government is evidently up in the air concerning the smuggling operations and have not increased the secret service force as yet. They certainly need more men in Port Angeles. Mr. Wycoff, having received notice from Victoria of the departure of the smugglers, will take a launch on down the Straits to await them in the most likely place, but the foreigners and smugglers work so well together that while Mr. Wycoff may be at the mouth of the Elwha, the smugglers are landing on the spit and vice versa. Last week a smuggler, whom the authorities were attempting to catch, knew of the whereabouts of the officials and was chased to an island near the Race Rocks. He stayed there two days and then disappeared. The government is working seriously on this problem and in the near future will most likely make one big round-up.

TEACHERS ENGAGED FOR NEXT SCHOOL YEAR

The following is a list of the teachers who will have charge of the work in the Port Angeles schools for the next year. The Corps is not yet quite complete and definite grades have not yet been assigned to all; but members of the present teaching force who remain will have charge of practically the same work as they have at present.

High School:

Mr. Donald MacNeal, Miss Sarah Brown, Miss Elsie Meeks, Miss Helen Redington, Mr. Miles Regnier, Miss Mamie Pazandak, Miss Kathryn Reed.

Grades:

Miss Mabelle Crofutt, Miss Grace Anderson, Miss Eva Nelson, Miss Vida VanCleave, Miss Julia Wiggins, Miss Jennie King, Miss Lorena Fulmer, Miss Jessie Hazeltine, Miss Mary Allen, Miss Clarice Palmer, Miss Inez McLaughlin, Miss Pearl Earles, Miss Margaret Fitzgerald, Miss Anna Hinckley, Miss Laurena Ester.

WATER PIPE REMOVED AT FOOT OF ZIG-ZAG

The committee of ladies from the Women's Auxiliary to the Commercial club are rejoicing this week to see that after this long delay, the water company is moving the large water pipe at the foot of the zig-zag, which has held up the improvement work so long contemplated. Now the ladies are keeping their eye on Chairman Wolverton of the council committee to see that he loses no time in getting busy on the job.

Karl Shoffel has sold his interest in the Olympic Hot Springs to his partners, Wm. Everett and Geo. Lippert, the consideration being $5,000.

ELKS' CIRCUS TO BE A THREE-DAYS' HUMDINGER

BALOON ASCENSIONS BY E.E.DAY

H. Maurice Fisher, R. H. Callarman and C. C. Dobbs comprise the three graces having executive charge of the sensational Elks' circus to be pulled off in Port Angeles on Thursday, Friday and Saturday, July 1, 2 and 3. Naval Lodge No. 353, B. P. O. E., with more than 450 antlered monarchs of Olympic glens, is rooting for the big splurge to a man, and Exalted Ruler G. W. Muck is making up a schedule of fines for laggards and stragglers in the big game.

There will be some amazing street pagents on each of the three days, led by three different kinds of bands. Streets, buildings, fences, trees, vehicles and pedestrians will be gorgeously and fantastically decorated throughout, and in this respect at least the people of this city will witness a revelation in spectacular effects.

The Wonderful Calithumpian Kazoo Band is already rehearsing its martial and serenade music for Circus day, under the skillful direction of Bandmaster Julius I. Kirschberg.

The Consolidated Clallam County Cornet Band will be in line with all of the latest airs from the war zone.

And last but not least, arrangements are being made for a piping extravaganza of musical marauders from abroad, consisting of a blazing bunch of bare-legged Scottos from the Canadian wilds of Cadboro Bay —Victoria.

The show will be of every conceivable variety that ingenuity can suggest and so large a herd of Elks can haul into action. It will include a menagerie of astounding wonders, in charge of Tom Trumbull, assisted by such animal tamers as Morganroth and Goodwin, while Peter Grubb will give special exhibitions of his trained Teddy Bears from Chgnik and Kougarock.

There will be many free open-air performances. Elmer Day will be in charge of all balloon ascensions and will wear cerise tights.

Willis J. Mathewson will give a free, open-air flying trapeze act on Front street. He used to be in a surenuff circus, and knows how.

Chris Kuppler will do a free slide for life from the conning tower of the Opera House, while Lloyd Aldwell holds the top end of the rope in his teeth.

Say, honestly! It's going to be one humdinger of a three-day session and it's going to make history in this town and county.

200 SEATTLEITES WITNESSED DEFEAT OF THEIR TEAM

The Shaner & Wolf team of Seattle were defeated in a slow game Sunday, May 23rd, by the local boys, the score being 4 to 1. The excursion from Seattle brought over 200 ardent Seattleites. Old Sol failed to make his appearance and every once in a while a few drops of moisture would mix with the sweat beads of the athletes.

Hasting pitched a slow game but held the visitors in the pinches and backed by the unexcelled support of the players made a fair showing. The opposing pitcher, Rease, also pitched good ball but the home guards got to him at opportune times.

Angeles earned all runs except one, which was earned well enough, only that Dompier failed to touch home plate. The umpire called play safe. No argument. The Shaner & Wolf team are not as strong an organization as those who formerly made this their port of call and the boys let up with fast playing, making the game interesting enough under the circumstances.

J. H. DALTON TO SECURE FAVORABLE BIDS

J. H. Dalton has returned east with all data concerning the improvement district in the East End, it is reported, and will make a special effort to get favorable bids for the bonds to be issued, so that the work may go forward without delay.

Under the present plans of improving the large area the minimum of expense has been reached, aggregating but from $45 to $70 per lot with ten years to pay same, which will give the residents of that section walks and graded streets and all appearances of a modern city. Most of the residents are enthusiastic over the outlook, the non-residents having to pay the same as those who will use the improved thoroughfares.

As heretofore stated the grades contemplated will have an average cut one foot from the contour of the country, and each street will constitute a separate assessment district. Under this plan the third street improvement, where grading, sidewalks and a bridge are contemplated is the only district which will assume any considerable burden.

Bids have been called for, to be opened June 29.

STEALS BRASS, SELLS IT, THROWN INTO JAIL

After ripping all the brass work off the two "locies," belonging to the Erickson Construction Company, Henry Miller, charged with the robbery, sold it to a second-hand store on Front street Wednesday evening and then began to make friends with John Barleycorn, which caused his arrest in the Swanson bar by Marshal Frank Dustman Thursday morning. The engines were situated in the upper yards of the Milwaukee railroad, above the big mill and were reported O.K. by the yardman on the evening of the robbery. When the train crew went to the yards on Thursday morning to remove the locies all the brass work was found ripped off and several pieces of machinery battered up with a hammer. Frank Dustman soon scented the trail and the man who sold the brass was found in the saloon. Since being arrested he has confessed to the theft.

ALONG THE WATERFRONT

Totoosh, the gas tug belonging to the Pathe Fish Company, lay here Wednesday night on her way to the cannery at Neah Bay with a load of salmon cans from Anacortes.

Tuesday, the Standard Oil tanker Atlas stopped in bay to take on a pilot. She is on her way to Alaska with 17,000 barrels of oil.

Pilot John Jorgenson awaited the arrival, Thursday night, of the American steamer Javery from Foochow, China. She carried a full load of nut oil. This oil will be shipped from Tacoma in tank cars to New York, where it is used as a base for varnish.

The Puget Sound Mill & Timber Company's tug Tyee, lay at the City dock Wednesday night.

Sunday the launch "Wanna" was taken to Seattle by Mr. C. W. Harris and family and Mr. C. M. Kelly.

The Halibut schooner Olympic lay at the City Dock over night on her way to the banks Sunday.

Petroleum II arrived Sunday last to replenish the gasoline supply in Farmer's big tanks.

The Nebraskan, torpedoed, or injured by striking a mine off the coast of Ireland Wednesday, was familiar to Port Angeles people, having often called in for a pilot when in the Hawaiian line.

Mr. Osborne, captain of the P. S. M. & T. Co's gas tug "Rollo," is building himself a speed boat of the runabout type; she will be 30 feet long, 5 feet 2 inches beam and will

FLOWERS FOR DECORATION DAY

Decoration Day week finds a wealth of early summer flowers. The great annual spring transformation seems to be more beautiful than ever, while the woodlands are full of the wonders of God's beautiful creation.

Shall we close our eyes when there is such an endless profusion around us to delight, to cheer and sooth us, for Decoration Day?

Restfulness and peace. What else do we need in our last home? Shall not the fresh flowers strewn by some loving hand upon our couch be the best token that we are not forgotten? Why, then, should our final resting place be pranked out with marble and gaudy show of blossom? Rather let some quiet gray stone indicate our resting place and evergreen ivy drape it with its sombre leaflets, while over all may arch the boughs of ancient trees that shall bestrew it in spring with blossoms and in fall with the soft covering of its fallen leaves. The reason for simplicity in burial places is obvious. It is not here that the memory of the wise and good is to be preserved. That lives in the minds of men. Here lies the common dust of which we are all made, and to which we are to return. Death, the great leveler, here makes an end of our pretenses; before the Destroyer all are alike. Let, then, the record be humble, since to this lot we must come at last. All now are equals before the King, and efforts to maintain the distinction between lofty and lowly may well be dispensed with on our tombstones. Flowers for decoration of graves have been used from the earliest ages to the present time, among the most primitive people as well as the most cultivated.

For those who have no flowers, the laurel wreath is as beautiful as the finest of flowers. The yew and the boxwood leaves worked into a wreath form one of the most appropriate, but in flowers selection may be had from lilies, roses, rhododendrons and azelias, peonies and tropes, primroses and pansies, spireas and forget-me-nots, which are now in their glory! All things that belong to spring, waited for throughout the long winter days, again are ours. Spring is complete in all her magic loveliness of tint and tune, in the garden, in the valley by the rivers, in the deep wood, everywhere overflowing with completeness.

AN APPEAL FOR POLAND

The present European war is on the eastern front, raging exclusively over Polish soil. It is sweeping away every sign of civilization, destroying dwellings, devastating fields, gardens and forests, starving and exterminating human beings and animals alike. An area equal in size to the states of New York and Pennsylvania has been laid waste. Two hundred towns, fourteen hundred churches, seven thousand five hundred villages have been completely ruined. The loses in property destroyed, and in agricultural, industrial and commercial production brought to an absolute standstill, amount to $2,500,000,000.

A total of eighteen million inhabitants, including nearly two million Jews, are continuously enduring the horrors of this gigantic struggle. Only very few could flee to the places which are still holding their own against the aggressors; the great majority, almost eleven millions of helpless women and children, homeless peasants, unemployed workmen, the very essence and strength of a nation, have been driven out into the open. Thousands and thousands are hiding among ruins, in woods or in hollows; feeding on roots and on the bark of trees.

To provide an immediate aid to this almost incredible number of sufferers, to concentrate the efforts of all who may be touched by so appalling distress a General Polish Relief Committee has been formed on a neutral soil, in Lausanne, Switzerland. The President of that Committee is the greatest of Poland's living sons, Henry Sienkiewicz, the writer; its members are all men of high standing, universally respected, representing the three parts of ancient Poland, all united by the one desire to lessen the sufferings of our countrymen without distinction of race, religion, or political opinion.

Unfortunately, though well organized, having its agencies in every part of the country, our Committee could accomplish comparatively little towards the succoring of a whole nation. The funds put in our hands were extremely modest. Poland has nothing more to give, for she is ruined, and the interest and sympathy of other countries are totally absorbed by other worthy causes.

A few Polish Relief Committees have been organized in this country, but however noble are the hearts of the organizers, however great the generosity of their supporters, the means so far collected will relieve but a very limited number of sufferers. And there are millions of families helpless, hungry, sick, succumbing.

In face of such a disaster individual efforts must remain inefficient. Only a great wave of mankind's pity can surmount so immense a wave of human misery.

Only a great, enlightened, generous nation can help effectually our perishing multitudes.

Nobody knows better than I do the kindness and generosity of the American people. Ardent and prompt, warm-hearted, free-handed, they always respond with the enthusiasm of youth to everything that is true, sincere.

Is there anything more true than human pain?

Is there anything more sincere than the cry for help from those who suffer?

In the name of Christian charity, in the name of common humanity, I, therefore, appeal to the great American people. They have already given much to other stricken nations; they may be tired of giving; yet I am certain that there is no soul in this noble country who will condemn me for asking, even before our thirst for liberty is relieved:

Some bread for the Polish women and children!

Some seed for the Polish farmers!

I. J. PADEREWSKI.

A national American relief committee for the civilian population of Poland is being formed and the list of members will soon be published. Mr. F. A. Vanderlip, of the National City Bank, New York City, has most kindly consented to act as honorary treasurer of the Fund. Contributions may be sent to the Polish Victims Relief Fund, care of the National City Bank, New York.

Should anybody feel inclined to give a mite the Citizens National Bank will forward funds to New York.

Bound volumes of the 1915 session laws have been delivered by State Printer Frank M. Lamborn. All laws except those carrying emergency clauses become effective June 10, ninety days after adjournment of the legislative session. The bound volumes have been delivered at an earlier date this year than ever before in the history of the state. Ordinarily the laws have gone into effect before the bound volumes have become available.

REGULAR MEETING OF THE LADIES MUSICAL CLUB

At the regular meeting of the Ladies Musical Club Tuesday afternoon it was voted to raise the money in the club to send Mrs. M. E. Troy, the club president, as a delegate to the State Federation of Women's Clubs, which will convene in Spokane June 8 to 11. This is done in appreciation of Mrs. Troy's faithful service as president and in recognition of the privilege they have had all winter of meeting at her studio and having the use of her beautiful Baby-Grand piano.

The musical clubs of the state have received a great deal of encouragement from the Federation, and a special effort is made to provide exceptionally fine musical numbers for the convention. Mrs. Troy will doubtless return with renewed enthusiasm and inspiration for her clubs, for she will represent the P. A. Reading Club also.

The Musical Club program last Tuesday was devoted to American composers and some very pretty and enjoyable numbers were given. An interesting paper was read by Mrs. Bigelow, a violin solo rendered by Miss Elliott, a piano solo by Miss Wolverton, vocal solo, Miss Gilmore, piano solo, Miss Stoval, vocal solo, Miss Wolverton, with violin obligato by Miss Elliott and several of Nevin's selections by Howard Campbell. The next regular meeting of the club will not be until June 22 as the president will be absent on June 8.

A. R. Kehoe, aged 60 years, died at the General Hospital Saturday morning, May 22nd, after a long illness and suffering of cancer of the throat. Mr. Kehoe for many months roomed in the St. Francis Hotel. He was formerly an employe of the Earles Mill Company, having workhere and in Bellingham for Michael Earles. He was evidently a master at the lumbering business as recommendations were found on his person from cities and towns in Idaho and Washington. The Puget Sound Mills & Timber Co. took charge of the body, when it was found that Mr. Kehoe was without funds. He was buried at Ocean View Cemetery. The Fulmer Undertaking Co. had charge of the funeral.

RHODODENDRON FIELDS IN FULL BLOOM

VALUABLE COATS ARE SLIT DOWN BACK

Friday afternoon last, between the hours of 2 and 5 p. m., two valuable coats, belonging to two well known Angeles girls, were cut down the back with a razor or sharp knife, by some unknown person in the drying room of the Muck Tailoring establishment. Mr. Muck can think of no enemy he has who would do such a deed and has not the least idea who the person is. The clothes were hanging in the drying room in the back of his store. The criminal came down on the beach through the Angeles Pool Hall and climbed up on the rafters under the building. Finger marks and footprints are the only evidences found and the only clue to be had. Mr. Muck offers $60 reward for the conviction of the person who committed the act. The police are working on the mysterious case.

BRANLUND MAKES HIGH RUN OF 61 IN POOL

The tournament pool game of May 14th at the Angeles Pool Hall, resulted in the defeat of Ed Eacrett by E. Branlund, both good cue experts of Angeles fame. Branlund ran 100, Eacrett 82. High run 36. In a practice game a week ago, E. Branlund ran 61 points and in another game 50 points. The last game he played a straight game of 50 point pool. When he had run 50 points he hung up his cue and undoubtedly could have ran 60 or 80.

THE CITY COUNCIL

From page 1

Dr. Bigelow stated that after conference with Postmaster Lewis as to necessity of complete city census for postoffice purposes, certain councilmen had authorized Mrs. Nailor, while taking the school census, to take a complete census of the city, the additional cost to be approximately $25. The action was confirmed.

Mr. Fisher moved that hereafter the office hours of the city officers be 8 to 5, same as the county officers. The clerk protested that the night work put in by him was considered to offset the shorter day hours. The motion carried.

City clerk was directed to notify water company of leak in main at 10th and B streets.

Bridge sign torn off and thrown in Mr. Grierson's yard was ordered replaced by street superintendent.

Mr. Fisher called attention to assessments made against the former government property south of First street for the building of the 8th street bridges, declaring that same was assessed against said property before the present owners obtained same from the government and could therefore not be collected. He moved that tax be cancelled, and certificate of cancellation be filed with county treasurer, thus removing the lien. Council ordered that the city attorney ascertain and report to the council the extent of the tax thus assessed.

An ordinance was offered ostensibly to conform to new state law soon to go into effect, seemingly creating a vacancy in the office of chief of police for cities of Third class and his subordinates, making it the duty of the Mayor to appoint the same. The ordinance was referred.

The Water Company notified council of the installation of a fire plug at Valley and 8th streets.

Permits were issued as follows:

To C. R. Reeves, to blast in block 95.

To City Dye Works, to install 53 gallon gas tank and concrete room.

To W. H. Covert, to build 22x14, on 9th between Lincoln and Chase.

To August Swanson, to build 16-x22 at 10th and Laurel.

To D. M. McIvor, to make repairs at Front and Laurel.

Council adjourned.

THE SUPERIOR COURT

Jos. Werner was brought before the Court charged with selling liquor within a dry unit in the vicinity of the Dungeness Logging Company camp. He pleaded guilty to the charge stating that the men from the camp came to his place and demanded liquor and that sometimes he gave it to them and sometimes accepted pay for same. He wished the sheriff would keep them away. This is Werner's second offense and he was given a fine of $250 and costs.

The case of Mary Holden vs. Gilbert Holden was set for June 2.

The foreclosure cases of A. Zerrener vs. W. Goodwin, et al, were set for the 27th inst. before outside judge. They will be heard June2, as will also the case of Alden Goodwin vs. W. Goodwin, et al. Either Judge Alston or Judge Bell will be here at that time.

The Filion Mill & Timber Co. recovered judgment against Frank Pulice, et al., for lumber furnished in construction of home. The judgment is a lien upon the building. Pulice came here from Victoria, but remained but a short time, hoping to get established in the saloon business here.

New cases:

State vs. George and Robert Priest, illegal sale of liquors at Sequim, released under bonds of $500 and $200.

Wm. G. Nicholson vs. Maria Hutchins, foreclosure.

W. J. Maybury vs. Minna Lange, foreclosure.

W. J. Larkin, et ux, vs. E. W. Merrill, and wife, for $5000 damages for circulating false reports. Motion to quash served for hearing on June 1.

Judge Ralston will be here next Tuesday for the regular term.

Remember Sunday! The Jaffe ball team of Seattle will play two games here. Sunday and Monday. A fast ball team. Everybody come and root. Excursion coming.

It is worth the price of admission alone to see little Miss Ena Fanson in her plaid and kilts dance the Highland Fling at the Flower Show entertainment at the Opera House, June 11.

UNIQUE ATTRACTION, THE JOLLY ENTERTAINERS

The Jolly Entertainers from the Industrial Home Training School are, without a doubt, the most unique musical organization on the road. For nine years this troupe of children have been touring the states in the interest of the Home which has cared for twenty to fifty children during that time. The Home is highly endorsed by all who know of the good work being done there, including Governor Lister of Washington, Ex-Mayor Cotterill of Seattle, B.P.O. ma and Des Moines, and hundreds of other prominent persons and organizations. Aside from the laudable effort the children are making to support themselves, the performances are really worth while. There is nothing amateurish about them as one might think, but vaudeville, musical comedy, minstrel and high class concert numbers are given by these children with an ease and grace which many adult professional performers would envy. There are 24 children in the troupe. They carry their own scenery and the costuming and electrical effects are said to be beautiful. They will be at the Port Angeles Opera House two nights beginning Tuesday, June 1st.

CLARENCE GHERKE RETURNS FROM THE EXPOSITION

On Sunday morning, May 23rd, Clarence Gherke returned home on the Sol Duc from Seattle, where he arrived on one of the Pacific Coast Steamship boats Saturday morning. He reported an uneventful voyage and some bad weather out of Frisco. Mr. Gherke went to California to attend the large meeting of Musicians and was a delegate sent from this city.

Clarence declares that the fair is first rate, but the crowds attending are not very large. The fair cost about $52,000,000, and the management must have a crowd of at least 100,000 a day to make expenses. To date the largest crowd (in six weeks) for a single day, has been 85,000 and on down to as low as 25,000. He states that the weather was bad, and during the time he was there it blew and rained and only one good warm day made its appearance. There are no large crowds on the streets. The exposition managers expect to see much larger crowds towards fall.

The San Diego fair is not doing any business. The crowds go down to Los Angeles from Frisco and then east. They do not make the side-trip to the wonderland of California.

The war might have a lot to do with the success of the fair but bad weather is one cause of the small attendance. The state of Washington can alone rejoice that the sun makes its appearance at least once every day.

Ben and Willis Chambers, Orin Babcock and Mr. Baskins also had driven up some stock expecting to let them feed all summer in the alpine parks at the head of Morse Creek, but reports that some of the cattle had been killed caused them to bring them all back. Mr. Ben Chambers found three of his young heifers, valued at $150, lying dead where they had fallen over a cliff into a canyon and one young animal belonging to Jay Gould was found dead.

This EXTRAORDINARY OFFER

Is the result of an arrangement with the advertising bureau of the Wholesalers and Manufacturers, whereby the funds set aside for general advertising shall be used in this way, and the citizens of this county and vicinity will be directly benefitted. All piano manufacturers and dealers have different ways of advertising, some employ great artists, some use expensive magazine advertising, while others use music teachers to persuade people to buy, paying them commissions. We, however, believe that the best possible advertisement is a satisfied customer.

Remember we are the Factory Agents of High Grade Pianos

and Player Pianos, consisting of the World's Best Makes, the Kohler & Chase, Fischer, Emerson, Winston, Hobart M. Cable, Andrew Kohler, Kohler & Campbell Vose & Sons, Knabe, Shoninger and others. The prices will be marked in plain figures on each piano and sold right in the class where it belongs, at lower prices than the people of this section have ever before had the opportunity to buy, and terms to suit your convenience.

It costs you Nothing to try.

You may be the one to get this beautiful piano free. A little thought and the answers will come to you. We want every home that needs a piano or piano-player to enter this contest.

The judging of the answers will be left entirely to three prominent citizens whose names will be announced later.
