City Commissioners Hear Reports On Various Projects

City commissioners Wednesday devoted most of their meeting to hearing report from the engineering, fire and sanitation departments. City Attorney John M. Wilson submitted information on creating an ordinance requiring grass to be cut on parking strips and vacant property.

ALLEY IMPROVEMENT

City Engineer Harold Dodge reported that to fill, grade and install a sewer in the alley between First and Second street from Lincoln to Chase will cost between $7,500 and $8,000.

Seven property owners along First street last week petitioned the city to do the work and agreed to pay for the alley improvement but not for a culvert to carry Peabody creek water under the fill.

Dodge estimated cost of the culvert at $19,000.

The engineer said an assessment of approximately $420 each will be necessary against 18 lots bordering the alley improvement but he added that property valuation there is sufficiently high to support such an assessment. Cost of the culvert was not figured in the assessment estimate, Dodge explained.

Dodge also reported that Capt. Loring Hyde has exercised the local option right in the city zoning ordinance and proposes to build an apartment house on the north side of Front street just east of Peabody which is in a first class residence district. Hyde has obtained consent of eight out of 10 surrounding property owners, Dodge declared. Under the city zoning ordinance anyone wishing to build an apartment house in a first class residence district must obtain the consent of 60 per cent of the property owners within a 400-foot radius of the proposed building. Dodge explained surrounding property owners have 20 days after being notified by the city to protest construction of such a building.

DEFENSE EQUIPMENT

Fire Chief Clay Wolverton recommended the fire department keep five of the seven units of civilian defense equipment loaned to the city five years ago by the United States government. The equipment consists of three pumping units of 500 gallon capacity, a skid pump and three trailers with hoses, nozzels and axes. Wolverton explained the price of $1,932 was set by the reconstruction finance corporation in 1945 when the equipment was placed under jurisdiction of the state department of finance and business.

Wolverton suggested a means of paying the bill. He proposed sale of one trailer and the skid pump to raise a part of the money, and the use of the $1,000 non-budgeted fire district revenue. Balance of the bill might be paid by the water department for a pump that it has been using, Wolverton said.

GRASS PROBLEM

Attorney Wilson explained to the commission that an ordinance could be drawn forcing property owners to cut the grass on parking strips. He also said the city can send workmen onto vacant property to cut grass if the grass is declared a nuisance because it contains noxious weeds or conceals garbage.

Mayor Fred Epperson and Comsioners William S. Johnson and E. C. Steele have requested that property owners cut the grass on parking strips and on vacant lots to give the city a neat appearance and reduce the fire hazard created by dry grass. The mayor pointed out yesterday that overhanging shrubbery and tall grass also presents a traffic hazard in some portions of the city.

LeRoy Jagger, new city sanitary superintendent, said city residents are abusing the privilege of dumping garbage at the new city dumpsite by piling refuse anywhere inside the fence. He said heavy logs have been installed at the brow of the hill making it safe for trucks to dump garbage over the bluff and that this is the only place garbage should be dumped at the site. Signs placed at the dump have been torn down or repeatedly shot full of holes, he said.

DUSTY STREETS

Edwin Greenbrook asked the city to spray the streets near Ninth and E to lay the dust. Commissioner Johnson said the street would be sprayed but explained to Greenbrook that the work goes slowly because the city has only one sprinkler to cover 85 miles of streets.

Ordinance 1183 creating a local improvement district along Eighth street from Tumwater to E street for building concrete sidewalks passed third and final reading.

Sale of lots 10-11, block 4 Dyke Land Company's subdivision of the south one-half of suburban lot 32 to Cliff Bena for $525 was approved.

BUILDING PERMITS

The following building permits were granted: R. L. Smith, $1,000, addition to existing dwelling, 528 West Sixth; C. J. Tisdale, $200, build concrete foundation under present house, 908 West Tenth; S. E. Winters, $350, build addition to garage, 921 East Boulevard; A. Vedin, $400, reroof and repair front porch, 616 East Fourth; C. J. Reader, $350, side garage, paint house and garage, 916 East Fifth; C. C. Breiland, $750, remodel present dwelling and petition to make three rooms and bath, 318½ West Fourth; G. C. King, $300, add bedroom, 735 East Front; Jack Del Guzzi, two permits, $5,000 each five room house, 1025 East Fourth and six room house, 309 West Fifteenth; Van E. Hill, $2,000 four room dwelling, 1815 West Sixth.

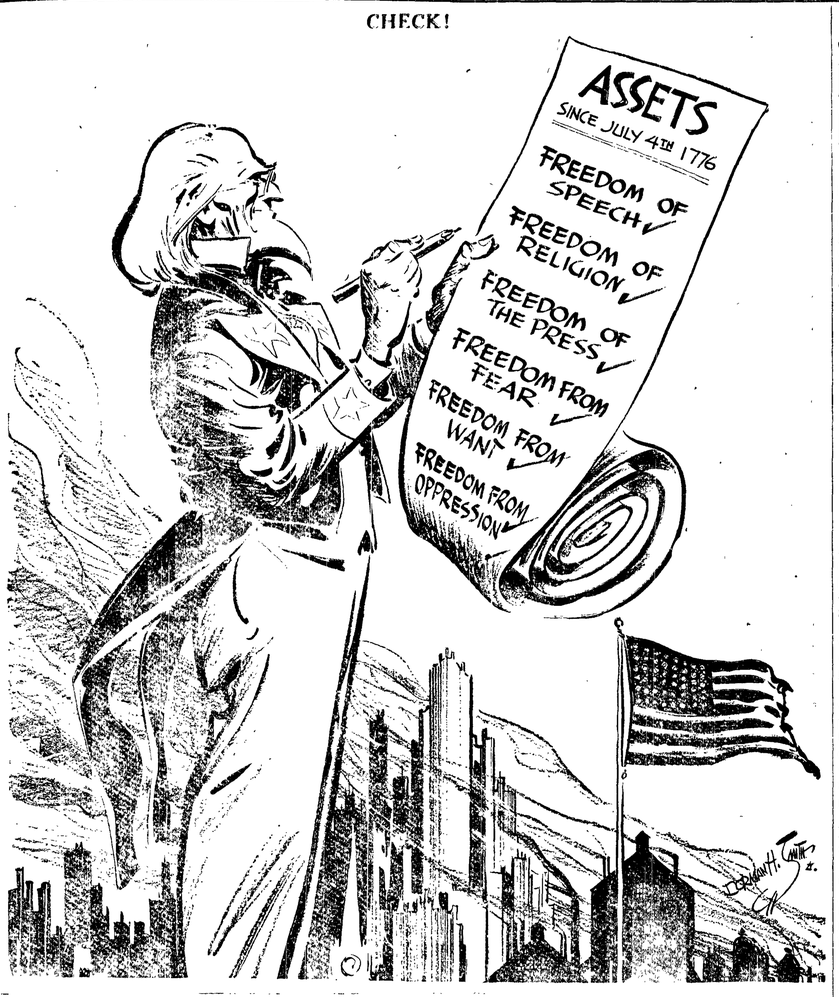
CHECK!



Heavy Traffic Starts to Peninsula On Eve of Three-Day 'Fourth of July' Holiday

Heavy tourist traffic has started to the Olympic peninsula in advance of the three day Independence Day holiday that is starting tomorrow.

Prediction for Friday is for showery weather and continued cold here with a maximum temperature of 63 degrees tomorrow.

Almost all resorts on the peninsula are booked solid over the week-end by local and out-of-town folks who plan on spending several days at lakes and hot spring.

Locally the big July 4 attraction is the Elks' free party for all Clallam county youngsters at Civic Field at 2 o'clock in the afternoon. At the party there will be a four-act show, races for kids of all ages and special feature bicycle races. Free ice cream will be provided.

Baseball fans will have an opportunity Friday night to see the Rainier district team play the Sequim Merchants at 8 o'clock at Civic Field. The Seattle team meets the Papermakers and Rayonmakers Saturday and Sunday nights at the same place and hour.

Several dances are scheduled for Friday night.

LAKES TO OPEN

Of particular interest to trout fishermen is the opening to fishing in high altitude lakes within the Olympic National Park on Friday.

Park Superintendent Preston P. Macy calls particular attention to the ruling that prohibits carrying firearms or fireworks within the national park boundaries. The offense is a federal one with a heavy penalty for its violation. There have been some reports and at least one minor has been apprehended for carrying firearms within the park, Macy points out.

The limit of trout within the park is ten per person per day with the possession limit the same. The weight limit is 10 pounds and one trout.

Closed upland lakes are P. J. and Angeles.

SALT WATER FISHING

Salmon fishermen are interested in the weekly ladder of the Port Angeles Salmon Club that ends Sunday night. There are 50 rungs on the ladder and the club members who catch the 50 largest salmon up to Sunday night are eligible to go into derby finals of August 30 and 31. There are prizes for a total of $50 for the three largest salmon caught this week.

With few exceptions offices and business houses here are observing a triple holiday of Friday, Saturday and Sunday as Saturday has been proclaimed a legal state holiday by Governor Mon C. Wallgren. The Evening News will not publish on Friday but will have the usual issue Saturday.

Heavy cross-state traffic is predicted for this weekend. Many people here have indicated they are going to Victoria for a ride on the new M. V. Chinook. Victorians have been coming across in the vessel in large numbers all week and probably will continue this weekend.

SAFETY ON HIGHWAYS

With thousands of automobiles on peninsula highways and city streets during the next three days, Sgt. Cliff Aden of the state patrol and Police Chief R. O. Ide have joined in a plea for careful driving.

The motto this year is "Drive carefully the Fourth if you expect to see the fifth." This might be extended over the whole three-day period as there will be no let-up of congested traffic until Monday, the officers say.

Airline Representative Named Manager of Air Port at $150 a Month

R. E. Lieurance, West Coast Airlines representative, has been appointed by the board of Clallam county commissioners as manager of the county airport west of town to control traffic there and keep order.

The appointment was effective as of July 1 and Lieurance will be paid a salary of $150 a month on a six-month's trial basis, Commissioner Robert O'Brien said today.

Lieurance has been deputized by Sheriff Karl Kirk giving him authority to maintain order on the field.

Bids Called for Job On Olympic Highway

Highway Director Clarence Shain has called for bids on improvement to a section of PSH 9, (Olympic Highway) by 10 a.m. Tuesday, July 22.

The project is in Clallam, Jefferson and Grays Harbor counties and consists of construction of 25.22 miles of light bituminous surface treatment and 13.75 miles of non skid single seal treatment of the state highway between the Clearwater road and the Bogachiel river.

Seattle's 21-Day Taxi Strike Ends

SEATTLE—(AP)—Taxi cabs roamed Seattle's streets today for the first time in three weeks.

B. I. Bowen, secretary of the Drivers Union, said members had accepted an offer for a five-day week with alternative of $8.50 for an eight and a half hour day or 48 percent of gross receipts, whichever is greater. Previously drivers had received $6.50 or 45 per cent, with a six-day week.

STEAMBOAT OPERATOR DIES

SEATTLE—(AP)—Capt. Benjamin P. Kunkler, 85, veteran Puget sound steamboat operator, died Sunday.

NO WARRANTS FOR COUNCIL EXPENSES

OLYMPIA—(AP)—Legality on the state legislative council moved nearer a supreme court test yesterday when Atty. Gen. Smith Troy advised State Auditor Cliff Yelle to refuse to issue warrants for expenses of members of the council.

Yelle had asked Troy whether the 21-man council created by the last legislature was constitutional. Troy said that question should be decided by a court test.

The council, headed by Herbert Hamblen (R-Spokane) was given broad powers to examine and study administrative branches of state government.

Unification And Tax Cut Top Bills On Republican List

WASHINGTON —(AP)— Senate republican leaders agreed today to give top priority to legislation for unification of the armed forces and tax reduction.

Chairman Taft (Ohio) of the senate republican policy committee said this was agreed upon at a closed-door strategy session.

"We'll take up unification first and taxes next," he told reporters. "That should keep us busy all next week."

Taft said the steering group also decided to:

1. "Proceed a little farther upon the West Virginia election contest" in which the place of Senator Kilgore (D-WVA) is challenged by Tom Sweeney, republican candidate in the last election.

2. "Go ahead with cloture legislation" which seeks to tighten up the present senate rules on unlimited debate that produces filibusters.

3. Name a seven-member labor advisory committee from the senate to sit with a similar house group for a study of labor disputes.

Taft was asked if this program means the "death of the housing bill?" This is the long range housing program sponsored by Taft and Senators Ellender (D-La) and Wagner (D-NY).

Taft replied that no other legislative matters were decided upon.

Repudiation of GOP by Westerners Likely If Reclamation Treatment Unfair, Mack Declares

WASHINGTON — (AP) — A newly elected republican congressman from Washington state told leaders of his party today that if it does not treat the west fairly in reclamation and power appropriations "the west will repudiate the republican party."

Carroll Reece, chairman of the republican national committee, Speaker Martin (R-Mass), Majority Leader Halleck (R-Ind) and other republican leaders heard these words from Rep. Russell V. Mack at a luncheon.

The affair was arranged by Rep. Homer R. Jones (R-Wash) to let party leaders hear Mack's version of how he defeated former Rep. Charles Savage, democrat, in a special election for the seat of the late Rep. Fred Norman, republican.

DECIDING FACTOR

Mack said that in his campaign he promised to support the nation's bipartisan foreign policy but added he believed that "realization by the voters that the district should be represented in the nation's capital by a person who would sit with the majority party" was the deciding factor.

He said that time and time again he told the voters that if Savage was elected he would be a member of the minority and "under no stretch of the imagination would have an effective voice in behalf of the third Washington district."

GOP ONLY 'IF'

Then he went on to say that the republican party cannot retain the tremendous gains it made in the last election in the west "unless the west is fairly treated in the matter of reclamation and power projects."

"I do not say that the west must have more than its fair share," he said, "but the west will repudiate the republican party if it does not receive its just share."

He told the voters, he said, that if he was elected he would work diligently for "sensible appropriations for western reclamation and power projects, specifically for Bonneville appropriations." And, he told them the west must expect to share with all regions the cuts made necessary by economy to give the taxpayers needed relief.

"I also told the voters that it did not make sense to butcher appropriations for projects in which Uncle Sam already has made large investments," Mack said. "I told them I saw no conflict in my stand for economy and for sensible appropriations for western reclamation and power projects."

Jackson Opposes Power Marketing By War Dep't

WASHINGTON—(AP)—Rep. Henry M. Jackson (D-Wash) opposed before the house public works committee today legislation to transfer from the interior department to the war department power marketing from flood control dams and to require its sale at the dams.

"The principles of sale of public power at the dams and further creation of overlapping jurisdiction of administration are contrary to the best interests of the Pacific northwest and the people are fully and vocally aware of it," Jackson said in a statement presented to the committee.

"Sale of power at the dams simply is not economically feasible or desirable in the Columbia river area. Such sales would destroy reimbursable opportunities."

Jackson said the distances in the northwest are so great that the cost of "backbone" transmission lines are prohibitive unless shared by all users as in the present government system and asserted that the federal investment in such lines is repaid with interest by those who purchase wholesale power.

DUPLICATE EXPENSE

Sale at the plant, he said, also will nullify the preferential right public bodies and cooperatives now have to government generated power and the legislation, if enacted, will set up two marketing agencies for public power, duplicating expense.

Jackson said that while the Bonneville power administration is exempted from provisions of the act, future dams, such as Foster creek on the Columbia river, would be under jurisdiction of the army engineers, though actually a part of the Columbia river power system handled by the interior department.

Jackson asserted the legislation will be a step toward final depletion of the nation's natural resources. He said more power is needed to treat secondary ores that must replace the higher grade ores now being used up.

"If we place restrictive power legislation on the books," Jackson said, "we will drive such metal processing out of this country into Canada, South America, Norway and Russia. * * *

"I stand firmly in opposition to this legislation which will crippie the development, prosperity and security of our country."

AP Wire Briefs

STRIKE THREATENS — PORTLAND—(AP)— Pacific Trailways bus service from Portland east to Bend, Klamath Falls, Burns, Boise and Salt Lake City was threatened with complete shutdown in a strike called for midnight tonight.

Pay of drivers and pay and hours of shop men are at issue.

The line offers the only public transportation in many parts of central Oregon.

HAVE NO DESIGNS—LOS ANGELES—(AP)—Governors of Oregon, Washington and Idaho were advised today that Southern California water users have no designs on waters of the Columbia river.

CAIN IN SEATTLE—SEATTLE—(AP)—A one-day hearing on Pacific Northwest steel problems brought Sen. Harry P. Cain back to Seattle today for his second return to Washington state since he took office last January.

Opponents of the Cain-Russell housing disposal bill, soon to receive senate consideration, announced yesterday they planned to picket the chamber building during the steel hearing's noon recess.

WITHDRAWS RECOGNITION—DETROIT — (AP) — The Ford Motor Co. ,which signed the nation's first contract with the Foreman's Association of America three years ago, today withdrew recognition of the independent union whose 3,800 Ford supervisory employes have been on strike more than six weeks.

The company said its three-year "experiment" with the independent union has "failed hopelessly."

Strikers were urged to return to work immediately without fear of "discrimination of any kind."

The FAA immediately replied that Ford was "reiterating in public what they told us when the strike began."

CLARK SHOWS ANXIETY—FORT LEWIS—(AP)—Reiterating his anxiety over the role and attitude of Russia in Europe, Gen. Mark W. Clark told Fort Lewis troops last night that "insidious forces and underhanded methods of communism are seeking to destroy the freedom of Europe which you and I fought to hard to preserve."

An estimated 1,000 persons were in line to meet the general and Gov. Wallgren at an evening reception at the Officer's Club.

SEEK REHEARING — OLYMPIA —(AP)—Attorneys for the Skagit county public utility district today petitioned the state supreme court for a rehearing of the controversial PUD-Puget Sound Power and Light Company case.

They outlined four points in the petition asking the court to reconsider its 5 to 4 ruling that the proposed $135,000,000 purchase of the Puget Sound Power and Light Company by the Skagit PUD is illegal.

HOUSING PROBLEM AGREE ON WEATHER STATION MONEY

WASHINGTON —(AP)— Senator Magnuson, D-Wash., said today senate-house conferees have agreed to a $52,000 increase in the weather bureau appropriation to permit establishment of a weather reporting station in Seattle.

'SUICIDIAL CARD' FIRST WORD FROM MISSING SEATTLEITE

SEATTLE—(AP)—A brief postcard message had today apparently solved the two-day disappearance of Orville O. Carr, 61-year-old transit system driver.

The card, mailed Tuesday from Mount Vernon, was received yesterday by his bride of two weeks.

"By the time you receive this card I will be under the waves of Puget Sound," the message read in part.

Following other directions in the card, Mrs. Carr found her husbands hat, watch and keys near the commemorative plaque between the Deception pass bridges.

Skagit county deputy sheriffs searched the bridge area without finding any further clues.

Committee, 18 to 6, Votes To Consider Another Tax Cut Bill

WASHINGTON—(AP)—The new republican-backed bill to cut income taxes $4,000,000,000 annually was approved 18 to 6 today by the house ways and means committee.

A shift of democratic votes in favor of the measure brought immediate predictions that the house and senate could override another presidential veto.

The bill is identical with the measure vetoed by President Truman June 16, except that the effective date of the proposed tax reduction is changed from July 1, 1947 to January 1, 1948.

Speaker Martin (R-Mass) set a new house showdown vote on the measure for next Tuesday.

Ways and means Chairman Knutson (R-Minn) author of the legislation, said that under the tax cutting bill federal revenues in the fiscal year starting yesterday would be $39,900,000,000—"enough to pay at least $5,000,000,000 on the national debt."

The committee action came in the face of democratic predictions that another veto awaits the measure, which would reduce income levies for 48,000,000 taxpayers from 10½ to 30 per cent, depending on income level.

When the ways and means committee reported the first tax cutting bill several months ago the vote was 16 to 9, with only one democrat joining the republicans in support of the legislation.

With the effective date changed to next January 1, three democrats joined 15 republicans in support of the legislation today. Six democrats voted against it.

699 Railroads Ask Billion a Year Added Freight Income

WASHINGTON —(AP)— The nation's railroads today asked for a new increase in freight rates estimated to yield approximately $1,091,000,000 a year in additional revenues.

A total of 699 carriers, representing all the operating lines, filed a joint petition with the interstate commerce commission asking the increase and terming it necessary to "bridge the gap" between present railroad revenue and increased costs of operations.

The lines involved have estimated their freight revenues for 1947 at $6,812,000,000, based on present rates.

Weather Forecast A Bit Bleak for Weekend

SEATTLE — (AP) — The Pacific northwest faced a bleak Fourth-of-July weekend as the weather bureau forecast rain and cooler weather and ordered smallcraft warnings hoisted today.

Occasional sunshine, interspersed with showers, was predicted for tomorrow afternoon.

The smallcraft warnings were for along the Washington coast and through the straits of Juan de Fuca for southerly winds of 20 to 30 miles an hour velocity from 8 a.m. today through this afternoon. The wind was expected to shift to the west tonight.

May, Garsson Brothers Convicted By Jury on War Bribe Counts

WASHINGTON—(AP)— Ex-Congressman Andrew J. May was convited today of selling his influence while wartime chairman of the house military committee.

A federal court jury also convicted munitions makers Henry and Murray Garsson of paying the 72-year old former Kentucky congressman more than $50,000 in bribes for favors during the war years.

The three defendants received the verdict calmly. All had relatives near them in the court room.

The jury deliberated only an hour and 50 minutes before reaching its verdict, climax of a trial that lasted 11 weeks.

Announcement of the verdicts however, was delayed more than 20 minutes while court officials were assembled.

Foreman George E. Wells solemnly answered "guilty" to each of the three counts in the indictment, which charged that May took money for interceding at the war department for the Garsson munitions combine.

In response to a defense request, each of the seven men and five women jurors was polled on his decision.

Each juror replied "guilty" to each of the three counts against each of the three defendants.

The court deferred sentence until later to give the defense an opportunity for appeal motions.

The maximum penalty would be a sentence of six years in prison and $30,000 fine.

Charles J. Margiotti, head of the defense counsel, said he would appeal within five days.

At that time, he told the court, he will file a motion for a judgment of acquittal, irrespective of the jury's decision, a motion for arrested judgment, and a motion for a new trial.

Priest, Nuns Pray to Save Chapel; Wall of Fire Halts

BURBANK, Calif.—(AP)—While a Catholic priest and two nuns knelt in prayer, a wall of fire advancing on a wayside chapel suddenly halted and subsided, leaving the little edifice unharmed, police reported today.

"It was the strangest thing I have ever seen," said Lieut. Kenneth K. Kipers of Burbank police. "The flames came within 20 feet of the chapel then died out. There was no noticeable change in the wind."

The flames, which had burned approximately 1,200 acres, last night swept toward the chapel, on a hill above the Mother Cabrini school for girls.

Father Innocent Mangus and two nuns rushed from the school to the chapel to remove sacred objects but before doing so bowed in prayer that the building be spared.

Lewis About To Get His Boys Best Wage Contract in History

WASHINGTON —(AP)— John L. Lewis is well on the way today toward getting the best wage contract in the history of his United Mine Workers—who otherwise would extend their current vacation into a full-blown strike next Tuesday.

The way some operators figure the tentative settlement reached late yesterday by Lewis and top executives of "big steel" mine owners and northern commercial producers, the soft coal diggers will get a 44½ cent boost in their basic hourly pay rate.

The "pattern" increases negotiated by rival CIO unions in other basic industries earlier this year have been around 15 cents an hour.

The big question remaining, however, is:

How many mining companies will accept the agreement?

It is no secret that a big segment of the industry was staggered by the concessions made to Lewis by the eastern producers.

The midwest, far west and southern mine owners—left out of the secret, top-level settlement negotiations—went into hurried huddles to map their strategy before the UMW policy committee assembles here Saturday.

Some of these operators described the proposed contract as "highly inflationary." They contend it would boost not only the price of coal but of steel and dozens of other items essential to the national economy.

ALL-SEEING DRIVER FAILS TO LOOK ABOVE

OKLAHOMA CITY — (AP) — A driver charged with failing to yield the right of way told acting Police Judge Granville Scanland the other motorist "must have dropped from Heaven."

"I never did see him until after the accident and I looked both directions," he testified.

"You should also look up in the air," Judge Scanland observed as he assessed a $6 fine.

SAFETY NOTE WILL BE ADDED TO AUTOS

KANSAS CITY —(AP)— The white cars driven by traffic and safety department police will have extra passengers tomorrow.

Internes from the General hospital will ride in each car to take care of any fourth of July casualties.

French-British Ask European States To Discuss an Economy

PARIS—(AP)—The French foreign office announced today that 2 nations will be invited to a meeting in Paris July 12 to discuss European economic cooperation as outlined in the Marshall proposal.

The countries invited will include Austria, Turkey, Albania, Ireland and all former enemy states except Germany, it was announced. A foreign office spokesman said the invitations would be sent to Paris embassies tonight.

A foreign office spokesman said a letter had been sent to Russian Ambassador Alexandre Bogomolov expressing the hope that the Soviet union, which has denounced the Marshall plan, would reconsider her refusal to join in economic cooperation. However, he said no invitation would be sent to Russia for the July 12 meeting.

The spokesman said that while Germany was not invited, the commanders in chief of her four occupation zones—"including the Russians, of course—will be consulted regarding the availability and needs of their zones."

The spokesman said the United States "will be informed of this (July 12) meeting and will be sent a copy of the letter of invitation."

He added that the United Nations economic commission for Europe, now meeting in Geneva, "will be informed but since an important member (Russia) of the commission is known to oppose the project, we see no need for plunging the commission into a needless debate on the subject."

Reckless Fliers To Be Policed

OLYMPIA, Wash.—(AP)—Thurston county Sheriff Frank Tamblyn swore in three fliers and the Olympia airport manager as deputies to help him handle reckless fliers and to aid in air search work.

The volunteer officers will receive air mileage pay while working as special officers.

Tamblyn took the action following the recent conviction here of Elwin B. Henninger, 41, Seattle, on a drunken flying charge. Henninger finishes his 30-day sentence July 4.

FORMER SHIPYARD WORKER FOUND SHOT

SEATTLE —(AP)— A 65-year-old bed-ridden invalid, Harley M. Berry, was found shot to death with two bullet wounds in his head near Juanita at the north end of Lake Washington late yesterday, Coroner John P. Brill, Jr., reported.

Despite the fact investigation pointed to suicide, the man had wounds in the center of the forehead and over his right eye and only one showed powder burns, Brill said. He ordered an autopsy.

The man's daughter, Bonitta, 15, ill in an adjoining bedroom, said she heard only one shot, which "sounded like a firecracker." She and her mother, Mabel, 50, who was outdoors at the time, rushed into his bedroom.

Sheriff's deputies said that on their arrival the weapon, a 22-calibre rifle, had been moved to another part of the room and the dead man's face had been washed. Berry worked at a Lake Washington shipyard during the war. Another married daughter, Mrs. Jaseper Earl, lives here.

ASKS FOR US-UN HEADQUARTERS PLAN

WASHINGTON —(AP)— President Truman asked congress today to give early consideration to an agreement between the United States and the United Nations covering the control and administration of U. N. headquarters in New York city.

'Tear Up Charter, Pack Up,' If Troubles Of Balkans Aren't Settled, Britain Tells UN

LAKE SUCCESS —(AP)— Britain told the United Nations today that they might as well "tear up the charter—and pack up" if they could not settle the Balkans trouble as recommended by the United States.

Sir Alexanader Cadogan, British delegate, lining up solidly with the United States proposal for a commission to watch the Balkans indefinitely, said in a statement to the security council:

"If we cannot apply proposals such as those submitted by the commission (the Balkan investigation commission) and now in the United States resolution, we had better tear up the charter—and pack up."

Cadogan referred to the recommendations by the investigating group and the United States proposal for the security council to set up a commission to remain indefinitely in the Balkans and try to smooth the differences in that unsettled zone.

A DANGER POINT

"It seems to me that here we have a danger point," Cadogan continued. "It is just such a case as the United Nations was designed to meet. We have practical proposals, which can perhaps be perfected and elaborated. We must try them."

Cadogan accepted the conclusion of the Balkans commission holding that Yugoslavia, Albania and Bulgaria mainly were responsible for the Balkan disorders. This verdict has drawn strong denials from each of those three countries.

The Soviet Union has objected that the creation of a border watch commission to remain in the Balkans would hit the sovereign rights of those states.

"In these days," Cadogan answered, "sovereign rights do not retain their pristine inviolability. In course of time many international conventions have been entered into, and each one of these detracts, in lesser or greater degree, from national soverignty. . . If it was desired to maintain sovereign rights inviolate, that ought to have been thought of (when the charter was drafted) at San Francisco . . .

Cadogan next answered a Polish attack on the commission proposals.

"The Polish member claimed that the proposals were 'ineffectual,' since they took into account only the symptoms of the disease and not the cause," Cadogan said. "And he went on to say that "the fact that the measures are ineffectual could easily prejudice the prestige of the United Nations. While not accepting his stricture on the ineffectiveness of the proposals, I cannot help deploring his timid solicitude for the United Nations. I always hope that my doctor is thinking more of me than of his prestige."

NEW LUMBER TERMINAL

PORTLAND, Ore.—(AP)—The dock commission decided today to begin building a $2,000,000 lumber terminal this fall.

Russia Tables Her Cards

By DeWitt Mackenzie
(AP Foreign Affairs Analyst)

Russia's rejection of the Marshall program for European economic rehabilitation is good news for western democracy.

It is good because it removes a terrible handicap of uncertainty which has been impeding world peace and recovery.

Now please don't misunderstand. The ideal for which all people of good-will have labored would be unity of purpose among the nations, and especially among the major powers upon whom rests the main responsibility for global welfare. There could be no greater boon to humanity than that.

However, with each passing day since the end of the war it has become increasingly clear that the way of totalitarian communism was not that of western democracy. Moreover western suspicions that the Soviet Union was bent on communizing the world have grown as Moscow has brought nation after nation in Europe and Asia within its zone of domination by coups which have evoked vigorous protests from Washington and London.

For a considerable time it has been obvious to informed observers that there must be a tabling of cards among the major powers. Secretary of State Marshall's economic proposal has forced the showdown.

The western Allies tabled their cards when the altruistic proposal was made, and was agreed to by Britain and France. Then the Anglo-French pair extended an invitation to Russia to join, thus leaving Moscow the choice of three courses to pursue.

1. To accept and go all-out in an effort to make the program work, thereby encouraging belief that after all communism and other isms could collaborate.

2. To join with tongue in cheek and then try to scuttle the ship.

3. To reject cooperation, thereby widening the breach between east and west.

The Soviet Union has chosen the third course. Foreign Minister Molotov in turning down the proposal declared that it "would lead to interference in the internal affairs of European countries." Moscow previously had charged that the United States was using this plan as a subterfuge for extending its own influence in Europe—an accusation which Marshall has branded as "fantastic" and "malicious."

So it's to be non-cooperation—unless Russia has an unexpected change of heart. At long last we know exactly where we stand and we can plan accordingly.

A $35,000,000 TRAIN RIDE TO KEEP A WINDOW OPEN

NEW YORK—(AP)—The new communist custodians of ancient Hungary took over a country rescued from financial chaos by a $35,000,00 train ride with Uncle Sam at the throttle.

The followers of the hammer and sickle, now in power, have conveniently overlooked that little detail, but some among the Hungarian masses must remember.

It was right out of a Hollywood script—that train ride last August that saved Hungary from total collapse by the timely return of its entire gold reserve—22 tons of the precious metal.

I was the only reporter aboard the train, and I'd like to tell a few angles about the trip that weren't pointed out at the time.

The Hungarian government's store of gold had been captured by the American third army in Austria, and removed to Frankfurt for safekeeping. When the Hungarian pengo soared to fantastic inflationary levels, it became evident that only solid money could save the country. The American government agreed to return the Hungarian gold reserve to back a new currency—the florin.

The hope was that by this act America could keep "a window open to the west" in this Russian-occupied nation.

The gold was loaded aboard three baggage cars at Frankfurt. There was a kind of victory symbolism in the train itself. It had been built by Adolf Hitler as a present for Benito Mussolini but taken over by the fuehrer for his own use after he decided his Italian ally no longer deserved expensive favors.

There were thirty-three American military guards aboard the train.

Several times during the journey Dr. Nicholas Nyardi, then an undersecretary in the Hungarian ministry of finance, went into the baggage cars to be sure the gold hadn't fallen out on the tracks. He was still dazed that every ounce was being returned.

"We are very grateful to the American government," he said. "This is the first step toward Hungary's reconstruction."

Our trip was supposed to be a deep secret, but once we crossed the Hungarian border crowds lined the train at every station. They knew that the gold we brought again would give them a money that had meaning.

But at one stop a middle-aged Hungarian asked us:

"Why are you bringing back our gold now? You are only handing it over to the Russians."

We assured him that the gold would be turned over to the Hungarian government itself, not to occupying soviet officials, and he merely shrugged and said:

"No matter who you deliver it to, the Russians will get it out through the back door."

The train was repeatedly delayed by the Russian engineer who had taken over at the border. He gave no reason for the halts. We reached Budapest at dusk, several hours behind schedule.

"It is a simple mystery," said one of the Hungarian officials aboard. "The Russians had no intention of letting you arrive in broad daylight, when the whole city could see you Americans bringing us our gold."

And communist newspapers in the capital in inspired articles immediately told the Hungarian population that only strong soviet pressure had brought return of the gold reserve.

PACIFIC NW TOURIST SPONSORS NEWS TOUR

CALGARY, Alta.—(CP)—Sixteen editors from the leading eastern United States newspapers will spend nearly a week in Alberta during the latter part of August, veiwing the main points of interest and writing daily accounts of their trip for about 70 newspapers.

The trip is being sponsored by the Pacific Northwest Tourist Association with the party spending three weeks in the district.

The editors are from New York, Chicago, Cincinnati, Detroit, Philadelphia and other American cities.

Widow-Mother Taken From Plane; Held In Car Theft Case

SEATTLE—(AP)—A widowed mother was held today without charge for Yakima police after being arrested yesterday as she stepped from a plane at Boeing field.

The woman, who gave her name as Mrs. Patricia Thompson, 22, of San Luis Obispo, Calif., was held in connection with the arrest of two men in a car theft escapade in Yakima.

She told police she was riding with the two men, one of whom she planned to marry, when the friend got out and took a car parked nearby, her fiance following. Outside Yakima, she said, they stopped and started to strip equipment from the car, but were frightened away at the approach of another automobile.

"I was disillusioned by the whole home and children," she told police. home and children, she told police.

CHURCH OF VEGETABLES MADE BY CHICAGO MAN

CHICAGO —(AP)— The garden which Emil Soldan is growing in South Western avenue is described by neighbors as pretty as a picture.

Soldan, 63 and partly blind, used vegetables instead of paints to make the picturesque garden. With cucumbers, beets, cabbages and other vegetables as his materials, Soldan has created the design of a church in his 40 by 60 foot garden.

In the center of the church is a huge star of lettuce with a center of cucumbers. A circle of cabbages and beets surrounds the star.

Motorcycle News

At the special meeting of the Olympic Peninsula Motorcycle Club held at the clubhouse on Wednesday evening, July 2, 1947, the following members were elected to office for the next three month period. Roy M. Weed, president; Margie Raber, secretary; Jack Thompson, treasurer; Woodie Raber, sargeant-at-arms, and Wayne Nichols, reporter. The special business was completed and the members elected to hold a Beach Day next Sunday at Crescent beach. The club will gather at the county barns west of the city limits at 9:30 a.m. and ride out in club formation. All motorcycle riders, regardless of club membership, are cordially invited to come out and take part in the fun and activities. Picnic lunch will be held and the boys and girls are planning a happy time. Saturday evening, July 12 has been set for the next regular social night, with Woodie and Margie Raber, Jack and Burl Thompson, Roy and Jessie Weed acting on the entertainment committee.

O.P.M.C. reporter, Wayne Nichols.

Patricia Goodrich Honored at Party

Garden flowers about the rooms and pink and blue colonial nosewere used by Mrs. Omer C. Cooper Tuesday afternoon when she entertained with a dessert luncheon honoring Patricia Goodrich, whose marriage takes place Saturday. Place cards and tallies represented a bridal theme.

The honor guest was presented with a gift. Bridge prizes went to Mrs. Ted Browne and Mrs. E. L. Howard. Others attending were Mrs. H. J. Goodrich, Mrs. J. J. Russell, Mrs. Herman T. Swanson, and Mrs. E. R. Allen of Tacoma.

* * *

Two Sisters Have Joint Party Monday

A double birthday party was staged for the Drake sisters, Laurie and Dorothy, whose birthdays are only three days apart, when a group of their friends met at Lincoln park, July 1.

Playing in the swings and joining together in group games kept the young people happy. Two birthday cakes and ice cream were served by Mrs. Anna Spencer, Peggy Spencer and the honor guests' mother, Mrs. G. L. Drake.

Those attending were Mrs. Lloyd Carr and Gerald; Mrs. Bud Girt, Janet, Arthur and Billy Barker; Mrs. C. B. Roberts and Richard Lee; Betty Florence, Mrs. Marion Kain, Judy Anne Crain, Louise Roucher and Romona, Sharon, Tommy and Danny Tarr.

The Average Person

is apt to take his eyes for granted. Only when trouble develops does he consult his optometrist.

This is unfortunate. We only have one pair of eyes to last a lifetime. Every effort should be made to protect them.

Organization Briefs

The **NAVY MOTHERS CLUB** met Tuesday at the GAR hall, with Mrs. Eva Conrad and Mrs. Pete McGoff in charge of refreshments. The members are reminded that regular monthly meetings will be held all summer.

The **POMONA GRANGE** from Jefferson and Clallam counties is sponsoring a Granger's picnic Sunday, July 6, Sequim bay park at 12:30 p.m. Everyone is to bring their own potluck lunch and table service. Pomona Grange will furnish the meat dish, cake and ice cream, coffee, cream, sugar and pop.

At Tuesday night's meeting of the **ANGELES GRANGE** members were reminded of their invitation to an all-county meeting of the grangers at a picnic July 7 in Sequim Bay park. Mrs. Ed Gosnell advised the group that meat, coffee, ice cream and cake would be provided for everyone attending.

Lex Morgan, who attended the convention of Rotary International at San Francisco recently, reported on his trip at the Wednesday noon meeting of the **PORT ANGELES ROTARY CLUB.** There were more than 14,000 Rotarians from all over the world at the meeting, Morgan said. In attendance at the convention also from here was Rotarian Waino Saari. President Harold Widsteen, newly elected leader, outlined the club program for the coming year.

* * *

Personals

Mrs. **J. W. Bonnar** returned this morning after spending the past week visiting in Seattle.

Mr. and Mrs. **Oscar Nelson,** who moved to Orick, California, last year are spending two weeks at their Heart o' the Hills cabin.

Mr. and Mrs. Roy Wetherald of Jacksonville, Ore., are visiting here with his brother, **Harry Wetherald,** Freshwater district.

Mr. and Mrs. L. K. Hill of Baker, Montana are visiting here with Mrs. Hill's brothers **Herbert** and **Claude Molchior.**

Miss Charline Miller of Pedro Miguiel, Canal Zone is visiting at the home of Mr. and Mrs. **S. R. Fint.** Miss Miller is a neice of Mr. Fint. She recently graduated from Pasadena Junior College. She plans to visit here for a month.

Mr. and Mrs. Peter Halloran and son Roger of New York City are house guests of the Halloran's son and daughter-in-law, Mr. and Mrs. **James Halloran.** The eastern visitors plan to spend a week here on their first trip to the Olympic peninsula.

Mr. and Mrs. William Briggs (the former Betty Todd) returned to their home at Great Falls, Montana Wednesday after visiting her parents Mr. and Mrs. **George Todd,** Lake Sutherland.

Mrs. Mable Pelletier, Minneapolis, has been visiting here with her two sisters, Mrs. **John Schweitzer** and Mrs. **Lee Daigle.** She returned today from a trip to Victoria with Mr. and Mrs. Schweitzer. On Monday she plans to leave for California to see her son Vincent Pelletier.

Lt. Col and Mrs. **W. Kenneth Shayler** and son **Bobby** visited here Monday while on a 5,000 mile motor tour of the western states. Colonel Shayler is now stationed at Kirtland field, Albuquerque, New Mexico. He formely lived in Port Angeles. This was Mrs. Shayler's first visit to the northwest.

Mr. ad Mrs. Arthur Kaveney, son Robert and daughter Sharon arrived by car from Sioux City, Iowa last Thursday to visit with Kaveney's brother and sister-in-law, Dr. and Mrs. **Irving E. Kaveney.** The visitors have been shown the beauties of the Olympic peninsula the past week and went as far west as the Hoh river. Today they went on a trip to Victoria with Mrs. Kaveney.

William B. Fountain, grandson of Mrs. Erma Fountain, received his bachelor of arts degree in geography in the graduation exercises at the University of Washington, June 14. Attending the exercises were his grandmother, Mrs. Erma Fountain and his aunt, Mrs. A. J. Buchanan. Mr. Fountain will return to the university this fall to take courses in economics and business.

Patricia Goodrich Honor Guest At Kitchen Shower

Patricia Lou Goodrich was honor guest Tuesday evening when a group of her friends gathered at the home of Mrs. H. G. Phillips with Doris Atwood and Mrs. Florence Kerr serving as co-hostesses.

Pink streamers from the ceiling lights to each place-card and a two-tiered white and pink cake topped with a miniature bride and groom carried out the bridal theme.

The evening was spent visiting and presenting the bride-to-be with kitchen articles for her new home. Those attending were Gloria Benson of Sequim, Mary Frances McKernan and Mesdames Alice Wirff, W. J. Sisson, Paul Roening, I. E. Rutherford and Bertram Krueger.

REPORT GAME MEAT

SEATTLE —(AP)— All meat from game birds or game animals, canned or kept in lockers, must be authorized by the state game commission, Director Don Clarke reminded Washington sportsmen. The deadline for reporting such meat was July 1, after which a permit must be obtained from the department.

HARLEY BERRY SUICIDE

SEATTLE —(AP)— A coroner's autopsy showed today that Harley M. Berry, 65-year-old bed-ridden invalid found shot to death in his Juanita home late yesterday, committed suicide, Coroner John P. Brill, Jr., reported.

FAMOUS NEGRO DIES

PHILADELPHIA—(AP)—Maj. Richard Robert Wright, 94, one-time slave who became president of the Georgia State College, founder and president of the Citizens and Southern Bank & Trust Company here, died last night. He was an army special paymaster during the Spanish American war by presidential appointment.

Cleveland Signs Negro Player

CLEVELAND —(AP)— The Cleveland Indians today were the first American League club to have a negro player in the fold after signing second baseman Larry Doby, star Negro National League infielder bought from the Newark, N. J. Eagles.

Tribe officials reported last night that Doby, a 22-year-old navy veteran who leads the Negro National League in home runs and doubles, had been purchased from the Newark club for duty with the Indians starting Saturday. Terms of the purchase were not disclosed.

Jackie Robinson, capable first baseman of the Brooklyn Dodgers, was the first negro signed to play in "organized" baseball in modern times. He advanced to the National League this season after one year on the Dodgers' International League farm club, the Montreal Royals.

Asserting "the reports we have received on his ability are outstanding," Tribe Manager Lou Boudreau said, "I hope Doby can succeed with us as he can with other teams."

A native of Camden, S. C., the 185-pound negro infielder starred for Paterson, N. J., east side high school's city baseball champions in 1941 and 1942 before entering Long Island University. He signed with the Eagles in the spring of 1943, but entered the navy in July of that year.

Doby, who has slammed 13 homers, 16 doubles and eight triples while compiling a .458 batting average with Newark this season returned from three years' navy service last year to spark the Eagles to the Negro National League championship. Newark then defeated the Kansas City Monarchs in the negro world series.

"The acquisition of Larry Doby * * * is a routine baseball purchase — in my mind," Boudreau declared.

"Creed, race or color are not factors in baseball success, whether it be in the major or minor leagues," Lou continued. "Ability and character are the only factors.

"Doby will be given every chance, as will any other deserving recruit, to prove that he has the ability to make good with us."

Forty Hits In One Game Almost League Record

(By Associated Press)

Oakland and Hollywood played one for the books in the Pacific Coast League last night but a pitchers' battle in which Los Angeles beat San Francisco, 2-1, in 11 innings really counted at the top of the standings.

It lengthened the Angels' lead over the Seals to three games. Oakland remained in the third spot, four games back.

The noise of exploding base hits sounded like the Fourth of July had arrived early in Hollywood as the Stars and the Oaks knocked out 40 together, breaking the league record of 37 by San Francisco and Salt Lake City in 1924. Oakland had 22 hits; Hollywood, 18.

Two other records were tied. Oakland's eight consecutive hits in the second inning, when they scored 10 runs, equaled the San Diego mark against Sacramento Aug. 4, 1942. Four triples in the game equaled the Oakland-San Francisco total made in 1927.

At the end of the first half of the second the Oaks led, 10-1, but Hollywood blasted away to overcome it and even go ahead, 11-10, in the fifth. Then Oakland pulled away in the last three innings, finally winning 15-12.

Seattle topped Portland, 8-7, in 10 innings. Seattle started out with a five-hit, five-run first inning, only to see the Beavers score four times in the second on four singles, a hit batter and an error; tie it up in the fifth and go ahead, 7-6, in the ninth.

Seattle tied it 7-7 in the ninth on John Rucker's triple and a fly ball and won it in the 10th with John O'Neil's double and Rucker's single.

A 16-hit attack by Sacramento beat the San Diego Padres, 8-4. San Diego snatched a 3-1 lead in the second but Ed Fitzgerald smacked a two-run homer in the same inning to tie the score and Johnny Rizzo's 10th homer of the season gave the Solons the lead in the fifth which they didn't give up.

SHORT SCORES:

Portland	040 010 002 0—	7	13	0
Seattle	500 001 001 1—	8	14	3

(10 innings)

Helser and Silvera; Dubiel, Cecil (2), Posedel (9) and Sueme.

Oakland	0(10)0 000 131—	15	22	3
Hollywood	131 330 010—	12	18	2

Gassaway, T. Hafey (4), Bearden (5) and Raimondi; Woods, Yaylian (2), Paynter (3), Gregory (7) and Unser.

San Diego	030 000 100—	4	10	2
Sacramento	120 002 30x—	8	16	2

Olsen, Chappel (6), Kerrigan (8), and Kerr; Mann and Fitzgerald.

Los Angeles	000 000 010 01—	2	11	0
Frisco	000 010 000 00—	1	9	0

(11 innings)

Bauers and Malone; Chesnes and Leonard.

BREMERTON RETURNS HOME, WIN CLOSE ONE

Western International League pace-setters did a flip-flop again last night as the Bremerton Bluejackets returned to the welcome shelter of their home field to squeeze out an 8-7 win over Vancouver and take over the No. 1 post.

Spokane, which had taken over the lead for the second time this week on the previous evening, fell a half game off the pace by losing to Salem 12-6.

Victoria drubbed Tacoma 16-4 to drop the losers into sixth place and move themselves within two percentage points of the fourth place Vancouver club.

Yakima toppled Wenatchee 9-4 in the night's other clash.

The leading Bluejackets, who haven't been able to buy a win in their last three road series, couldn't give last night's tilt away. Vancouver matched Bremerton's four errors and a ninth inning grandslam homer by the Canadian's Frank Mullens left the losers one short of tying the count.

Salem's first baseman Joe Skebar sparked the Oregonians victory at Spokane, his two-run homer highlighting a six-run sixth inning and his three-run circuit smash in the succeeding frame closing out the victor's scoring. The victory was costly, however, with the third place Solons losing Second Baseman Al Spaeter indefinitely with a broken finger received while fielding a ground ball.

Victoria took a 3-1 series edge over. Tacoma with Len Kasparovitch marking up his eighth success and fifth in a row. A big seventh inning, good for nine runs, featured home runs by the winner's Cavalli, Righetti and Patterson.

Charlie Robinson's three-run homer in the ninth inning salted away Yakima's win over Wenatchee to give John Cordell his sixth win against a lone defeat.

PRTFITABLE CHANGE

ARDMORE, Okla.—(AP)—When W. B. Eagle operated his own farm he used to sell watermelons to a dealer for 30 cents a hundred pounds.

Now Eagle has own watermelon store and what do you suppose he is getting these days?

Five dollars a hundred!

Dodgers On Top Of League With Win Wednesday

By Joe Reichler
Associated Press Sports Writer

Leave it to Brooklyn to do the incredible.

The Dodgers today are on top of the National league. Yet, by all the laws of nature and baseball they should be in the second division. For on paper they are no more than that.

The lineup is far from impressive. Yet this club with Burt Shotton, a fill-in for the exiled Leo Durocher at the helm, with only two .300 hitters, without the services of Pete Reiser, their best player, and with only one dependable pitcher, Ralph Branca, is leading the league by one game.

The Brooks borrowed a page from the Giants book last night, falling on three Giants pitchers for nine runs in the fourth inning and went on to a handy 11-3 victory. Typical of the Dodgers' ability to take advantage of a slip, it was a walk and an error that started them off.

Ralph Branca, Brooklyn's biggest winner and All-Star selection, won his 11th game with a seven-hitter and fanned 10. The win enabled the Dodgers to take a one game lead over the Boston Braves. The Hubmen dropped a 6-5 decision to the Phillies in Philadelphia, losing in the ninth when Skeeter Newsome beat out a bunt, ran to second on Harry Walker's sacrifice and scored when Catcher Phil Masi let one of Anton Karl's pitches get away for him for a passed ball. Earl Torgeson of Snohomish, Wash., homered in the sixth with a Boston teammate aboard.

Scoring eight runs in a wild fifth inning, the Cincinnati Reds defeated the Pirates in Pittsburgh 8-6 as a crowd of 23,384 watched five Pittsburgh pitchers make a futile attempt to stop the Reds. Harry Gumbert, who relieved Kent Peterson in the fifth was the winner.

The New York Yankees opened up a six and a half game lead in the American league by drubbing the Washington Senators 8-1 at the Yankee Stadium. Allie Reynolds held the Nats to five hits including Stan Spence's ninth home run which robbed him of a shutout. It was his seventh victory. Joe DiMaggio walloped his 10th home run for the Yanks.

Scoring a run in the ninth inning the Philadelphia Athletics defeated the Red Sox at Boston 7-6 to take over undisputed possession of fourth place. A single by Sam Chapman scored Barney McCosky with the winning run. Pete Suder homered for the A's and Ted Williams, Bobby Doerr and Birdie Tebbetts hit four baggers for the Red Sox. It was number 14 for Williams.

Throttling a late rally, Hal Newhouser, Detroit's great southpaw, gained his ninth win against eight losses as he pitched the Detroit Tigers to a 6-5 win over the Indians in Cleveland. A crowd of 56,359 turnout to honor Mel Harder, 20-year veteran of the Tribe's mound corps.

Helped by homers by Wally Judnich and Jeff Heath, Jack Kramer had an easy time in pitching the Browns to a 7-1 victory over the Chicago White Sox in St. Louis. It was his sixth win against as many setbacks. The homers were number 12 for Heath and nine for Judnich.

All games were played at night with the St. Louis Cardinals and Chicago Cubs idle.

SWEDISH HEAVY MAY FIGHT LOUIS

STOCKHOLM — (AP) — Swedish heavyweight Olle Tandberg has agreed, if he whips American Joe Baski here Sunday, to fight champion Joe Louis in New York's Yankee stadium in September.

Lew Burston, European representative of the 20th Century Sporting Club, announced last night that Tandberg and his manager, Leo Holmstedt, had signed a contract. "Even if Tandberg loses on points," Burston added, "the door will be open for him to go to the United States."

Before the American occupation of the Philippines there were about 6,000 smallpox deaths a year in Manila alone.

Two Biologists From Game Department To Visit Bikini Atoll

SEATTLE—(AP)—Clarence Pautzke and Robert Meigs, fisheries biologists with the state game department, have been granted 60-day leaves of absence to do research work for the atomic energy commission at Bikini atoll.

Department Director Don W. Clarke said the men would accompany Prof. Loren Donaldson of the University of Washington to Bikini to study the effects of irradiation on fish at the site of last year's atom bomb tests.

Pautzke was one of the observers at the time of the tests.

Nearly 5,500,000 people are employed in motor trucking fields in the United States, or one in every 11 U. S. workers.

No Ban On Digging Razor Clams on Ocean

SEATTLE —(AP)— The summer-long ban on digging clams for human consumption does not apply to razor clams on beaches along the Pacific ocean, including Long beach, Dr. Arthur L. Ringle, director of the state department of health, said today.

The order is only the usual one which has been in effect summers for several years banning clam digging, with the exception of razor clams, on ocean beaches until October 31.

The so-called "red tide," a poisonous organism, has compelled the closure of certain ocean beaches because of its possible affects on clams, but razor clam areas are not affected, Dr. Ringle added.

He said that he regretted confusion had arisen over the order. Long beach resort owners said today they were beginning to receive cancellations because of the situation.

BLOCKS BRUCE FOR ARGENTINE ENVOY

WASHINGTON — (AP) — Senator Langer (R-ND) blocked senate confirmation of President Truman's nomination of James Bruce of Maryland to be American ambassador to Argentina.

Langer told his colleagues some objections had been raised to Bruce, but did not elaborate.

American Legion Holds Formal Ceremony Monday

The annual installation of officers of the American Legion Auxiliary was held Monday evening at the Legion hall. All members taking part wore formal evening gowns and over 60 witnessed the ceremony. Mrs. A. H. Larrabee assisted by Mrs. Myron Carlson officiated. Mrs. Ernest Harding was musician.

Officers installed were Mrs. Harvey Johnson, president; Mrs. Thomas J. Williams, first vice-president; Mrs. Mae Fisher, second vice-president; Mrs. Charles B. Hanify, treasurer; Mrs. Wilfred Morrish, secretary; Mrs. Beatrice Baum, chaplain; Mrs. Clara Percival, sergeant-at-arms; Mrs. Jack Cronin, historian.

Mrs. Johnson then appointed committees for the coming year. Mrs. Arthur Blair and Mrs. Mae Fisher will serve on the child welfare committee; Mrs. Thomas J. Williams and Mrs. Cronin, Americanism; Mrs. A. N. Williams, membership; Mrs. Darrel R. Jackson, poppy; Mrs. Beatrice Baum, Mrs. Claire Percival, publicity and radio; Mrs. Alfred Lee, chairman, and Mrs. Eugene Henderman ways and means; Mrs. Perry Bolster, Mrs. Harvey Johnson and Mrs. A. N. Williams, house committee; Mrs. Darrel R. Jackson and Mrs. Donn Divine, color bearers.

Delegates elected to the state convention in August are Mesdames H. Johnson, W. Morrish, E. N. Fitzgerald and Perry Bolster.

Each new officer was presented with a corsage and Mrs. A. N. Williams presented each outgoing officer with a gift. A special gift was presented from the entire unit to Mrs. Blair, who is third district president. Mrs. Perry Bolster presented a past-president's pin to Mrs. A. N. Williams and also a gift to Mrs. E. Sampson for her help in the membership drive.

Nona Carlson, Roosevelt high school graduate, reported on her trip last month to the Evergreen Girls State at Bellingham, sponsored by the American Legion.

Australia devotes 47,000 acres to the growing of citrus fruits.

4-H Girls Enjoy Two-day Outing

Members of the 4-H Needle and Thimble group enjoyed a two day trip to Hood canal as guests of Mr. and Mrs. Leonard Thompson June 26 and 27. The Quilcene fish hatchery, Hoodsport aquarium and the City of Tacoma's power plant were visited the first day.

After spending the night at Twanah park, the group went swimming and indulged in beach hunting before proceeding to Port Orchard for lunch. On the return trip the girls went sightseeing in Shelton, and visited the pulp mill and made another stop at the Hoodsport aquarium.

There were 14 girls, ranging in ages from 10 to 14 years, who made the trip.

Tonight the club will meet with Jean Leggitt, one of their members, for a cooking demonstration. For refreshments, the waffles made in the demonstration will be served.

Princeton Crewmen Get One Sekiu Salmon

SEATTLE —(AP)— Those cagy big salmon off Sekiu apparently gave Coach Delos (Dutch) Schoch and his Princeton University crew the run-around. The easterners had a "grand time," Schoch said on their return last night from a trip to the strait, but they got only one salmon, a 20-pounder caught by Carl Kraft, Princeton alumni secretary. They had arranged two awards for the top two fish, one a handsome trophy.

FIREWORKS COST VET'S EYE

BELLINGHAM—(AP)—Doctors said today that Robert Feenstra, 25-year old Bellingham purple heart war veteran of the South Pacific, will lose an eye as the result of a pre-Fourth of July fireworks accident.

Traffic Safety Speaker Casualty

EVERETT —(AP)— The traffic safety broadcast over Everett's radio station was presented as scheduled last night but the principal character, County Coroner Ken Baker, was not in the cast. He was in a hospital recovering from injuries received when he was knocked down by an automobile while walking across a downtown intersection.

Baker escaped without any broken bones and is expected to return to his home today, ready to lend realism to the next broadcast in the series. That they should be continued he feels is a necessity, he being one of two pedestrians hospitalized here during the day.

NEW HOSPITAL WING

SPOKANE—(AP)—A $900,000 building permit for construction of a central wing to Sacred Heart hospital was issued yesterday. The new construction, with a previously authorized $950,000 east wing, will make the hospital the largest privately owned institution in the northwest, officials said. Completion of the new sections is expected within two years.

CRASHES INTO PORCH

SEATTLE — (AP) — Struck by another automobile, a car driven by Mrs. Nieves Vintenoghel, 30, Shelton, crashed into the front porch at the home of John R. Knibby last night, causing an estimated $150 damage, police reported. She was cited for negligent driving.

In 1935, the strength of the cadet corps at West Point was set at 1,960.

GLADIOLUS THRIP

A tiny, slender bug, now commonly known as the gladiolus thrip, has put in its appearance to cause severe damage to the gladiolus and other bulb flowers during the last several years. For the first two or three years the thrip confined its activities largely to gladiolus and this still remains its host plant, but it now also feeds on a number of other plants of which the following are most widely grown here: iris, hollyhock, delphinium, white clover, asters, narcissus, cucumber and the dandelion and a number of other weeds.

The thrip lives by rasping off the outer tissue of the leaves and sucking the juices from the inner tissues. This results in shiny, white scarrings of the leaves, faded and mis-shapen flowers and failure of the blooms to open due to the spike being damaged from the inside. Other gardeners, in describing the trouble to me, have said the buds "turned rusty-like" or the edges were "curled in a blighted or wilted manner," and still another gardener said the plant looked as if it had been "burned."

The gladiolus thrip is very resistant to the most commonly used garden insecticides. Its habit of developing inside the leaf sheaves adds to the difficulty of control. However, with the proper technique in storing and treating, it can be controlled so that perfect flowers will open. Although gardeners generally plant gladiolus in April, many have found that a successive planting of groups of bulbs in the flower garden at intervals of 15 days until early July will provide a continuous display of flowers all season long until frost.

Lysol is one of the most satisfactory and easy-to-manage thrip preventives that has been brought to my attention. This is used as a pre-planting dip in the spring. Tests made at several experiment stations show that a 100% control of thrip and thrip larvae on the bulbs may be obtained by using a Lysol solution at a half-percent strength at planting time. The solution is made by mixing four teaspoons of Lysol in one gallon of water.

When the plants are about three inches high, spray them thoroughly with a rotenone spray solution. Whenever possible, spray in the late afternoon on a warm day, for this is the time when the greatest thrip population is in evidence. Continue to spray with rotenone about every week until they are in flower.

CARE WHILE GROWING

Gladiolus have a lot of work and growing to do during a fairly short time in the summer, and therefore not only need a richly prepared soil but small quantities of plant food at regular intervals. Because a new corm has to be formed above the old one while the plant is in flower, it is necessary to use a good brand of commercial fertilizer containing potash in balanced proportions to the other ingredients. Gladious experts consider that the cause of color streaking in flowers is a heavy potash feeding. This is why a general fertilizer is advised for use. Also, all through the growing period, and particularly when it is in flower, the gladiolus need lots of water. Plant food, you see, in order to be assimilated by the root system must be soluble and contained in plenty of moisture.

The bulb which we planted is at least four inches below the surface. There will be no roots in this top layer of soil, so that moisture there is of less importance. Extending outward and downward from the bulb, we find an intricate root system which may extend as far as two to three feet from the bulb. It is this section, at the bulb level and below, which must contain the moisture. All watering must be sufficient to be carried below the bulb level in order that the roots will grow down instead of up in search of water.

If the gladiolus are planted in rows by themselves it is easier to water. They may even be sprinkled overhead if this is the only convenient way, but if they are planted amongst other flowers which cannot stand daytime overhead sprinkling, it is best to water copiously between the plants by irrigating early in the morning.

It is definitely necessary to provide a continuous supply of water that the roots can take up. (This is why sprinkling overhead is of much less benefit.) A day or two before applying any fertilizer give the ground a thorough soaking with water. This allows the plant to drink its fill so that when fertilizer is applied it will be taken up slowly, thus avoiding any chance of an overdose and consequent burning. You can use about a handful of well-balanced garden fertilizer to each 25 bulbs. Apply it about six inches from the plant; scratch it into the soil and water it in. The next day loosen the top soil to conserve the moisture, thereby allowing the fertilizer to be dissolved. Repeat every two to three weeks after the plant is 12" high until just before the bloom spike appears. To further insure the use of all the natural soil moisture, light cultivation should be done regularly throughout the spring and summer, besides keeping the weeds down and allowing the sun and air to penetrate to a greater depth.

Heavy Baseball Schedule During Next Four Days

A heavy schedule of baseball that will keep Civic Field booked solid for the next four days is the attractive lemon that looms up before Port Angeles and Clallam county baseball fans through the long holiday week-end.

Tonight, the Rayonmakers and the Papermakers meet in a regularly scheduled league contest.

The feature team of the weekend is the strong Rainier District nine of Seattle, one of the contenders for the title in the powerful City League, which will tangle with all three Industrial League teams.

The first tussle with Rainier District is July 4th at 8:00 p.m. when the Sequim Merchants test the Seattle club. The second is July 5th at 8:00 p.m. when the Papermakers, pace setters of the Industrial League, test their strength. The final game of the series is an afternoon game, Sunday July 6th, with the Rayonmakers on tap.

ACCIDENTALLY SHOT

SEATTLE—(AP)—Shot accidentally in the leg by a companion while on a fishing trip near Dorothy lake, high in the Cascades, Harry Parsons, 18, was brought out to a highway by woodsmen last night.

Bill Williams, speeding, forfeited $12 bail.

Army Equipment Display

Riley Harper, M/S USA, recruiting officer for this area, reports that there will be a display of army air-force equipment in Port Angeles next Wednesday, July 9. The truck, will arrive at two o'clock in the afternoon, and will be displayed on the downtown streets. They leave Thursday, July 10 for Port Townsend, the recruiter said.

Pump House Burns

A pump house and gasoline pump were destroyed at the Harry Donkin home two miles south of Fairview about 9:30 p.m. Wednesday when the pump house caught fire from an unknown cause, firemen report. City firemen aided the state fire crew in putting out the fire.

Wednesday afternoon city firemen burned dry grass at the county fairgrounds to reduce the fire hazard.

Grange Report

Another work day at the fair grounds was set for July 12 at the meeting of the Angeles Grange Tuesday, July 1. It was also decided that the Ladies Auxiliary of the Angeles Grange would meet July 9 to plan for the exhibits for the county fair. A new member, Mrs. Ina Hoover, was instructed in the fourth degree.

Grange members and invited guests will picnic pot luck in Lincoln park at 6 p.m. the next meeting, July 15.

Gore Pleads Guilty

Earl Gore pleaded guilty in superior court before Judge Ralph Smythe this morning to a charge of indecent exposure of his person. According to the prosecutor's information Gore exposed himself to persons in Peabody gulch, between Fourth and Fifth streets, on the afternoon of June 30.

Judge Smythe set Monday as date of sentencing.

On April 5, a superior court jury acquitted Gore on a charge of taking indecent liberties with a minor girl.

Glad to See Port

A trip to Friday Harbor in a 14-foot inboard motor boat was a memorable achievement for Frank Hitchings who returned yesterday from a two-week vacation. The boat trip marked his first attempt at navigation and his first experience alone in a boat. He made the journey in five hours, leaving Port Angeles at 10:30 a.m. June 17, and arrived at 3:30 p.m. at Friday Harbor. "The water looked pretty choppy to a greenhorn and I was glad to see port," he said.

County Seeks $34,900

Clallam county today filed a $34,900 damage suit in superior court against Francis Jarnagan of Port Angeles and E. Hildebrand, his employe, for damages to the lower Hoko bridge and cost of building a temporary bridge across the river. According to the information the county claims the bridge collapsed and burned April 22 when Hildebrand drove a Stirling logging truck and trailer weighing 40 tons onto the bridge contrary to a sign which stated the gross weight allowable on the bridge was a maximum five tons. The county is asking $25,000 to restore the broken bridge and $9,900 for a temporary bridge erected across the river for vehicle and pedestrian traffic.

Plywood Worker Has Enjoyable Trip Over Alaska Road to Circle

Nile Leach, plywood worker, who left here several weeks ago with his wife and three children for a trip to Circle City, Alaska, over the Alaska highway, reached his destination safely and writes he had an enjoyable trip.

Leach mounted a house on a truck body and with food and other supplies sufficient for three months, left here for Alaska by way of Edmonton, Dawson creek, Whitehorse and Fairbanks.

Leach's letter, dated at Fairbanks, June 20, is as follows:

"We had a fine trip up with no trouble. We enjoyed a trip to Circle City and saw the midnight sun. Took a picture at midnight by the Yukon. We also enjoyed the hot springs there. We have seen lots of game and taken a great many pictures."

Circle City is on the Yukon river and is reached by road from Fairbanks, that is on the Tanana river, that is a tributary to the Yukon. Circle City is the original placer gold mining town of Alaska and is famous now for the hot spring there. Leach had a friend at Circle City whom he left here to visit and intended spending several months on the trip into the north.

Funeral Saturday For Chester A. Stephens

Chester A. Stepens, 65, died suddenly Wednesday afternoon. Funeral services will be in charge of the Fraternal Order of Eagles at Christman Mortuary Saturday afternoon at 2 o'clock with burial at Mount Angeles cemetery.

Mr. Stephens was born in Nebraska October 24, 1882 and came to Port Angeles 36 years ago, making his home on Peabody heights. He was employed in the logging and shingle industries in this area until a few years ago.

Mr. Stephens has been a member of the Eagles lodge since 1910.

He is survived by his widow and five children who are Mrs. Bob Rooney, Mrs. Donald Brown and David A. Stephens, all of Port Angeles, Mrs. Eddie Davis of Bremerton and T/Sgt. Chester O. Stephens of Fort Bragg, North Carolina. Also surviving are three brothers in California and a sister at Marysville, Washington.

Recreation Program Halts for Holiday

The recreation leaders will observe the regularly proclaimed holidays along with the community and the swimming pool will not be in use on July 4 and 5. Regular instruction and swimming will start again on Monday, July 7. Adults are again reminded that swimming and instruction for them starts next week on Wednesday at 6:30. Friday evening is also set aside for the adult swimmers and those wishing to have instruction.

Margaret O'Neill, recreation leader, announces that drawings for the girl's tennis ladder will be held next Monday and Tuesday afternoons, July 7 and 8 from 1 p.m. to 5 p.m. The drawing will be at the Race street courts where Miss O'Neill is in charge of the Erickson playfield activities each afternoon. The girls who do not have tennis rackets are urged to come as the leader will have the necessary play equipment.

Perhaps the most active phase of the recreation program can be seen at the Roosevelt gymnasium on Monday, Wednesday and Friday afternoons under play leader John Driscoll. Boys of all ages are using the gym as a drop in center where they engage in ping pong, basketball, badminton, shuffleboard and archery while waiting for their swim periods at the pool.

INSTALLATIONS PROCEED

SEATTLE—(AP)—Construction of Columbia basin irrigation installations will continue at the 1947 rate, pending official word of 1948 appropriations, Frank A. Banks, bureau of reclamation engineer, said today.

A recapitulation at Ephrata construction headquarters showed payroll expenditures alone by eight companies under 10 basin contracts exceeded $500,000 in June.

TAX COLLECTIONS SHOW INCREASE

OLYMPIA—(AP)—A $3,698,708 increase in tax collections during January and February as compared to the same two-month period a year ago was disclosed yesterday by the state tax commission.

State revenue from excise taxes during the first two months of this year totalled $17,723,707. For the same two months in 1946 the collections totalled $14,024,999.

The three percent retail sales tax accounted for 61 percent of the total accrued revenue. Sales tax collections increased from $8,384,466 in January-February 1946 to $10,878,693 for the first two months of this year.

The business and occupation tax collection increased from $2,073,458 to $2,712,354; the public utility tax from $699,703 to $837,672; the cigarette tax from $720,020 to $728,007, and the pinball and slot machine tax from $464,906 to $503,900.

The only tax collection to show a decrease was the liquor tax which dropped from $860,585 to $812,179.

Nation Prepares To Observe Fourth Of July Holiday

(By Associated Press)

With sunny weather forecast for most of the nation, millions of Americans home and abroad will celebrate Independence Day tomorrow with the traditional fireworks displays, parades, beauty pageants and speechmaking.

Festivities in Vicksburg, Miss., will mark that city's third observance of the Fourth of July as Independence Day.

Until two years ago when the city first celebrated the date as Independence Day, Vicksburg had remained in mourning on the Fourth—the anniversary of that southern city's surrender to General U. S. Grant in 1863.

"IKE" AT VICKSBURG

This year General of the Army Dwight D. Eisenhower will be the honored guest at Vicksburg's Fourth of July Carnival of the Confederacy, and will lead the parade in the city's observance.

Fireworks, parades and beauty contests are expected to attract millions of persons in Fourth of July programs throughout the nation.

At Flagstaff, Ariz., thousands of Indians from reservations in the southwest will gather for a three-day series of parades, rodeos, tribal dances and squaw and papoose beauty contests.

In Philadelphia, the Evening Bulletin will sponsor an all-day program with more than 5,000 participants in a Fourth of July celebration which is expected to draw more than a million spectators.

Another newspaper, the Buffalo (N. Y.) Evening News also is sponsoring a Fourth of July show in that city's stadium in a "safe and sane civic celebration" expected to attract some 30,000 persons.

WHOOPEE AT ISLAND

A giant fireworks and aerial show at Coney Island is being sponsored by the New York Daily Mirror and the first army and is expected to attract about 2,000,000 persons along a three-mile stretch of boardwalk.

Other community-wide celebrations are planned at Baltimore, Md., Des Moines, Ia., and Marcellus, N. Y.

A pre-Independence Day celebration will be held tonight at Danvers, Mass., where a Knights of Columbus council plans to burn what the council believes will be the nation's tallest bonfire—a 115-foot stack of 962 barrels, weighing nearly 50 tons.

GOVERNOR RAPS GOP

TACOMA —(AP)— Gov. Mon C. Wallgren predicted before a Pierce county Democratic Women's Club picnic last night that republicans "who have voted against labor and the little fellow" are serving their last term in congress.

"That goes for a lot of democrats, too," he added.

Wallgren apologized to the picnickers for making a speech, and commented that he was merely practicing for the 1948 campaign. What part of the campaign, he did not say.

Wandering Scribe

Use . . . To . . . Be . . . When . . . Scribe . . . Was a kid . . . Here . . . The week previous . . . To Fourth of July . . . Was period . . . Of great excitement . . . Among the youngsters . . . Little sleep . . . Night . . . Of July 3 . . . And instead . . . Of being . . . Yanked out of bed . . . Late . . . Rolled . . . Out at day break . . . Independence Day . . . Morning . . . With . . . Perhaps a dime to spend . . . Parked . . . Down . . . In the pocket . . . Of a pair of patched . . . Overalls . . . First purchase . . . Was a five cent . . . Package of firecrackers . . . That were . . . Fired . . . One at a time . . . And usually . . . Under a tin can . . . To make . . . More noise . . . One of fondest . . . Recollections . . . Was one Fourth of July . . . When Front street merchants . . . Presented each kid . . . In town . . . With a package of firecrackers . . . Mostly the sports . . . Were . . . On dusty . . . Front street . . . But first . . . Fourth of July . . . Scribe remembers . . . Probably in 1888 or 1889 . . . Was down . . . On the ball grounds . . . Near where . . . PenPly . . . Is . . . Remember that Hoopi Charlie . . . An Elwha Indian . . . Won a foot race . . . Running . . . In his bare feet . . . Hoopi is still living . . . At the Elwha . . . Year or two later . . . Remember . . . Another celebration . . . At same . . . Place . . . And recollects . . . Hearing some fog-horned . . . Voiced man . . . Read the Declaration of Independence . . . From flag-draped . . . Stand that year . . . What impressed . . . Scribe . . . Most was . . . That pink-lemonade . . . Was being served . . . Out of a barrel . . . And Scribe . . . Invested a nickle . . . In a glass full of it. . . . Then wished . . . He had nickle . . . Back to buy firecrackers.

FRUIT CROPS HEAVY OVER THE STATE

SEATTLE —(AP)— Harvest of a bumper crop of apricots was under way today in central Washington orchards, with heavy picking planned the next two weeks.

The season's first wheat was combined in Franklin county June 24 and the first car of new wheat moved out Schlomer siding June 25, the federal-state weekly crop bulletin said. On June 30, combines started work in five counties.

Cool temperatures in June helped spring wheat, oats and barley in all parts of the state. A big crop of raspberries is being picked. Apple thinning is nearing completion and new crop potatoes are being dug in Yakima, Benton and Grant counties.

The last week of June was "excellent growing weather."

OLYMPIA MAKES HUGE PLYWOOD PANEL

OLYMPIA—(AP)—A plywood panel Washington Veneer Company officials believe to be the largest ever manufactured will be entered in a Fourth of July parade here, Franke Abbott, production superintendent for local operations, announced today.

The huge sheet is just over 72 feet long, 10 feet wide and 13/16 of an inch thick.
