BERT L. COLE  
Commissioner of Public Lands

NOTICE OF SALE OF  
VALUABLE MATERIAL ON  
STATE LAND

Notice is hereby given that on  
Tuesday, the 24th day of Septem-  
ber, 1968, commencing at ten  
o'clock in the forenoon of said  
day, at the Forks District Head-  
quarters located at Forks, Coun-  
ty of Clallam, State of Washing-  
ton, by the District Administra-  
tor of said District, the timber  
on the following described state  
land will be sold at public auc-  
tion to the highest bidder, to-wit:

Application No. 32097

Beaver Hill located approxi-  
mately 39 miles by road west of  
Port Angeles. The sale is com-  
posed of all timber bounded by  
sale area boundary tags, prop-  
erty lines and the proposed FR-B-  
1000 road on parts of the follow-  
ing: Lot 2, E 1/2 NW 1/4 of Section  
30, Township 30 North, Range  
12 West, W.M.; S 1/2 NE 1/4 of  
Section 25, Township 30 North,  
Range 13 West, W.M.; plus all  
timber bounded by a marked  
right of way boundary of the  
proposed FR-B-1000 road on part  
SW 1/4 NW 1/4 of Section 30,  
Township 30 North, Range 12  
West, W.M.; part S 1/2 NE 1/4 of  
Section 25, Township 30 North,  
Range 13 West, W.M., contain-  
ing 83 acres more or less, com-  
prising approximately 2,040,000  
bd. ft. of hemlock and white fir,  
370,000 bd. ft. of spruce and  
Douglas fir, or a total of 2,510,  
000 bd. ft.

Minimum acceptable bid per  
thousand bd. ft.: \$23.50 for hem-  
lock and white fir, \$13.00 for  
spruce and others and \$49.00 for  
Douglas fir.

Bidding will be permitted on  
hemlock and white fir only.

Timber will be sold on a log  
scale basis. Timber must be  
removed prior to September 30,  
1970.

On or before September 24,  
1968, at 10:00 a.m., each bidder  
must make a minimum deposit  
of \$5,765.00 in the form of cash,  
money order or certified check.  
Said deposit shall constitute an  
opening bid at the appraised  
price. Upon award of this sale,  
the respective deposits shall be  
returned to the unsuccessful  
bidders. The purchaser must, on  
the day of sale, make an addi-  
tional payment so that the total  
amount deposited, exclusive of  
fees, will equal 10% of the full  
bid price based on the cruise  
estimate, plus a \$25.00 deposit  
on a branding hammer and a  
\$5.00 bill of sale fee. This addi-  
tional payment may be by per-  
sonal check. Purchaser must also  
furnish within 30 days of date  
of sale a surety bond of \$8,000.00  
to guarantee compliance with all  
terms of the bill of sale. All  
checks, money orders, etc. are to  
be made payable to the Commis-  
sioner of Public Lands.

Accessibility: via private and  
Department of Natural Resources  
access.

Purchaser must enter into a  
Road Use Permit with ITT Ray-  
onier Incorporated.

Complete contract and speci-  
fications may be examined at  
Forks District Headquarters,  
County Auditor's office, and  
office of the Commissioner of  
Public Lands, Olympia.

To be sold at Forks District  
Headquarters on Tuesday, Sep-  
tember 24, 1968, at 10 o'clock  
a.m.

Any sale which has been offer-  
ed, and for which no bids are  
received shall not be reoffered  
until it has been readvertised.  
If all sales cannot be offered  
within the specified time on the  
advertised date, the sale shall  
continue on the following day  
between the hours of ten o'clock

NOTICE OF SALE OF FOREST  
PRODUCTS VALUED AT NOT  
MORE THAN \$2,000.00

Notice is hereby given that on  
Monday the 23rd day of Sept.  
1968 commencing at ten o'clock  
in the forenoon, at the Forks  
District Headquarters of the  
Department of Natural Resources,  
the following described fore-  
st products will be sold at  
public auction to the highest  
bidder.

LEGAL DESCRIPTION: The  
sale is composed of all salvage  
material on previously logged  
area comprising approximately  
920,000 board feet, located on  
parts of following SW 1/4 NW 1/4,  
N 1/2 SW 1/4, SE 1/4 NW 1/4 of Sec.  
22 Twp. 30 N., Rge. 14 (W).  
W.M. Clallam County, Wash-  
ington.

CASH SALE  
Forest products will be sold on  
a cash basis.

Minimum acceptable bid will  
be \$184.00.

On or before September 23,  
1968, at 10:00 a.m., each bidder  
must make a minimum deposit  
of \$184.00 in the form of cash,  
money order or certified check.  
Said deposit shall constitute an  
opening bid at the appraised  
price. Upon award of this sale,  
the respective deposits shall be  
returned to the unsuccessful  
bidders. On the day of sale the  
purchaser must pay the balance  
between the bid deposit and the  
full bid price plus a \$5.00 bill of  
sale fee. This balance may be  
paid by personal check. All  
checks, money orders, etc. are to  
be made payable to the Commis-  
sioner of Public Lands.

BOND: On the day of sale,  
the purchaser must also furnish  
a cash bond of \$400.00, in the  
form of cash, money order, or  
certified check, to guarantee  
compliance with all terms of the  
bill of sale.

Any sale which has been offer-  
ed, and for which no bids are  
received shall not be reoffered  
until it has been readvertised.  
If all sales cannot be offered  
within the specified time on the  
advertised date, the sale shall  
continue on the following day  
between the hours of ten o'clock  
a.m. and four o'clock p.m.  
The State of Washington does  
not guarantee its published  
cruises of the herein described  
forest products, and purchasers  
thereof shall have no recourse  
against either the State of  
Washington or the Board of  
Natural Resources if the actual  
cut does not equal such published  
cruises.

Forest products must be re-  
moved prior to June 30, 1969.  
Located approximately 23 miles  
by road NW of Forks.

Accessibility Via Private  
Access.

The Board of Directors of  
Quillayute Valley School District  
No. 402, Clallam County, Wash-  
ington, will hold a public hearing  
at its regular meeting, Thursday,  
September 19, 1968, at 8:00 p.m.  
in room 302 adjacent to the  
superintendent's office. The  
board will conduct the regular  
business of the district and will  
revise and determine those items  
of the preliminary budget adopt-  
ed May 15, 1968, for the 1968-  
1969 school year pursuant to  
RCW 28.65.080.

Any taxpayer may appear at  
this meeting and be heard for or  
against any or all proposed re-  
visions. Copies of the final bud-  
get, including proposed revisions,  
will be available at said meeting.

Mohondro On  
EWSC Honor Roll

A Forks teacher, Roy N.  
Mohondro, has received perfect  
all-A grades at Eastern Wash-  
ington State College and has  
been named to the EWSC summer  
quarter honor roll.  
Students must receive a 3.25  
or higher grade point average,  
based on four points for an A,  
to be named to the EWSC honor  
roll, Donald G. Manson, EWSC  
registrar, said.  
Mohondro is joining the staff  
of Forks schools for the first time  
this year. He is studying for a  
master's degree at EWSC.

UGN Drive  
Kick Off  
Sept. 16

Mrs. Richard Haberman,  
Chairman of the Forks-Beaver  
UGN drive, announces the annual  
drive in this area will officially  
begin September 16th and run  
through October 15th. The cam-  
paign will be conducted on a  
door-to-door basis under area  
captains Fritz Klain, Forks  
Northeast; Rev. Arthur Morlin,  
Forks Northwest; Mrs. Willard  
Perry, Forks Southeast; and Mrs.  
Henry Halverson, Forks South-  
west. Out of town captains are  
Rev. Eldon Iverson, West of  
Forks; Joe McReynolds, South  
of Forks; Mrs. Kenneth Payne,  
LaPush; Mrs. Norman Counter-  
man, Shuwa; Art Munson,  
Beaver and Saphro; Mrs.  
Shirley Meisner, the schools;  
and Frank Horton, the business  
district.

Your one UGN donation aids  
19 different volunteer organi-  
zations available to all the  
residents of Clallam County.  
The Forks Community Council  
is one of those agencies.

The Forks Community  
Council participates in Little  
League, PTA and Beaver swim  
programs, disaster relief, the  
Quillayute Valley Scholarship,  
the Memorial Library, Queen  
Float in the 4th of July, Beaver  
Community Hall and many  
other services for the betterment  
of the Forks-Beaver community.

Other agencies receiving  
benefits from your donation to  
UGN are the Boy Scouts, Girl  
Scouts, Altruistic Club, Amer-  
ican Red Cross, Camp David  
Junior, Camp Fire Girls,

Forks Forum

VOLUME XXXIX FORKS, WASHINGTON 98331 THURSDAY, SEPTEMBER 12, 1968 NUMBER 14 10 CENTS

School Doors Open For 1190

School doors opened for  
another year of business at  
Forks High School and Elemen-  
tary Schools in a smoother  
fashion than years past.

Tom Winsor, elementary  
principal, considered the open-  
ing days went as well as could  
be expected at the grade school.  
There were the normal prob-

lems with a number of new  
students coming in and a large  
number of kindergarten young-  
sters that hadn't registered before  
school opened. A fourth kinder-

garten section had to be added.  
The double shift situation did  
not prove a problem with the  
years experience in how to  
handle the problems.

High school principal, Jim  
Traver, considered the opening  
at the high school went along as  
planned. Only one schedule  
problem came up and was  
taken care of easily. The  
enrollment for grades 7 through  
12 show approximately a 9.5%  
increase. 477 students are  
enrolled as compared to 435  
last year. This is an increase  
of 42 new students. Most of  
the increase is in the large 7th  
grade class that moved up from  
the elementary school. Only a  
few new students have enrolled.

Elementary enrollment fig-  
ures show 713 students ... a  
decrease from enrollment fig-  
ures of last year. There are 4  
sections of kindergartens, 5  
first, 5 seconds, 4 thirds, 4  
fourths, a special education  
class and 3 sections in the 5th  
and 6th grades.

Insurance

The Quillayute Valley  
Schools have available two  
insurance plans for students.  
This information will be made  
available to parents.

The first is a dental policy  
costing \$1.00 or \$2.00, your  
choice, offered by the Wash-  
ington Dental Service, a non-  
profit organization. The \$1.00  
policy has a deductible clause  
and the \$2.00 policy is for full  
coverage. All athletes must  
have the dental insurance. A  
survey by Washington Dental  
Service found that dental acci-  
dents not connected with  
athletics activities are more  
than twice as common among  
students as dental accidents  
involving athletics. The  
coverage has no restrictions on  
the activities of the student.

The other insurance is for  
accident. This policy covers  
the student to and from school  
and during the school day. The  
cost is \$2.50 for grades through  
6; \$3.50 for grades 7 through 9,  
and \$4.00 for students 10 through  
12. As policy covers during  
the regular school term.

SAMPLE BALLOT  
ON PAGE 10

Informative Bond Issue Meeting Held

Approximately 100 people  
attended the informational  
meeting to discuss the "Bond  
Issue" which will be on Tues-  
day's primary ballot.

The meeting was held in the  
all-purpose room of the ele-  
mentary school with board mem-  
bers, the superintendent, the  
architects and Mr. Dike  
Willoughby, from the office of  
Superintendent of Public  
Instruction, present as an in-  
formative panel.

Mr. Willoughby presented  
information concerning building  
trends and the building codes  
schools must meet. He explained  
the requirements set forth by the  
State Fire Marshall and the State  
Health Department.

Mr. Willoughby pointed out  
that the state uses a 20% match-  
ing formula at this time and  
hopes to get it increased to  
38.4% next year.

He discussed points that the  
state is interested in concerning  
new schools. The availability  
of the necessary square footage  
for a new building and play-  
ground area, room sizes, light-  
ing toilet facilities and general  
safety for the youngsters. The  
building the district has proposed  
meets these considerations.

Architects Charles Rueger and  
Jack Bronger discussed several  
points of interest about the pro-  
posed building in answers to  
questions from the audience.

The model of the proposed  
building and several charts of  
population and the total school  
plant were on display at the  
meeting. These items are still  
available for anyone interested  
in seeing them.

The bond issue is on the  
primary ballot to be voted on  
Tuesday, September 17th.

What will it cost you if you  
own a \$20,000.00 home? The  
maximum assessed valuation  
would be \$5,000.00 and you  
would pay approximately .008  
cents times that, or \$40.00 per  
year. What will it cost your  
children in comparison?

State To Sell 67.8 Million

OLYMPIA - The state will  
offer 67.8 million board feet  
of timber for sale in October,  
valued at over \$2.3 million.  
The Board of Natural Resources  
approved the sales Wednesday,  
September 4, at its monthly  
meeting.

State Land Commissioner  
Bert L. Cole reported the timber

is located in 10 counties. Eight-  
teen parcels are being offered.  
The largest sale is the  
"Billie K" sale in Snohomish  
County. The state will offer  
11.6 million board feet. The  
timber is appraised at \$587,550.  
The sale area is 18 miles south-  
east of Granite Falls. The state  
will accept sealed bids for the

timber at the Department of  
Natural Resources' Sultan  
district office on October 29.

The sales will be held on  
October 28 and 29 in the  
following counties: Clallam,  
Jefferson, Cowlitz, Lewis,  
Pacific, Pierce, Snohomish,  
Stevens, Thurston, and  
Wahkiakum. (con't page 16)

**LETTER TO EDITOR**

Being a few resident of Forks, I'd like some information about the \$15,000 on deposit in Forks State Bank that was raised to help install a swimming pool in Forks.

Who is responsible for raising that amount, and why has the project been stopped?

Isn't there some way that project could be resumed? I know that the school district surely needs more classrooms, Forks needs a new water system, then, a city sewer system.

It appears to me that the Forks City Council and Mayor are lagging in spirit. Why isn't Forks rezoned so as to include additions such as Mansfield and Ford within the city limits? I own my home in one of those additions and would gladly welcome a rezoning to live within the city limits, pay more taxes, or whatever, to help build a swimming pool.

I think the majority of residents in this Western Clallam County realize the great need for an activity center for children and adults. Other towns and areas of comparable population accomplish projects for the welfare of the children and adults and why can't the same be done here? Yes, there are a couple of organizations and a handful of people willing to help with projects, thanks to them, but they can't do it alone.

It might take twenty times the amount already raised, for a swimming pool, but that worthwhile project should be resumed.

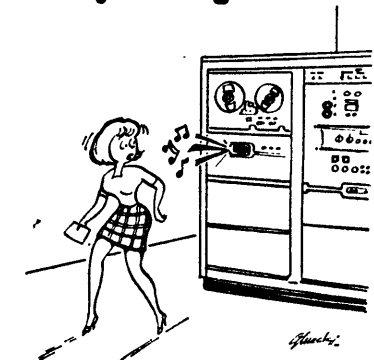

After the new water system is installed, then a sewer system, maybe the Forks City Council and Mayor can shake a little more dust off themselves and start thinking about a swimming pool. I don't have any children and don't care for swimming myself, but I'm all for anything to keep the youngsters busy and happy, which in turn will keep them out of mischief.

Congratulations on the new "Forks Forum". KVAC is doing a wonderful job and it will be a happy day when their coverage can be reached by farther areas.

Very truly yours,  
A Western Clallam County Booster

EDITOR'S NOTE: The sum of \$15,000 previously quoted in the Forum was misprinted. It should have read \$1,500.

**My Neighbors**

**Forced Duty**

Before dissenters go too far in dwelling on U.S. shortcomings, they might take a look at our nearest neighbor, Cuba, where government runs the show. The Cuban government has moved to tighten its controls over the labor force. The eight-hour day "has become a ridiculous thing". Instead, a "work day of conscience," the length of which is to be "dictated by revolutionary duty" is being pushed in official propaganda in an effort to spur lagging production. The emphasis is all on strengthening labor discipline. Officials are urged to increase vigilance over the workers.

This is the end result of a revolution in a country where all businesses and property have been seized by a controlling clique, with no higher goal than to take what it wants. This kind of revolution leads nowhere, but to barbarism and oppression. It is the kind we now see in the cities of America -- and it should be stopped. It is no part of our constructive efforts to broaden opportunities for all citizens regardless of race, creed or color.

**THEY JUST GROW!**

**THIS PROBLEM MUST BE SOLVED**

Federal bureaucracy gives words a new meaning. For example, "temporary" is synonymous with "forever"; "emergency" becomes "a way of life"; "failure" becomes "an incentive for expansion."

While business will drop an ineffective project after a short trial run, government is more likely to expand it on the theory that a little more money will assure its success.

So, old federal programs continue to pile up. New ones are added. In 1955, the Hoover Commission deplored the fact that 25 federal agencies had water resource development programs; in 1967 40 agencies were involved.

In 1964, there were 239 programs of grants-in-aid to state and local governments; now there are more than 500.

Ten cabinet departments and more than 15 other agencies are involved in education; 8 departments and 4 agencies operate major credit programs. There are between 15 and 30 separate manpower programs administered by public and private agencies, supported by public funds, in each major metropolitan area.

A privately published, 1,000-page encyclopedia of government programs, not limited to assistance, lists more than 5,000 services—from "aerial photographs" to "zoological parks" provided by the national government in its 1968 edition.

Congress should take a long hard look at the many overlapping and conflicting agencies and take the necessary action for consolidation and elimination. It's time that cities and states look for problem solutions closer to home!

Entered as second class mail matter at the post office at Forks, Washington, under Act of March 3, 1879

A dark cloud hangs over Forks. Slash burning on the Bogachiel area last Monday with air currents just right so that the billowing black smoke formed a cloud layer over the Forks area and as far as Sappho.

A sin in the eyes of the air pollution people, and a necessary evil in the eyes of the foresters.

Ashes are deposited in areas below the smoke trail. Many people recall the devastating Calawah Burn of 1951 and the Fall slash burning activities of the Department of Natural Resources and United States Forest Service tend to put a citizen or two on edge.

Your "County Dump" was reconstructed with an ideal ramp to better facilitate the public's use. Use the ramp and keep the dump area in the cleanest possible condition that any dump can be kept in.

Now the sign! Just what does it mean? "Do not dump dirt, wood, animals or car bodies."

Comments from local citizens have been heard asking just what can be dumped. The sign refers to the wholesale dumping of dirt, stumps, lumber and what have you. The county does not object to people dumping pickup loads of dirt, wood and other items. If you have several yards of dirt to move, call someone that needs fill dirt. The county has a list of people wanting fill dirt.

The idea of dumping animal bodies is a poor habit to get into. The health department objects to this. They suggest you dig a hole and bury the bodies. Hunters have deposited bodies of bear and game animals at the dumps in the past. The correct measure is to bury them.

Let's face facts. How long would the present facility provide for community needs if everyone clearing land should dump the stumps and soil at the dump?

It's a good site now. How about doing your part to keep it that way.

**West Wins Jamboree 26 - 12**

The Little League Jamboree played here Saturday evening was won by the West, 26 to 12, before a large crowd at Sparta Field.

The Packers and Giants from Forks teamed up in a dual with the Lions and Eagles from Sequim. Following is the action by quarters:

Packers vs. Lions

The Packers took the opening kickoff and on the third play of the game scored with Bill Brager romping 37 yards to paydirt. The P.A.T. failed.

The Lions came right back to score with Hilt left in the quarter. Smith and Petroff handled the ball packing duties with Petroff slanting 3 yards off right tackle for the score. The P.A.T. failed.

The Packers behind the running of Brager and Harrison Davis moved the ball to the 3 yard line as the quarter ended.

Giants vs. Eagles

The Giants took over on the 8 and Jeff Blair scored on the first Giant play from scrimmage. Blair added the extra point and the West led 13 - 6.

Both offenses sputtered throughout the remainder of the quarter.

Giants vs. Lions

Forks kicked off to open the second half.

The Lions moved into Giant territory only to be stopped by a pass interception by Jeff Blair. The Giants failed to move the ball and punted.

Petroff led the Lions running attack as the Lions marched in for the second East score. The P.A.T. again failed as the forward wall of the Giants halted the effort.

The Lions kicked off with only 18 seconds left in the 3rd quarter. Blair took the ball on his own 35, cut to the right and raced 65 yards for the Giant score. Ron Archer hit left guard for the extra point and the West led 20 - 12.

Packers vs. Eagles

The Eagles took over on their own 40 and punted when they were not able to penetrate the Packers defense.

After an exchange of punts, the Eagles moved the ball to the Packer 12 yard line before they were stopped.

After another punt exchange, the Packers moved to the Eagles 18. From that point, Packer, Ken Olson, tossed a pass to Kevin Hinchin in the end zone for the final score.

1 qt. 2 qt. 3 qt. 4 qt. Final

**SUNSET HIGHLITES**

FROM YOUR LOCAL BOWLING CENTER  
 BY FRED JARVIS

Watching Dick Weber and Bob Strampe on the boob tube. Boy, do they make bowling look easy! Actually it is, when you're bowling good, but when you're bowling bad it can really run into work.

That's where practice comes in. The more you practice, the better you'll bowl. So they say... but sometimes it doesn't work out that way. Anyway, it's supposed to help.

Well, the 68-69 bowling season has finally started. Tuesday night Sunset league started the ball rolling last week with some pretty fair scores. Chuck Laswell tossed a nifty 220 to lead his Johns Motors team to a 1105 game. Chuck Hamby took high series honors by knocking over 580 pins. We still need bowlers urgently to fill out our league roster. Contact this editor or Darrell at the lanes.

Wednesday afternoon Powder Puffs were led by a couple of Johnson girls. Shirley had high series of 559 and tied for high game with Fern who had a 202 and 539. Jerry Beebe came up with a 201. Nice bowling, gals. Lee Cheek had a 212 and Frank Smiley a 529 in the West End circuit last Thursday night.

Early Friday Mixed started their season off with a bang as Herb Beebe rattled off a 219 for 11-10 and George Richardson has the first 200 average of the year as he threw an impressive 604.

Cladys Allen and Sally Nagel led the women with 202 and 535 respectively.

Betty Laswell bowled her highest game ever... a 167... and threw in a 148 and 160 for her highest series. Keep it up Betty. You'll get that 200 and 500 yet.

At last report, one team is still needed for the early Friday mixed league. Contact Sally Nagel.

Tuesday afternoon league started this week, as did the Wednesday night Hoot Owls. Tonight marked the first night of the Thursday night women's and late Friday night mixed starts tomorrow night at 9:00.

Junior boys 12 to 18 are about ready to go, and they will be bowling Saturdays at 9:00 A.M., while the Bantam girls, 7 to 12 years, will be bowling the same day at 11:30.

The Junior girls and the Bantam boys will be ready soon but have no opening dates or times. Hope we can let you know soon.

I do know that Darrell is mighty happy to see you all back, not just because it's his living... he just likes the people here in Forks and enjoys having them around whether they bowl or not.

I think I can speak for all of us when I say it's a real pleasure to have Darrell here running the lanes. He's an asset to the bowling games and to the community.

You'll have to excuse me a few minutes. Mother made a cherry cobbler and I'm going to wrap myself around some. Boy, is it ever good!

I hear Leta is the second skinniest woman in the T.O.P.S. Club. Doing a pretty good job of starving herself.

Forks Prairie League started Monday night with Darrell and D.J. Caulkins leading the way. D.J. had a high game of 215 and Darrell bowled a 213 - 215 - 190 for a 618 series.

This is the second 600 plus for the new season. Am sure that as soon as the guys start getting back in the groove, there will be many more 600's.

Olympic Traveling League starts Sunday at 11:00 A.M. with six of the twelve teams meeting here at Sunset Lanes. The other six meet here Sunday the 22nd.

Until next week, good bowling.

# Spartans Ready For Moclips

Word received from Coach Roy Mahondro says the Spartans are ready for Friday's game with the Moclips Hyaks at Moclips.

Last Saturday Mahondro and assistant, Mark McBride, put the 39 Spartans through a controlled game scrimmage. Both coaches expressed general satisfaction with the scrimmage but noted several points that need more work before the Spartans first game tomorrow.

"We should be tough on defense," stated Mahondro. "Our offense needs more polish, but some of the backs show real promise at this time."

The Spartans run from a winged I with an unbalanced line this year. The defense is a 5-4 monster. The Spartans offer some good talent for the front wall defensively. Pete Dahlgren and a newcomer, Jack Myntti, give the Spartans a pair of tough linebackers. Big Rich Liles should cover a big slot in the defensive line along with Gary Gaydeski. Bob Seigle and Jim Rosmond are proven defensive ends.

One of the brightest spots for the Spartans this season is the 15 sophomores turning out. Some of these sophs will probably break into the starting lineup soon.

Following is the tentative starting lineup for the Spartans and a complete listing of the roster:

Offense:  
 End Rich Liles  
 C Clayton Oakes  
 C Dave Beebe  
 G Pete Dahlgren  
 T Gary Gaydeski  
 T Gene Bourm  
 E Charles Keeley  
 QB Larry Baker  
 HB Mike Price  
 HB Steve Perry  
 FB Russ Gale  
 Defense:  
 E Jim Rosmond  
 E Bob Seigle  
 T Rich Liles  
 T Gary Gaydeski  
 NG Dave Beebe  
 MB Mike Price  
 LB Pete Dahlgren  
 I Ken Holz  
 I Dave Demorest  
 HB Steve Perry  
 HB Charles Keeley

Complete Spartan roster:

Name	Class	Position
Don Hutt	10	QB
Ken Holz	12	HB
Larry Baker	12	QB
Steve Perry	12	HB
Russ Gale	12	HB
Chuck Keeley	12	E
Mark Schoonover	11	HB
Steve Sutherland	10	FB
Dennis Perry	11	HB
Mike Price	12	FB
Steve Warren	10	HB
Pete Dahlgren	11	G
Dave Demorest	12	G
John Richards	10	HB
Al Wood	11	T
Dave Beebe	11	C
Mike Simmons	10	C
Jack Myntti	10	C
Rocky Fletcher	12	G
Cher Hunt	10	G
Steve Foster	10	G
Clay Oakes	12	G
Randy Otos	11	T
Danny Payne	10	G
Bruce Allen	10	E
Eddie Jackson	10	E
Chuck Rondeau	10	T
Gene Bourm	12	T
Gary Gaydeski	12	T
Larry Gaydeski	10	T

"More than 19 million people spend about 60 million dollars for fishing licenses, stamps and tags," says Liberty Mutual Insurance Companies' famous television angler, "Gadabout." Gaddis: The Flying Fisherman. "Gad makes a good point though when he adds, 'It's all to no avail if we don't protect our natural resources from pollution.'"

## SPORTS WANDERINGS . . .

Grouse season opened last Saturday and hunting success was running low. Many of the good areas on the Calawah Burn are not accessible by motor vehicle this year.

The D and D1 are accessible for jeep or cycle traffic only, and a slide on the D road doesn't permit thru traffic. The road thru Fennastock Creek area, sometimes referred to as the Burma, is blocked to all traffic by a slide and several washouts.

With the deer season opener approaching, it would be worth your while to check the roads leading to your favorite hunting area before the season begins.

In the past, the roads have been opened by the timber land owners as fire protection roads, but this year they have only kept the main roads opened.

To avoid that bitter disappointment opening morning, it is advisable that one makes a pre-season check on the road conditions into that favorite hunting area.

There will be a special one day either-sex deer season in the Calawah Burn November 24th as announced by the Department of Game.

This special either-sex day will be the weekend after the general bull elk season.

The season of bitter words between wife and husband is upon us. The hunting seasons are bad enough, but look at the gigantic football schedule this fall on TV. The NCAA has 19 games scheduled plus the bowl games. The pro schedule lists 65 games.

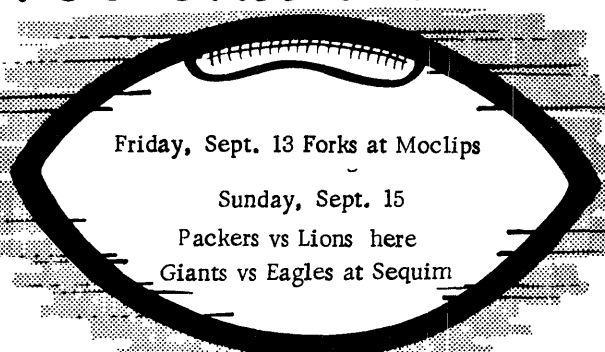

For an example of a typical weekend, look at this weekend's schedule. Saturday at 12:45, Georgia at Tennessee. Sunday, San Francisco is at Baltimore in NFL action at 10:30. In AFL action, Oakland is at Buffalo at 10:30. At 1:00, it's New York at Kansas City. On Monday, September 16, it's time for NFL play again with Los Angeles at St. Louis. TV baseball is still going each Saturday and the World Series comes in October.

The Forks Spartans looked good in their game scrimmage Saturday.

Several Spartans looked impressive on offense and defense. Mike Price did some fancy stepping on offense. Both quarterbacks, Larry Baker and Don Hutt, showed good passing ability. Pete Dahlgren demonstrated his tough defensive talents.

Several sophomores looked impressive. The Spartans travel to Moclips Friday to open the season.

## Tyce-Beaver- Sappho News

By MRS. J. E. MERRITT

Mr. and Mrs. J. L. MacDonald had as guests over the weekend their son and daughter-in-law, Mr. and Mrs. Wally MacDonald, and son, Jay, of Seattle. Kent, another son, had spent the summer at Beaver working for his uncle, Norman Cowan, and was joined at his grandparents' home on Friday by a chum, T4 James Stevens, U.S.A.

The younger Mr. and Mrs. MacDonald and Jay returned to Seattle on Sunday, and Kent and Jim left on Monday; Kent to resume his studies at U.W. and Jim headed for New York and ultimate destination, Germany.

Mr. and Mrs. Mack Campbell, Jr., their daughter, Myrna, and Mack's brother, Robert, all of Tacoma, visited their grandparents, Mr. and Mrs. Martin Engeseth over the weekend. Mrs. Engeseth's son, Gene Lodde, of Tacoma, was also a weekend guest.

Former neighbors at Tyce and other friends in the West End of Mr. and Mrs. Dolph Jewett of Port Angeles, were shocked to hear of his sudden death on Thursday of last week. Funeral services were held on Saturday.

Mr. and Mrs. John Merritt had the pleasure on Thursday of last week of a short visit with Mr. and Mrs. Kenneth Helm of Sitka, Alaska, who were on their way back to Seattle after an overnight visit at the home of Mrs. Helm's brother and sister-in-law, Mr. and Mrs. Myrlyn Schoeneman of Forks. Wednesday was Schoeneman's birthday, hence the visit of Mr. and Mrs. Helm.

Mr. and Mrs. Ira Pease with their daughter, Mrs. Ethel Kohlsted and her two daughters, all of Ellensburg, visited relatives and friends in this area the week

## Tops Club Queen Crowned At Ceremony

Anna Meyers was crowned queen Tuesday evening, the 23rd, as she had lost the most weight . . . a total of 41 pounds. She received a \$20.00 gift certificate, hair style and a bouquet of carnations.

First runner-up was Leta Rondeau who lost 32 and 1/2 pounds. She received a bouquet of carnations, also, and the money in the pig (\$23.70) which was collected in fines for gaining weight.

Another close weight loser was Anita Ellis with 26 pounds.

Mr. Rupp was hired by the club to take pictures of the queen and runner-up.

Jellos, ice cream, coffee, punch, tea and a cake baked by Mrs. Kallman were served.

Two games were played. First and second place prizes were given to: Alberta (Garbrick, first place in both games; Lena Johnson, second place in first game; and Linda Eastley, second place in second game.

Approximately 35 women came to the Queen's Night at the Sportsmans Club.

The next meeting will be held November 11th.

## 14 Fork Students Accepted At Peninsula

Fourteen Forks students have been admitted to Peninsula College for fall quarter, 1968, as announced by Floyd F. Young, registrar. One former Clallam Bay student and now a Forks resident, Charles Oederick, will attend Peninsula.

Forks students are: Matthew Anderson, Roger Braithwaite, Bruce Bratcher, Richard Dickson, Colleen Hyde, Gary Johnson, Dennis Linderman, Danny Lindstrom, Barry Messinger, Larry Messinger, Richard Pirnke, Richard Pitt, Forrest Rollins and Larry Simmons.

### NAGEL WELDING & MACHINE WORKS

WE WISH TO ANNOUNCE THAT EFFECTIVE SEPTEMBER 1st OUR WELDING & MACHINE SHOP AT 407 E STREET S. W. HAS BEEN LEASED TO BILL HARRISON WHO WILL OPERATE UNDER THE NAME OF HARRISON'S WELDING & MACHINE WORKS. WE WILL STILL LIVE IN OUR HOME BESIDE THE SHOP AND MR. NAGEL WILL BE AVAILABLE TO LEND BILL A HAND IF HE SHOULD NEED IT. OUR NEW HOME PHONE NUMBER WILL BE 374-5798.

MR. HARRISON HAS HAD YEARS OF EXPERIENCE AND HAS WORKED FOR US AT TIMES IN THE PAST. HE IS NOW EMPLOYED IN THE SHOP AT ALLEN LOG. CO.

WE HOPE THAT YOU WILL GIVE HIM THE SAME KIND OF SUPPORT YOU HAVE GIVEN US THESE PAST 13 YEARS.

THE SALE OF OUR BUSINESS WAS NECESSARY DUE TO THE FACT MR. AND MRS. NAGEL WISHED TO RETIRE WHILE STILL ABLE TO TRAVEL AND ENJOY THEMSELVES.

SINCE IT IS NOT POSSIBLE TO THANK EACH ONE OF YOU PERSONALLY, WE WISH TO TAKE THIS OPPORTUNITY TO THANK YOU FOR YOUR LOYALTY THROUGH THE YEARS.

SINCERELY YOURS,

JOHN AND SALLY NAGEL

# DEAR JANE

Dear Jane:

I am a boy 13 years of age and I just got back from camp. I have a girl friend that I have liked for about 2 months. She went to camp too and we had a lot of fun together. She is two days younger than I am. When we got home from camp I called her to talk to her. I talked to her parents who think she is too young to have a boyfriend and they would rather not have me calling her. I live about 12 miles outside of town and don't see her very much. I think that she is losing interest in me and I have been very unhappy, because of this. What should I do?

Unhappy

Dear Unhappy:

Sometimes our first love is the most heartbreaking. Every boy has had this situation at one time or another. Now is the time to think about a good activity or hobby. It is good that you enjoy the presence of girls, but 13 is really a good time to think about yourself; what you want to do for your life's work, what sport or activity really interests you or what project you could delve into for personal satisfaction. As you improve your interests, activities and thinking you become a much more interesting person. Girls prefer a fellow with an interesting personality. In a few years you will be so dashing and interesting that she couldn't lose interest! So start now!

Dear Jane

I belong to a two table bridge club, and we meet one afternoon each week. We really have a good time with the exception of one thing. You see, we are all kind of watching our weight, so we serve celery and carrot sticks for refreshments. We have two heaping plates full, one for each table. Well, there is one girl who, by the way, is the largest, and she sits down and really eats up a storm; munching and crunching away. No one else at her table has a chance for one single piece of celery or carrot. Needless to say, it is very difficult to concentrate on bridge with someone consuming ruffage like a rabbit. We have to draw straws before the game to see who gets "Muncher". Then the payoff is when she has cleaned up all of the refreshments she pulls her dental floss out of her purse and sits there and cleans her teeth! What can we gals do? We like this gal and do not want to ask her to leave our group.

Upset Bridge Player

Dear Upset

There are three things that a woman must never do in public. Pick her teeth, chew gum and pick her nose! These are common habits that are frequently seen in public; they belong in the powder room. Discontinue serving refreshments; use a beverage.

Dear Jane

I have a terrible habit and wish I knew what to do about it. At times when I am speaking to people I get a little over zealous especially if I am in an argument and inadvertently spit on them. The other evening while speaking with an acquaintance who wears glasses, I was looking him in the face making a specific point and a spray of saliva landed on his glasses! I offered him a towel and apologized. Now he will not talk to me. I feel so embarrassed about this habit. What should I do?

Speaks with a Spray

Dear Spray

There is no way for you to spray anyone while speaking close to them if you are: using a soft voice, keeping your mouth in a normal position (instead of wide open as if you were catching bugs) and using a bit of discretion! Normally it's bad manners not to look at someone while speaking, but in your case it might be bad manners to look!

ELECT

ELISABETH JOHNSON

STATE REPRESENTATIVE Republican — Pos. No. 2

AUTHOR WEEKLY COLUMN "A Political Viewpoint" (Paid by E. E. Johnson)

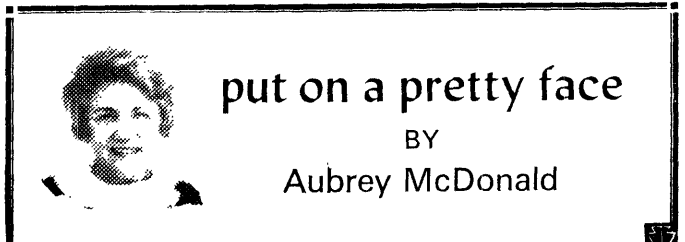

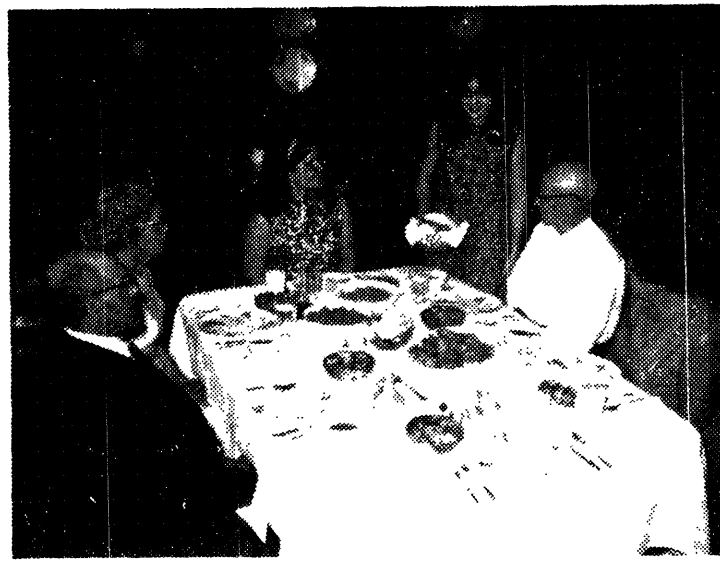

## 4-H Girls Practice Dinner Preparation

Entertaining dinner guests at the Henry Halverson home Sunday were Miss Joyce Maris and Miss Cheryl Ulin. Guests included the Henry Halversons and Mr. and Mrs. F. M. Huling. The girls are practicing preparing for a dinner contest which they will take part in September 17th, at the State 4-H contest held in Puyallup, Washington.

Dinner consisted of tomatoe cocktail, crackers, oven-fried chicken rolled in potato chips, tossed green salad, buttered carrots, rice, rolls, sherbert and cookies for six at a cost of 80¢ each.

The girls act as hostesses at the table. They are allowed 1/2 hour to get organized, one and 1/2 hours to prepare the meal and 1/2 hour to clean up.

Other 4-H girls taking part in the State Fair are Willa With-crow, demonstrating an economy beef dish, and Susan Shearer who is taking part in the Blouse Activity Contest. The blouse is already cut out and the girls have two and 1/2 hours to sew the blouse after which they model it.

Today's unstudied, petal soft dewy look in facial fashion requires a new approach to make-up application. With Fashion Two Twenty's long-lasting, water-resistant cosmetics, a sponge becomes an integral part of the attractive and beauty-wise woman's glamour plan.

This extra-soft, white sponge is heart-shaped and has its own lovely coral carrying case to keep it clean and fresh. It is useful in following today's trend toward the natural appearance.

After moisture has been brought to the skin with moisturizer, which is massaged in with water, apply liquid make-up, rouge and eye make-up. Now press translucent powder over the make-up.

The rewarding part of this remarkable moisturizing make-up is that it can be given a finished look by lightly pressing the moist sponge over your face. This not only sets the powder, but brings out the natural color tones and gives that alive, youthful glow that every woman desires.

Now you are ready to face the sea, sun and fresh air with a clear, confident look, and your make-up will stay beautiful all day long.

To freshen up for evening, it is no longer necessary to re-do your complete make-up since water evives this make-up. Just press the damp sponge gently but firmly over the entire face. Your make-up glows anew with a silken serenity.

### Off The Chest Women's World

A group calling itself the "Women's Liberation Movement" has something to get off its chest.

And the organization has chosen to do it outside convention hall in Atlantic City where the next Miss America will be chosen Saturday night.

A spokesman for the group says its members will burn bras and "other instruments of torture" outside the hall while Miss America is being chosen inside.

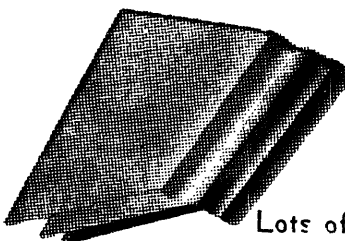

The group also will provide a "freedom trash can" for girls to throw away their bras, girdles, curlers and other feminine paraphernalia.

The spokesman says the group is protesting what it calls "the mindless boob-girlie symbol as degrading to women" and the "racism-with-roses attitude of the pageant."

The organization will conclude its ceremonies by crowning a live sheep "Miss America" because it believes "Miss America and the playboy centerfold are sisters under the skin."

## Postmaster Exam

### LaPush Position

An examination for Postmaster at LaPush, Washington, \$6346 a year, will be open for acceptance of applications until September 24, 1968, the Commission announced today.

All qualified applicants will receive consideration for appointment without regard to race, religion, color, national origin, sex, politics, or any other non-merit factor.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced.

Application forms must be filed with the U. S. Civil Service Commission, Washington, D. C. 20415, and must be received or postmarked not later than the closing date.

Competitors for the postmaster vacancy in this city must:

have at least 1 year of experience (education above high school level may be substituted for 6 months of experience) showing that they have the ability to maintain simple records of accounts or that it has given them a knowledge of postal procedures;

show that they are of good reputation and that they can meet and deal with the public agreeably and effectively;

have resided within the delivery of the post office for one year immediately preceding the closing date of the examination;

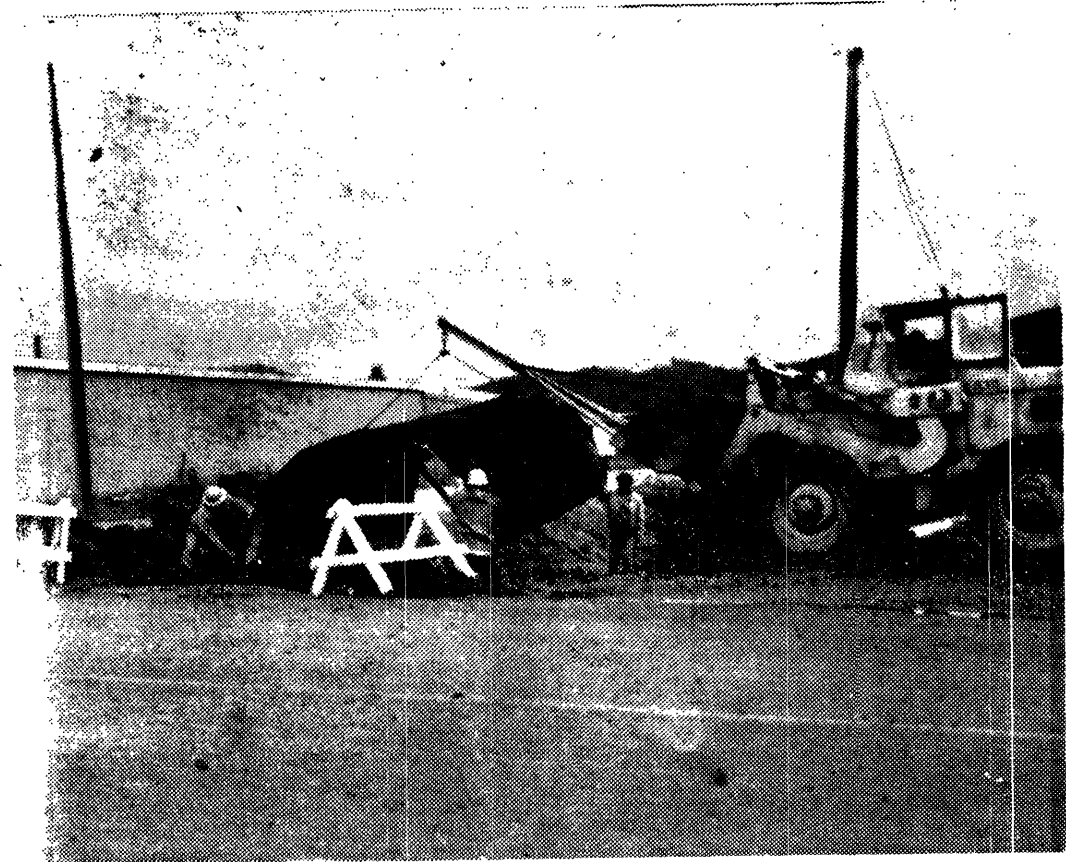

have reached their 18th birthday on the closing date for acceptance of applications; take a written test.

Those who pass will be assigned final ratings on the basis of the test and on their experience as fitness for the position.

Persons over 70 years of age cannot be appointed.

BETTER CORNERS FOR SCHOOL BUS TRAFFIC - Forks water and street department crew with an assist from county equipment are busy in this scene as they lower a metal cover over the culverts. The culverts were extended and filled to give a better corner for school bus traffic turning onto E Street S.E. Forum photo

### School Days Mean SAFE DRIVING DAYS

The dairy farmer has never had a better friend in Congress than Lloyd Meeds. In 1965, he helped pass the law which set up a new Class One Base Plan for dairymen. This plan tended to stabilize the milk market in the Puget Sound area, reduce surpluses, and improve income. In July of this year he again responded to the needs of local dairymen by fighting thru the only amendment to the Food and Agriculture Bill of 1968 and further improved the Class One Base Plan.

### Lloyd Meeds helps people. It's that simple. US Congressman - Democrat

Re-Elect Congressman Lloyd Meeds

LETTER TO THE EDITOR  
Dear Editor,  
I attended the annexation meeting in the Multi-purpose room last night. One thing that wasn't mentioned was the problem of redistricting. Since this has taken place, I wonder what kind of representation we will have in this area. ? and if some of these services now provided by the county will take place in the future. . . ? Wouldn't it be better if we were all pulling together as a City and taking care of our own and not depending on those from the outside????

### Bible Church Grows With The Community

Forks Bible Church grew out of a small Sunday School which was founded by Mr. and Mrs. Sigurd Johnson in the Fall of 1946. For the next year the Sunday School met in the home which is now occupied by Dr. and Mrs. Leibold and family. At this time a small building was purchased and enlarged for use by the new church, which in December of 1947 became known as the Forks Bible Church. In September of 1960, under the leadership of Gary Saunders, Pastor, ground was broken for the construction of the new Forks Bible Church on their property in Mansfield Addition. The building was financed and constructed by members and friends of the local congregation. The first services were held in the new building on Sunday, April 7, 1963. About the first of May, 1967, Wm. E. Cross, an ordained, Conservative Baptist minister, who at the time was serving as the Port Angeles Agent for Western Greyhound Lines, began coming out on Sundays as Supply Pastor. On October 1, 1967, the Church extended him a call to be the full time pastor. This call was accepted and Rev. and Mrs. Cross moved to Forks on November 15, 1967. In June, 1968, construction was started on the new addition to the Church building. This addition is 3,200 square feet consisting of 7 classrooms, large kitchen, Sunday School Office, 2 rest rooms and a multi-purpose auditorium, 28 by 50 feet. This is a "Venture in Faith" by the congregation. When construction started there was about \$2,000.00 in the building fund. As money is provided through gifts of the members and friends of the local congregation, additional materials are purchased. All of the work is being done by men from the congregation under the supervision, advice and help of Mr. George Blattner, local contractor. Pastor Cross states that the Forks Bible Church is a Bible-believing, Bible-teaching,

Christ-centered Church, conservatively fundamental in doctrine and evangelistic in practice. The Church, though independent organizationally, is an affiliate member of the Independent Fundamental Churches of America. Pastor Cross likes to refer to it as a "Growing Church for a Growing Community".

# Keeley Schoeneman Wedding

Mrs. Berniel Keeley and Mr. Myrlyn Schoeneman were united in marriage at the First Congregational Church in Forks on Saturday, August 17th, at 2 P.M. The Rev. William Hawk performed the double ring ceremony before a group of relatives and close friends.

Mrs. William Hawk accompanied Dr. Robert Baker in "The Wedding Song" and "The Lord's Prayer".

The bride was given in marriage by her son, Charles Keeley. Her suit dress was a light turquoise trimmed with silver beads. She carried a bouquet of white orchids and pink rose buds with silver streamers on her Eastern Star Bible.

Mrs. Lowell Nash was her matron of honor. Her dress was a light green with silver accessories as were the two bridesmaids, Mrs. Albert Rooks of Seattle, cousin of the bride, and Mrs. Arthur Maxfield. Each carried a bouquet of pink carnations on a silver fan.

Mr. Lowell Nash was Myrlyn's best man with Mr. Albert Nagel and Arthur Maxfield the ushers. Laurie Warren, daughter of Mr. and Mrs. Ralph Warren, was the flower girl. Her basket of flowers were pink and white sweet-peas and lily of the valley. Her dress was the same material as the matron of honor and the bridesmaids.

Jimmy Gale, son of Mr. and Mrs. Arthur Gale, was the ring bearer.

Baskets of pink and white dahlias decorated the chapel with a bouquet of pink dahlias on the altar. Mrs. Boyd Rupp had charge of the flowers.

A reception followed in the Fellowship Hall with the Mmes. Albert Nagel and Thomas Braithwaite pouring, and Mmes. Ralph Warren and Arthur Gale cutting and serving the three-tiered heart-shaped cake baked by Mrs. Elden Meng.

The Misses Jody Pruefert and Jody Allen served the punch. Mrs. Henry Geist was in charge of the guest book.

The Mmes. Betty Cox and Harvey Hoffman were in charge of the gift table.

Dale and Myrlyn Schoeneman Jr. passed the groom's cake.

The bride changed into a blue wool suit with blue accessories for her trip. After a short trip across the state and into Oregon, the new Mr. and Mrs. Schoeneman are now at home in Forks.

Guests at the ceremony from out of town were Mrs. Albert Rooks from Seattle, Mrs. Dorothy Swanson from Port Angeles, Mr. and Mrs. Chester Newberry, sister of the groom, and Dale, Paul and Myrlyn J. Schoeneman, all of Port Angeles, Mrs. Betty Cox and daughter from Aberdeen.

The United States paper industry's investments in facilities to protect the nation's air and water from pollution have exceeded to date \$415 million, and annual expenditures to operate these facilities exceed \$25 million, according to the American Paper Institute.

# Teen Of The Week

Mike Mobley, sophomore at Plano High School, Plano, Texas, is this week's Plano Star-Courier Teen of the Week.

The 15 year old is the son of Mr. and Mrs. J.R. Mobley. Mrs. Mobley is the former Bonnie Black, daughter of Mr. and Mrs. Roy Black Sr. of LaPush, Wash. Mike participates in all sports and is marshall in the DeMolays.

His interests include fishing, hunting and swimming. He attends the First Baptist Church. He was employed at the Plano Swimming Pool this summer.

He hopes to become a doctor and will attend either Southern Methodist University or Baylor University.

# Meeds was shocked by the rise of juvenile delinquency rates this year.

He played a key role in getting a new control bill thru the Congress. In fact, it was Meeds who offered the compromise, accepted by both the House and Senate, that permits funds to go immediately to local and state agencies to fight juvenile crime. Meeds was also able to insert into the bill several improvements suggested by Second District probationary officers and juvenile authorities.

**It's Time For... EYE CARE**

Dr. Newton K. Wesley  
LIGHT

Ever since men first looked at the sun they have marveled at the phenomenon of light. It is difficult for us to realize that our heat-giving planetary neighbor is 93 million miles from us. Since light travels at the speed of 186 thousand miles per second, it takes less than 8 minutes for that light to reach us. Light, because it travels at this tremendous speed and is part of an energy band, can be harnessed for many uses. We are just beginning to understand how to do this.

Light has many qualities that add to its mystery. For instance, white light has all of the colors in it. The colors of the spectrum are red, orange, yellow, green, blue, indigo and violet. Red has the longest wave length and violet, the shortest. If you extend past the violet end you reach the ultra-violet area. On the red side we have the longer wave lengths which are the infra-red spectrum. So, on either side of the light band is irradiation and heat. Both of these are a part of the complete energy spectrum.

We know that different colors have different effects upon human beings. Red is supposed to excite and blue to inhibit. Green is restful and yellow makes us cautious.

Wesley

# West End Pioneers Picnic

WEST END PIONEERS PICNIC  
West End Pioneers and their guests spent the afternoon of Saturday August 31, at Fred and Iva Wahlgren's park, enjoying the weather, good food and reminiscing. Honored guests were Ruth Whittier Nelson, Seattle, her son-in-law and daughter Win and Beth Williams of Hadlock, and

friend Anne C. Wilson, Seattle. Others came from Seattle, Port Townsend, Port Angeles, Sappho and Beaver as well as Forks and vicinity. The regular meeting of Pioneers will be Friday, Sept. 27 at 8 p.m. at the Sportsmen's clubhouse. Guests are welcome. Potluck supper follows.

In the miraculously-complex human body, the foot is the most intricate combination of bones, tendons, and muscles. In fact, the foot contains more than one-fourth of all of the bones in the body.

"The human foot deserves much more care than it usually receives," said a prominent medical researcher this week, "and this is especially true in the case of our growing older citizens."

William O. Elson, medical research director for the Kendall Company, makers of Blue-Jay foot products, pointed out:

1. "Summertime puts extra strain on the feet of everyone; but the older person — and we have about 20 million people over 65 — must be especially careful."

2. "Tritiated spots can be eased with moleskin or foam rubber pads."

3. "Corns and callouses should be removed. Effective home remedies are readily available; the kinds which contain phenylum are especially reliable."

4. "Diabetics are advised to consult their doctor when any cut, bruise, or blister develops on the foot."

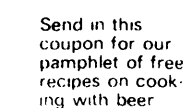

5. "Inexpensive, but effective, arch-supports which contain their own foam rubber insoles are now available in most drug stores and will ease pains caused by strained arches."

6. "Should foot troubles persist, don't delay a visit to your doctor."

# Learn the secrets of beer cookery

Find out how to make delicious everyday dishes with beer—such as beer meat loaf, beer chicken, beer sausages and beer cake. And then there are such gourmet treats as rarebits and Carbonnades Flamandes.

Beer cookery is as traditional as yesterday... as modern as tomorrow. Beer adds a real flavor treat.

## MEETING HELD TO DISCUSS ANNEXATION

Last night in the Multipurpose room of the grade school, a meeting was held to explore, discuss, and look at the advisability of annexation, according to Warren Paul, who was chairman of the meeting.

He stated it would be advantageous both to the city and to the property owners to annex...

Jon Ericson reviewed some of the pros on annexation. He said "We are actually part of the city but yet since we do not reside in the City Limits, we have no voice in City Government."

Some of the economic advantages to property owners would be a \$2.00 per month sur-charge on our water bill removed.

Eventually we would get street lights and fire hydrants. Water Meter hook-ups now cost \$200.00, this would be reduced to \$150.00 after annexation. There would be a .22 mill less property tax.

Economic advantage to the City would be an increase of \$93.67 per person in the annexed areas.

Which consists \$23.12 from the state and \$10.55 which is county tax to the City.

The meeting was then opened for questions from the floor. The question of a sewer system was brought up and it was explained that probably it would take in the neighborhood of ten years to bring this about.

The difficulty of snow removal was talked about, and the cutting of grass along the roadsides. There was no definite commitment given on this question except that Mayor Earl Kennedy stated: "There is a better work force on the streets now, since we have split the Water Department and Road Department."

He also said the City has a contract with the county for snow removal but the county is responsible for a very large area and must meet these obligations prior to meeting the City Contract.

It is also difficult to budget something of this nature since it only happens every four or five years.

At this time the area considering annexation would not appear on the tax rolls until January 1, 1970.

There will be no sudden surge of services to the annexed areas and the people in the area would be on the same level as those now in the City Limits.

## Hospital Guild Activities

The Forks Hospital Guild met on Sept. 5th at the home of Mrs. Clarence Alexander with Vice-President, Mrs. Fred Cline, presiding.

A report on the bake sale which was held in August was presented. Mrs. Opal Walters reported there was quite a bit of sewing to be done for the hospital. A special sewing session will be held on Sept. 12 at 12:30 at Mrs. Fred Cline's. All members are urged to attend and bring scissors, etc. It was reported that a \$50.00 scholarship has been sent to Carolyn Duncan.

Fruitcakes will be ordered and go on sale before Thanksgiving. Anyone wishing to purchase a fruitcake can contact any guild member.

Plans were made to hold a backyard sale on Sunday, Sept. 15, at the Willard Perry residence beginning at 10:00 a.m. Anyone wishing to donate items for the sale is requested to bring them to the Perry residence on Saturday, Sept. 14.

The next meeting will be at Mrs. Charles Douglas' on Oct. 3.

The American Paper Institute reports that since 1963 the capacity of pulp and paper mills in the United States has increased by nearly 50%, while air pollution control investments have jumped 80%.

## Church News

Congregations in Christian Science churches throughout the world will hear a Lesson-Sermon this Sunday titled "Substance."

Its Golden Text is from John: "Labour not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of man shall give unto you."

Among related passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by the denomination's Founder, Mary Baker Eddy, is the following: "Christianity causes men to turn naturally from matter to spirit, as the flower turns from darkness to light. Man then appropriates those things which 'eye hath not seen nor ear heard.' Paul and John had a clear apprehension that, as mortal man achieves no worldly honors except by sacrifice, so he must gain heavenly riches by forsaking all worldliness. Then he will have nothing in common with the worlding's affections, motives, and aims."

The Sunday services are held at V.F.W. Hall, A Street S.E. All are welcome.

## Mike Odell Visits Forks

Mike Odell, Republican candidate for the second congressional district, and Mrs. Pam Morrison, his campaign manager for Clallam County, held an informal coffee meeting Wednesday morning, Sept. 4th, at the Vagabond Cafe in Forks.

The informal table discussion centered around his many differences with Governor Evans and his administration and Initiative #32 on log export. Odell stated he felt this Initiative, if voted in, would only increase stumpage prices to our mills and thus complicate already existing problems. Also, this initiative would aid big timber land owners and put a burden on small logging outfits.

The Marian Club of St. Anne's Mission Catholic Church will hold its first Fall meeting at 1:00 P.M. today, Thursday, at the home of Mrs. Lawrence Soderlund. All women of the church are cordially invited. Any school age children not already registered for classes in CCD should do so immediately. Contact Mrs. Richard Haberman. Classes will be held for pupils of grades one through twelve. Information as to time and place will follow later. Teachers will be: Mrs. Fred Cline, grade 1; Mrs. Larry Dimmel, grade 2; Mrs. Henry Zepeda, grade 3; Mrs. Cliff Birdwell, grade 4; Mrs. Richard Haberman, grades 5-6; Mrs. James Crippen, grades 7-8; Mrs. Soderlund, grades 9-12.

ST. SWITHENS SERVICES St. Swithens Episcopal Church Service of Holy Communion will be held on Sunday, Sept. 15th, at 7:30 P.M. in the Congregational Church.

Rev. Alex H. Sauerwein is a Bible Teacher and Bible Evangelist with more than 40 years experience in pastoral work. He is a graduate of Wheaton College, Wheaton, Illinois, and of Dallas Theological Seminary, Dallas, Texas. Mr. Sauerwein has been active for several years in conducting evangelistic meetings, Bible classes and as a Bible Conference speaker. He will be the guest speaker for the Annual Bible Conference to be conducted by the Forks Bible Church beginning Sunday morning, September 15th, and continuing through Sunday evening, September 22nd. Evening meetings will be conducted Tuesday through Friday at 7:30 P.M., Sunday services are held at 11:00 A.M. and 7:00 P.M.

The general theme for Rev. Sauerwein's Bible messages will be, "JESUS CHRIST AS THE GOAL OF THE CHRISTIAN'S LIFE". The public is most cordially invited to all of these services.

Bitten by the new car bug?  
**Allstate**  
may help you save up to \$100...maybe even more on an auto loan  
if you're in the market for a new car, it makes good sense to arrange for your auto loan at Allstate before you buy.  
You're ahead two ways when you do. First, when you arrange for your auto loan before you go car hunting, you'll be dealing from a cash position. You can shop around for the best deal. And second, with Allstate's low finance rates, you may save up to \$100 on interest alone.
