Turkish police and students clash as demonstrations spread

ANKARA, Turkey (AP) — Student demonstrations against the strongman government of Premier Adnan Menderes spread to Ankara today. At least 30 persons were injured in a violent clash between university students and the police.

Spurred by the example of Korean students who led the successful revolt against President Syngman Rhee, some 10,000 students and others rioted Thursday in Istanbul, the nation's largest city. Unofficial reports said police fire killed four persons, but the military commander of Istanbul denied this.

STUDENTS SING

Although martial law was proclaimed in both Istanbul and Ankara, 4,000 students sang Turkey's independence anthem assembled on the Ankara University grounds today to demonstrate in support of the Istanbul rioters.

Three hundred mounted police charged into the students as they started to march away from the university grounds, singing in praise of ex-President Ismet Inonu, the leader of Menderes' chief opposition.

In the melee that followed, 30 persons were hurt and all the windows in one wing of the university law building were smashed.

PELT POLICE

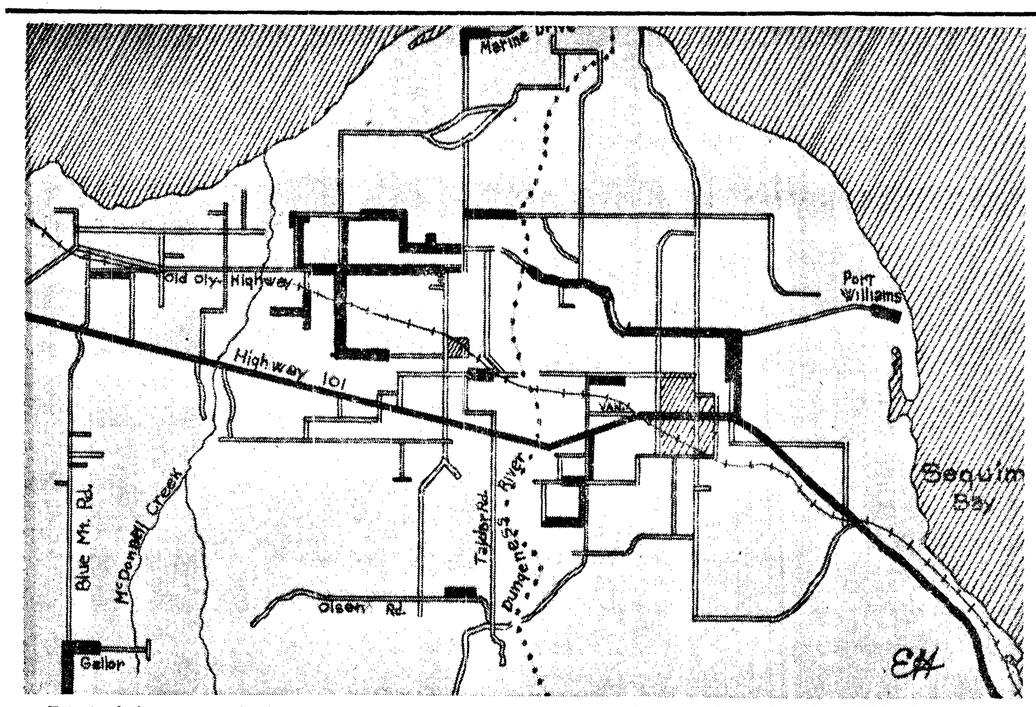
The students retreated into the building and threw pieces of broken window glass down on the mounted police.

Two Turkish newspaper photographers and a Turkish reporter were arrested as they covered the fracas.

Ankara's military commander appeared and appealed to the students to go home. The demonstrators booed him and stayed in the law building. The police then set up a cordon around the building, to keep the students from getting out to rally others to their support.

At least eight ambulances moved into the university grounds to pick up the injured.

Army troops also blocked off Inonu's home and the approaches to government buildings. All are located in one central area of Ankara, the nation's capital.



Extent of the county's fencing program is shown in this map of the 1st district. The heavy black line indicates fences on both sides of the road. A black line on one side of the road indicates a fence on that side only. Additional rights-of-way not shown along some of these roads has been acquired by purchase. (Map by Evening News staff artist Erland Hansen).

County's fence building program in East End goes over $80,000 mark

(Editor's Note: This the first in a series of four articles dealing with the county's building fences in exchange for road right-of-way in the east end of the county).

By CLAYTON FOX

During the past two years Clallam County has spent more than $82,400 constructing over 20 miles of fences for private owners along county roads in front of rural homes and farms.

Though some of the work has been done in Commissioner E. L. Critchfield's 2nd district and in Commissioner Thomas Mansfield's 3rd district, by far the greatest amount is in the Sequim-Dungeness-Agnew area of Commissioner Val Cameron's 1st district.

These fences were built by county employes under agreements whereby farmers and homeowners trade rights-of-way along their property in exchange for fences instead of cash payments.

THIS WORK was done without formal resolution by the Board of County Commissioners; by verbal agreement between Cameron and the individual property owners; with most of the material for the project ordered by Cameron himself; without prior planning by the county engineer; and with no public record of how much money the county spent on each individual project.

According to Cameron, the purpose of acquiring the rights-of-way is to widen the county roads some time in the future. The rights-of-way have not been obtained in consecutive, contiguous strips in all cases, but skip over some farms, sometimes for several miles. Some of the acquired land is on arterial roads, some is not.

SOME OF IT lies on county roads which are unlikely to benefit from the additional right of way for many years. In any case, only a few of the roads are scheduled for improvement in the county commissioner's 10-year road plan which County Engineer Herman Ahlvers is preparing now.

From the beginning of the negotiations until March 1 the county acquired about 145 deeds for rights-of-way.

Width of Roads: In general, the State Highway Dept., requires that road right-of-way 60 feet wide will be obtained on projects where federal aid funds are used.

The current road project from near Forks to LaPush is an example of this. Federal aid for county roads is not considered for any but arterial roads. The old Olympic Highway from Fairview to Sequim Bay is the only arterial in the 1st district.

State highway engineers consider that a width of 30 feet on each side of the center line is the desirable width for county roads, though most county roads have only 18 to 24 feet of surfacing.

Even with shoulders and ditches added, the overall width of most county roads does not exceed 42 feet.

CAMERON RECENTLY told the Evening News that about two years ago the state aid engineer, that is, a state highway engineer who advises county engineers and commissioners on road problems, advised him to acquire rights-of-way to the state standard of 60 feet wherever possible.

"At that time," Cameron said "we travelled over the 1st district road system, and he urged me to acquire the 60-foot rights-of-way on all county roads wherever I could."

Most of the roads in the district are narrow, some only 30 feet from fence to fence.

"These roads are very dangerous," Cameron said, "with barely room for automobiles to pass on them. When a school bus meets a farm truck, for instance, there is always a danger of one or the other getting a wheel into the ditch. I feel that for safety's sake the roads should be widened as soon as possible."

(Next: The alleviation of unemployment and a discussion of the costs of acquiring rights-of-way are in tomorrow's installment of the fencing story).

County Commissioner Chairman Val Cameron stands beside Marine Drive near the base of Dungeness Spit. Here the narrow width of the road is further narrowed by the collapse of the fences into the right of way. Cameron has acquired wider right of way at the north end of the road. He points this road out as an example of a dangerous road under modern conditions. (Evening News Photo.)

County Road Supervisor Arthur Robinson shows one of the new county roads built on a sixty foot right of way. This is the Fortman Road near the base of Dungeness Spit, where County Commissioner Val Cameron says a very dangerous turnaround for the school bus was relieved by widening the road. (Evening News Photo.)

Divers may have found lost cities of sin

By SPIRO ELISSA

AMMAN, Jordan (AP)—A Baptist missionary-explorer believes he and three other American divers have found the wicked Biblical cities of Sodom and Gomorrah on the bottom of the Dead Sea.

Dr. Ralph E. Baney of Kansas City, Mo., in an interview Thursday night told of finding extensive underwater remnants of a civilization that flourished 4,000 years and then was inundated, apparently after an earthquake.

He said he and his divers found a levee 15 feet wide and 8 feet high under the waters of the inland sea between Jordan and Israel. The levee ran from a southwestern point of the Lisan Peninsula due west for two miles.

QUAKE BLAMED

The levee, he continued, in Biblical times kept the salty waters of the sea from flowing into the fertile plains to the south. He believes an earthquake collapsed the levee, and the sea ungulfed the plains behind it.

"We have located two cities under the Dead Sea water which are believed to be the two lost cities of Sodom and Gomorrah," Baney said. "One of these cities we have located in the Lisan Peninsula Bay. The other is due west of the northern point of the Lisan Peninsula."

BIBLE STORY

The Bible says the Lord rained down fire and brimstone to destroy Sodom, Gomorrah, and the neighboring cities of Adama, Seboin and Bala (later called Segor) for the vices of their inhabitants. Angels led Abraham's nephew, Lot, his wife and two daughters out of Sodom to spare them, but Lot's wife looked back and was turned into a pillar of salt, according to the Bible story.

Baney has been exploring the sea bottom since early February with Viola Conway of Kansas City, Mo., and Mr. and Mrs. Dean Ryther of Kansas City, Kan.

Geologist says Northwest has oil or gas beds

PORTLAND (AP)—A geologist predicted today that "within a reasonably short period of time the Pacific Northwest will have an established oil and-or gas producing industry.'

The prediction was made by Robert J. Deacon, editor of Northwest Oil Report and a consulting geologist at Portland.

He said in a speech prepared for the opening day of the American Institute of Mining, Metallurgical and Petroleum Engineers regional conference:

"In the past there has been a prevailing concept that the large amount of volcanic rock in the Northwest is a prime detriment to oil and gas generation and preservation.

LITTLE EFFECT

"Mapping in recent years, however, has shown that volcanic rocks in Western Oregon and Washington tertiary basins are to be regarded either as basement highs or as younger cover, and actually have little effect on the oil and gas possibilities of adjacent basin areas.

"In the Columbia-Modoc plateau areas of Eastern Oregon and Washington these lavas hide prelava basin development and make the delineation of favorable structures difficult. Thick glacial cover and large alluviated areas in Western Washington and Oregon likewise make location of favorable structures difficult. . . .

"Pacific Northwest basins in all likelihood contain one or more commercial-size accumulations of hydrocarbons.'

Deacon said 332 wells had been drilled in Washington and 153 in Oregon without known success but that all the drilling through the years equals only about one year of exploration in California.

CUBAN CONSPIRACY

HAVANA (AP)—Cuban authorities today announced smashing another anti-Castro conspiracy with the arrest of five persons, three of them former revolutionary military officers.

The terse police communique said arms and ammunition were seized in rounding up the alleged conspirators along with antigovernment propaganda and an American flag.

Chinook Pass not to open until about May 25

SEATTLE (AP) — Chinook Pass will not be opened to through travel until late next month about 10 days beyond the original target date of May 15, State Highway Department officials said Thursday.

They blamed an exceptional April snowfall of 77 inches for the delay. Snow removal on the highway has started on the west side but not east of the summit.

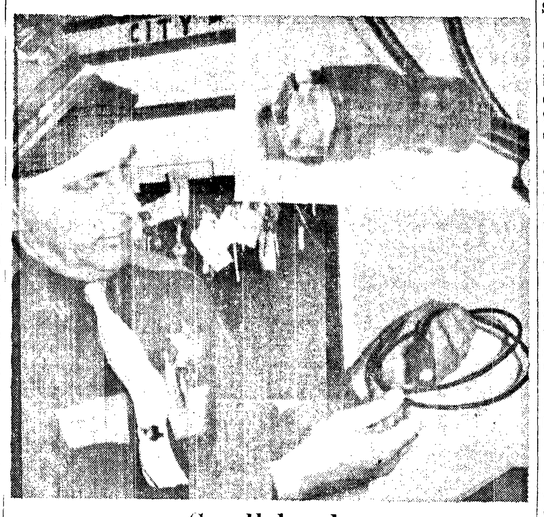
Large-scale land purchases made near Vancouver

VANCOUVER, Wash. (AP) — Large-scale land purchases, apparently intended for industrial development, were reported here Thursday.

Clark County records indicate that about 700 acres have been bought thus far at an average of about $1,000 an acre in a Columbia River area five miles east of here.

Options and purchase agreements are reported on additional acreage.

Purchasers who made deals directly with landowners gave Sunnyvale, Calif. addresses. They have offered no explanation of what use will be made of the properties.



Small bomb

Deputy Sheriff James Baldwin holds the small bomb he found by one of the windows of the high school Wednesday night. A Coast Guard demolitions expert dismantled the device Thursday afternoon and found it contained a mixture of gunpowder and paint in a small heavy glass bottle. He said it was powerful enough to cause considerable damage if detonated. It did not go off because the fuse failed. Sheriff Robert I. Polhamus and Undersheriff Howard Breece were not available for comment on the case this morning. Insert shows closeup of the crude bomb. (Evening News Photo.)

House committee makes major changes in Ike's defense budget

By WILLIAM F. ARBOGAST

WASHINGTON (AP) — The House Appropriations Committee revised many sections of President Eisenhower's 1961 defense budget today in a $39,337,867,000 bill to finance the Defense Department for the year starting July 1.

Adding here and cutting there, the committee came up with a total $129,167,000 more than Eisenhower had requested in a revised program submitted in March, but only $2,867,000 more than he sought in the January budget message.

The committee voted extra money for more attack and Polaris submarines, more National Guard and reserve forces, a greater airlift capacity, more fighter planes to replace trouble-plagued Bomarc missiles, and an expanded airborne alert capability.

ADD AND SUBTRACT

The $1,529,700,000 added by the committee to presidential requests was largely offset by reductions totaling $1,407,800,000. Larger cuts included a 400-million-dollar slash in general procurement funds to force "more economical practices," denial of 293 million sought for a new conventional supercarrier, 294 million cut from the Bomarc program, and a reduction of about 10 per cent in civilian payrolls.

In a 79-page explanation of its action written by Rep. George H. Mahon (D-Tex), the committee said "better defense for the dollars expended" should be the result of the budget shake-up.

STRENGTHEN DEFENSE

"The additions made will unquestionably add greatly to our defense," the committee said. "The reductions were made to effect economies wherever possible . . . The fatal mistake of too little and too late must not be made. . .

"We should maintain our armed forces in such a way and with such an understanding that should it ever become obvious that we should be ready to attack before the aggressor has hit either us or our allies. This is an element of deterrence which the United States should not deny itself. No other form of deterrence can be fully relied upon."

The committee's recommendations are subject to House action next week.

If approved by Congress, the funds would provide for 2,489,000 military personnel during the coming year, 31,880 planes in the active aircraft inventory, and 817 commissioned ships in the fleet, including 382 warships.

Nehru comment unfriendly, says Chinese premier

CALCUTTA, India (AP)—Communist Chinese Premier Chou En-lai stopped in Calcutta for half an hour today, on his way home from Nepal, and complained that Prime Minister Nehru had made a statement unfriendly to his government.

"We consider it very unfriendly that when we left India, Nehru told the press and parliament that China had committed aggression," Chou told newsmen.

Hoffa ordered to stand trial on ouster move

WASHINGTON (AP)—U.S. Dist. Judge Joseph R. Jackson today ordered a trial beginning Tuesday of civil proceedings aimed to oust James R. Hoffa as president of the Teamsters Union.

Jackson denied a motion by Hoffa's attorneys that he throw out the proceedings.

Hoffa's attorneys immediately announced that they would go to the U.S. Court of Appeals in a new attempt to avoid the trial. Other motions to forestall the trial already are pending for decision before the appeals court.

FUND MISUSE

The procedings against Hoffa are based on a contention that he misused union funds. They were brought by court-appointed monitors who contend Hoffa used some $600,000 of Detroit Local 299 Teamsters' funds in various personal business enterprises.

One enterprise was a Florida real estate development in which Hoffa originally had a 45 per cent option.

In arguing the proceedings should be thrown out, Hoffa's attorneys contended that the courts have no power to remove him and that this is a privilege entirely within the hands of the union members who had elected him.

Judge Jackson ruled, however, that "it is the decision of the court that the monitors clearly acted within the scope of their authority.'

From boats to colonial setting

Port Angeles' second annual Home Show, co-sponsored by the Junior Chamber of Commerce and the Evening News, opened in the high school gymnasium at 3:30 this afternoon with approximately 40 displays of new and interesting things for the home and family fun. Here Jaycee Chairman Eugene Dansereau, left, Don Gray and James Somers make a last minute chek on one of the furniture displays. The Home Show will be open until 9 tonight and from 1 p.m. to 9 p.m. Saturday and Sunday. (Evening News Photo).

Sequim news goes on daily basis

Starting Monday Sequim residents will see news of their community in the Evening News daily instead of twice a week, Evening News General Manager George Buck announces.

Buck says the volume of news from Sequim has outgrown its "page" status and from now on will appear under a Sequim dateline throughout the paper. The calendar of events will continue on a weekly basis, appearing each Tuesday on the Evening News club page.

New officers of Beta Sigma Phi installed at Founder's Day dinner

The 29th annual Founder's Day banquet of Beta Sigma Phi was held April 25 at the Three Crabs at Dungeness with members of Delta Iota Chapter, Sequim, hostesses to Xi Iota and Alpha Zeta chapters of Port Angeles. Thirty-seven members attended.

The head table was decorated with an arrangement of driftwood greenery, yellow daffodils, tulips, other spring flowers and yellow candles. Side tables held arrangements of driftwood and seagulls with greens and flowers.

CLAM SHELLS with black and gold name cards attached served as place cards. Favors were corsages of net and ribbon in the sorority's colors of black and gold. The programs were pink shells with floating fish attached.

Mrs. James Maxfield, Xi Iota Chapter, city council president, was toastmistress and following the national anthem led members in the opening ritual. Mrs. Helen Haller, director of Delta Iota, gave the grace.

Following a seafood smorgasbord dinner, Mrs. Maxfield welcomed guests and extended a special welcome to Mrs. R. S. Hesselman, a new pledge of Alpha Zeta Chapter.

HIGHLIGHTS OF the past year's activities of each chapter were given by Miss Thomay Fenerly for Delta Iota, Mrs. Winfield Miller of Alpha Zeta and Mrs. Al Hale of Xi Iota.

The annual Founder's Day message from Walter W. Ross, founder of Beta Sigma Phi, was read by Mrs. Hale, president of Xi Iota.

Mrs. Robert Oswald, president of Delta Iowa, led the members in the Founder's Day pledge.

Members of Alpha Zeta, Miss Marilyn Scott, Mrs. Donald Baar, Miss Barbara Doerge, Mrs. Donald Morrish and Mrs. Charles Lake sang "Beta Sigma Phi Serenade" and "Beta Sigma Phi Sweetheart" accompanied by Mrs. Kenneth Eldridge of Delta Iota.

"GIRL OF THE YEAR" presentations were made by Mrs. Louis Johnson, director of Alpha Zeta, to Mrs. Ray Fry; by Mrs. Charles Browne, sponsor of Alpha Zeta, to Mrs. William Thompson; and by Mrs. Haller, director of Delta Iota to Mrs. Preston Scheid.

This is the second year Mrs. Fry has been honored by her chapter with this award. The year's prize winning song "To the Pledge" and "My Task" were sung by Mrs. Harris Wood of Delta Iota accompanied by Mrs. Eldridge.

Past president's gavel guards were presented to Mrs. Fry by Mrs. Clarence Brown; to Mrs. Al Hale by Mrs. James Bamford; and to Mrs. Oswald by Mrs. Sheid.

FOLLOWING THE banquet, installation of new officers was held for the three chapters and city council. The installation ceremony was conducted by Mrs. Oswald, Mrs. Hale and Mrs. Fry.

Taking office for the city council were Miss Marilyn Scott, president; Mrs. Rudolph Gideon, vice-president; Miss Barbara Doerge, secretary; and Mrs. Al Hale, treasurer.

Alpha Zeta Chapter officers installed were: Mrs. Arthur Snydal, president; Mrs. Ray Fry, vice-president; Mrs. Charles Lake, secretary; Mrs. Winfield Miller, treasurer; Mrs. Ted Lukkes, extension officer; Mrs. Donald Stoneman, civil defense officer.

XI IOTA CHAPTER: Mrs. James Bamford, president; Mrs. Robert Eshom, vice-president; Mrs. Boyd Page, recording secretary! Mrs. Lovell McGoff, corresponding secretary; Mrs. Gunnar Lindstrom, treasurer.

Delta Iota: Mrs. Preston Scheid, president; Miss Thomay Fenerly, vice-president; Mrs. Harris Wood, secretary; Mrs. Carl Klint, treasurer. The closing ritual concluded the meeting.

Programs were made by Mrs. Paul Deines assisted by Miss Doerge and Mmes. Fry, Morrish, Lindstrom, Eshom, Lake and Clarence Brown.

Table decorations and favors were done by Miss Fenerly and Mmes. Oswald, Klint, Scheid and Simdars. Mrs. Eldridge made and served the punch.

State champions

Verna Brown (left) and Florence McDonald of Sequim won the doubles championship in class B division at the Washington State Bowling Association tournament held in Aberdeen.

Verna and Florence bowling a 538 and 498 series respectively, plus a 177 handicap, took first place in their division. More than 3,000 women and 652 teams competed in the 14th annual meet which ran six weekends.

Sequim briefs

Girls of **SCOUT TROOP NO. 4** have completed a baby sitting course sponsored by Women's Auxiliary of the American Medical Society.

Girls who have received their certificates as qualified baby sitters are: Marcia Baumunk, Joyce Capp, Lois Ann Granum, Janice Herrett, Carolyn Bower, Julie Rodenbaugh, Kathy Grant, Jeanne Pinnell, Linda Janssen, Barbara Krafsky, Bonnie Cadwallader and Diane Berger.

Troop No. 4 will take part in the Girl Scout Fair at Ramblewood Sunday afternoon with the girls making baking powder biscuits in reflector ovens.

Sequim **PRE-SCHOOL PTA** met Monday night at the library. Mrs. William Fatherson announced entry blanks for the Kiddies Parade were ready to send out from school, and out of town judges have been selected for the parade May 13. Committees reported on the "Pink Tea."

Mrs. Fatherson and Mrs. Elsie Chartier will attend the PTA state convention in Seattle. Hostesses were Mrs. David Helms and Mrs. Joseph Janssen.

SEQUIM RAINBOW ASSEMBLY held initiation Monday night for Sidne Brown, Tracey Rygaard Shirley Edgington and Doris Thomsen.

Plans for the float were discussed for the festival parade. The mother advisor and six members from the Port Angeles Assembly were visitors.

Twenty members of **VFW AUXILIARY OF POST 4760** met April 25 with President Mrs. Loren Agren presiding. Mrs. James Minty reported on her visit to District 10 at Walla Walla.

A committee was appointed for Buddy Poppy Days May 20 and 21. Mrs. Allison Knapp won the attendance prize. Following the meeting refreshments were served by Mmes. Vesta Yoakum, Harris Johnson, Josie Pierce and Adam Baker.

Mothers of **CUB SCOUTS DEN No. 5** were luncheon guests of Den mother Mrs. D. C. Hope on Tuesday. Plans were discussed for the summer activities, picnic, and scout circus. Guests were Mmes. Peter Granum, Dick Lotzgesell, Soren Pedersen, Raymond Yaple, Gerald Hunt and Ray Burdick.

Sequim briefs

The **DUNGENESS COMMUNITY CLUB** will meet Monday at 8 p.m. at the Dungeness school house. The program will be on county zoning problems.

CHAPTER EP PEO met Monday night at the home of Mrs. Harrison Tout with Mrs. Iris Marshall as co-hostess.

The Rev. W. G. R. Dann spoke on the topic, "Kings and Queens of England." The next meeting will be at the home of Mrs. H. J. Witte with Mrs. Arvie Smith as co-hostess.

SEQUIM PRAIRIE GARDEN CLUB will meet at the Pioneer Memorial Park at 11 a. m. Monday for a garden tour. Among gardens to be visited are the Carl Blanks, O. O. Hardgroves and John U. Wrights.

Those making the tour are reminded to bring sack lunches. One o'clock dessert will be served by Mrs. Stanley Gustafson with Mrs. James Schreiner as co-hostess. County Commissioner Val Cameron will speak at the afternoon session on "Roadside Development."

Woman's Club elects officers

The Woman's Club of Sequim held its annual no host dinner Monday evening at the Three Crabs at Dungeness.

Following dinner they went to the home of Mrs. William Ulrich for the business meeting and program

Officers elected to serve 1960-61 were: Mrs. Fred G. Evans, president; Mrs. Laura Spath, vice-president; Mrs. Ulrich, secretary; and Mrs. A. A. Bugge, treasurer. Mrs. Bugge and Mrs. Ulrich will present an outline for next year's program for approval at the May club meetirng.

Mrs. J. D. Stevens chose as a topic, Amana, Iowa. She told of the town's organization and industries.

Mrs. B. L. Walden gave a condensed review of 'Big Caesar' by Charlton Ogburn, Jr.

The May meeting will be at the home of Mrs. Laura Spath.

About 800 to 1,000 active members are trading on the floor of the New York Stock Exchange daily.

Presbyterial held in Sequim

The Spring Peninsula Presbyterial under the direction of the Seattle Presbyterial Society met on Tuesday at the Sequim United Presbyterian Church.

The meeting opened at 10 a.m. with the devotional "On Behalf of the World" given by Mrs. Leslie Eddleton, new president of the Seattle Presbyterial Society. The rest of the morning was given over to two discussions, one of program building led by Mrs. Robert Christiansen and the other "Consider the Church," led by Mrs. A. H. McElroy.

Lunch was served by the Sequim Women's Association. The afternoon program opened with music by the Harmonettes from the hostess church.

A skit entitled "Person to Person" carrying out the theme of the afternoon program "Ye Shall Be My Witness. . ." was presented with women from each of the Peninsula associations taking part.

The following churches were represented: Clallam Bay, Neah Bay, Port Angeles, Port Townsend, Quilcene and Sequim. Mrs. Edd Crawford, wife of Sequim's former pastor was a special guest and presented the World Book of Prayer for the day.

FIRE CALL

Sequim Volunteer Firemen were called at 2 a. m. Thursday when a fire broke out in one of the O. O. Wagner cabins on Sequim Ave. Cause of fire was not determined. Estimated damage to building was $2,000 and $500 to contents.

Buddhists make up the smallest religious group in the United States, with a membership of 10,000.

School Highlights

School Lunch Menus
May 2 through May 6

Monday
Pork Chow Mein on fluffy rice, breaded tomatoes or buttered peas, peanut butter sandwich, fruit, milk.

Tuesday
Hot dogs, potato salad, vegetable, cherry surprise, milk.

Wednesday
Tamale pie, buttered green beans, bread and butter sandwich, oatmeal macaroon cookie, milk.

Thursday
Turkey in gravy on mashed potatoes, saurkraut or buttered spinach, hot roll, raisin rice custard, milk.

Friday
Macaroni and cheese, tomato sauce, buttered corn, bread and butter sandwich, peaches, milk.

APPLY TO WSU

Among new students who have applied to Washington State University for the fall quarter are Lawrence Grant, James Kinnaman, Susan Rodman and Jean Scott.

Science tour

Thirty-five members of the National Honor Society of Sequim High School attended a Health-Science Open House at the University of Washington on April 21. The open house was sponsored by the Schools of Dentistry, Medicine and Nursing, the College of Pharmacy and the University Hospital.

Some of the students visited Jerry Jones, a polio patient from Sequim who is in a rocking bed. After the open house they toured KING television station.

The students earned expenses of the trip by selling popcorn at school games. Mrs. Sarah Scott of the faculty accompanied them on the trip.

Canada reports record salmon egg transplants

VANCOUVER, B. C. (AP)—The Department of Fisheries said Thursday it has carried out one of the most successful salmon egg transpants on record in British Columbia.

A. J. Whitmore, fisheries director in the Pacific area, said 1,560,000 pink salmon fry were produced from a plant of 1,641,000 eggs in the Robertson Creek spawning channel, near Alberni on Vancouver Island.

90 PER CENT

The total represents a fry output of over 90 per cent of the eggs removed from the fish last fall. Average in natural spawning is 10 per cent, said Whitmore.

The adult return in 1961 would not be of commercial significance, but the migrating fish will provide the nucleus of a run that will build up future plants and natural increases.

Know why popcorn pops? Starch grains confine the steam generated by the heat until the kernel explodes.

By now . . . the horde of lowland lake fishermen . . . are mostly on location . . . waiting the dawn . . . of another open season on trout . . . that is tomorrow . . Campaign plans are all drawn . . . Now . . . the tough part is . . . to get up in the morning . . . after a night . . . of discussion . . and recreation . . . that sometimes leaves the anglers . . . exhausted . . . Whether or not . . . any trout are caught . . . this opening day . . . it is a spring break . . . enjoyed by everyone who goes to the lakes . . .whether or not . . . they wet a line . . . Of course . . . many big trout . . will get away . . . That . . . will be a prime theme . . . of conversation . . . There is a tame yellow parakeet . . . that flew its coop and wandered around town . . . finally settling down . . . at the home of Mr. and Mrs. Gust T. Johansson . . . at 415 E. Lopez . . . Gust says the bird is so tame . . . it perches on his hat . . and eats from his fingers . . . It is lost . . . Its owner can get it . . . at Gust's place . . . It also has a band on its foot . . . for identification . . .

Fine weather this morning . . .. sun was warm . . . skies bright . . . This weather should bring the dogwood trees into bloom . . .. and when the dogwood is blooming at Lakes Sutherland and Crescent . . . the trout start biting like mad . . . old timers say . . . Squire Bill Welsh . . . of Barnes Cove, Lake Crescent . . is rumored to be waiting for the first dogwood blossom to unfold . . . at the lake . . . before launching his fishing boat . . . Last Saturday he was scouting along the shores of the lake . . . Had he seen just one dogwood blossom he would have been on the lake opening day . . . Scribe's three friends . . . who inhabit the wrong side of the railroad tracks . . . on the waterfront . . . must be mellowing with age . . . Scribe crossed the tracks this morning . . . and neither Andy Anderson . . . Othel White . . . or Archie Nailor . . . hurled either insults or rocks at him . . . That is the first time in many years . . . that they have not come out of their lair . . . like angry badgers . . . to greet Scribe . . . with friendly abuse . . . rocks and gravel.

(From Evening News April 28)

Squire Bill Welsh. . .of Barnes Cove. . .Lake Crescent. . .did not wait for dogwood. . .to bloom at Lake Crescent. . .he went fishing Wednesday. . .caught an eight pound Beardslee trout. . . . .the Squire. . .used a small plug with . . .a one ounce sinker. .Hooked the big lunker. . .About midway in the lake. . .north of Keith Wallace' cottage. . .at the gravel pit on highway 101. In smaller type. . .on his note to Scribe. . Bill notes that Spencer Thompson . . .with National Park Concessions. ..Hooked. . .fought and . . .landed a 12-pound Beardslee . .In the lake Tuesday. . ..This is the largest trout. . . .caught in the lake. . .this season. ..according. . .to the records. . .It is one Scribe. . .and fishing partners. . missed. . .opening day. . .Snow capped mountains south of Port Angeles. . .Very beautiful early this morning. . .after the sun rose . .Forgot to mention that the story of the Welsh lunker came to Scribe. . .by special delivery . . .while the big trout was still flopping. . .its tail. . .

Most of Olympic National Park's facilities opening on Saturday

(From Evening News April 28)

The Heart O' the Hills road to Hurricane Ridge, which has been closed since the end of the winter season on March 20 will reopen Saturday, Supt. John E. Doerr announced Wednesday. It will be open from 8 a. m. to 8 p.m. daily during May and 24 hours a day beginning June 1.

The Visitor Center at Hurricane Ridge will not be open for meal service until May 28, but the public rest rooms in the building will be in service on the day of the road opening.

THE HOH RIVER ROAD is still closed because of flood damage last fall and construction activities. The six miles of road within the park are being reconstructed and paved under the National Park Service Mission 66 program.

Extensive flood damage near the park boundary must be repaired before the road can be opened to the public. Depending on weather conditions, it will probably be reopened about July 1.

Visitors will encounter rough road conditions and delays during the reconstruction period this summer. Travel over this road is not recommended except for those visitors who wish to reach the end of the road for the start of back country trips up the Hoh River trail. There are two small pieces of virgin rain forest along the paved county road up the Hoh outside the park which visitors can see. The best opportunity to visit and enjoy the rain forest this summer will be in the Quinault Valley.

BOTH THE EAST Fork and North Fork roads take the visitor through beautiful sections of rain forest and lead to trail heads where visitors can hike up river for several miles through this unique forest.

The Queets Valley will also be available in June when a temporary detour bridge will replace the flood damaged Matheny Creek bridge. A new bridge will be constructed this summer.

By Saturday all other park roads will be open for the public except the roads to Deer Park and Obstruction Point. These roads will be opened when snow conditions are favorable for plowing. The old road from Whiskey Bend to Hurricane Ridge has been replaced by the new Heart O' the Hills road. This steep narrow dirt road is no longer open to the public.

ALL OF THE campgrounds in the park are open or scheduled for opening on Saturday except Deer Park, which will open about June 15 when snow conditions permit. The two small campgrounds on Hurricane Ridge at Idaho Shelter and Waterhole have been converted to picnic areas and are no longer used for camping. This has been necessary to meet the demands of heavy day use which the new road to Hurricane Ridge has brought about.

Some concessioner services within the park are now open and others will be ready before the summer season is under way. Log Cabin Lodge on Lake Crescent, the facilities at Staircase, Waumilla Lodge, La Push Ocean Park, Kalaloch Beach Ocean Village, and Ruby Beach are open and will offer full services by Saturday. Lake Crescent Lodge and Olympic Hot Springs are scheduled for opening on May 28. The Sol Duc Hot Springs on private land within the park is open all year.

Trail maintenance has been in progress for several weeks, and all major trails are open to the snow line for hikers. However, before horse travel is undertaken, park rangers should be consulted for curent information, as outlying trails in high elevations will be blocked by snow, windfalls, soft places and slides until trail crews have had an opportunity to do the necessary maintenance.

The fishing season is now open in Lake Crescent, Lake Mills and Irely Lake. All other lakes open on July 4. Streams in the park will open for fishing on May 22.

People should take advantage of the pleasant days ahead, suggests Doerr, to camp and picnic in the park campgrounds and to use the roads and trails which are now open.

Operators of clip joint get stiff sentences

CHICAGO (AP) — Operators of an alleged tavern clip joint which fleced convention visitors from many parts of the nation of more than $200,000 were handed jolting prison sentences today in U. S. District Court.

The penalties: David Doran, 53, bartender, 25 years; Domonic Abrescia, 27, cab driver, 10 years; Julius Grieco, 44, businessman, 15 years; Joseph Lo Celso, 33, cab driver, 2 years; Alec Harris, 67; Miami Beach restaurant owner, 2 years; Nate Schulman, 57, businessman, 1 year; Amedio Di Domenico, 43, businessman, 1 year.

MAIL FRAUD

All were convicted of mail fraud and of interstate transportation of forged and altered checks. Their alleged scheme operated thus:

Convention visitors, looking for a night of fun, were taken by the cab driver to a west Madison street bar, since closed. There, with the urging of hostesses, they ran up big bar bills. When it came time to pay, the men were told they could settle by check.

In some instances liquor was spilled on the checks, supposedly voiding them, and the customers were asked to write new ones. When the patrons reached their home cities they found both checks had been cashed.

Announce dates for Olympic park road openings

(From Evening News April 27)

PORT ANGELES (AP) — All Olympic National Park roads but those to the Hoh River, Deer Park and Obstruction Point will be opened April 30, Supt. John E. Doerr announced Wednesday.

Campgrounds in the park also will open Saturday.

The Deer Park and Obstruction Point roads will remain snowbound until late spring. The Heart O' the Hills road to Hurricane Ridge has been closed since the end of the winter season March 20.

Search continues for missing flier

KINGSLEY AIR FORCE BASE, Ore. (AP)—Aerial search continued today for a radar officer who was ejected from an Air Force plane high over the Pacific Ocean Wednesday night.

First Lt. Clarence E. Peoples, 25, Winston-Salem, N.C., had a parachute and a life raft in his equipment when he disappeared 60 miles off the Southern Oregon coast.

Coast Guard boats and planes from Kingsley and Hamilton Air Force bases searched yesterday without success.

Airlines may get fare increase

WASHINGTON (AP)—The Civil Aeronautics Board indicated today it may grant the airlines a general increase in passenger fares.

The CAB announced a 'tentative vote" adopting the recommendation of examiner Ralph L. Wiser that the measure of earnings for the airlines be based on rate of return on investment, rather than on the ratio of operating expenses to revenues.

Wiser recommended that the big four — American, Eastern, United and Trans World — be granted a 10¼ per cent rate of return on investment and the eight other domestic trunklines a return of 11¼ per cent.

Phi Beta Kappa, founded Dec. 5, 1776, at the College of William and Mary was the first fraternity formed in the United States.

Publisher gives paper ads clean health bill

NEW YORK (AP)—The American Newspaper Publishers Assn. stressed the integrity of newspaper advertising Thursday at the closing session of the ANPA's four-day annual convention.

Outgoing President D. Tennant Bryan, reading a statement in behalf of the ANPA, said in part:

"Those who seek any occasion to criticize all advertising have eagerly seized upon the disclosures of a few improper practices in the broadcast media as an adequate reason to condemn all broadcasting and all advertising in all media including daily newspapers.

"No such wholesale condemnation is possibly justified by the facts.'

PAPERS NOT INVOLVED

Bryan, publisher of the Richmond, Va., Times-Dispatch and News Leader, noted that newspapers were not involved in the practices under attack. For this reason, he said, the ANPA had not made any public statement before Thursday to refute the criticisms. It did so Thursday, he said, to "keep the record straight.'

Bryan said advertisers spent seven billion dollars in newspapers in 1958 and 1959 combined. An ANPA survey, he said, showed that in that period newspapers rejected 15 million dollars worth of advertising revenue "because the copy failed to meet the standards of truth or decency they had individually established."

Hoffa's lawyer says monitors seeking control

WASHINGTON (AP)—James R. Hoffa's lawyer today accused court-appointed monitors of trying to frame Hoffa to get him tossed out of the Teamsters' presidency and take over control of the union themselves.

"This is a big prize," attorney Jacob Kossman told U.S. Dist. Judge Joseph R. Jackson. "This union has assets of over 600 million dollars and 1,600,000 members. A fabulous fortune awaits anyone who can take over."

Kossman opened argument on a motion to block trial of a civil case aimed at Hoffa's ouster from the Teamsters' helm. The case is based on charges that Hoffa misused union funds for private business ventures.

QUESTION LOAN

One of the charges is based on the deposit of $400,000 of Detroit Teamsters' funds in an Orlando, Fla., bank with the subsequent loan of an equal sum to finance a Florida real estate development. Hoffa had an option on the land.

Kossman said the Teamsters Union is prepared to show that the monitors told the Florida bank it did not have to release the Teamsters funds when Hoffa later tried to get the money withdrawn. Hoffa has disposed of his option.

Kossman bitterly attacked chief monitor Martin F. O'Donoghue and Godfrey P. Schmidt, a former monitor, comparing them unfavorably with Hoffa.

"Hoffa has not lust or greed for money," Kossman said. "The man lives very frugally. He gives out money left and right to his friends."

HIGHEST ROAD

Denver — Highest automobile road in the U. S. is said to be that to the summit of Mt. Evans, an altitude of 14,260 feet.

RIVER IN SHALE

Denver — Green shale marks the course of many miles of the Green River which in turn is a tributary of the Colorado.

Songbird pictures

The National Wildlife Federation announces its annual spring distribution of Wildlife Conservation Stamps is being placed in the mails for release all over the continent to people interested in nature and the conservation and wise use of natural resources.

Songbirds are being featured in the spring stamp release this year. Baby animals were featured in the spring stamp release last year.

Printed by a four-color lithograph process, the beautiful stamps feature seven native songbirds; Pyrrhuloxia, Dickcissel, Baltimore Oriole, Magnolia Warbler, Hepatic Tanager, Blue Jay and Scott's Oriole. Scenes on the stamps, arranged in sheets of 49, are printed from real-life settings and are suitable for use as mounted decorations and in album collections as well as upon correspondence.

ALL OF THE PAINTINGS used on the stamps are the work of Dr. Roger Tory Peterson, world-renowned nature artist, photographer and author and art director for the National Wildlife Federation. Among Dr. Peterson's books are "Field Guide to the Birds" and "Field Guide to the Western Birds," two of the most popular references in use today.

Contributions received in exchange for the stamps help finance the educational programs and projects of the National Wildlife Federation which, since incorporation in 1937, has become the nation's largest conservation organization representing over 2,000,000 individuals.

Wildlife Stamps have been issued annually by the National Wildlife Federation since 1938, when the first series was painted single-handedly by J. N. (Ding) Darling, noted newspaper cartoonist, conservationist and first president of the Federation.

Political stock of Kennedy and Nixon rise on primary results

By JACK BELL

WASHINGTON (AP) — Vice President Richard M. Nixon's political stock climbed today on the strength of some Republican voting dividends in Pennsylvania and Massachusetts.

But a Democratic attack in Congress threatened to cancel out some of his rise in prestige as a result of being named as President Eisenhower's possible alternate at the approaching summit conference.

Sen. John F. Kennedy (D-Mass) moved up several notches on the Democratic presidential nomination board. Kennedy demonstrated by a write-in count of more than 175,000 votes that he is the favorite of rank and file party members who took the trouble to vote in Tuesday's Pennsylvania primary. Kennedy's total was nearly three-fourths of the write-ins for all Democratic candidates.

EFFECT WATCHED

This showing could have a deep effect on the state's 81-vote convention delegation, headed by Gov. David L. Lawrence. Lawrence has been one of the holdouts in Kennedy's attempt to get his bandwagon rolling.

Unopposed on the GOP presidential preference ballot, Nixon rolled up a tremendous 944,000 vote count, which could surpass the 951,932 given President Eisenhower in 1956 when the count is completed.

Nixon went about as far as he could go toward making it certain that Gov. Nelson A. Rockefeller of New York will not be the beneficiary of a draft movement at the convention. Rockefeller, who says he isn't an entry, got less than 11,000 write-in votes in second place, with returns still incomplete.

ROCKEFELLER TRAILS

Where both were write-in beneficiaries in the Massachusetts balloting, Nixon was a 12 to 1 choice over Rockefeller.

Kennedy collected 95,914 write-ins, but the apathy registered when only about 6½ per cent of his home state's voters turned out was not lost on the politicians. In both states Adlai E. Stevenson, twice the party's choice, trailed far behind Kennedy.

For Nixon the news was not all as pleasant as that from Pennsylvania and Massachusetts.

Fifty-five House Democrats and two of their Senate colleagues assailed as transparently political Eisenhower's designation of him as a possible stand-in if the Preident has to leave to take care of "domestic requirements" before the summit conference ends.

MAY COME HOME

Eisenhower told his news conference Wednesday he might have to come home to direct personally studies on whether he should veto or approve important legislation passed by the Democratic Congress.

He said he had told the other heads of state he might have to ask Nixon to sit in for him for a few days, 'but that doesn't mean I expect him to be there."

The House Democrats said in a statement that Eisenhower should explain "why during this election year he has suddenly decided to relinquish his job as President to the candidate he has endorsed as his successor."

PARTISAN MOVE

"By this obvious and transparent partisan move, the Republican administration has subordinated the hopes of Americans and free men everywhere for peace in the political ambitions of Vice President Nixon,' the House members said.

Sens. Joseph C. Clark (D-Pa) and Albert Gore (D-Tenn) sounded the same theme in the Senate. They called the announcement a 'slight' to Secretary of State Christian A. Herter.

Sen. John Sherman Cooper (R-Ky), Nixon's lone immediate defender, said no slight to Herter was intended. He added that Nixon "has demonstrated the ability to meet on even terms the men with whom we have to deal at the summit."

U.S. to raise 50-star flag on July 4th

WASHINGTON (AP)—The new 50-star American flag will fly officially for the first time next July 4 over the Ft. McHenry National Monument in Baltimore.

The flag signifying Hawaii's admission to the Union will be raised at 12:01 a.m. in ceremonies similar to those held at the fort a year ago for the 49-star flag marking Alaska's admission as a state.

HONOR EVENT

It was during the British bombardment of the fort in 1814 that Francis Scott Key wrote the words of "The Star-Spangled Banner."

The Interior Department said Thursday that President Eisenhower had asked Secretary of the Interior Fred A. Seaton to raise the new flag at the historic site "in order to commemorate further the splendid tradition of the Stars and Stripes at Ft. McHenry."

By presidential proclamation, the flag flies over the fort 24 hours a day except in bad weather.

FTC to monitor advertising of guarantees

WASHINGTON (AP)—The Federal Trade Commission today announced a campaign to help protect the public against phony and misleading advertising of guarantees and warranties.

The FTC published a seven-point guide which tells business and the public exactly what kind of advertising in this area is legally acceptable.

Private enterprise was urged to abide by the new rules voluntarily. The commission said firms which refuse will be charged with using unfair methods of competition and deceptive practices.

In general, the guides require that all advertising of guarantees spell out any strings which are attached. Also, if the guarantee makes an implied claim, this must be a truthful one.

RIGHT TO EXPECT

For example, if a battery manufacturer advertises a '36-month guarantee' his batteries must have a normal life expectancy of at least 36 months.

Robert T. Secrest, acting chairman of the FTC, said in a statement that the agency 'constantly receives complaints from trusting purchasers who later discovered the actual guarantee was not what the sweeping and unqualified advertising statements implied.'

Secrest said it isn't enough merely to describe an article as guaranteed.

FILMING TIME

Hollywood — It requires about 15 minutes of camera shooting time for each minute of finished film to be produced on a typical television drama show.

GRAZING TIME

Truman mad at old crony Allen, calls him fixer

By FRANK CORMIER

WASHINGTON (AP)—George E. Allen, the "friend of presidents," is in Harry Truman's doghouse.

Allen, once a close friend of Truman and now an intimate of President Eisenhower, was described today by Truman as a 'fixer" and a man who "would do anything to suck in."

Allen, reached by telephone in New York, said he had "no comment at all on Truman's remarks.

Truman made his comments during an early morning stroll with reporters. When a newsman asked if Truman had had any contacts with Allen since leaving the White House, the former president snapped, "No, sir."

SEEN ONCE

Truman added that he had seen Allen once in the past eight years, at the funeral of former Democratic Postmaster General Frank Walker in New York City.

"Allen came up and slapped me on the back and said, 'Howdy, Mr. President,' Truman related. "I said 'I thought you were down in Washington.' That's all that was said.'

When one young reporter asked Truman to identify Allen, Truman said Allen was referred to as "one of my palace guard,' and a 'poker-playing crony." Now, Truman said, Allen is 'an industrialist and statesman and bridge partner of Eisenhower.

Allen was a friend of Franklin D. Roosevelt and quickly became a member of the inner circle during the Truman administration.

Chinook count at Bonneville totalled 5,157

PORTLAND (AP)—The spring Chinook run mounted in the Columbia River Wednesday with 5,157 Chinook counted as they passed Bonneville Dam in their annual spawning migration.

The record spring Chinook run for a single day was 14,735 fish at Bonneville on April 18, 1948.

Family of three killed in twister

OKLAHOMA CITY (AP) — A farm family of three was found dead today, victims of a midnight tornado. The nighttime storm cut a 50-mile swath in central Oklahoma.

The shattered farm house, a half mile from the nearest neighbor, was discovered early today by a passing motorist. Clocks and watches in the battered home—70 miles southeast of Oklahoma City—were stopped at 11:45 p.m. The path of the twister was estimated at a half mile wide.

FIRE LOSSES

Washington — U.S. forest fires each year burn over areas larger than Rhode Island and Delaware combined.

Modern Ireland has a population of about three million.

Crown Z embarks on big changeover

(From Evening News April 27)

A $670,000 construction program that will add telephone directory paper to the output of Crown Zellerbach Corporation's Port Angeles mill will begin late this month. According to Resident Manager F. W. Flynn, the project is scheduled for early summer completion.

Involved are changes and additions to the mill's groundwood system to make possible the production of telephone directory paper on the 157½ inch trim Number 1 Machine. Prior to this time Port Angeles had produced only one product — newsprint.

BECAUSE OF the different stock requirements for directory paper, a segregated groundwood system will be installed for Number 1 Machine. Groundwood pulp from several grinders in Mill "B" will be segregated for directory paper use.

Where possible existing equipment, including knotters, Cowan screens and deckers will be used. New construction will include a coarse screenings tank, a 25-ton capacity unbleached stock storage tank and a new 51-foot high bleach tower. All three of these structures will be erected on the beach side of the mill. Piling for the foundation of the tower was driven earlier this month.

A rubber-lined mild steel groundwood washer, equipped with a vacuum system, will be installed. A 32-foot high 12-ton capacity, tile-construction furnish tank will be built on the beach side of the mill.

A new jordan will be added to refine the furnish required for directory paper.

ALL WHITE WATER from Number 1 Machine will be collected and re-used in a closed system. This will recover clay for re-use and result in substantial savings in raw material. Additional clay recovery will result from changes in the stock recovery system for No. 1 Machine.

Clay and alum, required for directory paper, will be added in a new two-story chemical and mixing building to be constructed on the highway side of the mill. This structure will house the necessary equipment to mix clay, size and alum and provide storage room for materials unloaded from rail cars or trucks.

In the production of directory paper, clay and alum are added to the pulp to provide a harder, smoother finish than is required for newsprint. About 150 pounds of clay will be used for each ton of paper.

A NEW CONSTANT humidity room is being added for use in paper testing to provide tighter quality control. These new facilities will also be available for testing newsprint.

The changes at Port Angeles will add product flexibility to the mill, and Number 1 Machine will be capable of producing either directory paper or newsprint. There will be no increase in the chemical pulping capacity of the mill and no change in water quality of the harbor or Strait adjacent to the plant.

Leslie Warwick, resident engineer here, is in charge of the construction work. Engineering for the mill changes has been performed by the corporation's Central Engineering Office in Seattle. Del Guzzi Construction of Port Angeles has been awarded the contract for new building installation.

Half-million kilowatts to be added in NW

WASHINGTON (AP) — A Senate Appropriations Subcommittee was told Friday Army dams will add a half-million kilowatts of generating capacity to the federal power system in the Pacific Northwest during the next four years.

William E. Pearl, Bonneville power administrator, said at a hearing on fund requests that the new generation will come from Ice Harbor, Hills Creek, Cougar and The Dalles dams.

In addition, he said, "peaking capacity additions in 1961 through 1964 at non-federal plants total 1,186,000 kilowatts.' These plants are Rock Island, Priest Rapids, Rocky Reach, Mayfield, Carmen-Trail Bridge and Wanapum.

Bonneville originally requested $20,220,000 for construction in the year beginning July 1, 1960.

This was reduced by $1,500,000, Pearl said, when it was found certain electric equipment, incuding larger transformers would not be needed.

There are 1,300 students from Turkey enrolled in different American universities and colleges.

Dick Clark tells probers never took payola

WASHINGTON (AP) — Dick Clark, king of America's disc jockeys, swore today he never received payola but admitted knowing that a record company in which he had an interest made payments to other platter spinners.

He acknowledged receiving gifts worth $4,500 from a record manufacturer who subsequently charged the cost of the gifts to promotional expenses.

He said he insisted on giving the donor a check for $300 for a fur stole which later turned out to have cost $1,000.

TESTIFIES

Clark, handsome youthful idol of the nation's teen-agers, gave his testimony quietly before a packed hearing room as House payola investigators continued their inquiry into under-the-table payments for plugging of records.

Answering questions by Robert W. Lishman, subcommittee counsel, Clark agreed that he knew the Chips Distributing Co., a Philadelphia record firm in which he held a one-third interest, had distributed $20,000 in payola over a 20-month period.

NO KNOWLEDGE

Clark insisted he knew nothing about details of the payments, which he said were handled by Harry Chipetz, one of the partners in Chips Distributing.

Pressed by Lishman, he said Chipetz told him at one time that payola was being distributed.

Clark also acknowledged under questioning that he had done nothing to stop the payments by the Chips company.

He said he received the $4,500 in gifts in 1958 from Lou Bedell of Era and Dore Records.

OTHER GIFTS

In a lengthy statement read to the committee about his activities, Clark said that in addition to the fur stole for his wife, Bedell also presented her with a necklace and him with a ring—both worth a total of $3,400.

"I emphasize that these items were given to us as presents. I did not receive them because of any agreement or understanding that I was to give Mr. Bedell's records any special treatment. Nor did I give . . . any special treatment because of these gifts."

From where I sit ... *by* Joe Marsh

More Than Color Blind When It Comes to "Red"

"Red" Dolan has been going to painting class at night at the high school. They had an exhibition and we all went to see what Red had done.

Red's painting was one of the most beautiful there. We stared at it for the longest time, then all agreed it was a painting of a field close to town, and that it showed a woman in the distance who looked a lot like Red's wife. We congratulated our artist on his work. Red smiled, thanked us all, and was quite happy.

When he left, Slim Johnson noticed the title card by the painting. It read: "Storm Scene on The Lake" by Red Dolan.

From where I sit, there are often occasions when we don't see what we're really *supposed* to see. Why sometimes we can't even recognize intolerance when it comes along. For instance, if you begrudge me the right to an occasional glass of beer, that's as intolerant as if I denied you a glass of iced tea. Why don't we step back and take another look at intolerance and *see* it for what it is?

Joe Marsh

Britain moves to slow down over expansion

LONDON (AP)—The government imposed a long-expected credit squeeze on Britain's booming economy today. It restricted bank loans and the terms for instalment purchases.

A minimum down payment of 20 per cent was imposed on the purchase of goods such as cars, radios, television sets and kitchen equipment.

BANKS HELP

Starting June 15 British banks will be required to put one per cent of their total deposits, or about 196 million dollars, into the Bank of England.

A bank spokesman said this is a deliberate move to tie up money so commercial banks cannot lend it to companies and individuals.

The spokesman said: "The action is being taken because the authorities continue to be concerned about the signs of overstrain in the economy."

EXPERIENCED BUT NERVOUS

TUCSON, Ariz. (AP) — Deputy Sheriff Albert Pina breathed a sigh of relief when informed his wife and new 10-pound son were doing fine.

This waiting makes a father nervous, he explained. Pina now is the father of nine boys and nine girls.

Mrs. Robert Gratton

Jean Failer and Robert Gratton wed in Bremerton April 19

Miss Verna Jean Failer and Robert Gratton were maried at the Star of the Sea Church in Bremerton on April 19.

The bride is the daughter of Mr. and Mrs. Fred Gillespie of Sequim. Mr. and Mrs. Lawrence Gratton of Bremerton are the bridegroom's parents.

Father Shilly performed the wedding ceremony at 11 a. m. in the presence of approximately 60 friends and relatives.

THE BRIDE WORE a wedding gown of white lace, made with scoop neck, long sleeves, and full skirt with alternate ruffles of lace and tulle. Her fingertip veil was held in place with a tiara trimmed with sequins. She carried Easter lillies and pink rose buds.

Bridesmaids were Miss Barbara Possinger of Crescent City, Calif., and Mrs. Clifford Maulin of Port Angeles. Best man was Thomas Gratton, younger brother of the bridegroom. Lawrence Gratton and Phillip Raso served as ushers.

FOLLOWING THE ceremony a wedding luncheon for 35 relatives and close friends was served at the American Legion Hall, Sheriden Park, Bremerton. A wedding reception was held there at 7 p.m. The wedding cake, a Maltese cross tiered and topped with wedding bells, was made and decorated by the mother of the bridegroom and a close friend, Mrs. Phillip Rasor.

Another reception is planned for May 7 at 7 p.m. at the Carlsborg Hall by Mrs. Maulin and Miss Shirley Carlson.

THE BRIDE is a graduate of Sequim High School, attended Olympic College, and is a graduate of Seattle Dental Assistants and Technicians School. The bridegroom is a graduate of East High of Bremerton, attended Olympic College, Grantham School of Electronics, and is now attending Edison Technical School.

Following a wedding trip around the Olympic Peninsula the young couple are at home at 814 Columbia, Seattle.

Port Angeles Reflections

40 YEARS AGO APRIL 29

Ladies of the Bank of Clallam County will entertain at a dance this evening at Thompson's hall in celebration of the bank's 25th anniversary. Bank directors are receiving congratulations on the wonderful success enjoyed by the bank.

Harry E. Lutz, president, was one of the three organizers in 1895. S. J. Lutz, present cashier, joined the bank in 1899; and C. I. Haswell, present assistant cashier, in 1905. Deposits now are over a million dollars.

Port Angeles bsuiness houses and financial institutions will be closed all day tomorrow, and the business men of the city will form an automobile caravan to march on Sequim to help celebrate May Day.

25 YEARS AGO TODAY

Port Angeles schools, closed last week because of the measles epidemic, reopened this morning but were again ordered closed for another week.

More than 3,500 attended the dedication of the Ediz Hook Air Station Saturday night. On the great dance slab with its 19,000 feet of dancing space in the new hangar, one of the greatest throngs to ever assemble in Port Angeles enjoyed a brief program of talks, then spent the evening dancing.

Olympic Peninsula Outdoor Clubs Council: the Wanderers of Olympia, Olympicans of Aberdeen and Hoquiam, and the Klahhane Club of Port Angeles held their quarterly session at Klahhane Gardens this weekend. The council voted in favor of a smaller national park than that proposed in the Wallgren Bill. The group visited Second Peak Sunday under the leadership of Marion P. Hartbill.

10 YEARS AGO TODAY

The winter floodwaters which washed out two water supply dams in Barnes Creek reopened the stream to spawning Lake Crescent trout. Supt. Preston P. Macy of Olympic National Park says no new dams will be allowed to again block this natural spawning ground for the highly prized Beardslee trout.

Gardiner News

Mrs. Peter Jorgensen writes from Gardiner that Howard Putnam, old time resident of Gardiner, was surprised Sunday on his 81st birthday when a group of friends and neighbors gathered at the home of Mr. and Mrs. Allison Knapp.

Present were Don, Buddy and Bobbie Knapp; Mrs. Marie Meyer, May Nebel, Hazel Sorge and the Meyer children, all from Port Townsend; Mr. and Mrs. John Campbell, Pat and Joan Murray, David and Kathy Benson, Marvin Shields, Mrs. Louise Movius, Mrs. Louise King, Mr. and Mrs. Bud Martin and son Rickey, Mr. and Mrs. Hugh Bloomquist, Mrs. Wallace Norton and Lorna, and the Misses Kathy King, Kathy Hucker and Dianne Bishop.

The Gardiner Garden Club and the Rhododendron Grange sponsored a potluck dinner Saturday night at the Gardiner schoolhouse. Miss Virginia Dearborn of Seattle showed color slides of her trip through Europe by car.

Miss Dearborn, who teaches at Ballard High School and Miss Audrey Spady, who teaches at Roosevelt, were houseguests last week of Mr. and Mrs. Jorgensen.

Master William East announces that the Quimper Grange will exemplify the third and fourth degrees tonight at Rhododendron Grange.

Mrs. Edward Reed, president of the Rhododendron Grandmothers Club installed new officers for the Quilcene Grandmothers Club on Wednesday. Accompanying her to Quilcene were Mrs. Dan Giard, Mrs. Guy Story and Mrs. James Minty.

Miss Patricia Murray of Gardiner is being sponsored by the Rhododendron Grange in the Dairy Princess contest. She is a senior at Port Townsend High School. She is a worker and junior leader in 4-H and has worked on the youth movement in the grange.

Congressional law states that the American flag should not be displayed on days when the weather is inclement.

Weyerhaeuser sales for 1960 up 8 per cent

TACOMA (AP) —Weyerhaeuser company's first quarter sales for 1960 showed an 8 per cent increase over the corresponding period last year, President Norton Clapp told shareholders Friday.

While principal gains were made in lumber operations, demands for sulphite and kraft pulp reached the highest level in recent years.

Sales for the first three months totaled $108,125,000. Net income for the period was $13,744,000, an increase of 6.6 per cent above the first quarter in 1959.

The Free Will Baptists, a body of Arminian Baptists, was organized in 1787 by Benjamin Randall in New Hampshire.

George Rains Jr. takes bride

Sandra Shaw, daughter of Mr. and Mrs. Nathan Shaw of San Francisco, and George Rains Jr. of Port Angeles exchanged vows in a double ring ceremony in San Francisco April 18.

Rains is the son of Mr. and Mrs. George Rains Sr. of Port Angeles. Mrs. Rains went down by plane for the ceremony.

The bride will be at home in San Francisco until her husband returns from five months duty in Japan. Rains, who is serving in the Navy, left April 19 on the USS Taluga for Yokohama. While in Japan he will visit his brother-in-law and sister Mr. and Mrs. Robert Grubb at Atsugi.

Women name Mrs. Lomax 'Mrs. Eagle'

Ladies Auxiliary to Eagles named Mrs. C. P. Lomax "Mrs. Eagle of the Month' at the meeting Friday evening. She received a ceramic Eagle emblem plate and a certificate of award for "outstanding work on youth activities."

Initiated into membership were Mmes. Leonard Lund, Robert Sisson, Marvin Merrick, Mae Reandeau and Florence Lawson. Reported ill were Mmes. Roy Finch, John Ohlin, Edith Bayton, E. J. Schumitsch, Alexander Kupper and Ernest Roth.

Mmes. Harry Brown, Reino Mantyla, E. R. Roth and Hattie Moe contributed to the birthday bank. The auxiliary received a note of thanks from the Eagles Memorial Foundation for money sent it, and an Easter card from Janice Smith who received the group's nursing scholarship.

ACTING PRESIDENT Mrs. C. R. Mayo reminded the women of the district six meeting in Bremerton May 22; and charter members and past presidents' night May 13.

Members voted to cook and serve dinner for the Eagles Mixed Bowling League May 11 at 6:30 p.m. Officers and delegates to the state convention were nominated; and their election scheduled May 13. Men of the aerie served refreshments later in the evening.

Committe chairmen reported at the officers meeting April 21 at the home of Mrs. William Haywood. Mrs. Mayo and Mrs. Sarah Colbern were cohostesses.

The group discussed plans for sponsoring Mrs. Orville Heath as a candidate for state trustee at the state convention in Spokane June 15-20.

Organization

PORT ANGELES THEOSOPHICAL LODGE will hold an open meeting Sunday evening at 8 p.m. at the home of Mrs. Ruth Fint, 826 W. 8th St. The subject for the evening is "Man and His Bodies."

VENTURE CLUB members welcomed Joann Bowen, Zita Niemeyer, and Gayle Danielson into membership at their Wednesday noon meeting. Soroptimist guests Lois Barnard and Myrtle Walkling discussed the regional conference in Bellingham. Delegates Phyllis Gardner, immediate past district governor, and Meryl Burke discussed Venture Club activities at the conference. President Betti Whidden appointed Mrs. Burke, Roberta Edris, and Vicki Cox, to arrange for an initiation banquet May 18 at Harrington's Skyroom.

Chairman Mrs. James Maxfield read a letter from Lora Lee Brown, a Methodist missionary in Brazil for whom the circle is named, at the meeting of **LORA LEE CIRCLE** of the First Methodist and Congregational Church Thursday. The group met at the home of Mrs. Fred Stolz with Mrs. John B. Gray and Mrs. James Lawrence welcomed as members. Mrs. Ted Hopf gave devotions. Mrs. James Meyers presented the program, the filmstrip "The Meaning of Resurrection." The Rev. Lloyd Holloway led a discussion on the film. Mrs. Maxfield named Mmes. LeRoy Huff, Evald Berg and Mons Botnen a nominating committee. Officers will be elected at the circle meeting with Mrs. Berg May 19.

Grange news

DRY CREEK

The youth of Dry reck Grange conducted the grange meeting last week with Francis Schumacher, James Fish Jr., Mr. and Mrs. Vernon Grall, Mr. and Mrs. James Fish, Dixie Ross, Lorraine Critchfield, Mrs. Walter Forsberg and Stanley Johnson taking offices.

Mrs Ernest Main announced a contest for composing a new verse for the grange birthday cards, with a deadline May 19. Mrs. Grall reported the men will present the program at the meeting May 5; memorial services will be May 19.

Richard Wray was elected alternate delegate to the state grange convention in Pullman in June. Frank Boyd is delegate.

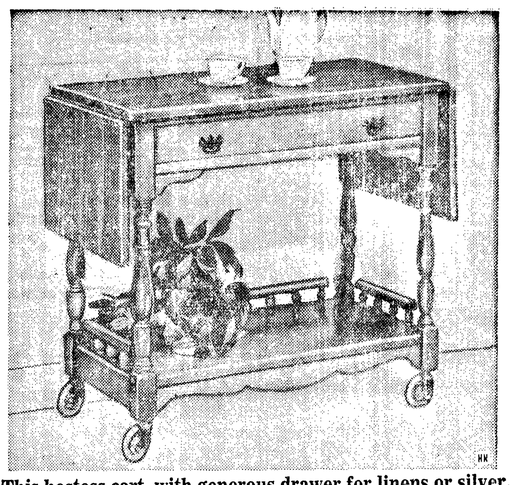
YOUTH CHAIRMAN Mrs. Fish presented the program. Jeanne Schumacher played the piano selections "The Stein Song," and "Theme from the Moonlight Sonata;" and a duet 'Country Gardens" with her mother Mrs. Francis Schumacher.

Patrick Haggerty recited the poems 'Between Two Loves and "Little George Washington" in an Italian dialect. Larry Fish gave an impersonation of movie and television stars Frankie Lane, Perry Como, Jerry Lewis, Elvis Pressley and Jimmy Durante.

James and Jerry Critchfield played the banjo and guitar selections "Your Cheating Heart" and "Beer Barrel Polka." Mrs. Leonard Thompson led group singing.

There are only 30 calories in a medium-sized tomato, and there's plus value in the vegetable's vitamin C.

Quick and good dressing for a fruit salad: equal parts of olive oil and lemon juice plus sugar and salt to taste.



This hostess cart, with generous drawer for linens or silver, can wheel-a-meal from the kitchen and do double duty as a dining table for two when it arrives in the living room.

Cribbage Club finishes season

The Elks Cribbage Club concluded its season Tuesday evening awarding prizes for the year.

Members were guests of Naval Lodge of Elks at a banquet earlier in the evening. Mrs. Josephine Bombardier held high score for the night with 942. Mrs. Ella Steel was second with 938. Seven tables were in play.

Mrs. Bombardier also took first prize for the month with a score of 3,687. Second was Elmer Shay with 3,682. First prize for the year went to Mrs. H. H. Van Brocklin who scored 27,336. Martin Prasalowicz was second with 27,119.

Attendance prizes were awarded 15 members who hadn't missed a meeting all year. Before adjourning for the summer the group elected H. H. Van Brocklin chairman and Robert Lowery sub-chairman. The club will resume play in the fall.

Lincoln PTA hears Conner report on safety organization

At the Lincoln Parent-Teacher Assn., meeting April 21, Paul H. Conner reported on the newly-organized safety organization in the county and urged members to support it.

Treasurer Mrs. Marion Craker reported the PTA carnival netted $368 which purchased a new mimeograph machine for the school. The group elected Mrs. George Winters delegate to the state PTA convention in May; and Mrs. G. A. Parks, Conner and Mrs. Arvil Silcox, a committee to nominate officers.

Principal Angus Edwards announced a meeting for parents of present kindergarten and first and second grade pupils will be held early in May to discuss the school's new "continuous growth" program for first, second and third graders. He said the schools he had visited to see the program in action all favored it and agreed "parents were its best salesmen."

DAVID CRAWFORD, speech therapist for School District No. 17 outlined his work and how to secure an appointment for aid to children. Oscar Erickson presented some of the Lincoln students in a musical program. Ann McLaughlin, Marietta Foy and Bonnie Widman, violinists, played three numbers accompanied by pianist Janet Wellman.

Seventh graders Cynthia Richardson and Peggy Christensen alternated on piano and violin and with Kathleen Skerbeck, cellist, played three selections. Darlene Pederson,a ninth grader, played a violin solo.

Mrs. Lee Ostlund presented a chorus of fourth, fifth and sixth grade students in a group of Hawaiian songs. Mrs. Jan Brogan and Mrs. Alan Rochon, who formerly lived in Hawaii, accompanied them on the ukulele and entertained with two Hawaiian songs and dances.

Mrs. Ruth Godding's third grade won the attendance pennant. Third grade room mothers Mmes. Walter Mason, Arthur Tobias, LeRoy Hennings, David Libera and W. D. Wickersham served refreshments.

Baptist women attend meeting in Bremerton

Out-going President Mrs. H. E. Price of Port Angeles conducted the spring meeting of the Olympic Peninsula Assn. last week in the Charleston Baptist Church in Bremerton.

Mrs. Milton L. Gire of Belfair was elected president for a two year term. Among other newly-elected officers were Mrs. Robert Corning, chairman of Christian social relations; and Mrs. Charles Lawson, who was re-elected vice president of missions.

Others attending from Port Angeles were Mmes. James McDowell, Clinton Searles, Ada Keith Katherine Bishop, Florence Finley, Sarah Taylor, W. F. McCorkle, Edward Taylor, George Sather, Alfred Boyd, Harry Coventon Robert Corning and Arden Jhanson.

The association will meet at Port Townsend in the spring of 1961.

Camp Fire Bowlers conclude season with dinner party

The Camp Fire Bowling League concluded its season last week with a no-host award dinner at the Camp Fire Clubhouse.

Supervising were league advisors Mrs. Robert Glas and Mrs. John Latvala and Camp Fire Executive Thelma Saunders. A. R. Haley, representing Naval Lodge of Elks, presented trophies.

Winning team prizes went to the "Hit and Misses": Kristine Swingle, Ronald Payne, Pamela Dubigk, Rod Kendall and Jack Marshall. The award for the highest single game for girls went to Dee Saunders who scored 209, and the boy's award to Rod Kendall whose score was 178.

Chelea Cnockaert won the girls award for highest two games with a score of 320. The boys' award went to David Glas who scored 300.

Members elected Glas president and Miss Cnockaert, secretary replacing Carol Ellefson and Miss Saunders.

Today's food tips

SATURDAY BUFFET

Herring, Beet and Apple Salad
Deviled Eggs
Sliced Ham — Scalloped Potatoes
Assorted Cheeses — Radishes
Quick Rye Caraway Bread
Custard Tarts — Beverage

QUICK RYE CARAWAY BREAD

Ingredients: 2 cups flour, 2 tablespoons double-acting baking powder, 1¼ teaspoons salt, ½ cup dark brown sugar (firmly packed) 1½ cups stone-ground rye flour, 1 tablespoon caraway seeds, 1 egg, 1 1-3 cups milk, 2 tablespoons butter or margarine (melted).

Method: Into a medium-sized mixing bowl sift together the flour, baking powder, salt and brown sugar. Stir in rye flour and caraway. In a small mixing bowl beat egg enough to blend yolk and white; add milk and beat enough to combine. Add to flour mixture with melted butter; stir only until dry ingredients are thoroughly moistened. Turn into buttered loaf pan (9 by 5 by 3 inches). Bake in a moderate (350 degrees) oven 1 hour or until cake tester inserted in center comes out clean. Loosen bread from sides of pan with spatula; turn out on wire rack; turn right side up; cool. Bread will have a few cracks on top; it tastes delicious the same day it is baked but slices best when stored overnight in a tightly covered container.

Letter to the Editor

The Evening News welcomes letters to the editor when they are concise (no longer than 250-300 words) and bear the writer's signature in longhand. They also must carry the sender's address and be plainly written, preferably typed. All letters are subject to rejection or editing. None will be returned.

CLARIFIES STATEMENT

Editor, P. A. Evening News:

I should like to comment on the report of the UGN board meeting published April 27.

I am quoted there as saying that the per capita gift here is "closer to fifty cents a head." I made that statement referring to the giving for the community chest drive of more than 10 years ago. We are doing better than that now — last year's drive bringing something over $2.00 per capita for the county.

I do believe that we can and will do much better and that one of the things that would help is for us to make a more realistic estimate of the generosity of our people here.

CHURCH CONTROVERSY

WARSAW (AP) — Communist attempts to block the building of a Roman Catholic church in the model steel town of Nowa Huta set off a riot Wednesday, according to reliable reports here.

Communist authorities refused permission for building a church in Nowa Huta, contending there was more need for other buildings. The church site has been earmarked for a school.

Market still in doldrums as stocks drop

By ED MORSE
AP Business News Writer

NEW YORK (AP)—The stock market erased a moderate advance and resumed its decline late this afternoon. Trading was moderate.

Volume for the day was estimated at 2,800,000 shares compared with 3,190,000 Thursday.

Losses of fractions to more than a point among key stocks outnumbered gainers.

The market was mixed at the start, gradually moved upward on balance, then faded into a generally lower condition.

Chrysler lost more than 2. American Motors dropped more than a point as the company reported record sales and earnings but with profits not matching the sales gain.

DECLINE WIDESPREAD

Steels, electronics and oils declined. Zenith dropped more than 2.

Airlines advanced as the Civil Aeronautics Board announced new standards for setting airline fares that officials said will allow fare increases. Gains of about a point or better were made by Pan American, United and Eastern Air Lines.

Lukens Steel canceled an early 1-point gain and took a net loss of about a point. DuPont dropped about 2, American Tobacco around a point. International Paper recovered more than a point.

The treasury's two new refunding issues for the $6,400,000,000 expiring May maturities bowed into the market at slight premiums.

Longer dated government bonds were unchanged.

The corporate market firmed a shade after opening narrowly lower.

MORE SWASTIKAS

PANAMA (AP) — Crude red swastikas were sprayed Thursday night on automobiles parked outside a synagogue where memorial services were being held for Jewish victims of the Nazis.

The Indianapolis Motor Speedway is a 2½-mile paved oval. It also contains a golf course.

Chief re-enlists

William Kemper, senior chief electronics technician, has reenlisted for six years in the U.S. Coast Guard. Kemper is stationed aboard the Winona, and with his wife Frances and daughters Christina, 11; Debra, 9, and Cynthia, 6, makes his home at 1002 E. Park Ave. He has served on the cutters Newell and Wachusett, on a Loran station in Italy and at Westport Radio Station. Among other decorations he holds the American Defense Service, World War II Victory, Asiatic-Pacific Area, and Philippine Defense medals.

Beggs; Johnny Leibold, son of Dr. and Mrs. E. F. Leibold of Forks; Terry and Ronald Handerson, sons of Mrs. Margaret Mansfield; Mrs. Lewis Aas; Mrs. Lela Roup, Sequim; Mrs. Fred Michalscheck; Mrs. Henry V. Charnell, and Edward D. Poupart.

NO UNIFIED COMMAND

TEHRAN, Iran (AP) — Members of the Central Treaty Organization (CENTO) have shelved, at least for the time being, proposals to establish a united military command in the Middle East.

U.S. flier of fortune given death sentence

By K. R. RAMANATH

JAKARTA, Indonesia (AP)—Allan Lawrence Pope, American flier of fortune, today was sentenced to death for fighting against the government in Indonesia's 1958 rebellion.

An Indonesian air force judge convicted the 31-year-old pilot from Miami, Fla., of carrying arms for the rebels, killing 17 members of Indonesia's armed forces and flying bombing and strafing missions in the uprising against President Sukarno.

Pope showed no emotion as Lt. Col. Sardjono, the judge, pronounced the death sentence.

WEEK TO APPEAL

The judge gave him a week to accept the verdict or appeal to a higher court. If the flier accepts the verdict, the judge may ask Sukarno for a pardon.

Pope admitted flying for the rebels but insisted he flew only one attack mission — "The others were test and patrol flights."

Pope's World War II B26 bomber was shot down near the government-held port of Ambon on May 18, 1958, at the height of the revolt. He bailed out, injured his right leg on landing and was captured

Tension mounts over Venezuela plane bombing

CARACAS, Venezuela (AP) — Government investigators are trying to determine if a madman or a saboteur planted a bomb aboard a small Venezuelan airliner which exploded and crashed in the central plains Thursday, killing 11 persons.

Two passengers — a Spanish grocer and a Venezuelan Woman —survived, gravely injured, but were still unconscious.

Government intelligence agents, who announced Thursday night that the plane had been blown apart by a bomb, meanwhile looked into the history of the passengers.

TENSION HIGH

With tension still high as a result of last week's unsuccessful revolt led by former Gen. Jesus Maria Castro Leon and reported threats of a new invasion, local newspapers speculated the bomb had been set by political terrorists.

One rumor attributed the bombing to a White Russian passenger, Vyacheslav Lavinski, who apparently was a resident of Venezuela.

Nothing from official sources, however, indicated support for these theories. Lavinski was one of four passengers listed as foreigners.

The twin-engine DC3 of Linea Aeropostal Venezolano crashed in flames just outside the hamlet of El Rastro, an hour after it took off from Caracas for the river port of Ayachucho, on the Colombian border.

Air-Marine News

Puget Sound Shipyard, Bremerton, advises that a naval vessel will be maneuvering in circles 5 and 10 miles due north of Ediz Hook, Port Angeles May 4, 5 and 6, 1960.

The freighter Robin Mowbray is at the port dock loading 6,500,000 bf of lumber for East Coast delivery. The lumber was cut by the Merrill-Ring Western Lumber Co., mill here and most of it is stored on the port fill.

Brinnon man dies in Hood Canal auto accident

OLYMPIA (AP)—Harold Johnson, 88, Brinnon, was fatally injured Thursday when his car ran over an embankment on the Hood Canal highway near Brinnon, the State Patrol reported Friday.

Patrol officials said a check was being made to determine whether Johnson suffered a heart attack shortly before the accident took place.

Italian leader asks Ike to save Caryl Chessman

ROME (AP)—The President of the Italian Chamber of Deputies today asked President Eisenhower to intervene to halt the execution of Caryl Chessman.

Giovanni Leone, who presides over the lower house of Parliament, told Eisenhower in a telegram that the execution scheduled for Monday "would be repugnant to all civilized conscience.'

The sperm whale, now found only in the Atlantic, gives an oil which has little commercial value.

When making fudge, pour candy into buttered ice-cube trays without the dividers. When candy is almost firm push the divider about one-eighth of an inch into top and the candy will be marked for even cutting.

C'mon Down For Lunch . . . or Take It Home For Dinner!

Curt's TRADING POST
At The Ferry Dock

"The new spring suit makes any suit you bought last year look like ...well, like last year"

The first difference you notice in this J & F worsted: a slimmer, narrower lapel. The coat is trimmer... the trousers just enough narrower to make older suits look baggy. The whole effect: slimmed down and they do just that for you. J & F's 1960 patterns: plaids, checks, stripings, many influenced by the Continent. Nothing radical about these changes... but no getting away from it, they make last year's suit look like... last year! $59.95

get rid of DANDELIONS and other lawn weeds roots and all!

Hose attachment makes weeding easy 15 gals. capacity.

WEED-B-GON makes weeds, root and all "grow to death"

It's easy with
WEED-B-GON

Here's how Amazing ORTHO weed killer controls lawn weeds without harming hardy grasses! It's a brush killer, too!

Weeds killed with IMPROVED WEED-B-GON don't grow back. Hormone ingredients in WEED-B-GON—2,4-D and 2,4,5-T—force weeds to grow old and die from the roots up. Tough weeds may take two applications but you don't bend over once. This amazing ORTHO weed killer "seeks out" broadleaf lawn weeds -- kills them before they plague your entire lawn. Makes short work of many varieties of weeds, Poison Oak and Poison Ivy.

Use ORTHO Lawn Sprayer attached to your hose — weeding is easy as watering. Economical, too — lawn weed control costs less than two cents per 100 sq. ft.
