City Council Declines Gift Of Salmon Club Log Building On Hook

City Council Thursday night declined, with thanks, the gift of the Salmon Club's log building on Ediz Hook.

The building is now at the west end of the Coast Guard Air Station runway and must be moved in the near future.

Salmon Club members plan to move the larger, locker building, but had suggested giving the log building to the city, possibly for a park shelter on the hook. They also estimated cost of moving the building at approximately $3,000.

Mayor Ivor Smith, attending his first council meeting since returning from Rosenheim, said he met with the Park Board recently to discuss the offer of the building.

"The board said it might be possible to sell some other city lots reserved for park space, or solicit donations, to obtain enough money to move the building," Mayor Smith reported.

GOOD PARK AREA

Councilmen agreed Ediz Hook is a good area for a park, but questioned whether the cost of maintaining and supervising the building there might not be a burden for the city.

"Wouldn't that $3,000, if available, be better spent on fireplaces and benches or tables for the park, and not have a building there?" asked Councilman Edson Brown.

Councilman J. L. McFadden moved the council decline the offer for the Salmon Clubhouse building, with thanks. The motion passed unanimously.

City Manager G. S. Vergeer read a portion of a letter from the 13th Coast Guard commander, Rear Adm. L. W. Perkins, confirming Salmon Club access to their boat basin, although it's within the 1,600 foot tract desired for runway extension.

"If desired by the city, a corridor for public access to the southern shore will be granted under a suitable license," Adm. Perkin's letter states. "Such corridor would be bounded on the north by a fence line 30 feet from the edge of the runway as extended.

"The Coast Guard will grant the corridor in the understanding that it is the position of the city that the needs of the local public make this access essential and that the city will complete the construction of the road in the corridor within six months after the license is granted."

Adm. Perkins' letter says the delay in removing the buildings "is a matter of growing concern" to the Coast Guard, because of the serious danger to Coast Guard operating personnel and the occupants of the building. . . .

"Accordingly, it becomes necessary that this office establish Jan. 18, 1955, as the deadline for removing all obstructions in the glide path of the present runway."

The letter concludes by saying the city may anticipate the Coast Guard will approve locating buildings "west of the 1,600 foot repossessed tract, and south of the 30 foot line south of the air strip paving line extended."

At the request of George Bolstrom, long-time Ediz Hook resident, Vergeer asked the council for their opinion on allowing him to relocate his house on the hook. Bolstrom's house is one of the buildings which must be moved for the Coast Guard runway extension.

Councilmen agreed they had no legal authority to sublet space to Bolstrom, but that if it were agreeable to Crown-Zellerbach officials, they would allow Bolstrom's house to be located on the hook "by sufferance."

Vergeer said Bolstrom had rendered some service to Crown-Z in watching the logs booms, and to the Coast Guard at various times.

The council stipulated, however, that any agreement to allow Bolstrom to remain on Ediz Hook should be with the condition that he not be permitted to sell the property when he no longer wants it, but that it become the property of the city; then to be removed from Ediz Hook.

Vergeer said he will turn the matter over to Crown-Z officials who hold the sublease on property where Bolstrom's house probably would be located.

Commissioners Pass Emergency Appropriations

Clallam County Commissioners this morning passed emergency appropriations for the offices of the assessor, sheriff and the state examiner. The public hearing today brought no opposition to the resolution.

The assessor's office will receive $1000; the sheriff's office for boarding of prisoners, $1,500 and the state examiner $887.58. The emergency appropriations are necessary to complete the operations of the offices for the 1954 year.

Two public hearings were set for Dec. 20. At 10 a.m., the commissioners will open bids for petroleum products to be used by the county for 1955.

The second public hearing is for the vacation of streets in Mallette and Robson's Additions. Harold Brown presented the petition asking the vacation of platted roads. Portions of two roads are included in both additions. The Mallette and Robson's Additions are southwest of the city.

A request for purchase of tax title property owned by the county was approved by the commissioners for the town of Sequim. The town of Sequim requested purchasing 9.65 acres of land above the state fish hatchery.

Commission Chairman Fred Evans reported the town desires to purchase the property on which their water pipeline passes. The taxes due on the land is $46.90.

In other business this morning the commissioners:

Opened three bids for two new cars for the sheriff's office. The awarding of bids was tabled until late this afternoon.

Approved the dance hall license by the Dungeness Tavern upon approval from the Sequim Fire District. County Sanitarian Donald Morrison wrote to the commissioners stating the hall had met sanitary and health requirements.

Youth Admits Setting Baltimore Fire, Police Say

BALTIMORE, (AP) — Alexander Partlow, 19, pleaded innocent to arson yesterday, but police said he had admitted touching off Tuesday night's million dollar blaze in South Baltimore.

The Negro youth was arraigned on the arson charge before Magistrate Simon Schonfield and was held without bail for grand jury action.

The fire burned out an entire block of homes and business places, injured 10 firemen and left 100 homeless. His grandmother's house was destroyed.

Sgt. Thomas Bryan said Partlow was convicted five years ago of setting fire to the same lumber yard where the Tuesday night conflagration broke out. Sentenced as a juvenile offender, he was released about a year ago.

Radar Devices Confuse Drivers

AUSTIN, Tex. (AP) — Radar enforcement of the state's speed laws has confused at least two west Texas women motorists, the Texas Department of Public Safety says.

The car of one of the women stalled a short distance down the highway after she passed a radar warning sign. When the mechanic arrived, she complained: "I was just driving 65 miles an hour when they turned that darned radar on me."

The other woman telephoned to the Abilene, Tex., office of the highway patrol for help.

"I have a sick granddaughter in Amarillo and have to drive up there in a hurry," she explained. "Will you please turn that radar off so I can get there real fast?"

Toll Bridge Group To Discuss Bonds

OLYMPIA (AP) — The State Toll Bridge Authority will meet Tuesday to discuss proposed refinancing of the bond issue under which the state ferry system was purchased.

The refinancing probably will be necessary, Gov. Langlie said recently, to avoid boosting ferry fares which are not returning sufficient income to pay off current bonds.

The authority members also will discuss other proposals they may make to the 1955 Legislature. The lawmakers would have to approve the bond refinancing.

TOUGHNESS NECESSARY—Army Lt. Charles Anderson (left), with his counsel, Lt. Spencer Hamrick, leaves hearing room at Camp Gordon, Ga., after courtmartial session. He is charged with mistreatment of trainees. Anderson defended his disciplinary actions as necessary to "shape up" the men.

New Proposal Is Aid To Balancing State Budget

By LEROY HITTLE

OLYMPIA (AP) — Consolidation of legislative committees to facilitate the job of balancing the state budget was advocated Friday by a Senate majority leader.

Sen. Thomas C. Hall, Skamokawa Republican, said he will propose to the 1955 Senate that it change its rules to consolidate the existing Appropriations Committee and Revenue and Taxation Committee into a single budget committee.

"It would help us with the job of balancing the state budget," Hall said. "And that is going to be our number one problem this next session.

In the past, the Appropriations Committee passed on proposed authorizations for spending state money. The Revenue and Taxation Committee handled the job of raising the money that was to be spent during the ensuing two year period.

Hall maintained the two functions of state income and outgo should be handled by the same committee so the spending side will know how much money is available, and the taxation side will know how much money has to be raised to balance the budget.

His proposed budget committee would be divided into sub-committees on appropriations and revenue and taxation.

A modified plan for bringing the two committees together has been approved by the Legislative Council. It was developed by the council's subcommittee on legislative processes and procedures headed by Rep. John L. O'Brien, a House Democratic leader.

O'Brien's plan calls for creation of a ways and means committee. It would be composed of members of both the Appropriations Committee and the Revenue and Taxation Committee. While it would have no legal authority of its own, it would act as a liaison between the appropriations and taxation committees which would remain as they now are.

Britain Ratifies German Arms Pact

LONDON (AP) — British ratification of the Paris agreements to rearm West Germany was assured Friday following a 264-4 vote of approval by the House of Commons.

Parliamentary procedure calls for the pacts to be ratified automatically now after 21 working days of parliament.

The vote in the 625-member lower house came Thursday night after two days of debate in which Prime Minister Churchill and Foreign Secretary Anthony Eden pleaded for a bipartisan endorsement to give a decision so clear "that the whole world can understand it."

The Conservative government leaders also insisted that direct talks with the Soviet on Germany must be held off until approval of the Paris agreements had solidly lined up West Germany with the West.

Conservatives Win Election in Britain

LIVERPOOL, England (AP) — Prime Minister Churchill's Conservative party sat more firmly in the governmental saddle today after winning a sharply contested House of Commons by-election in Liverpool's West Derby district.

Conservative J. V. Woollam defeated Laborite C. R. Fenton 21,158-18,650 in yesterday's polling. Held to fill the vacancy caused by Sir David Maxwell Fyfe's elevation to the peerage, the election had been widely interpreted as a test of the Churchill government's popularity.

Opportunity Lies in What Farmers Do For Selves, Benson Tells Grange

SPOKANE (AP) — Secretary of Agriculture Benson told the National Grange Thursday night opportunities for farmers "lie primarily in what farmers do for themselves on their own farms—not what can be done for them in Washington."

Benson, addressing a banquet ending main business of the 10-day Grange convention, defended the administration farm program, declaring "legislation enacted. . . during the past year is extremely important in the overall farm picture."

"The new legislation will reduce our surpluses, will help recover foreign markets that were lost, will help farmers get a fairer return over a period of years, will help provide insurance against a drastic price drop and will help bring about better balanced production."

Benson said his department is devoting more and more attention to agricultural marketing, and has started a merchandising program to get surplus products moving.

On the convention floor, delegates went on record as favoring double income tax exemptions for active members of the armed forces, urged tax concessions to stimulate United States investments abroad, and a tax structure that would encourage small investors. However, they rejected resolutions calling for increase of personal income tax exemptions from $600 to $800 and repeal of the federal tax on telephone calls.

In other actions, the delegates called for minimum wage levels linked to the current price index, unemployment compensation "adequate for a nominal standard of living," and repeal of a postal regulation which allows advertisers to use the mails for circulars addressed to "householders."

Council Denies Vacation Of West 8th Street

In a three to two vote Thursday night, City Council turned down a request to vacate a portion of West 8th Street.

School District 17 asked vacation of L Street from 7th to 8th and 8th Street for half of the block from M to L Streets, in the vicinity of a proposed new west end school site.

Councilman Edson Brown said he does not approve of permanently closing off 8th Street, the only east-west street all the way through the City of Port Angeles.

THINK OF FUTURE

"Even though 8th Street is not yet developed out there, the area beyond M Street is already building up, and we must think of the future," Brown said. "If temporary blockades are used, 8th Street can still be open to traffic during the summer and other times when school is not in session."

Councilmen Joseph Wolfe and Margaret Powell said they favor the vacation, to insure the safety of the children crossing the street to a playground there. Brown said Planning Commission Chairman Fred Strange told him the commission regretted that the school is to be located where it is, but since the school board already has that land, vacation of the street would probably be best.

City Manager G. S. Vergeer read Planning Commission minutes showing that "after thorough discussion, the commission approved the vacation with one dissenting vote."

Miss Powell moved a resolution be prepared, authorizing the vacation of the streets requested by School District 17. Wolfe voted for it; Brown, A. T. Sandison and Dr. J. L. McFadden voted against it. Councilman Paul Neer did not attend the meeting, and Mayor Ivor Smith does not vote except to break a tie.

BOND BID

City Council Thursday night accepted the low interest bid of Blyth and Company, Seattle, for $250,000 worth of light department revenue bonds. The company offered an effective interest rate of 1.4333, per cent, a total accrued interest of $10,750. Other companies bidding were Pacific Northwest Company, 1.488 per cent; William P. Harper & Son & Co., 1.6833 per cent; First National Bank of Port Angeles and Pacific National Bank of Seattle, 1.575 per cent; and First Washington Corporation and Dean Witter Co., 1.58333. per cent.

The Council also gave the mayor authority to execute the final draft of a 20-year contract with the Bonneville Power Administration to supply the city transmission system with energy and with an additional 10,000 kilowatts of electricty for Crown-Zellerbach Corporation.

The Council approved purchase of 40,000 feet of 3-0 double braid used weatherproof wire, in condition same as new, from Crown-Z corporation at 20 cents per pound, a saving of 23 cents per pound over new wire.

They sold lot 17, block 34, (2nd between Cherry and Valley,) to Stetson and Nyhus for their high bid of $706. Only other bidder on the property was William Picca, $586.

In other business Thursday night, the Council approved installation of 236 feet of fence at Erickson playfield, to extend from an existing fence to the alley. Vergeer said the cost of the fence, approximately $500, could be financed by transfer within the park department budget.

REYNOLDS RESIGNS

Police Judge Lee J. Reynolds tendered his resignation after two years in the police court position, effective Jan. 1. Reynolds was successful candidate in the Nov. 2 election as county prosecuting attorney. Vergeer said he will have an announcement on Reynolds' replacement prior to the first of the year.

The Council authorized call for bids on city gas and diesel oil requirements for 1955.

They also endorsed a State Retirement System suggestion to include city employes under social security regulations, after receiving favorable petitions from nearly every department in the city. No official action was called for on the social security move at this time, merely a voicing of opinion.

The Council voted to commend Johnnie Sweatt of the local police force for service beyond the call of duty in diving operations at Lake Crescent recently. Officer Sweatt and Richard Owens Jr., skin divers, recovered the body of Russel W. Heuhslein from the lake Nov. 5.

Judge Frees Man; Rules Entrapment By Estranged Wife

DETROIT (AP) — Traffic Judge John D. Watts, acquitted Elio Mucciante, 32, of Detroit, on a charge of driving without a license yesterday after ruling Mucciante was trapped into the charge by his estranged wife.

Mucciante told Watts his wife had telephoned him to meet her in a drugstore Tuesday night saying it was urgent.

When he got to the drugstore Mrs. Mucciante called police and told them her husband was driving with a revoked driver's license. They arrested Mucciante.

Judge Watts ruled the act constituted entrapment, the wife couldn't testify against her husband and the officers did not actually see Mucciante drive the car.

DRAMATIC ACTION IN COURT—Most dramatic moment of the murder trial of Dr. Samuel Sheppard in Cleveland came when the prosecution produced murdered Marilyn Sheppard's bloody pillow, and Coroner Samuel R. Gerber testified that the stains included an imprint of "a surgical instrument." The uproar caused by this testimony is sketched by NEA Artist Ed Kudlaty. Chief Defense Attorney William J. Corrigan is shouting objections to every statement and development and Judge Edward Blythin regularly overrules him. Dr. Gerber points out with a pencil the alleged instrument marks. Defense Counsel Fred W. Garmone had climbed up on the witness box and leaned over the judge's bench. Asst. Prosecutor Saul Danaceau shouted for him to get out and Judge Blythin finally ordered Garmone down. Dr. Sam (foreground) appeared nervous, spilled ink on himself and put his fingers in his mouth.

Safety Levy On Cars In State Proposed At Conference

OLYMPIA (AP)— A proposal that each licensed vehicle in Washington State be assessed 15 cents to promote safety was submitted to the Statewide Safety Conference at closing sessions of the sixth annual meeting Thursday.

The Community Action Committee urged that five cents of each such assessment go to the State Safety Council and 10 cents to recognized safety organizations.

The committee also called for reinstatement of compulsory vehicle inspection.

In other actions:

The Recreational Safety Committee urged a public school course in firearms and a requirement that all persons 16 years of age or under pass a firearms safety test before being issued a hunting license.

The committee on School Safety recommended expansion of student driver training courses in schools.

The Committee on Marine Safety urged passage by the Legislature of a "Washington State Small Boat Regulation Act."

The Women's Forum called for stricter penalties for drunken drivers and the Fleet Safety Committee asked that all truck fleet drivers be required to take yearly physical and psychophysical examinations.

The delegates endorsed Gov. Langlie's proposal to give special recognition to safe drivers.

Bonus Proposed For Korean Veterans

OLYMPIA (AP) — This state's estimated 80,000 veterans of the Korean War would be paid a bonus under legislation which may be presented to the 1955 Legislature.

State Senators Neil J. Hoff, Tacoma Republican, and William A. Gissberg, Marysville Democrat, said Thursday they will support such a proposal with the payments to be made from funds left over from the World War II bonus.

Approximately 13 million dollars is available from that source, eight million in cash and five million in bonds authorized but not issued.

The two senators said their proposal would eliminate veterans who received a World War II bonus.

Dr. Sheppard Denied Dating Nurse, Giving Watch, Detective Testifies

By RALEIGH ALLSBROOK

CLEVELAND (AP) Dr. Samuel H. Sheppard denied he dated Miss Susan Hayes or gave her a watch when a detective asked him about it, the detective testified Friday in the osteopath's murder trial.

At Bay View Hospital a few hours after Marilyn Sheppard, 31, was clubbed to death in her bedroom, Dr. Sam was questioned by Detective Robert F. Schottke, a veteran of 10 years on the Cleveland homicide squad.

At that time, Schottke said, Sheppard denied seeing in California a young nurse who used to work at the Bay View Hospital where Sheppard practiced.

Previous testimony has identied the young woman as Susan Hayes, an attractive red - haired laboratory technician of 24. She has admitted an affair with the handsome osteopath in California last March, police said, and the state plans to put her on the stand later as a star witness.

UNDER OATH

On July 21, testifying under oath at the coroner's inquest into his wife's death, Dr. Sheppard said he had paid "around $50" for a wrist watch which he gave to Miss Hayes. It was a replacement for a watch she lost when Dr. Sheppard and Miss Hayes, along with some Los Angeles friends, attended a wedding.

Tall, soft-spoken and in ready command of details in his testimony, Schottke was the first Cleveland detective assigned to the case and has worked on it full time. He also was the first officer to accuse Dr. Sheppard of the cruel bludgeoning.

He said he told Dr. Sheppard "Evidence points strongly toward you, and in my opinion you killed your wife."

"Don't be ridiculous," Schottke said Sheppard replied, and added:

"I have devoted my life to saving other lives and I loved my wife."

MURDER MOTIVE

In his questioning to turn up a possible murder motive, Schottke said he asked Dr. Sheppard about reports that a house guest, Dr. Lester Oversten was infatuated with Marilyn.

"We asked him if he had heard rumors that Dr. Hoversten had been infatuated with his wife. He said he had heard rumors. . . but he didn't pay any attention to them because he knew his wife was faithful."

Schottke also told how he inspected the Sheppard home after the slaying and could find no sign anyone broke in or struggled there, although he went over the murder bedroom on his hands and knees with a flashlight.

TAKES NEUTRAL LINE

TOKYO (AP) — Burma's defense Minister U Ba Swe declared Friday Asia must "dissociate itself from the United States policy of forming defensive-offensive military alliances which can only intensify the Cold War between power blocs and thus sabotage the cause for peace."

Adenauer's Cabinet Approves Arms Pact

BONN, Germany (AP)— Chancellor Konrad Adenauer's cabinet approved Friday the Paris accords to bring rearmed West Germany into NATO and sent them immediately to parliament for ratification.

"Rebel" factions in the four-party coalition government gave way and accepted the controversial Saar agreement as well as the pacts that would give West Germany sovereignty, authorize the raising of a 500,000-man armed force in the West European Union and make her a member of the North Atlantic Treaty Organization.

The cabinet's action made it possible that the ratification laws would reach the Bundestag (lower house) for the first reading before Christmas. The pacts, being treaties with foreign powers, go first to the Bundesrat (upper house), composed of ministers of the nine states of the federal republic. The Bundesrat has three weeks to consider the bills before sending them to the Bundestag. There they have to receive three readings to get final approval.

MMM, YUM YUM—President Eisenhower samples a gift pretzel stick (left) at the White House. At right, he admires the head of Kentucky Colonel, a 43-pound gobbler from the Blue Grass State. The turkey, scheduled to grace the President's Thanksgiving Day dinner table, is a gift from the National Turkey Federation and the Poultry and Egg National Board.

Mendes-France Pledges Quick OK On German Arms

By JOHN SCALI

WASHINGTON — (AP) Premier Mendes-France Friday pledged quick French approval of the German rearmament agreements regardless of new concessions Russia might offer to delay ratification.

"Ratification is not a matter of negotiation with the East," he said. "It cannot be regarded by the East as a trading point."

The visiting French leader, interrupting his foreign policy talks with President Eisenhower and Secretary of State Dulles, gave his promise in a speech prepared for a National Press Club luncheon.

OBVIOUS BID

In an obvious bid to reassure his critics, Mendes-France cautioned against meeting with the Russians in "improvised and spectacular conferences intended principally for propaganda."

"We must guard against raising hopes only to see them dashed to the ground," he said.

"But we do not see how ratification could be an obstacle to the easing of East-West tensions, if everyone genuinely wants that easing."

Mendes-France insisted the West regardless of past deadlocks in meetings with the Russians, must continue to search for means of ending causes of friction, distrust and conflict with the Russians.

PARIS AGREEMENTS

"The Paris agreements, which are essential to the strength of the free world, have been concluded," he said. "Ratification should be accomplished quickly and, so far as France is concerned, I think I can assure you that it will be."

Mendes-France laid down what appeared to be a cautious policy to guide his government in possible meetings with the Russians. It coincided closely with the American view, as expressed by Eisenhower and Dulles, and, if carried out, undoubtedly will help ease suspicion by some American officials of Mendes-France's long-range goals.

EAST, WEST

"The East and the West may not be able to resolve all major questions on which our two worlds are in disagreement," he said. "Spectacular and global settlements may be unlikely.

"However, by finding solutions to specific tensions we may gradually approach the solution of our larger problems. This, it seems to me, is the constructive meaning of the search for peaceful coexistence."

The French Premier is at midpoint in a three-day series of conferences here on various questions of French and American concern, such as how much U.S. aid France can expect for its forces in Indochina. His assurances on the German rearmament agreements and on negotiations with the Russians fell doubly in line with U. S. wishes.

New A-Bomb Tests Slated in Nevada

BATTLE CREEK, Mich. (AP) — The Atomic Energy Commission plans new bomb tests in Nevada next spring.

And Harold Goodwin, deputy assistant administrator of the federal civil defense agency, says they will "be the biggest yet from the standpoint of civil defense."

Goodwin disclosed AEC test plans Thursday before a meeting of the civil defense agency's national advisory committee on emergency housing and reception care.

His agency, Goodwin said, will conduct more technical tests and invite more civil defense representatives than for any previous atomic tests.

Details were not discussed by Goodwin, who said they had not been cleared for release by the AEC.

Senators Disagree On Possibility Of McCarthy Censure Showdown Vote

By JACK BELL

WASHINGTON, (AP) — Senators marking time in an 11-day recess while Sen. McCarthy is treated for an elbow injury disagreed sharply today on whether they ever will reach a showdown on censuring him.

The Senate voted 76-2 yesterday —with Senators Fulbright (D-Ark) and Lehman (D, Lib-NY) shouting "No"—to adjourn until Nov. 29. They had heard advice of doctors that it will take that long to treat "traumatic bursitis" said to have developed in McCarthy's right arm.

Lehman's effort to substitute a Nov. 22 date was beaten 76-2.

The adjournment brought to an abrupt halt debate on a resolution to censure McCarthy for alleged contemptuous treatment of a Senate elections subcommittee and "repeated abuse" of Brig. Gen. Ralph W. Zwicker, a witness before McCarthy's Senate Investigations subcommittee.

NO DOUBT

Sen. Knowland of California, the Republican leader, said there is "no doubt in my mind that the issue will be resolved" by a vote on the censure resolution before a midnight, Dec. 24, adjournment deadline previously fixed by Congress. The resolution would automatically die on that date if no action were taken.

Fulbright, one of three senators who joined in bringing 46 overlapping original charges against McCarthy, disagreed with Knowland in a separate interview.

"I doubt very seriously that we will ever be able to get the censure resolution to a vote," he said. "We certainly will not be able to do it without the full cooperation of the Republican leadership if around-the-clock sessions are necessary."

Knowland said he would meet any filibuster threat if and when it arose, but predicted there would be none.

Sen. Morse (Ind-Ore), who with Fulbright and Sen. Flanders (R-Vt) brought the original accusations against McCarthy, said McCarthy's friends had "overplayed their hand" in objecting to proposals to fix a date for voting after debate is resumed.

Fulbright had tried to get an agreement to vote by Dec. 20, but Sen. Jenner (R-Ind), a McCarthy supporter, killed the move with an objection.

"Certainly there is going to be a vote, because the public is going to see through this maneuver," Morse said. "Senators Dirksen and Jenner have demonstrated by their tactics they head a group that wants to see this thing kept from a vote."

When Dirksen (R-Ill) was asked by reporters if he had any such aim, he replied:

"Goodness me, no. Nothing could be farther from the fact. Everybody is anxious to get through with this."

UP AND DOWN INCOME

PHOENIX, Ariz. (AP) — The Valley National Bank, reports Arizona's total income for 1953 was a record-breaking $1,370,000,000. But because of the rapid growth of the state's population, the per capita income fell from $1,503 in 1952 to $1,472.

Sea animals are more likely to be fossilized than land animals because their bodies usually are quickly covered with sediment.

FAITHFUL REMINDERS

FROM KENNY

You know how a cat sharpens his claws on a tree or maybe on your best upholstered chair? Use the same technique with your fingernails on a soft cake of soap before working in the garden or cleaning the basement or garage. The soap keeps out the dirt and will wash out very easily when you're through.

We now have a good supply of new and used cooking and heating stoves. All kinds — gas, oil, wood, coal, and electric. All fully guaranteed.

Mrs. Roosevelt Fears for Children After Prowler Visit

PASADENA, Calif. (AP) Rep.-Elect James Roosevelt's estranged wife told police Wednesday of a prowler being at her windows at least twice. She expressed fear for the safety of the couple's three children.

Officers said they had placed her house under surveillance.

Mrs. Romelle Roosevelt, 37, said she and the children, James Jr., 8; Michael, 7, and Anna Eleanor, 6, live alone in the home.

She said a next-door neighbor, Mrs. W. D. Rankin, told her of seeing a man standing in the rain at 1:30 a. m. last Thursday, peering into a side window of Mrs. Roosevelt's home. The man wore slacks and a light sport coat, Mrs. Rankin said.

Later that day the two women found a man's footprints under the living room window.

Last Monday, Mrs. Roosevelt told police, she found additional strange footprints in the flower beds at the rear of the house.

Mrs. Roosevelt also reported seeing a man sitting in an automobile in front of her home last Friday afternoon. She jotted down the license number, and detectives traced the man. He turned out to be a real estate salesman and was released after questioning.

Last June 10 Mrs. Roosevelt's separate maintenance suit and a divorce suit filed by the eldest son of the late President were postponed indefinitely. It was announced that they had agreed on a private settlement and that he would pay $1,625 a month for support of her and the children.

IN DUPLICATE

BAMBERG, S. C. (AP)— There are four sets of twins in the first grade of grammar school: Layne and Larry Russell, Doris and Dennis Lott, Harry and Larry Link, Jimmy and Johnny Kinsey.

Latest figures indicate there are 9,666,000 people working on U. S. farms.

OPENING A NEW PROVINCE IN HOLLAND — A marine "gallery" is on hand as crane closes the last opening in Holland's new 15-mile dike leading to reclamation of the future 500,000-acre Zuyder Zee Province.

Little Change Noted In Nation's Weather

By THE ASSOCIATED PRESS

Little change was reported in the nation's weather Friday, with rain in the eastern third of the country and the Pacific Northwest, and fairly mild autumn temperatures in most areas.

Rain continued during the night over the middle Mississippi Valley, the lower Ohio Valley, parts of the Great Lakes region and in the Northeast. More rain also fell in the far Northwest.

Clear skies prevailed in the Southwest, the Southern Great Plains and Southern Rockies.

Temperatures generally were above normal in the northern half of the country. However, cooler Pacific air moving eastward across Texas as far as the central Gulf States sent readings a little below normal in those areas.

Freezing weather was confined to a few areas in the Dakotas, Northern Minnesota and over the Southwest Plateau region. It was 23 above at Winnemucca, Nev., one of the coldest spots. One of the top marks was 68 at Miami, where it was 83 Thursday. It also was warm in Southern California with a high of 85 at Los Angeles and 87 at Thermal, Calif.

Alleged Red Leader Seized In Memphis By FBI

MEMPHIS, Tenn. (AP) — Junius Irving Scales, whom the FBI said has been running the Communist party's activities in Tennessee and the Carolinas for more than three years, was arrested here last night.

Federal agents arrested the 34-year-old Scales on a warrant sworn out at Wilkesboro, N.C., under the Smith Act. This act outlaws any conspiracy to teach and advocate the violent overthrow of the U. S. government.

J. Edgar Hoover, FBI director, said Scales, also known as Joe Shields, has been active in the party in North and South Carolina since 1946.

Scales did not resist when he was arrested on a residential street corner. The FBI here declined further comment.

Hoover said the long hunt for Scales began when he disappeared from his home at Carrboro, N.C., Oct. 6, 1951. If convicted, Scales could be jailed for 10 years, fined $10,000 or both.

At a hearing before a U. S. commissioner, bond was set at $100,000 over Scales' protest.

Scales is a grandson of a former North Carolina governor, A. M. Scales.

REVEALING VOTE

CARLOCK, Ill. (AP) — The cat is out of the bag as to who consider women good drivers. Mrs. Bernadine Hoffman asked the school board to hire her as a substitute bus driver. She won a vote of confidence and the job. The vote: four male members, yes; lone female member, no.

Curious New Drug May Be 'Killer' Of World's Worst Pain

By ALTON L. BLAKESLEE
AP Science Reporter

ATLANTIC CITY, N.J. (AP)—The "worst pain in the world" is being stopped by a curious new drug described today to the American College of Surgeons.

The pain comes from a nerve ailment in the face—tic douloureaux—fairly common after 40. Attacks can last steadily for two to three weeks. Victims can't eat, or even shave. Some commit suicide from the agony. Many doctors agree with victims that it's the worst pain in the world.

Surgery cutting the face nerve has been the best remedy. But that causes loss of all sensation in one side of the face, sometimes leads to eye complications and loss of an eye.

A fairly new drug, stilbamidine, seems to paralyze or somehow strike at the face nerve causing all the pain. And it apparently acts only on that nerve.

THE CLUE

The clue that stilbamidine might be good came after it had been given to people suffering from internal fungus diseases. These patients afterward complained their cheeks felt numb.

That gave Dr. George W. Smith, neurosurgeon of Johns Hopkins Hospital, Baltimore and Dr. Joseph M. Miller, Veterans Administration Hospital, Fort Howard, Md., the idea of trying it against tic douloureux.

The drug has completely banished pain in 15 of the first 16 patients treated, Smith said. The first patient so far has been free of pain for 25 months. One of the 16 has had 80 per cent relief of pain, but he may have some other condition besides the nerve trouble.

REMAINS TO BE SEEN

How permanent the pain-killing is remains to be seen. The attacks usually come every five or six months at least. Other medical treatments haven't extended that freedom period much more than six months.

Stilbamidine works in a curious way. Daily doses are given only for the first 14 days. After a week, the pain starts to go away, but it comes back after about two weeks. Then—with no more drug given—the pain disappears one to four months after treatment had started.

Why the drug behaves this way is not clear, Smith said.

The drug can be taken by mouth.

More than 308 million pounds of popcorn were grown in the United States last year.

Grangers Approve Land Bank, REA Resolutions

SPOKANE (AP) — Resolutions calling for broadening lending powers of the Federal Land Bank and appropriating funds to expand the Rural Electrification Administration program were approved by delegates to the 88th national Grange convention here Wednesday.

The Land Bank resolution proposed doubling the present $100,000 limit on single loans and also asked extension of lending authority for non-farm purposes. Loans also should be made available to part-time farmers, the resolution said.

The REA resolution asked that sufficient money be made available to carrying the REA program into new fields and to modernize present systems. Expansion of the REA telephone program "until all feasible areas have adequate and dependable service" also was urged.

Urged expansion of world trade to provide markets for farm crops and expressed support of the Trade Agreements Act for protection of domestic agriculture.

Asked that the government give more consideration to agriculture when negotiating for foreign trade and to consider using surplus agricultural commodities to acquire larger amounts of materials needed for national security.

Alger Hiss May Face More Questioning When Released From Federal Prison November 27

By JAMES MARLOW

WASHINGTON (AP) Alger Hiss, the ex-diplomat whose name has been used as a synonym for treason, must have thought many times as the years slid past his prison cell:

"What's in store for me? Will I be questioned again? Will I be in the headlines again? And perhaps, for something else I say or deny, will I wind up in jail again?"

He may not have to wait long for the answer. Wednesday two congressional groups—the House Un-American Activities Committee and the Senate Internal Security subcommittee—said they're thinking of calling him after he gets out of jail Nov. 27.

Hiss's career crashed to a halt when Whittaker Chambers, confessed onetime courier for a Soviet spy ring, told of secret papers he said Hiss gave him.

For denying Chambers' charges, Hiss was convicted of perjury in 1950 and started serving his five-year sentence March 22, 1951. The verdict in effect banded him a liar and traitor. He is getting out after serving 3½ years. The law provides time off for good behavior.

NO PRACTICE

Hiss, a lawyer, will probably never be permitted to practice again. He's been disbarred in New York and before the Supreme Court. He has lost his citizenship rights. He can't get a passport to leave the country.

His lawyer, Chester Lane, of New York, says Hiss will try to vindicate himself.

The most Hiss could have hoped for was that he might not again have to face congressional committees or federal grand juries unless he could vindicate himself convincingly.

But there has been a fundamental change in the law—which the government may now want to use for further investigation of Hiss—since he went to jail. This year Congress passed the immunity law as a weapon against subversion.

GRANT IMMUNITY

It lets the government—Congress and federal and grand juries—grant immunity to a witness to force testimony against others.

At the time Hiss was jailed juries or committees investigating spying before, during or after the war could be blocked right and left by witnesses who refused to testify and escaped punishment by saying:

"I refuse to testify under the Fifth Amendement, which says a man can't be compelled to give testimony which might incriminate him."

Now if committees, or grand juries working with the Justice Department, want to investigate spying, they can single out one individual, perhaps a minor suspect in a spy ring, and tell him:

"We want you to tell us about this spy ring. We'll grant you immunity to punishment for anything you did. We want to use your testimony against the big shots."

COULD BE CITED

A witness who refused to talk after being offered immunity could be cited for contempt and, if convicted, jailed. Before the immunity law, if he refused to answer questions under the Fifth Amendment, he couldn't be jailed for contempt.

Hiss neither refused to answer questions nor pleaded the Fifth Amendment. He denied he gave secret papers to Chambers and was convicted of lying. But the government was never able to prosecute him for spying.

Chambers said Hiss gave him the papers before the war, which was peacetime. Unless a man is tried for peacetime spying within a limited time after the offense, he can't be tried for it at all. Hiss wasn't brought to trial until five years after the war. The charge was perjury, not spying.

NOT TIME LIMIT

But there is no time limit on when a man can be tried for espionage committed in wartime. Chambers' part in the spy ring ended before the war. Hiss continued in the State Department through the war. He did not leave until 1947.

Wit hthe help of the new immunity law Congress or grand juries could reopen investigations of peace time and wartime spying. If they do, they may want to question Hiss or grant immunity to others to learn more about him. The penalty for wartime spying is death.

If through the immunity law the government got evidence which Hiss denied under oath, although wartime spying was not involved, he might find himself confronted with a brand new perjury charge.

DRY DANCING

ST. PAUL, Minn. (AP) — Customers cannot legally dance in a tavern selling 3.2 beer or intoxicating liquor, the Minnesota attorney general ruled. He said a tavern may provide "live" music for its customers but that they must not dance.

FRENCH MOVE TO TAHITI

PAPEETE, Tahiti (AP)—The population of Tahiti and other islands nearby is being swelled by immigrants from France and from French colonies, notably Indochina. Many French merchants got out of Northern Indochina before the Communists took over, and came to Tahiti.

New Lead Found In Search For Measles Vaccine

WASHINGTON (AP) — A possible lead towards developing a preventive vaccine against measles has been reported by Dr. John F. Enders, of Harvard Medical School, who won a Nobel prize for his polio research.

He announced last night "very suggestive" evidence of the long-sought isolation of the elusive measles virus — and of possible means for its laboratory growth. The method described uses a "tissue culture" method like that which paved the way for development of the Salk vaccine for polio.

Enders told an audience of scientists at the National Institutes of Health that he and some co-workers had isolated from throat washings and blood of measles patients "an agent" which has passed certain tests indicating it may be the actual causative organism of measles.

It remains to be proved, he said, that it actually is the measles virus—and such proof must await production of measles in an experimental animal with the new-found agent.

He said that if proof is established, it might then be possible to:

1. Use the virus to test the potency of various preparations of gamma globulin, a blood derivative that can mitigate and sometimes even prevent measles if administered at the proper time.
2. Develop a skin test for determining immunity or susceptibility to measles.
3. Produce a vaccine that would give long lasting immunity to the disease. Gamma globulin, even when it prevents the disease, provides relatively short lasting protection.

LEGAL PUBLICATION

NOTICE OF PETITION FOR CHANGING BOUNDARIES OF AGNEW IRRIGATION DISTRICT AND OTHER RELIEF

TO: The Owners of Lands within the AGNEW IRRIGATION DISTRICT of Clallam County, State of Washington,
and
TO: ALL OTHER PERSONS INTERESTED IN OR THAT MAY BE AFFECTED BY THE GRANTING OF THE PETITION HEREINAFTER DESCRIBED:

PLEASE TAKE NOTICE that H. L. OLSTEAD and GRACE L. OLSTEAD, his wife, have filed a Petition with the undersigned Secretary of AGNEW IRRIGATION DISTRICT praying for the changing of the boundaries of said District so as to include therein the following lands:

That portion of the West half of the Northeast Quarter of Section Eight (8), Township Thirty (30) North, Range Four (4), W.W.M., lying West of McDonnell Creek Canyon, consisting of 28 acres, more or less, and

ALSO that portion of the West half of the Southeast quarter of Section Five (5), Township Thirty (30) North, Range Four (4), W.W.M., lying West of McDonnell Creek Canyon and consisting of 22 acres, more or less, all being situated in Clallam County, State of Washington,

and for such other relief as the Directors of said Irrigation District may adjudge equitable.

YOU ARE HEREBY NOTIFIED that the hearing upon said Petition will be held by the Board of Directors of said Irrigation District at its next regular meeting to be held at the Agnew Community Hall on the 7th day of December, 1954 at the hour of 8:00 o'clock p.m. and show cause, in writing, if any there be, why said Petition should not be granted.

DATED this 15th day of November, 1954.

AGNEW IRRIGATION DISTRICT
By Donnell Bailey,
Secretary

LIGHT DEPARTMENT FUNDS

ORDINANCE NO. 1340

AN ORDINANCE of the City of Port Angeles appropriating the sum of $25,000.00 from the available Light Department funds for the payment of substation transformers, capacitors and equipment and transmission line and declaring an emergency.

WHEREAS, the City of Port Angeles at the time of the budget for the year 1954 contemplated and provided for an addition of a 5000 KVA capacity of a new substation, and

WHEREAS, alternate bids on a 7500 KVA transformer indicated substantial savings in the additional capacity so as to afford for future expansion, and

WHEREAS, the bid of a 7500 KVA substation addition was accepted by the City, and

WHEREAS, it was originally contemplated to utilize old disconnects in the City's new transmission line, and it was found advisable that new disconnects be used in this line, and the old disconnects utilized in substation reconstruction at Second and Washington Street, and

WHEREAS, neither of said conditions before mentioned could reasonably been forseen at the time of the preparation of the budget for the year 1954, and

WHEREAS, adequate funds are available within the light Department to pay for such enlargement and additions, now, therefore,

THE CITY COUNCIL OF THE CITY OF PORT ANGELES DO ORDAIN as follows:

Section 1. That there be appropriated in addition to the provisions of the 1954 budget for capital item of substation transformers, capacitors and equipment the sum of $15,000.00 in addition to the provisions of the 1954 budget for capital item of 66 KV transmission line the sum of $10,000.00, both amounts payable from available Light Department funds for the items hereinbefore referred to.

Section 2. That this ordinance is urgent and necessary for the immediate preservation of the health and safety of the City of Port Angeles. That an emergency is hereby declared to exist and that this ordinance shall be in full force and effect immediately upon its passage, approval and publication in the manner provided by law.

INTRODUCED November 4, 1954
PASSED November 4, 1954

OIL WELL
SEATTLE-TOLEDO OIL CO., INC.
416 Virginia Street, Seattle 1, Washington
Capital $100,000.00 — 1,000,000 Shares — No Par Value
Present Public Offering 425,000 Shares at 10c per share
Non-Assessable Common Voting Stock

This Company has secured leases on a block of acreage in Lewis County, in the vicinity of Toledo, Washington.

The first test well was drilled in a depth of 920 feet; the findings at that depth were so encouraging that plans are now being made to drill to a depth of 3,000 feet at a cost of approximately $26,000.00.

Cross-faults and dikes to the south and east form a natural trap for structures coming in from the Northwest. With gas revealed to the west, an oil seep to the north and another oil seep to the south and what appears to be a natural barrier farther to the south and east, we are strongly of the opinion that we have located an Oil-Trap worthy of exploration and merits a test well for possible discovery of an oil reserve in the state of Washington.

The drilling of an oil discovery well for exploratory tests is often called a "Wildcat" and is regarded as a speculative venture. However, if successful, the rewards are great.

These Securities have been registered in accordance with the Securities Law of the State of Washington and a permit has been issued authorizing the sale to the public. The issuance of this permit by the Director of Licenses is permissive only and does not constitute a recommendation or endorsement of the securities offered.

These securities are offered only to bona fide residents of the State of Washington.

Please mail further information — with no obligation.

Britains Clash Over Buying U.S. Built Planes

LONDON (AP) — Britain's economic recovery program and her struggle to retain a share in the profitable and sharply competitive airline business have collided. Reaction has been swift and loud.

The issue revolves around the Anglo-American race for dominance in jet and turboprop commercial airliners. It landed in the British Parliament this week, then roared out into the press.

It began when Sir Miles Thomas, chairman of the state-operated British Overseas Airways Corp. (BOAC), said the firm has been forced to start negotiating for up to 15 American Douglas DC7-D turboprop airliners. The reason, he said, was that there has been a delay in delivery of the British Bristol Britannia turbo - prop planes.

The announcement sparked "buy British" and "fly British" demands, on one hand, and opposing opinion that the first consideration should be obtaining the best aircraft, regardless of where they are made.

John Profumo, parliamentary secretary to the Ministry of Civil Aviation, set the tone of the House of Commons debate when he said: "On the success of the British aircraft industry depends, to a very considerable degree, our national prestige, employment, foreign currency, and our whole standards of living."

Unusual Kitten Plays in Water

LOS ANGELES (AP) — Ever hear of a cat that enjoys water? Not just drinking it but getting in and splashing around?

Mrs. Eileen May, 32, of suburban Encino, owns such a kitten, 3-month-old Prunella.

Mrs. May discovered her pet's liquid likes after a recent rain. Prunella was romping in the puddles of her iris beds. Now the cat enjoys wading in a dishpan.

ANTI-RED NAMED

SANTIAGO, Chile (AP)—President Carlos Ibanez has named Arturo Olavarria, a staunch Communist foe, as interior minister to head a new Chilean cabinet. He replaces Gen. Abdon Parra.

Thomas Edison was 32 years old when he produced the first commercially practical electric light.

Salmon packed in ice often was sent from the Rhine to Rome by the ancient Romans.

Precinct Committeemen for Both Parties Announced; Elected in Nov. 2 Balloting

Precinct committeemen for the Democratic and Republican parties were elected at the Nov. 2 general election.

Some of the committeemen candidates filed previous to the election but in many instances the names were written in by voters.

The county election board canvassed the ballots this week.

In cases of ties or no filings the positions will be filled by appointment by the party chairmen, Roy Atterberry, county auditor announces.

The following are the precincts and the committeemen:

Port Angeles Prec. No. 1—Otis R. Mayberry (R). No Democrats filed.

2—Osco Rains (D), James Maxfield (R).

3—Frank Fountain (R), no Democrats.

4—Conrad Matzke (D), Elizabeth Jensen (R).

5—Olga Hubbard (D), no Republicans filed.

6—Hazel Pearson (D), no Republican filed.

7 — C. E. Shields (D), Arthur Lockhart (R).

8—Grace F. Harrison (D), John Goneis (R).

9—Edith M. Grant (D), Horace C. Phillips (R).

10—none.

11—Charles A. Gillick.

12—Dorothy Clausen (D), Edith F. Bayton (R).

13 — Iva Kemp (D), Rheo Gillmore (R).

14—Bertha M. Church (D), Mrs. A. W. Shelleberger and Arthur Shelleberger, both Republicans tied.

15 — Mary Thompson (D), Ed Ryan (R).

From where I sit ... *by* Joe Marsh

Granny Drives But Won't "Shift"

Saw Grandma Taylor parking her 1924 Franklin out front the other day. Neat as a pin, radiator and hub caps gleaming—the whole car is as shiny as the day she bought it 30 years ago.

Then I stopped and looked again—for there, hanging on the spare tire was a sign: "This car NOT for sale."

Asked Granny what was going on. "Joe," she says, "it's this craze for old cars. Everybody wants to buy my Franklin. But it has served for years and it's not for sale at any price."

From where I sit, it's strictly the new cars for me—but Grandma Taylor, and others, are certainly welcome to their "old faithfuls." It's simply a question of preference. Same with a choice of beverages. For instance, I like a temperate glass of beer with supper. You may prefer coffee. Fine! The important thing is that we respect each other's choice—and "ride along smoothly" together.

Presbyterians Have Stewardship Meeting

The Presbyterian Women's Association held its annual November stewardship meeting Tuesday at the church.

Mrs. Leonard W. Leach was in charge of the program. The theme of the morning meeting was "Make Straight the Highway."

Mrs. Kenneth Eldridge played Christmas selections on the organ while members placed their Elder Brother gift offering on a Christmas tree. This birthday gift for Christ will be sent to Seattle Presbyterial for its yearly project.

This year's offering is to be used for student scholarships and hostels in Korea.

Mrs. Ernest Frazier sang a vocal selection accompanied by Mrs. Eldridge.

ELECTION

The ladies elected officers during the afternoon session. Those chosen for the ensuing term are Mrs. Arthur Boyd, president; Mrs. Wallace White, vice president and program chairman; Mrs. Carl Howard, treasurer; Mrs. Leonard Leach, secretary; Mrs. Sam Tague, world service chairman; Mrs. Chester Jenks, fellowship chairman and Mrs. Harold Herrett, nominating committee chairman.

Mrs. George Bryce gave a book review on stewardship entitled "My Grandpa."

Mrs. Frazier and Mrs. Anna Bailey served a potluck luncheon at noon between the two sessions.

Hob Nob Club Sees Christmas Preview

The Sequim Hob Nob Club Tuesday saw a preview of what is in store for Christmas in Sequim business houses.

Gift suggestions were displayed through the courtesy of local merchants. Members presented the items on exhibit and told of the different merchants' lines.

Mrs. Ray Parker and Mrs. B. M. Jones demonstrated Christmas gift wrapping ideas and explained postal regulations for sending packages.

A noon potluck luncheon was served 30 members and guests at tables decorated in the Thanksgiving motif.

A wild duck figurine centered the head table. Flanking it were colored woodland leaves and plants, pine cones and miniature colored cat tails. Bronze crysanthemums and yellow and green candles were used on the other tables.

Mrs. H. J. Witte presented inspirational devotions following lunch.

Eighteen children enjoyed games, luncheon and favors in the church nursery while their mothers attended the meeting.

The December meeting has been set ahead to Tuesday, Dec. 14 to avoid confliction with Christmas week. On the committee for that day are the Mesdames William McCrorie, James McCourt, James Dick and Charles Still.

English Family Does Well in U.S. Over 7-Year Span

SALT LAKE CITY (AP) — Five years ago an Englishman wearing spectacles and a bowler herded 11 sleepy youngsters out of the back of a truck.

His name was Clifford Hartley. He had just arrived from England in Tridell, a small Utah town tucked away in the hills. He was broke and in debt. He intended to become a farmer.

Today he no longer wears his derby. Not an "H" is dropped from his speech. And he and his family are well fed and prosperous.

For yesterday his dream became less of a dream. He, his wife and daughter Doris stood before Dist. Judge A. H. Ellett and took the oath of allegiance to the United States.

Seven of the younger children automatically became citizens with their parents. Doris took the oath because she is over 18.

A son, Gordon, became a citizen last year. He's now with the Army in Germany. Two daughters, Betty and Marian, now are married.

They came to America because one of the children struck up a pen-pal correspondence with a girl fromial Tridell.

"The best thing I ever did," Hartley said.

He didn't take to the land and moved to Salt Lake City. "Just wasn't suited to be a farmer," he explained.

Now he is manager of a sewing machine sales and service department. He's buying a duplex. His house is well furnished, complete with television, and the family drives a station wagon.

Avocado is the basis for a taste sensation adopted from our Mexican neighbors.

Guacamole with Potato Chips
Tamale Pie · Green Salad
Hard Rolls and Butter
Banana Cake · Beverage

GUACAMOLE WITH POTATO CHIPS

Ingredients: 2 cups mashed avocado, 1 to 2 teaspoons finely grated onion (pulp and juice), 2 teaspoons lemon juice, salt and freshly-ground pepper, potato chips.
Method: Mash avocado just before serving; mix in onion, lemon juice, salt and pepper to taste. Spoon into small deep pretty bowl; place on lazy susan or round chop plate; arrange potato chips around bowl. Guests dip potato chips into avocado mixture (guacamole). Makes plenty for 8.

Hetsler-Cornwell Nuptials Announced

Mr. and Mrs. Edgar Hixson announce the marriage of their niece Beverly June Cornwell to Bruce A. Hetsler, son of Mr. and Mrs. Amos C. Hetsler of Orlando, Fla.

The wedding took place at Sequen near San Antonio, Tex., on Oct. 26. The Hetslers are making their home in San Antonio where both are stationed at Lackland Air Force Base.

Mrs. Hetsler joined the WAFS in June after graduating from Port Angeles Senior High School. She was a member of the Nonette, the Horizon Club and other school organizations. Now she is a medic, taking nurses training at the base hospital.

Her husband attended Orlando Senior High School and the University of Alabama before enlisting in the Air Force.

Today's Birthday

By ASSOCIATED PRESS

ADRIAN CONAN DOYLE, born Nov. 19, 1910, in Sussex, England. This writer and explorer is the youngest of the surviving sons of Sir Arthur Conan Doyle, author of the famed Sherlock Holmes stories and novels. Adrian is the principal administrator of his father's literary properties. Also known as a big-game hunter, zoologist and fisherman. Co-author with John Dickson Carr of the "Exploits of Sherlock Holmes," reconstructions of Holmes' tales.

Stork Shower Honors Mrs. William Hopf

Mrs. O. E. Smith and Miss Donna Miller entertained Tuesday at the Smith home with a stork shower for Mrs. William Hopf of Edmonds. Mrs. Hopf is the former Phyllis Miller, daughter of Mr. and Mrs. Fred W. Miller of Port Angeles.

Guests were Mmes. F. W. Miller, Alta Fisher, Edith Weed, George Zimmer, Dean Hense, Guy Hopf, Larry Fisher and John Bell, and the Misses Gay Earl and Barbara Miller. Little Mike Hopf also attended.

The women played games during the evening. Prizes went to Mmes. Weed, Hense, Guy Hopf, Fisher, Bell and William Hopf. A baby buggy guarded by a stork, held gifts for the guest of honor.

Enlistments Abroad Open

Men now may enlist for assignment to Europe, according to S.Sgt A. G. Ostler, local Army recruiter. Prior service is not required. Men may apply under Operation Gyroscope until Dec. 31. Those interested may obtain further information at the recruiting station in the Federal Building.

DANCER TO MARRY

SANTA MONICA, Calif. (AP) — Dancer Vera-Ellen and oilman Victor Rothschild plan to be married tonight at St. Paul's Lutheran Church in the San Fernando Valley. They obtained a marriage license here yesterday. Both gave their ages as 31. Rothschild said this will be his first marriage. Vera-Ellen, who used her legal name Vera Ellen Rohe, on the license application, was divorced from dancer Robert C. Hightower in 1946.

Second Performance Of 'Outward Bound' Tonight At 8:15

An audience of nearly 200 persons viewed the opening performance of "Outward Bound" presented Thursday night in Roosevelt Junior High School auditorium.

The second and final performance of the Sutton Vane three-act play will open at 8:15 p.m. today.

The cast of nine is presenting the eighth production of the Community Players. Cecile Adam is the director.

"Outward Bound" takes place on board a passenger ship. The first act takes place in harbor in the morning. The second act is at sea the same evening. Act three is in afternoon six days later, with the second scene taking place that night.

Although the play is different than past productions and serious in tone, the audience found spots for laughs to relieve the tension built up by the play. An air of expectancy and mystery is built up early in the play.

First actor on the stage, in the ship's lounge, is N. Neal Nogler as Scrubby the ship's steward, who holds many answers.

Betty Sleeper and Larry Winters as Ann and Henry are two lovers with an element of mystery.

Lewis Sample is Mr. Frior, a hard-drinking character who figures in much of the action.

Claire Sample as Mrs. Clivedenbanks represents a snobbish English woman who associates with those she feels beneath her only because of circumstances.

Hart E. Smith is the Rev. William Duke, a minister who unbends despite the uncertainty of his destination.

Arvilla Woodard as Mrs. Midget carries on her conversations as an elderly Cockney charwoman. She forsakes a cottage by the sea to help Mr. Prior.

Allen Clayton is Mr. Lingley, a self-made businessman who is exposed.

J. Lawrence Steven is the Rev. Frank Thompson, an examiner who comes aboard the ship when it docks.

The production staff includes 22 persons. Eleanor George is production manager. Margaret Buck is prompter. Grace Charnell, Charles E. Leising, George Gallant, Bette Walton, Helen Leising, Henry V. Charnell, James Bussing and Angus Edwards are the stage crew.

Lighting is in charge of Gordon G. George and John Coffey. Howard E. Chapman Jr. and Isobel Woodruff handled publicity. Lorraine Fuller and James Bussing are in charge of properties. Ina Simpson and Phyllis Brennan do makeup. Janet Dyar and Philip Niemeyer have charge of the wardrobe.

Martha Butler and Marie Wegner are in charge of tickets. Audrey Hartnagel is business manager.

6 Additions to Butterfat Club

Six more additions to the 3,000 Pound Butterfat Club of Washington were received at the Clallam County Agent's office.

They are: MILLY, owned by Levi Cays of Sequim, produced 73,530 lbs. of milk and 4,118 lbs. butterfat in 7 lactations.

RED, owned by J. D. Jackson & Sons of Carlsborg, produced 96,230 lbs. milk and 4,001 lbs. butterfat in 10 lactations.

MINNIE, owned by Einer Thomsen of Sequim, produced 55,470 lbs. milk and 3,182 lbs. butterfat in 7 lactations.

JUDY, owned by Vernon Mantle of Sequim, produced 51,980 lbs. milk and 3,130 lbs. butterfat in 6 lactations.

GRAYMARSH NANETTE, owned by Graymarsh Farm of Sequim, produced 52,400 lbs. milk and 3,055 lbs. butterfat in 5 lactations.

WESTOMOST STORMIE, owned by E. E. Adams of Sequim, produced 54,670 lbs. milk and 3,027 lbs. butterfat in 6 lactations.

ROBINDELL ROYAL JENNIE, owned by C. A. Robinson & Son of Sequim, produced 56,700 lbs. milk and 3,001 lbs. butterfat in 5 lactations.

Prisoners Aiding In Vitamin Test

BALTIMORE (AP) — Just how well does the adult body absorb vitamin B12? Sixty prisoners in the Maryland State Penintentiary are helping to find the answer.

Dr. Bacon F. Chow, associate professor of biochemistry at Johns Hopkins University, said the 60 are being served drinks spiked with the vitamin each day. He said the drinks are totally harmless.

B12 has been shown to help children under stress, enabling many of them to gain weight. No studies have been made of its effect on adults.

CHAPEAU? — Jane Morelle models a new hat thought up by a creative designer at a New York City flower show. The hat is decorated with real orchids and doubles as a perch for a live parakeet.

Jury Cannot Agree In Case Involving Actor's Son

SANTA MONICA, Calif. (AP)—Unable to agree in the robbery trial of Edward G. Robinson Jr., a jury has been discharged. The son of the movie actor will appear Feb. 14 for retrial.

The 21-year-old defendant was accused of robbing two taxi drivers of $38. They identified him as the man who took their money in separate holdups, but Robinson claimed it was a case of mistaken identity.

Jury foreman John Bresnick reporting to Superior Judge Allen T. Lynch that "we are hopelessly deadlocked," said the balloting remained at 11-1. Judge Lynch warned him against disclosing whether the preponderance was for or against Robinson. The jury deliberated six hours and was discharged last night. Robinson remains at liberty on $10,000 bond.

Prosecutor Simon Rose, summarizing the testimony, told the jury: "Perhaps the boy should have been allowed to go out and earn his own living as thousands of other young Americans have had to do."

Jerry Geisler, noted criminal lawyer who defended Robinson, argued that the taxi drivers could have been mistaken in their identification and pointed out that they did not detect a scar on the defendant's face nor a large ring which was a gift from his father.

Young Robinson maintained he was with his wife when one taxidriver was robbed and with friends on the other occasion. He produced witnesses to substantiate his claims.

Cab driver Harry Chernack pointed out young Robinson in court Tuesday as the man who pointed a gun at his head and took $11 from him last July 1. Driver Michael Piascik identified him as the passenger who robbed him of $27 June 25.

Purchase of Coal In State Approved

WASHINGTON (AP) — Rep. Tollefson (R-Wash) said Thursday the Foreign Operations Administration has authorized purchase of 28,500 tons of coal from Washington State producers for shipment to Korea.

He said he had been advised by FOA Director Harold E. Stassen the Navy Department has been authorized to make the purchases in recognition of a distressed labor conditions" in the state.

Tollefson, who had asked Stassen to study the possibility of such purchases, said the FOA advised him Washington producers would be considered as a source of supply "should there be further needs in friendly countries of the type and qualities of coal which are available in Washington. . ."

Soup up Your Reputation with Quickie Menu

By CECILY BROWNSTONE
Associated Press Food Editor

A good soup has often saved my culinary reputation. When a friend from out of town phones unexpectedly shortly before noon and I ask her to lunch on the spur of the moment, I often rely on a quickly-made soup. If the soup is well flavored, served attractively, and followed by a suitable sandwich or salad, I find guests are delighted. For dessert I am likely to offer fresh fruit, cheese, or the cookie jar. If you also are an impulsive noontime hostess on occasion and ask a friend from out of town, another part of your town, or a neighbor to join you for a cozy noontime visit, you might like to try this menu plan.

The quickie soup I have served most often during the past year is one for which guests invariably request the recipe. All you do is heat together gently a 13-ounce can of vichyssoise soup, a 7½-ounce can of minced clams, and a cup of light cream or "half-and-half" as it is called in some parts of the country. Stir the soup while you are heating it and never let it boil or the texture will be spoiled and the clams tough.

The soup is brought to the table in a small tureen or other attractive bowl, or sometimes just the good-looking copper-clad saucepan in which it was heated. (I use an old-fashioned round iron trivet as a stand for the hot saucepan.) Accompanying the soup is a tiny bowl of minced chives or green onion tops. I serve the first round of soup, and pass the chives or onion to be sprinkled over it. After that I put the tureen in the middle of the table and let guests help themselves; they usually do. This amount of soup theoretically serves four, but two people have been known to eat it up.

My favorite sandwich with this soup is one made from cold ham and wholewheat bread accompanied by Bahama-type mustard and chutney. I cut the sandwiches in triangular halves and serve three halves to a customer. The sandwich halves should be arranged on an individual plate so that three points meet in the center. They should also be garnished with any fresh green on hand — a few small leaves of romaine, chicory or escarole, a tiny lettuce cup or water cress. As a last touch nestle a few radishes, celery or carrot sticks, or olives in the greens.

If you want to serve a salad rather than a sandwich, you might like to accompany both soup and salad with hot drop biscuits. The biscuits can be quickly made and extra delicious if you use a mix but substitute cream in stead of milk for the liquid. (Don't tell any weight-watching guests the recipe for the soup or the biscuits until after they have eaten!) A good emergency salad may be made from canned whole green beans marinated in French dressing; serve the beans on greens and garnish with sliced hard-cooked eggs and paprika-sprinkled mayonnaise.

If you have time to make a soup from scratch, this one calls for pantry-shelf ingredients. It may be ladled into small casseroles with covers and placed on the dining table before guests sit down. It's fun to lift the covers and get a pleasant whiff of what's inside!

TUNA BISQUE

Ingredients: 3 tablespoons quick-cooking tapioca, 1¼ teaspoons salt, ⅛ teaspoon pepper, ⅓ teaspoon paprika, 1 tablespoon minced onion, 3 cups milk, 1 cup light cream or top milk, one 7-ounce can tuna (drained and flaked) 2 tablespoons butter or margarine, 4 thin tomato slices, minced parsley.
Method: Mix together tapioca, salt, pepper, paprika, onion, milk and cream in top of double boiler. Place over rapidly boiling water and cook 10 to 12 minutes, stirring often. Add tuna and butter. Mix and keep over very hot, but not boiling water 15 to 20 minutes to heat thoroughly and blend flavors. Garnish each serving with a thin tomato slice sprinkled with parsley. Makes 5 cups — enough for 4 servings.

Hospital Commissioner Notes Reductions in Accounts Receivable

Accounts receivable now are $22,000 less than they were when Administrator Nelson Ammons came to Olympic Memorial Hospital early in 1953. Commissioner Carl H. Snow Jr. Wednesday night said accounts receivable then were $150,000 compared to approximately $17,000 at the end of this last October.

Snow answered a request from Mrs. James Bussing, of the Hospital Advisory Board, for "some way to explain to the public about accounts receivable in view of some unfavorable publicity before the Nov. 2 election."

Mrs. Bussing said she referred to an advertisement bearing the name of one of the unsuccessful candidates for hospital commissioner, which had stated "hospital accounts receivable almost doubled in volume in the past few months."

Snow said he heartily disapproved of this ad.

"For one thing, those figures were entirely misleading. The private patient accounts receivable are the only figures that are important. Of that $133,000 (September) figure quoted, $44,000 were in guaranteed agency accounts, actually leaving only $89,000 in private accounts receivable.

"Sure, even that's high, and the commissioners realize it. But this is not an isolated case; its the national trend in hospitals all over the country," Snow said.

"The October accounts receivable look better," he said, referring to the Larkin and Baker financial report. Private accounts receivable for October are listed at $81,421, a $7,830 decrease from September.

Ruth Flint, commission chairman, said commissioners and the administration realize it is their duty to collect as much as possible of accounts receivable.

"That's why we are trying so hard to find a way to get people to pay their hospital bills," she said.

Ray J. Taylor, of the Crown-Zellerbach hospital committee, told commissioners that a recent talk by John Bigelow, Washington State Hospital Association executive secretary, had changed his mind about the financial status of the hospital.

"He pointed out that hospitals are not a cash and carry business, but must be operated as a credit business, so now we'll just take it that way," he said.

Douglas Baker of the hospital's accounting firm, reviewed the district financial statement for September, and Jan. 1 through Sept. 30.

The hospital showed a net operating loss in September of $4,939; and the January through September period showed a net operating loss of $577. However, combined with the non-operating items, the January through September column shows $1,145 overall net profit.

Total accounts receivable dropped during October from $133,000 to $127,749.

Baker read figures from as far back as last May showing a correlation between average daily patient census and operating loss or profit.

Of course other factors enter in such as the type of sickness and average stay, but with last May's high average patient census of 46, the hospital showed a profit of $4,000, and in September with only 39.4 patient census, the hospital lost approximately $5,000.

Average daily patient census during October was 43.5; 48 per cent occupancy, with average stay per patient 5.1 days.

Monroe Man Dies Of Crash Injuries

MONROE (AP) — Injuries received in a head-on automobile collision on the Stevens Pass Highway were fatal Thursday night to Harold G. Webster, 49, Monroe.

Snohomish County Coroner Ken Baker said the accident occurred a half mile west of Sultan when Webster pulled from behind a truck to pass it. His auto collided with one occupied by Mrs. Felix Francis, 36, and her mother, Mrs. Zeda Reaber, 57, both of Monroe.

All three were taken to Monroe General Hospital where Webster died 2½ hours later. The condition of the two women was described as "poor."

BY GAILE DUGAS
NEA Women's Editor

NEW YORK — (NEA) — A Christmas gift that's both pretty and practical is most often exactly the right thing for small fry. Youngsters have a way of shooting out of their clothes at an alarming rate of growth. And little girls love becoming fashions.

Try combining fashion and comfort this year in the gift of a warm, washable robe that will provide real eye appeal under the tree on Christmas morning with real service to a little girl for the balance of the year.

A three-way duster **(left)** in a floral print is quilted cotton. Background is white, binding is in solid contrasting color. There's a large Peter Pan collar, big patch pockets and a tricky three-way belt that permits the robe to be worn half belted in front or back, or belted all the way around.

For a very little girl, **there's** a charming quilted robe **(right)** in washable rayon with full circle skirt and nipped-in waistline. It has a solid color lining and is insulated with estron wadding for real warmth. Both robes are by Little Miss Eastern.

Toscanini To Conduct For Opera

MILAN, Italy (AP) — Arturo Toscanini will conduct a special performance of Giuseppe Verdi's opera "Falstaff" at the opening this winter of the Little Scala, an experimental and rehearsal theater nearing completion beside the famous La Scala Opera House.

A friend said the performance would be the famous conductor's last. Toscanini retired last April as leader of the NBC Symphony Orchestra and has not conducted since.

Ornithologists believe there are not likely to be more than 100 undiscovered species of birds in the world.

TV Dancer Has Bad Moment When Gown Strap Gives Way

LONDON (AP) — Dancer Barbara Williams suffered her most embarrassing moment before an audience of millions last night — a halter strap of her gown broke during a television show.

The camera quickly switched to the feet of Barbara and her partner Erick Lashbrooke while she turned her back on her unseen audience.

"I tried to cover up my very plunging neckline as best I could," the pretty 18-year-old brunette told reporters later. "But I was praying all the time that the floor would open up and swallow me."

A commentator assured viewers that Barbara's bodice was supported by bone stiffening and said, "I do not think there were any dreadful revelations."

FILM STAR MARRIED

SAN FRANCISCO (AP) —Film star Mitzi Gaynor, 23, and publicity man Jack Bean, 32, of Los Angeles, flew eastward on a honeymoon last night after their marriage at the home of friends here yesterday. It was their first marriage for both. The newlyweds planned to visit New York then Detroit, home of her father Henry Gerber. Later they will visit Bean's family in Minneapolis.

Sunbather Has Clothing Troubles

PALM SPRING, Calif. (AP) — Riley Jason Stram, 67, of Redondo Beach Calif., went for a drive and a walk in the mountains. Police said he told them this happened:

He undressed to take a sunbath on a mountainside. An interesting rock formation led him to walk an apparently short distance away.

Then he couldn't find the spot where he had left his clothes. He searched vainly until the sun went down. The air became chilly.

Giving up the search, he walked down the mountains, approached a house and shouted for help. His shouts brought police with blankets.

Stram slept in the police station. Yesterday morning he set out in borrowed clothes to look again for his clothing, which contains his money and car keys. At sundown his car was still parked at the foot of the mountains.

REAL CLEANUP

HELENA, Mont. (AP) — Janitors, told to clean up the Civic Center ballroom for an extravagant annual dance, carried out everything that wasn't nailed down—including lifesized dancing figures to be used as decorations for the ball.

Reading Club Hears Mrs. Herbert Wood

Port Angeles Reading Club members heard Mrs. Herbert Wood speak on "Patriotism" at their meeting Monday. The women met at the home of Mrs. Charles Heckman.

President Mrs. Calvin Davidson, conducted the business meeting. Mrs. J. C. Romick was program chairman. Mrs. E. A. FitzHenry gave the world news.

Speaking of early pioneers, Mrs. Wood said, "Woman's part in patriotism was certainly not less than that of man in colonial days but it lacked the prestige of political and social expression." She told of a number of their spectacular feats of patriotism before and during the revolution.

"As soon as equal opportunity for education materialized, women were better able to express patriotism for county and home through their social and cultural standing," she said. She concluded by listing the various women's organizations through which women are working to preserve the American way of life.

The club will meet Dec. 3 with Mrs. Wood.

Japanese Village Famous Because Of Citizen's Industry

MIYAMA, Japan (AP) —This remote central Japan village of 300 persons is basking in prosperity—all because its citizens got tired of sitting around in the dark.

Disgusted with frequent power blackouts, villagers sold some farm land three years ago and built a power plant. It produced surplus power, so they built a paper mill.

Residents own so many farm and home electric gadgets that Miyama is called the "Electric Village." Its fame has attracted as visitors United Nations experts and a Cabinet minister from India.

Traditional Duck Hunt To Be Held

TOKYO, (AP) — The imperial household will hold its traditional duck hunts for the foreign diplomatic corps as usual this year despite reports that the wild birds—fresh in from Siberia—are radioactive as hot atoms.

You-know-who is running those atomic tests up in Siberia.

The imperial household board, sensitive to the pitfalls of stuffing diplomats with atomic duck, ran its own Geiger counter checks Nov. 10 and 13. The score in radio-activity:

Head, 21 counts; liver, 17; entrails, 18; meat, 24; feathers of one duck, 25.

Deduckting for natural radioactivity, the board decided the ducks were all right-wingers.

COMBAT CRAZE

TOKYO (AP) — Are some Japanese intense about curbing the pinball craze? Women's groups in one area banned giving daughters in marriage to pinball addicts.

Organization News

Coming Events

TONIGHT

Methodist Adult Fellowship, pumpkin pie party postponed to Dec. 10.

"How Our Bible Came To Us," Holy Trinity Lutheran Church, 4:30, 6:15 and 8:00 p.m.

MONDAY, NOV. 22

Harmony Club, with Mrs. Fred Hill, 1 p.m.

Navy Mothers Have Christmas Workshop

Navy Mothers Club members worked on Christmas decorations and table arrangements after their meeting Tuesday evening in GAR Hall.

Mrs. Ray Porsch, commander, conducted the business session. Mrs. C. L. Dollarhide reported on the rummage sale.

The women planned to send money to the service men they remember with Christmas gifts. They also discussed their Christmas plans for Coast Guardsmen stationed in the vicinity, and the boxes of Christmas cards sent the Veterans Hospital in Seattle.

Mrs. Wilfred Bower and Mrs. J. P. Bruseau were hostesses for the evening. They served refreshments in the dining room using arrangements of fall flowers and ornamental napkins to carry out the Thanksgiving theme.

Teachers To Hear Boyd Jacobs Talk

Boyd Jacobs will discuss "Retirement Versus Social Security" for teachers here Monday. Jacobs is assistant secretary-manager of the Washington State Teachers Retirement System.

Port Angeles Education Association members will hear him at their meeting at 4 p.m. in Roosevelt Junior High School cafeteria. They invite all teachers or others interested in the subject to attend. The state legislature will consider revision of teachers retirement at the next session.

Jacobs will join members of the Clallam County unit of the Washington Education Association, retired teachers, and PAEA members at a no-host dinner at 6:15 p.m. in the Port Angeles Senior High School cafeteria to give additional information on the subject.

DARs Hear Mrs. Trosper On WHO

Michael Trevert Chapter, DAR, met Tuesday at the home of Mrs. John Husung with Mrs. Elis Trosper as co-hostess.

Regent Mrs. F. C. Twaddle conducted the meeting after Mrs. Calvin Davidson gave the opening prayer. Mrs. Lon Woodard played the accompaniment for "America."

Mrs. W. E. Samuelson served as secretary pro-tem. Mrs. Husung reported on the DAR sponsored schools and manuals. Mrs. Samuelson talked on civil defense and urged members to volunteer in some phase of the local civil defense program.

Mrs. Trosper, national defense chairman, discussed the World Health Organization and its assessing powers. She told how the WHO, meeting in Geneva had assessed the U. S. an additional $350.000 over and above the amount authorized by Congress.

She said, "The U. S. ratified the WHO constitution in the proper treaty making fashion in 1948. Careful study of that approved charter does seem to suggest the WHO has the power to assess member nations. If so, where does that leave Congress' 'power of the purse'?"

Mrs. Trosper reminded the members the United Nations' charter will be revised in 1955. She told them to watch for all information and to write their congressmen to be on their guard to protect our constitution "over and above the United Nations."

Mrs. R. R Little talked briefly on the American Creed.

The chapter will meet Dec. 8 with Mrs. Twaddle.

Hoedowners Welcome New Members

Hoedowners welcomed Mr. and Mrs. Kenneth Bradford as new members of their square dance club at their meeting Monday in Lari-at Hall. Guests were Mr. and Mrs. Jack Chapman.

During a short business meeting Mrs. Harvey Harris reported on the meeting of the North Olympic Council, Folk and Square Dance Federation of Washington, Sunday in Carlsborg Community Hall.

Frank Fountain reported on plans for the New Year's Eve dance. Lewis Smith has charge of tickets.

Hosts for the evening were Mr. and Mrs. Harris, Mr. and Mrs. Fountain, Mr. and Mrs. Vernon Bonny and Mr. and Mrs. Phil Rife. The first three couples also comprised the program committee. Callers for the evening were Larry Kean, Wayne Stevens, Mr. and Mrs. Harold Hart and Mr. and Mrs. Harold Byers.

EASY BREAKFAST—eggs baked with the new fully-cooked pork sausage links.

Shirred Eggs Are Good; Many Variations

By CECILY BROWNSTONE
Associated Press Food Editor

Hens are working overtime — with benefit to you. Because there are plenty of eggs around at attractive prices you may want to try some of those angelfood and "gold" cakes, fancy cookies, fruit whips, meringue desserts, rich custards, French sauces and souffles that are dependent on whole eggs, yolks, or whites and that belong in a fine cook's repertoire. Eggs' superlative protein will stand your family in good stead at breakfast and in main dishes for lunch or supper.

If you haven't yet discovered the virtue of shirred (baked) eggs, you are missing something. This method of preparation has endeared itself to us for years because it is easy and foolproof. Shirred eggs not only taste delicious but they look so attractive and companyish, and there are endless variations on their main theme.

Our teen - age nephew thinks shirred eggs with sausages are tops for Sunday brunch. We make life easy for ourselves and use the new fully cooked pork sausage links now available all over the country. These sausages are particularly fine to use with eggs because they have no drippings or shrinkage to speak of and boast wonderful flavor. It takes us only a few seconds to put the eggs and sausage into the oven; then we forget about them until the timer on our range rings. In the meantime we are free to set the table, squeeze fresh organges for juice, put out ready-to-eat cereal and perhaps sliced bananas, pour milk, make coffee and get bread, butter and jam ready for toast.

We use individual heat-resistant glass pie dishes that are 6 inches across the top (outside dimensions) and about an inch deep for most of our varieties of shirred eggs. If you acquire some of these inexpensive little dishes, we believe you will find them as useful as we do. Shirred-egg dishes are also

Ingredients: Butter or margarine, eggs, heavy cream, fully cooked available in copper, enameled ironware and pottery.

SAUSAGE AND SHIRRED EGGS

pork sausage links, salt and pepper.

Method: Butter 6-inch heat-resistant glass individual pie dishes or other shallow individual baking dishes. Break 1 or 2 eggs into each dish so that yolks are whole. Pour 1 tablespoon cream over egg in each dish. Arrange 2 or 3 sausage links in each dish over whites. Bake in slow (325 degrees) oven 15 to 20 minutes or until eggs are set; sausage links will be heated through in this time. Sprinkle with salt and pass pepper mill. Serve at once.

Here are other enjoyable ways of serving shirred eggs.

Spoon cheese sauce into shallow individual baking dishes. Break 1 or 2 eggs over the sauce in each dish. Bake in slow (325 degrees) oven until eggs are firm—15 to 20 minutes. Sprinkle eggs with salt. Garnish each dish with a sprig of water cress pulled through a thin carrot ring, if desired. Serve with thin crisp triangles of buttered toast for lunch or supper.

Butter shallow individual baking dishes. Pour a tablespoon of heavy cream into each dish; arrange ¼ cup thin strips of ready-prepared fully cooked smoked tongue over cream. Break 1 or 2 eggs over the tongue in each dish. Sprinkle eggs with grated Parmesan cheese and paprika. Bake in slow (325 degrees) oven until eggs are set—15 to 20 minutes. Garnish each dish with a sprig of parsley; serve at once with a tossed green salad and crusty hot French bread for lunch or supper.

Spoon tomato sauce into shallow individual baking dishes. Break 1 or 2 eggs over sauce in each dish. Sprinkle eggs with grated cheddar cheese. Bake in slow (325 degrees) oven until eggs are set—15 to 20 minutes. Put a spoonful of hot drained cooked green peas at the side of eggs; serve at once for lunch or supper.

Organization Briefs

WOMAN'S AUXILIARY TO CLALLAM COUNTY MEDICAL SOCIETY had Dr. Quentin Kintner as guest speaker at its business meeting Monday. The women met in the Olympic Hospital cafeteria. The doctors joined their wives for refreshments after the Medical Society meeting. Mrs. Arthur F. Wendel was hostess for the evening.

VFW AUXILIARY SEWING CLUB met Wednesday at the home of Mrs. J. T. Baker and priced articles for the bazaar. Mrs. Baker is ways and means chairman and heads the committee for the bazaar today and Saturday in Angeles Furniture Co. She served refreshments to Mmes. Louis Tucker, George Stokes, Frank Moore, John Brady, Nellie Ingram, Carl Russell, E. H. Buckner, Elmer Bradshaw, James Caldwell, Oliver Conrad, R. J. Wilbur, and Miss Lucy Mona.

ELKS DUPLICATE BRIDGE CLUB had seven tables in play Wednesday night. Dana Harper and J. P. Mayberg led the north-south section. Mr. and Mrs. B. N. Phillips were second and Mrs. August Hohensee and Mrs. Graham Ralston, third. Wayne Stevens and Melvin Kennedy headed the east-west section with Mr. and Mrs. L. O. Madison second. Norman Estes and Curtis Schroeder were third. In play last week winners in the north-south division were Stevens and Mrs. Ralston. Tied for second place were Mr. and Mrs. W. B. Cooper, and Al Ide and Donald Poulsen. Estes and Hugh Hankins topped the east-west section. Harper and Mayberg were second and Rex. Mantle and Ralph Sisson, third.

GIRL SCOUT TROOP 14 met with its leaders Mrs. W. H. Brueckner and Mrs. Gordon Fox at the Brueckner home Wednesday after school. W. H. Brueckner was a guest. The girls shellacked the pictures they made on shell-trimmed plywood plaques. Each Scout demonstrated to Mr. Brueckner how to use four carpenter tools. (Mary Hanowell, scribe)

CORKY COOKY 4-H CLUB elected officers at its organizational meeting Wednesday evening. The group met at the home of its leader Mrs. Ralph Hulse and discussed projects for the year. They plan to meet the third Tuesday of every month. Esther Wyman is president, Karen Jones, secretary and Lorraine Wyman, reporter. New members are Gayle Morgan, Joan Cameron and Mary Anna Hulse.

NAGAWAKA CAMP FIRE GROUP elected officers at its meeting Monday in the Camp Fire Clubhouse. Rosalyn McRevey is the new president. Carol McCain is vice president and Josie Mayer, secretary and scribe. Aided by their leader Mrs. Edward Fountain, the girls cut out aprons of white organdy. Making an apron is one of the requirements for Torch Bearer's rank. The girls each water colored two Christmas cards, one for their parents and one for their memory books.

UGN Residential Division Starts Soliciting Monday

The residential division in the United Good Neighbors campaign begins solicitation Monday after a kickoff meeting at 7:30 p.m. in the YMCA.

Cmdr. Robert E. McCaffery and Mrs. Nelson Hartnagel head the division.

Mrs. Hartnagel said the entire city is divided into districts, with a chairman for each. Volunteer solicitors will seek pledges from housewives and small business firms not contacted through other divisions.

General Chairman Melvin J. Riedel said the residential solicitation will enable many potential donors to subscribe who will not be contacted through other divisions. Solicitors also will be in a good positions to spread the United Good Neighbors story.

Riedel said, "People want to know what their donations are used for and something of the background of the organization receiving funds.

"Give the average American a clear picture of the needs, leaving out flowery language, explain the absolute necessities, and he will contribute generously. The character of our 18 agencies are well established by their fine services over the years."

District chairmen of the residential division are Mrs. Wilfred Bowers, Mrs. Harry Fulkerson, Mrs. Ralph Lawrence, Mrs. Tony Masi, Mrs. Robert Blore, Mrs. Carl Whitmore, Mrs. Joseph Wolfe, Mrs. Donald Morrison, Mrs. Andrew Smith, Mrs. Donald McDonald, Mrs. Marion Harthill, Mrs. Petrus Pearson Jr., Mrs. Florence Casady, Mrs. Winifred Tozier, Mrs. Merle J. Bucholz, Mrs. Elmer Button, Mrs. Ernest B. Middleton, Mrs. George Albers.

Freighter Crewman Death Due To Fall, Autopsy Reveals

An autopsy Thursday night revealed that Thomas Doran, 31, a native of Scotland, died of drowning in a fall off the freighter Iron Shield.

Coroner Howard V. Doherty held an autopsy last night to determine the cause of death of the ordinary seaman aboard the freighter. Doran was found floating in the port harbor about 11 a.m. Thursday by fishermen.

Investigation by City Patrolman Steve Puro, Sheriff James Morse, Deputy Sheriff Robert Zweifel and Doherty revealed that Doran had fallen off the fantail Thursday. A check with crew members revealed Doran was last seen about midnight.

The Iron Shield came into port for emergency repairs to a boiler Tuesday. The ship was enroute to Los Angeles and the Pacific.

The body will be sent to Vancouver B. C., for burial service by the McDonald Funeral Home.

Olympic Forest Official Announced

Ernest T. Mirehouse is the administrative assistant for the Olympic National Forest with headquarters in Olympia. Supervisor Mason B. Bruce made the announcement.

Mirehouse was transferred from Grangeville, Idaho, to fill the vacancy caused by T. G. Watson's death Sept. 10. He was administrative assistant on the Nez Perce Forest in Idaho for two years and prior to that was in the regional office at Missoula, Mont.

His assignment will include all office work related to the heavy timber sale program on the Olympic forest, currently cutting over 300 million board feet per year. He also will handle inspections and auditing of ranger district, timber sale audits and fiscal matters in general. He will be concerned with the budgetary and cost keeping on the national forest.

Police Court Cases

Edmund J. Szymanski, 25, USAF Neah Bay, running red light, speeding, no valid 1954 license plate, $35 bail forfeited.

Donald W. Armstrong, 23, USCG Cutter Winona, negligent driving, $25 bail forfeited.

Donald J. Yoder, 46, Route 2, speeding, $10 bail forfeited.

Bernard A. Tigen, 46, 725 W. 9th drunken driving, no valid operator's license, $100 fine, license revoked one year, 10 days in jail suspended.

Robert E. Hester, 16, 1305 E. 1st, speeding, $15 fine.

Harold Smith, 41, 405 S. Cherry, speeding, $10 fine.

William A. Jacobson, 16, 812 E. 7th, speeding, $15 fine.

Case Settled

Principals in the $9,850 civil suit, scheduled for Superior Court trial Thursday, settled out of court and jurors were dismissed. A settlement was effected between Tom Crowder and Louis Jacobsen, the plaintiffs, with defendants, Herbert Fischer, Lelia Sailto and Mr. and Mrs. Baker Kowoosh.

Charges Filed

County Prosecutor Howard V. Doherty filed information in Superior Court Thursday charging Toby Tyler and Levi Swan with second degree burglary. The two Neah Bay men are being held in the county jail in lieu of $1,500 bail each set by Judge Max Church. The men are charged with entering the Neah Bay High School on Nov. 11, 1954.

Road Closed

The highway to Neah Bay remains closed today as a result of slides early Thursday. The state patrol said Crown Zellerbach is permitting service trucks and buses to use a logging road to reach Neah Bay, but the road is closed to individuals. Highway 101 north of Lake Quinault is open to light traffic today. The patrol office said it may be open to trucks late today.

Beer, Wine Stolen

Police today are investigating the theft of 20 cases of beer, and two cases of wine from the Port Angeles Distributing Company warehouse, 302 N. Oak, sometime during last night. David W. Anderson, company manager, reported the entry was made by breaking a lock on a small front door with a peevee hook found abandoned nearby. Anderson placed value of the loot at $85. He told Miesel the cases had all been loaded on a truck inside the warehouse, ready for delivery this morning.

Voice of Democracy Finalists Here Dec. 1

Finalists in the second annual Voice of Democracy contest will compete here Dec. 1 for the district title, Wilbur W. Bender Jr., Jaycee chairman, announced today.

Student orators from Jefferson and Clallam Counties will compete for a berth in the state finals scheduled Dec. 10 at Everett. The contest this year is sponsored by the Port Angeles Jaycees and Radio Station KONP.

The public is invited to hear the youngsters speak Dec. 1 at 7 p.m. at Haguewood's Restaurant. A no-host dinner is planned. All who wish to hear these speeches are welcome, Bender said.

The three state finalists will be on television and radio on Friday, Dec. 10 from 7 to 7:30 p.m.

Local judges for the district finals will be announced later, Bender reported.

Air-Marine News

Only one inbound vessel stopped here for a pilot in the past 24 hours. The ship was the W. H. Berg, an oil tanker here at 8:30 p.m. Thursday bound for Seattle.

Five vessels were outbound and stopped off Ediz Hook in the past 24 hours. The Constitution State, was first here at 5:40 p.m. Thursday bound for California. Others were the Narrandsenna for Coos Bay, Charles E. Dant, for Port Angeles, Battaan and Bennington for San Francisco.

The freighter Charles E. Dant is loading newsprint at the Crown Zellerbach Corporation dock. Saturday the freighter is scheduled to start loading 500,000 bf of lumber at the Port of Port Angeles terminal for shipment to the Orient.

UNUSUAL RUN

PARIS, Ky., (AP) — Firemen made a short run yesterday to put out an unusual blaze— in a water fountain. They said the electric fountain in the courthouse, across from the fire station, ignited while repairmen were working on it.

EXAMINATION SET

OLYMPIA (AP) —State examinations for professional engineers and land surveyors will be held at the University of Washington in Seattle Dec. 10-11, Edward C. Dohm of the State License Department announced Thursday.

Private Services For Henry E. Pernod

Private funeral services were held Thursday afternoon for Henry E. Pernod, 94, of Tacoma, Wash., who died Wednesday at Sequim after a long illness.

The Rev. John F. Como conducted the services at the McDonald Funeral Home. Cremation followed.

Mr. Pernod was born Jan. 1, 1860, at Berne, Switzerland, to Mr. and Mrs. Emil Pernod.

He is survived by six sons and two daughters; John of Port Angeles; Richard of Richland, Wash; Charles, Emil, Walter, and Arthur, all of Indiana; Mrs. D. R. Smith, Washington, D. C., and Mrs. F. E. Frantz, Tacoma. He has several grandchildren.

FIRST ATOMIC PLANT

AUCKLAND, New Zealand (AP) — Work on New Zealand's first atomic plant probably will begin within a year, Dr. H.R.C. Pratt, a member of the United Kingdom atomic energy authority, said Friday.

KILLED IN CRASH

MEXICO CITY, (AP)— Federal highway police said Friday David Ramsey of El Paso, Tex., was killed Thursday and his companion Ed Shelton of Greenville, N.C. injured in the smashup of a service car being used for the Pan-American Road Race.

When Scribe was a kid. . . . around Port Angeles. . . one of his athletic Heroes . . . was Willis Mathewson. . .whose funeral was today. . . Willis a druggist. . .was a star on the local. . . baseball. . team. .that played teams from the navy fleet. . .Port Townsend. . . and Dungeness. . .He was fleet of foot. .a good hitter. . .and had a great throwing arm. . . He could often cut runners off at the. . . . plate with long throw. . .from the outfield. . .Up until a few . . . . weeks ago he was. . . .very active walked back and forth. . .at great speed to his work down town. . . He was a fixture . . . and his ball playing ability a tradition . . . Rains . . . wins and slides are distinguishing the present winter weather . . . Folks getting ready for Thanksgiving Holiday of next Thursday November 25 . . . that this year is exactly one month before Christmas . . .

EVE CURIE TO MARRY

NEW YORK (AP) — Eve Curie, daughter of the French scientists who discovered radium, and Henry R. Labouisse, of Wilton, Conn., plan to be married here today.

Miss Curie, 49, is the author of "Madame Curie," a biography of her mother Marie. Until recently she was a special assistant to the secretary of the North Atlantic Treaty Organization.

FBI Probing Blasts In Strike-Troubled Mining Areas

WEBSTER SPRINGS, W. Va., (AP) —FBI agents have begun to probe the dynamiting of a coal train and the attempted dynamiting of another in this strike-troubled mining area.

Fred Hallford, special agent in charge of the FBI's Pittsburgh office, said yesterday:

"We are investigating the dynamiting of a train operated by the Cherry River Boom and Lumber Co., on Oct. 20 and the attempted dynamiting of a Baltimore and Ohio Railroad train over the Stroud's Creek and Muddlety Railroad near Tioga on Oct. 31.

STURDITWIST
for men who demand all three
smart appearance
long wear
moderate price

49.95
Sturditwist has that handsome tweedy look but out performs tweed because of it's unusual construction. Woven of long strand, imported wool-worsted yarns, this rich colorful cloth combines attractiveness with exceedingly long wear. Drive a nail into it, scratch it, rough it up . . . watch it spring back, for Sturditwist can take it! In Sturditwist you get the "big three": long wear, smart appearance, moderate price.
