NEW LIFE INJECTED INTO RAILROAD DEAL

All Interests Now Agree That We Must Meet Conditions Named Quickly to Guarantee Success of Project.

Seattle, Wn., Feb. 15, 1912.

E. E. Seevers, Port Angeles.

Mr. Earles is doing splendid work. Has agreed to build two mills and also agreed to cut all his timber as fast as mills can be secured and sell at cheap stumpage price. Has given free right-of-way and stands ready to do more if necessary. Absolutely important that definite report be made Tuesday showing right-of-way well secured THOS. T. ALDWELL.

Seattle, Wn., Feb. 15, 1912.

E. E. Seevers, Pres. Commercial Club, Port Angeles.

Time is very important in securing right-of-way. Absolutely essential that definite report be made to Michael Earles, Seattle, Tuesday, and this must show that most of right-of-way is acquired and funds available to secure balance. Strongly urge that you secure the services of all citizens in county to accomplish this end. It is arranged that Mr. Earles make report from here to Chicago by night letter Tuesday night. Much depends on this report as basis of all negotiations has been that right-of-way would be furnished. Make united effort, as failure on your part might do serious harm. MICHAEL EARLES & T. T. ALDWELL.

Two very important meetings of the Commercial Club, to which the public was invited, were held at the club rooms Wednesday; one at 4:00 in the afternoon, to hear T. T. Aldwell and A. R. Coleman of Port Townsend who could not be present at the evening meeting, and one at the regular evening hour. Both were largely attended, taxing the hall's capacity.

The purpose of the gatherings was to put up squarely to the people of the city the railroad situation as it presents itself to the city, county and peninsula at this time; namely, that if we are to get what we are all looking for we have to awaken, get together and go after it. It is our next move.

It will be remembered that a committee on right-of-way has been in existence for some weeks past. This committee has been hard at work for the past three weeks or more getting a line on the various owners of property to be crossed by the right-of-way and in getting deeds. The big end of the right-of-way is signed up for or promised, leaving, however, a considerable amount which will either have to be arranged and paid for or condemned. This will necessitate the raising of some considerable money to purchase and accordingly the Club, something over a week ago, authorized its president to appoint a finance committee to aid the right-of-way committee.

At the afternoon meeting a half dozen speakers told of having personally looked into the details of the proposition and each insisted he was absolutely satisfied that if we comply with the request of the promotors the road will be built as agreed. Mr. Brumfield reviewed the laborious work of the committee, declared it had been necessarily slow, the committee having already overstepped the time allotted by the promotors.

Mr. Ritchie spoke of the success of the committee at Everett Seattle, Victoria and Sequim in securing deeds from owners resident there, and of D. McInnes, after a most careful investigation, declaring to the people at Sequim that he had met Mr. Witherspoon of the Spokane Trust company, who assured him that as soon as the right-of-way is guaranteed his company is not only ready but anxions to advance the money to begin immediate construction.

Continued on page 5.

ROADS MEETING WEDNESDAY

The Good Roads meeting called for Wednesday evening last was postponed one week on account of the necessity of getting immediate action on the right-of-way matter.

FINAL ORDINANCE PASSED

Francis Street Work Begins in Two Weeks. Transformer Station to Cost $7,250.

After hearing objections of the property owners at Tuesday night's meeting, the council passed the final ordinances for grading of Francis street The contractors, who have purchased some $3,000 worth of machinery and have considerable timber already on the ground, expect to begin the work within two weeks.

Contract for the construction of a complete transformer substation was granted to the Chase Engineering Co. of Spokane, at $7,250 There were three other bids: P. J. Woods, $8,097; Standard Eng. Co., Seattle, $6,900; Evans & Dickson, Tacoma, $7,772. The Chase company's bid was accepted as the lowest, in that they would build the substation complete at those figures—no cost to the city for any extras. They also give city the right to select transformers of Westinghouse, General Electric or Maloney types. Time of completion, 82½ hours.

Merrill & Co. were granted permit to store gasoline on end of their dock

Walk leading to Pine Hill ordered repaired.

Amended ordinance of Olympic Power Company placed on first and second readings and referred to ordinance committee and city attorney.

CRUISING STARTS AGAIN

E. Duval of Olympia, in charge of the county's cruising under Assessor Hallahan, went west on the Bellingham Thursday to again take up the work. Five crews will be started this time; others will probably be added later until eight crews are at work, as was the case last fall. About 25 to 30 per cent of the county has been cruised, over a billion feet having been added to the assessment rolls when work stopped November 1st—a mighty fine showing.

Four men frozen to death in New York City the other day! Dug a grave with dynamite in Indiana last week, the papers say! Hyacinths budded ready to blossom in Olympic-Leader yard. Roses leaved out; peach tree buds showing pink. Yet we are further north than northern Maine.

Whole lot of people would like to have record of Councilman O'Brien gone into, and be shown why he should have voted yes or no when he thot otherwise.

CITY LIBRARY WILL BE A GO

Interested Ladies Meeting With Encouragement and Offers of Assistance on Every Hand.

CITY LIBRARY CERTAIN.

Announcement that the question of starting a public library would be discussed at the regular monthly meeting of the Women's Auxiliary Tuesday afternoon brought out a very good attendance in spite of the heavy rain and the other meetings. Two new names were added to the membership roll.

All present were enthusiastic over the idea of getting a public library started. The offer of the Reading Club to donate their library of over a hundred good books as a nucleus for a public library to be started by the Auxiliary, was accepted.

A committee was appointed by the president to confer with the Commercial Club and enlist their help and sympathy in the movement and to request the use of their club room for the library.

The members of the Reading Club have long talked of starting a public library, but realizing that the Auxiliary was a city organization including in its membership roll members of every other club in the city, and with an influence far outreaching theirs, they were glad to turn in their books and assistance to the Auxiliary with the hope that every other club and organization in the city will do the same.

Many of our prominent citizens have sent assurances of their assistance, so that the efforts of the Auxiliary already spell Success.

A mass meeting will be called as soon as arrangements can be made, at which an effort will be put forth to arouse the enthusiasm of every citizen of Port Angeles.

Mrs. David Craig has sent word that she will be glad to present the city with the bulk of her library.

THE ROSE CARNIVAL.

A committee was also appointed to confer with the Commercial Club in regard to a Rose Carnival to be held on the 3rd and 4th of July. It is hoped everyone will cultivate roses this year and secure success for our first venture in this line.

ANOTHER SUCCESS.

The report of the whist tournament was very encouraging and proves the success of this kind of entertainment; $30.45 was the amount taken in. A vote of thanks was extended by the Auxiliary to James Stewart, A. D. Wolverton, Judge Still, Julius Kirschberg and Mrs. Frank Dilling for their kindness in donating prizes for the tournament. A vote of thanks was also given the committee in charge for their very efficient work in making the tournament a success.

THE CITY SCHOOLS.

Letters were read by the secretary from the parties written to for information in regard to the work of visiting nurses and medical inspection in the schools. All were deeply interested in the subject and the literature sent in regard to the work throws a great deal of light upon the subject. A committee was appointed to lay the matter before the school board and Prof. Geisness and to turn over to them the literature sent on the matter. It is hoped that the good work they are already doing here may be given the encouragement and assistance it needs from outside sources, especially the patrons of the school. We cannot expect our board and city superintendent to assume all the responsibility of our children and schools and we sit back and find fault and do nothing to show our interest, and fail to lend our support in furtherance of the work they would like to do, but in which they are hindered by lack of funds, assistance and time. The Women's Auxiliary wishes to lend every effort within its power toward the improvement and progress of our schools and will be found ready and willing whenever assistance is needed.

An urgent case of charity was reported to the Auxiliary and after investigation by the president it was decided to send a bill of groceries to the family, who are newcomers. The man is anxious for work of any kind and information in regard to him can be had from the officers of the Auxiliary.

UNITE TO SMOKE OUT ROOSEVELT

Eight Governors and Delegates from 28 States Organize to Push Roosevelt's Candidacy.

Chicago, Feb. 10.—Eight governors and delegates from 28 states met today and in an informal conference organized a permanent committee to push the candidacy of Theodore Roosevelt for president The governors after an executive conference by themselves, addressed a letter to Col. Roosevelt, asking that he let it beome known that a demand from the people that he accept the nomination would not be unheeded.

The meeting was without disagreement and the resolutions dopted declared "all are agreed Theodore Roosevelt is the one man who can, at this time, unite the elements of the party and attract a large number of independent voters."

In a statement signed by the eight governors, Walter R. Stubbs, Kansas; Charles S. Osborne, of Michigan; Herbert S. Hadley, of Missouri; Chester H. Aldrich, of Nebraska; Robert P. Bass, of New Hampshire; W. E. Glasscock, of West Virginia; R. E. Vesey, of South Dakota, and J. M. Cary, of Wyoming, the following was set forth:

"Momentous questions are pressing for solution; what the country is seeking is justice between man and man. It wants quality of justice safe guarded by adequate law.

"A principle is of no avail without a man; a cause is lost without a leader. In Theodore Roosevelt, we believe the principle has the man; the cause, the leader. It is our opinion that this is the sentiment of the people in the states we represent. It is nothing to us that Theodore Roosevelt is not a candidate for the Republican nomination. We believe that the people have decided to make him their candidate. It is for the people to determine who shall be their leader, irrespective of the wishes of the citizen selected.

"Knowing the high sense of public duty with which Col. Roosevelt is imbued, we are satisfied that he will not refuse to heed the call of the people; that he will, if nominated, accept the nomination and, if elected, will discharge the duties of the chief magistrate with the same faithfulness and consideration of the interests of all the people and display the same rugged courage and will supply his well known doctrine of the square deal that his past record indicates."

The next meeting of the Brotherhood of the Congregational Church will be held Friday evening, February 23rd. At this meeting the Brotherhood will be addressed by Prof. C. L. Clark of the University of Washington on the subject "Playgrounds and Public Recreation." The music will be furnished by the boys of the sixth grade at Central.

LINCOLN'S BIRTHDAY

Post and Corps Observe Day with Special Program at Lincoln Memorial Hall.

Pacific Post and Corps observed the anniversary of Lincoln's birthday last Monday evening, in Lincoln Memorial Hall, in a patriotic and becoming way. Notwithstanding the other drawing attractions of the evening, at the opera house and Haning Hall, Memorial Hall was filled with enthusiastic members of the Post and Corps, their neighbors and friends, all enjoying the splendid program, and sumptuous repast following, served as the ladies of the Corps only know how to serve. A feature of the spread was two immense Lincoln Memorial mince pies, 18x20 in. in size, donated and served by Eckley Bros, the popular bakers and confectioners. The pies were covered with a snow white frosting, lettered in red and pronounced most excellent to the taste and quite appetizing.

Mrs. Jennie Finch, President of the Womens Relief Corps, presided in a felicitous and happy manner. Invocation was by Rev. Phillips of the Methodist church, the audience rising and singing America with a will. The following program was then given:

Recitation—Lincoln's Gettysburg Address, Mrs. Jennie Finch.

Address—Rev. Phillips, Life of Abraham Lincoln. Rev. Phillips spoke of the moral life of Lincoln, his great kindness of heart and his explicit faith in God.

Song—Eight little girls.

Recitation—Abraham Lincoln, Ella Finch.

Address—Life of Lincoln, Judge J. G. McClinton. Judge McClinton's parents and Abraham Lincoln were near neighbors in Illinois, the families often visiting together, and the Judge's remaaks were more of a personal reminiscence, he spoke of Lincoln as he knew him when a boy, of the great man's peculiarities and honesty of purpose.

Paper—Life and Character of Lincoln, Mrs. Dustman. More particularly his early life and home in Indiana

Address—Mayor Mead.

Recitation—"Political Parade," Mrs. Wade, of Seattle.

Address — Abraham Lincoln, Mrs. Clark, of Seattle.

Following the program and supper, an hour of social intercourse and good-will prevailed.

The Port Townsend Commercial Club elected new officers Monday night. Hon. Walter Rutz is the new president. The organization decided to take new rooms, in the Bartlett building, and have the same fitted and furnished for use of the club. It was also decided to celebrate the opening of the new quarters with a banquet, to be held in about two weeks. It is the intention of the club to make the affair one great, big success, and it was thought that a banquet costing about one dollar per plate would be about the right size. We glean from Tuesday's Daily Leader.

They must have had a bum crowd out of Seattle for passengers on the Whatcom Monday. A straw vote showed a majority in favor of Hi Gill. As the Townsend Leader says, while straws indicate the way the wind blows, a straw vote does not always point toward the winning candidate for any office.

The meeting of the Mayors of Puget Sound cities to be held at Tacoma, February 21-22, gives promise of being a grand success. The meeting will be held to dis- ry important question tion—the proper meth- g results.

CHINESE THRONE ABDICATED

Pekin, Feb. 12.—Abdication of the throne of China by the Manchus was proclaimed by an imperial edict issued at noon to lay. Another edict declared the throne accepted the republic, while a third approved all the conditions agreed on by Premier Yuan Shi Kai and the republicans.

The edict informed the viceroys and provincial governors of the empire of the retirement of the throne from political power and instructed them to continue doing their duty to preserve order throughout the land. It declared this step was taken by the throne in order to meet the wishes of the people.

The abdication of the Chinese throne by Pu Yi, the child emperor, brings to an end the powerful Manchu dynasty which has reigned in China since 1644. The boy ruler has been on the throne since November 14, 1908, when the emperor, Kwang Su, his uncle, died. His father, Prince Chun, was appointed regent and was the chief figure in China for three years.

The state department of this country will instruct its officials in China to do business in a provisional way with Yuan Shi Kai in the North and President Sun in the South, until a complete fusion of the two elements is effected, when the regular government of all China will be fully recognized.

The Aberdeen Herald says that S. G. Morse, formerly a resident of this city, has purchased a cannery on the Quillayute river and will begin the canning of salmon next season. Considerable new machinery has been purchased and the plant, though a small one, will be modern.

The ladies improvement club of Dungeness gave an entertainment, supper and dance on Valentine day. The entertainment and supper were free, but there was a charge of 25c for the dance. The ladies of Dungeness certainly know how to draw a crowd. Of course everybody danced.

Prominent suffragettes of the state are urging President Taft to appoint a woman to the United States district court bench for Western Washington. Mrs. Allen, of Seattle, widow of the late U. S. Senator John B. Allen is mentioned for the position.

Puyallup is considering the proposition of building a $20,000 addition to its high school building. The proposition has the endorsement of the Commercial club, the Women's club and the Merchants association of that city.

The supreme court of the state has approved the verdict of the Chelan county court, wherein Mrs. Della Totten was convicted of shooting James E. Sutton, and sentenced to serve a life term in the penitentiary.

The Atlantic Coast and Middle West report the coldest weather of the winter last Saturday and Sunday, the cold wave extending as far south as Georgia, Tennessee and Alabama.

At Seattle on last Monday, John Clark, 19 years old, shot and killed his father to save his mother and 10-year old sister from the murderous attacks of the drunken husband and father.

Puyallup city council has voted an appropriation of $3,500 for the maintenance of a public library. With this appropriation a Carnegie library costing $35,000 can be secured.

The mayoralty fight in Seattle goes merrily on. Indications point to the fact that the people are lining up for Mr. Parish. The primaries occur Tuesday, February 20.

Former Governor Joseph W. Folk of Missouri has formally withdrawn as an active candidate for the Democratic nomination for the presidency.

Wednesday, Feb. 16, President Taft signed a proclamation admitting Arizona as the forty-eighth state of the Union.

The State Industrial Insurance Board is flooded with claims. 2000 were injured in four months.

Sedro Woolley is to have a new co-operative creamery company.

THE BEST DAY.

One of the illusions is that the present hour is not the critical, decisive hour. Write it on your heart that every day is the best day in the year.—Emerson.

TEMPERANCE MEETINGS

Between 70 and 80 of the representative temperance people of the city met at the Congregational church last Sunday morning to hear Mrs. Clark, who gave one of the best temperance addresses we have heard in the city. No one could take exceptions to the points so cleverly and forcibly made by the speaker. She made it plain that the temperance problem was not a man's or woman's job, but to win in the fight we must work and hold together to the end, trusting God to give us the victory. A pleasant feature of the service was a solo, "Thy Will Be Done," sung by Mr. Edgar.

Next Sunday morning, Feb 18, the pastor will speak on Christ's Jewels, from the passage found in Malachi 3:17: "And they shall be Mine saith the Lord of Hosts in that day when I make up my jewels."

In the evening, Abraham Lincoln will be the subject. Pastor.

A VALENTINE PARTY

One of the prettiest affairs of the season was the valentine party Wednesday afternoon of which Mrs. Wright and Mrs. Jackson were the hostesses at their pleasant home on Front street. The rooms were fragrant with the sweet perfume of the scarlet carnations lavishly used in carrying out the color scheme of scarlet and white. The stairway leading from the reception hall was artistically draped in valentine crepe paper and scarlet hearts were very much in evidence in the decorations. Five hundred supplied the afternoon's entertainment, the highest score being won by Mrs. Hybred, who received a scarlet heart shaped box of candy, Mrs. F. A. Jensen for second a doll prettily dressed in scarlet, and Mrs. Brumfield was consoled with a tiny heart shaped box of candy. In the daintily appointed luncheon the color scheme and heart shaped design was prettily carried out, even to the table covers and napkins, which were gaily bedecked with hearts and cupids. The hostesses were assisted by Mrs. Kirschberg and Mrs. Meredith.

MRS. WOLF MADE HIGHEST SCORE

Another social and financial success was scored by the Women's Auxiliary on last Friday evening, when they gave a whist tournament in the Commercial Club room. The room was comfortably filled and everyone had a good time. The highest score won by a married lady was that of Mrs. Herman Wolf, second highest was Mrs. G. V. Smith and Mrs. Nicholson; of the unmarried ladies, Miss MacClure had highest score and Miss Leah Myers second. Amongst the married men, A. D. Wolverton was first and Dr. Lewis second; the unmarried men's prizes being awarded to Mr. Studevant and Dr. Taylor. The total receipts from sale of tickets amounted to $30.45, with an expense of $8.50. The next tournament will be given in the Commercial Club room March 8th.

FAIRVIEW

We are glad to know that Mr. Sutter is again able to be up, after his recent illness.

Mr. and Mrs. John Winters spent a couple of days with Mr. and Mrs. Pellerin the first part of the week.

Frank Hebisen sold his cows to Jack Harlow of Mt. Pleasant, a couple of weeks ago.

Mrs. Harbaugh has been in poor health for the past two weeks, but is a little better now.

Mrs. Page is cooking for five of the men that are working for the Olympic Power Co.

Rown Luke made a flying trip down to the Harlow ranch Sunday.

Mr. and Mrs. Burlingett have added two rooms to their house and are now quite comfortably settled in their new home.

Messrs. Fossett and Chambers went up to the Dungeness country last Sunday.

Edwin Champion was a guest of Jim Jacobs last Sunday night.

Mr. Kilmer made a business trip over to Blue Mountain last Tuesday.

Owing to sickness quite a number of pupils have been out of school the past two weeks.

On February 2nd Mrs. Fossett entertained the F. L. C. Mrs. McCumber favored us with a song, and Mrs. Fossett with a piece of classical music on the piano. The whole program was good and all enjoyed it very much. The Club is planning to give a program and Leap Year ball in a few weeks. Particulars later.

SURPRISED HER FRIENDS

Miss Lorna Smith sprung a surprise on her friends and went to Tacoma Tuesday, where she was married Wednesday afternoon at three o'clock to R. F. Haggard, of Sequim. The ceremony was performed by Rev. Webb at St. Luke's church and was witnessed by Lorna's mother, Mrs G. V. Smith. The bride needs no introduction to Angeles people, as she was born and raised to womanhood here, and her numerous friends whose good wishes will follow her to her new home. R. F. Haggard is the son of Mr. and Mrs. C. L. Haggard, who divide their time between Sequim and Seattle, as Mr. Haggard is a merchant of Seattle, but owns a large farm at Sequim, where the mother and son live much of the time. The bride and groom expect to make their home on the farm at Sequim.
