Logging Season Discussed By Port Angeles Chamber of Commerce

The Port Angeles Chamber of Commerce, concerned with possible impact on the county's economy, over U. S. Forest Service policy changes, has written the following letter to R. S. Worthington, forest supervisor: (The Port Angeles Chamber realizes how vital these changes are in the Forks area).

The Port Angeles Chamber of Commerce is led to believe, as a result of reports by some of its members, that there has been a disturbing policy change by the Forest Service regarding the administration of harvesting of Forest Service lands.

We refer specifically to the matter of interpretation of A-21 "NORMAL OPERATING SEASON" and other language in Forest Service contracts relating to construction of roads, operating schedules, erosion control, etc.

It is our understanding that the Forest Service contracts, for many years, have contained language giving the Forest Service unilateral rights to control road construction, harvesting, and operating schedules. We believe this is a proper arrangement and it has caused very little trouble in the past because of the way these protective provisions have been administered. However, it now appears that a change in policy has resulted in these protective provisions being more literally interpreted and applied, thereby unduly restricting road construction and harvesting.

Specifically, we have been led to understand that the District Ranger at Port Angeles has initiated a practice new to this area, of closing down logging, hauling, and road construction when he feels that these operations may damage the road or cause excessive erosion.

We do not agree more heartily with this approach to better timber management; however, we are concerned that the District Ranger is not taking into consideration the annual rainfall in this area which is in excess of 120 inches, which rainfall is not confined to any particular given period of the year. Historically, the logger (with the exception of the high country—and this applies also to logging road construction) has been able to operate approximately eleven (11) months of the year, not allowing for a fire season shut-down, with no undue damage to roads or excessive erosion due to such operation, as the logger and mill operators, for their own protection and ability to operate in these wet areas, must of necessity apply considerably more ballast than is set forth in Forest Service specifications.

We would appreciate a review of the application of this policy as it pertains to operating season and possibly an opportunity for this committee to meet with you.

Sincerely,
PORT ANGELES CHAMBER OF COMMERCE
S. C. Toner, Chairman
Margaret Sander 6220 or Mrs. Leta Klahn 5068

Luncheon will be served from 11:30 to 1:00. Reservations will be appreciated for those wishing to attend. Telephone reservations 374-9791 or 374-6475. The public is invited.

Bake Sale This Friday

The Women's Fellowship of the Forks Congregational Church is having a bake sale at the Forks Grocery on Friday, February 3—starting at 12 noon. The money received from the bake sale will be used toward sponsoring a resident of Fircrest School in Seattle.

PHONE COMPANY TO INVEST IN NEW PLANT FACILITIES

Peninsula Telephone and Telegraph Company has plans to invest \$108,000 in new plant facilities during 1967 according to an announcement made by President M. R. Hull.

The company operates exchanges in Forks, Bay, Clallam Bay, and Clearwater serving a total of 2,067 telephones.

During 1967, Hull estimates the Company will add approximately 100 new telephones.

Included in the Company's 1967 construction program is the addition of considerable new equipment to meet normal growth requirements. Plans also include additional toll circuits and test equipment for the central office.

"In 1966," said Hull, "we installed a set of 175 new telephones in our four-exchange area. A new central office was installed at our Direct Distance Dialing to 100 per cent of our subscribers. Service was extended to the Royal area

Chamber of Commerce Meets February 6th

At this month's Chamber of Commerce meeting on February 6, the program will be put on by P.D.D. personnel. A new color film, "Atomic Power Today," will be shown.

The local Congregational Church has a full schedule of programs for the traditional season. Next Wednesday a candlelight service of worship will be held in the church at 8:00 p.m.

The Rev. J. William Hawk, pastor of the congregation, will be giving a series of six lectures on the theme of Christian Ethics. The lectures are scheduled to be held in the Fellowship Hall of the church on Thursday of each week and will begin at 7:30 p.m. The first lecture will be held February 9. Anyone in the community is cordially invited to attend. The lectures are titled: (1) Three Approaches to Christian Ethics, (2) Two Important Words: Holy and Holy, (3) The Love of Law and the Law of Love, (4) The Ten Commandments, (5) Sermon on the Mount, and (6) The New Morality. Rev. Hawk explains that the Thursday evening session will last for an hour with no more than 30 minutes devoted to the lecture. The remaining 30 minutes will be for questions and answers and general discussion.

The women of the church will be having a weekly discussion session on Wednesday, beginning on the 15th of February. These sessions will start at 10 a.m. and will be held in the Fellowship Hall. The women plan to discuss "Terms of the Christian Faith." They will talk about such terms as: faith, sin, salvation, redemption, crucifixion and resurrection. Rev. Hawk will be the discussion leader.

On Sunday mornings Rev. Hawk will be preaching a series of Lenten sermons on the topic of "What Love Is and Not." The sermons will be based on the 13th chapter of St. Paul's first letter to the Corinthians.

The Holy Week schedule will be announced at a later date, but Rev. Hawk says that the Forks Ministry Association is planning unit Good Friday and Easter Sunrise services.

Congregational Church Lenten Program

Ash Wednesday, February 8th, marks the beginning of the Lenten Season which is climaxed annually in the Christian Church around the world on Easter Sunday.

The local Congregational Church has a full schedule of programs for the traditional season. Next Wednesday a candlelight service of worship will be held in the church at 8:00 p.m.

The Rev. J. William Hawk, pastor of the congregation, will be giving a series of six lectures on the theme of Christian Ethics. The lectures are scheduled to be held in the Fellowship Hall of the church on Thursday of each week and will begin at 7:30 p.m. The first lecture will be held February 9. Anyone in the community is cordially invited to attend. The lectures are titled: (1) Three Approaches to Christian Ethics, (2) Two Important Words: Holy and Holy, (3) The Love of Law and the Law of Love, (4) The Ten Commandments, (5) Sermon on the Mount, and (6) The New Morality. Rev. Hawk explains that the Thursday evening session will last for an hour with no more than 30 minutes devoted to the lecture. The remaining 30 minutes will be for questions and answers and general discussion.

The women of the church will be having a weekly discussion session on Wednesday, beginning on the 15th of February. These sessions will start at 10 a.m. and will be held in the Fellowship Hall. The Holy Week schedule will be announced at a later date, but Rev. Hawk says that the Forks Ministry Association is planning unit Good Friday and Easter Sunrise services.

Valentine's Day Luncheon

An executive meeting of the Women's Fellowship of the Forks Congregational Church was held Monday, January 30, to plan for their annual February 14 Valentine's Day Luncheon. An antique show will be featured this year. Anyone interested in showing their antique pieces, contact Mrs. Margaret Sander 6220 or Mrs. Leta Klahn 5068.

Luncheon will be served from 11:30 to 1:00. Reservations will be appreciated for those wishing to attend. Telephone reservations 374-9791 or 374-6475. The public is invited.

P-TA Awards Membership

An honorary life membership in the Forks P-TA will be awarded to a Forks man or woman in recognition of their contributions to the welfare of children and youth.

Nominations should be sent to Chairman, Mrs. Henry Halverson—Box 66, Forks, by February 6th. Present life members will choose the honorary member for this year; they are: Mrs. Halverson, Mrs. Win Haag, Mrs. Fred Rosmond, Mrs. Vic Ulin, Mrs. Warren Paul, Mrs. LeRoy Malstrom, Dr. E. W. Myers, Mrs. Boyd Rupp, Mrs. Herman Waters, Mrs. A. A. Maris and Mr. Jack Hildecock.

The money paid for these life memberships is used by the State P-TA for scholarships.

We sometimes wonder what some cats and dogs think of people.

Young Women's Meeting

Young women in the community have expressed interest in organizing a young women's fellowship. A get-acquainted meeting will be held at 1 p.m. February 7, at the Forks Congregational Church. The purpose of this group will be to explore essentials of the Christian faith with special emphasis on spiritual and needs of young wives and mothers. All women of this age group are cordially invited to attend. Babysitting service will be available.

TOTAL MONTH OF JANUARY - 86.18 INCHES

School News And Information

Tuesday, February 7, two students representing Washington State University will visit Forks High School to discuss Washington State University and what it has to offer students academically and in glass floats which are found this year.

Forks High School hosted Washington, Bainbridge, and South Kitsap last Thursday. Forks finished with five wins and four losses.

Serving as judges for the debate were Mrs. Skelton, Mr. Skelton, Mr. Class, Mr. Traver, Mrs. Finkle, Mr. Daniels, Mr. Hall, Mr. Jones and Mr. Dickinson.

Elyse James, Jennifer Breithaupt, Debbie Prisel, Kathy Hunt, Ken Seigle, Christine Robinson, Wayne Gaultkins, Doug Sandak, Diane Merrick, Polly Rosmond, Ann Haas, Carolyn Duncan, Craig Rhyne and Carol Skelton served as timers for the debate.

Mrs. Verbeck and one of her home economics classes served refreshments in the library.

Forks has one more debate at Central Kitsap February 9th. Following the last area debate Forks will participate in the district tournament and then a visit to the State tournament.

The Forks High Junior varsity split two games this past weekend as they lost to Vashon 46-44 in overtime Friday evening and beat Quinalt 50-49 Saturday evening.

The Vashon Junior varsity came alive in the fourth quarter outscoring Forks 12-11 and gaining a tie at the end of regulation play 41-41. In the overtime Hobert dropped in two field goals and a free throw for Vashon to score the win. John Spoelstra scored a field goal and a free throw for Forks in the overtime. Larry Baker with 15 points and Stan Peterson with 13 led the Forks scoring. Stan played only two quarters and scored 9 of his 13 points in the fourth quarter. He also picked up 11 rebounds.

In the win over Quinalt the Spartan jayves took a halftime lead 27-22 and moved with ease to a 50-40 victory. Larry Baker, Stan Peterson, and Jim Rosmond each scored 10 points with Larry Simmons coming through with 7 points in a reserve role.

Stan Peterson and Warren Scarlett were the individual stars for Forks. Peterson grabbed off 18 rebounds and scored 15 points. Scarlett held outstanding defense. Play was outstanding to only 2 points in the second half with excellent defensive play.

The Forks Junior High basketball squad had an easy time of it last Saturday as they downed the Quince Eagles in 7th and 8th grade play by the scores of 37-28 and 43-30 respectively.

The 7th grade contest was close in the early stages of the game but Forks finally found the range and led 16-8 at the half. Coach Strydom substituted fresh in the second half as the second unit was easily able to control the game over the shorter Eagles. Holden of Quince was high for the game with 11 points. David Hudson led Forks with 10 points followed by co-captain John Schumack, with 8 tallies.

The 8th grade had things going their way as they jumped to a 12-3 lead at the quarter and a 22-8 lead at the half. Coach Olson played his second and third units much of the third quarter and a Quince rally, due to a zone press, closed the gap to 20-25; however the Bates were not to be denied and balanced scoring by John Richards, Jerry Horejsi, and Chad Hunt in the last quarter carried Forks to victory. Reiger of Quince was high with 16 points and John Richards and Jerry Horejsi led Forks with 12 and 11 points respectively.

Friday evening the Spartans defeated Vashon 61-55 in a hard-fought contest. A few minutes ago the first quarter of play almost over took the Spartans but they finally found their stride in the second half. The Spartans had an 8 point lead going into the final quarter. The Spartans evening the Spartans set out to avenge an earlier season loss to Elks and during the first half the Forks club played their best first half of the season. At the end of the first period the score was knotted 10 all and the locals were down by four points at the half. After a fine halftime show by the Drill Team the Spartans offense spluttered until the final quarter when they again caught fire and went on to close the gap, however the bad third quarter was too much and the Spartans were defeated 54-47.

Friday the locals travel to Bainbridge to meet the league leaders. Saturday evening the Spartans will entertain the Sequim Wolves whom 207 defeated in a close contest earlier in the season.

WHICH IS DEADLIER—TRAFFIC ACCIDENTS OR CIGARETTE SMOKING?

TRAFFIC ACCIDENTS CLAIM 13,000 LIVES YEARLY AMONG PERSONS AGED 30-60 IN UNITED STATES.

LONG-TERM FRAMINGHAM (Mass.) STUDY INDICATES ELIMINATION OF SMOKING IN THIS SAME AGE GROUP COULD CUT HEART ATTACK DEATH RATE THERE BY AT LEAST 40%.

IF FRAMINGHAM'S EXPERIENCE IS TYPICAL OF NATION, THEN ELIMINATION OF SMOKING COULD MEAN 40% FEWER HEART ATTACK DEATHS IN THIS AGE GROUP YEARLY.

YOUR HEART ASSOCIATION reports that cigarette smoking's role as a key risk factor in coronary heart disease has been established in the 16-year Framingham study involving 5,000 persons, of whom 400 have died. Other major risk factors include obesity, high blood pressure, high blood cholesterol and physical inactivity. An intensive risk reduction program is among activities supported by public contributions to the 1967 Heart Fund, being conducted by Framingham.
