THE OLYMPIC TRIBUNE

Vol. LVX. No. 40 Entered as second-class matter on April 17, 1916, at the postoffice at Port Angeles Washington, under the act of March 3, 1879. Port Angeles, Washington, Friday, December 29, 1950 $2.00 per year, 5c per copy. Weekly since 1886. 6 Pages The Oldest Newspaper In Clallam County

Christmas Mailing Here Falls Below December 1949 Total

Despite two of the heaviest mailing days in local postoffice history, total Christmas mail dispatched here didn't quite equal last year's record, Postmaster Emerson Lawrence said today.

On the Monday before Christmas, December 18, the postoffice cancelled 60,648 letters and greetings, which is exclusive of parcel post mailing. On the next day another flood of mail hit the postoffice, with 53,000 pieces cancelled.

That was a little higher than the best day in 1949, which didn't quite hit 60,000 cancellations.

But figures for the entire month show 490,600 cancellations for this December, while a year ago the month's cancellations hit 497,000.

The Christmas rush dropped abruptly after the December 18-19 peak. By December 21 it was almost back to normal, and since last Friday mail dispatches here have "dropped to nothing" compared to the Christmas rush, postal employes say.

The Christmas mail was late this year, not starting until about December 14-15. As a result many Christmas cards and parcels still were being delivered after Christmas.

Lawrence said the usual stack of Christmas greetings in the dead letter office is considerably lower this year, largely because more people heeded the department's admonition to use first class postage. But the postoffice is sending back several bales of first class greetings too, under the new regulation which doesn't allow directory service even on misaddressed first class mail.

Postal employes estimated that incoming parcel post was about eight or nine per cent above last year, although they have no way of keeping an exact total.

The postmaster said total receipts this year will wind up at about $122,000, a little less than 1949's $123,000 total.

Deer Park Open For Holiday Weekend

Deer park will be ready for holiday weekend skiers tomorrow, with the lodge and ski tow operating. But this winter's "banana belt" weather hasn't been too helpful in promoting ski conditions.

Supt. Preston P. Macy of Olympic National Park said today snow depth at the winter sports area is 17 inches. Most of this snow is wet, and was melting this morning under a 38 degree temperature.

Macy said skiers have found some good skiing spots in the draws, but the usual ski slopes don't have good ski snow yet. The upper half of the ski tow is entirely bare of snow.

The road is bare all the way, so skiers at least don't have to stop and put on chains this weekend.

Ed Halterman, who is operating the lodge for National Park Concessions this year, reported that the lodge is booked solid for the weekend. The holiday weekend reservations include 10 from Victoria.

But the lodge does have accomodations tonight for lodging and meals.

Ski conditions at Deer park are a vast contrast to a year ago, reflecting the difference in winter weather this year and last. Park crews bucked a succession of heavy snowfalls before they could open the road last year, and 60 inches of dry powdery snow greeted the holiday weekend skiers then.

Work Begins On New Bank Building

Del Guzzi Brothers, Port Angeles contractors, are preparing to start construction of the new Olympic State Bank building at First and Laurel Streets.

Today they are completing a shed for tools and personnel headquarters at the site. A bulldozer has completed some preliminary leveling. Construction on the building will start after the first of the year.

The concrete and steel one-story building will be 50x100 feet with foundations capable of holding three more stories. In it will be two vaults and a night depository. The building will feature much glass for daytime lighting. Interior furnishings will be modern.

The contract calls for the building to be completed by July 1, 1951, but Del Duzzi says he will have it finished before that date if no unforeseen delays occur.

The bank plans moving from its present quarters at 106 North Lincoln July 1.

Site of the new building is immediately east of the Lee Hotel where the bluff was cut down last summer preparatory to construction work.

Search Still On For Missing Navy Plane

A small parachute found in the brush near the Quillayute airfield, is a weather parachute sent up from the Tatoosh island weather station.

Searchers first saw the parachute Wednesday from an Ediz hook coast guard air base plane. A helicopter from the base guided ground searchers to the parachute yesterday where it was recovered and identified.

Observers at first thought the object might be a clue to the fate of a navy bomber with 11 aboard missing since December 18. A plane was observed flying over the Quillayute area the day the missing bomber was last reported.

Search planes that have been out from this station searching for the missing plane are grounded today by a low ceiling.

(NEA Telephoto)

AWAIT ADMISSION—U. S. Marines, wounded in the Korean fighting, wait in passageway of U. S. Naval Hospital at Yokosuka, Japan, for admission. Close co-operation of Army and Navy medical teams in caring for the wounded men has provided extra care and saved many lives.

New Year's Eve Celebrations Will Be At Home This Year; Saturday Parties Planned

Port Angeles residents will have to see the new year in at home this year if they want to do any celebrating.

With January 1 coming on Monday, all places selling liquor will be closed on New Year's Eve, which of course falls on Sunday night. Folks can't even make it an all-night party Saturday, as the Sunday closing takes effect at midnight Saturday night.

Under those circumstances, most clubs and fraternal organizations planning New Year's Eve parties and dances are scheduling them for Saturday night. But that won't affect residents who desire to make whoopee in their own homes or hold open house New Year's Eve and New Year's Day.

Monday will be a complete holiday here. All stores, public offices, banks and savings and loan offices will be closed. The Evening News will not be published Monday.

Some merchants will take advantage of the double holiday to take their end-of-year inventories.

In addition to family reunions planned here, many people also will leave Saturday or early Sunday morning for visits in other northwest cities.

SPECIAL SERVICES

Several Port Angeles churches are having watch night services New Year's Eve. At First Methodist the observance starts at 6:30 Sunday evening with a fellowship hour and ends with the communion service at 11:30 p.m.

Watch night services will start at the First Baptist Church at 9 p.m. and conclude with communion service before midnight.

Candlelight communion services will start at St. Matthews Lutheran Church at 7:30 p.m. Sunday.

At Holy Trinity Lutheran Church New Year's Day services, with sermon by the Rev. Carl E. Fischer, will start at 11 a.m. Monday.

All churches will have their regular morning and evening services Sunday.

Logging camps, down since before Christmas, will start opening up Wednesday, January 3, and all except those closed because of adverse logging conditions will be open by January 15.

POLICE PATROLMAN DIES

SEATTLE—(AP)— Tine J. Matherly, 28, police patrolman shot by his wife during a family quarrel Dec. 17, died today.

The widowed Ida Marie Matherly said in a signed statement she wounded her husband with his own service revolver after he had beaten her. The two had become separated during a birthday party for Mrs. Matherly and the beating, she said, followed her arrival home.

If present weather conditions persist, many steelhead fishermen will be on the streams during the double holiday. Fishing was good yesterday in rivers that are back to normal after a period of high water. Steelhead were taken Thursday in coastal streams and in the Soleduck river.

All facilities will be open for the first time this season in the Deer park ski area and if snow conditions are favorable, crowds will visit that Olympic National Park winter sports area.

Dulles Will Talk Tonight On U.S. Foreign Policy

WASHINGTON— (AP) — President Truman's comment that the nation is going to steer clear of isolationism set the stage today for republican John Foster Dulles to join the "great national debate" on foreign policy.

Mr. Truman at his news conference yesterday pinned the isolationist label on former president Herbert Hoover's proposal to concentrate on western hemisphere defense until western Europe demonstrates it has the will and ability to meet communist aggression.

Dulles, announcing in advance that he agrees with much Mr. Hoover said, is scheduled to state his own views tonight (8 p.m. EST) in an address at New York to the American Association for the United Nations. Dulles, advisor to Secretary of State Acheson, said however he would express a viewpoint "somewhat different" from Hoover's.

In a telegram to Hoover, Dulles said he regretted his speech had been billed in advance as a reply to the former president. He explained his purpose was to make a contribution to the "great national debate upon the grave issues of our time."

The state department has made plain it expects Dulles to support the basic administration policy of collective security through the North Atlantic pact.

WON'T SPEAK FOR GOP

Guy Gabrielson, republican national chairman, said the former New York senator had consulted neither congressional republican leaders nor the GOP national committee. He said Dulles therefore would speak either as an idividual or as Acheson's advisor, but not for the republican party.

Mr. Truman spoke out bluntly when he was asked at his news conference to comment on Hoover's address, which had expressed views endorsed by many republicans in congress.

Asked whether he considered the recommendations to be 'isolationism" Mr. Truman replied: It is nothing else; read it carefully.

Reports in Olympia Indicate Deal Pending For State Purchase of Ferry Facilities

By Leroy Hittle

OLYMPIA—(AP)—Reports circulated here today indicated a new deal is pending for state purchase of certain ferry facilities of the Puget Sound Navigation Company.

The reports were given added strength by a meeting in Governor Langlie's office. It was attended by persons interested in a solution to the cross-sound transportation problem.

First indications of a new deal to put the state in the ferry business originated in Bremerton earlier this week.

An official in Olympia, who declined use of his name, neither confirmed or denied the Bremerton reports. He said, however:

"Negotiations for state purchase of certain ferry facilities were started a year ago and they have never been broken off.

"They have been speeded up during the last few days and it is quite possible something might break in the near future."

The reports indicated the new deal would be an offer by the company to sell at a certain price. The state would then be in a position to accept or reject the offer.

The last effort at a deal was handled the other way around: The state, in the person of Governor Langlie, made a direct offer to the stockholders of $3,900,000 for intrastate ferry facilities. That offer was never accepted.

Since then negotiations apparently have been carried on between representatives of the company and the state toll bridge authority headed by Governor Langlie.

PEABODY SENDS LETTER

It was learned that Capt. Alex Peabody, president of the ferry company, sent a letter to the governor several days ago. Its contents have not been disclosed but today's meeting was scheduled after the letter was received.

The meeting was attended by Langlie, his assistant Merritt Benson, William Bugge, highways director and member of the toll bridge authority; George Boldt of Tacoma, a special assistant attorney general assigned to the TBA for ferry negotiations, Floyd J. McDowell, who has been working with Boldt on the ferry situation, and others who were identified as representatives of ferry users or financial firms.

Ross Cunningham of The Seattle Times said today informed sources believe that the negotiations "have a 50-50 chance of being successful." He said plans now call for the toll bridge authority to take title to the navigation company facilities Jan. 1.

This would include all Puget sound terminals and most ferryboats of the Puget Sound Navigation Company. The company, Cunningham reported, would retain title to the Chinook, which operates in the international trade to Victoria, B. C., and several ferryboats now used in the intra-state routes.

Joyce District Lists School Board Filings

Joyce school district is the only one outside Port Angeles reporting candidates filing for school directors' election February 3.

They are Doran Jackson, incumbent of district one; Clyde McFall, incumbent, district two, and Jack Carter of district five. The district five post is vacant through resignation of Ralph Miller, on December 1.

Fairview, Dungeness and Dry creek had no filings.

Inez McLaughlin, county superintendent, said she has no reports from Quillayute valley, Cape Flattery or Sequim districts.

Filings closed December 20. Directors will take office 20 days after their election.

Registration books in all voting precincts of the county will close to permanent registration at the close of business Wednesday January 3. They do not reopen until February 4, the day after the school election of February 3.

MARINES RELOADED—After disembarking at Pusan, marines of the first division are loaded onto LST's to leave for another Korean port further west. NEA Acme photo by staff photographer Ed Hoffman, NEA Telephoto.

MERCY MISSION BY 'COPTER—Commander Frank N. Virgilio, medical officer aboard the USS Manchester off Korea, was hoisted to a helicopter for transfer to another ship, where he saved the life of a severely injured seaman. The helicopter is used for all sorts of emergency errands at sea, including hauling in dunked pilots of carrier planes. (U. S. Navy photo from NEA-Acme.)

Government Puts Curbs on Bank Credit; Sets Up Wage-Price Offices in New Control Moves

WASHINGTON —(AP)— The government's defense production and anti-inflation drives today:

1. Cut down sharply on the money banks have available for lending.

2. Established firm controls over supplies and use of natural rubber and cobalt, two materials essential in making hundreds of kinds of civilian and defense goods.

3. Brought announcement of plans for 13 regional wage-price offices.

Several agencies figured in the moves.

A federal reserve board order to its 6,885 member banks called for freezing $2,000,000,000 out of the loan market.

The board said its action would cut off a potential further increase of $12,000,000,000 in the already record-high volume of bank loans. This is because banks could have lent the $2 billion dollars over and over again.

WAGE-PRICE OFFICES

The economic stabilization agency (ESA) announced that it will open 13 regional offices "to handle price and wage problems," a step apparently paving the way for stricter controls expected later.

The national production authority (NPA) decreed that the U. S. will take over immediately as sole importer and distributor of natural rubber. Since it already controls synthetic production this move puts the government in virtual control of all rubber.

NPA announced this new move last night only a few hours after it had forbidden hoarding of 55 essential materials, including steel, lumber and paper. An NPA spokesman interpreted the latter ban to apply to newsprint.

CONTROLS COBALT

In another order today, NPA slapped tight controls on use of cobalt, a metal essential in many products. Beginning Feb. 1, the government will parcel out supplies of it. Cobalt goes into the enamel used for bathtubs, refrigerators and washing machines. It also is used in the magnets for radio and television speakers. NPA officials said TV and radio manufacture likely would be hit "extremely hard."

The federal reserve board's credit curb action was announced last night after banks had closed. Today the board called on industry for a more rapid switchover from civilian to defense production.

The board's money freeze means there will be less to lend to business firms, or to individuals who want to buy houses, autos, television sets, furniture, stock market securities, or anything else.

DON'T SEE RATE RISE

There was nothing in the order itself to raise interest rates for those who manage to get loans. Neither was there anything to prevent banks from raising those rates, although officials did not expect a rate rise.

The board's freeze was effected by raising "reserve requirements"—the proportion of deposits that member banks are required to post with federal reserve authorities as non-lendable reserves.

Reserve system member banks account for the great bulk of U. S. bank deposits and loans, although they constitute a minority of the nation's 15,000 banks. It is up to state banking authorities whether to apply a similar freeze to the remaining banks.

2 Major Shipyards Get 6-Day Week

SAN FRANCISCO —(AP)— Two of the U. S. navy's major shipyards—at Mare island and Hunters point on San Francisco bay — will go on a six-day, 48 hour work week Jan. 15.

Some 21,000 civilian employes are repairing fighting ships damaged in Korean waters and demothballing navy units laid up since world war II.

Workers will receive time and a half pay for work in excess of the normal 40-hour week.

At Hunters point, the aircraft carrier Boxer and the cruisers Toledo and Helena are undergoing overhaul. At Mare island, submarines and anti-submarine vessels are being reached.

Many other military ships are being repaired or reactivated in civilian shipyards in the bay area.

Service Will Take 192 Officers in Jan.

SEATTLE — (AP) — Washington military district headquarters said today 54 captains and 138 lieutenants in the state will be summoned to active duty in January under this week's national call.

Two of the captains and 14 of the lieutenants will be in the medical service corps.

Of the 192, Col. Leon Kotzbue said one third will be called Jan. 9, one third on Jan. 15 and the rest on Jan. 22.

Final Russ-U.S. Split Over Drafting Of Japanese Peace Treaty Appears Likely

By John M. Hightower

WASHINGTON — (AP) — A final split between Russia and the United States over drafting a Japanese peace treaty appears almost inevitable.

An exchange of notes between the two powers, the latest released here last night, disclosed several major points of conflict which diplomats doubt can be resolved. The United States shows every intention of pressing for a treaty regardless of Russia's attitude.

The American note released last night answered half a dozen questions which the Soviet Union had put to this government on Nov. 20 regarding American intentions on a peace settlement.

POINTS OF DIFFERENCE

Points of difference which now emerge from the exchange are mainly these:

1. The United States rejects Russia's contention that any of the great powers should have a veto over the treaty. This means that if Russia will not go along on terms acceptable to this and other friendly nations, then the United States is prepared to go forward without Russia.

2. The United States is going ahead without consulting communist China, despite Russia's emphasis on red Chinese interest in Japan. It is pointed out that Washington has no diplomatic relations with the Peiping regime. Moreover there is no current prospect that such relations will be established.

3. The United States considers it is "reasonable" for Japan to participate with this and with other nations in arrangements for a Japanese defense which "could include provision for the stationing in Japan of troops of the United States and other nations."

4. The United States is standing by its proposal for a future decision, either by the great powers or by the United Nations, on the status of Formosa. This is U. S. policy despite the 1943 Cairo agreement that Formosa should be restored to China. The Russians interpret that as meaning communist China.

This country's view about Formosa as presented to Moscow appears to be that because of the Chinese aggression in Korea against United Nations forces, UN considerations now take precedence over the Cairo declaration.

North Korea Communists Gouge Deep Dent in Allies' East-Central Front

By Olen Clements

TOKYO—(AP)—North Korean reds gouged a three-mile dent in the United Nations front in east-central Korea, a U. S. eighth army spokesman said tonight.

"The attack can now be said to be contained," the officer added.

The 10,000 Korean communists struck suddenly Thursday in rugged mountain country south of Pupyong, on the 38th parallel and 35 miles inland from the east coast.

Associated Press Correspondent Hal Boyle said the army spokesman in Korea called the situation "confused," but added, "there is now a dent in our line" extending four or five miles below the 38th parallel in a limited sector.

"Our forces have been counterattacking steadily and the attack can now be said to be contained," the spokesman said.

The allied line is strung across the 150-mile-wide waist of Korea just south of the parallel, the old arbitrary dividing line between red north and republican South Korea.

Lt. Gen. Matthew B. Ridgway, new U. S. eighth army commander, expressed "complete confidence in the ultimate success of the United Nations in Korea."

As he spoke, skirmishing increased all along the front.

Reds and allied troops tangled at various places on the eastern end of the front as well as in the east central sector.

A North Korean regiment attacked allied positions near Inge, five miles north of the 38th parallel and were driven back. The allies lost no ground.

General MacArthur said two red regiments seized high ground northwest of Oron, 35 miles inland from the sea of Japan coast and about 10 miles south of parallel 38.

Another thrust rolled allied forces back southeast of Yongpo, 13 miles due east of Oron.

1,350,000 REDS

Korean reds were in the forefront of the enemy action. Behind them were hordes of Chinese. MacArthur estimated Thursday that more than 1,350,000 reds — Chinese and North Korean — were poised in Korea and Manchuria to strike allied forces.

UN warplanes struck the enemy all along the frigid front and at his supply lines from Manchuria. Observation planes spotted camouflaged vehicles in the forward areas.

Air observers reported mounting evidence of Chinese and North Korean forces moving up toward the battlezone.

Ridgway, eighth army commander, imposed tight restrictions on pinpointing any unit of his huge force at this time.

Medical Men Must Register for Draft

WASHINGTON— (AP) — Virtually all of the nation's physicians, dentists and veterinarians less than 50 years old and not already registered must sign up for the draft on Jan. 15.

Draft Director Lewis B. Hershey, who announced the medical call-up last night, estimated some 210,000 medical men must register. Dr. Richard L. Meiling, director of medical service for the defense department, said about 13,000 doctors will be needed to care for the military establishment of 3,500,000 now being planned.

Dr. Meiling grouped doctors into four priority classes. Nearly all those in the first priority group, he said will probably be called within the next six months. They are men who received their training at government expense in the world war two training program, or who were deferred to complete their education, and served less than 90 days.

They are among 21,000 doctors registered in the first medical call last Oct. 16.

Dr. Meiling said the second priority group embraces doctors with the same qualifications as the first group, but who served between 90 days and 21 months. He predicted some of them will be called. They also are registered.

The third group contains doctors who did not serve in world war two, or since.

In the fourth group are war veterans.

These two groups are the ones who must register Jan. 15.

Vietminh Forces Repulsed By French Counterattack

SAIGON, Indochina—(AP)— Communist-led Vietminh forces, pressing a new northern offensive, smashed against French troops on a 25-mile front north of Hanoi today, but a French counterattack drove them back.

The Vietminh drive hit the French defense perimeter at Yenphu, only 10 miles north of the northern Indochina capital. Six French outposts along the front between the Duy and Songcau rivers bore the brunt of the Vietminh assault, which began in darkness.

French reserves were committed to the battle. The counterattack drove back several attacking Vietminh battalions, and French positions had been broken by the force of the assault and faced with encirclement later were restored.

The Vietminh offensive now is in its fourth day. Because of a series of French reverses along the frontier, the communist-led nationalists now are in positions directly threatening the Hanoi-Haiphong area.

DENY SINGAPORE REPORT

French officials have decided to send all French women and children out of northern Indochina—but they denied Singapore reports that the women and children would be evacuated from all Indochina. This evacuation from the north is about to start.

The French-chartered passenger ship Argentina is scheduled to sail tomorrow from Haiphong with 1,000 women and children.

Both the local military situation and the deteriorating international one were determining factors in the evacuation program.

President Truman Okays Food Aid For Yugoslavia

WASHINGTON —(AP)— President Truman today signed legislation providing an additional $38,000,000 in food and aid for drought-stricken Yugoslavia.

The fund raises to approximately $69,000,000 the amount of American assistance to the Balkan nation, which is communist ruled but is at odds with Russia.

Mr. Truman had asked congress for the money to avert a famine as a result of a Yugoslav crop failure. He also said it was needed "to help preserve the independence of a nation which is defying the savage threats of Soviet imperialists."

Congress will not have to appropriate any new money for the program.

Actually, the bill authorizes the diversion of $50,000,000 in Marshall plan funds to Yugoslavia. But $12,000,000 in recovery funds, plus $6,000,000 in Import-Export bank loans and approximately $13,000,000 in military aid funds, already has been made available to the Yugoslavs.

STARTED IN NOVEMBER

Shipment of food, grain and other supplies started flowing into Yugoslavia in November. The military aid money was used only to provide food for Marshal Tito's army of 30 to 32 divisions, the largest standing armed force in Europe outside Russia.

Lawmakers expect the bulk of the additional supplies furnished by the $38,000,000 to reach Yugoslavia in February and March, with the program winding up in April.

CHINA TAKES U. S. PROPERTY

HONG KONG— (AP) —Communist China yesterday seized all United States property and froze all U. S. bank deposits, the Peiping radio said today.

(A high commerce department official in Washington estimated the seizures would total "considerably less than $100,000,000." He said most U. S. property in China was seized when the reds took over in 1949.)

COMMUNISTS PERIL SEOUL—North Korean reds yesterday gouged a three-mile dent in the UN front in east-central Korea on the 38th parallel, 35 miles inland from the east coast. The attack, which a UN army spokesman said is "contained," followed closely a Chinese communist patrol's stab (1) seven miles into south Korea. Both attacks appeared to be probing actions prior to an imminent all-out offensive (broken black arrow). In addition to 200,000 reds massed above Seoul, an estimated 100,000 are lined up to the east for a possible end run around Seoul. By breaking through at Chunchon (2) they could outflank the capital city (broken white arrow) and cut key highway (3) running south to Pusan.

JAPANESE OFFICERS FETED

SAN FRANCISCO —(AP)— Officers of the first Japanese tanker to call here since before world war II were feted last night by local shipping groups.

Their ship is the 18,000-ton San Pedro Maru, largest vessel in the Japanese merchant marine. She is loading oil.

Patrolman With 3 Degrees Retires

BOSTON —(AP)— Done pounding a beat is Patrolman Edwin D. Flanders, A.B., B.L.I., LL.D.

But he wasn't promoted; he's retiring after 28 years in the department's lowest grade — despite his three college degrees.

The 60-year-old cop said he took some examinations for promotion to sergeant but never made it.

He's a bachelor of arts from Portia law school, a bachelor of literary interpretation from Emerson College and a doctor of laws from Boston University.

Flanders says he has no special plans for his retirement but "might write a book."

Today's Birthday

By Associatd Press

JESS WILLARD, born Dec. 29, 1883, was world heavyweight champion from 1915 to 1919. He won the title from the giant negro, Jack Johnson, and lost it to Jack Dempsey. But he actually hated fighting and turned to it only for the money his fists could earn. He wanted to be a cowboy. While champion he toured the country with a wild west show. After he left the ring he went to California to live.

Souffle of Bagpipes Ala Bagdad?

WASHINGTON—(AP)— Souffle of bagpipes ala Bagdad? Supreme of supreme Mistinguette garni? Brains ala Minerva de Chili? Truffle-trimmed tid-bits Empire State? Caviar, capon, breast of guinea hen under glass? Ah, no! None of these rare delicacies dreamed up to pique the fancy and palate of the gourmet was included in what the Washington Restaurant Association served up as the "perfect dinner." The banquet cost the diners $12.50 a head, but it was food they understood and even liked. Here's the menu:

Shrimp cocktail; chicken gumbo with bread sticks; celery and olives; broiled filet mignon with mushrooms, broccoli with hollandaise sauce; mashed potatoes; hearts of romaine lettuce with grapefruit, orange and avacado wedges and French dressing; vanilla ice cream pie with strawberry sauce; demitasse, cigars and cigarettes.

Emil Bruisson, originally from Peregueux, Dordogne, France, the chef who presided over preparations for this banquet, is a member of the very exclusive "Societe des Amies d'Escoffier." When his gang gets together they eat all kinds of things you can't pronounce, spiked very choosily with rare liquids and no conversation. And, they wouldn't dream of smoking or preceding the dinner with cocktails.

"Ah," said Mr. Buisson, "that is a perfect dinner too. But there are perfect dinners and perfect dinners. Everyone to his own taste."

Personals

June Carrick of Bellingham will be a weekend visitor at the home of Mr. and Mrs. **Lee Larrick.**

Mrs. **D. J. Gearey** is in Tacoma visiting her daughter Mrs. John Brueher.

Larry Pearson is home from the University of Washington to visit his parents Mr. and Mrs. **Petrus Pearson Jr.**

Frank P. Fisher III is home visiting his parents Mr. and Mrs. **Frank P. Fisher Jr.** He flew home the day before Christmas from Shepperd Field, Wichita Falls, Texas, where he is stationed with the air force.

Mr. and Mrs. **Howard White** and daughter Sheryl have moved back to Port Angeles. He graduated at mid-term from Seattle University and will now be associated with his brother **Leo White** in operating the laundry and cleaning establishment. Mrs. White is the former Helen Baker of this city.

Mr. and Mrs. Louis M. Hickey, daughter Linda Jo and Bill Stevens left Thursday for their Los Angeles home after spending the holiday with Mr. Hickey's parents, Mr. and Mrs. **James Hickey.** Also here were Mr. and Mrs. L. J. Hickey of Seattle to be with his parents at Christmas time. This was the first Hickey family reunion in 15 years.

The **Harvey Grays** had Christmas greetings from Mr. and Mrs. Nelson Neff and their four children from Frankfort, Germany. Neff, a former resident here, is now working with CARE in Europe and has visited Oslo and Amsterdam. They report making a pilgrimage to Rome and a trip down the Rhine during the grape harvest festivals. Mrs. Neff says she would never complain of Olympic peninsula weather after the rain and fog in Germany.

Mr. and Mrs. Laurence Bruseau and family of Tulare, Calif., are guests of Mr. and Mrs. **L. E. Dilling.** Mrs. Bruseau and Mrs. Dilling are sisters. Christmas day the Dillings had as their dinner guests Mr. and Mrs. **Frank Dilling,** Mr. and Mrs. W. D. Denton and daughter Gerri of Suquamish, Mr. and Mrs. **W. L. Dilling** and three children of Fairview and Kate Jordan and Mr. and Mrs. Charles Knapman of Sequim. The Dentons were guests of the Frank Dillings for the holiday.

USE AIR LIFT TO PATCH ROOF

WITH THE FIRST MARINE AIR WING IN KOREA—(AP)—Capt. Frank Presley and Lt. Don Hough were assigned the task of fixing a shrapnel hole in the roof of the headquarters building.

They clambered to the roof of the three story building through the ragged hole. Then, when the job was done, it was discovered that there wasn't a ladder in the area tall enough to reach their perch. They were targets for enemy snipers.

Lt. Col. J. Frank Cleo, squadron commander, ordered a marine helicopter to "air lift" the pair from the patched roof.

WORKERS GET BONUS

VANCOUVER, B.C.—(AP)—A New Year's bonus of $38,000 will be divided among 5,500 workers of the H. R. MacMillan Export Co. Ltd. The gift was voted yesterday at the annual meeting of the timber products' company shareholders.

MORE BONUS CHECKS

OLYMPIA— (AP) — Bonus checks were mailed today to state veterans of world war II holding claim numbers 168,501 to 168,600. Total payments so far are $60,254,753, with an average bonus of $359.37.

Virginia Seat Engaged to Wed

Mr. and Mrs. Charles N. Seat are announcing the engagement of their daughter Virginia Ann to Donald M. Mathis. He is the son of Mrs. Clara Mathis of this city.

The wedding will take place in the near future.

Barbara Gustafson Feted at Shower

Black Diamond community hall was festive with holiday and bridal decorations Thursday night. The party honored Barbara Gustafson, whose marriage to Harold W. Englund takes place Saturday.

Approximately 75 friends and relatives were present to wish her happiness and present their gifts. A special gift table, covered in green, held a miniature bridal couple, an archway, vases of flowers and lighted tapers.

Mrs. Russell Shell baked and decorated the large wedding cake as a center of attraction on the refreshment table, also lighted by white tapers. Guests were served cake, ice cream and punch from two large crystal bowls. A few games amused guests before Miss Gustafson opened her many gifts.

Assisting with the party were Mrs. Leo Doerge, Mrs. Shell, Mrs. Joe Whetham, Mrs. Sherman Angevine, Mrs. E. F. Wellman, Mrs. Clyde Shore and Mrs. Dennis Shore.

Champion Home Is Scene of Wedding

At the home of Mr. and Mrs. E. A. Champion Christmas Eve, their daughter Helen became the bride of Wayne Kelly of Yakima.

To say their vows the couple stood before an arch of greens framing a Christmas tree, both ablaze with colored lights. The Rev. Edwin Q. Hurd of Sequim read the service at 5 o'clock in the presence of the family members and a few close friends.

The bride's ballerina-length dress had a black velvet bodice and black lace skirt over green and cerise taffeta. A corsage of white camellias completed her costume.

Her sister, Mrs. David Hope of Sequim, attended her wearing a rust velvet dress and gardenia corsage. Leslie Rowley, the bride's brother-in-law of Seattle, served as best man while Mrs. Rowley played the wedding march for her sister.

Mrs. Hope baked the three-tier cake served at the dinner after the ceremony. Others present were David Hope, Mr. and Mrs. Walter Champion of Sequim, Mr. and Mrs. Bob Fuller of Agnew, James Robinson and William Morrell, both of Fairview.

Mr. and Mrs. Kelly left Christmas day for Yakima to live.

Bear Creek News

Barbara Owens was here for Christmas from Cheney. She spent the day with her mother, Mrs. R. Verderico. Dave Hillstrom also was a visitor at the Verderico home.

Fred Holmes celebrated his birthday Tuesday. Several guests gathered at Mr. and Mrs. Carl McDaniels' home and enjoyed a huge cake, baked by Mrs. Verderico. Ice cream and coffee were served.

Mr. and Mrs. F. Holmes spent Thursday in Raymond.

Mr. and Mrs. Carl McDaniels motored to Port Angeles on Sunday and and visited Mrs. Albert Reagin, returning Monday.

Mr. and Mrs. Bill Hanson and Fred Lemmon were guests over the weekend of Mr. and Mrs. Emil Carlson at Riverside.

Mr. and Mrs. Grover Robinson and daughter Sandra have moved to Sedro Woolley.

Bud Wallace, brother of Eunice Verderico, is leaving January 4 for the army. He was one of 11 called in. He resides at Piedmont, on Lake Crescent.

Mr. and Mrs. Carl Munson went to Tacoma to visit her parents over the holidays.

Mr. and Mrs. Allen Summers and children drove to Port Angeles Christmas day to visit Mrs. Anna McCaslin.

June Shira has returned home to Ocean City, after spending several days with her aunt and uncle, Mr. and Mrs. Fred Holmes.

Mrs. O. M. Tomlin received word of the death of her sister-in-law, Mrs. Carl Brian, Christmas morning at 4. Mrs. Brian resided in Everett.

Mr. and Mrs. Clinton Bergeran and son Ronnie of Sequim were guests of Mr. and Mrs. Ray Hull Tuesday.

Washington by the 1950 census has three more cities over 25,000 than Idaho and Oregon together.

PYRAMID NECKLACE . . . Topaz, emerald and white marquis cut stones by Halbe.

GUNMEN GET $1,275

CHICAGO— (AP) — Two gunmen invaded a fashionable near north side beauty shop last night, herded 20 women customers and 12 employes into a rear room and took $1,275 in cash and $2,300 in jewelry from them.

The bandits forced the women to drop to a squatting position with the heads between their knees. One gunman stood guard while his companion took $900 from the cash register and money and jewelry from employes and customers.

Austria's national income increased 19 per cent in 1949.

CLOSED NEW YEAR'S DAY

FINES FOR JAYWALKERS

CHICAGO —(AP)— Chicago is going to try again to halt jaywalking.

Beginning today jaywalkers — pedestrians who cross streets in mid-block or against traffic lights — will get warnings from police. Later warning notices will be handed out and eventually violators will get traffic tickets. The new traffic code provides fines up to $200 for jaywalking.

Chicago had an anti-jaywalking ordinance once before but the Illinois supreme court declared it unconstitutional.

SARAWAK PROSPERS

KUCHING, Sarawak —(AP)— This British crown colony is prospering. It expects to end the 1950 financial year with a big surplus. Governor Anthony Abell told the Council Negri in Kuching recently that Sarawak's revenue had been much greater than what was expected a year ago.

The governor said the increase was to a large extent due to the rise in the price of rubber. He added this year's revenue, therefore, could not be regarded as a normal one.

WHAT ABOUT The FUTURE?

THE NEXT WORLD RULER

Christianity certainly is a strange story, isn't it? It tells of a man who lived before he was born; died, and lived again; is now gone from this earth, and is coming back again. Would you believe it?

Your whole eternity depends upon whether you do believe it or not—because that is all there is going to be!

Think of it! Stranger than fiction, isn't it? Reports of "flying saucers" or a new comet or an eclipse alarm and excite us no end. But, listen: one of these days, if you are still alive—and you have a pretty good chance—you will look into the sky and see a man — Jesus himself — coming down again, just as he went up! "Behold he cometh with clouds; and every eye shall see him." Rev. 1:7.

Like a Hundred H-Bombs

That event is going to be both wonderful and terrible. It will be like a hundred H-Bombs exploding in one place! "All the cities . . . were broken down at the presence of the Lord, and by his fierce anger." Jeremiah 4:26. Christ, it is said, will destroy his enemy "with the brightness of his coming." II Thess. 2:8.

Every cemetery on earth will erupt like a volcano when Jesus comes. The bowels of the earth will discharge the re-created bodies of those through the centuries who have held to integrity and righteousness.

A fantastic and marvelous picture is painted by Paul—he declares that God will bring the righteous from the dead—just as he did Christ. Read what he says: "We who are alive and survive until the Coming of the Lord will have no advantage over those who have fallen asleep. For the Lord himself will come down from heaven with a loud summons . . . and the dead in Christ will rise first.

"Afterwards we who are alive and survive will be caught up along with them in the clouds to meet the Lord in the air." I Thess. 4:15-17 (Weymouth).

What a picture! And then, after a sojourn in heaven confirming the justice of God, the saved will return to this re-created earth—eternity and contentment in an everlasting home. No wonder Christianity is held so dear to the hearts of millions today. There is no hope apart from this.

Can You Know When?

You can know for sure when all these wonders are about to take place. If you can't, then Jesus is guilty of falsehood. For, after listing a number of "signs" (what is a sign for, anyway) that would be given toward the end of time, preceding his "coming . . . with power and great glory," He said emphatically, "When ye shall see all these things, know that it is near, even at the doors." Matt. 24:33.

Those living in past ages knew, or should have known, that Jesus coming was not near in their day —"all these things" had not taken place.

But, one after the other through the years, like the ticking of a great clock, the "signs" have been fulfilled. The time is upon us in this day.

In these troubled days with "men's hearts failing them for fear, and for looking after those things which are coming on the earth." Jesus says "when these things [the signs] begin to come to pass, then look up, and lift up your heads: for your redemption draweth nigh." Luke 21:25-28.

We know not the hour—but it is near, even at the doors. The hour is striking. It is the beginning of the future, friend. Are you ready for it? **(Next: What Your Adventist Neighbors Believe."**

This is No. 11 of a series, telling briefly of the beliefs and hopes of 700,000 of your Seventh-day Adventist neighbors and friends.

Pleasant Mountain Grange party, 8:30 p.m., Community hall. Bring cake or cookies.
Eagles Auxiliary, 8 p.m., Eagles hall.
SATURDAY, DECEMBER 30
Dry Creek Grange dance, 9 p.m., at the hall. Everyone welcome.
MONDAY, JANUARY 1
Poggie Club meeting postponed to January 15.
New Year's day service, 11 a.m., Holy Trinity Lutheran Church.

Organization Briefs

SHERIFF'S POSSE members were hosts to their wives and friends at a pre-holiday party December 22 at the saddle clubhouse. Modern and square dancing to music by Dude Smith's orchestra furnished entertainment. A midnight smorgasboard concluded the party for the 60 attending. On the committee were Norman Cloukie, Frank Christman, Dr. R. S. Dubigk, Alfred Ross, Ed Johnson, Tex Hutto and Carroll Smith.

Mrs. Gosnell Again Heads Pomona Club

Pomona Club elected its 1951 officers Wednesday and held a Christmas party. Mrs. John Wren of Carlsborg was hostess for the dessert luncheon which preceded the meeting and gift exchange among approximately 30 members attending.

The club's next year's officers are Mrs. Ed Gosnell, reelected president; Mrs. Merle Nelson of Sequim, vice-president; Mrs. Wren, secretary; and Mrs. Nellie Parr, treasurer.

Pre-School Groups To Meet Jointly

Three pre-school PTA units will meet jointly in Jefferson kindergarten next Wednesday at 7:30 p.m.

Mrs. Hugh Macaulay will preside at the session which includes talks by Mrs. Fredrick Woods of Seattle and Mrs. Ernest Marcy, state chairman of pre-school service. Mrs. Marcy will tell the groups how to form a pre-school association.

Mrs. Woods' topic concerns creative dramatics in which children are taught to act stories.

Vice-chairmen of each pre-school group plan to report the past year's activities.

Mothers of children under six, or leaders of organizations which work with this age group, are welcome to attend.

Committee Listing Coming Civic Events

The Presidents Council calendar committee is busy making up a January calendar of civic events. It plans to place the completed calendars in four spots where interested persons may consult them.

Calendars will be at Thomas T. Aldwell and Co., 105½ North Laurel; Girl Scout office, Harrington building; Evening News office and in the home of Mrs. James F. Hooker, 1234 East Second street.

Within the next few days the committee plans to call organizations and clubs for their scheduled events not already listed with them.

All clubs which are non-religious, non-political and non-social are invited to join the council, whose purpose is to promote civic betterment and act as a clearing house for community events.

The council here is patterned after those which operate in most of the country's larger cities. A similar organization in Tacoma is 42 years old.

Council officers are Mrs. H. E. Tomlinson, president; Mrs. Beulah Archer, vice-president; Isabelle Whitfield, secretary, and Mrs. Albert Tackett, treasurer.

Serving on the calendar committee are Mrs. Hooker as chairman, Mrs. R. E. Lieurance, Mrs. Helen Dieckmann, Katheryn Vasilatos, Mrs. William Wenner and Mrs. Conrad Dyar.

Any club wishing more information about the council may contact Mrs. Hooker at 5827.

Chinese Reds Aim At Revolution, Not Reform ,Club Told

The biggest lie ever peddled to the American people was the story that Chinese communists were just "agrarian reformers," J. Paul Snyder told Port Angeles Lions yesterday.

Snyder said the Chinese reds were part and parcel of the world communist revolutionary movement even when he first went to Canton 25 years ago. To prove it he displayed posters which he had taken from Chinese walls then. The posters were lettered in Chinese but the drawings were typical communist propaganda, with such portrayals as greedy capitalists squeezing blood out of the workingman.

"As a matter of fact the Chinese millions are worse off under Mao Tse Tsung than they were under Chiang Kai Shek," Snyder said. "The communists have a military budget now bigger than Chiang ever dreamed of, even during the war. They have not made the land reforms they promised, and when the Chinese peasants find these promises were empty the reds are going to have a hard time keeping control."

Further proof that Chinese communists always have been world revolutionists is the Korean war, Snyder said. The troops which drove UN armies out of North Korea were highly trained, and not 'agrarian reformers," he pointed out.

The speaker said communist China's aim in seizing Tibet is to throttle the center of Buddhist religion, which reaches out to millions of Chinese. Mao's cohorts, like Stalin's, believe religion is an 'opiate," and by controlling the head of the Buddhist religion in Tibet their aim is to stomp out that religion throughout China.

On the hopeful side, Snyder said guerilla activity in south China is effective in pinning down thousands of red troops, and can be more so if Chiang gets U. S. aid. Nor can the Chinese reds keep on indefinitely throwing in the best of their troops against UN forces in Korea

"Red China doesn't have the factories to supply their equipment losses, unless Russia gives them all-out aid. And despite our fears about the five million red troops, only a relatively small percentage of those troops are trained and equipped for modern warfare, and they've already lost thousands of their best," Snyder said.

The speaker went to China 25 years ago as a layman teacher for the Presbyterian Board of Foreign Missions, and was a hospital administrator in Canton by the time the reds took over. He spent his last eight months in China under the communist regime, leaving in May of this year. Currently he is speaking on China to Presbyterian groups through the Pacific Northwest.

Fathers See Sons Initiated in Elks

Of the 31 candidates initiated into Naval Lodge of Elks last night, six were sons of lodge members. The fathers were there to see their sons become Elks.

The father and son combinations were Donald A. Hay, son of Dr. J. C. Hay; William M. Rideout Jr., son of William M. Rideout; Connie A. Johns, son of A. G. Johns; James Treierweiler, son of Roy Treierweiler, Richard Davidson, son of Vaughan Davidson; and Basil A. Decker, son of B. V. Decker.

Connie Johns, home on leave from the U. S. navy after signing up for another "hitch," was presented an Elks' emblem from his mother and his membership from his father, by Past Exalted Ruler Dan Robertson.

Exalted Ruler Hugh H. Hankins and his officers staged the initiatory degrees.

A four act vaudeville show and buffet lunch followed the lodge session.

HOSPITAL LOSES STORK

ILFORD, Eng. —(AP)— The police got an urgent alarm yesterday from the Ilford maternity hospital:

"We have lost our stork."

The stork, a six-footer made of wood, stood over the main gate of the hospital.

It vanished during the forenoon.

THE PARTY SWEATER GIRL . . . Her dark green cashmere cardigan is embroidered in jeweled sprays of lily-of-the-valley—a new wool-knit fashion for '51.

Reducing Expert Picks 10 Most Beautiful 'If's'

By Saul Pett
(For Hal Boyle)

NEW YORK—(AP) — Jane Russell and Denise Darcel are among the "10 most beautiful If's in America."

The full title for this list is:

"The 10 most beautiful women in America if they would only lose 10 pounds."

The list was chosen by Al Roon, "moulder and conditioner of bodies, health authority and reducing expert," who performed these services for the old Zeigfield Follies, Earl Carroll's Vanities, movie studios and television producers, and who is active today in physical culture work.

Roon made his nominations because, he says, women should begin to think of adding to their curves again, but they must be careful not to add too much.

He prefaces his list with the comment:

"These women I have chosen are all beautiful. They would be perfect, just perfect, if they lost 10 pounds."

CHOICES AND ADVICE

Here are his choices and advice for each:

Jane Russell—"Four inches too big through the pectoralis muscles, both major and minor. (That's the bust)."

Lana Turner—"Gorgeous, typically American, but needs general weight reduction."

Denise Darcel—"One of the sexiest figures ever to grace our shores, but she's still 10 pounds too sexy."

Fay Emerson—"A general trimming down would increase her sex appeal and even add to her already wonderful charm."

Tallulah Bankhead — "Too much around the rectus abdominis region." (That's the waist).

Eleanor Steber, opera star—"Great as she is, if she trimmed down, if she concentrated on intercostal breathing (breathing through the chest) and intercostal exercises, it would improve her V-shape and even improve her voice."

Anne Jeffreys, star of "Kiss Me Kate"—"A reduction in the gluteus muscles, both maximus and medius, is indicated. That's her derriere."

Eloise McIlhone, television star—"Wonderful charm and the face of a doll, but she must lose in the thighs and calves."

Frances Langford and **Marguerite Piazzo**, opera star—"General reduction."

Roon, still talking fearlessly, said the ideal figure for a woman depends on whether her bones are small, medium or large. For a medium-boned woman, he regards this as perfect:

Height, 5', 7"; weight 135; bust, 36; waist, 25; hips, 36; thighs, 21; calf 14½; upper arm, 10¾; forearm, 9.

WAR HURTS SHAWL INDUSTRY

SRINAGAR, Kashmir—(AP)—Turmoil in central Asia is playing havoc with Kashmir's famed shawl industry. The fine, soft underwool of Tibetan goats which goes into the manufacture of shawls comes only from Sinkiang province of China, western Tibet, and Ladakh province of Kashmir. The mountain route linking Sinkiang with Kashmir has been closed since the Chinese communists took control in the north and Tibetan supplies have been scarce since the Chinese invasion began. Shawl-makers must depend on small supplies from Ladakh.

The coach, a four wheeled carriage with springs and a roof, derives its name from Kocs, a town in Hungary where the first coach was built.

INDIA PLANS GANDHI SHRINE

NEW DELHI—(AP)—Indian leaders are studying models of the Lincoln and Washington monuments in Washington and Moscow's Red Square tribute to Lenin in their search for a suitable shrine for Mahatma Gandhi.

Preliminary plans call for a shrine of 100 acres covering the area of the Rajghat—burning pyre—where nearly 100,000 Indians watched their idol's body turned to ashes.

The glass slipper in the English version of the Cinderella story is the result of a mistranslation when "fur" slipper became "glass" slipper.

U. S. HAS MOST PHONES

NEW YORK—(AP)—The number of telephones in the world climbed to 70,300,000 at the beginning of 1950, according to the new issue of "Telephone Statistics of the World" released today by the American Telephone and Telegraph Co.

This was an increase of more than 4,000,000 telephones over those in service at the start of 1949.

As usual, the United States led all other countries with 40,709,398 telephones in use at the start of 1950 —more than all other nations combined.

FREAK BLOOM

STAFFORD, Eng. — (AP) — George Astles, a gardener here, produced a freak chrysanthemum. The bloom is divided down the center, one side white and the other red.

Gets 5 Days For Biting Cats' Tails

WINDSOR, Ont.—(AP)— The Poles in Poland may bite the tails off kittens, but Kozubiak is spending five days in jail to realize it's not the custom here.

Kozubiak was hailed before Magistrate J. A. Hanrahan for using his teeth to de-tail three small felines. That's common practice in Kozubiak's homeland, Poland. Defense Counsel J. E. Zeron said, adding that his client had been drinking wine and did not remember the incident.

"Whatever is the practice in Poland, I don't intend to put a stamp of approval on it here," replied the judge, meting out the five-day sentence.

CHOKES ON GRAPE, DIES

DAYTON, O. —(AP)— A two-year-old Cleveland boy, Aubrey Vannoy, Jr., choked to death last night on a grape as the New York Central train on which he was a passenger neared Dayton

Efforts to revive him with an inhalator at a hospital here failed. He had been accompanying his parents to Alabama, where they were to attend the funeral of Mrs. Vannoy's mother.

Japan Is Potentially America's Most Effective Ally Anywhere in the World

(Editors note: This is the third and final article by Relman Morin, brilliant Associated Press War Correspondent, analyzing far eastern events since the war broke out in Korea. Morin, just returned from four months in Japan and Korea here discusses Japan and its value as a potential ally. Morin knows his Japan exceptionally well, having served as chief of bureau in Tokyo for the AP also before the outbreak of world war II.)

By Relman Morin

NEW YORK —(AP)— Japan, the most dangerous enemy we ever met, is potentially our most effective ally anywhere in the world now.

They tell a story in Tokyo.

It is that, when the Korean fighting broke out last June, a former Japanese army officer presented himself at an American army headquarters, saluted smartly, and said: "General, I can have my old regiment ready by Monday morning.

The incident probably never happened, at least in quite that way, but it is an authentic illustration of Japanese attitude.

What did happen was that thousands of Japanese ex-soldiers and officers volunteered to fight. Newspapers unanimously, day after day, proclaimed Japan's right and duty to assist in the Korean struggle. And the entire people, in effect, placed themselves at the disposal of the warring democracies.

It would be naive to assume that this was a result of overwhelming affection or admiration for the United States—although we have won a certain degree of both.

COMPELLING REASONS

The more compelling reasons are:

1. Japan's interests, politically and economically, are tightly tied with our own.

2. The Japanese are naturally anxious to have an end to the occupation, to resume normal trade relations with the rest of the world, and to take their place in the United Nations.

3. Having had three wars with China and Russia, and with a high degree of hatred and suspicion for both nations even when they were not actually at war, the Japanese are under no illusions about their own fate if the two communist giants ever break loose in the orient

Those are the true reasons why Japan is a powerful potential ally of the United States, and the United Nations, today.

Nations have no permanent friends; but they do have permanent interests. Ours and the Japanese, at this hour at least, are practically identical.

In spite of Russian propaganda claims, and Japanese desires, no Japanese troops are in the field in Korea today. We are using the great Japanese air and naval bases in fighting this war. Japanese personnel are employed as guards, mechanics, truck drivers and in many other ways.

It is an incongruous fact that the main UN base for the Korean war is the territory of a nation still, technically, an "enemy."

And although it was necessary practically to strip the country of our whole garrison force—four under-strength infantry divisions — there have been no disturbances, no incidents, no efforts by the Japanese to take advantage of that fact. (There have been some ominous outbreaks fomented by Korean communists living in Japan.)

RESULTS OF OCCUPATION

What are the results of the occupation?

I do not believe—and I put this in the first-person because it is a personal appraisal—that the theory or practice of "democracy" has penetrated very deeply into Japanese consciousness. So far as I could tell, the emperor is still their great symbol of authority and leadership. Their tendency still is to believe in the value of a ruling class, rather than in the wisdom of the masses.

Some Americans disagree with this view. Only time will tell which is correct.

But in its physical aspects, the occupation has been almost a miracle, a story without precedent anywhere in history.

American engineers, doctors, scientists and business men—in short, the technicians—have brought to Japan a degree of comfort and safety never before known. They have opened wide new vistas.

They have sharply cut back the former high mortality rate of infants and older people. A whole new concept in diet, nutrition, the prevention of disease, and public health in general, has come into being. On a personal basis, a great many Americans provide Japanese mothers with food-fortifiers for their children. The results already are apparent.

In terms of consumer goods, there are actually more articles in the shops than there were 10 years ago when I last previously saw the country. You see more metals and more rubber goods, tires, for example.

Financially, the country is in fair shape and improving steadily. It has a balanced budget, and the currency is getting stronger.

Joseph M. Dodge, of Detroit, a budget expert, is largely responsible for this. He quotes Japan's finance minister to illustrate the increasing improvement in the country's financial position. "When a burglar breaks into a house now," the minister said, "he actually steals money."

WHAT ABOUT FUTURE

What about the future, when the occupation ends and the Americans leave?

Japan needs the United States, both as a market and as a source of raw materials. Until they can be rearmed, the Japanese will need American military protection against the ancient enemies, Russia and China.

Vice versa, the United States, and all the other democracies, need Japan as the great balancing factor against communism in the orient. With their enormous industrial and military strength, plus dynamic energy and great ingenuity, Japan can effectively counter communist operations in Asia.

The interests are inter-dependent. As long as they remain so, Japan will be our most effective ally.

Jefferson County

(Port Townsend Leader)

Tag Sale Runs Behind

Only 611 passenger automobile tags for 1951 had been sold at the Jefferson county auditor's office up to last weekend, leaving another 2,300 motorists still to get tags.

Housing Loan Approved

President Truman has approved a $10,000 loan for planning 25 low cost housing units in Port Townsend. The public housing administration will make the loan to the Port Townsend housing authority.

33-Year-Old Suit Dismissed

A civil action which had lain dormant for 33 years in Jefferson county superior court finally was dismissed on application of an attorney representing the defendants. The case concerned the Port Angeles and Grays Harbor Railway vs. James and Anna Campbell, to clear title to property. All persons involved in the case when it started in 1917 now are deceased.

BRAZIL'S AID PLAN WORKS

Hermes Bartolomeu, executive director of the Brazilian Legion of Assistance, in Washington, recently, reported Brazil's public assistance program for families and children of veterans is going over big.

Dona Darcy Vargas, wife of Brazil's president-elect, got the program started in 1940 during her husband's earlier term of presidency, with a specified federal tax and private funds. It has grown to an $8,000,000-a-year program.

BUTTER-OLEO FIGHT

WASHINGTON—(AP)— The butter-oleo fight is about to resume again.

Rep. August H. Andresen (R-Minn) said today he will introduce legislation to prohibit sale of colored margarine.

East-West Game On Saturday

By Pete Eldred

SAN FRANCISCO—(AP) — College football's great contribution to the welfare of crippled children—the Shrine East-West classic is primed for what may be its most spectacular show.

The 26th of these famed intersectional games, which annually provide more than $100,000 for the Shrine charity, brings together tomorrow two all-star teams that really are loaded.

The East, with name players such as Michigan State's Everett Grandelius, Purdue's John Kerestes, Navy's Bill Powers and many another of the caliber, is favored by six points.

But many fans look at the West's Kyle Rote and a flock of other dangerous backs and say this game is a tossup if one ever was.

"We'll give them a ball game," said Rote, hard-hitting Southern Methodist back, who can do everything well.

The 62,000 fans who will jam-pack Kezar Stadium were promised dry, crisp, 50-degree weather.

To West coaches Jess Neely (Rice), Marchie Schwartz (Stanford) and Howie Odell (Washington) the forecast was welcome news; they probably will try to pass the East dizzy.

And with passers like quarterbacks Bill Weeks of Iowa State and Fran Nagle of Nebraska and Rote they might do just that.

(NEA Telephoto)

IT'S IN THE BAG—With Harold Damsky of Brooklyn (white uniform) vainly trying to block him, Al Roth, City College of New York goes high into the air to sink a shot during game at Madison Square Garden. Watching play are Ed Roman (11) and Ronnie Nadell (15). C. C. N. Y. won, 64-40.

East Picked To Beat West In Shrine Benefit Game Saturday

By Harold Claassen

NEW YORK—(AP)— Two-platoon football has become so popular that the gridiron sport has two seasons during each year—the scheduled program in the fall and the bowl "season" on January 1.

But to prove to you that the two seasons are really one, here are the winners of the coming bowl contests.

SATURDAY, DEC. 30:

East-West Shrine game at San Francisco: The eastern forces, with Everett Grandelius of Michigan State as the spear, are seven point favorites to chalk up a fourth straight triumph. But the real winner will be the crippled kids in the various hospitals, who get the gate receipts after expenses have been paid. The East to win.

Blue-Gray at Montgomery, Ala.: Dan Foldberg and Chuck Shira, members of the once beaten team that represented that grand old southern school, the U. S. Military Academy at West Point, N.Y., are members of the Dixie eleven. If the southerners can defeat geography that easily why can't they beat the Northern football team? The South, suh, by seven.

MONDAY, JAN. 1:

Rose Bowl at Pasadena: Michigan over California. Chuck Ortmann is competely recovered from injuries suffered during the season and it is doubtful if Les Richter, California all-America guard, and his play mates can handle the healthy Wolverine.

Sugar Bowl at New Orleans: Oklahoma over Kentucky: Five Oklahomans are supposedly on the hospital list. They will get well, miraculously, by the time of kickoff and football's longest modern winning streak will hove to 32 games.

Cotton Bowl at Dallas: Texas over Tennessee. With Townsend in the backfield and McFadin on the line the Texas team is at least the equal of any team in the country. In addition, the Longhorns will be playing before the homefolks.

Orange Bowl at Miami: Clemson over Miami. Injuries have forced Miami Coach Andy Gustafson to find a new quarterback and has him worried about his line. Clemson will give him even greater jitters.

Gator Bowl at Jacksonville: Wyoming over Washington & Lee. Eddie Talboom, Wyoming's star back, was one of the nation's leading scorers.

Cigar Bowl at Tampa, Fla.: Valparaiso over nation's leading scorers.

Sun Bowl at El Paso, Tex: Cincinnati over West Texas State.

Salad Bowl at Phoenix, Ariz. Arizona State of Tempe over Miami of Ohio.

Tangerine Bowl at Orlando, Fla.: Morris Harvey over Emory and Henry.

Pineapple Bowl at Honolulu: Denver over Hawaii.

Oleander Bowl at Galveston, Tex.: Wharton, Tex., Junior College over San Angelo, Tex., Junior College.

Two Western Teams Winners

By Associated Press

Two northern division Pacific Coast Conference besketball teams made new conquests last night, but the tall and lanky Idaho Vandals dropped their second start in the last three games to a shorter La Salle College quintet at Philadelphia.

The easterners turned back Idaho 60-49 for their seventh victory in eight starts.

Here in the Pacific northwest, Oregon squeezed out a 68-66 triumph over College of Puget Sound and Washington State College returned home to best Central Washington 59-40.

Two games are on tap tonight. Oregon hosts invading Santa Clara in the first of a two-night stand and WSC tangles again with Central Washington's Wildcats.

IDAHO LOSES

Idaho trailed LaSalle 30-24 at halftime and took the lead only once in the final period — at 34-33. The speedy eastern five, whose only defeat this season came at the hands of Western Kentucky, surged back in front and won going away. It was Idaho's fourth loss in 12 starts. Herb Mead paced the Vandals' losing cause with 10 points, 11 less than La Salle's Johnny George.

For the second straight night at Tacoma, it was substitute Forward Keith Farnam who provided the spark for the Oregon team. The Ducks led only 65-64 when Farnam hit for a field goal and foul shot three minutes before the game's end. Puget Sound cut into the margin but couldn't offset it as the Ducks played keepaway. The nip-and-tuck contest was tied 13 times in the first period before Oregon took a 33-31 intermission lead. Darwin Gilchrist bucketed 25 points to top all scores for CPS, with Curt Barclay leading Oregon with 14. The victory left the Ducks with a 4-5 season's mark.

COUGARS WIN

At Pullman, Washington State stopped Central with its height and platoons. The usual high-scoring Wildcats were forced to pot almost half of their field goals from midcourt and the taller Cougars dominated the backboards at both ends of the floor. WSC built up a 23-10 margin early in the first half but a Central rally cut the edge to but 32-26 at halftime before the Cougars' platoon strength made itself felt. Don Pugh of Central and WSC's George Rosser knotted for scoring honors with 10 each. The triumph brought the northern division team's record to eight wins against five defeats.

HOWELL WINS

NEW ORLEANS —(AP)— Louisiana State University is the first team to win three straight Sugar Bowl championships in any sport — and the honor came because a game heavyweight boxer won over illness and an opponent 42 pounds heavier.

Evans (Blackie) Howell of LSU was out of the hospital only two days, but he decisioned 232-pound Marvin Beguhl of Idaho. It gave underdog LSU a 4½ to 3½ victory over Idaho in the Sugar Bowl tournament last night. Howell was hospitalized with intestinal influenza.

LSU won over Syracuse last year and Michigan State the year before. Idaho is co-champion with Gonzaga of National Intercollegiate Athletic Association boxing.

Roughriders Lose Hoop Game To Aberdeen by Score of 44 to 43

Roosevelt's rocketing Roughriders battled their way down the stretch but were squeezed out, 44-43, by the Aberdeen Bobcats in a ding-dong non-conference basketball game played last night in the Roosevelt high gymnasium.

Aberdeen took a 12-14 lead at the quarter and built it to 26-21 at the half. The Bobcats opened the second period with a basket and built their lead to a seven point margin, the largest in the game.

But then the Roughriders caught fire. With Fuhrer and McFadden spraying the basket, they surged ahead, and at one time in the third period held a five point lead. Third period count was 36-35, Port Angeles.

ANYONE'S GAME

It was anyone's game in the final period. With a minute left, Aberdeen led by three points, 44-41. A quick basket by Dick Brown made the count, 44-43, but time expired before the Roughriders could make another scoring attempt.

Roosevelt's Ken Fuhrer hit for 18 points to take high point honors. Jim McFadden followed with 13 counters.

Bob Forbis, 6 foot 4 inch Aberdeen sophomore, tallied 15 to lead the Bobcat attack.

FOULS NUMEROUS

Thirty-one fouls were called, 17 against Aberdeen. And the gift line tosses hurt the Roughriders. Although outscoring the Bobcats from the field, 18-17, Roosevelt missed ten out of 17 while Aberdeen canned 10 out of 17.

Bobby Shideler's 16 points weren't quite enough as the Roosevelt reserves dropped a 53-36, decision to Aberdeen's second five in the preliminary game.

HOQUIAM TONIGHT

The power-laden Hoquiam Grizzlies, rated stronger than Aberdeen, invade the local court tonight. Undefeated in previous games this season, the Hoquiam aggregation handed Port Townsend its first defeat of the season last night at Port Townsend, 55-38.

Coach Jack Swarthout has four lettermen back as a nucleus for his 1951 aggregation. Don Sankus, Bob Klock, Alan Kilcup and Don Egge are the veterans.

Swarthout is assisted by Bob Jorgenson, former University of Washington all-coast cager.

Game time is set for 8 o'clock with the preliminary starting at 6:45.

Radio KONP will broadcast a play-by-play description of the game starting at 8 o'clock.

Seven Hoop Squads Still Are Unbeaten

By Associated Press

Seven major college basketball teams came through with victories last night to stay on the dwindling list of unbeatens.

They're luckier than Kentucky and Bradley, two more all-winning fives. Either Bradley or Kentucky is a cinch to lose a game by the end of the week.

Both are in the Sugar Bowl tournament opening at New Orleans tonight. Kentucky plays St. Louis and Bradley meets Syracuse. If they win as expected, the country's No. 1 and No. 2 teams will meet in the finals Saturday night.

The major unbeaten fives who won last night are:

Duquesne (8-0) 60, Detroit 52.

Long Island U. (7-0) 77, Western Kentucky 70.

Cornell (7-0) 59, Stanford 56 (overtime).

Cincinnati (6-0) 83, Xavier (Ohio) 70.

Oklahoma A. & M. (11-0) 47, Texas 38.

Navy (6-0) 60, North Carolina 49

Wyoming (10-0) 62, Colorado A. & M. 50

Sherman White scored 30 points in leading Long Island to victory. Arizona handed national champion CCNY its third defeat, 41-38, in the opener.

TITLE AT STAKE

Oklahoma A. & M. will play Arkansas tonight for the Oklahoma City tournament title. Arkansas advanced by defeating Alabama, 46-34.

Navy dropped North Carolina in the first round of the Dixie classic at Raleigh, N. C. The favorite, North Carolina State, defeated Tulane, 89-75.

Missouri, No. 9 nationally in this week's Associated Press poll, is the only member of the top ten to fall. The Tigers lost to Nebraska, 54-52, in the Big Seven tourney at Kansas City. The three who won were Oklahoma A. & M., No. 3; Long Island U., No. 4, and N.C. State, No. 6.

Jim Iverson of Kansas State dropped a long one just before the gun to defeat Oklahoma, 55-53.

At Champaign, DePaul avenged an earlier loss by taking Illinois, 68-65. Iowa came from behind in the last 10 minutes to defeat Chicago Loyola, 61-56, and Northwestern downed Marquette, 81-69.

Unbeaten Siena (9-0) whipped Temple, 71-54. Toledo trampled Mississippi College, 91-54.

In west coast intersectional games, San Francisco defeated Georgia Tech, 61-47, and UCLA walloped Pittsburgh, 68-44.

FIGHTS LAST NIGHT

By Associated Press

BROOKLYN — Ernie Roberts, 138, New York, outpointed Phil Morizio, 135, New York, 8.

Minneapolis — Del Flanagan, 134¾, St. Paul, knocked out Jackie Graves, 129¾, Austin, Minn., 3.

Sayres Named Sports Leader

SEATTLE — (AP) — The initials "S. S. S." stood today for both Stanley S. Sayres and "Seattle's Sportsman Supreme."

The automobile dealer, whose speedy hydroplane set a world straight-away record of 106.32 miles an hour on Lake Washington last summer, was selected last night as Seattle's man-of-the-year in sports.

His speedy craft, the Slo-Mo-Shun IV, captured both the Gold cup and Harmsworth races in addition to its record-breaking speed run.

Sayres triumphed over an 11-man field which also included All-America football quarterback Don Heinrich of the University of Washington and Jim Wilson, Seattle's 24-game winner who reports next year to the Boston Braves.

Ralph Kiner, home run king of the Pittsburgh Pirates, was guest of honor.

KICKOFF LUNCHEON IN BOWL TODAY

PASADENA, Calif.—(AP)— There'll be a battle today in the Rose Bowl—strictly with words—as the Tournament of Roses stages its annual pregame "kickoff luncheon."

Rose officials, gleeful that the weatherman has predicted good weather for the Michigan-California football game New Year's Day, expected several thousand to sit in on today's box lunch gabfest.

Generally, the kickoff affair is held in Pasadena's mammoth civic auditorium, sponsored by the Kiwanis Club here, but the thing attracted so many people it was decided to throw it in the big bowl itself this year.

Listed as star orators of the day, of course, were the rival coaches, Lynn Waldorf of California and Bennie Oosterbaan of the invading Wolverines.

SHOEMAKER TRAILS

NEW ORLEANS —(AP)— Jockey Willie Shoemaker rode six times at the fairgrounds here yesterday but still trails Joe Culmone 378-380 in their race for the most winners ridden by a jockey this year.

Sports Sanity Code Under Fire

LOS ANGELES — (AP) — Possible suspension of six alleged sanity code sinners, a fight over the code itself and action relating to television, all figure to keep things stewing when the National Collegiate Athletic Association holds its annual meeting in Dallas Jan. 8-11.

The "unsaintly six" are due for possible suspension for non-compliance with the sanity code, said NCAA President Hugh C. Willett as he mapped out plans for the sessions today.

Willett, University of Southern California professor and faculty adviser, as well as former president of the Pacific Coast Conference, would not divulge the names of the institutions in question, nor the five others which apparently have mended their ways since they were cited for alleged violations earlier this year.

Nor would Willett give any inkling of the nature of the purported abuses. But the sanity code deals with subsidization of athletes and presumably this issue is paramount in the cases involved.

There may be strong agitation for revision of the code, however, and if some of the proposals were adopted, the suspensions would be automatically ended before they went into effect.

If the revisions fail, the suspended schools are barred from entering athletes in national championship events, and also from voting, and even more important, NCAA members in good standing are forbidden from competing with the suspended brothers.

There are nearly 300 colleges and universities, represented by 22 intercollegiate conferences, in the NCAA.

BIG BOULDER KILLS DEER

BOERNE, Tex.—(AP)—Ever hear of a deer beign killed by a boulder?

Well, it happened near here and Mayor Gammon Davis of Boerne shot it—indirectly.

Puzzled?

Mayor Davis was out hunting with Jack Davis, Arlan Rust and V. V. Lawrence. He saw a big, beautiful buck. He fired but when the smoke had cleared he found he had missed.

But the shot hit a nearby hill and knocked a good-sized boulder off of it. Going over to inspect this, the mayor found a seven-point, 80-pound buck lying at the foot of the hill—dead. There wasn't a bullet hole in the animal but a section of the rock had penetrated the deer and severed an artery. The rock still was lodged in the deer.

NARROW ESCAPE

BLIND RIVER, Ont.—(AP)—Hugh Horner, farmer near Bruce Mines, figures it must have been a near-sighted hunter who shot at his cow. He found a bullet had silenced the bell around the neck of one of his Ayrshire cows but the animal was not harmed.

The 48th American Bowling Congress tournament will be held in St. Paul, Minn., beginning April 7.

LAST MINUTE WIN

LOS ANGELES —(AP)— Forward Hugh Faulkner's field goal in the overtime period gave the sponsoring Pepperdine Waves a 59-58 triumph over Loyola last night in the championship finals of the Los Angeles invitational basketball tournament.

Pepperdine overcame Loyola's 27-24 halftime lead and the teams left the floor at the end of the regulation time tied at 53-all.

Indiana State defeated San Diego State, 65-67, in the consolation final.

Proximity, eight-year-old mare, set world trotting records over mile tracks during 1950.

ACTRESS WEDS AGAIN—Screen actress Deanna Durbin leaves the City Hall at Saareguemines, France, with her husband, film director Charles Henri David, after what was described as a "quiet wedding ceremony." It was her third marriage and his second. (NEA Telephoto)

Kitch's Korner

By E. A. Kitchin

Merry Christmas! A little belated, but still a sincere wish!

In nearly all the homes I visited this week, I found the skeleton of the turkey. This grand bird is still the "tops" of the Christmas feast.

Some of you may not know that our domestic bird is not the true descendant of our bronze-colored eastern turkey, but rather from the race of birds that inhabited the more southern United States and Mexico.

The early Spanish explorers found the natives even then had domesticated the bird, so live specimens were sent back to Spain and other parts of Europe. Their fame and numbers quickly spread, a valuable addition to the poultry yards of the old world.

At one home I visited I met a young Scotchman named John Walker. He was a congenial soul and I liked him. He seemed so full of good Christmas spirits!

ON GRAPEFRUIT

The grapefruit is fast becoming a favorite at Christmas time. I remember as a very young man reading about the experiments of the southern orchardists trying to cross the lemon with the orange. The result then was a thick-skinned sour fruit, and the public did not take to it too strongly.

Today, the luscious thin-skinned pinky fruit is a very much improved article. An old definition for a grapefruit was "a cross between a lemon and an orange, a mule, that had a chance to make good—and did."

HOW TO COOK DUCK

A friend brought me a very nice wild duck for Christmas. It was a round, plump little butterball. I shall let it hang a day or two longer, then will pick and clean it.

Then with two strips of bacon across the breast, I shall stick it in the oven at 400 degrees and roast it for 14 minutes—no longer—the proper way to cook a small duck. Then serve with a sweet potato, currant jelly, green peas and a stick of celery, and I will sit down to a feast complete.

To all my friends and acquaintances and the readers of this newspaper, I extend wishes for a bright, prosperous, healthy New Year!

Mason County News

(Shelton-Mason County Journal)

Canadian Plane Lands

An airliner of the Queen Charlotte Airlines of Vancouver, B. C., was forced down at the Shelton airport recently by rain and a low ceiling. The pilot lost his course from Vancouver island to Vancouver, B. C., and finally followed Hood canal in order not to run into any obstructions, until he spotted the Shelton airport.

Cards Go Up In Smoke

Mr. and Mrs. Kenneth Frank, Shelton business people, are apologizing to their friends these days who didn't receive Christmas cards from them. The Franks had their cards all made out and ready to go to the postoffice, and left them in a box by their door. Not until too late did they discover that the cards became mixed up with some waste paper boxes, and were burned along with the trash.

Baby Chokes to Death

Fire Chief T. D. Deer and Police Chief Paul Hinton used a resuscitator for about a half hour on the three-months-old baby of Mr. and Mrs. Kelly Nutt last weekend, but were unable to revive the infant, which strangled to death in its crib.

Named to West Point

Gerald Lee Orr, 19, son of Mr. and Mrs. Alfred S. Orr of Shelton, has been appointed a candidate to the U. S. Military Academy at West Point. He will report to an examining board at Fort Lewis March 5 to establish his qualifications by physical and mental aptitude examinations.

THIEVES EAT PIG'S FEET

ARTESIA, N. M.—(AP)— It wasn't serious, at least not very.

One or more burglars broke into the H. & J. Food Basket here the other night and ate a lot of pickled pig's feet.

Aside from finding the bones strewn about the floor, police found only a case of cigarettes missing.

BURGLARS TAKE $4,000

KENNEWICK, Wash. —(AP)— Almost $4,000 in cash was taken from a grocery store safe by burglars early this morning, police reported.

To Air Special Program

A special post-Christmas program entitled, "Departure from Bethlehem," will be the feature on the "Children's Chapel" broadcast Saturday at 5:45 p.m. over KONP.

Christmas Lights Stolen

Oscar Ulstrom, 310 West Second, reported to police yesterday that someone stripped a tree in front of his home of 21 Christmas tree lights.

PUD Installs Hydrant

Residents east of the city limits were without water from about 9 a.m. to 1 p.m. today while the public utility district installed a fire hydrant at the Gaul corner about one-half mile south of Monroe school.

100 At Elks Party

Service men of the peninsula and their families were guests of the Elks lodge Thursday afternoon at a four act vaudeville show followed by a lunch. Present were about 100 men, women and children from many parts of the Olympic peninsula. Coming the farthest were coast guardsmen and soldiers from Neah Bay.

To Open Office

Dr. Eugene G. Dutro, DDS, announces the opening of dental offices at 934 Caroline Street, across from the new Olympic Hospital, on Tuesday, January 2. Dr. Dutro graduated in June from the University of Washington. Since August, he has resided in Port Angeles with Mrs. Dutro, awaiting the completion of the new bungalow office. He is a former resident of Aberdeen where his father operates a dental laboratory, and Mrs. Dutro is a former Tacoma resident. Mrs. Jack Bedient will assist Dr. Dutro as receptionist.

Local Woman's Mother Buried in Seattle

Mrs. Lena O'Donnell, 76, mother of Mrs. George S. King, Nineteenth and Laurel streets, died in Seattle December 23 and was buried there Wednesday.

Mrs. O'Donnell lived here with her daughter during 1947 and 1948, then moved to Seattle to be with another daughter, Mrs. C. O. Marcy. She was ill several months.

Mrs. O'Donnell lived in Anacortes before coming here in 1947.

Funeral services were at the Arthur A. Wright Funeral Parlors and burial in Mount Pleasant Cemetery, Seattle.

Surviving are several other children besides Mrs. King and Mrs. Marcy.

Marine-Air News

New commander of the coast guard icebreaker Northwind is Capt. John A. Dirks, who relieves Capt. Earl K. Rhodes, transferred to Washington, D.C., coast guard headquarters.

New commander of the cutter Klamath is Cmdr. Donald B. Henderson who replaced Cmdr. George R. Reynolds, now chief of aids-to-navigation section at Seattle headquarters after a short tour of duty as commander of the Winona, based at Port Angeles.

The Northwind and Klamath base at Seattle but often visit Port Angeles harbor.

If wind and tide are favorable, Capt. Loring F. Hyde, on an automobile tour of southern California, should make port here this weekend. He pulled up anchor at Pasadena Wednesday. He looked in at the Rose Bowl, he says in his log, but did not have a sleeping bag or chow with him to camp until the big game next Monday. Captain Hyde, manager of the Puget Sound Pilot station on Ediz hook, is accompanied by his mate, Mrs. Hyde.

One outbound vessel discharged a pilot here in the past 24 hours and three more are due today. Four vessels inbound for Puget sound took on pilots in the last 24-hour period.

Report from Ediz hook is low hanging mist and rising wind with a few salmon fishermen trolling, stripping or mooching for blackmouth salmon inside the harbor.

MILL CLOSES DOWN

CENTRALIA—(AP)— The S. A. Agnew Lumber Company's mill and logging operations, suspended last Friday for the holidays, will remain down indefinitely, Agnew said today. Approximately 270 employes are affected.

A short log supply was blamed by Agnew for the suspension. He pointed out a 56-day strike that ended Sept. 19 prevented repair of logging roads and other replacements, and early fall rains further aggravated the situation.

STABLE OWNER DIES

MIAMI BEACH, Fla.—(AP)—Warren Wright, 75, owner of the fabulous Calumet farm thoroughbred racing stable, died at his winter home here last night after an illness of three weeks.

The Asthma Clinic

Permanent Offices located at 1738 Market Street in Ballard, Washington, Telephone HE. 4409. Phone or Write for Full Details.

It is my firm belief that the Doctor who founded the ASTHMA CLINIC in Seattle, has the WORLD'S "ONLY" SUCCESSFUL ASTHMA TREATMENT.

I was "CARRIED" into his Asthma Clinic a few months ago in a dying condition.

Doctors who should have been able to help me had doomed me. They were as BEWILDERED as I was DISCOURAGED. They did not know what to do to or for me.

Doctors the world over are as puzzled over the ASTHMA PROBLEM as a Mother Hen is over the Antics of her Baby Ducklings in a mud puddle.

What is done to and for ASTHMA SUFFERERS THE WORLD OVER, WOULD BE FUNNY, "IF" **it was not so tragic.** It's just a case of "the Blind" leading the blind:

I have some "good news" for **All Asthma Victims,** that should be shouted from the House Tops—AND, VERY SKETCHILY IT IS THIS: THIS ASTHMA CLINIC DOCTOR is **stopping all Wheezing, All Labored Breathing—All Asthma Symptoms, for the most severe and discouraged Asthma Sufferers of all** ages. Usually within 36 HOURS, after treatment is begun, and this too without the use of sprays, shots, (dope), sensitization tests, or the ALLERGY CRAZE. **He saved my life:** Everyone whom I know considers my recovery a **Miracle.**

I am well and happy. I'm steadily picking up in weight and strength. I gained 14 lbs. the first month. I had lost 105 pounds in just seventeen months of wrong treatment. I now feel like my old self again. I went Deer Hunting this Fall twice and was able to go round the mountain. I also went fishing, and waded the Elwha River in some of the roughest spots. So I should be, and I am happy over my Seeming Miraculous Recovery.

I want this letter published for the benefit of others similarly afflicted.

This successful Asthma Doctor will be my guest in my home in Port Angeles on **Sunday next and also** on **New Years Day.** And, any one afflicted with Asthma will be welcome to come and consult him.

I consider he has no equal and that he stands in a nitch all his Own in the Hall of Fame, especially when it comes to the conquering of ASTHMA SUFFERING.

I want to do my microscopic bit towards bunting Asthma Sufferers recovery along.

I am a logger and I've lived here in Port Angeles all my life. I know many Asthma Sufferers, and I want to let them know that Asthma need not scourge them any longer.

Enthusiastically,
Frank Haller,
Highway 101, Box 393,
Port Angeles, Wash.
Phone 8477.

Wandering Scribe

Scribe is absolutely . . . not going to compare . . . our fine warm weather . . . with ice and snow . . . in some other sections . . . of the country . . . Crowed about it . . . last year . . . and brought a terrific storm . . . Celebrating Saturday night . . . as New Year's Eve . . . will give celebrants . . . two days to get back . . . in the groove . . . before going to work . . . Tuesday morning . . . Steelheaders getting a break . . . double holiday coming . . . during a period . . . when streams . . . are almost ideal . . . for fishing . . . George Todd . . . the mayor of Lake Sutherland . . . in town today . . . says trout in the lake . . . have the seasons twisted . . . they are jumping . . . out of the water . . . like mad . . . evidently thinking . . . spring is here . . . Today can be heard . . . the preliminary rustling . . . of new leaves . . . that are to be turned over . . . in the new year . . . The turkey . . . is a noble bird . . . But after gnawing on turkey meat . . . four days in a row . . . Scribe can do without . . . any more of . . . either the white . . . or dark meat . . . for a considerable spell . . . Feel myself almost gobbling . . . like a turkey . . . at times. . . .

Health Officer Here On Medical Program

Dr. Philip Risser, district health officer, is currently setting up a program for the medical care of welfare recipients by the state health department as provided in initiative 178.

"Our chief interest is to provide medical care as the law requires without jeopardizing the regular program of the health department," Dr. Risser said.

The program was supposed to go into effect December 7 but was postponed to January 1. Dr. Risser said the state health department will provide an outline for its operation. But the program is supposed to operate according to local conditions so each department faces different problems, he explained.

Doctor Risser is on leave of absence from the department to take a year's public health course at the University of Minnesota. He came here Wednesday and plans to leave Monday to rejoin his family in Minnesota.

The Weather

Western Washington

Intermittent rain tomorrow. High tomorrow 45 to 50, low tonight 38 to 45. Southeast winds off coast 35 to 45 miles an hour, shifting to southwest and diminishing late tonight and tomorrow.

BIG RED'S GRANDSON

BANGKOK—(AP)—Sea Water, five-year-old grandson of Man o' War, has been shipped here to improve the strain of Thailand's racing steeds.

Sea Water is the son of War Admiral and Gala Tea II. The horse will not race here, although he won several major races in England, but will stand exclusively at stud.

Roman courts of justice had water clocks and speeches were limited to the time it took for the water to run out of the dish.

50 GENERALS EXECUTED

TAIPEI, Formosa — (AP) — The China Union Press said today the Chinese reds recently executed 50 Chinese nationalist generals who had defected to them. The generals were accused of wavering from communism.

The agency said there were a total of 270 executions in the past two months at Wuchow in Kwangsi province.

It's such a thrill to receive a New Year corsage . . .

so don't disappoint her. We'll design a lovely corsage to grace the gown she's wearing to the New Year dance.

Twice as thrilling if her corsage is of orchids!

See our window display of lovely orchids (over 50!) and then drop in or call us and order yours.
