

LEGAL PUBLICATION
STATE OF WASHINGTON
DEPARTMENT OF NATURAL RESOURCES
BERT L. COLE
Commissioner of Public Lands
NOTICE OF SALE OF VALUABLE MATERIAL ON STATE LAND

Notice is hereby given that on Tuesday, the 26th day of November, 1968, commencing at ten o'clock in the forenoon of said day, at the Forks District Headquarters, located at Forks, County of Clallam, State of Washington, by the District Administrator of said District, the timber on the following described state land will be sold at public auction to the highest bidder, to wit:

Application No. 83309
Maxfield Ridge Cull Salvage located approximately 8 miles by road West of Forks. The sale is composed of all cull material on previously logged area bounded by sale area boundary tags and property lines on parts of the following: SW 1/4 NE 1/4, SE 1/4 of Section 23, NE 1/4 NE 1/4 of Section 26, all in Township 28 North, Range 14 West, W.M. containing 216 acres, more or less, comprising approximately 2,150,000 bd. ft. of cull logs. Minimum acceptable bid: \$4,000.00.

Timber will be sold on a cash or installment plan basis. Timber must be removed prior to June 30, 1969.

On or before November 26, 1968, at 10:00 a.m., each bidder must make a minimum deposit of \$400.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale, the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee, or may, if the purchaser so elects at the time of sale, pay an additional amount, to bring the total amount of the deposit, exclusive of fees, to equal 10% of the full bid price based on the

cruse estimate, provided that such deposit shall not be less than \$2,000.00. This balance may be paid by personal check. On the day of sale purchaser must also furnish a cash bond of \$400.00 in the form of cash, money order or certified check to guarantee compliance with all terms of the bill of sale. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

Accessibility: via private access.
Purchaser must enter into a road use permit with ITT Rayonier, Inc.

Complete contract and specifications may be examined at Forks District Headquarters, County Auditor's office, and office of the Commissioner of Public Lands, Olympia.

To be sold at Forks District Headquarters, on Tuesday, November 26, 1968, at 10 o'clock a.m.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a notice of which is now on file in the office of the Auditor of said county, and District Administrator of said district.
BERT L. COLE
Commissioner of Public Lands

SAVE OUR LOGS TO PRESERVE JOBS

VOTE INITIATIVE FOR 32

★ THE REASON FOR INITIATIVE #32

- ✓ The price of export logs in Washington State has gone skyhigh because of Japanese demands.
- ✓ Many Washington State mills are being forced out of business because they cannot bid against the Japanese monopolies for high-priced export logs, and at the same time compete with cheap Japanese labor.
- ✓ Initiative #32 WILL limit the export of logs grown on Washington State lands, PROMOTE the export of finished products, and PROVIDE for primary processing by Washington jobs; thus PRESERVING our domestic mills and jobs.

★ Cause of High-Priced Export Logs

So far this year, Oregon and Washington have exported 2.4 billion board feet of logs—mainly to Japan's monopolistic processors who can pay any price for our logs. Result? The price of logs has skyrocketed, bid up because of Japan's constant shortage of lumber.

★ Help restore 76 Mills & 8200 Jobs

Many mills are wholly dependent upon state logs for their raw material supply. During the past two years, our Northwest plywood industry lost 26 mills and more than 4200 jobs. At the same time, the lumber industry lost about 50 mills and 4000 jobs. Total: 76 mills closed and 8200 jobs gone!

★ ★ ★

★ 32 BENEFITS YOU ★

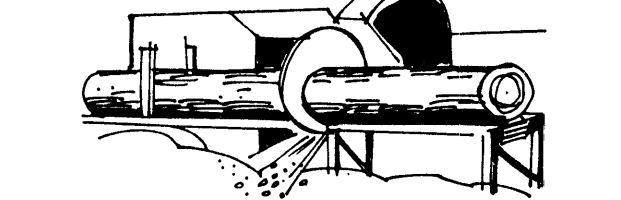

★ Growing Domestic Demands Cause Log Shortage

Because domestic construction is taking more lumber than we produce, we are forced to import lumber to meet present needs. By 1970, we simply will not have enough timber for our own needs—let alone what the Japanese expect to take. Let's keep the cost of housing from going out of sight! (Cost of lumber in an average home has gone up \$1000 in last 2 years.)

★ Domestic Processing Saves Millions in Tax Revenues

If Washington State export logs are kept here, and finished in U.S. mills, millions in additional tax revenue will result for schools and other tax-supported functions—because finished lumber pays higher taxes than raw logs. Also, home processing will create additional payrolls and millions in business volume.

★ Initiative #32 will Create New Jobs in Plywood and Lumber

This will be accomplished two ways: (1) by diverting more logs to finished or semi-finished lumber, processing will be done in Washington's mills instead of Japan's; and (2) local mills will be able to buy more logs for domestic sales.

Short Comings

The Lions Club sponsored Hallowe'en contest will be held in the grade school all-purpose room Thursday, October 31, after the parade, and not in the high school gym as previously announced.

There are divisions for all age youngsters.

The parade will form in front of the Forks Forum at 6:30, weather permitting.

The name has changed, but it's still known by its original name. Orr Sub-division Road or Orr Road, for short, has been the name of the road into the area behind the Tyee Store since it was put in. Recently the name was changed to Lake Creek Road ... by whom? What for? Why now?

Returned from a two-day deer hunting trip to Winthrop, and two-day convention of Multiple District 19H Lions in Wenatchee.

While in Winthrop one night, thought we were still in Forks. While there in the company of Wiley and Don Duncan, Forks-ites on the scene were: D.J. Caulkins, Wayne Caulkins, Tom Ellison and son, Del and Linda Gott, Norm Bagby, Don Kettel, Rick Diimmel and Bob Joutsen.

"Deer" success was running on the low side.

The goblins won't get the Crippen kids tonight.

David, Michael, Billy and Beth Ann, children of Mr. and Mrs. Wallace Crippen, are scheduled for tonsillectomy Oct. 31, today - Hallowe'en.

Mrs. Crippen had made the appointment some time earlier and recently realized the mistake of scheduling it on Hallowe'en.

Looks like mother will have to do a little trick-or-treating in place of the kids tonight.

Forks Forum

Woman Dies In Weekend Auto Crash

Helen Rumbaugh, age 48, Route 1, Port Angeles, died as a result of injuries suffered in a two-car accident Saturday evening at the junction of Highway 101 and the Orr Sub-division Road at Tyee.

Mrs. Rumbaugh was driving Southbound in a 1967 Volkswagen sedan when a 1964 Mercury, driven by Louise D. Smith, age 43, Beaver, heading

North, attempted a left turn in front of the Rumbaugh vehicle.

The impact caused the Mercury to turn over on its top causing an estimated \$1,000 damage, and the Volkswagen was totaled.

Mrs. Smith received bruises and lacerations, and her husband, Frank Smith, was not injured.

Mrs. Rumbaugh was pronounced

dead on arrival at Forks Hospital. Her husband, Lewis, age 49, suffered multiple lacerations of the face and bruises. He was treated and released at Forks Community Hospital.

Both vehicles contained seat belts, but were not being used at the time of the accident.

A logging truck overturned 2 miles North of Forks on Highway 101 at 6:20 a.m. Monday.

The 1968 Kenworth truck owned by McDonald and McLaughlin, driven by Evan Frank Waldron, age 31, Port Angeles, was heading South on 101 when he attempted to pass a Southbound vehicle driven by Dale E. Thomas, age 51, Port Angeles. The Thomas vehicle started to make a left-hand turn onto the A Road as the truck was passing. Waldron avoided a collision by turning left into the old scale station lot. As the truck came to a stop, the trailer came off causing the truck to roll on its side.

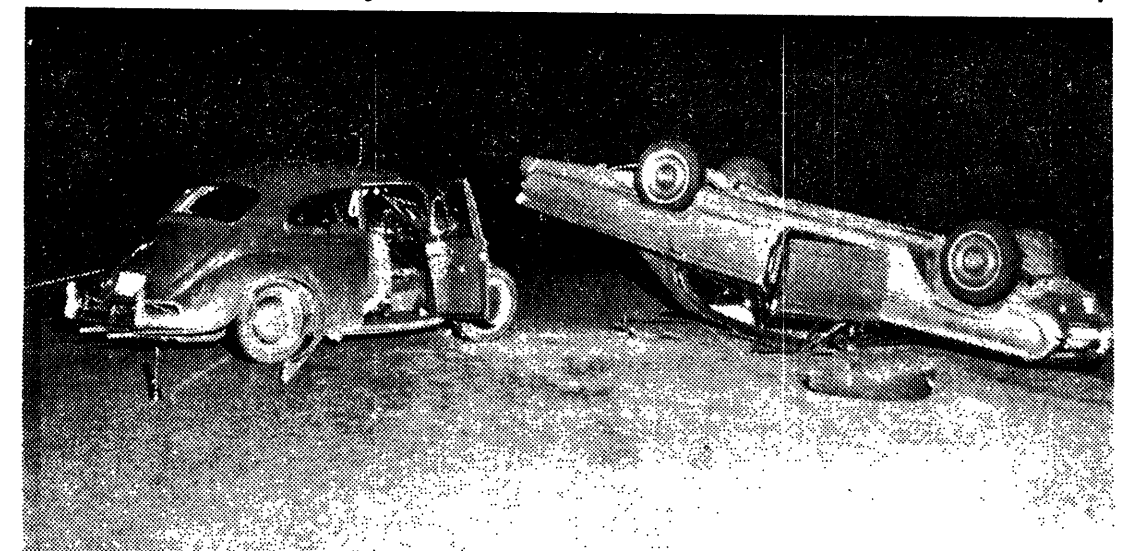

The other vehicle suffered no damage and no injuries resulted. Damage to the truck and trailer was estimated to be \$750.

Two persons were injured in a two-car accident 2 miles east of Forks on Highway 101 Saturday morning.

Vehicles driven by Kilbane Obi of Queets and Jane F. Baker, Forks, collided as Obi made a u-turn in front of Miss Baker who was southbound on 101.

Obi received shoulder, neck and arm injuries. Peggy Rhyne, 17, Forks, a passenger in the Baker vehicle, was treated at Forks Community Hospital and released.

Obi's 1963 panel truck and wagon received heavy damage.

Everyone sleeps better with bedside security

Isn't it comforting to know you have a telephone at your side? You don't have to get up to answer the phone, or to make a call. And during the day you have your own private place to talk. A bedroom telephone costs so little too. Call and have yours installed today.

Darigold Has Big Opening

Over 360 people attended the grand opening celebration of the new Forks Darigold Plant Saturday.

The spacious new plant offers convenient storage and loading for the staff and an efficient office.

Seventy dozen dixie cups were given out, and cake and coffee were served by the Calawa Rebekahs.

Drawings were held every half hour for ice cream and a \$50 savings bond was given away.

Carol Olson won the bond.

UGN Drive Nears End

This year's UGN is just about wound up. The door-to-door soliciting is finished; only the business district remains to be done. It is hoped this will be finished by this Friday.

As of Tuesday, Oct. 29, the total raised in the drive is \$2,856.90; of this, \$346 is in pledges and the balance in cash.

A complete report will be published as soon as the drive is completed.

CHURCH NOTICE

Friday, November 1, is All Saints Day and a Holiday for the Catholic Church. Services at St. Anne's Mission in Forks will be held at 8 a.m. and 7 p.m.

Forks Lions Attend Dist. Convention

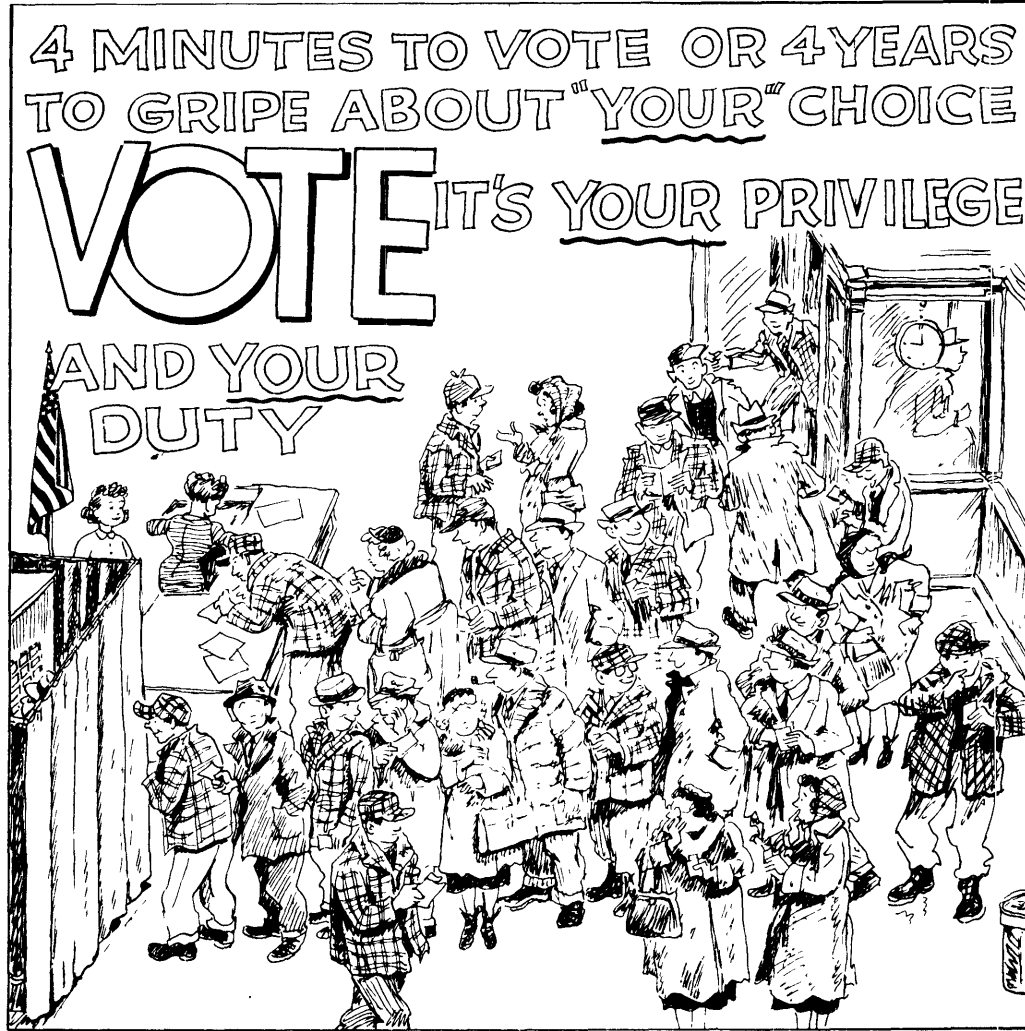

Multiple District 19H Mid-year Conference of Lions was held in Wenatchee, Washington, last weekend.

Forks Lion Club members present were: Wiley Duncan, president; Charles Anderson, first vice-president; and Ralph Hill, secretary-treasurer. Chuck's wife, Joyce, accompanied him on the trip, and Wiley's son, Don, accompanied him.

Over 1010 Lions were registered for the largest mid-year conference of 19H ever held. Featured speaker was Lion's International First Vice-President, Dick Bryan. He made a special award to Howard Grim, Lion's International cabinet member from District 19H.

The special award was one of 12 international awards given each year to the members of world wide Lions.

Howard Grim received the "Ambassador Award" for special service before a standing ovation by the more than 1,000 people at the Saturday evening banquet.

Super Highways Proposed for High-Speed Travel

How would you like to drive your automobile 100 miles an hour on the highway legally—or be ticketed for being a slowpoke by driving less than 90 miles an hour on the same road? This is the type of new highway predicted by the turn of the century by the Cornell Aeronautical Laboratories whose traffic safety research has attained national recognition. Such highways could be commonplace by the year 2000, which is only 32 years away, according to Cornell researchers. They have developed seven inter-related concepts of a proposed "Century Expressway" and recommend that a 100-mile stretch of it be designed and built to serve as a proving ground for high speed automobile travel. Recognizing that all licensed drivers could not qualify to drive at this speed, Cornell has proposals for screening out

both unsafe cars and unsafe drivers before a motorist would be allowed to travel on a "Century Expressway."

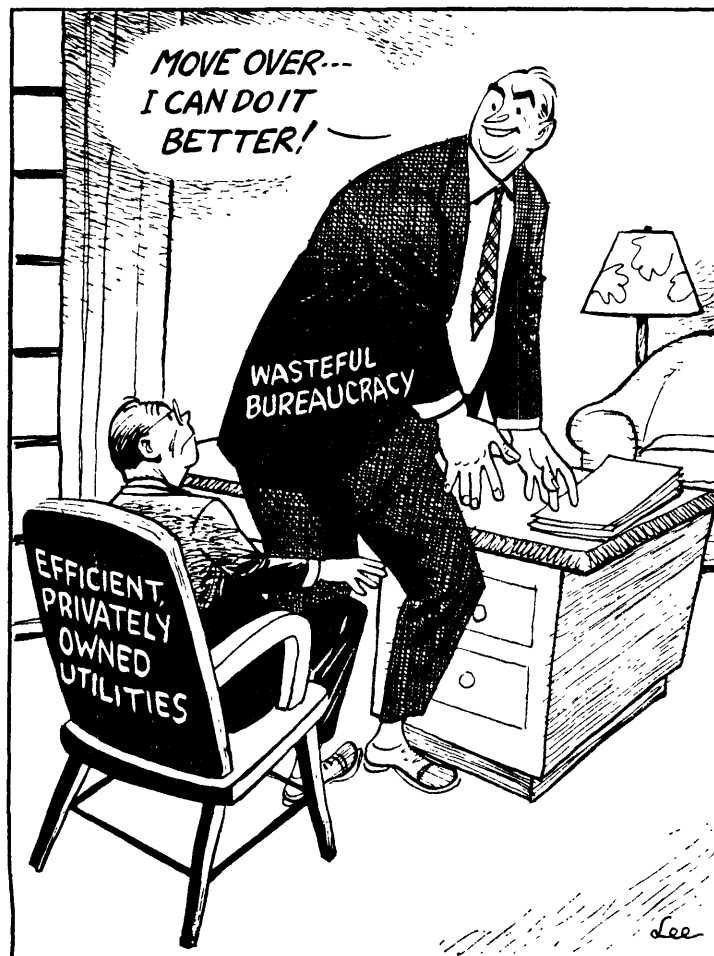

The driver would be required to pilot the car through a series of tests including an unexpected stop to test his control ability and reaction time. There would also be a health inspection. Drivers not competent for any reason, such as being too tired, ill, or under the influence of liquor, would not be allowed on the highway.

A SITUATION WE CAN DO WITHOUT!

LET THERE BE LIGHT!

Autocratic power exercised by government officials inevitably results in unnecessary controls.

Today this plot for power takes many forms — sometimes in what appears to be a highly benevolent guise. An example: the attempt to bring under federal management and control the efficiently operated investor-owned electric power industry.

The proposed legislation, the so-called electric power reliability law, according to a spokesman for a group of major electric companies, "contains many provisions that have no real bearing on reliability of power supply. Basically, it is a bill that provides for centralized federal management of the entire electric power industry in this country, both public and investor-owned. Enactment of this bill would pre-empt to the federal government not only numerous management functions, but also numerous functions — mainly unrelated to reliability — that are now regulated at state or local levels."

The principle is no different from the autocratic repression of ancient times. Let's keep investor-owned utilities out of the hands of a national bureaucracy.

4-H News

The Busy Beavers 4-H Club held a meeting at the home of Mrs. Davis on October 23, 1968.

All were present except Laurie McStotts. Two new members are Sue Stevens and Susan Anderson. Mrs. Davis

passed out the record books. Allen White led the 4-H pledge. Norma White led the flag salute. The following officers were elected: Allen White, president; Norma White, vice-president; and Tina Reaume, secretary.

Lakeside Dumps Spartans

Lakeside took the opening kickoff and two plays later romped into the endzone as they stunned the Forks Spartans and walked off with a 40-6 victory here Friday.

Lakeside actually had the victory wrapped up after the initial score but continued on to score again late in the first quarter, once in the second quarter and three more in the third quarter in running up the score against the Spartans.

Forks managed a tally late in the half. Mike Price scored from 2 yards out after the Spartans had recovered a fumble on the 49 and moved in for the score.

The Lions mixed the run and pass to move freely against the Spartans. They passed for 178 yards and rushed for 283 on the ground. Forks managed only 17 in the air as the Lion secondary had a field day intercepting Spartan passes, one returned 43 yards for a score by John Douglas.

Forks takes a week off from

play and prepares for the final clash of the season with Kings Garden here November 8.

Bruins Continue Winning Ways

Clallam Bay broke the game wide open in the second half to thump the Quilcene Rangers 39-7 in Quilcene Saturday. The Bruins made a second quarter touchdown pass from

Send Food To Our Boys

Any person interested in sending non-perishable goods to our local boys in Vietnam or know of any boy which we have missed on our list, please contact Margaret Windle at 374-6439 or Kathy Decker at 374-5403.

A list of the boys' names is on the bulletin board at Sunset Lanes bowling alley in Forks. There will also be a box there to put non-perishable foods into, plus a container for petty change to be used as postage money.

Dan Wilson to Don Wilson covering 25 yards, hold up for a 6-0 halftime advantage.

The Rangers came storming back after halftime and moved the ball to the Bruin 4 before they were stopped by the rugged Bruin defensive unit. This seemed to be the turning point as the Bruins quickly struck for three scores in the third quarter and two more in the final quarter.

The Dan Wilson to Don Wilson passing attack took care of the Bruin scoring in the third period. Dan hit brother Don with aerials of 50 yards, 35 yards and 40 yards. Jim Murray converted the extra point after the first third period score and Allen Hamilton converted after the third score.

Rob Tulloch and Brent Youlden teamed up for two scores through the air in the final per-

iod. Rob tossed passes of 35 yards and 50 yards to Brent. Hamilton converted after the final score.

Quilcene rounded out the day's scoring with Nick Ward slanting off guard 5 yards late in the ball game.

Don Heikkila and Bill Hopkins played an outstanding defensive game for the Bruins. Don had 15 tackles and Bill had 17. Dan Wilson and Jim Murray added 8 tackles each and Gregory Munro had 7.

The Bruins will attempt to increase their record to 8-0 when they play host to the Oakville Oakes at Clallam Bay Saturday, November 2. Game time has been set for 11 o'clock.

The following week, the Bruins travel to Neah Bay and return home for the season finale against the Joyce Loggers.

BEWARE

(Cash buyers and regular charge account users)

Initiative 245 will cost you money

Even if you don't use extended payment credit yourself you'll be paying higher prices if Initiative 245 passes.

Here's why:

Retailers will be forced to raise prices in proportion to a one-third cut in service charge revenue. This means that if you pay cash or pay within the no-service charge period you'll be paying higher prices to help provide credit for others.

We don't think that's fair... we are sure that you don't want to pay extra for somebody else's privileges.

Initiative 245 pretends to save money for credit buyers by reducing their service charges... but it is a boomerang. It will raise prices for everybody and it will restrict credit for the people who really need it.

Vote AGAINST Initiative 245

Consumers Committee Against Initiative 245, Dr. Gundar J. King, Chairman, Room 1805, 1200 Fifth Avenue, Seattle 98101

SUNSET HIGHLITES

FROM YOUR LOCAL BOWLING CENTER
By FRED JARVIS

Been sitting here almost all day with the heating pad on my bum back. Had a little snooze and feel better now. Got to have some excuse for the way I've been bowling. Mother really whopped me in the Fri. Mixed.

Think what I'd have felt like if she had bowled the series Bev Orner of Galva, Iowa, rolled awhile back. On games of 267, 264, 287, she totaled 818, the highest ever bowled by a woman in the United States. I'd feel pretty good if I could come within two-hundred pins of that.

Barbara Windle had a HI 10 of 178 and Margaret Windle a HI 30 of 501 in the Tuesday Afternoon League.

Frank LaGambina tossed the first 600 in the Sunset League this year as he got the red-line special going for games of 182-212-618. Hold us up Frank!

Wilma Engeseth powdered the pins for a 210 and 546 to lead the way on Wed. Powder Puffs.

Leta Rondeau climbed back up to her perch again in the Hoot Owl League with a 185 and 527. One way to take off weight, I guess.

Patty Laswell topped the girls of the Mixed Jrs. with 159-360, while brother Robert and Chuck Genson had HI 30 for the boys with 372 and George Peterson had 136 for HI 10.

Coast-to-Coast and Pay and Save Shell rolled the two high team series so far this year for Thur. Nite Women's League with 2421 and 2417. Kathy Hamby won all honors with her 203-533.

Ken Keeney told me the other night that he was going to bring his average up. After last week's 600, I began to believe him. Then he comes out in last Thur. West End with a 227-580. Nice shooting, Ken. Remember how you did it, and then tell me.

Early Fri. Mixed saw Hank Bigelow come up with a rare triplicate, a 168. To make it more unusual, his team's handicap was also 168. Another patch to sew on his shirt, Ora Lou.

John Nagel's vacation must have done him some good as he led the men with a 224-559.

Jean Streeter out-gunned the women with a 183-481.

In Late Fri. Mixed, Floyd McCoy came up with his first 200 in league play, a 204. He also had a very respectable 542 series. Not bad for a 163 average.

Mother Jarvis led the women with a 190-535, while Chuck Laswell had a 221 and Darrell Thomas a 561 for the men.

Bernice Richardson and Kaye Kelsa both picked off the 6-7-10 split and Betty Laswell the 5-7.

Saturday's Mini Squad had Darlene Engeseth on top with a HI 10 of 103 and HI 20 of 201. Judy Riebe was close behind with a 98 and 192.

Chuck and Woody Hamby both had shots at the Jackpot at Monte Carlo, but missed, so it keeps getting bigger every week. Better come down this weekend and try your luck.

Nice to see Yvonne Moore bowling again after being away from the game since spring.

Bunch of stags and hunting widows on 3 and 4 Sat. night. Duke, John, Marge, Yvonne, myself and Larry Lindeman. Jean stayed home to bake a cake for son Walt's birthday.

(Many happy returns, Walt.) Sally hurt her back bowling Fri. night, D.J. was hunting, Don Moore was away from home, and my spouse was working behind the lunch counter with one eye cast my way to see that I behaved myself. I did, as always.

Olympic Traveling League met at P. A. Lanes Sunday. Duke Streeter hit a 246-618 for Clark's Vagabond, Willis Bryan 225-575 for the Sunset Lanes team, and Pete Spigarelli 201-513 for the West Enders.

Butch Humphries had HI 10 for Forks Prairie League with 223 and Frank LaGambina subbed his way to a 571 HI 30.

"Fishing can sure help the problem of juvenile delinquency," says Liberty Mutual Insurance Companies' well-known television angler, "Gadabout"

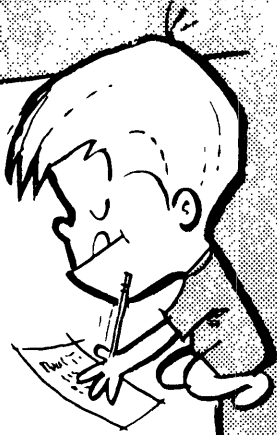

Gaddis: The Flying Fisherman." Gad says that once the boy has a chance to hook his first fish he will have a whole new interest.

Crazy about
LYDIARD
For Commissioner

Dear Timber Baron
If you really want to make sure there are enough logs to meet Washington's needs, why don't you stop exporting your OWN logs?

Then there would be plenty of wood to make new houses and our school won't lose a lot of money.

Peter
P.S. You would still be rich and that would be O.K.

Port Angeles Chamber Aims For Alternate Truck Route

The Port Angeles Chamber of Commerce is recommending an alternate truck route for east-bound truck traffic across Lauridsen Boulevard to Race Street and down Race Street upon completion of the Peabody Creek Bridge now under construction.

The Board of Directors took action last Friday after hearing information from Mayor Joseph Wolfe, Police Chief Harry Kochanek, truckers representatives Marvin John and Mr. Watson and a summary by Syd Tozier, Chairman of the Timber Committee.

Discussion prior to the passage of the motion took into account the necessity of providing better egress from the new bridge; that this route would take the truck traffic away from the downtown area and Washington School; that a change in the existing ordinance would be necessary; that the Jacobs brake would not be necessary down Race Street and that a 20 mile an hour speed limit for trucks be considered.

Although the proposed Race Street-Boulevard truck route would take trucks past Jefferson School, they would be one block away from the school and on a level street. Current noise

problems at Washington School occur when the trucks either stop for the traffic light or gear down for the light.

This route, which would be faster for the trucks, would eliminate numerous traffic lights in the downtown area the truckers now face.

Representatives from the Truckers Association stated they would prefer this Race Street-Boulevard truck route regardless of the outcome of the First Street LID hearing slated November 26.

The noise level of the trucks would be expected to be at a minimum due to the downhill grade of Race Street. The majority of the trucks would then return to the west via Front Street and up the Turnwater Truck Route after refueling or wash-down.

VFW NEEDS YOUR HELP

The VFW Auxiliary would like help in getting the names and addresses of any local servicemen overseas.

Please contact Shirley Fox at 374-5045 or Jean James at 374-5228. They must have them in no later than December 1st.

VFW News

Fletcher-Wittenborn Auxiliary draped their Charter on October 21st in memory of Gwendora Kelm, who passed away on October 12th.

Members of the local unit agreed to send articles to the Northern State Hospital for use in their therapy department. A shower is also planned for Christmas gifts to be sent to the servicemen in Vietnam. This will be held at the next meeting of the group, so PLEASE bring your gifts at this time.

The next regular meeting of the Auxiliary, scheduled for November 4th, has been canceled. A meeting will be held on Wednesday, November 13th, in the Sportsmen's Club instead. This will enable Commander Ecktemkamp and President Ecktemkamp to make their official visits on the same evening.

Post #9106 will join the Auxiliary for a social hour and lunch following the meeting. All members are urged to attend this important meeting.

Tree Planting To Begin

Tree planting on state lands in the Forks District will commence the second week of November announced E. C. Gockereil, North Olympic Field Supervisor for the Department of Natural Resources.

The high elevation units will be planted first to beat the snow and possible road washouts.

Four-thousand acres will be planted altogether. Two year old Douglas fir will be planted

Grange News

The "Blues", winners of the Forks Prairie Grange membership attendance contest, were guests of honor at a dinner given by the losing team, the "Golds", at 6:30 Thursday evening in the Sportsmen's Clubhouse. The honor guests made quite a ceremony of thanking their hosts for the dinner, which was enjoyed by all.

A business meeting was held following the dinner, with Frank Buonpane, Master, presiding. Suzanne and Anders Olson were elected into membership. Arthur Munson reported on IUR I, and Initiatives 32 and 245. Mrs. Cora Dudley was awarded the afghan made by the Cleaners. Members were asked to prepare items for the annual bazaar and bake sale which will be held at Paul's Serv-U, Dec. 14th.

The next Grange meeting will be held Nov. 13, and election of officers will be held.

Pomona Grange will meet Sunday, Nov. 10, with Sequim Prairie Grange the host. It will be an all-day meeting.

at 12 ft. x 12 ft. spacing on 3850 acres. The wet swampy areas - about 150 acres - will be planted with two year old spruce.

The 1,200,000 seedlings to be planted were raised at the DNR Webster Nursery near Olympia. They will be packaged and shipped to the Clearwater Honor Camp in quantities as needed. The inmates from the camp will do the planting which should be completed by April 1.

The seedlings are raised from seed extracted at the nursery which came from cones collected in western Clallam and western Jefferson Counties.

Four crews of inmates totaling about 28 men will plant the 4,000 acres under the supervision of 4 DNR foremen, John Jones, camp forester and John Calhoun, forester at Forks, will supervise the planting job - the biggest ever at Forks.

An additional 600 acres of isolated units in the upper Clallam River area, Snag Peak and Pilchuck Creek areas will be aerial seeded sometime in December with 1/2 lb. of Douglas fir seed per acre. This is accomplished by helicopter. The contract for the State has not been assigned to date.

Folks, if you are ready for a

DEAR JANE

DEAR JANE:

I desperately need help. I am in my middle thirties, and my husband keeps flirting with other women. When we are driving together, he whistles at any good looking thing in skirts. Well, I never used to get too mad at the whistling -- in fact, I call him "the whistler" and he calls me "whistler's mother". He makes fun of me because of the way I dress. He does not like me to wear anklets with my heels, and I DO NOT believe in women shaving legs and under arms. I have very dark hair. Also, I always use home permanents to save money, but everytime my hair gets damp, it springs into tight little ringlets all over my head. My husband doesn't like that either, but he doesn't want me to spend any money. The pay off came when my husband said the other day that my special day would soon be here. I wanted to know just what he meant because it is not close to my birthday and it isn't Christmas. Do you know what he told me? He said my special day is Hallowe'en because I look like a witch!! How do I get my husband to treat me better?

Hallowe'en Witch

Dear Witch:

An inexpensive investment in soap, water, hand shaver and light cologne (at your local drugstore) will do wonders for your husband's morale. If you do not feel you want to please your husband, why should he try to please you? Go to the nearest beauty salon and have your hair styled (the hair on your head); then proceed to a dress shop and purchase a suitable ensemble for you, and then hand the bill to your husband and thank him for reminding you it was your special day on Hallowe'en.

DEAR JANE:

My problem is my talkative youngster who tells all when she is spending the night with friends. She not only tells all, but adds a little to make it good. She is too young to know any better, but I'm beginning to have a permanent red face. What do you do with little ones, who relay all of the family goings on?

Chagrined Mother

Dear Chagrined:

Use a little more discretion.

DEAR JANE:

My mom and dad won't let us go trick or treating on Hallowe'en because we are in high school. I'm a little big for my age, 6 feet 2 inches, but I still like to get all that candy and stuff. How come parents are such squares?

Hallowe'en Kid

Dear Hallowe'en:

In one breath you want to act like a child; in another you want your folks to give you the privileges of a young adult! Look who's square!

DEAR JANE:

My girlfriend tells me she can't stand to get close to me because of my breath. She says it reminds her of a grave yard in the middle of a garbage dump. This really hurts my feelings and I can't help it. I brush my teeth but it does no good.

Halitosis

Dear Halitosis:

This is the very reason we have mouth wash on the market. See your druggist.

ELECT

ELISABETH JOHNSON

STATE REPRESENTATIVE
Republican — Pos. No. 2

AUTHOR WEEKLY COLUMN
"A Political Viewpoint"
(Paid by E. E. Johnson)

Church News

A well-loved verse from Psalm 130 -- "Let Israel hope in the Lord: for with the Lord there is mercy, and with him is plenteous redemption" -- is part of a Bible Lesson-Sermon titled "Everlasting Punishment" to be read in all Christian Science churches this Sunday. Services at the VFW Hall, A Street S. E. in Forks, will

begin at 11 a. m. Selections to be read from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following: "Divine Love corrects and governs man. Men may pardon, but this divine Principle alone reforms the sinner. God is not

separate from the wisdom He bestows. The talents He gives we must improve. Calling on Him to forgive our work badly done or left undone, implies the vain supposition that we have nothing to do but to ask pardon, and that afterwards we shall be free to repeat the offense."

It's Time We Start Watching Our Pocket Books...

IT'S VERY SIMPLE...

Elect McCORRIE & LYDIARD

County Commissioners G.O.P.

Paid for by the Clallam Co. Republican Central Committee, Dr. Werner Quast, chairman

49½ hours in the life of Congressman Lloyd Meeds.

Sunday night at midnight Lloyd Meeds grabs a cup of coffee before boarding a 727 for Washington, D. C.

He reads. Sleeps a little.

Nine thirty Monday morning he arrives in the capitol. He answers his mail, and spends the rest of the day on the phone to other Congressmen building more support for his upcoming Dairy Bill.

Five thirty that same afternoon the House passes his bill.

Back to the airport and at eight forty-five Mr. Meeds boards another plane to return home. He arrives at Sea-Tac at one-thirty A.M. Home.

Eight-thirty Tuesday morning Congressman Lloyd Meeds is back at work in the district.

That's a lot of plane riding.

That's a lot of work done, too.

And that's a lot of representation.

In fact, Congressman Lloyd Meeds has returned home from Washington, D. C., twenty-nine times during the past twenty months.

We can't say that he is in two places at the same time. It just seems that way.

Lloyd Meeds helps people. It's that simple.

LEGAL PUBLICATION

**STATE OF WASHINGTON
DEPARTMENT OF NATURAL
RESOURCES
BERT L. COLE
Commissioner of Public Lands
NOTICE OF SALE OF
VALUABLE MATERIAL ON
STATE LAND**

Notice is hereby given that on Tuesday, the 26th day of November, 1968, commencing at ten o'clock in the forenoon of said day, at the Forks District Headquarters, located at Forks, County of Clallam, State of Washington, by the District Administrator of said District, the timber on the following described state land will be sold at public auction to the highest bidder to wit:

Application No. 32965
Little Sekiu River located approximately 13 miles by road west of Clallam Bay. The sale is composed of all timber bounded by sale area boundary tags and property lines in Unit No. 1 on part S½ SW¼; plus all timber bounded by sale area boundary tags, logged area and property lines in Unit No. 2 on parts of the following: N¼, SW¼, NE¼, SE¼ of Section 16, Township 32 North, Range 14 West, W.M., containing 240 acres, more or less, comprising approximately 6,500,000 bd. ft. of hemlock and white fir, 1,550,000 bd. ft. of cedar, 230,000 bd. ft. of spruce and others and 60,000 bd. ft. of Douglas fir, or a total of 8,340,000 bd. ft.

Minimum acceptable bid per thousand bd. ft.: \$24.50 for hemlock and white fir, \$33.50 for cedar, \$17.00 for spruce and others and \$47.50 for Douglas fir.

No bidding will be permitted on spruce and Douglas fir.

Timber will be sold on a log scale basis. Timber must be removed prior to September 30, 1971.

On or before November 26, 1968, at 10:00 a.m., each bidder must make a minimum deposit of \$21,798.50 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. The purchaser must, on the day of sale, make an additional payment so that the total amount deposited, exclusive of fees, will equal 10% of the full bid price based on the cruise estimate, plus a \$25.00 deposit on a branding hammer and a \$5.00 bill of sale fee. This additional payment may be by personal check. Purchaser must also furnish within 30 days of date of sale a surety bond of \$38,000.00 to guarantee compliance with all terms of the bill of sale. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

Accessibility: via private access.

Purchaser must enter into a road use permit with Crown Zellerbach Corp.

Complete contract and specifications may be examined at Forks District Headquarters, County Auditor's office, and office of the Commissioner of Public Lands, Olympia.

To be sold at Forks District Headquarters, on Tuesday, November 26, 1968, at 10 o'clock a.m.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised.

If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a notice of which is now on

file in the office of the Auditor of said county and District Administrator of said district.

BERT L. COLE
Commissioner of Public Lands
Publish Thursday, October 31, November 7, 14, 21, 1968 in the Forks Forum.

HAUNTED: There is no doubt about it children, the old Moritz cabin has been haunted for years. Even the bear and coyote reroute their course so as not to pass too close when the wind whistles across the porch and screeches come from within the walls. Only the wise old owl knows what takes place behind her doors when the moon comes up on Hallowe'en night.

VOICE OF PROPHECY

Residents of Forks will be visited this coming Saturday by members of the local Seventh-Day Adventist church. Members will be distributing radio logs in support of the Voice of Prophecy program heard on station KVAC.

The Voice of Prophecy is one of the oldest religious radio broadcasts in the nation. Pastor H. M. S. Richards has been directing the program for the past thirty-eight years. Regular features on the program are musical selections by the "King's Herald's", a male quartet; and solos by Del Deiker, well known contralto.

The Voice of Prophecy is heard on station KVAC at 10:30 a.m. daily, Monday through Saturday.

4-H News

Forks 4-H members, leaders and their guests attended the Annual Achievement Dinner hosted by the Veterans of Foreign Wars Auxiliary and the Ni Wauna Club on October 22 in the Congregational Fellowship Hall. Guests were: Mr. and Mrs. Earl Livingston of Sequim, Elmer Critchfield, John Hitchcock, Mrs. Eugene Halverson, Mrs. Carl Lamb, Mr. and Mrs. Charles Fox, Mrs. Leta Klahn, Mrs. Bill James, Mr. and Mrs. Andrew Krutiswyck Jr., Mrs. Sheri McDonald, Mrs. Willard Burnes, Rev. Wm. Hawk, Mr. and Mrs. Robert Tuttle, Bruce Elliott, Gordon Otos, Ronald Shearer, Charles Archer, Ernie Christenson, A. R. Maris, Arthur Munson, Mr. and Mrs. C. E. Dickerman, and Mr. and Mrs. Henry Zepeda.

Following the dinner, a program was presented for parents and friends with Willa Witherow as mistress of ceremonies. Greg Archer led the flag salute, and Ron Paul the 4-H Pledge followed by a welcome given by Council President Mrs. Henry Halverson.

Clallam County Extension Agent Andrew Krutiswyck Jr. presented these leadership pins: 1 year; Mrs. James Mansfield, Mrs. Ralph Smothers, Mrs. Gene

Foster, Mrs. Glenn King, Mrs. Ernie Christensen, Mrs. Vincent Calloway, Mrs. Rennie Davis, Mrs. Dale Raben, Mrs. Lynn Dupris, Henry Zepeda and Mrs. Margaret Baker; 2 year; Mrs. Larry Goodman, Mrs. Duane Ullmann, Mrs. Charles Archer; 3 year; Mrs. Gary Parker, Mrs. Carl Sinema, Warren Paul; 4 year; Mrs. A. R. Maris; 5 year; Mrs. Ronald Shearer; 12 year; Mrs. A. Munson; 14 year; Mrs. Warren Paul. Five year Silver Clover Award pins were presented to Mrs. W. M. Mayor and Mrs. Joel Dahlgren.

Mrs. Warren Paul made the presentation of a 25 year emerald pin to Mrs. Henry Halverson. Mr. and Mrs. Halverson were then escorted to seats of honor and crowned "Queen of the Clover" and "Prince Patience". Twenty-five red roses - one for each year - were presented to Mrs. Halverson. Gifts were presented by Prairie Dogs, Ni Wauna Club, VFW Auxiliary, Port Angeles leaders and members of extension office, and friends of 4-H in Forks.

Mr. C. E. Dickerman of J. C. Penney Co. of Port Angeles presented these leadership pins: 4-H Conference to Sue Shearer for her outstanding sports outfit.

Mrs. E. Whitehead, representing Forks Prairie Cleaners, presented gifts to Susan Johnston, Mary Engel, Joyce Maris, Sue and Linda Shearer for participating in the Grange Sewing Contest. Representing Halmor Ford Garage, Eugene Halverson presented an Achievement pin to Willa Witherow from Ford Motor Co. Fund.

Food Preparation pins and the Witherow Memorial Plaque were received by Cheryl Ulin and Joyce Maris. The Larry McLaughlin Scroll and pin for demonstrations were presented to Sue Shearer. An Agriculture pin from International Harvester Co., Food and Nutrition pin from General Foods, Home Economics Consumer Education pin from Montgomery Ward all were presented to Willa Witherow. A Bread pin from Standard Brands Inc. and Food Preservation pin from Kerr Glass Mfg. Corp. were received by Linda Shearer.

Other special award pins given were: Bread and Food Preservation to Mary Engel; Clothing from Coats and Clark to Joyce Maris; Food Preservation, Clothing and Leadership from Sears Roebuck Foundation to Susan Shearer; Horticulture from Allis Chalmers to Greg Archer; Leadership to Rolinda Ronish and Photograph from

Eastman Kodak to Ron Paul. Northwest Dairymen's Assn. donated sweat shirt awards to Ron Archer, Susan Johnston, Bernie Nash, Joyce Maris, Linda Shearer, Romona Tuttle, Cheryl Ulin and Betty Whitehead from Forks, and Anita Mayor and Karen Bowlyb of Clallam Bay.

Earl Livingston of Clallam County Pomona Grange presented Junior Leader pins of one year to Susan Shearer; 2 year guards to Jane Baker and Rolinda Ronish. Three year guards went to Willa Witherow and Carolyn Duncan, who is now attending Lewis and Clark College.

Local and County Demonstration blue ribbon awards were given by Mrs. Joel Dahlgren to Willa Witherow, Sue Shearer, Linda Shearer, Denise Martin, Carla Lausche and Rhonda LaCrosse. Kim Borde, Peggy Zepeda and Vickie LaCrosse received red ribbon awards.

Mrs. Gary Parker and Mrs. Ron Shearer presented record and secretary book awards, Clubs receiving local and county blue awards on secretary books were Busy Beavers, Prairie Dogs, Working Kids and Buttons and Bows. Members receiving local and county blue awards for record books were Kathy, Ron and Greg Archer, Bill Russell, Gary, James and Dixie Parker, Robert Jackson, Rolinda and Rollie Ronish, Peggy Zepeda, James and Susan Mansfield, Carolyn Duncan, Laurie McStotts, Christian and Tena Reaume, Betty Whitehead, Bruce and Valerie Gilmore, Cheryl Ulin, Willa Witherow, Norma and Allan White, Diane Duncan, Joyce Maris, Susan, Linda and Dan Shearer, Mary Engel, Susan Johnston, Carmen Hoke, Ron Paul, Carla Lausche, Bernie Nash, Kim Borde, Karen Kelso, Bill Brager, Debi Otos, John Elliott, Romona Tuttle, Melodee Klahn and Michele Robertson.

Top Scrapbook Award was given by Mrs. A. R. Maris to

Buttons and Bows Club. Other blue awards went to Prairie Dogs, Working Kids and Wool Workers. Red award went to Handy Dandies with Star Homemakers and Busy Beavers receiving whites. Club charters and seal were given by Mrs. Warren Paul followed by an introduction of the twelve clubs in the Forks area and one club in Clallam Bay by Warren Paul.

Membership pins and fair premiums were presented by Junior Leaders as follows: 1st year; Debra and Cindy Christensen, Diane Duncan, Thea and John Elliott, Eve Fletcher, Joe Gaydeski, Bruce Gilmore, Carmen Hoke, Joyce and Brenda Hulung, Cynthia Justus, Karen Kelso, Karen King, Carla Lausche, Jim and Susan Mansfield, Laurie McStotts, Debi Otos, Dixie Parker, Leslie and Julie Raben, Rolie Ronish, Bill Russell, Allen and Norma White, Tena Reaume, Peggy Zepeda, Michele Robertson, Tena Birdwell, Joanie Iverson, Lane Richards, Nancy Whitehead, Debbie Gedelman, Cheryl and Valerie Gregory and Kathryn Long. Second year: Vickie and Rhonda LaCrosse, Robert Jackson, Kim Borde, Judy Riebe, Lynn Klahn, Dan Shearer, Ron Archer, Denise Martin, Don Whitehead, Valerie Gilmore, Kathy Archer, Gary and Joe Parker, Christian Reaume, Irwin, and Billy Sharpes, Laurel Witala, Barbara Gagnon, Jaye Baker, Mar-

Tyce-Beaver-Sappho News

By MRS. J. E. MERRITT

Mr. and Mrs. Noah Stacy and children went to Tacoma recently to meet his aunt, Mrs. Rose Stacy. The 84-year-old lady, accompanied by a daughter, came by jet from Mullens, W. Va., to visit members of her family living in the Tacoma area. She is somewhat hard of hearing, and after the plane had been airborne for about an hour, she asked her daughter when they were going to take off.

Mr. and Mrs. Ed Konopaski

returned home Friday night from a two-week hunting and fishing trip to Eastern Washington. They spent one week in the Moses Lake area. While there, they visited M. E. (Jeff) and Dale Jeffries who have a mobile home park at Royal City, and found them doing very well. Dale is editor of the "Royal City Capsule" weekly newspaper founded some 10 years ago by his Mother, the late Elva Jeffries. In addition, he is assistant chief of the Royal City Fire Department, and drives the ambulance.

The second week of the Konopaski's trip was spent in the Concomly-loomis (Okonogan County) area. They came home with very little game, but with lots of apples and potatoes.

They had intended making a longer stay, but the trip was shortened by the death of Ed's sister, Mrs. Clara McGuire in Port Angeles.

Mrs. Ray Hull and son, Jim, of Bear Creek were among a group of members of the Forks Assembly of God Church who went to Poulsbo on Saturday

the annual "Speed the Light" foreign mission rally given by the Assembly of God Churches in the state. They returned home late that night.

Mr. and Mrs. Robert Cunningham went to Bellevue Thursday and stayed at the home of their son, Michael, and family. On Friday, they went to Moses Lake and spent the weekend with their son-in-law and daughter, Mr. and Mrs. W. R. Jacobs, returning home Sunday evening.

Richard Eaton was out from Seattle to spend the weekend with his parents, Mr. and Mrs. L. R. Eaton. He was accompanied by Dennis Faulkner and

Gene Hines, and the three returned home Sunday taking with them one spike deer. "Red" Muma, Ken Brown and one of the Amundson's (first name unavailable) were others who have bagged deer so far this season.

Mr. and Mrs. Maynard Lucken celebrated their 33rd wedding anniversary on Saturday, Oct. 26, and to honor the occasion were guests of honor at a dinner given by their daughter, Mrs. Richard Halverson. Mr. Halverson and the baby were also present.

The L. R. Eaton home was the scene of a family gathering

Sunday afternoon: Present were: Mr. and Mrs. L. E. Pooler, Sr., of Hoko Camp, Mr. and Mrs. Maynard Lucken, Mr. and Mrs. John Comfort of Satsop, Mr. and Mrs. Richard Halverson and baby daughter, Forks, Richard Eaton and his companions Gene Hines and Dennis Faulkner, all of Seaside, and Mr. and Mrs. L. R. Eaton.

Under present law governmental facilities for controlling water pollution are financed by local public bodies and state agencies with whatever funds are available for that purpose.

At its 1967 session, the legislature enacted legislation providing for the issuance of state general obligation bonds. The proceeds of which would be used to finance construction of water pollution control facilities. Under the state constitution, a law authorizing the state to contract a debt through the issuance of such bonds cannot take effect until it shall, at a general election, have been submitted and approved by the people.

Effect of Referendum Bill No. 17 if approved into Law:

If approved, the law will authorize the sale of state general obligation bonds in an amount up to \$25,000,000. The proceeds from the sale of the bonds shall be administered by the Water Pollution Control Commission, an agency of the state. The commission is authorized to make and administer grants of such funds to municipal or public corporations, to counties and to state agencies, in conjunction with federal grants authorized pursuant to the federal water pollution control act. The act also appropriates \$9,000,000 from the bond proceeds to the commission for the above-described purposes during the current biennium.

The act provides for the payment of the bonds from a portion of the proceeds of the retail sales tax and such other sources as may be authorized by the legislature, and in addition provides that the bonds shall pledge the full faith and credit of the state for payment of the principal and interest thereon when due.

REFERENDUM BILL NUMBER 18

Chapter 126, Laws Extraordinary Session, 1967

REFERENDUM BILL NUMBER 19

Chapter 148, Laws Extraordinary Session, 1967

*Ballot Title as issued by the Attorney General.

WATER POLLUTION CONTROL FACILITIES BONDS

AN ACT providing for the issuance and sale of state general obligation bonds in an amount not exceeding \$25,000,000 to finance grants by the pollution control commission to public bodies, in conjunction with federal grants authorized pursuant to the federal water pollution control act, for the purpose of aiding in the construction and improvement of water pollution control facilities; providing for payment of the bonds from unpledged retail sales tax revenue or other means authorized by the legislature; and appropriating \$9,000,000 to the pollution control commission for the above described purposes during the present biennium.

Vote cast by members of the 1967 Legislature on final passage:
SENATE: (69 members) Yes, 39; No, 9; Absent or not voting, 10.
HOUSE: (99 members) Yes, 53; No, 3; Absent or not voting, 3.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under existing law the acquisition and development of outdoor recreation areas and facilities is financed by various state agencies and local public bodies with whatever funds are made available for that purpose. State and local outdoor recreation budgets are presently supplemented by state funds derived from two measures approved by the voters in 1964: Initiative 215, which provides about one-half million dollars a year from unrefunded motor vehicle fuel taxes paid by purchasers of fuel used in boats; and Referendum 11, which authorized the sale of \$10 million in bonds between 1964 and January 1, 1970. The Interagency Committee for Outdoor Recreation, an agency composed of state officials and members of the public appointed by the Governor, administers these supplemental funds, allocating one-half to state agencies and one-half to counties, cities, and other local public bodies on the basis of an approved statewide outdoor recreation and open space plan.

Under the state constitution, a law authorizing the state to contract debt through the issuance of general obligation bonds cannot take effect until it shall, at a general election, have been submitted to and approved by the people.

Effect of Referendum Bill No. 18 if approved into Law:

If approved, the act will authorize the sale of general obligation bonds in an amount up to \$40 million for the acquisition and development of outdoor recreation areas and facilities in this state. The money will be allocated half to state agencies and half to local public bodies and will be administered by the Interagency Committee for Outdoor Recreation.

The act provides for payment of the bonds from a portion of the proceeds of the retail sales tax and such other sources as may be authorized by the legislature, and in addition provides that the bonds shall pledge the full faith and credit of the state for payment of the principal and interest thereon when due.

THREE PROPOSED STATE BOND ISSUES TO BE SUBMITTED TO THE VOTERS FOR APPROVAL OR REJECTION AT THE STATE GENERAL ELECTION TO BE HELD ON NOVEMBER 5, 1968.

*Ballot Title as issued by the Attorney General.

BONDS FOR OUTDOOR RECREATION FACILITIES BONDS

AN ACT authorizing the issuance and sale of state general obligation bonds in an amount not exceeding \$40,000,000 to finance the acquisition and development of outdoor recreation areas and facilities. The act directs the Interagency Committee for Outdoor Recreation to allocate half of the money so raised to state agencies for such acquisition and development as the legislature may direct and the other half to local public bodies for acquisition and development of outdoor recreation areas and facilities within their jurisdictions. Payment of the bonds will come from unpledged retail sales tax revenues or other means authorized by the legislature.

Vote cast by members of the 1967 Legislature on final passage:
SENATE: (69 members) Yes, 41; No, 1; Absent or not voting, 2.
HOUSE: (99 members) Yes, 76; No, 12; Absent or not voting, 11.

Explanatory comment issued by the Attorney General as required by law

STATE BUILDING PROJECTS: BOND ISSUE

AN ACT authorizing the issuance and sale of state general obligation bonds in an amount not exceeding \$65,000,000, appropriating the proceeds to finance various building projects for the Department of General Administration, the Department of Institutions, and certain state institutions of higher education; and providing for payment of the bonds from unpledged retail sales tax revenues or such other means authorized by the legislature.

Vote cast by members of the 1967 Legislature on final passage:
SENATE: (69 members) Yes, 41; No, 1; Absent or not voting, 2.
HOUSE: (99 members) Yes, 76; No, 12; Absent or not voting, 11.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The construction and improvement of buildings and other facilities for use by various state agencies is from time to time financed with the issuance by the state of general obligation bonds. The 1967 legislature passed an act authorizing the issuance of such bonds to finance various building projects for the Department of General Administration, the Department of Institutions, and certain state institutions of higher education. However, under the present state constitution, no law authorizing the state to contract debt through the issuance of general obligation bonds can take effect until it shall at a general election have been submitted to and approved by the people.

Effect of Referendum Bill No. 19 if approved into Law:

If approved, the act will authorize the sale of state general obligation bonds in an amount up to \$65,000,000. Proceeds from the sale of these bonds will be used to finance buildings and facilities for the Department of General Administration, the Department of Institutions, the University of Washington, Washington State University, Western Washington State College, Central Washington State College, and the new Evergreen State College. A detailed list of these projects and the specific amounts appropriated for each project appears in the text of the act itself, as set forth on pages 43 and 44 of this pamphlet. The act provides for payment of the bonds from a portion of the proceeds of the retail sales tax and such other sources as may be authorized by the legislature, and in addition provides that the bonds shall pledge the full faith and credit of the state for payment of the principal and interest thereon when due.

HUSKY SPORTS NEWS

The San Francisco Bay area has produced two of the most surprising teams in the country this year, and the Washington Huskies will tangle with the first of the two opponents Saturday when they will meet the California Bears in Husky Stadium.

In his first four seasons as Cal head coach, Ray Willsey compiled an unimpressive 16-23 record -- and better things just weren't supposed to happen this year.

But the Bears won their first

four out of five games, including a 39-15 swamping of UCLA, and they earned themselves a national rating for the first time since 1952.

"This was an important win for us," Willsey said after the UCLA battle. "I think that this is a sign that our football program has matured."

Matured to the point that the Bears definitely must be considered as a Rose Bowl candidate based on one of the strongest defenses in the country.

Up to their game with UCLA, the Bears had yet to give up a

touchdown on the ground, even though they had suffered a 10-7 loss to Army. And Cal was ranked second in the nation in fewest points allowed -- 6.4 points a game.

The Cal stop department is anchored by All-America guard candidate Ed White (250). Also receiving heavy praise from Cal coaches are ends Irby Augustine (205) and Mike McCaffrey (215), and linebackers Travis Tatum (205) and Dennis Pitta (215).

Offensively, quarterback Randy Humphries has provided

the aerial threat, while running backs Gary Fowler and Bob Darby, a sophomore sensation from Texas, have given the Bears a potent ground attack. Humphries has completed almost 53 per cent of his passes, with 6-7 Wayne Stewart being

his primary target. Stewart was tied for the lead in pass receptions in the Pacific-8 last week with 28. Radio station KVAC will carry the game live. KVAC will go on the air at 1:05 p.m.,

SENATE JOINT RESOLUTION 5

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

INVESTMENT OF PUBLIC PENSION FUNDS

shall the Constitution of the state of Washington be amended by adding a new article and section permitting the moneys of any public pension or retirement fund to be invested in such manner as may be authorized by law?

Vote cast by members of the 1967 Legislature on final passage: HOUSE: (99 members) Yeas, 40; Nays, 8; Absent or not voting, 1. SENATE: (99 members) Yeas, 86; Nays, 1; Absent or not voting, 12.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the present constitutional provisions relating to the investment or other use of public funds, there is some uncertainty as to the type of investments which the legislature may authorize the various public employees retirement boards to make when investing pension and retirement funds.

Effect of Senate Joint Resolution No. 5 if approved into Law:

The proposed constitutional amendment would remove this uncertainty by expressly permitting the investment of public pension and retirement funds in such manner as is authorized by appropriate legislative enactment.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 5, 1968.

HOUSE JOINT RESOLUTION 13

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

AUTHORIZING COMPENSATION INCREASE DURING TERM

Shall the State Constitution be amended by adding a new article permitting the compensation of all elected and appointed state, county and municipal officers who do not fix their own compensation (including judges of courts of record and justice courts), to be increased during their term of office to the end that such officials shall receive compensation for their services as provided by the law in effect at the time the services are being rendered?

Vote cast by members of the 1967 Legislature on final passage: HOUSE: (99 members) Yeas, 89; Nays, 8; Absent or not voting, 2. SENATE: (99 members) Yeas, 40; Nays, 6; Absent or not voting, 3.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the constitution the compensation of elective and appointive state, county and municipal officers, including judges of courts of record and justice courts, is fixed by the state legislature or some officer or public body to whom the legislature has delegated such authority.

In the case of such officers who serve for a fixed term (which, depending upon the law governing the particular office, will be from four to as many as nine years in length) there are several provisions in the present constitution which prohibit increases in their compensation during their respective terms of office. These constitutional provisions apply to officers serving for staggered terms on multi-member boards, commissions and tribunals as well as to other officers serving fixed terms.

Effect of House Joint Resolution No. 13 if approved into Law:

The proposed constitutional amendment would add a new Article to the constitution which would provide that the compensation of those officers named above, who do not fix their own compensation, may be increased during their term of office to the end that such officers shall receive compensation for their services in accordance with the law in effect at the time the services are being rendered.

SENATE JOINT RESOLUTION 6

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

AUTHORIZING STATE COURT OF APPEALS

Shall the State Constitution be amended to provide for establishment by the legislature of a state court of appeals with such jurisdiction as may be granted by statute or rules as authorized thereby; providing that the number, manner of election, compensation, term of office, removal and retirement of judges of such court shall be prescribed by statute; and providing that the administration and procedures of the court shall be prescribed by supreme court rules?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (99 members) Yeas, 47; Nays, 2; Absent or not voting, 0. HOUSE: (99 members) Yeas, 88; Nays, 4; Absent or not voting, 7.

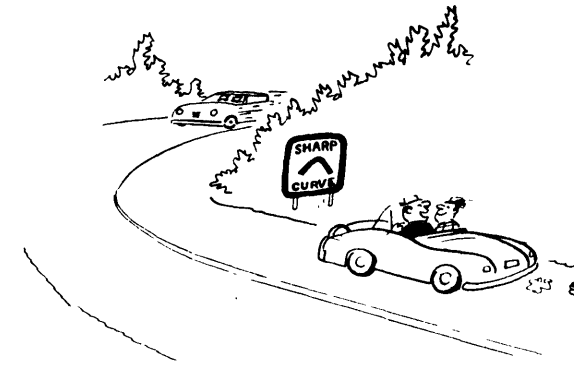

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the present state constitution, the state court system is comprised of a supreme court, together with superior courts in each county, justices of the peace, and such inferior courts as the legislature may provide. The superior courts are primarily trial courts of original jurisdiction, although they also have appellate jurisdiction to the extent provided by appropriate legislative enactment with respect to causes arising in justice courts and other inferior courts in their respective counties. The supreme court has original jurisdiction in certain cases involving state officers and mandatory appellate jurisdiction in all actions or proceedings except in certain cases where the amount in controversy does not exceed \$200. In all of its appellate cases the supreme court is required to enter a written decision.

Effect of Senate Joint Resolution No. 6 if approved into Law:

The proposed amendment provides for establishment by the legislature of a new court of appeals. The new court's jurisdiction and extent of review power over superior courts is to be provided for by statute or by supreme court rule authorized thereby. The number, manner of election, compensation, term of office, removal and retirement of judges of the court of appeals are also to be prescribed by statute, while the administrative procedure of the court is to be prescribed by supreme court rule.

SENATE JOINT RESOLUTION 23

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

TAXING DISTRICTS: EXCESS LEVY ELECTIONS

Shall the State Constitution be amended to permit taxing districts, if authorized by the legislature, to submit propositions for property tax levies exceeding the forty-mill limit to their voters up to 24 months before the levy date, thereby permitting two consecutive annual excess levies to be approved at one election; and authorizing submission of a second proposition in any twelve-month period if it is substituted for the excess levy previously approved for that year?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (99 members) Yeas, 48; Nays, 0; Absent or not voting, 1. HOUSE: (99 members) Yeas, 93; Nays, 0; Absent or not voting, 6.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Amendment 17 of the state constitution (commonly referred to as the 40 mill limit provision) limits the aggregate of property tax levies by taxing districts to 40 mills on the dollar of assessed valuation, unless the voters of a taxing district, under certain specified conditions, have authorized levies in excess of the 40 mill limit. Except in the case of excess levies to pay principal and interest on general obligation bond issues, no proposition to levy a tax in excess of 40 mills may be submitted to the voters of the district more than 12 months before the proposed levy is to be made. Thus, the voters of a taxing district can only authorize a single one year excess levy for other than bond redemption purposes at any given election.

Effect of Senate Joint Resolution No. 23 if approved into Law:

The proposed amendment would permit taxing districts, if authorized by appropriate act of the legislature, to submit propositions for tax levies exceeding the 40 mill limit to their voters up to 24 months before the levy date, thereby permitting the submission of two consecutive annual excess levies for approval at one election.

No taxing district would be permitted to submit to the voters a proposition to authorize additional levies under the amendment for any year for which the voters have previously authorized an excess levy. However, under certain specified conditions, a taxing district could submit to the voters at any time a new proposition to be substituted for the excess levy authorization which had been previously approved for that year.

TAXATION BASED ON ACTUAL USE

Shall Article VII of the State Constitution be amended by adding a section authorizing the legislature to provide that farms, agricultural lands, standing timber and timberlands, and other open space lands used for recreation or enjoyment of their scenic or natural beauty, shall be valued for purposes of taxation on the basis of the use to which such property currently is being applied, rather than on the highest and best use?

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 5, 1968.

SENATE JOINT RESOLUTION 24

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

VACANCY: LEGISLATIVE, COUNTY ELECTIVE OFFICES

Shall the State Constitution be amended to provide for filling vacancies in legislative or partisan county elective offices as follows: (1) The county commissioners of the county affected shall appoint a person from the same legislative, county or county commissioner district and political party as the officer whose office has been vacated; (2) On failure of the county commissioners to so appoint within sixty days, the governor shall within thirty days appoint a person similarly qualified?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (99 members) Yeas, 47; Nays, 0; Absent or not voting, 2. HOUSE: (99 members) Yeas, 96; Nays, 0; Absent or not voting, 3.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the present constitution any vacancy in the legislative or any partisan county elective office is to be filled by appointment by the board of county commissioners of the county in which the vacancy occurs. Although the constitution does not prescribe any qualifications for appointment of a person to fill a vacancy in a partisan county elective office, it expressly provides that to be eligible for appointment to fill a vacancy in the legislature a person must be (1) from the same legislative district; (2) from the same political party as the legislator whose office has been vacated; and (3) one of the three persons nominated by the county central committee of that party.

In the case of a vacancy in a joint legislative district (encompassing two or more counties) the appointment is to be made by the joint action of the several boards of county commissioners from a list of three nominees (having the same qualifications stated above) submitted by the appropriate state central committee. The constitution presently provides that in the event the boards of county commissioners cannot, within 60 days, agree upon the appointment to fill a vacancy in a joint legislative district, the governor, within 30 days, shall fill the vacancy from the list of nominees. However, no similar authority to resolve such an impasse is vested in the governor in the case of legislative vacancies in districts lying wholly in a single county, or in the case of partisan county elective offices, and our supreme court has held the legislature may not under the existing constitution vest such authority in the governor.

Effect of Senate Joint Resolution No. 24 if approved into Law:

The proposed amendment would first make the qualifications necessary for appointment to fill a vacancy in the legislature applicable, as well, to vacancies in partisan county elective offices. Thus, under the amendment, in order to be eligible to fill a vacancy in such a county office a person would have to be (1) a resident of the same county or county commissioner district as the officer whose office has been vacated; (2) a member of the same political party as the officer he succeeds; and (3) one of three persons nominated to fill the vacancy by the county central committee of that political party.

In addition, the amendment would provide that if the county commissioners cannot agree upon the appointment of a person to fill a partisan county elective office or a legislative office within 60 days, the governor shall, within 30 days, thereafter, fill the vacancy by appointing a person from the list of nominees.

Vote cast by members of the 1967 Legislature on final passage: HOUSE: (99 members) Yeas, 84; Nays, 9; Absent or not voting, 6. SENATE: (99 members) Yeas, 44; Nays, 0; Absent or not voting, 5.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the present state constitution and pertinent legislative enactments, all real property is valued for purposes of taxation on the basis of its true and fair value in money, which is determined by the "highest and best use" to which the property could be applied, without regard to its present use. The term "highest and best use" is defined by a Department of Revenue regulation to mean the most profitable, likely use to which a property can be put.

Effect of House Joint Resolution No. 1 if approved into Law:

The proposed constitutional amendment would authorize the legislature to provide by law, subject to such conditions as it may enact, that certain real property shall be valued for taxation purposes in terms of its present actual use rather than its highest and best use. Types of property which would be eligible for such treatment are (a) farms, agricultural lands, standing timber and timber lands, and (b) other open space lands which are used for recreation or for enjoyment of their scenic or natural beauty.

A Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State

To be voted upon November 5, 1968.

SENATE JOINT RESOLUTION 17

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

PROVIDING FOR STATE BUILDING AUTHORITY

Shall Article VIII of the State Constitution be amended by adding a new section authorizing creation by the legislature of a state building authority to construct buildings and improvements for lease to state agencies or departments for up to seventy-five years, and to finance such construction through issuance of bonds or other evidences of indebtedness to be paid from the authority's revenues which would not be subject to the constitutional debt limitation?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (99 members) Yeas, 46; Nays, 2; Absent or not voting, 1. HOUSE: (99 members) Yeas, 92; Nays, 3; Absent or not voting, 4.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The construction of buildings and other improvements for the various state agencies is from time to time financed through the issuance by the state of general obligation, limited obligation, or revenue bonds. Under the present constitution no law authorizing the state to contract debt in excess of the state constitutional debt limit through the issuance of general obligation bonds can take effect until it shall have been submitted to and approved by the people at a general election. The state supreme court has held this requirement of voter approval to be applicable to bonds which are issued to finance the construction of buildings for lease to state agencies when the rental payments are to be financed from state general fund appropriations.

Effect of Senate Joint Resolution No. 17 if approved into Law:

The proposed amendment would authorize the legislature to create a state agency called the state building authority. If authorized by the legislature, this agency could contract with other state agencies to construct buildings and improvements for their use on a lease basis at a reasonable rental rate for a term not to exceed 75 years. In addition, if authorized by the legislature, the building authority could finance such construction by borrowing funds solely on its own credit through the issuance of bonds or other evidences of indebtedness to be secured by pledges of the authority's income or by mortgages of its leaseholds. In the event the authority utilizes this method of incurring indebtedness, the bonds or other evidences of indebtedness would not be subject to the constitutional debt limitation and could, therefore, be issued without a vote of the people.

Approval of this proposed amendment will validate the provisions of chapter 162, Laws of 1967, which creates a state building authority.

**WHO'S ON THE JOB FOR
CLALLAM COUNTY?**

**ELMER CRITCHFIELD,
THAT'S WHO!**

For the past 12 years, Elmer Critchfield has been hard at work as your county commissioner. During his administration, numerous accomplishments have been chalked up for the county: The setting aside of 500 acres of land for recreational use; creation of a county planning commission; construction of road and bridge facilities; erection of a health center, juvenile facilities and a veterans' center (at no additional cost to the taxpayer); construction of a new county library (with provision for future consolidation with the city facilities); and construction of a dike on the Lower Elwha.

These are only a few of the changes and improvements which have taken place while Commissioner Critchfield has been in office. If you'd like to meet Commissioner Critchfield and discuss his plans for the future, come to the coffee hour from 7 a.m. to 7 p.m., Friday, Nov. 1, at Democratic Headquarters in Port Angeles.

**VOTE FOR ELMER CRITCHFIELD,
Your Full-Time County Commissioner**

Citizens for Critchfield, Clyde Shore, chairman

if you're out of hot water... you can't take a shower...

you can't do the laundry...

you can't wash dishes...

So don't take a chance on running out of hot water. Make sure of a plentiful supply all the time with a modern, fast-recovery electric water heater.

But an electric water heater, with its fast-recovery heating units, doesn't let you run out of hot water.

A modern electric hot water heater is fast, like the fabled hare. Don't be put out of action like the tortoise... heat the water in your home, electrically.

Awards Made At Cub Scout Meeting

Cub Scout Pack 467 held their monthly meeting October 25th, at the grade school all-purpose room. The flag ceremony was conducted by Den 9 with Jeff Haberman calling, David Cline and Ted Rasmussen flag bearers, and Rodney Haberman, Alan and Brian Quigley, Ron Williams, and Glenn McFall honor guard.

Awards were presented by Cub Master Henry Bechtold. Bobcat pins to William Tubbs, Don Hunley, Jeff Ullmann, Vinney Johnson, Paul Higby, Mike Ford, Mike Richards, Ron Minor, Danny Green, Bobby Coyle, Tom Zepeda, Scott DePew, Gary Stacy, Chris King and Brian Quigley. Bobcat pins turned over to David Cline; Wolf Badge, Brad Kennedy, Gold Arrow, Ron Williams; Silver Arrow to Ron Williams, Ted Rasmussen, Rodney Haberman, Jeff Haberman and Norm Counterman, 2 arrows. Denner bars to: Ted Rasmussen, Jeff Ullmann and Robby Fraker. Assistant Denner to David Cline, David Crippen and Randy Browning. Webelaw award: Tim Rasmussen.

Scout Chiefs working with the Cub Dens this year put on several skits. Participating were Sam Pumley, Jim Boline Jr., Andy Zepeda, Art Counterman and Jerry Beebe.

Bechtold introduced the Den Mothers and those working in the Cub Program this year. Den Mothers are: Mrs. Donna Crippen and Mrs. Carolyn Fraker, Den 3; Mrs. Frankie Kennedy and Mrs. Barb Ullmann, Den 5; Mrs. Sandy Minor and Mrs. Sally Ford, Den 6; Mrs. Betty Thompson and Mrs. Marian Self, Den 8; Mrs. Darlene Counterman and Mrs. Lorraine Berg, Den 7; Mrs. Ginger Haberman and Mrs. Barbara McFall, Den 9. Charles Minor and Hartley Berg will be assisting the Cub Master this year. Jim Bolin is the Scout training Chairman for this area this year.

Bechtold presented the Pack with two awards earned last year. They received a certificate with an "A" rating for their participation in the Scout Fair last May, and a certificate with an "A" rating for their Cub Scout Week window display. Bechtold also announced there is still need for more men in the Cub program, especially in the Webelaw program.

It's Time For... EYE CARE

Dr. Newton K. Wesley
DRIVING AND VISION
Vision requirements in most states have tightened for drivers. Only South Dakota permits a person to drive a car without taking a driver's test. Some states permit the driver to wear contact lenses, asking only that he present a card showing he is a wearer of the tiny vision aids.

Motor transportation has increased at such a high rate in recent years that 6 million people are examined each year for driver's licenses. 13 of our states require visual examinations upon license application. Much pressure is presently being exerted to include such examinations in the other 39 states. At 6 million drivers each year, it seems reasonable to suppose that many of these new motorists need some type of vision correction.

One good law missing in all 50 states is a test for night vision or glare resistance. Some states restrict a driver to daytime motoring if he has a deficiency, but some provision should be made to include a night driving test.

Many people know they should be wearing glasses while driving and do not wear any type of correction. The Driving Research Laboratory of Iowa State College states that 60 per cent of the general adult population require glasses but only half of them wear them.

If you are one of the 6 million drivers in this country, you should be sure you are driving with your vision at its best. Have your eyes examined soon.

Special Award For Bob Henry

The Secretary of the Navy takes pleasure in presenting the Navy Commendation Medal to Lieutenant Robert F. Henry, United States Naval Reserve, for service as set forth in the following:

CITATION: "For meritorious service while serving as Officer in Charge of Underwater Demolition Team Twelve, Detachment BRAVO in USS Diachenko (APD-123) from 6 to 20 March, 1968 and from 6 to 24 April, 1968, while engaged in near-shore hydrographic survey operations along the coast of the Republic of Vietnam. During these periods, Lieutenant Henry and his detachment completed detailed and accurate surveys of over forty statute miles of coastal beaches. This accomplishment involved a prodigious amount of swimming and physical work to collect the data, and an equal amount of work, skill, and attention to detail in the preparation of the survey charts and beach reports. The detachment was frequently subject to the threat of enemy action. On 6 March, 1968, the detachment was ambushed during a survey operation by a large well-armed enemy force. Despite intense enemy fire, the detachment killed two of the enemy and conducted a retreat from the beach without suffering any losses. Lieutenant Henry's professional knowledge, superior leadership and sincere devotion to duty reflected great credit upon himself and

Questions and Answers: Initiative 32

QUESTION: What is Initiative 32?

ANSWER: It is a ballot measure erecting another state agency for the purpose of restricting the export shipment of logs harvested from only state-owned lands.

QUESTION: Why does the Department of Natural Resources oppose it?

ANSWER: Under present law, state-owned or state administered timber must be sold to the highest bidder who is free to sell or process the log in the same markets with logs from private lands. The beneficiaries from the current high level of prices paid for state-owned timber are the trusts for whom we manage the lands—such as public schools, universities, colleges, and institutions. Proponents hope that restrictions proposed by Initiative 32 will curtail competition and reduce stumpage prices—but this would also reduce the income for the trusts.

QUESTION: How does this affect the public?

ANSWER: If income produced from state-owned lands is reduced through protectionist legislation, the state's educational financial support programs will suffer and other means of financing—such as more taxes—will be necessary for the support of our schools, universities, colleges and institutions.

QUESTION: Is Initiative 32 unconstitutional?

ANSWER: Only the federal government has the authority to impose regulations or restrictions affecting free trade between nations.

QUESTION: Has the log export trade closed down some mills in our State?

ANSWER: Probably so—but their problems cannot be attributed entirely to log exports. Total production and employment is up throughout the forest products industry.

QUESTION: Then why are some of the mills closing down?

ANSWER: Failure to meet modern production methods, outdated equipment and obsolescence are often contributing factors. Today's modern, fully integrated mill wastes little and obtains maximum profit from each log. Other protectionist legislation, such as the Jones Act,

were in keeping with the highest traditions of the United States Naval Service. Lieutenant Henry is authorized to wear the Combat "V". Bob is a 1960 graduate of Forks High School, and a 1964 graduate of Seattle Pacific College. He enlisted in the Navy in 1941.

Service News

Sgt. James E. Foster, son of Mrs. Art Allen, is home on leave after 2 years duty on Okinawa. Jim has re-enlisted for another 6 years, planning to make a career in the Marine Corp.

places northwest mills in an unfair competition situation with east coast forest industries.

QUESTION: Have log prices gone beyond the reach of some local mills?

ANSWER: Prices for state-owned logs are currently high—but total industry efficiency and lumber prices are also high. Log prices and labor are both higher. But the combined result has been higher mill production and log exports too.

QUESTION: Has the recent federal restrictions placed on forest service timber helped local industries?

ANSWER: Our preliminary studies show nothing to indicate that forest service timber prices have dropped.

QUESTION: Are restrictions are good on federal timber, why not extend them to cover state timber?

ANSWER: Without debating the pros and cons of federal regulations, we question whether further protectionist legislation is needed. The federal restrictions imposed now restricts export of timber on nearly two-thirds of the public timber cut in western Washington. The federal restrictions, in essence, opened up an almost exclusive supply of federal timber for the domestic mills, free of competition from foreign buyers. (State-owned lands only account for 10 percent of the total annual timber harvest in Washington state.)

QUESTION: What about the charge that the State is overcutting its forests and becoming "A tree farm for Japan"?

ANSWER: Ridiculous. Under our sustained yield program, we are currently growing more timber on state-owned lands than we are harvesting. In western Washington alone, we are growing at least 825 million board feet a year—much more than is currently being sold.

QUESTION: If Initiative 32 passes, what would happen?

- ANSWER:**
1. The question of its constitutionality will be challenged;
 2. It would establish another state agency to establish rules and regulations;
 3. Its target would be to reduce income to schools, universities, colleges and institutions which could result in additional or greater taxes;
 4. It would not materially reduce the cost of lumber or other forest products to the consumer;
 5. Private mill companies with a source of logs from private lands could continue or increase export of these logs to take advantage of the good export prices and then outbid smaller mills for state-owned timber to supply logs to their own local mills.

QUESTION: If Initiative 32 is defeated, what happens?

- ANSWER:**
1. The state will continue to enjoy the economic benefits of a free and open market and our interstate and international trade will not be inhibited.
 2. There will be no reduction of the current high level of income for our schools, universities, colleges and institutions from state-owned lands.
 3. The Department's management programs will continue at a high level, insuring greater growth and greater returns for the people of the state.

did agree. However, it does seem ironic to talk about restricting such vital activities while at the same time urging full funding of the Office of Economic Opportunity which operates questionable programs in our big cities and foreign aid. It seems time to take the Post Office Department out of politics and not use it as a lever to thwart congressional efforts to reduce spending and balance the budget."

PC Has Travel Talk

"The World Through a Window," an illustrated travel talk, will be presented at Peninsula College Thursday, October 31, at noon in the Little Theatre. The talk will be given by John Lenk, Pacific Grove, California, who has traveled by car through various

parts of the world. The public is invited to attend.

The talk is presented by the Community Services Committee of Peninsula College, a group of students and faculty that arranges cultural events of interest to students and the community.

"LOCAL PROCESSING OF STATE TIMBER"

INITIATIVE #32 WILL—

1. Save and create jobs in plywood and lumber mills in Washington
2. Conserve timber for our own needs now and in the future
3. Restore millions in tax revenues for schools
4. Ease a critical log shortage and keep housing costs down
5. Limit export of raw logs from Washington State lands, following example of all neighboring states and Federal Government

CITIZENS' COMMITTEE FOR INITIATIVE #32
Room 804, Joshua Green Bldg., 1425 Fourth Ave.
Seattle, Washington 98101

VOTE TO LIMIT LOG EXPORTS

To The People Of The West End

JOHN KIRNER
candidate for County
Commissioner
District 1 Dema

I feel to be a good commissioner one should have certain qualifications. A knowledge of timber, our biggest industry, a knowledge of road building, an important part of a commissioner's job. A knowledge of the financing and workings of our county government and school system.

My background is as follows:

I worked on the boom at Sekiu for several years. During this time, I graduated from the University of Washington with a BBA degree. I was in business for several years in Seattle. During the war, I served in the Army Transportation Service in Alaskan waters. Since the war, I have been in the logging and road building business. During this time, too, I installed five miles of mainline pipeline for the city of Port Townsend. I also platted property in Sequim putting in my own water and sewer lines.

I was one of four members selected by the County Supt. of Schools to serve on the Sequim School Board when four members resigned, and have been reelected twice since by the people. During these years, we have raised the standards of education in the Sequim Schools with special emphasis on vocational training and a broader physical education program. Also, we are still operating in the black and with no special operating levees.

I have taken an active part in boy scouts, little league baseball, helped with the May Day Festival. My chief interests have always been for the benefit of the young people of the community.

With this background, I feel I would be a qualified County Commissioner. I have always done my own thinking and will continue to do so.

I hope I merit your vote November 5th.
