Buying a Silk Dress

In days gone by was an event of a life time Fashions did not change so often as they do now-a-days and silks lasted longer than most merchants would care to promise to-day for what they call "pure silk" Manufacturers at that time made the production of good silks a matter of honor Among the few who, through the years have adhered to this policy are the makers of our

OF THE
TIMES CLOTHING MART
IS DETERMINED TO SELL OUT HIS DRY GOODS

Price is no object. Room he must have for his new fall stock of rubber goods and oil clothing that is on the way.

A few splendid Ladies' Coats, Skirts, Waists, Underwear, and Corsets.
Black Underskirts at 50c worth $1.00

Thread all colors down to 6 for 25c.

We must clear. This is no put up job to make money. That is not what I want. I need room.

If some snide traveling firm came into town with cheap goods at high prices some folks would scramble over each other to get first snap and then be beat. Its hard to make some people understand a genuine bargain.

Prints advanced to 6¾c on July 23rd. I am selling at 5c while stock lasts.

I cannot give time and space to quote all prices but ask you to come in and look around. If you buy, all right, if not, all right. It don't cost to look around, and very little to buy.

TEMPERANCE MEETINGS

Eloquent Addresses and Enthusiastic Meetings, the Audiences Largely Composed of Our Mothers, Wives and Daughters, Those Most Directly Interested in the Temperance Cause.

Not Willing to Take the Initiative in Regard to Enforcing the State Laws for the Closing of Saloons on Sunday.

Rev. Ernest Cherrington, State Superintendent of the Anti-Saloon League of Washington, addressed good audiences here last Sunday, in the morning at the Congregational Church and in the evening at the Methodist Church. He is an eloquent and forceful speaker and soon had his auditors in sympathy with his argument. In the morning he spoke mainly on the progress of the cause in the various states of the Union, remarking that the greater part of the Southern states are wiping the saloon from their borders under the local option laws. In the evening the speaker took up the work now being done in this state and declared that fully three-fourths of the State of Washiugton is now enforcing the state law passed in the 80's prohibiting the sale of liquors or the opening of any saloon in the state on Sunday. He took occasion to refer to local conditions, likening them to other parts where the law in this matter is now being enforced in this state, and declared that there was no reason why it should not be enforced here. The meeting became enthusiastic as the speaker progressed, the greater per cent of those present being women, and when the meeting closed all present were doubtless of the same opinion that the saloon is a curse to the state and the nation, but there was probably a wide diversion of opinion as to the remedy. A goodly subscription list was secured for the work of the league throughout the state.

It is understood that on the following day, as a result of the meetings here, a committee waited upon the county attorney requesting that he enforce the state law as to saloons remaining open on Sundays. The attorney, it is understood, stated that he was ready and willing to take up and prosecute any case of law violation brought to his attention, with the necessary evidence to insure a conviction, but that he did not believe that it was his duty to hunt evidence in this matter any more than it is his duty to secure the evidence in any other case. When complaint is made in due form, and sufficient evidence advanced to insure a successful case he is ready at any time to issue a complaint and to vigorously prosecute.

THAT BRIDGE FUND

Commissioner Lauridsen states that we were in error last week in stating that the Road and Bridge fund has $12,000 in it that can be used for new work. While the fund has a balance credited to it in the amount stated, it is all borrowed money, $15,000 having been transferred as a loan from the current expense fund, so that the fund is in debt rather than otherwise. Besides this, a new bridge is being built over the upper Elwha at an expense of over $4,000 bringing the indebtedness of the road and bridge fund to something like $7,000. There is a way, however, that bridges may be built in the city, but by that way it will take time. The last legislature passed a law that provides that fifteen per cent of the money collected in the city for this fund may be used for construction work within the city. The revenue available for city use from this source will reach $1,000 per year, thus it will be seen that a goodly sum can be accumulated in the course of a few years.

If you are going to buy a bicycle see Baker. Good ones cheap.

TREMBLE OF EARTHQUAKE

Much More Severe in Townsend Than Here Large Buildings Said to Have Rocked

Port Angeles was visited by an earthquake last Sunday morning, the trembler occuring about 2:18 o'clock. Those who were awakened say that the trembling was marked and pronounced, the shake seemingly coming from the west and traveling toward the east, lasting but a few seconds.

"The trembler is the first that has visited this section in about seventeen years," says the Port Townsend Leader. "In 1890 the entire northwest experienced an earthquake which shook things up more violently than did Sunday morning's phenomena."

BAD FOREST FIRES

Forest fires in this vicinity have spread a smokey mantle over the city. A warm blaze just south of the city is doing some damage to timber, and burning over that section which escaped last year from the Chamber's fire. Boys are said to be responsible. Campers and others cannot be too careful with their fires at this time of year, and especially this year, when everything is so dry, and the fire warden cannot be too severe with those who show criminal carelessness and utter disregard for the property of others.

GIVEN CUSTODY OF HER CHILD

The case of Eleanor Irwin Johnston against Samuel Irwin upon habeas corpus proceedings heard by Judge Still on Tuesday resulted in the plaintfff securing, for the time being at least the custody of the minor child, Ora Irwin, daughter of the plaintiff and Richard Irwin, deceased, well known in this county. The case did not come to the taking of evidence, the Court ruling that inasmuch as there was no good and sufficient reason shown why the mother should not have the custody of the child as against the uncle, and it appearing that at the time of the appointment of the uncle as guardian of the child the mother had not been duly served, the mother would have the child until it is shown that she is not the proper person to have the child or at least until it is shown that the mother has had her day in court.

NEW MACHINE SHOP.

P. Madsen has purchased the machine shop formerly owned by Mr. Lyster The shop will be overhauled and a gasoline engine installed to run the machinery. New machines, such as as a larger lathe and planer will be added.

Mr. Madsen served his apprenticeship in Europe. He has served the machinists trade more than nine years. The new industry should meet with success; the community has long needed a good machine shop.

TO IMPROVE YOUR STOCK

The Belgium Horse Company of Clallam County was organized yesterday with Albert Eacret as President, C. L. Babcock as Secretary, P. Grubb as Treasurer. The Board of Directors elected were DeWit Burns, Chas. Gallagher and John Ward, of Dungeness. The association consists of 24 or 25 of our most progressive farmers and stock raisers of the county.

They have purchased the Belgium stallion La Blonde, of the Palo Alto Stock Co., of Boise, Ida., and he is to be kept in this county for the improvement of the stock. The horse was four years old July 1st; weighing a trifle over a ton. The company paid $5,000. for this pedigreed stock, which was shipped direct from Belgium on March 1st.

UNIVERSITY INTERESTED

The Olympic Mountains are to be Toured For College of Learning.

Representatives of the Harvard University, Geo. F. Wells, of Bismarck, N. D., Roland B. Dixon and H. J. Spinder of Cambridge, Mass., and Richard Hillman of Cincinnatti, O., arrived Wenzday for a tour of the Olympics. Mr. Spinder was through these ranges some six years ago as Topographical Engineer for the N. P. Railway.

It will take the party about five weeks to complete the tour anticipated. They will visit the region of Mt. Constance and Mt. Olympus, ranging around the head of the Dusewallips, then striking in on the head of the Quinault, where they say they will be met by guides and canoes to descend the river then proceed to Hoquiam.

These parties are touring this north-western section in the interest of the Harvard University searching for Flora and Fauna to complete their records of the Olympics.

AN OFFICIAL OPINION

Drug stores which sell soda water cigars or anything except drugs, drugs straight, must close on Sunday, according to an opinion rendered by the attorney general to the prosecuting attorney of Skagit county, says a dispatch from Olympia.

It seems that the county attorney of Skagit county has the moral as well as the official courage to take the bull by the horns and has been trying to enforce the Sunday closing law and complaints that drug stores have laid in stocks of candy, tobacco, etc., have been made. If they have done this, the attorney general says, they have lost the right to be known as drug stores, which are exempt as such under the law.

Springs and Mattresses, a new line at R. D. Willson Hdw. Co.'s store, being sold at low prices.

THE GEOLOGICAL PARTY

The Olympics Rich in Mineral Wealth and Magnificent Scenery.

Probably the most important event to be chronicled this week is the report brought back by the Geological party representing the Government in the person of Prof. A. C. Parker, and Prof. Walter G. Ovik of Columbia University, New York, and Messrs. H. B. Browne and E. M. Jacabson of Tacoma, who returned to the city Saturday, after a sucessful ascent of Mt. Olympus.

The gentlemen are enthusiastic over the trip, and are convinced that the Olympics will one day create a sensation in the commercial world by the discovery of her vast natural and mineral wealth. They found in the upper Elwha basin, presumably in Clallam county, croppings and strata of such promising nature that they have prepared and will file with the Auditor before their departure from the city mining claims for themselves and a number of friends—fifteen in all—which they believe are rich in silver and copper, and which appear to be inexhaustible.

As to the trip up Mt. Olympus they are delighted. They claim the first ascent, and allege that they planted indisputable evidence of their presence at the very pinnacle of the mountain on which no man had to date of their visit, July 16, set foot. In the language of Prof. Parker there exists one of the greatest glaciers in the world—six miles by two, full of crevices and obstructions, and one of the grandest sights he has ever seen.

The gentlemen will remain here for the present with Prof. Parker, who is under the care of the doctor.

We inadvertently failed to make note last week of the removal of the Bank of Clallam County to its handsome new quarters at the corner of Front and Laurel streets, in the Opera House Block. The premises have all the ear-marks of a metropolitan institution and is a credit to the city.

SCIENTIST SHOOTS HIMSELF

A very painful and serious accident occurred at the Commercial Hotel last Saturday evening when the automatic revolver being cleaned by Prof. Parker was discharged through the left hand of the gentleman. Prof. Parker, who, in company with Prof. W. C. Clark, both of New York, and B. H. Browne and E. M. Jacobson of Tacoma, had during the day returned from a successful ascent of Mount Olympus, and were jubilant over the fact, and over the further fact that they had forestalled the Washington party who left last week, predicting that the latter party would never reach summit of the Olympian King. After resting some time Prof. Parker proceeded to clean his revolver, believing it to be unloaded, with above result. The wound was hastily and carefully dressed, and at the Port Angeles General Hospital where the patient was later taken the bones of the second finger were removed down to the wrist joint with the hope of saving the hand.

THE STEAM LAUNDRY OPENS

The Messrs. Boyle & Co., of Seattle, have purchased the Crystal Steam Laundry. It has been renovated and a complete change made in theinterior. They'll install a 30 horse power boiler so as to furnish sufficient steam to run an 8 by 10 dryer. The steam finisher, which has been idle so many years, will be placed into service instead of the hand polisher formerly used. A new ninety inch mangle will be added to the plant to meet the flat rate demands. They expect to install another washing machine in the near future, thereby making a fully equipped laundry.

The members of this company are experienced men and guarantee good service. They will have a delivery wagon. Mr. Boyle leaves a good position in Seattle to take up the management of this laundry, which will be in operation next week.

MRS. E. G. THOMPSON.

The funeral of Mrs. Georgiana G. Thompson, beloved wife of Dr. E. G. Thompson, took place Wednesday, July 24, 1907, at the Immaculate Conception church, Seattle.

Mrs. Thompson was the daughter of Mr. and Mrs. George Fend, formerly of Port Angeles.

She was born March 7, 1881, at Fremont, Ohio, being the seventh child of a family of eleven girls and and three boys. As a girl she was kind and full of life; as a wife she was ever virtuous and true, always attentive to her husband's interests; as a mother she did her duty faithfully and was constantly with her two little babies—the pride of her young life.

She is survived by a husband, Dr. E. G. Thompson; a daughter, Elizabeth; a little son, Edgar, the mother and father, Mr. and Mrs. George Fend, nine sisters and two brothers, viz: Mrs. J. F. Meagher, Mrs. S. L. Hall, Mrs. C. E. Cummings, Mrs. L. M. Walters, all of Seattle; Mrs. B. B. Meagher of Point No Point, Wn., Mrs. J. V. Mitchell of Moline, Ill., Misses Frances, Louise, and D. Fend, Theo. and Wm. Fend, also of Seattle.

After the celebration of a special mass and a short but impressive sermon, the funeral procession moved to Calvary cemetery where the burial services were conducted by the Rev. Father Post of the Jesuit Order. *

Hays Evans was here Tuesday as a witness in the Irwin case.

Miss Grace McIvor left Wednesday night for a triy to Seattle.

John Gutenberg, now of Seattle, spent a few days in our city this week.

Mrs. A- B. Kingsley returned Wednesday from an extended stay upsound.

Mr. and Mrs. George Lotzgesell returned Wednesday from a visit to Seattle.

The Episcopal Sunday School children enjoyed a picnic at Civic Park Wednesday.

Mr. and Mrs. Fred Cydell of Dungeness spent Tuesday and Wednesday in the city.

Mrs. H. A. Rafer and son Charles, Seattle, arrived Thurcday, the guests of Rev. and Mrs. Geo. N. Edwards.

Lost—A small, black purse, silk lined, containing dothing, but owner would feel grateful if finder would leave same at this office.

Mr. and Mrs. Frank Lotzgesell of Dungeness have leased their ranch and are moving to Angeles. They have secured the Donahue home on Eighth street, near Cherry.

We have an interesting letter from editor E. B. Webster, descriptive of his trip with the Mountaineers, received today, too late for this week's paper.

The ladies of the Degree of Honor gave a very tnjoyable lawn party at the home of Mrs. Willis Mathewson on Wednesday, and a goodly sum was secured to the order.

J. F. Knight, sole proprietor of the new gents furnishing establishment, corner Front and Laurel, is having his store improved with a fresh coat of paint and everything in the interior made as attractive as possible. His stock will be one of the finest in the city.

The brick plant of the St. Louis Pressed Brick and Terra Cotta Company, on the corner of Second and Race streets, was sold Monday by Sheriff Cosser to satisfy a mortgage held by Amelia George for $4860. Messrs. Wolf and Tyrrell have in turn purchased the plant from Mrs. George and it is understood they will put it in operation.

If your home is withoue a piano and the children's musical welfare being neglected, call on Sherman Clay & Co. for a heart co heart talk with their direct representative, Mr. A. C. Strathdee. With factory prices and our easy payment plan you can have a strictly first class piano in your home without further delay. Next door to Nailor's drug store.

Sherman Clay & Co.'s direct representative, Mr. A. C. Strothdee, who gave such splendid satisfaction a few years ago to scores of prominent piano purchasers of Port Angeles, is here again with a stock of select instruments. If you want one of the world leaders, direct from factory with all middle profits cut out, have a talk with him and see the stock, in building recently vacated by Bank of Clallam County.

The notorious Arcade (for Port Angeles) has closed its doors and its proprietor has decamped. This iniquitous joint has been under the ban of the city authorities for some few days past, with the result that the management thought it best to quietly steal away, leaving the creditors to wait till he could sell the fixtures.

Work has begun in earnest on the new Congregational parsonage, on Second and Eunice streets. The city water has been extended to the property, an excellent concrete and brick foundation has been put in, and the building, 26 x28, is now being constructed under the direction of Messrs. Caven and Willson. The structure will cost $1350, half of which will be outside aid.

M. J. Carrigan came down from Seattle Monday with his attorney in the interest of his timber land suit now pending in the Superior Court here. The defendant at the hearing Tuesday demurred to the complaint of Mr. Carrigan and the plaintiff was given twenty days to file an amended complaint. The case will be continued at the September term of court.

T. S. Brophy, while attending to his horse at Lake Crescent on last Saturday, was kicked. The injury might have resulted fatally but for his watch. The watch was mashed nearly beyond repair. Mr. Brophy was in bed two days, returning to the city for medical treatment. He has received word that they are about smoked out at the lake.

Miss Mathews of Norton, Kas., and Miss Josie Smith of Seattle are visiting Mr. and Mrs. L. C. Dey.

Saturday evening there will be another of those enjoyable dances in the new hall. Be sure you come and have a good time. Special attention given to strangers.

Mrs. J. L. Keeler spent a few days in Port Townsend visiting Mr. Keeler's mother and Mrs. Fred Harned.

Jens Bugge is on the sick list this week. He has been suffering with rheumatism.

Everet Fisher is busy getting the ground ready to begin building his new barber shop and bath house.

The Misses Hazel and Gladys Grant have returned from an extended visit with their sister in Seattle.

KALE

Kale is no more.

Nestled, as we are, at the foot of Blue Mountain the majority of us wish to have our locality known as Blue Mountain, and Uncle Sam dosen't care now how long a name we have. Our postoffice was given up last Wednesday. Family interests rendered its continuance impracticable, and one does not feel like sacrifising too much to an oftentimes thankless public. We need not progress backward, but move one point ahead, secure free delivery.

Rohama Meyers returned to Port Townsend Wednesday, after a two weeks visit with Viola Stilwell.

Miss Tillie Schenck spent a part of her vacation with her sister, Mrs. Fred Sutter, returning to Angeles on Wednesday.

Mrs. Ernest Thompson now owns property in our neighborhood, having proved up on her claim last Saturday.

On Wednesday our new organ was placed in the school house.

CLALLAM BAY

It was reported that the Milwaukee surveyors were working on the final survey from Ozette Lake to Clallam Bay.

It now appears that the last was, also, a preliminary survey, as they are preparing to move back from the Bay to Ozette Lake Wenzday, July 31st, to "locate."

Thousands Have Kidney Trouble and Never Suspect it.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, *who content themselves with doctoring the effects*, while the *original disease* undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

THE BASE BALL GOSSIP

The base ball game last Sunday proved more than a surprise, as it was generally expressed that the "Dark Cloud" from the East, from their record as ball players, would envelope the home boys. The game proved to be an interesting one for rooters right from the start. It was all our boys wished to handle from the pitcher's view. Say, you fellows who were caught napping should settle with the rooters for being the "Sleeping Beauties!"

The Keystone Giants proved themselves to be comedians on the field of battle, one of the saying that the "colored" third baseman seemed to be able to get into the ozone about ten feet and freeze onto any "horsehide" coming within a range of 20 feet. The game resulted in favor of visiting team, 11 to 8.

Next Sunday the team will cross bats with the Superiors. They have secured Mr. Blackburn, the pitcher that Vancouver of the Northwestern League was after. He expects to be with the team the rest of the season. This addition is expected to give the home team force enough for a more formidable record.

Manager Burnside is in Seattle trying to make another appointment for the 11th with the Keystone Giants, "The Colored Gentlemen."

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.
