Short Comings

School Board meeting Thursday, September 19th. Changes in the preliminary budget and budget approval are on the agenda. The other important item will be the results of the bond issue vote.

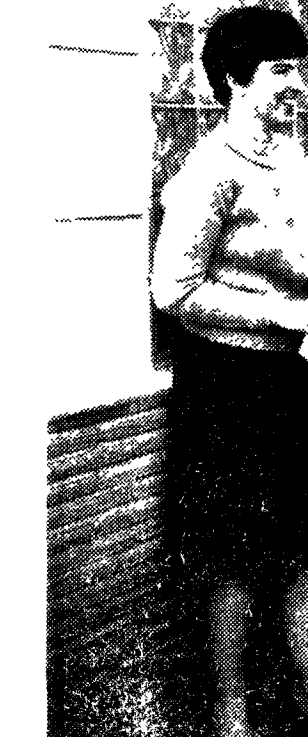

Good following of Forks people at the Mcclips game last Friday. They sure made a lot of noise in supporting the team. Keep it up, fans, and follow the team to victory.

Tourist season is almost at a standstill now with our "Indian Summer" rains! Yet, hunting season is fast approaching, and Forks resembles a small city when the elk hunters and steel-head fishermen flock here.

A bit of nasty trickery at the LaPush boat basin Sunday evening. Someone apparently cut loose a few commercial fishing boats.

The West End Pioneer Club will hold a meeting Friday, Sept. 27, at the Sportmen's Club. A potluck supper will follow. Guests are welcome.

Auto Stolen-Wrecked-Driver?

A stolen automobile was wrecked sometime early Wednesday, September 4, at the LaPush road. The driver of the 1969 Pontiac has not been located.

The two-tone white and pink Pontiac was stolen from the parking lot at the LaPush Boat Basin as reported by the owner, Mr. Calvin Knight. He was notified by authorities after he returned.

Bruce Hammond was hospitalized as a result of the accident. He received treatment at Forks Community Hospital for bruises, contusions and minor lacerations.

Mr. Hammond was held 48 hours and released. A Mr. Roy Parker was the first person to come upon the wreckage scene. He noticed someone climbing up to the

edge of the road, the person being Hammond. Parker stopped to assist at the scene of the accident. Hammond's first words were, "Look for the driver." Parker took Hammond to the home of Gene Spaulding and notified authorities. Parker returned to search for the missing driver.

The 1959 Pontiac, with its ghost driver, failed to negotiate a curve on the LaPush Road, overturned and slammed into a large stump. The car was totaled according to investigating officers. The time of the accident is a question mark and the whereabouts of the driver is a mystery.

Hammond states that he was a passenger in the car. He states that he was hitchhiking and the driver offered him a ride. He was picked up between Ocean Park and the

Spartans Thump Mcclips 45 - 6 In Opener

Coach Roy Mohondro and assistant, Marc McBride, were rewarded with a 45-6 Spartan victory over the Mcclips Hyals last Friday.

Mohondro couldn't praise his team enough over his jubilation. He had high praise for the defensive work of the team. He pointed out that Gary Gaydeski, Pete Dahlgen and Charles Keeley stood out on both offense and defense.

The big back, Mike Price, had a field day offensively. He rambled for 221 yards in 31 carries. Keeley, Gaydeski and Dahlgen were the key blockers for Price.

The Spartans hit paydirt early in the first quarter. Price rambled around right end for 21 yards and the first score. The kick was wide and the Spartans had a 6-0 lead.

Early in the second quarter, Pete Dahlgen recovered a Mcclips fumble on Mcclips' 28 yard line. A 15 yard penalty moved the ball to the 14 and on the first play, Price hit the end zone for the second score. Russ Gale slipped off right tackle for the extra point and the Spartans had a 15-0 lead.

Both teams had problems with mistakes in the second and third quarters.

The fourth quarter was a free-for-all for the Spartans as everything seemed to go right. Larry Baker scored from the one and moments later scored from the 10. Price ran the extra point and Forks had a 26-0 margin.

Mcclips clicked for an 85 scoring play on a pass from Don York to Paul Katzer. The kick was wide.

Mrs. Dickenson C. EDITORIAL

Most political candidates campaigning across the country preach the return to law and order as a major campaign goal. The question arises, is law and order the problem behind riots, demonstrations, racism and crime?

Mayor Daley, Chicago, stands firm behind the police and National Guard for the events that erupted in Chicago during the recent Democratic Convention. It was the first real test of law and order actually witnessed by millions of people - thanks to the boob tube. People now have mixed emotions about law and order, but those demonstrators involved will think before breaking the law in Chicago again. They may trot off to the next city and test its police force, but they will avoid places where individuals like Mayor Daley rule. The Chicago incident was a case of law enforcement by a duly employed staff for that purpose. The press carried forth a biased anti-Daley campaign.

In this community, people speak of law and order as if it were something major cities do not have and only the rural communities of America possess. This is a fallacy. Law and order is not the issue across the country, it's enforcement of the laws of the land that is the issue.

Here in our own backyard are cases of law enforcement failing, so numerous in number it's impossible to discuss them all.

In our area from Lake Crescent to Quinalt area: (1) Washington State Highway Patrolmen, (2) Clallam County Deputy Sheriffs - one here and one at Clallam Bay. Jefferson County does not have one in the west end of the county now, and (3) Town Marshal of Forks. These men are to enforce the laws and protect some 10,000 people over a few thousand square miles of territory.

Three cases will give an example of the law enforcement problems these men encounter. The first is a case of theft. Several items of logging equipment were stolen from logging operations in Jefferson County. The men were apprehended with the goods and a charge of grand larceny was filed against them by the officer. The prosecuting attorney did not wish to prosecute because the county would have to take care of them and they would not be able to work and provide for their families. The prosecutor considers the fact that their actions deprived these logging operators of equipment to do their work? They committed a crime and were set free.

A second case involves an individual apprehended for writing checks for which he had insufficient funds. He was charged but released. After the fourth offense, he is being charged again. Will the prosecutor uphold law enforcement them on the return trip home. Mrs. Gibson was a dinner guest at the L. R. Eaton home on Thursday of last week.

The third case is a man charged with molesting a 13 year old girl. The prosecuting attorney's reply to this one is, "We'll hang him."

You be the judge. The law enforcement officer attempts to do his duty - "law enforcement". He does not prosecute. People lose respect for the law and the law enforcement officer when they hear of cases cited in this article. Isn't the real problem "enforcement of the law"?

LETTER TO EDITOR

This morning we are told that Congress is considering the Administration's demand for limited sale of rifles and shot-guns and registration of all firearms.

People protested that these restrictive laws, supposed to be for the purpose of crime control, would have no effect on criminals who would not register their illegal guns. Now it turns out that criminals do not have to register their guns even if law abiding citizens are required to do so.

The good old Supreme Court has taken care of everything. January 28, in a case involving gun use, No. 286, the Court decided that a person whose ownership of a gun was illegal because he was a convicted criminal, could not be forced to register his gun or be punished for carrying a deadly

weapon because that would be self incrimination.

So, it is clear that the proposed gun laws would affect only law abiding citizens. Would this be wise with crime rates going up everywhere and police work so hampered by pressure groups?

Does any of this make any sense? Surely the Administration knew of this decision when they pressed for this legislation as a crime control measure. Who is our enemy, the criminal and revolutionary minority who make it unsafe to go out of the house at night, or the law abiding citizens of this country? And on the same news, we hear that they are still fighting for approval of Abe Fortas, who has been a party to the Court shuldugger, as Chief Justice of the United States.

Our paychecks are now reflecting the 10 per cent surcharge in income taxes voted by Congress. Although this tax increase is due to expire next year on June 30, some people are already talking about extending it.

In enacting the tax increase, Congress also required a \$6 billion drop in Federal expenditures and a \$10 billion cut in spending authority for fiscal 1969.

Both the tax increase and the reduction in Federal spending are now the law of the land. The tax increase is a fact, but expenditure control is still to be realized.

As taxpayers, we are not in a position to postpone or to delay payments of our share of the burden, but there are many delays in the spending cuts. When the Congress recesses for the national conventions . . . here is what had happened: Congress had cut \$3 billion from the Administration's request for \$186.1 billion in fiscal 1969. Because of anticipated increases of \$700 million in price support payments and \$300 million in federal expenditures for welfare, the Administration will have to cut \$4 billion from its other spending plans.

We taxpayers had no choice but to tighten our economic belts. We expect the Federal government to do likewise.

LETTER TO THE EDITOR

Having read the letter from a Western Clallam County booster, we would like to say we think he has a good idea.

We lost our son by drowning in the river a little over a year ago. We feel this need not have happened if there had been a pool for youngsters. There have been others, too.

Perhaps KVAC could help on this problem, as they did such a great job on the scholarship fund. Or perhaps someone else has a good idea how to help raise the money for this project. How about it, people of Forks, and the surrounding area? Mr. & Mrs. Fred Guisenberg Lower Hoh

Packers Win Giants Tie

Forks Little League teams fought to a win and tie in league openers for the Packers and Giants.

At Sequim, the Eagles and Giants fought to a 13-13 tie. The game was moved up one day because of the kids fishing derby.

The Giants opened the scoring in the first period. Jim Blair hit end for 12 yards and the extra point to put the Giants ahead 7-0.

Sequim came right back on a 60 yard march to score in the fourth quarter. The extra point was good and the score was 7-7.

Jeff Blair took the kickoff and raced 85 yards to put the Giants ahead once more 13-7. With time running out, Sequim put together a penalty aided drive to tie the game.

The Giant defense stopped the extra point attempt and the game ended 13-13.

The Forks Packers edged the Sequim Lions 6-0 in a tough defensive battle played at Forks.

The Packers stopped the first Lion series. They took the ball after a punt and moved 60 yards to score on 5 running plays. Bill Brager rambled the final 30 yards after a double reverse to put the Packers ahead to stay 6-0.

The only serious scoring threat after that was a drive by the Packers to the Lion 11 yard line late in the fourth quarter.

Defense was the name of this game. Standouts for Forks were: Bill Klahn, Bill Brager, Harrison Davis, Kevin Hinchen, John Elliott and J. Jacobson.

SPORTS WANDERINGS . . .

Hats off to coaches Roy Mohondro and Marc McBride for their team's fine effort in the opener, a 45-6 victory over Noclipis.

They have their work cut out for them this week in preparation for the league encounter with the tough Sequim Wolves. The Wolves fought to a 13-13 tie with Arlington. The scouting report indicates the Wolves have speed, offensively, and a good defensive team.

..... This column's pick for Spartans of the week have to go to Charles Keeley and Pete Dahlgren. Keeley and Dahlgren were tough defensively. Keeley made several lone tackles from his halfback position. Dahlgren was all over the place with tackles. He blocked a punt and recovered a fumble leading to the second Spartan score.

Mike Price did a fine job running with 221 yards gained in 31 carries.

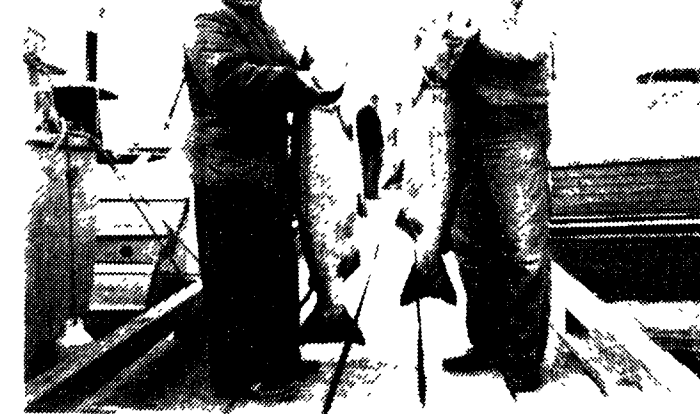

..... Take it to the Wolves - Spartans!

..... Hunting season is moving up on us rapidly, but don't forget the fishing season is not over yet. The rivers should be loaded with salmon, cuts and summer steelhead after the rains and should offer some good fishing.

..... Fishing was good before the rains hit. Ron Thompson and Marc McBride had a field day on the Quillayute one evening. The catch showed a large summer run and a 28 pound king among others. Syd Glaso, fly fisherman supreme, nailed another ironhead in the Hoh.

..... Little League football teams have shown tremendous improvement in the second year of play. Congratulations to the kids and the coaches for the fine efforts.

..... Coaches for the Packers are Carter Warren, Norm Bagby, Bill Peterson and William Thompson. Giant coaches are Claude Clark, Bob Bent and Joe Polk. Support the little league program.

SUNSET HIGHLITES

FROM YOUR LOCAL BOWLING CENTER
By FRED JARVIS

What a weekend! Can't remember when it's rained so hard. Worked Saturday and came home almost drowned, went Monte Carlo-ing and bowled lousy, then went dancing and mother caught a bad cold and has been sick ever since. Then to top things off, I blew a 300 game Sunday in the Olympic Traveling League. Started off with nine in a row, then blew the tenth. Was so nervous my legs felt like they were made of rubber and had a whole flock of butterflies in my stomach. Just not a tenth frame bowler, I guess.

Last Tuesday afternoon, Margaret Windle copped Hi 10 and 30 with a 200 and 495. Glenn Gilmore and Dick Stroupe led the Tuesday Nite Sunset League with a 224 for Glenn and 595 for Dick.

Paula Lyda took all the honors in Wednesday afternoon's Powder Puff League with 190-516.

Wednesday Nite's Hoot Owls found Harriet Tryon's 188 and Kathy Hamby's 468 too tough to beat and so relinquished high game and series to them.

John Nagel's 209 and Duke Streeter's 541 was best in the West End League and Thursday Nite Women were led by Barb Kelso with 206-532 and Leta Rondeau's 200-539.

Elzada Jarvis had a statstep series 145-153-163. It was Paula Lyda and John (retired) Nagel in Early Friday Nite Mixed League. Paula had 193-518 and John a 204-553.

Gwen Genson had high game for the women in the Late Friday Mixed with 212 and Mother Jarvis had high series with a 524. She also had a 201 game and Gwen came up with a 522 series. Pretty fair bowling, girls.

Saturday's little Mini-Squad saw Darlene Engeseth leading all girls with a Hi 10 of 95 and Hi 20 of 181.

Dolores Edwards showed everybody how to knock over the pins at Saturday nite Monte Carlo. She came up with a rousing 235 game to clobber everyone. Came pretty close, myself. Had a big 114 to take the booby prize.

Found out Jack Edwards is a money bowler. Seems like every time a money shot came up, he'd strike. Wish I could do that.

The 12-team Olympic Traveling League started the new season here Sunday with the first six teams bowling. The second six bowl here next Sunday, the 22nd.

Pretty fair bowling on Clark's Vagabond team. Darrell had a high of 223-612. Old Man Jarvis 267-619, Claude a 210-577, Duke 208-591 and "Hoss" Caulkins 211-550. Doesn't give us much handicap, does it?

Speaking of handicap, Brager Bros. Log Team ran into some Monday nite bowling against Pay and Save Shell. Every team on the Forks Prairie League has a sixth man whose name is Handi Cap. Theirs bowled a 708 series while Lawrence and Jessie's boys only got a 321 out of their extra man.

Choked up again in the last game. Started with seven in a row, then split. Still came out with a 242-600 to top the league.

Claude Clark had a 221 bowling for Spoelstra Bros. against a red hot Forks State Bank bunch.

Any of you readers who aren't bowling in a league, and are interested, contact Darrell and he can probably find you a spot as there are still a few openings.

See you next week.

DEAR JANE

Dear Jane

My garden is in its prime and I have spent all summer working in it. However, I have two neighbors who recently have been walking into my yard uninvited and helping themselves to my fresh vegetables! One afternoon, I was in the kitchen ironing and here comes a neighbor into my garden. She saw me in the window watching so she waved hello to me and went right on picking MY vegetables. I was so mad I decided right there to set some traps in my garden. I told my husband that night about the neighborhood garden snatchers and he told me not to make a big scene because these neighbors are our friends. Do you think it is fair for me to do all the work and still cater to uninvited garden snatchers?

Gardener with the Blues

Dear Gardener

Sit down with a pencil and paper; figure the cost of putting in your garden, including your time at the minimum of \$1.60 per hour. The next time a garden snatcher makes her grand entrance, quietly walk out to the garden and observe what she picks. When she is finished hand her a statement listing the items she picked. Include in your statement, of course, your due profit. Thank your friend for her business and I guarantee that she will never return to your garden!

Dear Jane

A short time ago, my family and I took our trailer to an ocean National Park Camp Ground. We left very early one morning and got a good camping place for our trailer. After we arrived and hooked up our trailer, we went down to the beach to go on a hike. When we returned from the hike and went to our trailer, we couldn't believe our eyes. Our trailer was sitting in the middle of the road that winds throughout the camp and in our choice camping spot is a tent, all set up with clothes lines and the works. We went to the Park Ranger and he had to physically vacate the tent and occupants from our camping spot. The tent campers had the nerve to be "mouthy" with us for making the Ranger remove them. What do you think of people like that?

PTA Begins Year

With the music of the Harper Valley PTA (popular record) playing in the background, the first meeting of the year for the Forks PTA was called to order by John Leppell at 8:00 P.M., on September 11, in the multi-purpose room of the Forks Grade School.

As always, the meeting began with the invocation given by the Rev. J. William Hawk of the Forks Congregational Church. Following the invocation, Scout Troop 467 presented the colors, with the pledge of allegiance and the singing of America concluding the opening of the program.

The next area of business to be taken care of were reports. The board meeting minutes read by Mrs. Ginger Haberman, were approved as read. It was mentioned during the minutes and later by program chairman, Mr. Jon Erickson, that the reason for moving the meeting up a week was due to the upcoming school bond issue. The treasurer's report listed \$492.53 with two \$50.00 scholarships yet to be taken out of this fund.

Due to the cancellation of the last meeting of the year, in May of 1968, Past-president, Mrs. Dee Warner, announced some items... the swim program and the little league baseball backstop... failed to be finalized. Several questions were raised about these points but were resolved.

John Leppell listed the different committees and their chairmen, with a special emphasis on the membership committee headed by Birdie James and the Birthday Calendar with Mrs. Frankie Kennedy in charge.

The meeting was then turned over to Rev. Hawk for a brief word about the organization, "Concerned Citizens for Better Schools". The purpose of this organization is to encourage people to vote and to have people sign a paper stating they would vote "yes" for the bond issue. Rev. Hawk asked the PTA for \$42.80 for the printing costs for the "petition" type document with the names of those supporting the bond issue. He was granted this amount.

John Leppell called for old business and new business. Announcements were called for with Mr. Tom Winsor stating the grade school enrollment was at 715. Also, he thanked the ladies who helped the first day of school and made mention of items that would be on display each PTA night in the hallway display cases.

Mr. Hitchcock mentioned the next board meeting would be on September 19, 1968.

John Leppell introduced the PTA officers as follows: Mr. Jon Erickson, first vice-president and program chairman, Mrs. Frankie Kennedy, second

vice-president, Mrs. Della (Wallace) Joutsen, treasurer, and Mrs. Ginger Haberman, secretary. Also, each committee and their chairman was mentioned.

The program was then turned over to Mr. Jon Erickson, program chairman, who asked for suggestions about the coming year for programs. He stated it is traditional to introduce the teachers at the first meeting. The meeting was turned over to Mr. Hitchcock, who in turn gave the "mike" to Mr. Traver for the introduction of the junior and senior high school teachers. Mr. Winsor introduced the grade school teachers.

Once again, Jon Erickson returned to the "mike" to introduce Mr. John Hitchcock, Superintendent of the Forks Schools, who spoke briefly on the bond issue. Mr. Hitchcock presented his talk in 3 areas: (1) growth and development; (2) areas of concern; and (3) costs. Highlights of his speech included comparison of our present enrollment of just under 1,200 to the enrollment of past years. He mentioned the closing of the Beaver School, double shifting, elimination of certain programs, and the rising costs as areas of concern. He also talked about tax statements in an effort to give the people some idea of the cost to each for the upcoming bond issue. Mr. Hitchcock concluded with the statement: "We need to get involved so we can see into the future".

With a film still to be shown, John Leppell adjourned the meeting for refreshments, and then the film on school buildings was shown.

Debbie Loushin Birthday Party

Debbie Loushin, daughter of Mr. and Mrs. Richard Loushin, celebrated her eighth birthday on Saturday, Sept. 7, with a party attended by 10 of her little friends.

The cake, made by her mother, was in the form of a doll house, decorated in pink with peppermint sticks and other candies. Pink punch and ice cream were served along with nut cups filled with assorted candies. Each little guest took home a party favor.

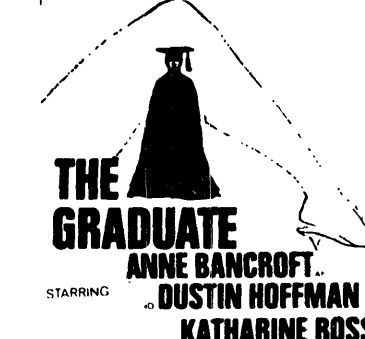

Mrs. Wayne Raye assisted Mrs. Loushin in entertaining the children.

On Sunday, which was really Debbie's birthday, her parents took her over to Clallam Bay for a special dinner.

Leppel-Mollotte Wed

Leona Pauline (Sammie) Leppel, daughter of Mr. and Mrs. John H. Leppel of Forks, and Leo Richard Mollotte, son of Mr. and Mrs. Richard Mollotte of Othello, Wa., were united in marriage on Aug. 30, at Holy Trinity Lutheran Church in Port Angeles. The double ring ceremony was performed by Pastor Richard Wendt in the presence of 47 guests.

The bride was given in marriage by her father, John H. Leppel. The bride wore a white lace, long puffed sleeved, empire style gown. Also worn was a mantilla of tulle trimmed with lace. She carried a bouquet of white glads and baby breath with silver ribbon.

Maid of Honor was Diane York of Seattle, who wore a pink flowered crepe skirt with a white crepe bodice, a pink head-piece of tulle trimmed with pink and white lace. She carried a bouquet of pink glads.

Best Man was brother of the bride, John W. Leppel of Forks. Usher was Don Gentry. Mother of the bride wore a pink and white ribbed knit dress with matching jacket, white accessories and wore a rosebud corsage.

Mother of the groom wore a royal blue wool knit dress, black accessories and wore a rosebud corsage.

The bride and her attendants' flowers were designed and made by Edna Leppell. She also arranged the flowers for decorating the sanctuary and the reception hall.

A reception was held in the Lutheran Church social hall, where it was decorated with bouquets of pink and white glads, and candles adorned the tables.

Mrs. Ken Mollotte of Renton, aunt of the groom, and Mrs. Elsie Kelso, Forks, poured.

Ruth Ann Leppell, sister-in-law of the bride, cut the cake. The cake was three-tiered with a pink bell on top.

Miss Laurie Gagnon, Port Angeles, laddied the punch. The guest book and gifts were attended by Jean and Barbara Mollotte, sisters of the groom, and Charlene Leppell, niece of the bride.

For going away, the bride chose a turquoise blue crepe dress with white accessories. They will honeymoon in Ellensburg for a couple of days, then return to their home in Mountlake Terrace, Washington.

Mr. Mollotte was a '65 graduate of Othello High School and is now employed as assistant manager of a Phillips 66 service station. Mrs. Mollotte is a '66 graduate of Forks High School and attended Seattle Community College where she got a certificate in business course. She is now employed at Greenwood Branch of Seattle First National Bank.

CHRISTIAN SCIENCE CHURCH

MARIAN CLUB
St. Ann's Marian Club met Thursday afternoon at the home of Mrs. Lawrence Soderlund. Guests at the meeting were Rev. Daniel Regimbal OSB., Rev. Gregory Wall OSB., and Rev. William Mast OSB., the newly appointed pastor to Queen of Angels Parish and the missions at Forks, Clallam Bay, Neah Bay and Sequim.

Father Williams expressed an interest in Forks need for a new church and hall. It was decided to hold a parish meeting Thursday, Sept. 26, at 8:00 P.M., at the home of Mrs. Art Anderson to discuss plans for a new church.

All adults of the parish are invited, as well as any non-Catholic spouses.

Vacancies in Marian Club offices due to the recent moves of the President, Mrs. Bill Riedel, and Secretary, Mrs. Mike Kirk, were filled. Newly elected President is Mrs. Art Anderson and Secretary is Mrs. Jack Edwards.

This week's Lesson-Sermon in all Christian Science churches is titled "Matter". One of the selections from the Bible is this verse from Zechariah: "Be silent, O all flesh, before the Lord: for he is raised up out of his holy habitation."

Also included are passages from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary

Baker Eddy, among them the following: "The understanding, even in a degree, of the divine All-power destroys fear, and plants the feet in the true path, -- the path which leads to the house built without hands 'eternal in the heavens.'" Services at V. F. W. Hall, A Street S.E., are held at 11:00 A.M. Members of the community are invited to attend.
