HEALTH and SAFETY TIPS

from the AMERICAN MEDICAL ASSOCIATION 535 N. DEARBORN STREET CHICAGO, ILLINOIS 60610

FIRST STEP IN FOOTBALL: GET A PHYSICAL EXAM

All over the nation American males are tossing and kicking and running with footballs, all the way from eight-year-olds in the back-yard to junior and senior high and college teams to the big bruisers of the professional leagues.

Football is a rough contact sport and inevitably will produce its full quota of bumps and bruises, strains of these aren't serious and the lads concerned are back in the game shortly.

All over the nation American males are tossing and kicking and running with footballs, all the way from eight-year-olds in the back-yard to junior and senior high and college teams to the big bruisers of the professional leagues.

Careful coaching enables the player is tiring and thus less alert.

Careful coaching enables the players to perform better and thus been deficiating makes for better games and sprains, cuts and gashes. Most of these aren't serious and the lads concerned are back in the game shortly.

DEAR ABNER

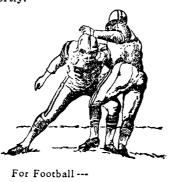

Torks St. Anne, across street rom the hospital may injuries occur when the lamp hysicians are alert to the fact that many injuries occur when the back-yard to junior and senior high and college teams to the big bruisers of the professional leagues.

Careful coaching enables the players to perform better and thus less alert.

Precautions against the extreme heat of early season days also are Study On important. Many coaches are now scheduling the hot weather work-

A thorough medical examination is highly important for boys preparing to go out for football to make certain that a lad has no physical conditions that should be training and hard knocks of the game.

Proper physical conditioning Propers of the parents' responsibility to see that the player has the benefit of the safe guarding principles.

A thorough medical examination through copious sweating.

If your boy is playing on an organized team, the chances are good that all of these safeguards are observed. If most of his playing is done on a vacant lot in the afternoons and on Saturday, it becomes the parents' responsibility to see that the player has the benefit of the safe guarding principles.

Of Health and the State Office of Public Instruction.

Its purpose is to provide the attractive girl when the incident state with a baseline on smoking behavior. The study will be repeated for five years or until trends in smoking habits by our young people become evident. From this, an evaluation of health education efforts to eliminate cigarette smoking the conversation which would take among our youth will be possible.
