

# Timber Sales High

State timber continues to bring premium high stumpage prices and Forks sales 298,142,000 board feet received some of the greatest overbid announced E. C. Gockereil, North Olympic Field Supervisor for the Department of Natural Resources.

The 47 Forks timber sales were bid up from \$5,844,000 to \$15,402,000 an overbid of 164%. Average stumpage was \$51.66 up drastically from the previous fiscal year of \$28.01 per thousand board feet.

The greatest overbid was received during April, May and June. These sales were sold after the U. S. Forest Service announcement of placing restrictions on log export. Over 153,000,000 board feet was sold during those 3 months with an overbid of 240%.

The annual cut for the Forks district is 300 million board feet. This goal was achieved. The timber sales contracts require that 54 miles of high standard road be built, numerous log stringer bridges, and over 30 miles of loggers spur roads. These roads and facilities represent a permanent asset to the state, with a value of over \$1,800,000.

The bulk of the timber sold was hemlock and silver fir making up 78% of the total or 232,000

000 board feet. Over 51,000,000 board feet of cedar was sold (17%). The remaining volume of about 15,000,000 board feet was spruce and Douglas fir.

"The Forks district will continue to develop the virgin forests in Western Clallam and Western Jefferson Counties with a basic road system, harvest of the mature timber and bring income to the public trusts for which that area of state owned land is managed by the Department of Natural Resources", said State Land Commissioner Bert L. Cole.

**GARD OF THANKS**  
OUR SINCEREST THANKS for the numerous ways our friends helped us during our recent loss. The kindness and generation and genuine neighborliness meant so much to us.

A special thanks to Rev. Hawk and Ray Ellis for the help they gave. And the kindness shown us by the people of Forks was greatly appreciated.

Mrs. Elwood Leppell & Family  
Mr. & Mrs. John Leppell & Family

## LEGAL PUBLICATION

**STATE OF WASHINGTON**  
**DEPARTMENT OF NATURAL RESOURCES**  
**BERT L. COLE,**  
Commissioner of Public Lands  
**NOTICE OF SALE OF VALUABLE MATERIAL ON STATE LAND**

Notice is hereby given that on Tuesday, the 30th day of July, 1968, commencing at ten o'clock in the forenoon of said day, at the Forks District Headquarters, located at Forks, County of Clallam, State of Washington, by the District Administrator of said District, the timber on the following described state land will be sold at public auction to the highest bidder, to wit:

**CLALLAM COUNTY**  
Application No. 32748

South Forks Calawah Cleanup located approximately 6 miles by road east of Forks. The sale is composed of all timber bounded by sale area boundary tags and logged areas on parts of the following: Lots 1, 2, 3, S½ NE¼, SE¼ NW¼, of Section 1, Township 38 North, Range 12 West, W.M., containing 39 ac. or more or less, comprising approximately 500,000 bd. ft. of hemlock and white fir.

Minimum acceptable bid: \$8,500.00.

Timber will be sold on a cash or installment plan basis. Timber must be removed prior to September 30, 1969.

fee, or may, if the purchaser so elects at the time of sale, pay an additional amount, to bring the total amount of the deposit, exclusive of fees, to equal 10% of the full bid price based on the cruise estimate, provided that such deposit shall not be less than \$2,000.00. This balance may be paid by personal check. Purchaser must also furnish within 30 days of date of sale a surety bond of \$1,000.00 to guarantee compliance with all terms of the bill of sale. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

Accessibility: via U. S. Forest Service and Department of Natural Resources access.

Purchaser must enter into a road use permit with U. S. Forest Service.

Complete contract and specifications may be examined at Forks District Headquarters, County Auditor's office, and office of the Commissioner of Public Lands, Olympia.

To be sold at Forks District Headquarters, on Tuesday, July 30, 1968, at 10 o'clock a.m.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day the respective deposits shall be returned to the unsuccessful bidders. On the day of sale, the purchaser must pay the balance however, the bid deposit and the full price plus a \$5.00 bill of sale between the hours of ten o'clock a.m. and four o'clock p.m.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided

by law, a notice of which is now on file in the office of the Auditor of said county, and District Administrator of said district.

VOLUME XXXIX

FORKS, WASHINGTON 98331

THURSDAY, JULY 18, 1968

NUMBER 6

## FOUR HURT IN ACCIDENT TOLL MOUNTS IN AREA

A tractor-trailer loaded with shakes failed to negotiate a curve 3 miles south of Forks on Highway 101 Friday night injuring four persons.

The driver, Garth Mitchell, 27, Sunnyside, Wash., was the most seriously injured. He was taken to Olympic Memorial Hospital and flown to Seattle for further treatment Saturday. He is listed in critical condition.

Others injured in the accident were Al Quintanailla, 36, Mabton Wash., relief driver; Betty Sue Camp 22, Project City, California, and Flora Webb, 20, Redding Calif., passengers in the vehicle.

Quintanailla and Miss Webb were treated at Forks Community Hospital and held overnight.

Damage to the truck-trailer and load of shakes was set at approximately \$20,700 by company officials.

## WOMAN RESCUE

A Hoquiam woman, Mrs. Janet Altheide was rescued at 9:15 Saturday evening from a ledge 1/2 mile north of Hoh Head.

Mrs. Altheide was on a hiking outing with her husband and friends when she climbed on a ledge and became stranded as the tide rolled in.

A Coast Guard helicopter was dispatched to the scene, but Mrs. Altheide had been rescued before its arrival.

Local law enforcement officials and tourists carried out the rescue.

\$20,700 Estimated Damage- This truck-trailer loaded with shakes appears as if it exploded on impact. Four persons were injured and the driver remains in critical condition. The accident occurred last Friday about 3 miles south of Forks. Forum photo

## CANOE RACES AT LA PUSH

Redwing, Rebel, Hoquat, Half-Breed, Ahputt-some names of craft running in the upcoming Indian Canoe Races to be held Sunday, July 28, in La Push.

These are but a few of the striking names the owners have used in labeling their outboard powered racing canoes. Fifteen canoes and possibly more will be here for the races next Sunday as they run for the revolving trophy and the \$500 purse.

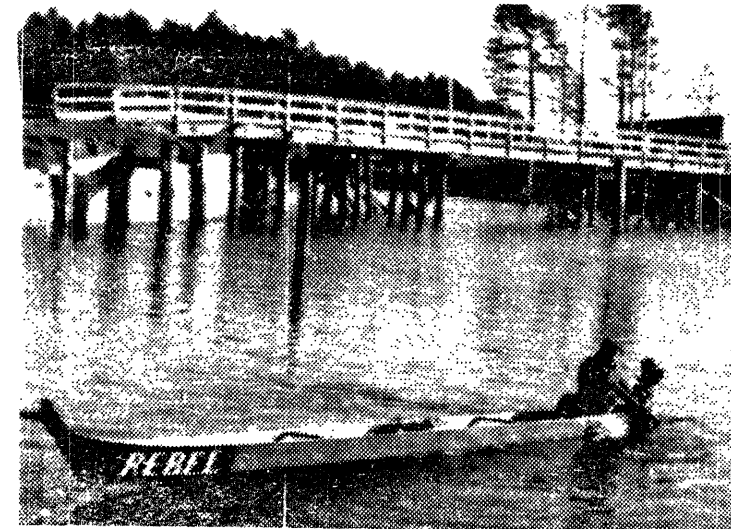

The races will be financed with a salmon bake and donations from interested merchants in the La Push area. Harley's Resort has donated \$150 and a large trophy to inaugurate the planned yearly event.

The canoes will race in qualifying heats on the one-half mile oval in front of Harley's Resort. Winners race in the final heat for cash money and the large revolving trophy. Losers qualify for the semifinal money race.

The racing canoes are powered by Mercury outboards and limited to a maximum 25 hp size. Lots of noise is in store for the viewers as the engines have stacks and tuned exhaust and are all souped somewhat.

The canoes are cedar carved hulls with minimum length of 22 feet and width 24 inches on the bottom. Most canoes are equipped with a planing board and some racers are experimenting with fins to aid in cornering.

It's easy to flip these craft and the fans are treated to a real thrill watching the skill of

the drivers in action.

Most of the canoes here for the big race compete in the full circuit. Derby Day Race held each year on Memorial Day is the initial race each year. The canoes race from Tahola to Lake Quinalt. They participated in the Sammamish Slough Races and in May they participated in the Puyallup River race. July 14, the boats competed in an exhibition race on Capitol Lake in Olympia.

Canoes scheduled to participate, drivers and where they are from:  
Redwing-Jim Dennis-Quillayute  
Rebel-Ribs Penn-Quillayute  
Half-Breed-Howie Hudson-Hoh  
Viola Jean-Harry Penn-Hoh  
Ahputt-Rick Obi-Queets  
Fugitive-Jimmy Strom-Tahola  
Loma E-Johnny Bryson-Tahola  
Sequoia-Norman Capoeman-Tahola

Valorie-Ralph Capoeman-Tahola  
Bullet-John Howard-Tahola  
Gary-Mickey Jackson-Tahola  
Hoquat-Macks Hudson-Tahola.

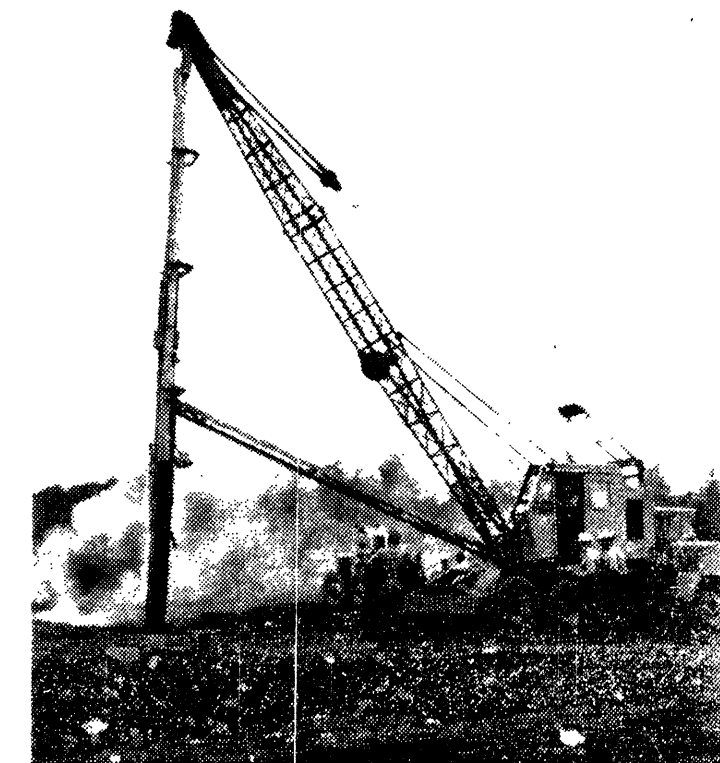

## CHAMBER REPORT

This is a preliminary financial report on the 4th of July Celebration and a complete report will follow in a later issue of this paper.  
\$4290.00 event exp.  
\$4092.00 general exp  
\$ 842.00 est. unpaid  
\$9224.00 expenses  
\$9554.00 income  
\$ 327.00 est. profit

New Ramp- Last Friday the county began driving steel I beams for the new 16 ft. wide dumping ramp at the county dump located on Bogachiel Way. Forum photo

## COUNTY BEGINS WORK

County Commissioners have initiated a program to improve garbage dumping sites in Clallam County.

The county highway departments located in the communities are making improvements where necessary. Funds are not available for these projects and the commissioners must come up with dollars from road projects etc. in order to meet the needs.

The basic reason being the program is the fire danger created by uncontrolled dumping and burning at the dumps. The Department of Natural Resources, Forks, made 10 runs to the county dump off Bogachiel Way to fight fires last summer and 20 other runs were made in which fire crews were not

necessary. The County crew, under the direction of Mr. Albert Wasankari, is constructing a steel and concrete ramp for dumping.

The ramp will be 16 feet wide and about 32 feet long with bumper rails on three sides. About 300 feet of 6 foot high cyclone type fence will be erected along the roadway to catch papers that fly up over the bank. The watchman can control burn this material and control the dumping site.

According to Commissioner Tom Mansfield, the county will attempt to do this program without charging for dumping if the people cooperate and dump where they should.

# Tyce-Beaver-Sappho News

By MRS. J. E. MERRITT

Mr. and Mrs. Ron Konopaski and family visited his parents Mr. and Mrs. Ed Konopaski the fourth of July week. The Konopaskis, senior and junior; went to Sol Duc Hot Springs on the fourth, and the fourth, and the younger K's returned from there to their home in Seattle on Sat., July 6. Mr. and Mrs. Ed Konopaski went to Seattle and returned home on the following Mon.

Mr. and Mrs. Frank Gonzalez and children Frankie and Renetta, returned to their home at Maple Valley on Saturday, July 6, after visiting Mrs. Gonzalez's parents Mr. and Mrs. Robert Tuttle at Shuwah.

Mr. and Mrs. Charles Laswell and family spent a week at the home of Mrs. Philip Arnold in Olympia, returning home Saturday evening. The Arnolds lived in one of the Rayonier houses at Tyee a few years ago before moving to Olympia. Mr. Arnold had suffered from a heart ailment and was obliged to wear a "pacemaker" but it failed him, causing his death some six or seven weeks ago.

Mr. and Mrs. Bill Hurley, accompanied by his uncle, Ralph Hurley, returned to Tyee on Wednesday of last week, after spending three months in Kendallville, Indiana and Hurley, Va. They left their 6-year old son Billy with his grandparents, Mr. and Mrs. Lee Hurley, at Hurley.

About a week before they started west Mrs. Ralph Hurley was bitten by a large copper-head snake a venomous reptile whose bite is usually fatal. Her husband applied a tourniquet above the bite and Mrs. Hurley was rushed to the Grandy Hospital about 17 miles from Hurley--where antivenom was administered and she rallied. However she wrote her husband that some of the venom seemed to be still in her system, but the doctors were taking measures to counter-act it.

Angela Simmons of Port Angeles has been a guest of Darlene Engeseth for several days and expects to return home Saturday.

Mrs. Louise Logue left Monday for her home in Spokane after a weekend visit at the James Scarlett home in Sappho. On Sunday the Scarletts and Mrs. Logue were dinner guests at the home of Mrs. Scarlett's mother, Mrs. Signy Udd in Forks.

Mrs. Logue and her husband the late Claude Logue taught for a number of years in the Beaver and Forks grade schools.

# EDITORIAL

The Board of Clallam County Commissioners, Tom Mansfield, Harvey Eacrett and Elmer Critchfield, met July 10, 1968, to work on redistricting the Clallam County Commissioner District lines.

Commissioner Mansfield read the following motion for approval. That the Clallam County Commissioner Districts lines be redistricted as follows, using the zones as defined in the Civil Defense Map study that District #1 shall comprise that part of the map as designating zone 1 and 2 and that part of zone 3 as follows: Van Kuren, Fairview, Mount Pleasant, Clark, South Bellevue, North Bellevue, Mount Angeles and John Donahue precincts.

That district #2 shall comprise that part of the map designated as zone 7 and that part of zone 3 and 4 as follows: Black Diamond, Fairmount and Edgewood precincts.

That District #3 shall comprise that part of the map designated as zone 5 and 6 and that part of zone 4 as follows: Pedmont, Joyce, Freshwater, Eden and Elwha precincts.

That all precincts not shown in this motion shall be designated and placed in their proper districts.

Seconded by Commissioner Critchfield and passed.

On July 12, 1968 the Board of Clallam County Commissioners met again to consider redistricting. They had unanimously passed Resolution #33 presented by Commissioner Mansfield, but were acting upon another resolution drawn up by Nathan Richardson, based upon population figures compiled by Alice C. Thorne and guide lines of one-man-one vote theory.

Commissioners Eacrett and Critchfield voted for the new resolution and Commissioner Mansfield voted against it. Commissioner Mansfield explained that the west end would be opposed to the resolution and that he was willing to go to court to show his motion to be fair and equitable. Commissioner Mansfield made mention of the fact that the Port Angeles District #3 while areas west of Pt. Angeles such as Fairmount and Dry Creek remain in District #2. One of the Commissioners would be living in another district other than the one he holds office in, if the logical divisions are made.

It appears that a little gerry mandering may be going on here. The idea of placing an area located southeast of Pt. Angeles into District #3 while areas west of Pt. Angeles such as Fairmount and Dry Creek remain in District #2. One of the Commissioners would be living in another district other than the one he holds office in, if the logical divisions are made.

The idea of one-man-one-vote in the case of elections for County Commissioners is carried out each election. The Commissioners must live in the district in which they are elected, but everyone in the county votes on all the Commissioners.

It's evident to the people of the west end that some Commissioners have short vision when this area is concerned. Open your eyes, your mind and redistrict the county in a fair and equitable way.

## Share For The Pie Makers

For some years there has been a running debate between differing schools of thought on how the U. S. economic pie should be divided. One school thinks frills and luxuries should

be cut out in favor of greater government spending for "public affairs." This school believes taxes should be increased and "wasteful" productivity to satisfy the luxury wants of an already affluent people should be cut back. Another school of thought points out that without expanding industry, payrolls, employment and taxes, the government would have no means to carry out its projects for the public good.

When it comes right down to it, the national economic pie should be divided with a fair portion for the pie makers--the nation's producers and savers who like to spend the fruit of their labors as they see fit--or no pie baking business may remain to provide pies to be divided.

\*\*\*\*\*  
Mr. and Mrs. John W. Johnson and family and Mr. and Mrs. L. R. Eaton and daughter Laurie attended the Postmaster's picnic at Eaglemount on Sunday, July 14.

Clifford Hum of Snohomish arrived Friday at the home of his uncle and aunt, Mr. and Mrs. Dean Hum, and will spend the rest of the summer working at the Hoh River Cedar Products mill at Tyee.

Mrs. Shirley Davis and two sons of Port Angeles visited her grandmother, Mrs. Martin Engeseth on Sunday.

Darrel Beebe of Forks was a weekend guest at the home of Jim Hull at Bear Creek. On Monday the two boys joined a group of young people of the Assembly of God Church for a week's camping at Fort

## DOOR TO DOOM!

## HOW BIG IS DRUG ABUSE?

Why do so many teenagers try drugs as a runout from reality? From Hoboken to Honolulu kids and many who are no longer kids are sniffing glue for kicks, smoking marijuana, even experimenting with more dangerous drugs. Every morning across the nation thousands of narcotic addicts wake up with a common craving—to get enough illegal drugs so they can hang on through the day.

How big is drug abuse? No one can estimate how many people misuse drugs today.

The director of the American Social Health Association's national program in drug dependence and abuse, Dr. Charles Winick, believes the number runs into the millions.

"The problem of drug abuse is one of the nation's costliest social problems—and continues to spread," he says. "One-shot lectures are not enough to combat it. The urgent need is for research on drug use and abuse."

"We need to know more about why so many persons are adopting the 'tune-in, turn-on, and drop-out' philosophy.

"We need epidemiological studies in communities to determine who and where the drug dependence persons are."

Citizens who want to help stamp out drug abuse may write to the American Social Health Association, 1740 Broadway, New York City, to find out what to do.

# BOWLING with Dick Weber ALL-PRO CHAMPION

## Bowling Instruction

To assist you with your game and improve your scoring, I will demonstrate the Four Step Approach as it is taught by the AMF Staff of Champions.

**STARTING POINT.** Place both heels at the foul line, take 4 1/2 brisk walking steps from the foul line and turn around. This is your correct starting position.

**STANCE.** Left foot forward, right foot back. Stand erect, knees slightly bent. Support your fingers and thumb into the proper holes and hold the ball to the right side.

**FIRST STEP.** The pushaway, is the first and most important step. As you move your right foot forward, push the ball forward and down in one easy motion.

**SECOND STEP.** Once in an arc motion, the ball starts into the backswing. Keep your arm close to your body. Move your left foot forward. Your left arm swings away to a natural balancing position.

**THIRD STEP.** The ball reaches the top of the backswing, not above shoulder level. The right foot is forward, shoulders parallel to the foul line. Lean forward and down.

**FOURTH STEP.** As your left foot slides, your right arm comes forward in one simultaneous motion. Perfect timing is achieved when your sliding foot and right hand reach the foul line together. Left knee is bent, shoulders are at right angles to direction of delivery, your right arm comes through to lift the ball over the foul line.

**FOLLOW THROUGH.** Upon releasing the ball your arm should follow through over your right shoulder. Hold this position, balanced on your left foot until the ball hits the pins. If you cannot maintain this balanced position, your delivery has not been smooth and easy.

**Biggest bargain you can pick up**

Costs continue to rise in just about everything except telephone service. Local rates are the same. And long distance rates have recently been reduced again. And with most everything going up—including the number of people you can call, your telephone is indeed the biggest bargain you can pick up.

**PENINSULA TEL. & TEL.**  
 FORKS, WASH. PHONE 374-5212

Amateur midget hockey and booting home winning

Thoroughbreds mix like oil and water but second generation Japanese-born Ronald Namba has successfully combined both in his short career. He played hockey five years and has been riding three years.

Namba rode his first Thoroughbred in Winnipeg, Canada. He had migrated there from Manitoba after doing a stint as a farm hand which began when he was eleven years old. His love of horses grew from that time and he is committed to Thoroughbreds for the rest of his life.

Ron rides as a free-lance Jockey without a contract. He says, "I prefer to ride without a contract. It makes me hustler and makes my riding easier and gives me more opportunities for more and better horses."

Namba and his agent, Stan Rudel (Bellevue), team up to give a good performance. They plan to finish the Longacres season and then on to Bay Meadows in September.

Ron is the fourth oldest of eight children (five sisters, two brothers.) His father, an auto mechanic by trade, was born in Vancouver, British Columbia, and moved east in Canada to raise his family.

Ron came to Longacres from a successful season with 1.5 wins at Yakima Meadows.

July 21. The 34th running of the SPEED HANDICAP for three-year olds and upward at six furlongs for \$10,000 added.

World prominence came to the SPEED HANDICAP in 1946 when the Irish-bred Mafosta wheeled the six furlongs in 1:09 1/5 to tie what was then the world record. At that time only one horse in the history of flat racing had run the distance as fast as Mafosta.

# SUNSET HIGHLITES

FROM YOUR LOCAL BOWLING CENTER BY FRED JARVIS

Up in the doghouse again, trying to dredge up enough news to make a column worth reading. Having recovered fully from a big four of July, I think I'll be able to concentrate on my writing.

The rain outside is nice, but keep thinking of the mud I'll be working in tomorrow and of the mosquitoes that are big enough to eat a horse and then toss the horsehoes to see who gets to eat the harness.

Went down to the alleys with Mother when she opened up. Darrell is in Port Townsend, bowling in the BPAA singles, trying to qualify for the finals in August. Sure hope he makes it.

Claude Clark wandered in and we bowled a few games. He didn't do bad for not having bowled for so long. Sure easy to get out of shap if you stay away from it very long.

The prize list of this years Women's State Tournament is out and some of the loot has returned here to be spent.

In the class "B" team event, Pay and Save Shell won ninth place, Coast to Coast was sixty-fifth, and Pay and Save Foods finished in sixty-ninth.

In class "D" doubles, Kathy Hamby and her partner won seventh place money, while Coleen Brooks and Marilea Coats took one hundred and fifty-first place.

In class "A" singles, Lucky Leta Rondeau got a big check for ninety-sixth place. And in the "B" singles Maureen Anderson had twenty-eighth place and Anine Lehman finished in the hundred-and-forty-sixth spot.

Class "C" singles saw Elzada Jarvis in third place and Dorothy Vedder in forty-eighth. How about half, Mom?

Marilea Coats got some pin money back for her seventeenth place finish in the "D" singles, and Ora Lou Bigelow in her first State tournament, finished in the two hundred and eleventh spot in Class "E" singles.

Nice going, girls. Save it all for a rainy day. Well, here it is, time for Championship Bowling on Channel Four, so if you'll excuse me for an hour, I'll watch Harry (Tiger) Smith, and Dick Weber. Maybe I'll learn something, I hope!

Back again! Well, didn't learn too much, as Weber wasn't hitting very good, and Smith, bowling a 670 plus, has a style all his own, and I'm too old to go thru all his tactics on the approach.

Did learn one thing tho, it would be hard to beat either one of them even at their worst.

Just got a report from the Port Townsend bunch. John Nagel scattered 635 pins scratch on games of 218, 192, 225, and added 65 pins handicap for a 700 total. With only one shift to bowl, John was in first place and will in all probability stay there as scores like that don't very often come up in those alleys. Good bowling, John! Save some more like that for Brager's team this coming season.

Seems like the rest of the bowlers from Forks didn't do too good. Tough luck!

Lorine Lefler and Chuck Hamby had the Jackpot shots at Monte Carlo, Sat. nite but with no success. Duke won nine free games on the bonus shot, and Lucky Leta rolled a 207. Duke also rolled a 226 hi game and I was lucky to split the pot with him.

Spent an enjoyable evening with Jean and Duke, Bernice and George, and Lorine and Harry.

My apologies to Faun and Walt Streeter for spelling their impish little son's name wrong. It's Jon, not John. Sorry, folks. No matter how you spell it, he's one great kid.

As of Monday nite, John Nagel was on top in the Summer Singles for the Sequim finals. Getting to be a habit, John? Yours truly is in second with Fred Cline third.

Sally Nagel sets on top of the womens qualifying ladder with a 615.

So far, twelve men from Forks have qualified for the finals. The date and place will be posted later.

See you next week.

## Newspapers Show Advertising Gain

America's daily newspapers averaged \$620 in gross advertising on each ton of newsprint they used last year, according to the Newspaper Information Committee. This represents an advance of about 11 per cent in 10 years. The figure in 1957 was \$556 per ton. The analysis reports that the \$64 advance may seem small in the light of a newspaper advertising revenue increase of 50 per cent in the 10-year period, and newsprint consumption up a third. However, the advance has meant the difference between profit and loss in an era of rising costs. While newsprint prices increased only \$7.50 per ton, newspaper union wage scales have risen about 25 per cent since 1957, according to the U. S. Bureau of Labor Statistics.

The Old Timer  
"A silver-tongued orator often forgets that silence is golden."

## SPORTS WANDERINGS . . .

Hank Aaron reached the 500 plateau when he cracked his 500th homerun as Atlanta whipped the San Francisco Giants 4-2. Aaron's homer came with two on in the third inning and gave Atlanta all the runs needed to win the game. Aaron had complained earlier of hitting homeruns while his Braves were being beaten, but he hit number 500 in fine style and at home in Atlanta.

According to Clyde Majestic and Phil Borde, Charter skippers at LaPush, the salmon are getting in closer now as the charter trips limited over the weekend. The fish are south towards Destruction Island, but in reach of the hardy sportsmen.

The University of Washington crew lost out in its bid for a berth in the Olympic Games, but it illustrates to the sports world that the U. W. is rising again in crew racing.

What has happened to the western division of the P. C. L.? Seattle had a great winning streak earlier and took over first place for a short spell. They have been skidding since. Spokane is the only team playing 500 ball and they have a 10 game bulge over Seattle.

The dispute between National Football League owners and players is finally over. After a long meeting in New York Sunday, league president Arthur Modell and Player association president John Gory made the joint announcement. According to the agreement, owners will contribute almost three-million dollars to the players' pension fund over the next two years. The pension was the last stumbling block in negotiations. The question of pay schedules for summer training and exhibitions were two other major points. They were settled earlier. Gory, an offensive guard for the Detroit Lions, termed it "the best exhibition may setup in sport, period." He called the overall contract the finest ever in professional football. Last week owners closed down training camps to veterans pending settlement of the dispute. It now appears the 1968 N-F-L season will move on schedule. That apparently includes the August second game in Chicago between the college All-Stars and Green Bay Packers.

## Martha Rice Former Resident Weds

St. Luke's Episcopal Church, Weiser, Idaho was the setting for the June 8th wedding of Martha Winifred Rice to Robert Billie Sipe. Father Palmer Wyld officiated at the double ring ceremony.

Miss Susan Rice, sister of the bride, was Maid of Honor. Darrell Walker of Spokane, Wash. was best man. Groomsman was Stephen Hiatt of Boise. Bridesmaids were the Misses Barbara and Marilyn Sipe, sisters of the groom and Miss Kay Fleisner of Moscow, Idaho. Ushers were Charles Rice, brother of the bride and Ronald Sipe, cousin of the groom.

The bride's parents are the late John W. Rice and Mrs. Blanche Rice of Weiser. The groom's parents are Mr. and Mrs. Billie Sipe of Weiser. The bride's dress was of taupe de soie, with imported French lace on the bodice and a train of the same lace. It was floor length, Empire style. The veil was three tiered and of nylon net. Her bouquet was of Gold Wave roses.

The Maid of Honor wore yellow satin. Her dress was street length and in Empire style, and with matching shoes. She carried a white spider mum. The bridesmaids were dressed the same as the maid of honor, and each carried a white spider mum.

## Whitehead-Danielson Exchange Vows

The sanctuary of the Camano Lutheran Church in Camano Island, Wash. was beautifully decorated with baskets of pink and white gladiolas and candles with blue candles for the marriage on June 8, of Miss Laurin Rae Whitehead, daughter of Mr. and Mrs. Alan Ray Whitehead of Forks and Kenneth Leonard Danielson, the son of Mr. and Mrs. Alf Danielson of Stanwood, Wash. The Pastor and Mrs. Bohling and Family sang while Mrs. Magnes Wold was Accompanist. Rev. Bohling performed the ceremony in the presence of 180 guests.

The bride given in marriage by her father, wore a floor-length white gown with a lace bodice. A white, flower-topped, finger tipped veil was worn. She carried a bouquet of white Gladmia. Rosemary Cassell of Forks was the maid of honor. She wore a floor length gown of blue chiffon with lace.

Bridesmaids were Shelley Whitehead and Kathy Jo Sherk. They wore floor length lace chiffon gowns of blue and carried bouquets of pink Gladmias.

Diane Danielson was Flower girl and she also wore a floor length chiffon lace gown.

Steven Martin was ring bearer for the occasion. The bride's Mother wore a blue suit with white accessories and pink gladiolas corsage.

Alvin Danielson was best man. Lyle Hafner and Louis Strangeland ushered and also lit the candles.

A reception was held in the Camano Lutheran Church. A wedding cake, made by Mrs. Stensaa, centered the refreshment table.

Mrs. Clarence Anderson cut the cake. Pouring were Ruth Guckenburg, Iris Torset, Bernice Larson, and Joyce Mar-

of the guest book while Jo Anne and Sherry Larson handed out scrolls. Nancy Whitehead and Pam Larsonserved the punch.

The brides traveling outfit was a blue suit with white accessories. Following a two day honeymoon trip to Canada the young couple have made their home on the Danielson farm on Camano Island.

The bride is a graduate of Forks High School in Forks. The groom graduated from Stanwood High School in Stanwood.

Great peace has those who love thy law. — (Psalms 119:165).  
God is with you in all that you do. — (Gen. 21:22).

### 40 ATTEND REUNIONS CLASSES OF 48-49

Approximately 40 members and spouses of Forks High School Class of 1948-1949 attended a reunion Saturday evening July 6th at the American Legion Hall.

A get acquainted social hour was held prior to a smorgasbord dinner catered by Clarks Vagabond. Acting as Master of Ceremony for the evening was Merle Watson of the Class of 1948. Horoscopes were read by Merle Watson and John Leppell. Class officers for the Class of '48 were Pres. Lawrence Gaydeski, Vice Pres. Merle Watson, Sec. Carmen Nordby Dalby and Treas. Peggy Hamilton Beebe. Officers for the class of '49 were Pres. John Leppell, Vice Pres. Duane Leighton, Sec. Marge Klahn Bechtold and Treas. Bill Pederson.

Each member attending the reunion introduced themselves and related their history from the time of graduation. Letters from several teachers and class members unable to attend were read.

Gifts were awarded to Mr. and Mrs. Harvey Green and Mr. and Mrs. James Mason who traveled the farthest to attend the affair. Mr. and Mrs. Ed Beebe and Mr. and Mrs. Darrell Krieder for the most children, Mr. and Mrs. Wayne Krieder and Mr. and Mrs. John Leppell for the couple married the longest. Lawrence Gaydeski and John Leppell received the most outstanding award of the evening for being the baldest.

The hall was decorated in blue and gold school colors with arrangements of white carnation on the tables. The head table was centered with an arrangement of white carnation the baby breath which was given to the Forks Hospital for their enjoyment following the affair. A donation was also given to the Quillayute Valley Scholarship Fund for \$20 which was remaining after expenses were paid.

Pictures of both classes were taken by Harney Green

and prints will be made available to each member attending. Appropriate cards were signed by the class members and sent to Mrs. Eula Phillips and Mrs. Lena Hartege.

Attending the reunion were Mr. and Mrs. Merle Watson of Beaver, Mr. and Mrs. Harvey Green of Calif., Mr. and Mrs. Jim Mansfield of Forks, Mr. and Mrs. Don Betsen of Montana, Mr. and Mrs. Calvin Corley of Bellingham, Mrs. Alberta Stephens of Seattle, Mr. and Mrs. Robert Jousen of Forks, Mr. and Mrs. Don Dalby of Calif., Mr. and Mrs. Ed Beebe of Forks, Mr. and Mrs. Jim Mason of Aberdeen. Also from Forks were Mr. and Mrs. Lawrence Gaydeski, Mr. and Mrs. Pat Bernier, Mr. and Mrs. Frank Kilmer, Mr. and Mrs. Vernon Rondeau, Mr. and Mrs. John Leppell, Mr. and Mrs. Wayne Krieder, Mr. and Mrs. Henry Bechtold, and Mr. and Mrs. Darrell Krieder.

## Special Talks

They meet at the conference table a block from the Arch of Triumph. America's W. Averell Harriman stares across the table and says the United States will not abandon the South Vietnamese people.

North Vietnam's Xuan Thuy stares back and says the U-S must stop all of its bombardment on the North. They meet for several hours at the conference table in the French Foreign Ministry International Conference Center in Paris. Then they break for refreshments.

Harriman has coffee. Thuy has tea. Both make small talk. And here it is, away from the conference table, that Harriman sees hopes for some bargaining in the Paris Talks.

Diplomats at the talks report little progress in the Paris talks. Deadlocked over how to slow down the fighting. That is the real purpose of the talks --- to slow down and get real negotiations started.

North Vietnam has insisted all along that the U-S stop all its bombing of the North. For good measure, the communists would like the Americans to get out of Vietnam... but the bombing halt would do for a start.

Then Harriman has his say. The U-S would stop bombing if Hanoi would do some de-escalation in return.

There's the rub for Xuan Thuy. North Vietnam has never admitted it has a single soldier in the South. All Thuy can do is bring out charts and show the damage U-S bombing has done.

There may have been one break in the formal part of the conferences. Last month, guerrilla shelling of Saigon died down after Harriman warned this might hamper the talks.

But mostly they talk and get nowhere. Then, after several hours, they break for refreshments.

They talk about which is better--American or Vietnamese cigarettes. They talk of their families. They talk of how peaceful it is living in the suburbs away from traffic.

Harriman hopes this relaxed small talk may blossom someday into some hard bargaining.

But for now, after leaving the conference. Thuy and his aides meet with newsmen. They say the U-S alone is responsible for a lack of progress in the talks.

And they recess for a week.

Until another time when they return to the conference table and to the coffee and tea break.

## Blomgren Fraker Married

On May 11th Brenda Elaine Blomgren, daughter of Mr. and Mrs. Joseph J. Blomgren, and grand-daughter of the late Mr. and Mrs. Harry E. Huling, became the bride of Airman First Class Steven Rand Fraker, son of Mr. and Mrs. Elmer V. Fraker.

Chaplain Harold H. Henderson performed the double-ring ceremony in the Chapel at Carswell Air Force Base, Fort Worth Texas, before approximately 25 guests.

Baskets of colorful flowers decorated the sanctuary for the early evening wedding.

Given in marriage by father, the bride wore a street-length empire waist dress of white eyelet embroidered organza with long sleeves cuffed with pearl buttons. Her veil was held by a capulet of matching lace dotted with seed pearls. She wore a single strand of pearls. The bouquet she carried

was rimmed with white pom pom chrysanthemums with a center corsage of white orchids.

For her daughter's wedding Mrs. Blomgren wore an apricot coat dress with light beige accessories. The bridegroom's mother wore a floral brocade coat dress in green and gold with bone colored accessories. Both mothers had corsages of white orchids.

Sisters of the bride, Jo Ann and Jennifer Blomgren, were maid of honor and bridesmaid. They wore empire-styled ruffled pink dresses of organza, and each carried a single long stemmed pink rose. Their

pearl-drop necklaces were gifts from the bride.

Best man was Airman First Class Robert Hardman, and Airman First Class Pat Keene was usher. Both men are stationed at Carswell AFB along with the bridegroom.

Organist was Mrs. Janice Goldman of Fort Worth. Among the Air Force personnel present was Jean Miles of Forks, also stationed at Carswell AFB.

Following the ceremony the bridal party and parents of the bride and groom enjoyed a wedding dinner at the Western Hills Hotel. The young couple are at home at 2915 Wingate Street in Fort Worth.

### Forks UGN Drive News

The organization of the Forks UGN Drive for this Fall is taking shape. General Chairman Mrs. Richard Haberman announces enough area captains have volunteered to adequately cover the area. The Forks drive has been divided into eleven areas. Area captains are for the town of Forks, Northeast section Fritz Klahn, Northwest section Rev. Arthur Morlin, Southeast section Mrs. Willard Perry, Southwest and Mansfield section Mrs. Henry Halverson, and the Business district Mrs. Franklin Horton.

Out of town area are: West to the Dimmel ranch Rev. Eldon Iverson, South to Allen Camp Joe McRenolds, North through Shuwa Mrs. Norman Counterman, Beaver and Sappho Art Munson, La Push Mrs. Kenneth Payne and school employees Mrs. Shirley Meisner.

A meeting of all area captains will be held at the July 23 Community Council meet-

ing at 8 p. m. at the Congregations Fellowship Hall. A representative from Port Angeles UGN will also attend this meeting to present helpful points in conducting a UGN campaign.

Also to be discussed at this meeting is a review of the Community Council budget for 1969 to cover local organizations as the library, Little League and the West End Community Hall which formerly received aid under the End-All drives. Also to be settled is what to do with the Swimming Pool Fund. It is hoped an organization of Forks will take this on as a project and keep this fund active.

Several area of advance advertisement of the Forks drive are also underway. The UGN entered a balloon car in the 4th of July parade and local youngsters passed out about 400 free UGN balloons. The local Girls Scouts under Mrs. Jim Bolin have offered to make

a poster of pictures of the Forks Community Council activities for the coming County Fair in Aug. Picture for the poster were donated by Mrs. Stan Newlun Forks correspondent for the Evening News. The local Boy Scouts under Jim Bolin are making three poster stands for store displays of the drive.

DEAR EDITOR FORUM, " Senator Jackson recently sent me a copy of a bill he is sponsoring that would take care of expensive costs of medicine required by Social Security recipients that do not get these needed medicines as a part of hospitalization.

All elderly people with chronic diseases needing constant medication, even if up around and frisky will say amen to this! Why wait until the old person is in an institution or hospital before he is given relief from the constant cost of critically needed medicines his physician may prescribe because he knows they are the most effective in the case involved.

As it is some Social Security recipients have to pay more for medicine than food unless of course they give up and go to a hospital where it is given free.

FOR SALE—18 foot cabin boat with trailer and 50 horse Evinrude outboard motor. 50 hours on new power head. Boat and motor in good condition. Price \$950.00. Call 374-5406. 43-tfc

Another inequality in Social Security is that low income workers are not allowed to build up to the benefits available to those of high income who earn more than is Social Security taxable, even if they so desire and are willing to pay the same cost.

Thus is a distinct kind of favoritism for while it might be an imposition to assess the low earner the same social security tax as the one whose income tops the maximum to exclude him from voluntary participation and allow him no chance of going into a higher bracket is unfair.

It would be better if there were an all over general social security insurance available to any person who would pay the premiums which premium should be adjusted to pay fully the costs of the system so it would not burden the general taxpayer public. Lena Fletcher

## GRANGE NEWS

Forks Prairie Grange met Thursday evening in the Sportsmen's Club house, with Frank Buonpane, Master presiding.

A safety program was conducted by Lecturer Edith Woody, with several readings on safety practices, and each member was asked to name a safety hazard in the home.

Master Frank Buonpane has a most interesting report on the state Grange Convention held in June in Spokane.

Balloons were cast for the Granger of the Month, who will be named at the Pomona meeting to be hosted in October by Forks Prairie Grange.

It was voted not to have a second meeting this month.

It was announced that the Pomona picnic was to be held Sunday at the Fairview Grange grounds, and in the hall should it rain.

Grange Pomona was to meet Wednesday (last evening) at Crescent Grange, Joyce.

Ice cream cookies and coffee were served by the supper committee at the close of the meeting.

Mr. and Mrs. Arthur Munson and Frank Buonpane were the only members of Forks Prairie Grange who attended the Pomona picnic at Fairview Sunday.

## Short Topics

### EMPLOYMENT SECURITY

Olympic Washington, July, 1968. . . . Weekly earnings of production workers in Washington's manufacturing industries averaged \$140.45 in May, according to figures released by the Employment Security Department today.

This preliminary average is \$2.55 above the April average and \$5.71 higher than the year-ago figure. Both average weekly hours, at 39.9 hours, and average hourly earnings, at \$3.52, exceeded last month's averages. An over-the-year gain in hourly earnings amounting to sixteen cents was the main factor in the gain over a year ago. Hours averaged slightly less than a year ago. Several labor-management disputes in the durable goods industries continued through May—affecting the averages significantly.

Average weekly earnings in contract construction rose to \$201.75 or \$8.61 above last month. Average weekly hours in construction, at 37.5, showed a 1.6-hour gain over last month as activity increased due to more favorable weather. Termination of April's labor-management disputes in eastern Washington was also a factor in the increase. Average hourly earnings remained unchanged at \$5.38.

### FOOD SERVICE WORKERS EXAMS OFFERED

The Olympic Health District will offer Food Service Workers Exams in Forks and LaPush next week according to the following schedule. LaPush between the hours of 11 a.m. and 12 noon and between 1 p.m. and 2:30 p.m. on Tuesday, July 23 at the Community Hall.

In Forks the examinations will be given at Clark's Vagabond Cafe on Wednesday, July 24, between 2 and 4 p.m.

All persons working in restaurants, taverns, cocktail, and meat markets are required to renew their permits every two years. The test consists of questions over material contained in the Food Service Workers Manual.

Don Morrison, District Sanitarian, states that manuals for study purposes have been left at all restaurants in the area.

### Smokey Says:

FIRE! It destroys more than just trees!

The subject of the Lesson-Sermon in Christian Science churches this week is "Life".

A verse from Revelation serves as the Golden Text: "I am Alpha and Omega, the beginning and the end. I will give unto him that is athirst of the fountain of the water of life freely."

The Lesson-Sermon also includes references from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy. One quotation is the following: "Time-tables of birth and death are so many conspiracies against manhood and womanhood. Except for the error of measuring and limiting all that is good and beautiful, man would enjoy more than threescore years and ten and still maintain his vigor, freshness, and promise."

Services at VFW Hall, A Street S.E., begin at 11 a.m. All are welcome.

State Representative Paul H. Conner, Port Angeles, this week announced that he would be a candidate for re-election as State Representative, Position #1, 24th legislative district (Clallam, Jefferson and Mason Counties) on the Democratic ticket.

The veteran Democrat served as State Senator in 1957-1958 and is now seeking re-election to his 6th term in the House of Representatives.

During the 1967 legislative session Conner served on Education and Libraries, Public Institutions and Youth Development, Transportation, and is a member of the continuing interim legislative Joint Committee on Highways.

The Charles Fox family had as house guests Rene Adrian from Tacoma and the William James family have returned from a ten day trip through British Columbia, Canada.

Punky Fox, daughter of Mr. and Mrs. Charles Fox is spending the week in Seattle with her sister and brother-in-law Mr. and Mrs. Bill Flanagan. She attended the graduation services of Howard Goakey who was in training at Fort Lewis.

To help Jim Crippen celebrate his birthday on Sunday July, 14 a group gathered at his sisters, Effie Crist, home for dinner and an evening of visiting.

Those present were Jim, Rose and Susan Crippen, his mother Mrs. Annie Crippen, Duncan and Millie Smith and Floyd and Eleanor Thorton.

St. Swithin's Episcopal church service of Holy Communion and Baptism on Sun. July 21 at 4:00 p.m. at the Hoh Rain Forest Camp Circle.

Picnic for all members and friends directly following the service's.

In The River Now—This is a scene of the home of the William Moritz Homestead located down stream from Westward Hoh Resort on the Hoh River. The unit was built in the 1890's and in about 1916 the river was about a mile away from this building. This photo was taken May 5, 1968 and since that time the unit has slid into the river. Moritz attempted to have a hops farm at this location.

### EDITOR

While on our vacation we enjoyed our first airplane ride-free-to Las Vegas. saw Red Skelton at the Sands, rode across Nevada. Utah and Wyoming in an air-conditioned car with Dave and his three children. We thought Jackson Hole almost more interesting than Yellowstone.

Red Skelton was so much better than on television but it hurt my Scotch even though we didn't have to pay the bill, to get such a lousy dinner for ten dollars minimum. People were so crammed in that they had hired acrobats to get between the tables and carry trays right over our heads.

But when he did his patriotic skit about the old soldier at a parade and those almost a thousand people from all over the United States, with tears in their eyes, gave him a standing ovation, it made you think maybe America isn't so sick after all.

We had a bad experience in beautiful Wyoming. Out in those wide open spaces we had to drive for miles and miles behind some terrible criminals. We could see them through the wide pick-up window, an old man, a young man and a boy. They were nice looking people, but we knew they must be criminals for they had a rifle across the window in plain sight.

I wonder if they will register that rifle when the law goes through. If they intend to use it for crime, I am sure they will not register. If it is the habit of

citizens to obey laws, they will register their guns as all of us will no matter how much we snutter and scold.

We really need to keep guns from criminals. The proposed legislation will not do this. These laws would only interfere with law-abiding people in whose hands guns have often proven a help, not a hindrance, to crime control.

Mr. J. L. Bunker

New York is now among the leading wood-producing and wood-utilizing states in the nation, the State Commerce Department reports. It holds first place in the manufacture of paper and paper products, and is third in the production of furniture and fixtures.

## Diane Winsor Germany Leaves For

Diane Winsor, daughter of Mr. and Mrs. Thomas K. Winsor, of Forks left Philadelphia by plane on Monday of this week for a summer of study of German at the University of Cologne. She is a member of a forty-college-group, under the sponsorship of the Foreign Language League Schools.

During her six-week stay in Europe, the group will study at Bad Godesburg for four weeks in concentrated collegiate work each morning. The afternoon, evenings, and week-ends will be devoted to the cultural, historical, and work-a-day phases of German life. All conversation will be in German. Trips to Bonn, Berlin, Frankfurt, Deutseldorf, Heidelberg, Holland, a cruise of the castles on the Rhine, and other places of interest will be included. Six advanced German class students from Seattle Pacific College will be among those making the trip.

After the collegiate course is finished, Diane is going on a Eurorail trip to Hamburg, Germany, to Copenhagen, Stockholm, Oslo, Bergen and other northern European points for a two week journey. She will return to Berlin where she will meet the other students for the

## Leaves For

return flight to the United States.

This will be Miss Winsor's second trip to Europe. Several years ago she was one of the thirty-two Girl Scouts chosen from the United States for a good will tour of the continent. This time she carries introductions to various Girl Scout Councils over there.

During the past year Diane has been an honor student at Cal-State, Hayward, but is returning to Seattle Pacific College this fall to complete her senior year in teaching. She graduated from Ferndale High School in 1965.

## Service News

Electrician's Mate Third Class Lyn D. Haffner, USN, 22, son of Mrs. Ernie Christensen and husband of the Former Miss Karen L. Beebe, all of Forks, Wash., is serving aboard the destroyer USS Edson, operating off the coast of Vietnam.

His ship, a unit of the Seventh Fleet, is giving gunfire support to U. S., and allied ground forces in South Vietnam.
