UGN Membership Meeting Jan. 31; Drive Progress

The annual membership meeting of the United Good Neighbors of Clallam County will be Jan. 31 at 8 p.m.

President Austin Wyman said the meeting scheduled for Jan. 17 was postponed to Jan. 31 because the nominating committee was unable to complete its report within the prescribed time limit.

UGN by-laws require public notice of the report be given at least 10 days before the annual meeting.

$41,854 RAISED

Wyman said today the UGN drive continues to make progress. The new total in cash and pledges amounts to $41,854.91.

With other money promised but not officially counted, the fund insures participating agencies of at least as much as they were given by UGN in 1954. Wyman said the amount is far short of the requests of the agencies.

The expanded Mop-up committee under chairmanship of Harold Carpenter is still in the field. Members expect their efforts will boost the final figure of contributions substantially.

Wyman said in an effort to come closer to the needs of the agencies, arrangements are being made with industrial firms to allow all their employes to contribute to UGN who have not yet done so.

Wyman said, "We feel membership in the UGN is akin to membership in any community organization. We are not confining our efforts to obtain membership to the drive alone. Anyone can join UGN at any time. Our post office box number is 930. We welcome queries regarding membership."

Chairman of the nominating committee is G. C. Leverett. The committee is attempting to give the widest possible representation on the new board of directors.

EAST END

The east end of the county, including Sequim, has not signified to the committee wishes on membership. Terms of two present members of the board from the east end expire this year. They are Max Schmuck and Robert Staeger.

Any member may nominate candidates from the floor at the annual meeting.

Wyman said he sent letters to business establishments not listed on UGN records as donors. He said in some instances solicitors assigned to the business firms who have not given may have missed the firm.

However, any firms not contributing and having unanswered questions may contact UGN. They will be answered by a special committee qualified to answer questions and assist in gift arrangements.

Sandison Named To Powerful House Rules Committee

OLYMPIA (AP) — Speaker of the House John L. O'Brien, Thursday announced the makeup of the powerful House Rules and Order Committee listing nine Democrats and six Republicans as members of the group that decides which legislation comes before the lower chamber and when.

Democrats are O'Brien, the chairman; Bernard J. Gallagher, Spokane; August P. Mardesich, Everett; Floyd C. Miller, Seattle; A. L. Rasmussen, Tacoma; Emma Abbot Ridgway, Sedro Woolley; Gordon Sandison, Port Angeles; Jeanette Testu, Seattle, and R.C. Brigham Young, Cle Elum.

Republicans are R. Mort Frayn, SEATTLE; Marshall A. Neill, Pullman; Elmer E. Johnston, Spokane; Newman H. Clark, Seattle; Chester J. Gordon, LaCrosse, and Howard T. Ball, Spokane.

Printer Too Tough For Holdup Man

WICHITA FALLS, Tex. (AP) —A hitchhiker tried to hold up Harold R. Ferrell but ended up in jail with 30 stitches in his head.

Ferrell, 23-year-old printer for the Abilene Tex. Reporter - News, said he still had his $3 but he picked up a couple of skinned knuckles in the lengthy roadside tussle yesterday between here and Seymour, Tex.

Billy Franklin Hanson, about 20, of Oklahoma, was in the Baylor County Jail at Seymour charged with attempted armed robbery.

HORMEL ACQUITTED — George Hormel II embraces his mother, Mrs. Jay Hormel, in Superior Court at Los Angeles moments after a jury acquitted him on charges of marijuana possession. The young meat packing heir and jazz pianist grinned broadly at the verdict and joyfully hugged his mother after the jury was dismissed. (AP WIREPHOTO)

Governor Mentions Utilities Surtax As Possible Source of Needed Funds

OLYMPIA (AP) — Users of gas, electricity and water would be the easiest source from which to collect half the additional 41 million dollars Gov. Langlie figures the state will need in the next two years, he said Thursday.

The governor told a news conference a five per cent surcharge on the state utilities tax would be cash and "least costly to collect" and interfere less with the economy of the state.

The opinion was at variance with one Langlie expressed in Seattle Dec. 7 when he said he considered such a tax as "remote" and indicated he did not favor its adoption.

NO PROPOSAL

Langlie said Thursday, however that he was not necessarily proposing the utilities tax surcharge.

He emphasized his opposition to an income tax or an increased sales tax, saying he has merely mentioned them as possibilities. The people should be entitled to vote on the question of an income tax, Langlie told the newsmen.

The five per cent surcharge would increase taxes now paid on their gross income by gas companies to 7.2 per cent and electric power and water companies to 8.3. This would represent about 30 cents a month additional cost to the average homeowner, he estimated.

PROPERTY TAX

Also discussed by the chief executive was the so called Ryder plan to adjust property tax assessments to a uniform statewide level. The plan, advocated by Sen. John Ryder, Seattle Republican, is being checked for possible constitutional bugs. Langlie estimated it would raise about 15 million dollars during the next two years.

He also said it would be possible to raise 20 million during the biennium by increasing the business and occupation tax one-tenth of one per cent.

He discussed a number of other revenue-raising plans and again plumped for passage of the bill to consolidate state timber and land operations under a board to be appointed by him. With such a board, he said, a state land commissioner would be unnecessary.

Westland Protests Plans To Move Bodies At Ft. Worden

EVERETT (AP) — Army plans to remove bodies from the Ft. Worden Military Cemetery at Port Townsend will be the "final blow" to the Olympic Peninsula community, Rep. Westland (R-Wash.) said Thursday.

In a letter to Brig. Gen. C. H. Chorpening, assistant chief engineer for civil works, Westland said the Army, from a "sense of sentiment," should not molest the bodies.

The letter, a copy of which was released by Westland's office here, was sent after Port Townsend citizens, who lost a multi-million dollar payroll when Ft. Worden was closed a year ago, appealed to the Congressman for aid when they learned of the Army plans to remove the bodies.

Westland estimated it could cost $150,000 to move the bodies to Willamette National Cemetery at Portland. This sum, he said, would cover maintenance costs at the Ft. Worden cemetery "for an extremely long time."

Peninsula Ranks Second in State Tourist Attractions

The Olympic Peninsula, including Olympic National Park, ranked second among the state's tourist attractions during 1954. The State Advertising Commission reported this week that Mt. Rainier took top honors, attracting 786,878 persons.

Olympic National Park checked in approximately 600,000 visitors, 187,000 less than Mt. Rainier.

Tourists numbering 501,000 visited the third ranking attraction, Grand Coulee Dam, taking a guided trip through its giant powerhouses.

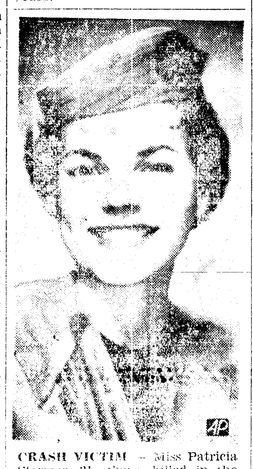
The advertising commission listed as other favorite vacation spots the San Juan Islands and Puget Sound area, Lake Chelan, Spokane area, ocean beaches and Mt. St. Helens and Spirit Lake.

State Group To Take First Plant Step

TACOMA (AP) The State Power Commission "soon will commence positive steps toward building its first steam generating plant," Chairman Waller S. Gordon said Thursday.

Gordon's statement set no time for start of construction. He said the commission will discuss the project at its meeting at Aberdeen Tuesday.

The plant, he said, would provide some of the 1,200,000 kilowatts of steam-generated power the state will need in the next 10 years.



CRASH VICTIM — Miss Patricia Stermer, 21, above, killed in the air crash had begun her flying career only a few days ago. She had completed her training as a stewardess with TWA just before Christmas. Her father Ed Stermer, holds the position of cashier on the Los Angeles Herald-Express. (AP WIREPHOTO)

McFadden Loses Out On Committee Post Despite Being Favored For Job

OLYMPIA (AP) — A Democrat listed in the official 1953 Legislative Manual as a chiropractor is chairman of the House Committee on Medicine, Dentistry and Drugs.

He is Elmer Huhta of Hoquiam named to the post despite the expressed preference of Speaker John L. O'Brien for Dr. James L. McFadden of Port Angeles. The assignment was made by the Democratic Committee on Committees which this year dicates assignments.

DEMANDED JOB

Huhta had demanded the job, O'Brien said, and walked out on the committee.

"What can you do?" the Seattle Democrat asked in reference to the necessity of keeping all 50 of his party members happy and in line. A single Democratic defection would put Republicans, now with 49 members, in control of the House.

Huhta based his claim to the post on seniority, having been a member since 1951. Dr. McFadden is a freshman legislator.

FORMER GRID STAR

The Hoquiam man, once a University of Washington football star, is a graduate of the Palmer School of Chiropractic but said he is working for himself as an X-ray technician.

O'Brien said Huhta has assured him he will handle his committee in a fair and impartial manner. Chiropractors long have been at odds with the medical profession over basic science examinations given chiropractors. The difference reached a bitter stage last year when the chiropractors unsuccessfully sponsored an initiative aimed at revising standards for licensing their profession.

The Senate Committee on Medicine and Dentistry also has a nonmedical chairman. He is Sen. Stanton Ganders, Democratic Bickleton farmer. The committee includes Dr. David C. Cowen, Spokane dentist and also a Democrat.

Costa Rican War Quiets; 'Foreign' Arms Use Noted

By CARLOS ESCUDERO

SAN JOSE, Cost Rica (AP)—With fighting in Costa Rica's four-day-old war at a virtual standstill, an inter-American investigating commission reported today that the planes which bombed and machine-gunned Costa Rica towns had come from "foreign soil."

The finding was announced as former Costa Rican President Teodora Picado admitted in an interview in Managua, Nicaragua, that his 27-year-old son Teodora Jr., was commanding the rebel forces. The younger Picado is a graduate of West Point and is married to a Los Angeles woman.

FOREIGN SOURCE

The commission also reported it has found "serious indications that arms and munitions have been supplied from a foreign source to rebel elements in Costa Rican territory." The commission did not identify the "foreign soil" or the "foreign source."

The five - nation investigating group forwarded its findings to Jose Mora of Uruguay, president of the Council of the Organization of American States. The council sent the commission to the scene to probe Costa Rican charges of aggression by neighboring Nicaragua in connection with the fighting.

Nicaraguan officials have denied Costa Rican accusations that the Managua government armed, trained and equipped the rebels. They say the fighting is internal revolution.

USED AS GUIDE

The commission's findings will be used by the OAS Council as a guide in deciding whether actiobn should be taken under the Rio de Janeiro Treaty. This pact provides for joint action by the American states if any of its fellows is invaded. But already the arrival of the OAS mission and the promise of observation flights by U. S. planes appeared to have had a calming effect on the fracas.

The Costa Rican general staff reported that a rebel force of 200 to 300 men apparently was stalled around La Cruz, in the northwest tip of the country just south of the Nicaraguan border. A spokesman said no contact had yet been made with this force, although government troops were developing a movement to defeat it.

The rest of the country was reported quiet with the govezrnment in control.

Admiral Denies U.S. Ships Took Part In Formosa Action

TAIPE (AP) Rear Adm. Frederick N. Kivette said Friday his Formosa Strait patrol was adequate for its task and that the Chinese Communists thus far had engaged in no hostile action against his ships—Task Force 72.

Kivette, on a visit, spiked rumors that destroyers of his task force had fired Tuesday on Chinese Communist planes or warships.

The admiral also denied that his task force had escorted, or was escorting, Nationalist warships, as suggested by Chinese reporters who visited the Tachens, 200 miles north of Formosa.

His ships he said sometimes pass Nationalist ships and of course exchange courtesies.

Kivette said ships of the Formosa patrol force occasionally sighted unidentified planes, but no brushes had taken place, nor anything else of an untoward nature.

Man Dies After Escaping Collision

MOSES LAKE (AP)—A. E. Prettyman, 50, of Spokane, escaped injury in a car-truck collision here shortly before midnight, but collapsed at the scene half an hour later and died early Friday in a hospital.

Prettyman's collapse, apparently from a heart attack, came after he had telephoned his wife in Spokane that he had been in an accident but had escaped injury.

Police said a car driven by Lloyd S. Engel, 30, of Seattle skidded at an icy intersection and ended up wedged between the truck and trailer. Engel, a telephone company employe, was cut and bruised.

TO INVESTIGATE COSTA RICA-NICARAGUA PROBLEM — The Council of the Organization of American States appointed the Committee pictured above to make an immediate on-the-spot investigation of the old conflict between Costa Rica and Nicaragua. Left to right are: Dr. Guillermo Enciso Velloso, Paraguay; John C. Drier, United States; Dr. Luis Quintanilla, Mexico; Dr. Jose R. Chiriboga, Ecuador, and Dr. Fernando Lobo, Brazil. The committee is now in Costa Rica. (AP WIREPHOTO)

Russia Offers To Share Atomic Power Use Data

By STANLEY JOHNSON

MOSCOW (AP) — The Soviet government Friday offered to share with the rest of the world the experience it claims to have gained by operating an industrial power station with atomic energy.

Foreign Ministry Press Chief Leonid Ilyichev told a news conference the Soviet Union is "ready to hand over the scientific and technical experience piled up in the Soviet Union."

He said this information would be made public through a report to the United Nations Committee on Atomic Energy.

There was no indication that foreign scientists or technicians would be able to study the operation of the atomic power station which the Russians claim to possess on their own.

At the same time the spokesman announced that academician D. V. Skobeltsyn had been appointed Soviet representative to the conference on atomic energy which the last U. N. General Assembly decided should be held during 1955.

This is the first time since the atomic discussions began in the U. N. that Russia has sent a nonpolitical figure to such a meeting. The significance of the change over to a scientist was not immediately clear.

The spokesman said Skobeltsyn has been instructed to submit a proposal for inclusion of the industrial power station item on the agenda of the proposed conference on atomic energy.

Boy Finds The Law Is No Help In Giblet Soup Case

WEBSTER, N.Y. (AP)—The telephone jangled at the sheriff's office last night. There was a scream for help at the Masline home. Then a crash and the line went dead.

Deputies John Erbland and Albert Underhill raced to the home, crouched outside to draw guns and went in. Robert Masline, 7 and in tears, explained that he had wanted their help in the case of the turkey giblet soup.

His mother Mrs. Allen Masline thought he should eat the soup. He refused, and ran out on a scolding to summon reinforcements. The crash came when his mother caught him in the middle of the call.

The law—no help—lined up solidly behind Mrs. Maline. Robert ate the soup.

Man Found Innocent In Slaying Case

SPOKANE (AP) — Matthew F. Ames, 72, accused of killing a man in a Spokane tavern, was found innocent of second degree murder Thursday.

Ames, who will be 73 on Sunday, said he shot Sam Chavira, 49, claiming Chavira bummed him for a drink and threatened to kill him when he refused. He said he drew the gun only to frighten Chavira.

President's Draft Extension, Pay Boost Proposals Win Quick Support

By RUSSELL BRINES

WASHINGTON (AP) — President Eisenhower has won quick bipartisan support in Congress for extending the draft and raising military pay, but he faces sharp skirmishing on some other parts of a broad new military manpower program.

The President called yesterday for a four-year extension of the draft, more money and benefits for career servicemen and a reorganized and strengthened pool of reserve strength.

The reserve program included a plan for six months basic training for limited numbers of 17 and 18-year-olds and a requirement that both these youths and regular draftees serve additional time in active, organized reserve units.

TWO MESSAGES

The President told Congress in two special messages that these steps are necessary to give the nation its first peacetime "proper military posture" and to provide the capacity of dealing with any "aggressor so criminally unwise as to attempt an atomic attack."

Chairman Vinson (D-Ga) of the house Armed Services Committee said he strongly endorses a selective pay increase and the general idea of more fringe benefits for servicemen.

He said in a statement he would support both a four-year extension of the regular draft and a requested two-year extension of the law drafting doctors and dentists. Both are now due to expire June 30.

WAIT - AND - SEE ATTITUDE

But he underscored a prevalent wait-and-see attitude on the President's proposals to increase and strengthen the reserves. In past years, Congress has remained cool to all proposals for universal military training, some of which have paralleled the President's six-month training plan, and there were strong indications the present Congress would take its time in considering that program.

Chairman Russell (D-Ga) of the Senate Armed Services Committee told newsmen "undoubtedly there will be some increased compensation" for servicemen but declined comment on other features of the program.

French, Germans Agree To Ignore Russian Threats

BADEN BADEN, Germany (AP) — French Premier Pierre Mendes-France and Chancellor Konrad Adenauer agreed Friday to ignore a new Soviet threat and press on with ratification of the Paris treaties to rearm West Germany.

The two leaders reached this decision shortly after the Soviet Union fired off a new note to the West European nations warning against German rearmament.

A German spokesman told a news conference Mendes-France and Adenauer agreed "to fulfill all the responsibilities arising from the Paris treaties." This decision he said, was made during the morning session of a one-day conference on French and German problems in this famous Black Forest resort city.

The two statesmen also agreed that West Germany and France will "take other steps which, together with the three powers, will bring about a relaxation of tension between the East and West," the spokesman said. He did not elaborate.

The spokesman said Adenauer and Mendes-France discussed at length the French plan for a West European arms pool. The arms pool and the dispute over the Saar were in the forefront of the discussions.

Navy Icebreaker Sights Super-Iceberg

WASHINGTON (AP)— The Navy icebreaker Atka, heading in toward the Antarctic continent, has reported encountering a super-size iceberg, estimated to be over a mile long and 800 feet wide.

The Navy reported the Atka sighted the giant berg Wednesday as the ship began heading into Ross Sea bordering the frozen Antarctic in the one-ship expedition making a survey preliminary to a future large south polar expedition.

The course through the ice-filled Ross Sea will take the Atka toward Little America, the site of the base for the second Byrd expedition which was carried out after World War II.

Dulles, Lodge Meet With Strategic Air Command General

OMAHA (AP) — Secretary of State Dulles arrived in Omaha Friday and left his plane immediately with Gen. Curtis E. Lemay, commanding general of the Strategic Air Command.

Dulles was here with other high State Department officials for a "briefing." The secretary of state received military honors at the plane side, and went immediately to his car without talking to newsmen.

Henry Cabot Lodge Jr., ambassador to the United Nations, was on hand to greet the secretary, and to report on the recent mission of United Nations Secretary General Dag Hammarskjold to Red China.

"I made a statement Thursday night in New York which contains everything I have to say," Lodge replied when he was asked about his conference with Hammarskjold.

Asked if he would have any further statement following his conference with Secretary Dulles, Lodge replied "I wouldl be very surprised if there was."

Both Lodge and Undersecretary of State Herbert Hoover Jr., said the meeting at SAC headquarters had na special significance. Hoover said it had been planned for a long time. He would not comment further.

U. N. Secretary Reveals Little About China Trip

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP) — Dag Hammarskjold said Friday his Peiping talks achieved what he had intended—a clarification of the views of both sides.

The U. N. secretary general said the door is open to further contacts, but he declined to define the next step toward release of the 11 American fliers jailed by the Chinese Communists.

He said Chou En-Lai, premier and foreign minister of Red China, had laid down no conditions. He added no deals had been suggested either by him or Chou.

LITTLE LIGHT

Hammarskjold's statement at a news conference did not offer much light on when the fliers' case might be settled. But chief U. S. Delegate Henry Cabot Lodge Jr., after a talk with the secretary general expressed confidence they would be freed.

The secretary general said he had achieved what he was "aiming at" in his Peiping visit.

He described this as merely the first step in the continuing contact.

Hammarskjold said that in his opinion an improvement in the international climate was directly connected with the question of releasing the American fliers and other U. N. command personnel held by the Chinese Communists.

NO PROPOSALS

He stressed, however, that Chou had made no proposals or laid down any terms.

He said Chou's discussion of other questions was "entirely apart from the question of the prisoners."

"No deals of any kind, nor any link between these other questions and the prisoner question, were suggested by either side," Hammarskjold told reporters.

The secretary general declined to list specifically which questions Chou had brought up, but he said the Chinese leader had raised just about every issue that he has discussed in recent speeches, statements, and other expressions.

Hammarskjold was asked wheihher Chou had expressed concern over a possible attack on the Chinese mainland by the United States.

EVERYONE AFRAID

"One of the curious things about the present world situation is that everybody is afraid of everybody else," the secretary general said.

Asked whether Chou had brought up the question of Peiping representation in the U. N., Hammarskjold said this was covered by the previous statement that Chou had discussed almost everything.

The secretary general said the question of 35 Chinese students detained in the United States had not been made a condition for release of the American fliers.

Hammarskjold arrived here Thursday night and immediately conferred for an hour with Lodge. Later Lodge reported to Secretary of State Dulles, who in turn filled in President Eisenhower.

Lodge expressed confidence about the fliers after his talk with Hammarskjold.

Atomic Document Missing in England

LONDON (AP) — Britain's Atomic Energy Authority said Friday one of its atomic documents is missing, possibly stolen, but that it contained no secrets.

"The document is neither top secret nor secret and contains no military information or secret technical information," a spokesman said.

"It was being examined by the British Electricity Authority in connection with the long term use of nuclear energy for the generation of electrical power."

An official of the electricity authority said:

"Yes, the document is believed to have been stolen. When the loss was discovered on Monday, Scotland Yard was called in."

Detectives are interviewing members of the Electricity Authority's staff.

KINGDOMS RECOGNIZED

MANILA (AP) — The Philippines Friday formally recognized the kingdoms of Cambodia and Laos.

Newly Adopted Daughter Greets Mother With Yowl; Dad Takes Over

By RAY KOHN

NEW YORK (AP)— Little Greek-born Roni Marie should be a happy child today. She has two adoring foster parents, a new tooth and all the diapers she'll ever need.

The pert, 17-month-old foundling arrived in this country yesterday with her new dad, Navy Lt. Norman (Moose) Donahoe, after a delayed flight from Athens.

After landing at the Patuxent, Md., naval base, the pair went to Washington by car and arrived here by train last night to meet the little girl's new mother Helen.

The meeting in Pennsylvania Station was emotional.

Mrs. Donahoe, speechless at first could only cry for joy. Her 28-year-old husband shed a few tears himself.

LET OUT YOWL

Roni Marie let out a yowl and extended her arms to Papa Donahoe.

With an understanding born of experience, Donahoe whisked Roni Marie onto a counter in the stationmaster's office, whipped out a fresh diaper from a briefcase, and made a quick change.

Roni Marie stopped crying and flashed her first smile at her new mom.

Wiping her eyes, Mrs. Donahoe hugged Roni Marie and kept repeating, "I love you, I love you, I love you."

Roni Marie gurgled appreciately.

NEW TOOTH

"Look," said Mrs. Donahoe, she's getting a new tooth."

"She's teething," Donahoe replied, "but she's been a wonderful, wonderful baby."

"No temper?" he was asked.

"Oh, yes, she has a temper — just like her mother," said the lieutenant, winking at his wife, who is of Greek parentage.

The Donahoes, married five years, never had any children. They decided to adopt a Greek child after finding they could do so without the long wait necessary in this country. Donahoe flew to Greece a month ago.

After several days here, the family will drive to Houston, Tex., where the grandparents on both sides live. Donahoe is an instructor at Corpus Christi, Tex. Naval Air Station.

Sequim School Milk Consumption Triple That Of Year Ago

Bottle milk sales in the Sequim School cafeteria the past week show a 274 per cent increase over last year.

Institution of a new milk program is responsible for the growth. Afternoon milk now is available to the children in grades 1 through 9 for 2 cents per one-half pint bottle.

The program has been in effect for several months. However, the new low rate for afternoon milk began Monday. On that day 916 bottles of milk were sold the 870 students attending school.

Monday afternoon 340 elementary students took milk or 73.27 per cent of those attending school. In the junior high school 78.63 per cent of the attendance purchased milk, or 173 students.

Tuesday, elementary purchases in the afternoon reached 385. By Thursday, total sales soared to 982 bottles and Margaret Harleman, dietician and cafeteria manager, said she ordered 1,000 bottles for Friday. In the junior high 183 students took milk. Elementary participation numbered 361.

Superintendent W. E. Blore said with the fluctuation of absences, the daily average for the week was approximately 925 bottles or 80 per cent participation.

This is 274 per cent above last year's base average of 337 bottles per day.

DISPENSER ORDERED

A refrigerated milk dispsnser is on order for the senior high school study hall. In the meantime the senior high students are unable to take part in the afternoon portion of the program. They can purchase their lunch bottle for 5 cents and obtain additional milk at 2 cents per half-pint bottle.

Through the Agriculture Act of 1954 the local district is reimbursed 4 cents per bottle on all milk sold over the last year's average. The exceptional increase in consumption brought about the latest cut in cost to the students.

The eighty-third Congress authorized this plan to assist in expanding dairy markets and to increase milk consumption. Set up Sept. 1, 1954, it will continue through June 30, 1956. Sequim School District was one of the first to inaugurate this plan.

MILK BREAK

The afternoon milk break comes between 2 and 2:30 p.m. Representatives from each class go to the school cafeteria to pick up their group's requirements. It is returned to the rooms for consumption.

The milk is stored under refrigeration in the new three-compartment walk-in refrigerator purchased this year.

Helen Haller, elementary principal, states the nutritional value received by the children from the beverage is worth the planning involved to make the program run smoothly among the little folks.

Mrs. Haller recalls many small children formerly became restless in mid-afternoon. This break gives them a lift, she says.

Mrs. Ralph Keeting, PTA president, reports "Mothers are pleased to think their children are getting a refreshment with food value. In many cases it cuts down the need for after-school sweet snacks."

The Clallam County Farm Bureau lauds the efforts of the Sequim school officials in so successfully putting the program into effect.

Bureau president Val Cameron encourages "all schools and school systems to follow the example of the Sequim district." He says, "Not only will the plan benefit the youth nutritionally, but will help remedy a surplus problem in the dairy market if universally endorsed."

Sequim Bowling News

Sequim Men's Major League, Jan. 10

Team Standings	W on	Lost
Spud's Service	23	13
Far West Gas	20	16
Sequim Meat	20	16
O'Neill's Pharmacy	19½	16½
Ferguson Tractor	13½	22½
Pinkerton's Pirates	12	24

Paced by Grant's 623 series, Spud's took three games from Sequim Meat in Monday's bowling, thus rolling into first place ahead of the butcher boys.

Far West Gas went into a second-place tie with Sequim Meat, finally catching O'Neill's by winning two games from the Townsend commuters.

Campbell's 589 was high in the series between the two teams. Pinkerton's climbed a little higher up the ladder by taking two from Ferguson. Tuomala and Cochran were high with 526 each.

High Averages — Grant 176, Tuomala 174, Campbell 173, Bloomquist 171, Huntington 171, Cochran 171.

Sequim Personals

Mr. and Mrs. **Joe Roberson** are visiting in Seattle at the home of his brother and wife, Mr. and Mrs. Ray Roberson. Mr. Roberson, a former Sequim resident, has been seriously ill, but is home from the hospital and reported improving.

Mrs. Fletcher Forster returned this week from a three-week visit in Pendleton, Ore., with her son-in-law and daughter, Mr. and Mrs. William Parker. While there she welcomed the arrival of a new granddaughter. The Parkers also have a four-year-old son.

NEWSMEN ARRESTED

BUENOS AIRES, Argentina (AP)—Two newsmen in Arrecifes were under arrest Friday on charges of sedition in connection with rioting in that town last Monday in which two persons were killed.

Royal Neighbors Install Officers

Sequim Royal Neighbors Monday night held installation of officers. Officiating at the ceremonies were Mrs. Hayes Evans, installing officer; Mrs. Harvey Klingler, ceremonial marshal and Mrs. Frank Mills, assistant ceremonial marshal.

Those taking office were Mrs. Ted Blair, oracle; Mrs. Jim Burrowes, vice oracle; Mrs. Jack Ryser, past oracle; Mrs. Ray Marx, marshal; Mrs. Joe Silberhorn, assistant marshal; Mrs. Lawrence Blair, chaplain; and Mrs. Oliver Nelson, musician.

Other officers are Mrs. Earl Blair, flag bearer; Mrs. Norman Thompson, manager; Mrs. Max Schmuck, receiver; Mrs. Carl Hamilton, recorder; Mrs. Dan Danforth, endurance; Mrs. Vesta Yoakum, unselfishness; Mrs. Ray Wagner, courage; Mrs. Dan Dalton, faith; Mrs. Robert H. Rivett, modesty; Mrs. Joe Eberle, outer sentinel and Mrs. Ina Kilby, inner sentinel.

The Royal Neighbors will meet next on Monday, Jan. 24 for a social afternoon with Mrs. Harvey Klingler. Mrs. Jim Burrowes will be co-hostess.

Serving refreshments following installation were Mrs. R. F. Baumunk, Mrs. Oliver Nelson and Mrs. Jack Hopkins.

Men's Club To Have Dinner Wednesday

The Trinity Methodist Men's Club is sponsoring a ham dinner Wednesday night from 6 to 8 p.m.

The male club members will prepare, cook and serve the dinner. The younger men in the club will serve the meal under the supervision of head waiter Arvie Smith.

Carl Huntington will be chef for the evening. Among his assistants will be W. G. R. Dann, Lou Hubbard, and Howard Herrett.

Mrs. Kenneth Peterson will preside at the organ to present intermittent dinner music.

Cub Scout Bottle Drive Tomorrow

Sequim Cub Scout Troop 490-C will hold a bottle drive Saturday. Cubs will canvass the town of Sequim and rural areas as far east as Blyn to obtain saleable beverage bottles.

Boys will work in the locality of their den. Solicited bottles will be turned in at the warehouse in the alley behind Soderberg's.

This is the principal fund raising activity of the Cubs. Funds derived will be used for Scout projects.

Sequim Briefs

Mrs. B. M. Jones was a guest of the **Y.N.I. Club** when it met Wednesday evening with Mrs. Robert Davis. The January anniversaries and birthdays of Mrs. Glenn Foster, Mrs. Arvie Smith and Mrs. Davis were observed when mystery sister gifts were presented. The club will have its February meeting at the home of Mrs. Foster.

Sequim Past Noble Grands Club met Tuesday with Mrs. Dave Burrowes for a 1 p.m. luncheon. Members answered roll with current events. Articles remaining from the fall bazaar were sold. Convalescent cards were sent to members Mrs. Roy Long and Mrs. Sara Sturtivant. Mrs. John Dearinger will be hostess to the club Tuesday, Jan. 25. Mrs. Anna Mapes will assist her.

The Sequim Hob Nob Club under the sponsorship of Trinity Methodist Church will meet Tuesday, Jan. 18 at 10 a.m. in the church social hall. Craft classes in copper work, knitting and rug braiding will continue. Additional hobbies will be added when members request them and instructors are available. A potluck luncheon will be served at noon. Nursery facilities under the supervision of Mrs. Lewis Aas are available for preschool children. Tuesday's hostesses are the Mesdames Carl Klint, Leo Seamands, Gary Edwards and Alan McCombs. The committee invites all ladies in the community to attend and start a hobby.

The Riverside Sewing Circle met Thursday at the home of Mrs. Clarence Mack with Mrs. Mary Harris co-hostess for the 1 p.m. luncheon. Members worked on a quilt and made plans to meet Jan. 20 with Mrs. Rollin Shaw.

Sequim American Legion Auxiliary members voted Monday night to sponsor a coffee hour at the Legion Hall Monday evening, Jan. 31 for workers on the Mothers' March project. The auxiliary made plans for a potluck dinner to be held jointly with Jack Grennan Post Monday, Feb. 14.

Re-decoration of the **Sequim Trinity Methodist Church** entrance hall and sanctuary was completed this week through the joint efforts of the Women's Society of Christian Service and the Methodist Men's Club. The ladies' organization purchased the paint. A crew headed by Roy Koeller Tuesday held a work day to do the painting.

Stork Shower Fetes Mrs. Robert Oswald

Friends bearing gifts and refreshments gathered at the home of Mrs. Robert Oswald Tuesday to honor her with a stork shower.

Mrs. Henry Guthrie, who planned the affair, read an amusing bulletin. Guests spent a social afternoon playing party games and visiting.

Those attending were the Mesdames Bryce Robbins, W. C. Rhodefer, Wilma Tait, Ernest Brannon, Ed Wilcox, Iris Marshall, Leonard Fernie, Stella Dean, John Bolen, Vesta Hoakum, Carl Klint, John Nason, Herman Petrich, Sadie Lavender and Mrs. Guthrie.

Invited but unable to attend were the Mesdames Sam Wilson, John Tulin, Bruce Brown, Blanche Simmons, Ray Yaple, Dick Grimsley and Rex McInnes.

DHIA Reports High Herds For December

Arthur Hansen's holstein herd leads the Clallam County Dairy Herd Improvement Association in the small-herd division for December of 1954. Leading the herds of 30 cows or more is the Sofie and Matriotti mixed herd.

Owner
Herds of less than 30 cows

	No. Cows	Aver. Milk	Aver. Fat
A. Hansen	17.8	1064	53.8
E. E. Adams	17.7	821	43.4
V. Van Ausdle	18.9	771	43.0
E. Thomsen	15.	693	39.8
C. A. Robinson	19.9	699	38.3

Owner
Herds of 30 or more cows

	No Cows	Aver. Milk	Aver. Fat

(W. A. and Robert Davis, testers).

Goodwill Truck Due in Sequim

Mrs. W. G. R. Dann, local representative for Goodwill Industries, announces a pickup truck will be in the Sequim area the first part of the week.

Anyone having donations may call the Dann residence at 69-W. Acceptable items are dishes, cooking utensils, pictures, jewelry, clothing, furniture, household knick-knacks and other household articles.

Rotarians Have Good Attendance

Sequim Rotarians achieving 100 per cent attendance for the 23 weekly meetings in the period from July 1, 1954, to Jan. 1, 1955, are Mike Snyder, W. E. Blore Peter Granum, Robert Staeger, Roy H. Ward and Preston Scheid.

Bill Alton and Chet Gwinn have perfect attendance records for the eight and nine meetings held since they joined the club in mid-year.

Ward, a charter member of Sequim Rotary, has missed only two meetings since the Sequim club received its charter 24 years ago this coming June.

During his travels and business trips he planned his stop-overs in towns where he could attend a weekly Rotary meeting. Only in Seward, Alaska, on business several years ago, was he forced to miss two meetings.

Robert Staeger has a perfect attendance record for eight consecutive years. Peter Granum has not missed a meeting in the five years he has belonged to Sequim Rotary.

Rotarians Thursday heard G. C. Leverett, manager of the local Pacific Telephone & Telegraph Company, report on the new dial telephone project to be installed in Sequim by fall.

Guests were Col. Fred McElroy of Port Townsend; Russ Mathewson, International Harvester representative and Al Konopaski.

District Captains Appointed For Mothers' March

The East End March of Dimes committee met Tuesday at the Fred Beale home. Business of the annual drive for funds was under the chairmanship of Mrs. Warren Woodcock. Mrs. Fred Taylor is secretary of the local committee.

Mrs. Peter F. Black will chairman the Mothers' March which will be held Monday evening, Jan. 31.

Working with her are five district captains who will appoint committees in their vicinity to help with the march. They are the Mesdames William McCrorie, Arthur Becker, Ted Shaughnessy, Ronald Booth and W. F. Zilkey.

Coin collection cards will reach local citizens by mail this week. When filled, these cards are to be mailed or turned in to Betty Silva at the Bank of Sequim.

Similar collection cards will be distributed among the school students. Girl Scouts are making coin collection containers to be used in the stores for donations. This fund-raising campaign for the benefit of polio victims will extend through January.

Sequim Girls Take Homemaker Tests

Five Sequim senior girls participated Wednesday in a Betty Crocker research contest to find the homemaker of tomorrow. The girls were Pat Haggerty, Elsie Woods, Marjie Kinkade, Annie Germeau and Rena Mantle.

They took a 35-minute multiple choice test covering all phases of homemaking. "Why Homemaking is More Than Just Housekeeping" was the topic of their 10-minute essay. The tests were given under the supervision of Donna Seldomridge, home economics instructor.

Girls all over the United States took these tests which are due at headquarters Jan. 23. Results will not be known until February.

The local high school winners will receive a specially designed Betty Crocker pin engraved "Homemaker of Tomorrow" and a cook book.

A $1500 scholarship, a trip to Washington, D. C., and a jeweled pin go to the state winner.

The girl placing first in the nation will receive a $3500 scholarship and a three-months' tour of the United States.

Rainbow Girls Hold Initiation—Election

Eighty members and guests witnessed the initiation ceremonies of Sequim Rainbow Assembly No. 57 Monday night.

Welcomed into membership were Sally Marshall, Barbara and Juanita Booth, Rebecca Ann Wilkie, Carletta Weed and Judy Huffman.

In the election of officers to follow Darlene Van Brocklin was chosen new worthy advisor.

Other officers elected were Edythe Tulin, worthy associate advisor; Sandra Cays, charity; Irene Bigelow, hope; Sharon Lewis, faith; Carol Tait, treasurer and Glenda Dickinson, recorder. Open installation will be Saturday, Jan. 22 at 8 p.m. in the Masonic Temple.

Chamber Learns Of New Dial System

Manager G. C. Leverett of the local Pacific Telephone & Telegraph Company Tuesday noon presented to the Sequim Chamber of Commerce a detailed report on the $100,000 dial telephone project for Sequim.

Other Chamber business included plans for a social meeting and installation of officers Tuesday, Jan. 25 at 7 p.m. William Bugge, director of Washington State Highways, will be guest speaker.

This dinner meeting will be held at Patrick's Olympic Cafe. The meeting is open to the public and reservations may be made through Mary Brown.

Chamber members went on record as favoring retention of the Coast Guard Station at Port Angeles. The secretary was instructed to write letters on this matter to the proper authorities.

Star's Explanation of Hard Work in Films Is Simple; It Gives Her Greatest Pleasure

By BOB THOMAS

HOLLYWOOD (AP)—It was cold, bitterly cold. There was Joan Crawford, standing in the frigid night air in a flimsy evening gown with bare shoulders.

On one of the coldest nights of the year, the movie queen was filming outdoor scenes for her latest picture, "Female on the Beach." It was a tense scene with Jeff Chandler, who grabbed her, got slapped, then crushed her in his arms.

It was getting toward midnight when a dinner break was called, and the set workers rushed for the shelter of the dining tent. Together with a half dozen of her friends, I followed Joan to her trailer dressing room.

LIFTED ARMS

Joan lifted her arms and showed what the violent lovemaking had done to her. She was covered with black and blue bruises. She had also torn half the nail off one of her fingers, and she was shivering from the cold.

"Why do you work so hard?" I asked.

"Why?" she replied as she wiped her makeup off with oil. "Because there is nothing in the world I would rather do. Call this work? Making pictures is the greatest pleasure in the world to me. I'd die if I didn't have them to do.

"When I am between pictures, it's pure hell. I go crazy trying to find things to do. When I go out to dinner, I'm bored unless I have the next day's shooting to think about.

WORST TIME

"The worst time in my life was the period after I left MGM and before I made 'Mildred Pierce.' It was two years, and I nearly went crazy. It has been a year between this picture and — this is a dirty word — 'Johnny Guitar.' It was rugged going for me to stay away that long.

"I think I really start living the moment I step into a movie set."

I hazarded a guess that she didn't have to continue working. Weren't there annuities and real estate here and there to comfort her?

"No," she replied flatly. "If I quit pictures tomorrow, I'd have to scrub floors to support my children.

"Lots of people have the idea I'm loaded because I have been in pictures many years. Sure I collected a salary in the old days — $175 a week. When the studio decided to give me a big raise, wham!—then came the big taxes."

Mother of Crooner Reveals Marriage

NEW YORK (AP) — The mother of crooner Dick Haymes has been married for 11 years to a singer who is 4 years younger than 36-year-old Dick.

Mrs. Fred Haymes-Waters disclosed yesterday that she married Waters, a 6-foot-3 baritone, in 1943.

A voice teacher, she said Waters enrolled in a course in 1941, two years after she had been widowed.

"He proposed to me shortly after he became my pupil," Mrs. Haymes-Waters said. She added that they were married two years later when she "grew to love him."

She said her son Dick, married to actress Rita Hayworth, was pleased by the marriage and told her:

"You were never meant to live with somebody old."

Members of Waring Band Hurt in Crash

BOULDER CITY, Nev. (AP) —The musical director and two other musicians of Fred Waring's orchestra were injured in an auto accident near here yesterday.

Fred Culley, 58, of Forest Hills, N.Y., violinist and musical director broke a leg and suffered internal injuries.

Drummer James McClintock, 54, and trumpet player Tom Cullan, 44, suffered minor injuries. Both were back on the bandstand last night at the Sahara Hotel in Las Vegas, where the orchestra is appearing.

Officers said the musicians' car, driven by Cullan, collided with one driven by Penny Wilmoth, 17, of Boise, Idaho. Miss Wilmoth broke a leg.

Reds Can't Shake Bureaucrats Loose

MOSCOW (AP) — The newspaper Pravda said today the government drive to get bureaucrats out of their desk jobs and into heavy industry is not going fast enough.

An editorial in the Communist party organ said displaced desk jockeys were ending up in other soft jobs.

Pravda cited as an example the Ministry of Oil Industry, which it said got rid of 670 office employes but sent only 66 of those to oil wells or similar works. The majority remained in offices in other enterprises, the newspaper said.

ELEPHANT GIFT

RANGOON, Burma (AP) — The Burmese army announced Friday it is giving two elephants called Mr. Love and Miss Faithful to Yugoslavia's President Tito, who is now making a state visit to Burma.

Mr. and Mrs. **Hugh Hankins** returned Thursday from Portland where they spent a few days. They attended the spring showing of the Pacific Northwest Men's Apparel Club. Among others attending were Mr. and Mrs. Carl Thurston of Sequim.

Rescue Workers Take Supplies To Snowbound Train

LONDON (AP) Rescue workers ploughed through towering snowdrifts Thursday to bring food and blankets to 62 passengers marooned for 24 hours in snowbound trains in the desolate Scottish Highlands.

Fog and snow blanketed most of West Europe's big cities. Small ships scuttled for shelter in the North Sea as fresh gales were reported on the way.

Waves up to 15 feet high swept over the seawalls and flooded some streets at Cleethorpes, on Britain's east coast, where disastrous floods made thousands homeless two years ago. High winds piling up water in the North Sea brought record high tides up and down East Britain, but dikes were reported holding.

In Scotland, railmen toiled through the night to get a relief train through to 12 passengers marooned since early Wednesday in a local train at the little Caithness village of Altnacbreac.

Other squads were sent out to aid 50 passengers stranded overnight in deep snowdrifts at nearby Georgetown junction.

In the Atlantic, aircraft and ships set out at dawn in driving winds to search for two Royal Air Force Shackleton bombers, missing since Tuesday night with 18 men aboard on training flights off the southern tip of Ireland. Tiny lights were spotted early Thursday giving hope some of the men might be alive in rafts.

Legislative Digest

Washington State Bill Digest
By THE ASSOCIATED PRESS

Bills introduced in the Senate Thursday:

SB22 — Riley (D-Seattle), Sears (R-Olympia) and Barlow (R-Tacoma) — Includes bacteriology in basic science examination for licenses to practice the healing arts.

SB23—Hall (R-Skamokawa) and Lennart (R-Everson) — Broadens duties of State Council for Children and Youth to include censorship of comic magazines and other publications.

SB25—Ivy (R-Yakima) — Authorizes state treasurer to deposit securtities in state depository banks.

SB26—McMullen (R-Vancouver) Authorizes transferal of guardianship proceedings from one superior court to another.

SB27—Hall (R-Skamokawa) and Lennart (R-Everson) — Permits schools and junior colleges to use state forest lands in teaching forestry and related subjects.

SB28—Hall (R-Skamokawa) and Lennart (R-Everson) — Provides for depository of instructional materials in circulating libraries.

SB29—Hall (R-Skamokawa) and Lennart (R-Everson) — Makes it a gross misdemeanor to sell or give photographs or publications devoted to sex or crime to minors under 18 years of age.

Concurrent resolutions introduced in the Senate Thursday:

CCR1—Goodloe (R-Seattle)—Provides that all bills introduced after Jan. 12 must conform to certain Senate and House rules.

Bills introduced in the House Thursday:

HB28—Rosenburg (D-Addy) and Cecil Clark (R-Wapato) — Directs state director of agriculture to prepare revision of laws regulating agriculture for submission to 1957 Legislature.

HB29 — Comfort (R-Tacoma) — Licenses collection agencies.

HB32 — Purvis (D-Bremerton)—Provides for trial of juvenile traffic law violators in regular, rather than juvenile courts.

HB33 — Yearhout (R-Aberdeen) and Carmichael (D-Everett)—Extends six-months period for applying for motor vehicle fuel tax refund to 13 months.

Joint resolutions introduced in the House Thursday:

HJR4 — Purvis (D-Bremerton)—Provides for annual sessions of the Legislature.

HJR5 — Purvis (D-Bremerton) —Increases minimum amount of litigation in civil cases from $200 to $600 for appeals to Supreme Court.

HJR6 — Purvis (D-Bremerton)—Reduces assessed valuation of property for taxing purposes from 50 per cent to 20 per cent of true value.

Change Urged For Feeder Airlines

WASHINGTON (AP) — Local service airlines—known as feeder lines —should be given permanent rather than temporary operating certificates, Rep. Williams (D-Miss) said Thursday.

He said he would introduce a bill to require the Civil Aeronautics Board to issue permament certificates to the 14 local service airlines now operating.

Williams said trunk lines have permanent certificates and that the local carriers should have the same type of authorization. Local lines now get certificates good for from three to seven years which must be renewed from time to time.

Local service lines include Pioneer, Southwest, and West Coast.

Today's Food Tip

COMPANY FOR SUPPER

Guests who enjoy Chinese - type food will like this menu.

Chicken and Watercress Soup
Sweet and Pungent Roast Duck
Shrimp and Snap Beans
Steamed Rice
Ice Cream with
Chinese Fruit Sauce
Tea

SWEET AND PUNGENT ROAST DUCK

Ingredients: One 4½ to 5½ pound duckling (ready-to-cook weight), 1 cup firmly - packed dark brown sugar, 1 tablespoon cornstarch, 1 teaspoon salt, ½ cup red wine vinegar, one 9-ounce can crushed pineapple, one large green pepper (cut in strips about ½-inch wide).

Method: Roast duck on rack uncovered in a moderate (350 degrees) oven allowing 25 minutes per pound. A half hour before duck has finished roasting, pour off fat; return to very hot (450 degrees) oven for 30 minutes. Meanwhile stir brown sugar, cornstarch and salt together thoroughly; add vinegar and mix until smooth. Stir in pineapple, including syrup from can, and green pepper. Cook and stir constantly over moderate heat until clear and thickened. Cut roast duck into 6 or 8 pieces; pour sauce over. Serve at once. Makes 4 servings.

Evelyn Delo Has Birthday Party

Six friends helped Evelyn Delo celebrate her eighth birthday Tuesday afternoon.

After the girls played a number of games, Evelyn opened her presents. Birthday cake, and other refreshments were served to Sandra Elmer, Linda Minnish, Joy Griffith, Dorothy Bonse, Mary Anne Beckner, Marjorie Seastrom, Evelyn and her brother Alvin.

Favors were Japanese umbrellas, colored marshmallows and circus balloons.

Legislature May Settle Dispute Over Bond Interest Pay

OLYMPIA (AP) — A controversy over two million dollar payment of interest on highway bonds sold by the state may be settled by legislative action, a legislator said Thursday.

Sen. William C. Raugust (R-Odessa), chairman of the Legislature's Joint Fact-Finding Committee on Highways, Streets and Bridges, said legislation will be introduced to establish a policy for the State Highway Commission in the sale of bonds.

"If anyone is to blame (for the controversy) it is the Legislature," Raugust said. "I am sure the Highway Commission did its best in trying to follow the legislative mandate."

The dispute resulted from the commission's interpretation of 1951 and 1953 legislative action authorizing the sale of 84 million dollars in highway bonds.

The commission ruled bonds had to be sold and money deposited with the state motor vehicle fund before the State Highways Department could award contracts.

But critics have contended there was money in the fund to pay for many of the bond projects. They said delaying the bond sales would have saved interest charges.

Clinton S. Reynolds, chairman of a citizens advisory committee, estimated in a recent report to the commission 40 million dollars less in bonds would be drawing interest if the sale had been delayed.

In the Service

Annetta Howser Obtains Discharge

Mrs. Ray Guthrie, the former Annetta Howser, daughter of Mr. and Mrs. Louis Howser, received her discharge from the Navy Dec. 31 at the Bainbridge Naval Training Center, Bainbridge, Md.

Mrs. Guthrie, a seaman, was on duty as a clerk in the security department at the base. She graduated from Roosevelt High School and was employed at the Port Angeles Evening News before entering the service.

Mr. and Mrs. Guthrie make their home at the Bainbridge Trailer Village. Guthrie is stationed at the base.

LEGAL PUBLICATION

NOTICE OF GROUND WATER RIGHT APPLICATION
No. 3814

TAKE NOTICE: That W. A. Davis of Sequim, Washington on December 7, 1954 filed application for permit to withdraw public ground waters through a well and sump situated within the W½ of SW¼ of SW¼ of Section 1, Township 30 N., Range 4 W.W.M., in Clallam County, in the amount of 70 gallons per minute, subject to existing rights during irrigation season, each year for the purpose of irrigation.

Any objections must be accompanied by a two dollar ($2.00) recording fee and filed with the State Supervisor of Water Resources within thirty (30) days from Jan. 14, 1955.

Witness my hand and official seal this 27th day of December, 1954.

M. G. WALKER
State Supervisor of Water Resources.

Tailor Ready For 'Big' Congressman

JERSEY CITY, N.J. (AP) — Rep. T. James Tumulty (D-NJ) will be able to go to the President's annual congressional ball tonight after all.

The 320-pound congressman had feared he'd have to miss it after tailors in Washington told him there wasn't a ready-made size 56-stout full-dress suit in the country. And that was his size.

In desperation, Tumulty called his tailor Louis Liberatore here. "I've got a surprise for you," Liberatore said.

Tumulty returned here to find a size 56 suit all set for him.

Liberatore said he had figured after Tumulty was elected he'd be banqueting and outgrow the size 52 he used to wear. So the tailor was prepared.

Woman's Ruse Fails With Police

BALTIMORE (AP)— "I'm sleeping," Mrs. Marie Hewletty, 54, said when a policeman told her to get up off a couch.

Then a pencil rolled from the couch to the floor. "Get up," the officer repeated.

When Mrs. Hewletty finally did arise, it was testified yesterday in Eastern Police Court, vice squad members found a numbers book under a cushion. She was held in $2,500 bail.

DOUBLE HOLIDAY

MOSCOW (AP)—Russians celebrated New Year's Eve all over again last night. This time they set the holiday by the prerevolutionary calendar, which ran two weeks behind the Western calendar now in use.

Mrs. Roosevelt Cites World Need

DENVER (AP) — Military and economic leadership are not enough for the United States to meet its world challenge, Mrs. Eleanor Roosevelt declared yesterday.

"There is a challenge in the world today—from Russia, from its satellites and recently from Red China," she said. "That challenge is military and economic, but it also is a challenge of ideals and ideas—and we must meet them with ideals and ideas."

The former First Lady addressed a $17.50-a-plate charity luncheon sponsored by the Denver Hadassah chapter.

She said development of atomic energy for peacetime use "will present us with serious problems," even should the world be spared an atomic war.

Eggs of the tilapia, a warm water fish, are incubated inside the mouth of one of the parents.

Little Left To Explain Air Crash Fatal To 15 Persons

BURLINGTON, Ky. (AP)—Twisted, shattered wreckage and airport records were all that remained Thursday to possibly explain how 15 persons died yesterday in an airplane collision only a couple of miles from the busy Greater Cincinnati Airport. The airport is in Boone County, Kentucky.

A TWA airliner, a Martin Skyliner, bound from Cincinnati to Dayton and Cleveland, Ohio, collided with a privately owned DC3. Thirteen persons, including three crew members, were killed on the airliner. Two others died as the DC3 plunged to earth.

The planes crashed on snow-covered hillsides along the Ohio River, about a half mile apart. There were no survivors.

Almost 12 hours after the accident, Lewis Reinbold of Pittsburgh aviation safety agent for the Civil Aeronautics Administration, issued a statement that the pilot of the DC3 "did not file a flight plan or make any contact with the CAA's facilities en route."

An investigation was being continued today.

Reinhold said the TWA plane made a normal takeoff and was reported to be flying on instruments in the overcast.

The DC3 was en route to Fort Lauderdale, Fla., from Battle Creek, Mich., with Arthur Werkhaven, Sturgis, Mich., as the pilot and Edward Agner, Battle Creek, as copilot.

Captain of the TWA plane was J. W Quinn, Belleville, Mich. The first officer was Robert K. Childress, Ann Arbor, Mich,. and the stewardess, Patricia Ann Stermer, Ypsilanti, Mich., who had completed her training only last month.

One CAA official, who declined to be quoted, said it appeared as if the planes approached each other as toward the apex of a triangle and that their wings hit first.

The scene of the crash was near Hebron, Ky., approximately 15 miles from downtown Cincinnati.

Moose are being tried as farm animals in the Siberian arctic.

LEGAL PUBLICATION

NOTICE OF SALE OF TIMBER ON STATE LAND

Notice is hereby given that on Tuesday, the 1st day of February, 1955, commencing at ten o'clock in the forenoon of said day, in front of the main entrance door to the county court house in the City of PORT TOWNSEND, County of JEFFERSON, State of Washington, by the County Auditor of said county, the timber on the following described state land will be sold at public auction to the highest bidder therefor, to-wit:

APPLICATION NO. 23259

Timber on the NE¼NE¼, SW¼NE¼, NE¼NW¼ and SW¼NW¼, section 16, township 24 north, range 12 west, W.M., containing 160.00 acres, more or less, according to the government survey thereof. This timber will be sold on the scale basis as provided in Chapter 175 of the Session Laws of 1933.

The lowest acceptable bid will be $18.00 per thousand for spruce, $16.00 per thousand for cedar, $12.00 per thousand for white pine and $12.00 per thousand for hemlock.

Bids must be submitted at a rate per thousand board feet, by species. No bids for less than the appraised values as set forth will be accepted, and the State reserves the right to reject any and all bids.

The successful bidder will be required to enter into a written contract which shall fix the time when logging operations shall be commenced and concluded, shall require monthly payments for timber removed as soon as scale sheets have been tabulated and the amount of timber removed during the month determined, shall designate the price per thousand to be paid for each species of timber and provide for supervision of logging operations and methods of scaling and reporting.

The purchaser, at the time of sale, must make a cash deposit equal to 10 per cent of the estimated value of the timber computed at the stumpage rate bid. At no time shall the amount due the State for timber actually cut and removed exceed the amount of deposit as herewith set forth. The amount of deposit shall be returned to the purchaser upon completion and full compliance with terms of the bill of sale by the purchaser, or it may be applied on final payment for stumpage.

The purchaser shall be required to comply with all laws regarding fire protection and with the provisions of the State Forest Practice Act and will be required to deliver a performance bond or sureties in the amount of $10,000.00 to guarantee compliance with said act.

Logs are to be scaled by a State scaler and all logs are to be branded with a brand furnished by the State before being transported from the property.

Logs shall be scaled by the Scribner rule, at the small end, inside bark. The maximum scaling length of logs shall be 40 feet. Greater lengths shall be scaled as two or more logs.

The scaling of logs shall be done in the woods, or at the landing, or wherever the scaler finds it most practicable without interfering with logging operations.

The title to the timber included in this sale shall pass to the purchaser upon confirmation of sale.

Stumps shall be cut so as to cause the least possible waste, not higher than 30 inches on side adjacent to highest ground.

The location of logging roads through standing timber from one sale area to another shall be the shortest practical distance. After the proposed right of way location has been established by the operator, it must be approved by an authorized representative of the state before road construction begins. The timber within logging road right of way shall be scaled and paid for at the same rate and in the same manner as timber purchased in the regular sale.

Burn as directed by the State Forest Warden.

Time for removal will be 2 years.

According to the State's cruise there are approximately 25,000 feet spruce, 4,305,000 feet cedar, 29,000 feet white pine and 685,000 feet hemlock.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a statement of which is now on file in the office of the Auditor of said county.

OTTO A. CASE
Commissioner of Public Lands.

CAT FACE — This headdress, which gives a feline look to its wearer, is a combination of a hat and a hairdo. A velvet headpiece follows the outline of the spit curls as it curves over the eyebrows, covering them with long whiskers. A Paris hairdresser demonstrated the creation in Berlin.

Legion Auxiliary Hears Annual Reports

Committee chairmen gave their reports at the American Legion Auxiliary meeting Monday in the Legion Hall.

Child welfare chairman Mrs. J. K. Wood reported 200 children attended the Christmas party. The Legion and auxiliary supplied 28 baskets of food to needy families including toys for 90 children.

Membership chairman Mrs. Harold W. Graham announced the third district currently is third in the membership contest. The auxiliary invites all eligible women to join and to participate in its many activities.

Community service chairman Mrs. Allen Divine reported members donated 629 work hours to community projects. The women voted to contribute to the March of Dimes program.

Legislative chairman Mrs. Joseph Ross outlined the American Legion's legislative program. She also listed the important amendments Congress will consider.

Mrs. C. P. Lomax scheduled a short program preceding the next meeting. Members of the post will be guests. The women heard letters of thanks from the auxiliary's "grandmother" Curtis for her Christmas gifts; and from Mrs. Oscar M. Adam, for the auxiliary's support of the UNICEF Halloween program.

The group voted to send two girls to Girls State this year. They accepted the resignation of Mrs. William Jester. President Mrs. Jack Howell scheduled a special board meeting to select a replacement for her.

Mrs. Harvey Johnson and her committee served refreshments to the post and auxiliary.

WOM Group Fetes Mrs. Gail Monds

Women of the Moose, publicity committee, surprised Mrs. Gail Monds with a baby shower Monday.

The shower followed a short business meeting at the home of Mrs. Vivien Schenfeld. Presents for small Bryce Burton, who arrived Jan. 2, were guarded by a large pink stork.

Yellow chrysanthemums and napkins folded into diaper shape decorated the table. Serving refreshments were Mmes. Schenfeld, Joseph Rupprecht, Earline Jacobs and Ruth Movius.

Others attending were Mmes. Virgil Andrew, Paul Gray, Max Ainsworth, George Conrad, William K. Beldin, Steven Slyter, Richard Amundson, Harold Brown, Hazel Meyers and Nellie Ingram.

The committee will meet Feb. 14 at the home of Mrs. George Conrad.

President Favors Change in Veteran School Benefits

WASHINGTON (AP) — The White House said Thursday that President Eisenhower is "very much in favor" of pending legislation to let servicemen continue to build up GI education rights if they are in service by the end of this month.

On Jan. 1 the President signed an executive order which terminated all such rights as of the end of this month. Under that order, men already in the service by that date are entitled to schooling rights accrued before that time, but are not permitted to build up additional rights.

James C. Hagerty, White House press secretary, was asked whether the President would support bills already introduced in Congress to permit servicemen to continue to build up school rights if they are in service before Feb. 1.

"We would be very much in favor of it," Hagerty said.

"The President believes it would be unfair to take that (schooling accrual rights) away from men already in service."

Hagerty added that the President had no alternative but to terminate such accrual rights in his executive order. He said continuation of the rights would require legislation.

A bill to continue schooling rights for men already in service by the end of January appears ticketed as one of the first items to be passed by the new Congress.

The House Veterans Affairs Committee arranged public hearings starting Monday on the proposal advanced by Chairman Teague (D-Tex).

Sen. Hill (D-Ala), the new chairman of the Senate Labor Committee which handles such legislation, has announced he will sponsor the measure in the Senate.

65 BELOW

LONDON (AP) — Moscow Radio said the mercury fell to 65 below Thursday night in Verkhoyansk, Siberia. That isn't bad for Verkhovansk, where it got down to 90 below back in February of 1892. Reference books say that's the coldest.

Organization Briefs

BLACK DIAMOND GRANGE is sponsoring a card party Saturday at 8 p.m. in the Black Diamond Community Hall. Mrs. Louis Alice invites the public to attend.

Junior Briefs

GIRL SCOUT TROOP 19 discussed badge work for January and February at its meeting Wednesday. The girls met at the home of their leader, Mrs. Conrad Dyar, and elected Gail Gilliland president, Janet Miller, vice president; Marilyn Ludke, secretary; Jean Myers, treasurer and Kathleen MacDonald, scribe. Crowell L. Beals, administrator of the Clallam County office of the State Department of Public Assistance, was guest speaker at the troop meeting Jan. 5. He described the social agencies in Clallam County for the girls and explained how they functioned. (Kathleen MacDonald, scribe).

SMALL FRY 4-H CLUB welcomed Kathy Hughes and Barbara Mathis as new members Saturday at the home of its leader Mrs. Charles Alward. Mrs. Alward distributed project books: Seven in clothing 1, two in clothing 2, and one in advanced clothing. The girls practiced judging sewing. Mrs. Alward and Anita Farsdahl, junior leader, instructed the group in their projects. Elected officers at the first meeting Dec. 28 were Lois Anderson, president; Carol Fox, vice president; Sue Zaluskey, secretary-treasurer and Anita Farsdahl, scribe. The club meets the second and fourth Saturdays at 10 a.m. at the Alward home. Anita Boyd will demonstrate a sewing project at the next session.

Trudeau Shows Cutting, Polishing

Clallam Gem and Mineral Society members watched Arthur Trudeau show how to cut and polish rock at their meeting Monday.

Fifty-two members and guests attended the monthly session in the Fairview School. They brought many specimens of agate petrified wood and fossils to display and discuss.

Welcomed as new members were Mrs. Nile Leach, Gordon L. Mattson, Howard N. Nelson, Gordon H. Fox, Walter H. Brueckner, and Mr. and Mrs. Howard Richmond and daughter Kathleen of Port Townsend.

The club discussed an invitation from the All Rockhounds Pow Wow Club of Washington to join in sponsoring a permanent rock and mineral display in the Washington State Historical Society Museum in Tacoma.

C. H. Fulmer, Pow Wow committee chairman wrote, "Rocks and minerals have such an important part in Washington's history that the state historical society has decided a large display is necessary to round out a complete picture.

"Only Washington specimens will be displayed. Members may donate outstanding specimens or may designate them as loans. Loan rocks and minerals will be in a rotation case and changed frequently. The frequent changes will add interest to the exhibit."

President Otto J. Hendricks appointed L. O. McQueen to investigate the types of society membership.

Mrs. J. M. Davis and her committee served refreshments.

HINTS AT BURDEN

LONDON (AP) — Dr. Albert Schweitzer, observing his 80th birthday Friday at his hospital in French Equatorial Africa, hints he is finding his burden becoming heavy. Schweitzer, world-famed philosopher, physician, theologian and organist, wrote a long chatty letter to "friends of the hospital" he built at Lamberene to help natives suffering from tropical diseases.

Jaycees Observing 35th Anniversary In Saturday Banquet

The Port Angeles Junior Chamber of Commerce observes their nation-wide "Jaycee Week" here from January 14 to 21. President Larry Crews announced the 35th anniversary will be feted here with a banquet and dance Saturday night.

Local dignataries, business men and representatives from civic organizations will join in honoring "Jaycee Week." The program starts at 6:30 at the Moose Hall.

Phillip G. Kern, Ellensburg, past state president, is the guest speaker for the evening. Other state officials will be in attendance as well as the president of the Victoria, B. C., Jaycees and his club.

During the week the Jaycees will be on Radio KONP's "Around the Town" program. They will discuss the part played by the local group in community affairs.

Heading the Jaycee Week program this year are Ats Kiuchi and Ronald J. Wasnock. Other members of the committee are Dick C. Jacobs, Harry Conradi, Wilbur W. Bender Jr., James Stanmateou, Jack B. Folk, Dan Pierson, Richard Loyst, Robert W. Gaul, Raymond Price and Gene Dansereau.

President E. LaMar Buckner of the United State Jaycees said the purposes of the Jaycee program are, "To develop in young men the qualities of personal leadership, to offer young men an instrument with which to improve themselves and their community in which they live, and to afford young men the only medium available for the vigorous expression of their opinions."

Dance Council Has Business Session

Sixty delegates and members attended the monthly meeting of the North Olympic Council, Square and Folk Dance Federation of Washington, Sunday at Carlsborg Community Hall.

L. E. (Dutch) Dilling discussed the March of Dimes benefit dance Jan. 29 at the Elks ballroom sponsored by the council and Naval Lodge of Elks. The council will supply the music and callers.

President Donald Judd used, for the first time, the gavel presented the group by Mr. and Mrs. Frank Fountain. He announced Fountain's appointment to serve on the newly organized callers' association.

Ronald Westley, president of Quilcene Steppers, introduced five couples from Quilcene.

Giving reports were Mrs. Felix Gallacci, new recording secretary; Mrs. Harry Secor, treasurer; and Mr. and Mrs. Harvey Harris of the membership and publicity committee.

Lewis Smith, program chairman, reported no change in the line-up of top dances with "Wranglers' Two - Step," the dance of the month. Felix Gallacci had a cartoon published in the January issue of "Footnotes," federation magazine.

Fountain, area vice president, discussed the state federation questionnaire on the festival in Wenatchee in May. Mrs. Harold Hart will list names for reservations. The Quilcene Steppers served supper after the meeting. A dance followed with Mr. and Mrs. Larry Kean leading the "Wranglers' Two-Step."

The Foot and Fiddle Club will be hosts for the next council meeting Feb. 13. W. C. (Bud) Bucknell will report on plans for the jamboree April 30.

YMCA Hobby Classes Resume Saturday

The YMCA Hobby Classes held every Saturday will resume tomorrow, Leon H. Myers, general secretary, announced today. The classes for making crafts were postponed during the holiday weekends.

The classes are: 1st, 2nd and 3rd graders from 10:30 to 11:30 a.m.; 4th, 5th and 6th graders from 1:30 to 2:30. All classes are held in the YMCA biulding .

During 1954, the 26.7 per thousand infant mortality rate in the United States set a record low.

An acknowledgement of appreciation to all those who gave their time and sympathy to me in time of trouble and bereavement.

College Students Have Name For It

POCATELLO, Idaho (AP) — Students are passing out candy and cigars to faculty members at Idaho State College, and the student newspaper The Bengal devotes a full page to faculty pictures — all taken when the faculty members were of college age themselves.

Although the shenanigans come just before the week of Jan. 22-28—that's examination week — students look with disfavor at intimations they might be polishing the scholastic apple.

They explain it's all part of "Be Kind to Faculty Week," which started Tuesday on campus.

Group Seek Livestock As Foreign Project

NEW WINDSOR, Md. (AP) — The board of Heifer Project, Inc., has announced that this year other countries of plenty, as well as the United States, will be asked to provide livestock for distribution in war-ravaged and agriculturally undeveloped areas.

The group hopes to obtain and distribute 1,200 head of cattle, 500 goats, 400 pigs, 1,000 chicks and 400 packages of honey bees to needy area this year. Much of the work will be done in Austria and Germany, to help set up refugees from Communist countries on farms of their own.

Police Find TV Set Is Troublemaker In 3-Month-Old Case

SALT LAKE CITY (AP) — It took three months of tracking, but Police Lt. Wilford Young has finally found what's been causing interference on the Police Department's short-wave communications system.

Armed with an interference detector, Young had narrowed his quarry to one building — half a block from police headquarters. Finally, after more checking, he knocked on the door of an apartment in the building. To the lady who responded to his knock, he said:

"You went out Sunday," Yes, she had.

"You came home Saturday about 8 p.m." That was right too.

Then Young turned on the television set in the apartment. He called headquarters and learned that the radio was jamming again. He turned it off. The communications room reported all clear.

Young said the set was reflecting radio waves onto the frequency used by police. He said the set's owner has promised to stop watching TV until the set is fixed.

There were 25.2 births per thousand population in the United States in 1954.

100,000 Italians Give Fascist Salute For Graziani

ROME (AP)— With their arms upthrust in the now-forbidden Fascist salute 100,000 shouting, singing Romans gave ex-Marshal Rodolfo Graziani a bigger tribute Thursday in death than he ever received as Mussolini's commander.

The grizzled old "Desert Lion" of fascism died Tuesday at a Rome clinic after an operation for an ulcer. He was 72.

His funeral was the noisiest and one of the largest this country has seen since World War II. It gave ample evidence that fascism is not dead in postwar Italy. But despite the noise and the banned blackshirt salute, there was no violence.

NET INCOME UP

SPOKANE (AP)— The Washington Water Power Co. reported Thursday a 1954 net income of $4,442,915, an increase of $181,646 over the previous year.

Based on 2,242,411 common shares of stock, the net income was equivalent to $1.90 per share. It was $1.77 a share in 1963.

Teddies Win from Quilcene in Non-League Game Thursday

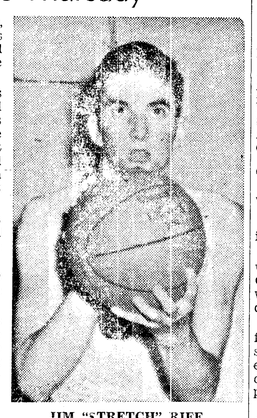
Big, powerful Roosevelt Teddies, hitting the basket from all angles defeated the Quilcene high school Rangers, 53-39, in a non-league cage game Thursday at Quilcene.

Al Angevine scored for the Teddies when the game was 45 seconds old but the Teddies trailed 4-2 minutes later in a slow starting period. The tempo picked up when Jim Rife hit from the key at the 4:00 mark and baskets came in rapid succession after that. At the quarter it was 20-6 and the halftime count read 27-12.

In the final period, the Rangers outscored the Teddies, 15-9, and spurted to within eight points of the winners at one stage in the game.

Forward Al Angevine scored 19 points to lead the winners in the scoring department.

Pulling howitzer shots out of his hip pockets, Dave Fairshter led the Teddy subs to a 31-18 win over the Quilcene subs. Usually high scoring Mike Mankey played a stellar passing and floor game.



JIM "STRETCH" RIFE
6-3 Roosevelt Center

Port Angeles (52)		Quilcene (39)
Angevine (19)	f	Oens (18)

Port Townsend at Bainbridge.

RADIO KONP
Play by play of Port Angeles-North Kitsap game starting at 7:55 p.m.

TUESDAY NIGHT'S SCORES
Port Townsend 45, Port Angeles 35.
South Kitsap 44, Central Kitsap 43.
Bainbridge 49, North Kitsap 26.

Port Angeles high and North Kitsap high hold the Olympic League spotlight as far as Clallam County is concerned in tonight's games.

The first of the two meetings between the two teams is scheduled for the Roosevelt gym tonight at 8. A preliminary between the two reserve squads is scheduled for a 6:30 starting time.

Tonight's fray is a battle to pull out of the cellar and from all indications it looks like a close one. North Kitsap has been coming along strong, winning four in a row in non-league play before dropping three league starts.

The Viks are paced by sophomore center, Don Johnson, regarded as one of the finest young cage prospects in Kitsap county basketball prep ranks.

Eagles Defeat Sequim Team By 69-46 Score

INDUSTRIAL LEAGUE

	Won	Lost
Eagles	5	0
Pen-Ply	4	1
YMCA	2	3
Sequim	1	3
Air Force	1	3
Coast Guard	0	3

GAMES SATURDAY
Eagles vs. Port Townsend, Roosevelt gym, 7:30 p.m.

Those Eagles are ruling the roost in the Industrial League.

Their latest conquest was a 69-46 win over the Sequim Boosters in the Old Gym Wednesday night. The windup saw the Neah Bay Air Force dropping Coast Guard, 52-34.

Eagles have rolled up 492 points in five league and two non-conference starts as against 292 for their opponents. This means the Lodgemen are clipping along with an over 60 points per game average.

Paced by the high scoring antics of Slippery Bob Partridge who had a 20 point game average and the great floor play of Dixie Walker and Dave Woodcock, the former Sequim high flash, the Eagles appear as a shoo-in for the title.

Jack Wahlers netted 14 counters as Neah Bay Air Force won its first league start over Coast Guard. Big Mel Steinke hit 11 for the Guardsmen.

Air Force (52)		Coast Guard (34)
Moore (11)	f	Chinn (10)
Kotis (2)	f	Baar (1)
Najar (2)	c	Steinke (11)
Wahlers (14)	g	Thomas (4)
Narcomic (16)	g	Boren (8)

Subs: Air Force—Martin 2, Seluaggio 11, Cook, Peterson; Coast Guard—.

Sequim (46)		Eagles (69)
Lehman (11)	f	McInnes (8)
Blanton (8)	f	Partridge (24)
Bower (0)	c	Kettel (6)
Evanson (7)	g	Walker (11)
Blank (18)	g	Woodcock (10)

Subs: Sequim—Markley 2, Dryke, Rhodefer; Eagles — Benson 10, Krumpe, U'Ren, Thomas.
Halftime: 32-26, Eagles.

SORIANO ELECTED LEAGUE DIRECTOR

WENATCHEE, Wash. (AP) —Dewey Soriano, general manager of the Seattle Rainers, Thursday was elected to the board of directors of the Northwest Baseball League.

Bob Tyler, president of the Wenatchee club, said the action further strengthens the working agreement with the Pacific Coast League club. Soriano was named a second vice president of the Chiefs.

Michigan State competed in intercollegiate hockey for the first time in 1922.

The 1955 U. S. Atlantic Tuna Tournament will be held from Narragansett, R. I., Aug. 9, 10 and 11.

Extra Session For YMCA Boys

Youngsters participating in the YMCA Saturday basketball program will have an extra period of play and instructions. Leon H. Myers, YMCA general secretary, announced the additional period of play became necessary due to an unusually large turnout last week.

This Saturday the seventh and eighth grade boys will use the gym from 9 to 11 a.m. Basketball classes for the 4th, 5th and 6th graders will be from 11 a.m. to 1 p.m.

Myers reported 45 boys turned out for the first Saturday's class last week. Boys interested in the classes are asked to register at the YMCA or on Saturday at the gym, prior to the classes.

High School coach Jack Elway and grade school coaches are assisting Myers with the classes. All boys are asked by Myers to bring gym clothes or play clothes and tennis shoes for the classes.

Saturday Work Day Called for Salmon Club

Salmon Club members are called for a work day Saturday on Ediz Hook.

Pres. Palmer Kaas asks members to be on Ediz Hook at 9 a.m. to assist in moving club property from the old to the new club site. The club locker building is at a new location 1600 feet west of the old one.

The log house is now the property of the Clallam County Amateur Radio Club. Dismantling of the building started last weekend and is being continued this weekend to prepare it for moving.

Work planned for Salmon Club members for Saturday by Pres. Kaas is the removal of plumbing fixtures from the rest rooms in the annex to the log building.

Wenatchee Wins First Contest

By THE ASSOCIATED PRESS

Wenatchee won its first basketball game of the season and Clark took its first loss Thursday night as the Knights outclassed the Vancouver five, 65-56, in Washington Junior College Conference competition.

The Knights went out in front early and despite Fletcher Fraser's 24 points, Clark never caught up. Wenatchee led 38-22 at the half. Harry Lubking was high for the winners with 23 points.

Yakima rallied in the last six minutes to crush Lower Columbia, 71-57, at Yakima. Rod Allesio was high for the winners with 18 points, two more than Dick Schwartz tossed in for ower Columbia.

PACIFIC LUTHERAN BEATS CPS TEAM

By THE ASSOCIATED PRESS

Unbeaten Pacific Lutheran walloped College of Puget Sound 78-63 Thursday night to set the stage for an Evergreen Conference basketball showdown with also undefeated Central Washington.

The Lutes will tackle the Wildcats in the league's headline game at Ellensburg Saturday. Central has a record of 11 straight wins in and out of the conference this season. PLC's best effort in an in-and-out season was a solid triumph over Seattle's Buchan's Bakers, Northwest AAU champions.

Jack Sinderson rolled up 24 points to pace the Lutes Thursday night. PLC led 42-32 at the intermission.

Four other Evergreen teams are scheduled for action this weekend.

Whitworth, playing without their tall center, Phil Jordon, who has been declared ineligible, plays the British Columbia Thunderbirds at Vancouver Friday night, while Eastern Washington meets Western Washington at Bellingham. They swap foes Saturday night.

IN FINAL YEAR—Facing his last year of prep basketball competition with the Port Angeles high Roughriders is Gary Earl. Earl, a rugged 6-0 veteran, is slated for much duty tonight against the North Kitsap Vikings in the Roosevelt high gym.

Jordan Retains Boxing Crown

LOS ANGELES (AP) — Don Jordan retained his California lightweight title by decisioning former world champion Lauro Salas at the remodeled Olympic Auditorium Thursday night.

Jordan, 135, scored a knockdown in the seventh over Salas, 128¼, and that was about the margin of victory in the 12-rounder.

Coach Ted Webster is in his 26th year as head coach of the Syracuse University swimming team.

Oregon State Favored to Win Over Washington in Hoop Series

By THE ASSOCIATED PRESS

Oregon State and Washington, the teams they figure to finish one-two in the Northern Division, Pacific Coast Conference basketball scramble, will be out to knock each other off this weekend. The odds favor Oregon State.

Coach Slats Gill's tall Beavers, defending Northern champion and current league pace-setter, will be host to Tippy Dye's Huskies at Corvallis Friday and Saturday nights.

Oregon, the runnerup, and dark horse Idaho also will be in action, meeting at Eugene the same nights.

Washington State is idle until Tuesday.

Besides the advantage of a home court, the Beavers will count heavily on 7-foot-3-inch Wade Halbrook in their bid for a sweep at Corvallis. Grades kept Halbrook, the PCC's leading scorer last year, out of OSC's pre-season games—including an overtime loss to Washington—but he returned to the lineup with the start of the conference schedule. He made his first appearance last weekend as the Beavers coasted to a double win over Washington State.

Washington takes a 1-1 record to Corvallis but that single loss was to Idaho and a stunner to the Huskies' hopes. Washington toyed with the Vandals in their first game at Seattle last week but the five Idaho "iron men" won the second contest with ball control tactics that left the Huskies virtually helpless.

Oregon has a 3-1 conference record. Washington State, 1-5, was the victim.

In the Southern Division, the Big Two—UCLA 1-1 and Southern Cal 2-0—meet on the Uclans' home court. UCLA is a slight favorite.

Stanford 1-1 goes into its pair with California 0-2 a slight favorite. Cal has lost sophomore Larry Friend with an ankle injury and big center Bob McKeen is still hobbling a little for the same reason.

Both Bears and Indians are short on bench strength. Friday night's match is at Berkeley and Saturday's at Palo Alto.

The Bears took a two-game belting from USC last weekend in Los Angeles and are dragging the Southern Division standings.

Edward B. Wang Service Saturday

Graveside services will be held Saturday at 1 p.m. at Mt. Angeles Cemetery for Edward B. Wang, 83, who died at a local hospital Wednesday following an extended illness.

The Rev. Paul Logan will officiate. Burial is under direction of the Harper Funeral Home.

Mr. Wang was born in Norway, Dec. 26, 1871. He came to the United States over 40 years ago and to Clallam County in 1936. He was a railroad section hand, retiring on a railroad pension.

Surviving him is one brother, Karl T. Wang of Lewiston, Idaho.

GOOD LUNCH ADDS TO DAY OF ENJOYABLE BIRD WATCHING

By E. A. KITCHIN

A winter day on the water, on the protected waters of Puget Sound. A day cloudy but not cold, as the early explorers decribed it as "pleasant and serene." The waters smooth with hardly a ripple, and dotted over the surface, as far as one could see were hundreds of sea birds, floating seemingly at rest and contentment.

This week my friend, Rube Ide, and I took a day off to visit the spits off Washington Harbor. We thought we might bag a brace of brant, or that failing try out luck at catching a salmon. In either case we failed. I did not even see a brant although I spent seven hours on the spit. Ide tried his luck at fishing, his total result, one trout ten inches long which was thrown back giving it a chance to grow and mature.

But to me the day was far from a failure. Just to sit in an old comfortable duck blind and watch all the birds swimming about was a pleasant sight indeed, especially when you could identify all the different species. Lots of grebes small and large, lots of loons of three sizes. One of the thrills of the day was watching the hundreds of red-throated loons that came flying in over the spit to feed in shallow waters. All day long they came in, and none went out.

The black, heavily built scoters were numerous and helped swell the ranks of the abundant sea fowl. They seemed equally divided between the surf and white-winged varieties. Many were just floating on the water with their necks drawn in, seemingly asleep.

I spent most of the day just watching the bird life. Several red-breasted mergansers passed by, a flock of red-backed sandpipers kept flitting in circles off shore and once a "calico bird" passed by. I'll not give you its real name, you can look it up!

So sitting there watching this animated bird picture, my thoughts went back to the writings of the early explorers when they too must have viewed much the same marine scenes that were now before me. Let me quote from the Journal of Archibald Menzies, naturalist, who accompanied Vancouver, dated May 1st, 1792:

"When we left the vessels it was a little foggy and calm, but clearing up soon after it became exceeding pleasant and serene, which added not a little to our enjoyment in this days excursion. We kept along shore to the south eastward starting in our way vast flights of water fowl such as Auks, Divers, Ducks and Wild Geese, which were so exceeding shy that the sportsmen had very little opportunity of shewing their dexterity. After a row of about four leagues we came to an island (Protection Island) the rural appearance of which strongly invited us to stretch our limbs after our long confined situation on board and the dreary sameness of a tedious voyage."

Admiral Vancouver writes in May 1792:

"Few of the feathered tribe were procured, although on our first arrival, the aquatic birds were so numerous that we expected a profuse supply of wild fowl; but these were all so extremely shy and watchful, that our guns seldom reached them; and, on being fired at, they disappeared."

What is so interesting to me is that during the past 163 years the seabird life in numbers and habits has not to any degree changed, and I sit in my blind and watch it just like Admiral Vancouver did from his row boat. And at 12:30 I ate my lunch.

By the way, let me give a lunch-tip to any fisherman on the streams or in a boat after salmon. Make two fried-egg sandwiches and in each, two slices of the "Maple Leaf" Canadian bacon. These with a cup of hot coffee from the thermos bottle will give you a substantial lift through the balance of the day.

Operation Coast Guard Goes Off With Speed, Ease

Operation Coast Guard operated beautifully Thursday night from all preliminary reports. Chairman Harry Lydiard said, however, he won't have the total signature count until block workers turn in their petitions Saturday.

Approximately 250 block workers canvassed the city Thursday night for signatures on a petition requesting that the Coast Guard Air Station remain on Ediz Hook rather than be moved to Sand Point, Seattle.

Mrs. D. H. Simpson, 418 E. 4th swished through her block in record time and said this was the easiest campaign she's ever worked on.

Other block workers agreed nearly everyone they approached seemed familiar with the petition and were glad to sign. Mrs. Roy Stading, 1114 Georgiana, said families seemed anxious to sign, and even asked her to come back for signatures of those not home when she called.

Mrs. Fred Solf, 1024 W. 14th, called her block "very cooperative," even though she found one person who just "didn't care" whether the air station stayed here or not.

Each of the 396 petitions bears 35 spaces for names, besides the text listing reasons why Port Angeles is superior to Sand Point for the location of the air station. Out of three petitions he has back so far, division leader Walter Madsen, 929 W. 8th, said his workers reported only two turn-downs.

3 Coast Guardsmen Flown to Seattle In Morphine Case

Three Coast Guardsmen from the Cutter Winona, charged with the theft of 10 syrettes of morphine, late Thursday were flown to Seattle to await trial.

The three men, Cmdr. Charles E. Leising of the Winona said, are Charles L. Howe, boatswain's mate 2nd class; Marvin C. O'Dell, radioman 3rd class; Gerald Boles, fireman apprentice.

The men are confined in Seattle awaiting a decision by the commandant of the 13th District Coast Guard whether the trial will be by general court martial or special court martial.

Leising said the morphine taken from a first aid kit was found in a locked car.

The Winona is on a week's patrol of the Strait of Juan de Fuca.

Rescued Boatman Released by Hospital

Robert Elgas, rescued from Dungeness Harbor near Jamestown Thursday forenoon by a Coast Guard helicopter, left Olympic Memorial Hospital late in the afternoon.

Elgas, whose 14 - foot skiff swamped, was wearing a life jacket. He was waist deep in water when hoisted aboard a helicopter and flown to the Coast Guard Air Station here and taken to the hospital by ambulance.

The Coast Guardsmen who rescued him said he was suffering severely from shock and exposure.

A report from the hospital says Elgas recovered and walked out.

The Coast Guard conducted an air search Thursday afternoon for the swamped skiff but it was not located.

Accident Reported

Deputy Sheriff Bert Pitts reported damage to his 1952 sedan in a traffic collision at Forks Tuesday night. The county vehicle stopped at an intersection one mile west of Forks when the accident occurred. A 1950 sedan operated by Robert L. Sandquist struck the left rear fender and bumper of the county car and overturned it. State Patrolman Boyd Rupp cited Sandquist for negligent driving.

Three Fire Calls

Firemen answered three calls within five hours Thursday evening. At 4:20 p.m. they extinguished a chimney fire at the J. Harlo residence on the Mt. Pleasant Road. They estimated damage at $25. No damage resulted in a chimney fire at the home of Mrs. Elizabeth Christopher, 130 W. 7th St., at 5 p.m. A curling iron left on a chair at the Fred Bishop home, 221 W. 7th St., resulted in a general alarm at 8:47 p.m. Firemen estimate damage at $135.

Air - Marine News

Salvaged railroad rails will not be cold-decked on the Port of Port Angeles Terminal at this time, Port Manager Henry W. Davies announced. He previously announced 500 tons of the salvaged Port Angeles Western Railroad rails would be trucked to the terminal as part of a barge shipment of 1,200 tons to British Columbia. Plans are changed and the rails may be loaded on a freight vessel instead of scows later this month.

A Port of Port Angeles truck log dump is being rebuilt. The dump is between the Standard Oil dock and the main port terminal. While repairs are being made, the railroad dump on the terminal is being used with the two other dumps at the Port of Port Angeles boat haven.

Five outbound vessels stopped off Ediz Hook in the 24 hours ending at noon today. First here, at 8:45 p.m. Thursday, was the Kassel, bound for San Francisco. Others were Yamazona Maru for Japan, Arthur Friburg, enroute to Columbia River, H. D. Collier for California and Panaman bound for Alaska.

Four inbound vessels took on Puget Sound pilots off Ediz Hook in the 24 hours ending at noon today. First here, at noon Thursday, was the Santa Paula bound for Edmonds. Others were Wascosta and Mother M. L. bound for Seattle and the Gen. Mann, enroute to Bangor.

Ships of 21 nationalities passed through the strait of Juan de Fuca in 1954. Total number over 10,000 tons, was 1,976 in 1954 compared to 1,932 in 1953. Of the total 1,571 were American registry, compared to 1,301 in 1953.

The Coast Guard Cutter Winona left port at 7 p.m. Thursday for a week's patrol duty in the Strait of Juan de Fuca.

Port Townsend Backs Keeping Coast Guard Here With Letters

Port Townsend Chamber of Commerce expressed concern over the possible removal of Port Angeles Coast Guard air station to Sand Point in a Jan. 11 letter to Pres. Dwight D. Eisenhower.

Originals of the same letter, signed by Chamber Pres. A. L. Rosenhall, went to Secretary of the Treasury G. M. Humphries and Vice Adm., A. C. Richmond in Washington, D. C.; to Rear Adm. L. Perkins, Seattle; Sen. Warren G. Magnuson, Repr. Don Magnuson and Repr. Jack Westland, with copies to State Sen. Francis Pearson and the Port Angeles Chamber of Commerce.

Following is the letter:

"Residents of the Olympic Peninsula are prompt when concerned over the proposed removal of Coast Guard facilities from Port Angeles to Sand Point. We know the important role the Coast Guard has played on the Peninsula and we are alarmed at the prospect of having such an important installation removed from our midst and taken to a region already densely populated with industry and payroll.

"Everything seems to be done on the 'economy' basis now, as we in Port Townsend know, and yet it appears so clear to us that there are false economies; the results of which appear very attractive on paper but when actualities are confronted are not economics at all but rather the direct opposite.

"Yes, I know that we must cut expenditures. We sometimes feel that economy is excellent as long as it is not at our expense, however, this is not the situation here. The situation at Port Angeles is different than the one here in Port Townsend when Forts Flagler and Worden were deactivated. The Port Angeles installation is a 'going' facility filling a vital need, not only to the residents of the Olympic Peninsula, but also, an international basis.

"I know, too, that no community has a right to expect the government to maintain a military facility just because the economy of that district may be partially, or wholly, dependent upon that installation placed where that service can best be rendered, this is a governmental responsibility.

"Removal of the Coast Guard installation from Port Angeles is not a step in the right direction, it will not accelerate or maintain service to us, neither can it effect a lasting savings to the Federal Government.

"The Port Townsend Chamber of Commerce earnestly requests your assistance in the endeavor of the people of the Olympic Peninsula to keep the installation under consideration in Port Angeles where we feel it will be of the greatest service to all persons concerned."

13-State Alarm Out On Missing Students

HIGHLAND PARK, N.J. (AP) — A 13-state police alarm was out today for a pretty high school senior and two 17-year-old boys who left for a ride Monday night and haven't been seen since.

All three are from locally prominent families. So far there have been no clues to their whereabouts.

Police Chief Alfred Smalley said he hasn't found any reason for their disappearance. All three were students at Highland Park High School with good grades. There were no family difficulties either.

The three are Joyce Grant, 17, Robert C. Ballou and Alan Knight. Miss Grant's father is a professor at Rutgers University, as is Ballou's father. Knight's father is an executive at Johnson & Johnson.

Smalley said the two boys were friends, and that neither had dated Miss Grant before.
