CONGREGATIONAL ASSOCIATION

Splendid Reports Rendered From All Sections of the State.

The eighteenth annual meeting of the Congregational Association of Washington, held in Walla Walla last week was the most largely attended in its history. Delegates were present from every section of the state and from Northern Idaho. The reports showed 188 churches of this order in Washington and the Panhandle of Idaho. These churches have a membership of over 10,000. Their running expenses for the past year have been $165,000; their benevolences $123,000. The membership of the Sunday schools is over 18,000. Twelve new churches were organized and about 1,600 new members received.

The principal topics discussed in the three days session were: Young People's Work, Evangelism by Church Members and Pastors, the "Church and the Toiler," the "Pilgrim of Today," "Strategic Congregationalism," Discipline. The reports of the churches and schools showed a wideawake body of men in the field, and a rapidly developing work all over the state.

The proximity of Whitman College gave the delegates an opportunity to visit and enjoy the hospitality of this institution, whose high scholarship has already made it an honor to the state and a peer of the colleges of the east. "The Yale of the West" is a splendid monument to Marcus Whitman who, in 1836, brought into what was then Oregon Territory the first wagon that ever crossed the Rocky Mountains and with his wife established the first Christian Home on the Pacific Coast. An afternoon of the Association was given to an excursion to the ground consecrated by the blood of Whitman and his company who were massacred by the Indians in 1847. Addresses were made by Mr. Edwin Eells, of Tacoma, who has worked for nearly fifty years among the Indians; by President Penrose of Whitman College, and by Rev. H. E. Mason of University church, Seattle.

For Public Library

A movement is on foot to organize a girls' club for the purpose of taking up literature, elocution, music, etc. It is proposed to make it, in a way, a literary club, entertainments being given during the winter in order to get started the nucleus of a public library fund.

DR. N. K. MEAD FOR SENATOR

Democrats Nominate a State Ticket at Seattle Wednesday.

The democrats held their State Convention at Seattle on Wednesday, nominating a full state ticket. Bryan was indorsed; a graduated income tax favored; opposed the present tariff laws; favored the election of United States senators by direct vote of the people; favored a direct primary law; favored liberal appropriations for improvement of highways; and favored the enactment of anti-pass legislation:

THE TICKET.

Congressmen-at-Large—William Blackman, of Seattle. Dr. Patrick S. Bryne, of Spokane. Dudley Eshelman, of Tacoma.

Supreme Court Justices—Warren W. Tolman, of Spokane. Bo. Sweeney, of Seattle. C. W. Hodgdon, of Hoquiam. E. E. Million, of Seattle.

In pursuance of a conference of prominent democratic politicians held at Port Townsend on the 23, Dr. N. K. Mead of this city was nominated at the State convention held in Seattle on the 26th for State Senator of the twenty-fourth senatorial district, embracing the counties of Clallam, Jefferson and San Juan.

Says Road is Assured

Ed. H. Thomas, associate editor of the Post-Intelligencer, spent yesterday in the city from Seattle. Mr. Thomas is the owner of some acreage property near Port Discovery, and while here drove out to make an inspection. Mr. Thomas states that the eyes of commercial people of Washington are fixed on the Olympic peninsula, and with an area of an empire and resources greater than many such, the future of this section is so sure that the present steps for advancement will be so rapid as to be scarcely comprehended. Mr. Thomas is sure, from information that has reached him, that extensive railroad building over this peninsula in the immediate future is an assured fact.—Townsend Leader.

A Popular Teacher Honored

From the Howard county, Iowa, papers we learn that Miss Sarah E. Brown has received the republican nomination for Supt. of Schools of that county, being nominated on first ballot. Miss Brown is well known in Angeles, having taught in our Central school in 1904-5.

The present Supt. of Schools of Howard county is a woman, serving her second term, and that county never had as good a superintendent as the present incumbent. She was elected on the democratic ticket against a large republican majority in the county.

Since a large per cent of our teachers are women, and to women alone is given the task of rearing our children, why should not a woman be superintendent of our public schools? She is better fitted for the position by nature—morally, socially, or intellectually than a man. Divorce politics from our public school system and give us women for superintendents.

Ministers Assigned

The twenty-third annual session of the Puget Sound Methodist Episcopal conference completed its deliberations and adjourned last Monday, to meet next year at Fremont. The assignment of pastors in so far as the same concerns this section is as follows: B. F. Brooks, presiding elder; Dungeness, Walter Bell; Port Angeles, First Church, to be supplied, Lincoln Heights, to be supplied; Port Townsend, Horace Williston; Seguin, A. J. McNamee; Tumwater, G. F. Graham.

SHIPS STONE WEEKLY

Quarry Now a Most Solid Institution

The freighter Transport called for her customary weekly shipment of stone yesterday, also taking a deck load of shingles. The quarry, now under the management of D. J. O'Brien, is giving employment to a force of thirty men at $2.00 and upward. All the surface colored rock has been taken out from the ledges upon which they are working and only clear perfect stone is being secured. Were the mill two or three times its size, the stone could not be supplied fast enough to meet the demands.

Musical Club Entertains

The Musical Club very cordially entertained their friends on Wednesday evening in Haning Hall. The program was excellent and thoroughly enjoyed by the audience, who heartily applauded each number and were usually rewarded with a second selection by the gracious soloists. After the program dancing and a delightful social session was enjoyed. The Club will soon take up their regular work, under the president, Mrs. Craig, when their friends hope to enjoy more of their hospitality and fine music. Following is Wednesday evenings program:

Piano duet by Mrs. Farmer and Mrs. Cross.

Song by Mrs. Mead; Mrs. Farmer accompanist.

Song by Mrs. Farmer; Miss Joliet Glenn violin, Mrs. Brown, piano, accompanists.

Song by Mrs. Troy; Mrs. Cross accompanist.

Song by Mrs. Day; Mrs. Farmer accompanist.

Song by Mrs. Cushing; Mrs. Brown accompanist.

Too Much Bear

Bear are said to be quite plentiful in Clallam county this season, and they are coming down nearer to civilization than usual. Three have been killed within the corporate limits of Angeles, in the neighborhood of the Filion mill, within the past three weeks. Hunters report them very numerous in the mountains. Hunter "Slim" had shot seventeen so far this season when last heard from, five in one day—two cubs and three full grown bears. He is operating in vicinity of the lakes and hot springs.

Mr. A. W. Smith writes the Olympic-Leader from Mora to the effect that the black pests are a great nuisance in that vicinity. The bears are taking his apples and have killed twenty-four sheep for him. Three bear killed two sheep in one night. In return, three bear have been killed and three wounded. Mr. Smith thinks that there should be a bounty on bear, or they may eventually drive sheep and fruit men out of business.

Strawberries in October

Strawberries in September are something unusual even in this salubrious climate, hence the box of this delicious fruit sitting in the Olympic-Leader window on the 26th attracted much attention. Of course Ole Engvolsen left the box there with his compliments, and the remark that he picked six boxes that day and would have more should this pleasant weather last. Mr. Engvolsen expects to have two crops of strawberries in the future. He thinks he understands how to raise the late crop.

New Fall Coats

The second installment of Fall and Winter Coats received this week. This includes many of the handsomest styles in the better, more dressy grades of goods, and it is only necessary to compare them with coats usually sold to appreciate their value. The shipment, which came direct from the East, has been greatly delayed and very low prices are made in consequence.

MRS. PHELPS,
Dry Goods and Millinery.

Portland parties landed a lot of machinery Saturday at Neah Bay to be shipped in Indian canoes from that place around Cape Flattery to Sandy Point near Ozette. This machinery is to be used in placer mining on the ocean beach. It is said the parties have prospected the beach and have come to the conclusion that it will pay for working.

The democrats of New York have nominated William Randolph Hearst for governor. The republicans name Charles E. Hughes.

THE GHOST STILL WALKS

Municipal Water Question Haunts Council Chamber to Terror of Members

The municipal water question, opposed by the most active members of the council, and certain to drag along in a half-hearted way till a new set of men with new ideas takes up the matter, occasionally intrudes itself upon the time of that honorable body. City ownership was at first supposed to be safely shelved by the low state of the current expense fund. Instead of setting about finding ways and means of securing a survey it was loudly proclaimed impossible of accomplishment. That bug-a-boo disposed of, the plans and estimates were laughed to scorn. The proposed system was but a toy; the supply pipes would never carry water enough for the town; the reservoirs were entirely inadequate, and, besides, it wasn't explained why reservoirs were needed at all; the distribution system did not include every cross street; and who knew whether the engineers knew anything, anyway? Of water in Ennis Creek there was none; it was subject to pollution; it was owned by the mayor's friends; besides the bonds could never be floated, and the honorable councilmen don't believe in municipal systems anyway. There isn't a man on the council able to handle the proposition if it were built, let alone building it.

Such were the ideas one would get from attending a council meeting. Of the oft repeated suggestion that Lake Creek be turned into Ennis, nothing was heard. Finally, in a moment of mental abberation, after long and weary months of valuable time have passed without accomplishment, members of the council were induced to investigate Lake Creek, finding, doubtless to their deep chagrin, a supply of the purest water on earth, ample in quantity for a goodly town, and a vast natural reservoir which man, with all his boasted achievements, could not duplicate in a hundred years. Power for the electric light plant, and a water system which would supply the people with the cheapest service in the country, or which would pay the running expenses of the town, is right at hand. Is it any wonder the ghost still stalks? Two weeks ago steps were taken to secure a water right for the city. At the last meeting a committee of three was appointed to "assist" the mayor in selecting an engineer to measure the flow of the three streams. Possibly by the time the present race of Angelesites has ceased to exist, a proposition may be framed up for consideration of the people.

FISHERIES COMMISSIONS TO SUBMIT CONCLUSIONS

Vancouver, B. C., Sept. 24.—As a result of the joint conference held in Vancouver between the Canadian and Washington state fisheries commis sions, the former body will prepare an interim report of the proceedings and conclusions reached in order that it may be placed before the house of commons when it meets next winter.

This statement was authorized by Prof. Prince, chairman of the Canadian commission. Because of the fact that it had been agreed upon between the two commissions that the proceedngs of the committee should be confidential till officially reported upon, Prof. Prince was unable to give out for publication any statement of the work accomplished.

"The Canadian commissioners believe, though," said Prof. Prince, "that on the whole the conference will have beneficial results. However, until our report is presented to the government nothing can be said concerning its probable nature. The American commissioners will prepare a report for submission to the Washington legislature at its next session."

Will Try to Keep Women Here

Seattle, Sept. 24.—Prosecuting Attorney Kenneth Mackintosh says he will at once attempt to secure from the supreme court of this state a writ of prohibition preventing Judge Frater from issuing an order sending Esther Mitchell and Mrs. Maud Creffield back to Oregon on the ground that they are insane. An insanity commission last week declared both women of unsound mind.

PALMA TO GET OUT

WILL DROP REINS OF CUBAN GOVERNMENT.

United States Will Be Forced to Make Some Provisional Arrangement---Special Session of Congress Called to Accept Resignations--Taft Doesn't Like It.

Havana, Sept. 26.—All the members of the cabinet and the heads of departments have presented their resignations to President Palma. He has accepted them, but the officers will retain their positions until the resignation of the president has been presented to congress

Senor O'Farrill, secretary of state and justice said last night there would probably be a government by a committee appointed by the American government. He mentioned Senor Barrier, chief justice of the supreme court, and Gen. Mario Menocalas possible commissioners.

Havana, Sept. 25.—The Cuban Republic stands on the verge of a second period of American intervention. The Moderate party, which six weeks ago was in absolute control of every office in the island, national, provincial and municipal, is now determined to abdicate everything and compel the United States to intervene. At the close of a meeting of fifty of the Moderate leaders held last evening it was decided that President Palma, Vice President Mendez Capote and the moderate senators and representatives would all resign their offices.

In fact, every government official, from President Palma down, is sincerely desirous to force such intervention rather than yield to any one of the terms offered by the Liberal party and those in arms against the government.

Liberals Cry Treason

The Liberal leaders characterize the conduct of the government as treason to the republic, while Secretary of War Taft regards it as an unwarranted and dishonorable attempt to force the United States into intervention. This, it has been stated, is precisely what President Roosevelt has been most anxious to avoid. It is still just barely possible that President Roosevelt, through Secretary Taft and Assistant Secretary of State Bacon, may yet arrange to establish the Liberals in control of the Cuban government, but this is regarded as only the remotest sort of possibility. With either party installed in power there would still remain a condition of deplorable dissatisfaction and unrest, and there appears nothing whatever to promise relief save full control by the United States.

Position of Army

Acting Secretary of interior Montalvo declared last evening that he would never turn over the army to the Liberals under any circumstances, but all government officials unite in saying that if the rebels in the field, or any portion of them, resist American control the Cuban army would co-operate with the United States in every way possible.

The real feeling at the palace is one of relief in the prospect that the adversaries of the government will not win, even though the government loses, combined with the satisfaction that the United States will be obliged to take over Cuba indefinitely, and possibly forever.

Palma to Resign

President Palma has called a special session of congress for Friday, when he will present the resignation of himself and Vice Preisdent Mendez Capote. The moderates, however will not attend that session of congress for in their hurriedly called national Moderates assembly yesterday afternoon, they decided unanimously to simply quit forthwith. They will not even attend the approaching session or have anything more to do with the government of Cuba, alleging that they have been unjustly treated by President Roosevelt's commission.

This determination is taken by Messrs. Taft and Bacon, however, as another indication that the Moderate leaders, since they cannot longer control the government themselves, are determined at whatever cost that the Liberals shall not now or hereafter obtain contrtol.

At the close of the Moderate assembly yesterday afternoon Vice President Mendez Capote emphatically condemned the alleged partiality of the American commissioners, and said he expressed the opinion of many of the members of his party when he declared that Secretaries Taft and Bacon had placed themselves unreservedly on the side of the Liberals and against the existing recognized government.

Havana, Sept. 25.—Victory for the Liberals or revolutionary party seems certain at the conclusion of a long conference between a committee of the insurgents of eight members and the American peace commissioners.

The insurgent committee announced that there was practically no difference remaining between them and Secretaries Taft and Bacon and that they would receive a draft of the peace plans during the day. These probably would be agreed to at a meeting to be held in the presidio, where the prisoner members of the commission are confined.

Secretary Taft said he could give no details of what transpired at the conference, as the publication of the peace proposals might interfere with their prompt acceptance.

An unsatisfactory conference was then held at the palace between President Palma, Secretary of the treasury Fonts Y. Sterling, Secretary of State O'Farrill, Freyre Andrade, speaker of the lower house; Secretrvy of War Taft and Mr. Bacon, Consul General Steinhart and Capt. McCoy, when the mediators called the attention of the Cuban administration to the status of the peace negotiations with the Liberals and insurgents. The conference adjourned at 11 o'clock last night to be resumed this morning.

Against the Government

The peace terms proposed are known to be against the government. The visit to the palace of the American commissioners was therefore not particularly pleasant. Upon departing Secretary Taft announced that the conference had resulted only in the exchange of opinions and that another meeting was necessary. The big doors of the palace closed as usual at 11 o'clock, but the president and members of the cabinet remained in conference until long after that hour.

There is a strong impression that President Palma will remain and reorganize the cabinet but that new elections will be held for half the senators and representatives—in other words those who were elected last year, and possibly also for provincial officials.

LABOR UNIONS FIGHT STANDARD OIL TRUST

Chicago, Sept. 24.—The Chronicle says:

Warfare between the Standard Oil Company and the labor unions of the country was begun Friday night when the Whiting, Ind., employes of the company quit work to enforce their demand for an increase in wages. The strike, which already threatens io tie up the business of the big corporation in the Middle West, is likely to assume gigantic proportions before it is ended.

It was predicted last night it might involve all the employes of the company and become a general strike. Already the Chicago labor unions are prepared to seize the opportunity presented by the Whiting strike to make more trouble for the company.

The Chicago men were wholly unprepared for the trouble, which started at Whiting because of the fact that the employes there were not members of a uinon, but after a hasty conference it was said that they would support the men who went out and that no one from Chicago would take their places.

Three hundred firemen employed by the Standard Oil Company left their places Friday. More than 5,000 employes who are working with the firemen are scheduled to go out in the morning.

These include engineers, skilled mechanics, laborers and others. The strike of the firemen was called because the representatives of the Standard Oil Company refused to advance wages from 22½ cents an hour to 25 cents an hour and agree to grant to all of the workmen the eight-hour day. They also refused to recognize the union.

APPRENTICES ON STEAMERS

Pacific Coast Company Inaugurates a Training School System.

Seattle, Sept. 24—Because of a lack of officers on this coast and the difficulty in training men to command ships, the Pacific Coast Company will inaugurate an apprenticeship system on its vessels. Young men ranging in age from 17 to 20 years are to be taken for training as navigators. They will be started in at a monthly wage of $30 and will be gradually advanced as they are fitted to accept an officer's berth.

A bonus of $300 will be paid those who remain during a three years course of study, and an officer's berth will be guaranteed those who are fitted for that responsibility. They will be first given a third mate's commission and allowed to work up.

The company is the first on this coast to inaugurate this system and will carry it out irrespective of the effort to be made to secure the establishment of a nautical school on the sound.

Bids Wanted for Tieton Ditch

Washington, Sept. 24.—The secretary of the interior is advertising for bids for the construction of the main canal of the Tieton irrigation project The work consists of about twelve miles of main canal in Tieton canyon, with diverting dam, head works, tunnels and other aopurtenant structures, involving about 13,000 linear feet of tunnel, 44,000 lienar feet of concrete lined canal, 4,000 linear feet of con crete flumes. Bids will be opened November1 5, at Portland.

Judge Whitson Decides Chinese Case

San Francisco, Sept. 24.—United States Circuit Judge Edward Whitson, of Washington, who is sitting for Judge Morrow in this city, has rendered an important decision in the case of Tom Hon, a Chinaman who was up for deportation. It holds that one who is registered under the Geary act is entitled to remain in this country, no matter if a previous order of deportation had been entered against him.

Diet Passes Out of Existence

Helsingfors, Finland, Sept. 24.—After a nine months session as a constituent assembly to elaborate a new form of government for the grand duchy of Finland, wrested from Emperor Nicholas by the great strike, the ancient four-chambered diet, dating from 1772, has passed out of exisgence and will be succeeded by a unicameral parliament elected by universal male and female surffage.

REPUBLICAN TICKET

STATE CONVENTION RENOMINATES CONGRESSMEN AND JUDGES.

Resolution Adopted Urging Renomination of Roosevelt in 1908---Platform Includes Declaration Pledging Party to Direct Primary.

Seattle, Sept. 21.—With two rising votes, the Republican state convention Wednesday placed in nomination four candidates for justices of the supreme court—Wallace Mount, R. O. Dunbar, Milo A. Root and Herman D. Crow— and three candidates for congress—W. E. Humphrey, Francis W. Cushman and Wesley L. Jones. By another rising vote the convention declared that it wanted Theodore Roosevelt to accept the nomination of his party for the presidency in 1908.

The convention was all harmony. There were no contests. The platform was adopted without discussion.

Piles Temporary Chairman

Chairman Palmer, of the Republican state committee, called the convention to order at about 10:30. Mr. Palmer said that he had prepared an address, but because of the delay occasioned in getting the work of the convention started he would not deliver it, and asked for nominations for temporary chairman.

Ex-Senator Addison G. Foster, head of the Pierce county delegation placed the name of Senator Piles before the convention. No other nominations were made and Senator Piles was selected by acclamation. The junior senator was received with a spontaneous demonstration and made a speech that will be the keynote of the coming campaign.

After appointment of the usual committees adjournment was taker until 2 p. m.

When the convention reassembled Samuel G. Cosgrove was elected permanent chairman. He spoke at considerable length. Next came the reading and adoption of the platform, which follows:

The Platform

"Your committee on platform and resolutions begs leave to submit the following report:

"The state of Washington everywhere abounds in prosperity, a prosperity which flows in natural sequence from the application of the principles and lopicies of the Republican party and the honest and efficient discharge of public duty by its public officials.

"We approve the administration of national affairs by our brave and peerless president, Theodore Roosevelt. We are proud of his courage and always confident of his integrity, and we commend his standard of American citizenship to the thoughtful consideration and emulation of every lover of mankind.

"The record of our senators and representatives in congress is a great honor to them and a matter of pride to the people of the state. The convention heartily endorses the public service they have rendered.

"We express our renewed confidence in our honest and fearless chief executive and indorse the state administration in all its departments.

"We are unqualifiedly in favor of the policy of protection under which our nation and people have attained such unparalleled prosperity.

"Of our vast foreign commerce of over three billions of dollars annually, not more than ten per cent is carried in ships flying the American flag. That it may be an auxiliary to our navy in time of war and carry our commerce in time of peace, we are in favor of and earnestly urge immediate legislation by congress to upbuild our merchant marine.

"We commend the aims and purposes of the Alaska-Yukon-Pacicfic exposition of 1909 andfavor a liberal appropriation by the next legislature therefor.

"We favor legislation for the proper safeguarding of all public funds placed on deposit and also fixing the rate of interets such depositaries shall pay on such funds into the public treasuries.

"We are in favor of a direct priamry election law, so framed as to secure the nomination of United States senators, congressmen and all state, county and municipal officers by direct vote of the people.

"We commend theRepublican party upon its passage of a national liability act for the protection of railway employes and their families in case of accidents, also for its efforts to have a law enacted limiting the hours of continuous service upon the railways.

"The salaries now paid judicial officers in this tsate do not furnish adequate compensation for the services required of such officers, and the present high standard of the judiciary can only be maintained by the payment of salaries which will more nearly compensate men of the requisite fitness for such offices. We therefore recommend that the next legislative assembly pass an act providing a proper increase in the salaries of the supreme and superior court judges of this state.

"We favor legislation providing for the examination of state banks and the publication of statements of the same at frequent intervals.

"We favor the division of the state into congressional districts.

"There are several hundred idle convicts confined in the state penitentiary at Walla Walla who are not provided employment because of the insufficiency of machinery. Inasmuch as there are no jute bags manufactured in the United States except in penitentiaries, we recommend such legislation as will provide for the installation of the proper machinery to enable convicts at the state penitentiary to manufacture grain bags in sufficeint quantities to regulate the price to Washington farmers.

"We request the legislature to pass a law co-operating with the general government in making a geodetic survey of the state and to make an appropriation therefor."

A separate resolution recommended that the state central committee be empowered to fill any vacancies which might occur on the ticket and also to fill any vacancies that may occur in the committee

After the adoption of the resolutions the convention proceeded to the nomination of candidates for congress.

Speeches were then made by each of the three nominees, following which the nominations for supreme court justices were made by a rising vote.

Gov. Mead addressed the convention briefly, congratulating it on the harmony prevailing.

DeBruler Elected Chairman

Seattle, Sept. 22.—The new state Republican committee has elected Ellis DeBruler, of King county, chairman; J. Will Lyons, of Thurston, secretary; James Hogue, Jr., Seattle, treasurer. Dr. J. H. Nagle will be assistant secretary. Chairman De Bruler said the campaign would be short and that he would announce his executive committee within a few days. The exact date of the opening of the campaign will then be determined.

GOVERNMENT VESSEL TO REMOVE DERELICTS

Seattle, Sept. 24.—Full particulars of the vessel which is to be constructed by the government for the purpose of removing derelicts has been received by local steamship men from Washington.

The vessel is to be built of steel, with a length over all of 204.6 feet; beam, 34 feet, depth 18 feet; and a displacement in salt water of 1,200 tons. She is to have a fore and aft rig and will be fitted with bilge keels. Her engines will be of about 1,700 horse power of the triple expansion type, which will operate a propellor 10.6 feet in diameter. Twelve watertight bulkheads are to give added strength to the steamer. For the purpose of handling boats and working on wrecks heavy steam hoisting gear will also be provided. The speed of the vessel is to be 12 knots an hour and she is to have a steaming radius of 4,000 miles, carrying coal enough to last her during this time.

The craft will be in the revenue cutter department and will be equipped with all modern appliances, including wireless telegraph. The estimated cost of the vessel is $200,000, and bids will be called for within the next thirty days.

NEW SAN DOMINGO TREATY

Provision Objected to by the Senate to Be Elminated.

Washington, Sept. 22.—A new treaty with Santo Domingo probably will be negotiated, with the feature of the previous treaty, which failed of ratification by the United States senate, eliminated.

By the terms of the proposed convention the United States will not act as fiscal agent of Santo Domingo in full capacity; that is, it will not act as paymaster of Santo Domingo in the liquidation of that country's indebtedness, but will continue to collect the revenues of the island republic and out of these revenues create a sinking fund for the liquidation of the foreign indebtedness.

It is believed at the state department that the elimination of one or two of the features in the former treaty to which the senate objected will result in the ratification of the proposed convention when it is again submitted to the senate.

MEXICAN TOWNS ARE REPORTED IN REVOLT

El Paso, Texas, Sept. 24—A Spanish paper, the Reforma Sociale, prints an extra containing the following:

"Cooatzacoalsics, Sept. 22.—The people of Minatitlon, San Juan, Equil ma and San Geronimo have declared against the Mexican government and Diaz. They have been joined by the federal guards.

"The revolutionists are 10,000 strong. The states of Vera Cruz, Tabasco and Chiapas will join them."

Cooatzacoalsics is a city on the gulf several hundred miles from South Vera Cruz.

Big Peanuts from Hover

Hover, Wash., Sept. 24.—E. O. Plenon, an orchardist of Hover, has contributed to the county committee three bunches of peanuts grown on his garden tract at this place and which will be exhibited at the Interstate fair at Spokane in the firm belief that they will be awarded first premium. The bunches are just as they were pulled from the ground, and yet there is not a single peanut on the vines which measures less than two inches or weighs less than half an ounce. Mr. Plenon has half an acre of the peanuts growing here, and several other orchardists have small tracts planted.

Silver for the Mints

Washington, Sept. 22.—The directors of the mint have purchased 200,000 ounces of fine silver, half of which will be sent to Denver and the balance to New Orleans for coinage. The price was 64.35 cents per ounce.

Order to Show Cause

No. 366.

In the Superior Court of Clallam County State of Washington.

In the matter of the estate of William A. Nichols, deceased.

It appearing to this court, by petition this day presented and filed by Joseph Krajewski, the administrator of the estate of William A. Nichols, deceased, that it is necessary to sell the whole or some portion of the real estate of said decedent to pay the debts of decedent and the expenses and charges of said administration.

It is therefore ordered that all persons intersted in said estate appear before said Superior Court on Saturday, the 6th day of October, 1906, at the hour of 10 o'clock A. M. of said day, at the court room of said court, at the court house in the city of Port Angeles, County of Clallam, State of Washington, to show cause why an order should not be granted to said administrator to sell so much of said real estate as shall be necessary, and that a copy of this order be published four successive weeks in a weekly newspaper of general circulation printed and published in said city of Port Angeles.

Dated September 5th, 1906.
