NOLS offers thousands of titles for you to use at home or on your mobile devices—music, movies, audiobooks, and eBooks, all of which are accessible 24/7, whether the library is open or not. But which app do you need and how can you access these great collections? Once you're started, where can you go if you have a problem? If you're still thinking about which device is right for you, what will work best with free local resources from your library?

Bring your questions to a *Tech-Know-Logy Open House*. Library staff will be on hand to talk about different types of devices and help with individual questions as time permits. You will also be able to schedule a 30-minute one-on-one follow-up appointment with staff, for personalized assistance on a future date that fits your own schedule.

The *Tech-Know-Logy Open House* will be held at the Forks Branch Library on Saturday, January 6 from 2-3:30pm, the Port Angeles Main Library on Wednesday, January 17 from 6-7:30pm, and the Sequim Branch Library on Monday, January 22 from 3-4:30pm. Tens of thousands of downloadable and streaming titles are available to you through NOLS; now they'll be at your fingertips!

Additional appointments can be made by calling or emailing your local branch of the North Olympic Library System. For more information about this and other services at your Library, visit [www.nols.org](http://www.nols.org), send an email to [Discover@nols.org](mailto:Discover@nols.org), or call 360.417.8500. The Forks Branch Library is located at 171 Forks Avenue South. The Port Angeles Main Library is located at 2210 South Peabody Street. The Sequim Branch Library is located at 630 North Sequim Avenue in Sequim.

*Check out a Tech-Know-Logy Open House in January at NOLS!*
