PORT ANGELES OLYMPIC LEADER

WEBSTER PUBLISHING CO., PUBLISHERS. OFFICIAL CITY PAPER

VOL. 31. NO. 44. PORT ANGELES, CLALLAM COUNTY, WASHINGTON. FRIDAY, OCTOBER 29, 1915 $1.50 THE YEAR

ATTORNEY GENERAL INTERESTED IN THAT $1100

PASSED UP TO CITY ATTORNEY

There was just enough spice to break the monotony of a strictly routine session of the city council on Tuesday night. This consisted of the inquiry of the attorney general as to what steps had been taken to return the money paid for right-of-way in Francis street sewer, the final report on said sewer, and recommendation of its acceptance, together with payment therefor, including the $1100 in dispute, the passage of an ordinance for the submission of a bond issue of $30,000, and the promise of a connecting walk between Lincoln street and the school grounds on North side of Fourth street.

The first named was submitted to the council by Treasurer Harley who asked council what had been done in matter of payment further than the $200 returned by the Terminal Land Co. He also enclosed copy of his answer to the Attorney-General in which he states that he has submitted the letter to the council and will report further upon hearing from that body. The Attorney-General's letter follows:

STATE OF WASHINGTON
Office of
ATTORNEY GENERAL
Olympia.
October 19, 1915.

City Treasurer,
Port Angeles, Washington,
Dear Sir:
Subject:
Special Bureau Report upon
Local Improvement District
No. 33, Port Angeles.

Upon the 26th of last July the bureau of inspection and supervision of public offices made a special report upon the acquiring of certain rights of way in lots 7, 8, 9 and 10, block 32, the city of Port Angeles. That report showed that the city council had sought to pay some eleven hundred dollars, the object of such payment being to remunerate one John Cain for a private sewer theretofore constructed by him in the city. This report also shows that you were notified by the bureau not to pay the warrant issued for this right of way.

Kindly advise this office what, if any, action has since been taken by any of the parties involved in this matter, and whether or not any of them have paid in any of this money so that the contractor who advanced the money in the original instance, and to whom the warrant was issued, may be reimbursed.

Yours respectfully,
(Sgd) SCOTT Z. HENDERSON,
Asst. Attorney General.

Upon suggestion of Mr. Fisher letter was referred to city attorney.

City Engineer C. J. Filion reported his final estimate on the Francis street sewer and recommended that the work be accepted. The report shows the total cost to the district $36,805.11, of which amount $9,591.44 is still due contractor Harry Cotton. Filed.

The city engineer also reported his final estimate for the sewers west of Lincoln and south of Fourth, done by Kuppler & Caven. This work is also complete and ready for acceptance. The total cost is $7908, or approximately $30 per lot, besides the connecting costs.

A substitute ordinance for the submission of a bond issue was adopted by the council. It provides that there shall be submitted to the electors of the city at the coming city election in December the question of 1, validating the outstanding warrants issued against the lighting plant, 2, authorizing the issuance of bonds in the sum of $28,000, to take up said warrants, and 3, to authorize the issuance of $2000 additional bonds to assist in the extension and betterment of the system. The idea of the council in submitting this bond issue is to extend the system where found practical to the end that increased revenue will be earned to care for accumulated obligations.

An ordinance was also adopted authorizing the issuance of bonds in payment of improvements in L. I. D. No. 29.

The matter of providing a walk on Fourth street to connect with the new high school building was gratuitously given to the council by Street Superintendent French, who stated that Mr. Pearson, road supervisor, had been instructed by the Commissioners to provide the connection, a very necessary one.

Mr. Fathers, a resident of the district, asked and was given the privilege of putting in a private walk on the south side of Fourth street, for which purpose he may cut an opening through the Lincoln street railing.

The Commercial Club, through Secretary Teck, endorsed the park project as recommended by the Congregational Brotherhood.

Police Judge Davis reported fines collected for October in sum of $78.80.

Tom Olson was allowed to level knoll in street at 4th and A, and to use dirt in leveling his lot.

P. J. Spencer asked for and was granted privilege of erecting a residence to cost $1000, at 5th and Laurel streets.

(Continued on Page 8.)

FIRE DESTROYS THE FREE PRESS

Origin Unknown; Material Fairly Well Insured; May Suspend Publication.

Fire of a mysterious origin in the office of the Free Press, the local Socialist organ, destroyed about all of the equipment, outside of the machinery, at an early hour Wednesday morning. Mrs. Boomer, who has conducted the paper since the death of her husband, Geo. E. Boomer, last spring, was alone in her rooms at the rear of the shop at the time, and being awakened by the crackling of the flames aroused the neighborhood. By the time the firemen were able to reach the place, which is in the residence district, the front end of the building was about all destroyed.

The loss, outside of the building, would probably be in the neighborhood of $2,000; insurance $1,200. C. S. Dale is said to be the heaviest loser of the stockholders owning the paper. Mrs. Boomer, notwithstanding the willingness of the local newspapermen to help her out till she can replace the equipment and again resume publication in her own shop, feels the effort required too great, in her present physical condition, and the paper will probably be discontinued. She wishes to state that she feels grateful to all who assisted her and especially to the firemen, without whose aid she would have lost all her personal property as well as the printing plant.

RALLY MEETING AT COMMERCIAL CLUB ROOMS

Next Monday evening, November 1st, at 8 o'clock a big rally meeting will be held in the Commercial Club rooms. The main speaker of the evening will be the Rev. Theodore Sharpe, who, although having been here but a short time, has taken a vital interest in the welfare of the city. He wants all good citizens to get behind him and push for a bigger, better and bustling city. Dr. Sharpe will talk twenty minutes on the subject, "My Town or Our Town—Which." The Commercial Club rooms will be open to the general public as well as the members. The business men of the town are also cordially invited to attend. Rev. Theodore Sharpe is pastor of the Methodist Episcopal church.

The Olympic-Leader is a good paper.

STANDARD OIL CO. ASKS FOR FRANCHISES

Application has been made to the City Council, by the Standard Oil Company, for a franchise giving the right to install three big oil tanks, with warehouses and other buildings, on lots 9 and 10, block 48, located on Second street next to the trestle roadway, and to rebuild and operate the Brewery wharf, which that company has acquired, on Tumwater street, laying pipe lines to connect with the tanks.

The company, which was represented here Wednesday by R. A. Ballinger, attorney, and John McLean, district sales manager, who paid into the city treasury the $500 required for franchise privileges, proposes to put in a very substantial wharf, as shown by blue prints filed with Clerk Beam. Their form of ordinance, while said to be the same as granted them at Everett, Bellingham and Anacortes recently, was not entirely satisfactory to members of the council and the gentlemen took the papers back to Seattle for revision.

The building of supply tanks will enable the delivery of oil and gas directly from the tankers, which call in every month for papers, and save the expense of frequent trips by supply boats, as is the case at present.

"SCENERY, CLIMATIC AND SOIL CONDITIONS UNSURPASSED"

OPINION OF STATE HORT. COMR.

A meeting of the Board of Directors of the Commercial Club was held Monday afternoon of this week and several important matters were discussed during the course of the proceedings. The report of the Fair was adopted and a vote of thanks extended to the committee, for their untiring effort in making a success of the enterprise.

President Walton appointed three standing committees to the club and announced that the remainder of standing committees would be appointed at a later date. The membership committee, entertainment committee and financial committee were appointed by the president. Officers of the membership committee are: T. T. Aldwell, chairman, C. S. Stakemiller, B. N. Phillips, D. W. Morse, W. S. Brewster; entertainment committee, G. W. Muck, chairman, W. J. Mathewson, H. H. VanBrocklin, Andrew Severyns, Harry B. Stiles; financial committee, B. N. Phillips, chairman, G. M. Lauridsen, R. H. Callarman.

The Fair Committee in its report, recommended to the club the formation of a permanent fair bureau. The Board of Directors then requested the committee to submit plans for the organization of said bureau. Further information on this bureau can be found in the report of the fair committee in this issue.

The best thing accomplished at the fair this year was the judging of the fruit by State Horticulfural Inspector F. N. Rhodes of Seattle. Many comments were made on the judgment used by this man. A communication was received from Mr. Rhodes, addressed to the Commercial Club, and this valuable letter, of interest to all Leader subscribers, follows herewith, in which the writer sets forth many good points for Clallam County fruit growers:

To the Port Angeles Commercial Club, Port Angeles, Wash.,
Gentlemen:

Please allow me to comment lightly on your county fair, just closed, and at which I had the pleasure of acting as judge of the fruit exhibits. I noticed some improvement over last year, both in fruit and vegetables, and wish to say that Clallam county can grow these products in quality and quantity.

In future plantings of apples the varieties should consist of Gravenstein, Wealthy, King, Winter Banana, Grimes Golden and Wagner. Do not be afraid to plant pears, that is, if you would properly take care of them and I would suggest varieties such as Bartlett, Anjou, Comice and Winter Nellis. There are other varieties of apples and pears which are very good, but these varieties are in more demand. The time will come, no doubt, and maybe in a few years, when Western Washington will be called upon to furnish most of the pears from this state. Please bear in mind the fact that so far, Western Washington is practically free from serious pear diseases.

At the present time I do not see why all the fruit grown in Clallam county should not be sold right at home, as the quality is first-class, both for dessert and culinary purposes.

I had the pleasure of a trip to Lake Crescent just recently, and from my two trips to Clallam county, I do not think the scenery, climatic and soil conditions are surpassed, and should draw a great many tourists and farmers to your section.

I also think the Commercial Club, of which Mr. Teck, I believe, is secretary, deserves great credit for their untiring efforts in trying to make the fair a success, and I think they should be backed up to a finish by your farmers and business men.

I hope to have the pleasure of visiting the Clallam county fair again next year.

Yours very truly,
F. N. RHODES.

TWO DEATHS FROM ACCIDENTAL SHOOTING

Carelessness Practically Suicidal; Deeds Married Less Than a Year Ago.

Russell Deeds, a young man living at Bear Creek, near Sappho, accidentally killed himself with a shotgun last Friday afternoon, when crossing the Soleduck river to shoe a horse for a neighbor. As is customary during the grouse season, he carried a gun in addition to his tools, and after landing pulled the gun out of the boat muzzle first, when the hammer caught, discharging the charge in his abdomen. His wife, formerly Miss Clara Oberg, of a pioneer Bear Creek family, became worried when he failed to return and Russell was found lying a few feet up the bank where he had dragged himself while strength lasted. The body was brought to Port Angeles and shipped to South Dakota, where his mother lives.

William Laube, a logger at Blyn, also met his death through the accidental discharge of a gun, last Sunday. In this case he was out hunting and while talking to his companions and tying his shoe lace, the gun, standing on the log between his feet, slipped and the hammer striking, the bullet was fired through his abdomen, inflicting a wound from which he died in about three hours. He had no relatives so far as known.

SKAVDAL'S MILL NOW IN OPERATION

The new Skavdal lumber mill at Joyce, just completed to take the place of the one that burned down a few months ago, starts up this week with a big run ahead, the ranchers having postponed building and making minor improvements until they could get the lumber right at home. It is said there will be a big revival in that line in the Port Crescent country this winter, now that the new roads have brought that farming district within an hour of town.

The Olympic-Leader $1.50 the year.

WEST END PETITIONS FOR PYSHT TO ANGELES ROAD

WILL COST ABOUT $75,000.00

That a petition is being circulated asking for the building of a road from Gettysburg westward to Pysht, some fourteen miles, for the purpose of giving the Merrill-Ring timber company a direct road to Port Angeles, was the news brought to town this week by Mr. Rudisile, mine host of the Clallam Hotel and a prominent man in West End affairs.

Mr. Rudisile stated that the petition is being circulated for the timber company and is, of course, generally signed, such a road being especially desirable to the people of District 3 who must either travel by steamer or make the long detour by way of Lake Crescent. In the present instance he had gone aboard the steamer in the evening to come to Port Angeles, forty miles away, and arrived here at 9:20 the following morning. With the Port Angeles-Joyce automobile highway continued to Pysht, and the rebuilding of the Pysht branch of the Clallam Bay road, to be undertaken this next year, he could have made the trip in a comparatively short time.

Mr. Rudisile was asking the endorsement of the Angeles Commercial Club, it seemingly being believed that it would be necessary to bring all possible pressure to bear upon the commissioners if the object is to be attained. That such a road would be of great advantage to the people of Port Angeles goes without saying. The Merrill-Ring company have had surveys made this past summer preliminary to logging operations on a big scale, and, according to Mr. Rudisile, have already let a contract for construction of five miles of standard roadbed. They will employ 250 to 300 men. The new road would also make the Goodyear camp at Clallam Bay, where 100 men have been employed this year, tributary to Angeles.

At least 16 and possibly 18 miles of entirely new road would be required, in addition to building from Joyce to Gettysburg, which is included in next year's program. $4,000 the mile would be a conservative estimate, the entire road costing not less than $75,000. Just how it is to be built, within any reasonable length of time, and without a bond issue, is going to be something of a problem; it becomes evident that our bond issue should have been $400,000 or $450,000 instead of $300,000 in order to have given relief to all sections of the West End.

Commissioner Hansen, in whose district the new road would lie, has always been emphatic in stating that the Merrill-Ring company is entitled to anything they may want, not only by virtue of being the heaviest taxpayers in the county, but because they believe in improvement and advancement. In the suit against the county, recently heard in Seattle, they were not only on the side of the county but went on the stand and testified that they believed the Clallam county assessment to be equitable and just. Should they desire the building of a road east from Pysht, their simple request would be sufficient to get the work started and completed as soon as available funds would permit. A copy of the petition has not yet been filed with the Auditor and the county officials are in the dark as to the exact nature thereof.

E. J. WALTON, MAYORALTY CANDIDATE, SUCCESSFUL BUSINESS MAN

Competent business management of city affairs is essential to the welfare of Port Angeles.

Just at this time, following the expenditure of half a million dollars in local public improvements, experienced business ability is more than ever before necessary.

Tremendous problems of economic and vital importance to the present and future welfare of the city must be wisely solved by the city government in the coming year. This will be the duty of the incoming mayor and city councilmen.

While it is true that this important duty devolves mostly upon the city council, the status and power of the mayor are such as to afford him large influence in shaping the final decisions and policy of the city, and if he be a trained business man with large experience in the successful management of private business, his judgment is bound to have a guiding position in the management of city affairs.

This city is highly fortunate in having such a man available for the office of chief executive in the person of Mr. E. J. Walton, an exemplary citizen in every respect, who has been induced to allow his name to be used as a candidate for mayor.

Mr. Walton is not only an experienced and successful business man of the highest character, but also he is free from political entanglements or alliances of all kinds, a member of no set, clique or faction, and therefore would decide all questions of interest to the city strictly upon their merits as business propositions.

Mr. Walton, if elected, would assume the duties of the office without having promised any appointment or offered any pledge to any person or corporation. His ideal is to help conduct a city government upon sound business principles alone, realizing that in that way alone the best interests of the people and property owners can best be served.

With entire confidence in his business ability and judgment, as well as in his blameless character and rugged integrity, we believe that the thoughtful people of this community will not fail to improve the opportunity and duty of voting for E. J. Walton for mayor at the coming primaries and election.

MRS. MARY PETERSON, PORT ANGELES PIONEER, PASSED SUDDENLY AWAY

Mrs. Mary Dawes Peterson passed away very suddenly Monday evening at the home of her daughter, Mrs. Del Church, where she was spending the evening. She was apparently enjoying better health than usual when she was taken wholly without warning. Mrs. Peterson had been a resident of Port Angeles for the past 25 years. She was born in Iowa in 1858 and was married to John Peterson at Hartford, S. Dak., in 1878. Seven children were born to them, six girls and one boy: Mrs. Robert Short of Victoria, Mrs. Wm. Germaine of Vancouver, Mrs. Del Church, Mrs. Wm. Morrisy, Mrs. Roscoe Garvin, Miss Eda Peterson, a member of the Junior class in Angeles high, and Delmar Peterson, a boy of fourteen. Mr. Peterson died about eight years ago.

Funeral services were held at the Fulmer chapel Thursday afternoon, Rev. Otto Gerbich officiating; the Degree of Honor took charge at the grave. Beautiful floral pieces were sent by St. Margaret's Guild, the Junior Class of the high school, and the Progressive Whist Club, as well as by other friends of Mrs. Peterson and the family.

IOWA MEETING NOVEMBER 5TH

The Iowa Association are arranging a pleasing program for their meeting at the H. S. Auditorium Friday evening, November 5th. All Iowans are urged to be present and become charter members.

Better read ordinance No. 519 on page 7, this issue, if you would be posted in the three-part proposition of validating and funding electric light warrants, which is to be voted upon at the city election in December.

ACTIVITIES OF THE STATE'S DEPARTMENTS

Series of State Parks Now Planned for State Highways

Olympia, October 27.—Plans for the establishment of a series of state parks, conveniently located at natural beauty spots along the routes of the state highways, and to be maintained as part of the state highway system, have been announced by Governor Ernest Lister.

The first park, containing 25 acres of shore and woodland, six miles south of Bellingham, on the Waterfront road section of the Pacific highway, already has been deeded to the state by the Charles X. Larrabee estate, carrying out the wishes of the dead Bellingham capitalist. Governor Lister conceived the highway park plan soon after assuming office and found Mr. Larrabee anxious to aid the movement by deeding a piece of property among the most advantageously situated in the state. His death a year ago temporarily halted the plan for taking this property over, but Mrs. Larrabee and the other administrators of the estate have complied with the desires of the late timber owner.

Six months ago instructions were issued to all highway engineers to secure complete data in regard to locations along the roads to which they were assigned, which might advantageously be used for park purposes. More than 50 natural park locations already have been mapped, and Governor Lister now is asking owners, timber companies or large individual land owners in many instances, whether they will donate these tracts to the state. Already he has assurances from several owners that such donations will be made.

The governor's plans include no elaborate improvements that would call for considerable expenditures, it being suggested that the park sites, when conveniently located, may be used as headquarters by men assigned to maintenance work on that section of the highway, and the maintenance of the park carried on in connection with the highway.

Governor Lister believes that if the natural beauty spots along the highway routes are to be obtained and conserved for future use, it must be done at the present time, before advancing values make such acquisition expensive and before logging operations denude the forests.

"Northwest Differential" May Be Eliminated in Near Future

Chairman C. A. Reynolds and Commissioner Arthur A. Lewis of the public service commission, returning this week from San Francisco, where they attended the meeting of the national association of railway commissioners, are hopeful that the "northwest differential" which for years has resulted in keeping eastern tourists away from Washington, may be eliminated soon. Under this differential, tourists desiring to make their trip to or from California by way of the Northwest, are charged a differential amounting to from $17.50 to $25 in excess fare, above the cost of the trip by the extreme southern route, although this route is 250 miles longer than the northwestern route.

Commissioner Judson C. Clements of the interstate commerce commission promised that this body would give careful consideration to the petition of the Washington commission on this question.

Industrial Accidents Cause Time Loss of 7,359 Work Years

Industrial accidents in the state of Washington during the last year caused a time-loss of 7,359 work years. Although this figure is tremendous, it represents a marked decrease from the accident results of the previous year, which caused aggregate time-losses of 12,912 work years. During the last year there were less accidents and the percentage of fatal accidents was less.

Labor Commissioner E. W. Olson And Corps Given Due Credit

During the first year under the industrial insurance act, accidents attributed to lack of safeguarding comprised 6.4 per cent of the total number. During the last year, such accidents comprised only 1.3 per cent of the total number. The industrial insurance commission gives Labor Commissioner E. W. Olson and his corps of factory inspectors credit for this reduction.

Wages Dropped One Cent

Statistics of the industrial insurance commission show that the average wage of all workmen injured during the past year was $2.93. For the previous year the average wage of all injured was $2.94, by the same method of calculation.

Death of Judge Herman D. Crow Causes General Mourning in State

The death last Friday of Judge Herman D. Crow of the supreme court caused general mourning in Olympia and throughout the state. Governor Lister summed the general feeling in stating: "In the death of Justice Crow our supreme court has lost the services of an able jurist and the state one of its best citizens," adding: "A close friendship covering many years causes me to feel in his death a deep personal loss."

Judge Crow was 64 years of age and had served on the supreme court nearly 11 years, having been appointed by former Governor Mead early in 1905 and being elected three separate times, serving during 1913 and 1914 as chief justice and as such administering the oath of office to Governor Lister. Prior to his elevation to the bench he had been state senator from Spokane county for six years and was four years a regent of Washington state college.

Ernest O. Holland Appointed President of State College

Washington state college regents have announced the appointment of Ernest O. Holland, superintendent of schools of Louisville, Ky., as president of the college, succeeding Dr. Enoch A. Bryan, who a year ago submitted his resignation to become effective January 1, 1915. President Henry Suzzallo of the University of Washington, who has had intimate knowledge of the work of the state college president-elect, lauds him as one of the most earnest and brilliant of the new generation of educators, and it is apparent that in future relations between the two state institutions will be close and that the college and university will work in cooperation rather than in competition.

Of 338 delinquent liquor dealers, given one week of grace by county prosecutors before being prosecuted for failure to take out state liquor licenses, 150 have avoided the penalty by paying the $25 fee to the state tax commission. Warrants now are being sworn out against the remaining delinquents.

European War Indirectly Cost the State $85,000, Says Board

Statistics compiled by the state board of control indicate that in the last year the European war indirectly cost the state $85,000, in increased prices paid for commodities, principally food. Prices were found most sharply advanced soon after the declaration of hostilities, when the September, 1914, semi-annual purchases were made. Prices were reduced somewhat when March, 1915, supplies were purchased, and had declined approximately to normal when purchases were made in September, 1915, for the current six months period.

Board of Control Appoints Woman to Head of Blind School

The board of control has announced the appointment of Mrs. Sadie E. Hall as acting superintendent of the state school for blind. Mrs. Hall is the widow of Dr. W. B. Hall, former superintendent, who fell dead at the school last week. She had been associated with her husband in educational work with the blind both at Vancouver and in Kansas, where Dr. Hall was superintendent of the blind school for that state. Mrs. Hall is the second woman to be superintendent of a state institution, Miss Mary Campbell, superintendent of the school for girls at Grand Mound, being the first appointed.

Declaring that adverse comments on Washington exhibits at the exposition evidently were inspired from political motives, Commissioner Lewis said:

"The exhibits of Washington rank high as compared with the displays from other state, with the exception, of course, of California, which has a mammoth building with exhibits from all counties. We frequently heard that California, Washington and Oregon have the best displays of any states. I think the Washington building is the handsomest in architectural design and setting of eny of the state buildings. Our horticultural and agricultural displays are superior to exhibits of the kind from other states. The fisheries exhibit attracted numerous visitors. On each of my two visits to this exhibit large crowds were congregated viewing the process of propagation of young salmon, from the spawn to the little fishes."

Ordinance No. 518

An Ordinance authorizing the issuance and sale of Local Improvement bonds to pay the cost and expense for the improvement made under Resolution No. "29" and ordered by Ordinance No. 489, entitled "An Ordinance ordering the construction of a lateral or subsewer on Front Street from the westerly line of Vine Street to Lincoln Street in the City of Port Angeles and to connect with the trunk sewer at Lincoln Street and to do such other work as may be necessary in connection therewith and to provide that the cost and expense of said sewer shall be borne by and assessed against the property included in the assessment district hereinafter created and to provide for the mode of payment by bonds," approved March 23, 1915, fixing the amount and rate of interest thereon and providing for the sale and disposal of the same.

The City Council of the City of Port Angeles do ordain as follows:

Section 1: That the Mayor and City Clerk be and they are hereby authorized and directed to issue Local Improvement bonds upon the property assessed in Local Improvement District No. 29, created by Ordinance No. 489, approved March 23, 1915, according to the law and ordinances in such cases made and provided in the sum of One Thousand Three Hundred and Sixty-three and 16-100 ($1363.16) dollars.

Section 2: That the form and mode of execution of such bonds shall be as prescribed by law and ordinances of the city of Port Angeles, applicable thereto, and when issued and executed by the Mayor and City Clerk with the seal of the City affixed by the Clerk, shall be deposited with the City Treasurer and be by him delivered to the purchasers thereof upon receipt for the amount of their par value.

Section 3: That the Mayor, City Clerk and City Attorney are authorized to negotiate the sale of said bonds.

Section 4: That said bonds shall be made payable on or before twelve (12) years from the date thereof, in ten (10) equal annual installments and shall bear interest at the rate of seven (7) per cent per annum, payable annually, said bonds to be issued in denominations each of One Hundred Dollars ($100), excepting Bond No. 1, if a fraction of less than One Hundred Dollars, shall be issued for such fractional amount, viz: of Sixty-three and 16-100 ($63.16) dollars; each of such bonds shall have attached thereto interest coupons for each interest payment and each bond shall be numbered from one (1) upwards, consecutively, and signed by the Mayor and City Clerk, or have printed thereon in lieu of their signatures, a fac-simile of the signatures of the Mayor and Clerk; and the Clerk shall affix the seal of the City to each of said bonds and they shall refer to the improvement for which the same shall be issued, and to the ordinance ordering the same; each bond shall, provided that the principal sum therein named and the interest thereon, shall be payable out of the local improvement special fund created for the payment of the cost and expense of said improvement, and not otherwise.

Section 5: Said bonds, or any part thereof, may be sold to the contractor, constructing said improvement, in payment thereof, or sold to any other purchaser or purchasers for cash, at not less than their par value and accrued interest, and the proceeds thereof shall be applied to the payment of the cost and expense of said improvement.

Section 6: Said bonds shall not be issued in any amount in excess of the cost and expense of said improvement.

Section 7: The date of issuance of said bonds hereinbefore named, may be fixed by resolution of the City Council.

Section 8: This ordinance shall take effect and be in force from and after five days after its lawful publication.

HORACE WHITE,
Mayor.

Attest: J. L. BEAM,
City Clerk.

J. P. Christensen. Plaintiff, vs. Edward Ensel, Defendant.

To Edward Ensel, Defendant.

You are hereby summoned to appear within 60 days after the date of the first publication of this Summons, exclusive of said first date of publication, to-wit, within 60 days after the 22nd day of October, 1915, and defend the above entitled action, in the Court aforesaid and answer the complaint of the plaintiff and serve a copy of your answer upon the undersigned attorney for plaintiff at his office below stated and in case of your failure so to do, judgment will be taken against you according to the demand of the Plaintiff's complaint which is on file in the office of the Clerk of the Court. The purpose of this action is to foreclose that certain mortgage, dated the 13th day of August, 1913, signed by Edward Ensel and made in favor of J. P. Christensen, which mortgage was filed for record on the 10th day of September, 1913, and recorded in Volume 20 of Mortgages, page 584 of the records of Clallam county, covering the North Half (N½) of the Southwest Quarter (SW¼) of the Southeast Quarter (SE¼) of Section 13, Township 30 North, Range 6 West, Willamette Meridian, located and being in Clallam county, Washington, in which county said action is brought.

T. F. TRUMBULL, and
ANDREW SEVERYNS,
Attorneys for Plaintiff.

Office and Post Office Address, 16 Aldwell Block, Port Angeles, Wash.

SUMMONS FOR PUBLICATION

In the Superior Court of the State of Washington, in and for the County of Clallam.

B. E. Tilden, Plaintiff, vs. Nellie A. Glasford, Defendant.

The State of Washington, to Nellie A. Glasford, Defendant.

You are hereby summoned to appear within sixty days after the date of the first publication of this summons, to-wit: within sixty days after the 24th day of September, 1915, exclusive of said date, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorneys for the plaintiff at their office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which has been filed with the Clerk of said Court. The purpose of this action is to foreclose that certain Mortgage given by the above named defendant to the above named plaintiff and covering the following described real estate situated and being in Clallam county, State of Washington, to-wit:

The North Half (N½) of the Southwest Quarter (SW¼) and the Southwest Quarter (SW¼) of the Northwest Quarter (NW¼) in Section Twenty-two (22), Township Thirty (30), North of Range Five (5), West Willamette Meridian.

T. F. TRUMBULL,
ANDREW SEVERYNS,
Attorneys for Plaintiff.

PORT ANGELES, WASH. ALDWELL BLOCK

"Little Visits" No. 3

Dr. Theodore Sharpe.

The writer of these little visits is becoming quite in love with his pilgrimages here and there in the beautiful city of Port Angeles. If the good people of Port Angeles do not tire of them I have sufficient material already to make many more of these little journeys. Scores of people have told me that they enjoy them and so I am already more than paid for what little time and effort I have spent.

Well I must hurry on and tell of my visit to the Commercial Club of Port Angeles.

It was during the busy days of the Clallam County Fair when I first made the acquaintance of that absolutely essential institution called the Commercial Club of Port Angeles.

My first impressions of the city were good and I know they will be lasting. As I walked the streets that first morning of my residence I was deeply impressed, not so much with what I saw in actuality but what I saw in possibility. And yet I saw much that stirred me and moved me mightily. I am one who sees things differently from most folks. I have tried to see the things that many folks have never tried to see. My first impression was, that here is a city where law and order are held in the highest respect by the officials and citizens. I felt this rather than reasoned it by any process of logic. I was delighted to observe the natty and well groomed uniforms of the police. I like to see the city policemen well dressed and possessing the appearance of the military man.

I saw so many more things that first morning that time will not allow me to say another word concerning them just now. My conclusion of that first walk was something like this: Port Angeles must have a hustling and modern Commercial Club and I will visit it just as soon as possible.

It was the first day of the Fair when I dropped into the Club rooms on Front street. What do you think I ran into. I tho't the only inhabitant would be the secretary but instead I was confronted by a bunch of fine looking young men whom I soon discovered was the Fair committee of the Club. But before I tell you who they were, and what other things I saw, and the things I did not see, I must side-track my little journey a little and talk of the reason and the necessity why any modern and growing western city like Port Angeles must have the very best Commercial Club that it is possible to organize and maintain.

The existence of such an institution is based upon an absolute law of necessity. The same law of conquest under which the wild hordes of nature have been conquered and possessed by man for his benefit and pleasure and profit must underly the work and spirit of these new places and this spirit and work solidifies itself in that visible organization known as the Commercial Club. It is not optional if that city is to grow but it is a stern demand of life and progress.

I have talked to folks who looked upon such an institution as a luxury for the rich man or the business man. That idea must be strangled at once and buried forever in the graveyard of mistaken ideas. The Commercial Club does not represent any class of people, any political idea or party, any social clique or caste, any money concern or any corporation, individual or collective. It is not a ring of men who wish to control the civic and municipal matters of city or village. Its doors are open to all citizens and people who will abide by its laws and rulings; and all organizations must have laws and financial support. This law applies even to running a peanut stand.

The Commercial Club represents the whole community. In fact it is the community spirit symbolized, visualized and organized into a body of men who individually themselves possess this spirit of community service. The interest of every person in that community is or should be protected by this association of men as far as those interests do not conflict with the interest of the community as a whole. It is the guardian spirit of progress, of development, of mutual cooperation, of fraternal benevolence. It is the "Big Brother" of the little folks who need a helping hand until they can stand alone in the keen competition of life.

The Commercial Club is the publicity department of the city. I know that many a western city has been made because that city possessed a commercial club which brought the city in touch with all the outside world. How can the East know about the West unless it be advertised. The City Council cannot do that work. It is official and must follow lines laid down by law and custom. The Commercial Club is the only institution or organization that can properly do such work.

I could present a hundred more reasons why every city like Port Angeles should possess the most thriving and modern commercial club and why it is absolutely necessary that it should have the active cooperation and the sympathy of every man or woman who is personally interested in it. I wish all could see the lesson which this modern world is beginning to learn and that lesson is this: The more we do for our community the more we do for ourselves. That may seem a paradox to many folks but a hundred of the leading business men of the country have proven it is true. I can prove it true with facts which I have gathered from every walk of industrial life during four years of careful study and observation.

This law of community spirit is true even from selfish standpoint. Even if a man does not possess this spirit but if he follows it as a business law for success he will soon readily arrive at the most conclusive conclusion that a business man can be given increased profits in his business and a kinder feeling in his fellow men.

Now I must make a preachment again. I wish that every business man, every citizen interested in the welfare of this glorious city might become a member of this Commercial Club. If things do not suit you now, just come along and help them fix things up. I know that the officials of that organization will be delighted to have any kind of suggestions from any one. They have even been interested in this Methodist preacher. What do you think of that and I am only here a month.

I have heard some objection to the fact that dues are to be paid. I think I have handled that sufficiently. I have no doubt that if the membership would be doubled or trebled that the membership fee would be made a small matter to the individual and a large matter to the organization.

People are asking me why I am so interested in Port Angeles. This is the reason if you please. I know from experience that the building up of the city as a whole community will build up the Methodist Episcopal church, which I represent and of which I am the pastor. If I forget the community and put all my time and thought and work on the church then the growth of the church will be abnormal for I have developed a part of the life of the community at the expense of the whole. That is neither true science nor experience of success. As we develop the whole life each and every part of that life will make the corresponding growth. I am not interested in my church less but in the community as much.

That is what the Commercial Club of Port Angeles must stand for. It must develop every part and particle of each and every phase of life which makes for the uplift in every way for the prosperity, happiness and health of the whole city.

I can see even now where the Commercial Club with the proper support and sympathy of this city can wonderfully increase its usefulness to this city. The lack of cooperation will handicap any institution and we must not criticise when we are not giving our best to help and further any good cause.

From my short experience with these active men who have taken the interests of this city upon their time and hearts I can truly say that I find them very unselfish men indeed. I am not saying that they have never made any mistakes nor will I guarantee that they will not make any in the future. All men who do things make mistakes. Show me a man who has never made a mistake and I will show you a man who has never made a success of anything, not even himself, notwithstanding, he may be thinking quite the contrary.

If we are looking for officials and men who make no errors we are in the wrong country. Let us give all men credit for being honest in their efforts to administer our affairs when we cannot do so ourselves.

I have great faith in the people of Port Angeles. I know they will rally to the support of this wide awake bunch of men who are doing their best for all interests of their city and our city.

Now, I must close. I have not time to do what I set out to do, which was, to tell of my impressions of my first visit to the rooms of the Commercial Club. Next week, I hope to resume and finish this little visit if I am not waylaid and violently maltreated by some of my friends who might want to save themselves from having to undergo the affliction of having to listen to another similar "Little Visit."

Methodist Parsonage.
6th and Chase.

HITCHING UP TO MORE THAN YOU CAN PULL

Somewhere in New England there lives a farmer who trains oxen to draw heavy loads. He is an artist at training oxen to draw heavy loads, and the oxen he trains usually take first prize in the pulling contests at the county fairs. He claims to have a secret process, but it is simply a logical plan for developing pulling strength. While young he hitches the oxen to a light sled, which they can draw with ease. The load is increased as they get accustomed to dragging the sled, but until they are two years old he doesn't work, but just exercises them. When they are two years old he exercises them every day. Once a day he hitches them to a heavy stone in the barnyard and lets them drag it a few feet. Heavier stones are used and longer pulls allowed as they become stronger, and the peculiar fact is, he never hitches them to something he knows they can't drag and they expect to move whatever he hitches them to. He never overloads'

There's a whole lot of common sense in this farmer's ox-training process that applies to human beings. Business failures are due in the main to attempting too much; in hitching up to something you can't pull; in acquiring a load of debt that is staggering; in living beyond one's means; in overbuying, overtrading, overtrusting.

Thirty per cent of the business failures are due to lack of capital, which, in other words, simply means that a little man has hitched himself to a big proposition.

What every man needs to learn, is to properly gauge his strength. Thrift is good management. It is not only a matter of saving money but spending it wisely, advantageously, looking ahead, being satisfied with modest things until you can afford more expensive ones.

To develop the ability to draw heavy loads is slow, steady process. It takes patience and training. While the lives of some great men remind us that we can make money by taking chances, you can lose it in the same way. Tackle big problems, undertake big things, but let there be first the slow, patient training that develops strength and reserve energy, just as the farmer develops the strength of his oxen by years of patient dragging of stones in the barnyard. Few men can make one dollar do the work of two, and you had better not try. Better get the two first, and only hitch up to the thing you know you can drag, for it may drag you.

OUR COUNTY CORRESPONDENTS

LINCOLN HEIGHTS

Fine showery weather we are having. How we would have enjoyed some of these showers two months ago.

An epidemic of colds and sore throats is now prevailing which is not surprising when school children are permitted to sit out in the rain, on the ground or wet boards while eating their noon lunch.

Mr. and Mrs. Ester returned home from Seattle or vicinity where they were visiting friends. They were accompanied home by Mr. Detwiller, a brother-in-law of Mr. Ester's.

Mrs. Laura LaFlower returned from Seattle Sunday morning where she had been transacting business.

The families of Charley Harding, E. B. Fleming and Ernest Harding surprised the A. H. Hall family at Mt. Pleasant Sunday. As is customary with surprise parties they took their eatables with them. Judging by the number of people who visit there it must be a good place to go.

E. B. Fleming has been quite busy the last two weeks moving people from one place to another in town and digging his fine potatoes.

One of the school boys unfortunately was hurt in a game of football Monday. Charley Harding took him to his parents home near Earles mill and the word came Tuesday that one bone in his leg was broken. Could not some inventive genius evolve a game fully as interesting and less dangerous?

Clare Fleming called to see his grand parents Sunday evening, while his chum was visiting his best girl.

The W. C. T. U. meeting Thursday was not as well attended as it should have been. Only those who heard Mrs. Burkholder's paper can know what the absent missed.

Mrs. N. L. Harding went to Seattle Wednesday to visit her son Joe and wife.

MT. PLEASANT

Mr. and Mrs. Chas. Lucas of Angeles were visitors to their ranch Thursday.

Mrs. Adolph Schultz of Angeles arrived Tuesday to visit with her mother, Mrs. Dietsch.

Mrs. A. L. Byers visited with her daughter Mrs. Chas. Herman, returning home Thursday.

Mr. and Mrs. Oscar McLaughlin of Angeles visited with their son, Clarence McLaughlin, Saturday.

Those parties in Mt. Pleasant who had cattle in the hills had them bro't down last Wednesday; they all looked fine.

Frank Dilling of Angeles is making daily trips to Mt. Pleasant this week, he is hauling lumber from Angeles for buildings which he will build on his ranch.

Born to Mr. and Mrs. Otto Conoway, Friday, October 22, a son.

Mrs. Jessie Babcock of Eden Valley arrived Wednesday at the Eacrett home for a few days visit.

J. W. Boyd was reminded very emphatically Saturday evening, that it was his birthday, when he was surprised by a number of his neighbors and relatives, who came from Angeles for the occasion. A very pleasant time was passed, and a delicious lunch was served and at a late hour the guests all departed wishing Mr. Boyd many happy returns of the day.

Mrs. Chas. Herman and sons, who was visiting with her parents, Mr. and Mrs. A. L. Byers, returned home Sunday with Mr. Herman, who spent the day at the Byers' home.

Louis Buchman returned last week from San Francisco, where he had a delightful time visiting the Fair and old acquaintances.

Lee Boyd and family, Orson Boyd, Miss Kitty Carlson and Ed Boyd and family visited Sunday with relatives in this vicinity; they also took in the party Saturday night at the J. W. Boyd home.

Mr. S. S. Mullen of Bellingham arrived Friday morning to visit at the C. N. McLaughlin home, where his wife has been visiting the past two weeks.

Mr. and Mrs. Hall and family were very happily surprised Sunday by their relatives who came from Angeles, unannounced, laden with all the good things to satisfy the inner man. Those present were Mr. and Mrs. E. B. Fleming and children, Mrs. L. Harding, C. D. Harding and family, Ernest Harding and family and Clare Fleming.

A number of Mt. Pleasantites attended the lecture in Angeles Monday evening and felt they were well repaid for their trip.

Mr. Sweet closed school Wednesday afternoon and left for Seattle to attend the State Teachers' Association. The pupils of the school gave an entertainment just before the school closed, which was very good, considering the time spent on it.

AGNEW'S CROSSING

The railroad crew of about 15 men, which has been working here since the middle of the summer and boarding with Mrs. Heuhslein, completed their work Saturday and have moved away.

Mr. and Mrs. A. H. Thompson were out at the Troy place Monday.

The Misses Harbaugh were visitors at the Wooding home a couple of days last week.

Miss Carrie Solf has returned to her home in Angeles after staying with Mrs. Heuhslein since last July.

Mr. and Mrs. Chas. Lehman and the boys have gone to Angeles where they will visit a while before going to Seattle.

Paul Thorp is home from his visit in Seattle.

Mr. Hazlett spent a few days out at his place last week.

Big sale of flour at P. A. Com. Co. Saturday and next week.

BLYN

Mrs. Edwin Severn has been quite ill this week.

Mrs. Vito Maroldo arrived Monday from Port Townsend to visit her daughter, Mrs. A. A. Zaccardo.

Fred Craig is putting a cement foundation under his house and making other repairs.

E. M. Severn has purchased a new Dodge car.

A. A. Zaccardo and Frank Leonard motored down to Sequim Thursday to transact business.

Mrs. Charles Lambert returned home Saturday morning from Seattle where she has been visiting her parents.

Messrs. Keeler, Mortland and Noble were in town from Sequim Thursday looking up the prospects for installing an electric plant here.

Mr. and Mrs. Joseph Reposa spent the week-end in Port Angeles. Sunday morning their baby was christened at the Catholic church.

Mrs. Babb returned Sunday from a visit at Port Angeles.

William Laabes, familiarly known as "Bill," went hunting Sunday on the east shore of Washington Harbor. He accidently shot himself in the stomach and died on the beach about 3 p. m., before a doctor could be obtained. The corpse was taken in an ambulance Sunday night to Port Angeles for interment.

Mesdames South and Beamer spent the week-end in Port Angeles.

A. A. Maroldo left Monday for Port Townsend to visit his father and brother.

School closed Tuesday night for the week and Mr. Cook left Wednesday for Seattle to attend the Washington Educational Association.

GAVE PLEASURE TO ALL

The first number of the Lyceum Lecture course was given at the H. S. Auditorium Monday evening to a large and appreciative audience. Before introducing Ralph Parlette, the lecturer for the evening, Superintendent White introduced Miss Reed, the music and art instructor in the city schools, who delighted the audience with a vocal solo, Mrs. C. P. Brown acting as her accompanist. Mr. Parlette's subject was "The University of Hard Knocks," and he handled it in a very unique and interesting manner. Though a very serious subject, his peculiar style of presenting it kept his audience convulsed with laughter a good share of the time. He certainly left much food for tho't and consideration with the audience as well as entertaining them.

Mrs. Susan Phelps very happily surprised her son Mr. Hugh Phelps, last Friday evening by inviting in a few Shriner friends to spend the evening. The guests numbered Mr. and Mrs. C. P. Brown, Mr. and Mrs. R. D. Willson and Mr. and Mrs. O. A. Pettitt. At 9:30 they repaired to the dining room where an elaborate repart of several courses was served. Mrs. Brown entertained during the evening with a number of selections on the piano.

Mrs. Henry Shaver returned the last of the week from Seattle where she was called a couple of weeks ago on account of a serious accident to her brother, which proved fatal. Mrs. Shaver's mother returned with her and will make her home with her daughter for the winter.

The new show case, which W. S. Clark of the Port Angeles Furniture Factory has made for Alf Davis' shoe store is a fine piece of workmanship. A number of our business men have realized that it is not necessary to send out of town for special factory made goods and are putting in the home product.

The Public Library Association will give a whist tournament in the Opera House on Friday, November 12th for the benefit of library. List of prizes in next week's paper.

The best for your money is what you will get if you buy your winter underwear of Stakemiller. We carry both the union and two-piece suits. Get our prices.

Hair ribbons at Brewster & Co's.

All brands of high-grade Cigars and Tobacco at the Brunswick Pool Hall. We are also agents for the Angeles Steam Laundry. Leave bundles here.

THREE Deliveries Daily to all parts of the city.

OLYMPIC CASH GROCERY

CITY AND PERSONAL

Mrs. David Craig is visiting with friends in Seattle, having gone up last week.

The Silent Club was pleasantly entertained by Mrs. Walter Mack Clark Thursday afternoon.

Mrs. Julius Kirschberg entertained a small company of ladies at Auction bridge Wednesday afternoon.

Mrs. C. P. Brown and Mrs. E. F. Gierin are entertaining a large company of ladies at Auction bridge this afternoon at the home of Mrs Brown.

Mrs. Thos. Geisness and children accompanied Mr. Geisness to Seattle Wednesday to attend the Washington Educational Association, which is in session there this week.

The Ladies Aid Society of the Congregational church will hold a tea at the church next Wednesday afternoon November 3rd, from three till five. All friends cordially invited.

Mrs. Peary returned to Angeles on Friday after a month's absence in Vancouver. After attending to some of her business interests here she will return to Vancouver for the winter.

Word from Mr. and Mrs. W. B. Webster tells of their safe but very rough voyage to San Francisco, where they stopped long enough to view the exposition and then went on to Los Angeles.

Mrs. Lillie Winters, who has been ill at the General hospital for the past three weeks, is greatly improved and will return home next week. Her birthday was yesterday and she was given a post card shower by her friends of the Eastern Star Chapter.

Mrs. E. A. Prickett left last Thursday for Riverside, California, to spend the winter, hoping the warmer climate would prove beneficial to her health. She was given a farewell surprise party by members of the Rebekah Lodge the evening before her departure.

Sunday's P.-I. contained a picture of Mr. P. K. Hillstrom, a brother of Mrs. Ovington, who gave a concert at the Unitarian church in Seattle Tuesday evening. Mr. Hillstrom possesses a fine baritone voice and is studying under one of Seattle's leading vocalists.

School closed Wednesday noon for the remainder of the week as the teachers all went to Seattle to attend the Educational Association. Some of the best educators of this country will address the different meetings and there will be a large attendance from all parts of the state.

The elopement of Penfield Peabody, son of Chairman Peabody of the board of directors of the Puget Sound Navigation Company, and Miss Martha Stewart of Seattle is of interest to the friends of young Peabody in Angeles where he worked at the Earles mill until a few days before his elopement. His parents objected to his marrying on account of youth.

Follow the crowds to the flour sale at the P. A. Com. Co.

Keep your eye on the display window of Schaible & Hutchinson; each week you will find an entire change of program.

Say, but they sure have some nifty watch fobs, both ladies' and gent's, in the display window of Schaible & Hutchinson. It wouldn't be a bad idea to select one now for a Christmas gift.

There was a large attendance at the social session of the Eastern Star Chapter last Saturday evening. A short program, consisting of musical selections by Howard Campbell, a reading by Mrs. Jessie Webster and the reading of some very amusing letters and poetry by Prof. Geisness. All who cared to then played whist for an hour when light refreshments were served. The evening was pronounced a very pleasant and successful one and these social sessions will be held once a month the remainder of the year.

The Pythian Sisters met in regular session Wednesday evening. After the usual routine of business all enjoyed the bounteous luncheon. The pumpkin pies, jack o' lanterns, witches and black cats reminded one that Halloween was hovering near. Plans were made for a whist party and supper in the near future.

Mrs. T. T. Aldwell received a message Wednesday telling of the sudden death of her mother, Mrs. Joseph Wolfe at her home in California. Mrs. Aldwell just arrived in Seattle last week from a visit to her mother and was remaining in Seattle with her sister until Mr. Aldwell returned from the East. It is thought she will leave atonce for San Francisco.

One of the pretty social functions of the week was the card party given Tuesday afternoon by Mrs. C. I. Haswell. The rooms were very attractive in their artistic decorations of autumn leaves and flowers. Mrs. J. C. Delabarre received the favor for the highest score and Mrs. H. H. Butler was awarded the consolation.

The Catholic Social Club will give another whist tournament in a series of four games, the first one starting Wednesday, November 10. Many desirable prizes will be given away. Everyone invited. 25 cents admission.

Mrs. John Hensen, who has been visiting here wih her son, Fred Hensen, and family, went up to Seattle this week to spend a few final days with her daughter before she leaves for her home in Douglas, Alaska.

A. Stange, of Clallam Bay, longtime subscriber to the Olympic-Leader, was in town again the past week looking after his property interests.

With all the Hat Sales going on this week at prices that are "below a living wage" there is no need for anyone to wear a last year's hat.

Mrs. G. V. Smith returned last Saturday from an extended visit with eastern relatives and friends. She reports a delightful trip.

Nothing takes the place of a warm comfortable Mackinaw. Our line is complete and prices the lowest. C. S. Stakemiller.

The Thimble Club entertained their husbands at Mrs. Jensen's Saturday evening with cards and a general good time.

Mrs. Finch Haggard and babies will join her husband at Pullman for the winter. They expect to leave Sunday.

Alf A. Davis of the new shoe store announces the arrival of a big stock of men's and boy's shoes which he would be pleased to have you call and inspect. Many new styles in ladies shoes have also been received.

Read the P. A. Com. ad on flour and potatoes.

The Musical Club held its regular meeting Tuesday afternoon at the home of Mrs. Troy. Many things of interest were discussed and several new names were proposed for membership. The evening meetings to be held once a month promise to add new life to the club and a pleasant and profitable winter is assured. The following program added much pleasure to the afternoon. Two orchestra selections, Miss McMillen, 1st violin, Mr. Ben Phillips, 2nd violin, Dr. Will Taylor, flute, Mrs. Troy, piano. Vocal solo, "I Hear You Calling Me," Miss Taylor. Piano solo, "Lizst," Mr. Howard Campbell. Vocal solo, a. "A Summer Night," b. "Mother o' Mine," Mr. Hubert. Chorus practice closed the afternoon. The next meeting will be held November 9th, in the evening at the home of Mrs. Troy.

About eighteen little girls and boys were happily entertained last Saturday afternoon at the E. H. Wright home in honor of Miss Stephanie's eleventh birthday. It was a very joyous occasion and the children all had a merry time, particularly so when they were invited to the dining room, where was spread a feast of all the good things dear to a child's heart. A handsomely decorated birthday cake looked almost too good to eat. The little hostess was generously remembered with many pretty gifts by her family and friends who hope she may enjoy many more as happy birthdays.

Mrs. Maurice Fisher returned Saturday from a few days' visit with friends in Seattle. She reports a delightful Port Angeles dinner party last Friday evening at the pleasant home of Mr. and Mrs. C. J. Farmer, when they had as their invited guests Mrs. David Craig, Mrs. Jack Cameron, Mrs. John Trumbull and daughter Helen Trumbull, Mrs. T. F. Gorman, Miss Margaret Delabarre and Mrs. Fisher.

Particularly enjoyable and well attended was the Halloween tea given Wednesday afternoon at the handsome home of Mr. and Mrs. Alfred Filion. The house was beautifully decorated for the occasion and all kinds of Halloween stunts were indulged in. The dainty refreshments were also suggestive of this particular holiday and were much enjoyed.

The Ladies Guild of St. Andrew's Episcopal church will be in charge of the Goody Shop, corner Front and Lincoln streets, on Wednesday, November 3rd, from 9:00 a. m. to 10:30 p. m. The ladies receive 25 per cent of the gross receipts and will be glad to sell you a piano or serve you with ice cream and home made cake or candy and soft drinks.

Mrs. Theodore Sharpe, wife of Dr. Sharpe, pastor of the First Methodist Episcopal church, will be at home to the ladies of Port Angeles on Friday afternoon, November 5th, from 3 to 5 at the parsonage, corner of Sixth and Chase.

There will be held on Sunday, November 7th, a meeting of the German Red Cross at the German Hall on Valley street for the benefit of the German, Austria-Hungary and Bulgarian Red Cross.

Mrs. LaFlower returned Monday morning from a pleasant visit of a few days in Seattle.

Mr. Molchoir left for Seattle where he met his wife and daughter and accompanied them home.

The concert held in the Presbyterian church last week was a programme of a high order and was enjoyed by all those who attended.

Alf A. Davis sells the Seattle-made walking shoe, in tan, with medium and high tops, soft uppers and heavy soles. Positively the best value for the money on the market.

Our new fall and winter stock of men's, ladies' and children's shoes are now ready for your inspection. C. S. Stakemiller.

Mrs. J. C. Hansen and Mrs. Jessie Webster went to Seattle Thursday for a week's visit,

Brewster & Co. will have some specials on next Saturday that you can't afford to miss.

Mrs. N. F. Bingham and sons are spending the week-end in Seattle.

Mr. and Mrs. Frank Fisher go to Seattle today for a few days' stay.

It will pay you to read the Pt. Angeles Com. ad this week.

Lewis Isabell is spending his vacation in the mountains.

For something nifty in a hat and shirt go to Stakemiller.

Our prices on flour and potatoes will save you money. P. A. Com. Co.

Mr. and Mrs. H. G. LaGear are Seattle visitors.

of Port Angeles, Wash.

CLALLAM COUNTY FAIR COMMITTEE REPORT

Date of Report, Oct. 20, 1915.
To the Board of Directors of the Port Angeles Commercial Club:
Gentlemen:

Your Clallam Count Fair Executive Committee, composed of R. H. Callarman, L. J. Leonard, J. W. Hooker, W. J. Ware and Stephen Land, having charge of the management of the Clallam County Fair, held in the Davis & Woods Pavilion, Front street near Cherry, beg leave to report as follows:

Considered as a whole, the fair was decidedly a success as an exhibition of Clallam county products, as well as financially. Its educational value is inestimable, and this is true materially as well as in the enduring value of the highly beneficial addresses delivered on Friday afternoon, October 8, by Donald McInnes of Dungeness, W. H. Paulhamus of Puyallup, Dr. I. D. Cardiff of Pullman and O. P. McWhorter recently of Snohomish county. The judging of the fruit by inspectors F. N. Rhodes and J. H. Brislawn, of the agricultural products by Donald McInnes, the Women's and Children's departments by Mrs. Thaddeus Wagner, Mrs. Alston Fairservice and Miss Mamie Pazandak, and of the better babies contest by Dr. D. E. McGillivray and his assistants, all contributed to the educational value of the enterprise.

Your committee feels particularly grateful for loyal support and admirable cooperation to the mayor and city council of Port Angeles, the light department of the city, City Marshal Dustman and the police department, the art and manual training and domestic science departments of the city schools, the ladies of the Women's Auxiliary of the Commercial Club, Davis & Woods, A. A. Getchell and his able assistant, S. E. Stakemiller, who were in charge of the agricultural department.

Much of the property acquired for this year's fair has been retained, including all the shelving and other lumber, which has been tied up and stored.

FINANCES:

Expenditures:	
Premiums	$125.50
Port Angeles Marine Band	50.00
Labor	31.75
Postage	17.00
Printing	24.50
Cartage	13.50
Lumber	10.04
Other Expenditures	39.46
Total	$311.75
Gross Receipts:	
Admission fees	$252.85
Subscriptions, etc	196.50
Booths, Concessions, etc	112.95
Total	$562.30
Recapitulation:	
Gross Receipts	$562.30
Expenditures	311.75
Net Earnings	$250.55

Only three local merchants maintained commercial booths at the fair. Street concessions were granted to none but legitimate concerns. The Fair received none of the jitney dance money but all the admission receipts. The Paulhamus lecture meeting on Friday and the Baby Show on Saturday afternoon were the most effective attractions.

The Women's and Children's departments were admirably arranged and contributed much to the success of the enterprise. The valuable articles exhibited in these departments require the constant presence of watchmen, and the management of future affairs should make adequate provision for such precautions. As a result of attention to this detail this year, but one article has been up to date reported as missing from among the exhibits of the Women's and the Childrens' departments—an Italian relief embroidered center-piece, property of Mrs. Charles Owens of this city.

Omissions from the Premium List:

Exhibits adaptable as Clallam county products which were this year omitted from the premium list and which should be included, are:

Vegetables—Beets, citron, cantaloupes, tomatoes.

Fruits—Apples, Blue Pearmain; pears, Comice, Kieffer; quinces; strawberries, raspberries, blackberries.

Nuts—English walnuts, filberts.

Recommendations:

Your committee earnestly recommends that the list of apples and pears suggested by State Horticultural Inspector F. N. Rhodes of Seattle as best adapted to this district and having the greatest market demand be adopted for future Clallam county fairs, as standard or preferred fruit, the growing of which may be effectively encouraged by offering the highest premiums for such exhibits. The apples and pears suggested by Mr. Rhodes are:

Apples — Gravenstein, Wealthy, King of Tompkins County, Winter Banana, Grimes Golden, Wagner.

Pears—Bartlett, Anjou, Comice, Winter Nellis.

Your committee also recommends the adoption of a rule to be in force at future annual fairs that all exhibits of fruit, vegetables, grains and grasses shall become the property of the Port Angeles Commercial Club at the conclusion of the fair, unless specially reserved by the owner at the time of entering the exhibits.

Also that the Better Baby Contest shall be fostered as an annual feature of the fair.

Also that the Women's and Children's departments be provided for as prominent features of our annual fairs.

Your committee further recommends that the fair management be held intact as much as possible thru the organization of a permanent Clallam County Fair Bureau, operating under the direction and auspices of the Club, the officers of such bureau to be members of the Port Angeles Commercial Club. We are confident that in this way the valuable experience of management from year to year may be conserved and the men and women in charge will have the enterprise in mind throughout the year.

Respectfully submitted,
CLALLAM COUNTY FAIR COMMITTEE.
By R. H. Callarman, Chn.
Frank C. Teck,
Ex-Officio Secretary.

Methodist Episcopal

Sunday School at 9:45. Preaching Services at 11:00. Epworth League at 6:30. Evening Service at 7:30. Prayer Service Thursday evening at 7:30. Dr. Theodore Sharp, pastor.

NOTES

The pastor was greeted last Sunda evening by the largest congregation since his arrival in the city. He was delighted to see in his audience so many prominent officials of the city and of the Commercial Club. This is a good sign and a good example. Let others follow the example of these busy men and let the good work go on.

The subject for next Sunday morning will be "Branded by Hot Irons." In the evening the pastor will discuss the theme, "The Worst Bargain ever Made in Port Angeles." Come out and hear who this person is. It may be you.

Monday evening I was delighted to listen to Ralph Parlette in his mighty lecture on "The University of Hard Knocks." His basic thought was service. A man only comes to his own as he forgets himself and gives his life and talents to others. A prominent man just rang me up and said that that line of thought was very much like my sermon of Sunday morning. The word service is the pass word into modern life. The world is just now beginning to see that the words of the Man of Galilee "I came not to be ministered unto but to minister," is the Open Sesame into life's treasure house.

The pastor is anxious that he should be of use to any one who may need him. Any service he can render to any one will be gladly given. independent of caste color, creed or condition.

Let us have the church crowded next Sunday. Come expecting to be blessed and benefitted and you will receive what you expect. The reason why we sometimes receive so little in church is the fact we expect so little. According to our faith and expectation shall we receive.

The church will give you the Glad Hand. Come to the services.

THEODORE SHARPE,
Pastor M. E. Church.

Drop your laundry in at Shields' Cigar Store, where you can get good service and a good Cigar, you will appreciate both.

FOR CITY ATTORNEY

Offering more learning and experience to past services with the same unselfish devotion to the public interest and thanks for repeated confidence bestowed by those who have known and tried me for a generation, I respectfully offer my name for reelection to the office of city attorney subject to nomination at city primary on November 9, 1915.

GEORGE VENABLE SMITH.

PRINTING

STYLES in job printing have undergone many changes in the past few years. The gaudy type, fancy borders and big ornaments have been replaced with more simple designs. Present-day advertisers realize that the old out-of-date designs have no connection with modern business methods. We are specially equipped to execute simplified designs which attract attention of buyers and reflect the prosperity of the merchant.

All work promptly and carefully attended to.

Ordinance No. 519

An Ordinance providing for the submission to the qualified electors of the City of Port Angeles, Washington, at the next ensuing city election in December, 1915, for their assent to the validation, ratification and funding of certain warrants drawn upon the lighting fund of the lighting plant of said city, assest to the issuance by said city and sale of bonds for the redemption of said warrants and for the further betterments and enlargements or extensions of said electric lighting plant of said city and for the creation of a special fund therefor.

WHEREAS, the corporate authorities of the City of Port Angeles have heretofore issued certain warrants on the part of said city which were drawn upon the Lighting Fund, for the payment of cost and expenses of extensions and betterments of the Electric Light Plant of said City, and their legality is questionable, and additional funds are needed for the immediate extension of and for the betterments of said plant, and,

WHEREAS, said corporate authorities wish to proceed under the act entitled, "An Act relating to cities except cities of the first class, and towns authorizing the validation, ratification and funding of certain warrants issued for the construction, extension, maintenance and operation of public utilities, and the issue and disposal of bonds therefor, and declaring that this act shall take effect immediately," approved March 19, 1915, and,

WHEREAS, said warrants represent an indebtedness against said special fund to about the amount or sum of Twenty-eight Thousand Dollars ($28,000.00) and that there are urgent demands for further extensions and betterments of said electric light plant and for additional funds therefor, which if secured, would greatly increase the gross income and monthly surplus over expenses and sooner place said plant upon a self-supporting basis, while the large accumulation of warrant indebtedness and the questionable legality thereof, prevent the sale and use of additional issues of such warrants, prevent further betterments and extensions and greatly cripples the operation and usefulness of said plant, for want of necessary funds;

Now Therefore, the City Council of the City of Port Angeles Do Ordain as follows:

Section 1: That the Mayor and City Council of the City of Port Angeles propose to the voters of said City at the regular City Election to be held on the first Tuesday after the first Monday of December, 1915, for their assent to the validation, ratification and funding under the Act of the Legislature of the State of Washington, authorizing the same, contained in Chapter 183 of the Session Laws of 1915 and under other laws of the State of Washington, of certain warrants issued upon the Lighting Fund for maintenance, betterments and enlargements to the Electric Lighting plant of said City, which have not been fully authorized by the electors of the city; also for an authority of such corporate authorities of said city to issue and sell bonds for the redemption of said warrants and for further extensions and betterments of said Electric Lighting Plant, in the aggregate amount of Thirty Thousand Dollars ($30,000) or in such amount as said electors shall assent to.

Section 2: The several propositions for submission to the electors of the city in and by Section 1 of this Ordinance, shall be subdivided into three propositions and designated as Proposition No. 1, which shall refer the questions of validating and ratifying all warrants issued and outstanding against the special fund known as the Lighting Fund of the electric light plant of said city and the indebtedness against said lighting fund which amount in the aggregate to Twenty-eight Thousand Dollars ($28,000.00).

Proposition No. 2 shall refer to the question of authority for the issuance of bonds upon said Special Bond Lighting Fund to pay for and take up said outstanding warrants issued upon said lighting fund in the aggregate amount of Twenty-eight Thousand Dollars ($28,000.00).

Proposition No. 3 shall refer the question of authorizing the issuance of bonds in an additional amount of Two Thousand Dollars ($2,000.00) for further and additional betterments and enlargements of said electric lighting plant or the permission to the Mayor and Clerk to issue bonds against the said lighting plant in the full sum of Thirty Thousand Dollars ($30,000.00) for the payment of outstanding warrants and for the issuance of warrants for additional betterments and enlargements.

Section 3. Every voter electing to vote for or against Proposition No. 1 shall vote a ballot on which shall be printed the words, viz, PROPOSITION NO. 1, for validation and ratification of light warrants..Yes * * * * Against validating and ratification of light warrants..No, or by writing a cross (X), erasing the word "yes" if voting "no."

Every elector electing to vote for or against Proposition No. 2, shall vote a ballot on which is written the words, viz: Proposition No. 2, For giving authority to the Mayor and Clerk to issue bonds against the Special Bond Lighting Fund, to pay the outstanding warrants issued against said lighting fund in the sum of Twenty-eight Thousand Dollars ($28,000.00)..Yes.

Against giving authority for the issuance of bonds upon the Special Bond Lighting Fund to pay for and take up outstanding warrants issued against said lighting fund in the sum of Twenty-eight Thousand Dollars ($28,000.00)..No.

Every elector electing to vote for or against Proposition No. 3 shall vote a ballot upon which shall be written the words, viz: PROPOSITION NO. 3, For the issuance of additional bonds for further betterments and enlargements to the amount of Two Thousand Dollars ($2,000.00) and a total bond issue of Thirty Thousand Dollars ($30,000.00)..Yes. Against the additional bond issue of Two Thousand Dollars or a total issue of Thirty Thousand Dollars ($30,000.00)..No.

Upon each ballot thus voted if the vote is in favor, the voter shall cross out the word "NO," and if the vote is against, the voter shall cross out the word "YES." The three propositions may be printed and voted separately on one ticket or sheet.

Section 4: If a majority of the qualified electors of the city shall vote in favor of assenting to the validation, ratification and funding of all outstanding warrants issued upon the Lighting Fund of the City Lighting Plant of said city, and for authority to issue additional bonds against said lighting fund, to the amount of Two Thousand Dollars ($2,000.00) to pay for further and additional betterments and enlargements of said lighting plant, the City Council shall, upon such authority of said electors, proceed to at once validate, ratify and fund all such outstanding warrants and if a majority of such electors voting at such election shall favor the issuance of bonds against said Lighting Fund in the sum of Twenty-eight Thousand Dollars ($28,000.00) to take up said outstanding warrants or in the sum of Thirty Thousand Dollars ($30,000.00) to include Two Thousand Dollars ($2,000.00) for further betterments and enlargements to said lighting plant, said City Council shall order and authorize the issuance of such bonds; said bonds to be made payable in installments in the order of their numbers as issued, within twenty (20) years from the date of their issuance as follows:

Two Thousand Dollars ($2,000.00) thereof shall be paid within five (5) years from and after the date of their issue and the balance shall be paid in annual installments of Two Thousand Dollars ($2,000.00) at the end of each calendar year, until paid; said bonds to bear interest at the rate of six (6) per cent per annum, said interest payable semi-annually, and shall have attached thereto semi-annual interest coupons payable at the office of the City Treasurer, and payable at the option of the holder when due, on the Thirty-first (31st) days of July and December of each year; they shall be issued under the seal of said City in denominations of not less than One Hundred Dollars ($100.00) nor more than One Thousand Dollars ($1,000.00) and the bonds and coupons shall be signed by the Mayor and attested by the Clerk of said City, and they shall be numbered consecutively from One (1) upwards, as issued, and bear the date of their issuance, and shall be registered by the City Treasurer, in a book to be kept especially for that purpose; they shall be printed and engraved, and shall be issued and payable only out of the special fund hereby created and to be known as the Special Bond Lighting Fund of said lighting plant of said City; and out of the gross proceeds of said lighting plant which shall be paid into said special bond lighting fund in sufficient amounts to meet all payments of principal and interest as they shall become due.

Section 5: The funds derived from the sale of said bonds shall be deposited in said special bond lighting fund and shall be used and drawn therefrom for the payment, first of said outstanding lighting fund warrants named in Section 1 of this Ordinance, and the balance thereof remaining after the redemption of said warrants, shall be used for the payment of further betterments, extensions and enlargements of the Lighting Plant of said City.

Section 6: Subject to the assent of said electors for the issuance of said bonds, all income of said lighting plant shall be paid into said special bond lighting fund and said bonds and coupons shall be paid only from the proceeds or income of said lighting plant and out of said special bond lighting fund.

Section 7: It shall be the duty of the City Treasurer to place all moneys which shall accrue to said special bond lighting fund into the credit of said special bond lighting fund as herein provided, for the payment of said bonds and interest.

Section 8: Said special bond lighting fund shall be a special fund for the special purposes herein named, subject to the assent of said electors to said ratification and issuance of bonds, to be made disbursable only for the purposes for which it shall be created; and any officer of said city misapplying said funds shall be guilty of a misdemeanor and punishable in any sum not exceeding Three Hundred Dollars ($300.00) or by imprisonment not exceeding thirty (30) days or by both such fine and imprisonment.

Section 9: Said bonds shall be negotiated and sold under the direction by resolution of the City Council.

Section 10: It shall be the duty of the City Treasurer to note upon the face of each bond and on the register of the same, the purpose for which the bonds are issued, to-wit: "For Electric Lighting Plant."

Section 11: This ordinance shall take effect and be in force from and after five (5) days after its lawful publication.

HORACE WHITE,
Mayor.

Attest: J. L. BEAM,
City Clerk. SEAL

Notice of Hearing

Notice is hereby given that the assessment roll for Local Improvement District No. 22, under Ordinance No. 512, ordering a new assessment roll be made out for the improvement of Peabody street by the construction of a bridge thereon, between Third and Fourth streets, and a culvert thereon, crossing Seventh street, under Ordinance No. 461, is now on file at the office of the City Clerk. Said roll has been set down for hearing at a meeting of the City Council, to be held in the City Hall in the City of Port Angeles at 10 o'clock a. m., on the 19th day of November, 1915, and all persons who may desire to object to said assessment, are notified to make such objections in writing and file the same with the City Clerk at or prior to the date fixed for such hearing. At the time and place fixed and at such other times as the hearing may be continued to, the purpose of considercontinued to, the Council will sit as a board of equalization for the purpose of considering such roll and at such hearing or hearings, will consider such objections made thereto, or any part thereof, and will correct, revise, raise, lower, change or modify such roll, or any part thereof, or set aside such roll and order that such assessment be made de novo, as to such body shall appear just and equitable and then proceed to confirm the same by ordinance.

J. L. BEAM,
City Clerk.

Nice, warm, comfortable auto and carriage robes at the Harness Shop this week. Step in and look them over.

Monday, Guy Eckley, Murray Ferguson, Henry Davidson and Harry Jeffs made a trip to the north fork of the Sol Duc in quest of deer. Two were shot and part of the venison was brought to the city.

F.E. Warner, optometrist, may be found in his new offices, rooms 122 and 123, Warren Morse Block.

What Do You Want From a Bank?

FIRST: And above all else, you want security for your money — and you know that you are absolutely certain of it in The Port Angeles Trust and Savings Bank.

SECOND: You want as good a rate of interest as your money can consistently earn, bearing in mind the proportion of cash reserve that is carried against it, and the extra security of capital, surplus and stockholders' liability.

The 4 per cent that The Port Angeles Trust & Savings Bank pays is the best you may reasonably hope for. That much your money does safely earn and that much The Port Angeles Trust & Savings Bank is glad to pay.

THIRD: You may have money that you don't need to keep so readily available; money that you'd like to invest for one, two, three or more years at a higher rate than 4 per cent. In such a case The Port Angeles Trust & Savings Bank is pleased to give you choice from its own investments.

J. B. SIMPSON DIES OF HEART FAILURE

The friends and neighbors of Mrs. J. B. Simpson were deeply grieved Wednesday morning to learn of the sudden death of her husband Tuesday evening at 4:30, from heart failure. Mr. Simpson was a large, fine looking man of 60 years of age and to all appearances in the best of health, so his death came as a great shock to his family. Deceased was born in New Brunswick, March 2, 1856, and spent most of his life in the Middle West or on the coast. He was very much interested in Port Angeles and owns considerable property here.

He leaves one son in Fon du Lac, Wisconsin, and one brother at Oshkosh, in the same state. They lost a son a little over a year ago and a daughter about two years ago so Mrs. Simpson has had many sorrows. A short funeral service was held at the McKee & LaFlower chapel Thursday afternoon at two o'clock,conducted by Rev. Frank McCarty, but the body will be taken East for burial, Mrs. Simpson accompanying it to Oshkosh.

LIEUT. LONSDALE A RANCHER

Given a sightly location on a gently sloping strip of bench land, overlooking the Straits, with both Victoria and Mt. Baker included in the view; sub-irrigated black soil free from stones; sufficient acreage under the plow to support several cows; large barns and ample outbuildings, and one would have about all one would desire in the way of a surburban home. Such is the old Madison place on the Mt. Angeles road, where Madison & Sons were engaged in the shingle business for a number of years, clearing the way for what will, in a little time, now that Lieut. and Mrs. L. E. Lonsdale have acquired the property, become an ideal dairy farm. Mrs. Lonsdale visits the farm daily, driving out in her auto in spite of the wretched roads, and looking after the work of repairing and improving the buildings and fences, and says she takes real enjoyment in the new line of work.

Mrs. Hall returned this week to her home in Tacoma after a short visit with her daughter, Mrs. C. E. Scott.

ELKS BIG CIRCUS STUNT BEGINS NEXT TUESDAY NIGHT

The Elks High Jinks, next Tuesday, Wednesday and Thursday nights is going to prove the source of endless enjoyment for the women folks. They will be given an opportunity to play all the old time games, and as there will be a dozen of the committee on hand to teach them how to play roulette, shoot craps, play black-jack, Klondyke and chuck-a-luck, and who knows, ladies, who will be lucky enough to "break the bank."

This Slippery Gulch Town will be an entertainment entirely out of the ordinary, and it will bear all the trade marks of cleanliness and joyousness that all the Elks affairs always have.

Upon entering the pavilion, you will be presented with a "bank roll," with which you can "buck the tiger" and dance to your hearts content—and if you care not for that sort of entertainment, Muck's Troupe of Twinkling Teasers will provide stunts that will cause you to forget to pay the light bill next month.

On opening night the various stunts have been arranged so that on each succeeding evening each and everyone can be continued until the final night, when there will be a grand "lynching bee" and all undesirables will be put out of the way.

There will be boxing bouts, vaudeville, dancing, (new and old), sideshows and fun of all kinds, so all you good-time folks get out your glad "rags" and put some talcum powder in your shoes, and "beat it" for the hottest, happiest, hustling, hip-hurrah town you ever was in, in all your born days.

This entertainment opens at 8 p. m. and continues for four or five hours, giving attendants of all other attractions an opportunity to drop in any old time and see it all, for it there is anything you've missed—the "boys" will do it all over again for you.

THE CITY COUNCIL

From Page 1.

Street Superintendent French reported sentiment for lateral sewers east of Lincoln street trunk sewer. Property owners seemed to favor the project, but desired that only the preliminary work be done at this time, and that the actual construction work be taken up next year just as soon as the weather is settled. This was the sentiment expressed also by Engineer Filion, Mr. Fowler and Attorney Smith, and will probably prevail.

Bills aggregating some $1100 were ordered paid.

A cross walk was ordered on north side of Fifth and Oak, on motion Mr. Fisher. Mr. Fowler stated that new walk would be placed in front of Fowler residence on 8th street, which had been complained of. Mr. French was directed to have parties repair walk on Sixth and Lincoln.

A horse shed was ordered put up at the cemetery for the caretaker, latter to do work free.

Upon motion of Mr. Hooker, parties using Railroad avenue east of Lincoln street for log dump, were ordered notified to finish up by November 10.

Council adjourned.

WALTER THOMAS MILLS A SPLENDID SPEAKER

An unusually interested audience greeted Walter Thomas Mills, the Socialist lecturer, at the opera house Monday evening, and it is but fair to say that everyone present gained a much clearer understanding of the underlying principles of that faith than they have ever had before. Mr. Mills is a splendid speaker, logical and convincing, and the Socialists are to be congratulated on securing him to present the salient features of their cause.

TEACHERS' EXAMINATIONS

Teachers' examinations will be held in room 12 of the new Central school building on Thursday, Friday and Saturday, November 4, 5 and 6.

Waterproof carriage robes are what you need now that the winter rains have set in. Get one at the Harness Shop.

School supplies, the most for your money, at Brewster & Co's.
