**NOTICE OF SALE OF VALUABLE MATERIAL ON STATE LAND**  
Notice is hereby given that on Tuesday, the 26th day of November, 1968, commencing at ten o'clock in the forenoon of said day, at the Forks District Headquarters, located at Forks, County of Clallam, State of Washington, by the District Administrator of said District, the timber on the following described state land will be sold at public auction to the highest bidder, to wit:

Application No. 33809  
Maxfield Ridge Cull Salvage located approximately 8 miles by road west of Forks. The sale is composed of all cull material on previously logged area bounded by sale area boundary tags and property lines on parts of the following: SW 1/4, NE 1/4, SE 1/4 of Section 22, NE 1/4, NE 1/4 of Section 26, all in Township 28 North, Range 14 West, W.M. containing 216 acres, more or less, comprising approximately 2,150,000 bd. ft. of cull logs.

Minimum acceptable bid: \$4,200.00.  
Timber will be sold on a cash or installment plan basis. Timber must be removed prior to June 30, 1969.

On or before November 26, 1968 at 10:00 a.m., each bidder must make a minimum deposit of \$430.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale, the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee, or may, if the purchaser so elects at the time of sale, pay an additional amount, to bring the total amount of the deposit, exclusive of fees, to equal 10% of the full bid price based on the cruise estimate, provided that such deposit shall not be less than \$2,000.00. This balance may be paid by personal check. On the day of sale purchaser must also furnish a cash bond of \$400.00 in the form of cash, money order or certified check to guarantee compliance with all terms of the bill of sale. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

Accessibility: via private access.  
Purchaser must enter into a road use permit with ITT Rayonier, Inc.

Complete contract and specifications may be examined at Forks District Headquarters, County Auditor's office, and office of the Commissioner of Public Lands, Olympia.

To be sold at Forks District Headquarters, on Tuesday, November 26, 1968, at 10 o'clock a.m.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a notice of which is now on file in the office of the Auditor of said county and District Administrator of said district.

**NOTICE OF SALE OF VALUABLE MATERIAL ON STATE LAND**  
Notice is hereby given that on Tuesday, the 26th day of November, 1968, commencing at ten o'clock in the forenoon of said day, at the Forks District Headquarters, located at Forks, County of Clallam, State of Washington, by the District Administrator of said District, the timber on the following described state land will be sold at public auction to the highest bidder, to wit:

Application No. 32865  
Little Sekiu River located approximately 13 miles by road west of Clallam Bay. The sale is composed of all timber bounded by sale area boundary tags and property lines in Unit No. 1 on part S 1/4 SW 1/4; plus all timber bounded by sale area boundary tags, logged area and property lines in Unit No. 2 on parts of the following: N 1/4, SW 1/4, NE 1/4 SE 1/4 of Section 16, Township 32 North, Range 14 West, W.M., containing 240 acres, more or less, comprising approximately 6,500,000 bd. ft. of hemlock and white fir, 1,550,000 bd. ft. of cedar, 230,000 bd. ft. of spruce and others and 60,000 bd. ft. of Douglas fir, or a total of 8,340,000 bd. ft.

Minimum acceptable bid per thousand bd. ft.: \$24.50 for hemlock and white fir, \$33.50 for cedar, \$17.00 for spruce and others and \$47.50 for Douglas fir.

No bidding will be permitted on spruce and Douglas fir.

Timber will be sold on a log scale basis. Timber must be removed prior to September 30, 1971.

On or before November 26, 1968, at 10:00 a.m., each bidder must make a minimum deposit of \$21,793.50 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. The purchaser must, on the day of sale, make an additional payment so that the total amount deposited, exclusive of fees, will equal 10% of the full bid price based on the cruise estimate, plus a \$25.00 deposit on a branding hammer and a \$5.00 bill of sale fee. This additional payment may be by personal check. Purchaser must also furnish within 30 days of date of sale a surety bond of \$38,000.00 to guarantee compliance with all terms of the bill of sale. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

Accessibility: via private access.  
Purchaser must enter into a road use permit with Crown Zellerbach Corp.

Complete contract and specifications may be examined at Forks District Headquarters, County Auditor's office, and office of the Commissioner of Public Lands, Olympia.

To be sold at Forks District Headquarters, on Tuesday, November 26, 1968, at 10 o'clock a.m.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a notice of which is now on

**NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00**

Notice is hereby given that on Monday the 2nd day of December, 1968, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

**LEGAL DESCRIPTION:** The sale is composed of all salvage material marked with blue paint along the FR-Q-2200 road, comprising approximately 22,000 board feet of cedar, located on Part W 1/2 NW 1/4 of Sec. 24 Twp. 24 N., Rge. 11 W., W.M. Jefferson County, Washington.

**CASH SALE**  
Forest products will be sold on a cash basis.

Minimum acceptable bid will be \$600.00.  
On or before December 2, 1968 at 10:00 a.m., each bidder must make a minimum deposit of \$60.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

**BOND:** On the day of sale, the purchaser must also furnish a cash bond of \$200.00 in the form of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall

continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and purchases thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Forest products must be removed prior to June 30, 1969.

Located approximately 74 miles by road North of Hoquiam.

Accessibility Via U. S. Forest Service and Department of Natural Resources.

A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

**Short Comings**

Goldie Southwood will be installed Noble Grand of the Golden North Rebe'ah of Fairbanks, Alaska, 13 January. Goldie was secretary for 3 years and was nominated for vice grand to finish out the year when the vice grand of the club resigned. On November 16, a special dispensation meeting was held to install her as vice grand. On November 19, she was nominated for Noble Grand. Goldie is the daughter of Mr. and Mrs. George Campbell.

State trooper Joe Sackman has been transferred to Moses Lake and has been replaced temporarily by trooper Dave Smith. Trooper Smith is familiar with the Forks area. He was raised in Port Angeles and knows many of the Forks area people.

Smith informed me that former Forks resident Don "Tuff" Mason is now a sergeant in the state patrol and working in the Centralia - Chehalis area.

The practice of reporting false accidents, fires and other various situations is bad business. It has happened frequently in this area the past couple of weeks. The cry of wolf may have unfortunate consequences.

Fire partially destroyed an A-frame barn near the Forks Mobile Home Park Saturday. Hay stored in the barn apparently ignited and was rapidly extinguished by the Forks Volunteer Fire Department.

Smoke could be seen rising from the barn Monday as the fire continued to smolder. A second run by the fire department was made late Monday afternoon.

Thelma Hardie has sold her interest in the Antlers Restaurant and Cocktail Lounge to Rod Hume and Blanche See. Thelma wishes to thank all the customers and friends for their patronage.

Best of luck to the new owners and welcome to Forks.

ANY LITTLE BIT HELPS!

TAXPAYERS' REVOLT

About the only place the average taxpayer can meaningfully express his displeasure at the rapidly accelerating cost of government is at the local level. One of the results of the mounting citizens' revolt is the rejection so far this year of more than \$1 billion of the bond issues proposed for public school construction.

Last year local taxpayers defeated more than one-third of the 1,625 school bond issues proposed across the nation—voting a resounding "no" to projects that would have cost a total of \$945 million. As school construction costs continue to rise, and with interest rates at a higher level, it will be even more difficult to obtain voter approval for bond issues.

All this doesn't mean that the public is turning against education; it just means overburdened taxpayers are protesting the never-ending upsurge in their taxes.

In areas where new construction is approved community-minded citizens are looking into the new "systems approach" to school building in order to shave rising local labor costs. This involves the use of pre-built parts of a school, such as the heating-ventilating-air-conditioning systems now being especially constructed for schools. Special school facilities, ranging from gymnasiums to educational TV and language laboratories, are being carefully examined. Frills are being eliminated.

This local "rebellion against skyrocketing school costs" should serve as a warning to all government units to cut spending generally. Incidentally, it should also indicate to union leadership the need to eliminate costly featherbedding in school construction.

Legislative Price Tags Extended to 29 States

The practice of "price tagging" legislation to show future cost implications prior to enactment of bills has been extended to 29 states, according to a recent survey by the Legislative Budget Committee of the State of Washington.

Wisconsin was the first state to adopt price tagging when, in 1957, its Legislature required that "fiscal notes" be applied to bills having an impact upon state appropriations and fiscal liabilities. Among state legislatures now applying "price tags," 14 operate under statutory provisions, eleven under legislative rules and four informally.

Boat Rockers Beware

Academic freedom, the right to dissent and to express new ideas are very holy things around the ivied halls, and so they should be in this country. Some of the new revolutionaries and their followers should give a thought to the fact that if they ever win their revolution, they will probably be among the first victims of it.

People who rock the boat aren't looked upon with favor in communist dominated schools. This fact was made bluntly evident when the supreme commander of the communist invasion forces in Czechoslovakia became displeased with the point of view being presented in the nation's schools. To correct the situation, a letter was written to the Minister of Education stating that troops would be sent into the schools unless teachers adopted a more favorable attitude toward the Soviets.

Some of the more violent protesters on U.S. campuses would do well to examine more closely the merits of the establishment they seek to dismantle. After all, it has preserved their right to rock the boat for more than 200 years.

WORTH TALKING ABOUT

"Today's union member enjoys a high standard of living. To protect his high standard of living, it is in his best interest to maintain a high level of productivity to ensure that the business which employs him remains viable and progressing. With this common link, a powerful unifying force, labor and management can join in a drive for common goals. If the union movement can structure its objectives to this end, I am confident that the polarization of management and labor can be substantially reduced. I am equally convinced that the reform of our labor laws can expedite this transition to this universally beneficial purpose and improve the present perspective that business has of the role of labor in society."  
—Daniel Parker, Chairman  
The Parker Pen Company

Mobile Homes Winning Acceptance Nationally as Permanent Homes

The mobile home rapidly is winning acceptance in much of the United States as a permanent home, according to the Mobile Home Manufacturers Association of Chicago.

Sales of mobile homes grew from 90,000 in 1961 to 241,000 last year and may exceed 300,000 in 1968, an industry spokesman said.

With the conventional housing industry struggling to maintain any growth at all, mobile home makers are piling up increases of better than 10 per cent a year and now have captured roughly 25 per cent of the total annual new home market.

The fact that they can produce an air conditioned house completely furnished for \$5,000 to \$6,000 is the big reason trailer makers do big business.

The Forks Forum will be published one day earlier next week due to Thanksgiving.

EDITORIAL

What's New In County Government?

What's new in the world of county government? Apparently nothing as far as the county commissioners' thinking on the subject is concerned. Like so many of the items of business the commissioners act on without notice to the people they are directly responsible to, Harvey Eacrett resigned his commissioner position and was approved as road superintendent of Clallam County by the two commissioners left in power.

Mr. Eacrett was appointed by county engineer Ted Weber. Mr. Weber should have the power to make this appointment with confirmation from the commissioners.

The appointment of Mr. Eacrett is understandable providing Mr. Eacrett has the qualifications for the position, and the county apparently has no personnel in the road departments at Sequim, Port Angeles, Forks or Clallam Bay that have the qualifications for the job. It's also a slight slap on the back of the neck for those employees of the engineering department because they all apparently fail to meet the qualifications set forth for the position of county road superintendent by Mr. Weber.

A rumor to the effect that a deal was being made for Eacrett's appointment was connected to commissioner-elect John Kirner during the campaign. Kirner made no deal and he will make no deals.

The voters of Clallam County have spoken with the results of the election. Mr. Kirner and Dr. Harry Lydiard were elected over Eacrett and Elmer Critchfield because they feel county government belongs to the people and the people need to be better informed of the pending actions.

The appointment of Eacrett is typical of conspiracy-type action of county government in recent years.

So little government has remained in the hands of the people, and what is left is worth protecting. We're not opposed to Eacrett... just have some feelings for what must be a real problem in our county: lack of qualified people.

No Place For Amateurs

The federal government has an absolutely miserable history of managing its affairs. It is unable to institute any kind of cost control in its operation, any sort of modernization in most of its procedures, and many of its basic services such as the postal service have come close to collapse. With such demonstrated management incapacity, it is inconceivable that anyone would suggest that the government should take over responsibility for more of the management of the country's affairs. Yet, this is happening and in the critical field of medicine.

Public officials in departments of government in criticizing and recommending changes in the U.S. medical system presume to know much more about the delivery of medical care than those who have spent their lives in medical training and in the practice of the medical arts. That: this seems unreasonable is a massive understatement.

When answers are sought, it should be recognized that the medical profession itself is more greatly concerned than anybody else in finding new ways to assure the availability of the best in medical care for all who need it regardless of their financial ability to pay. It is moving to expand its facilities and its personnel and to create new ways to insure or pre-pay major medical costs for the individual. The high quality health care characteristic of U.S. medicine today, which many now want to regiment, divide up and give away, was developed in an atmosphere of individual freedom and voluntarism. The present medical system should not be dismantled by amateurs, and it should be remembered that answers can be found best by consulting those who know most about the subject.

Sunset Highlites

By FRED JARVIS

In Duke and Jean's T-Bird once again, motoring to Sequim to bowl in the Olympic Traveling League. The snow is creeping down lower and lower in the hills and I suppose it won't be too long before we'll have it here.

Can see where the words "Winter Wonderland" came from. You work in the winter and wonder what happened to the summer's wages.

Hi 10 for Tue. afternoons was Judy Winney's 165, while Margaret Windle's 457 was high series.

The Powder Puffs clobbered the pins with a vengeance last Wed. as Wilma Engeseth rapped out a 224-538, Helen Thomas a 218-551, Sally Nagel a 213-521, and Fay Fuhs tossed a 215, her first league 200.

Olympic Pharmacy rolled a new high team game of 880, but it didn't last long as Lake Pleasant Grocery beat that with an 887. Look to your laurels, fellas, they're after us.

Durned if Leta ain't back up on her limb again in the Hoot Owl circuit. Had a Hi everything, 178-504.

Oops! Almost forgot our Tue. night Sunset League. Frank Gooe ripped out a 227 and D.J. Caulkins southpawed his way to a 581 series.

Seems like there's always a Laswell on top in the Jr. Mixed. It was Patty this time as she topped the girls with 141-344.

Ray Maxwell led the boys with 148-409.

Thursday night's Women's had Leta Rondeau at Hi 10 with 221. Jean Streeter had a 200 even and a 522 Hi 30.

Burch Humphres and "Hot Hand" Harry Lefler shared the throne of the West Enders. Burch had a Hi 10 of 218 while Harry had a 558 Hi 30.

Duke Streeter was hitting on all four in the Early Fri. Mixed. He had both Hi 10 and 30 with 217-598.

Sally Nagel rolled a 178 and Paula Lyda had a 511 for the women.

Duke Streeter's name pops up again as a sub in the Late Fri. Mixed. Tossed a 210-589.

Bob Blair had the Hi game of 215 for the males, and wife Joyce out-bowled the females with a 183-516.

Judy Riebe had 109 Hi 10 for Saturday's Mini Squad and Darlene Engeseth a Hi 20 of 206. Dena Loushin picked up the 2-7-8 split.

Two turkeys from Harold and Mary Kennedy's Lake Pleasant Grocery have been won so far in the Sunset Lanes Turkey bowl.

Glenn Gilmore shook loose with a 627 scratch and a 692 with handicap to win the first bird and John Nagel a 613 for the second. Still time to win yourself one, so come on down and try it.

Must have choked up at Sat. night Monte Carlo. Had the big money shot, buried the ball in the 1-3 pocket but couldn't shake the blankety-blank 5 pin loose. Easy come, easy go.

Jody Foster left the same pin for half the jackpot, so we'll try again this next Sat.

Ken Keeney hit a big money shot to bring to an end a week of frustrating bowling.

Salved my feelings somewhat with a 254-632. Got a few bucks back, plus some go-juice for the Pontiac. Sally Nagel bowled a beautiful 570 plus series.

Hank Bigelow had a triplicate but if you want to know what it was, you'll have to ask him. Don't think I'd better.

Our Vagabond team didn't fare so well at Sequim as we won but three out of eight points. Darrell had a 233 for Hi 10 and Ol' Day Jarvis a 575 Hi 30 for the locals.

Brager Bros. Log, wrestled three points from Fitts Log. In the Forks Prairie League Monday night to go that many points out in front of the pack.

Wayne Cline had a 239 for Hi 10 and Claude Clark tossed a 594 Hi 30.

Harold Kennedy bowled a 223-587 and Darrell came out of his slump with a 213-583.

See you next week.

CARD OF THANKS

We would like to thank all the wonderful people and organizations that were so good to us. Thank You Carol Seeger and Family.

Clallam Bay Romps 66-12 Finish Season Undeclared

The Clallam Bay Bruins finished the season running over the Joyce Loggers 66-12 as they finished an undefeated season and wrapped up the North Olympic 8-man football championship.

The Tye Gill coached Bruins scored at will against the outclassed Loggers. Clallam Bay tallied 27 points in the first quarter and 20 in the second as they took a 47-6 halftime lead.

Brent Youlden and Bill Hopkins had quite an afternoon for the Bruins. Hopkins recovered a fumble and later blocked a punt attempt, both were converted into Bruin scores.

Youlden picked off two fumbles returning the first 45 yards to score and the second 80 yards to paydirt.

The Bruins opened up on the first play of the game as quarterback Dan Wilson fired a strike 60 yards to end Don Wilson. Youlden took a pass from Dan for the extra point.

The Bruins kicked and on the first play Joyce fumbled, Hopkins recovered for the Bruins. Dan fired a 10 yard scoring pass to Don. Jim Murray ran the extra point.

On the next Joyce series, Hopkins blocked the punt and

Allen Hamilton scored on the first play from 40 yards out.

Youlden returned the first of two fumbles for scores as the quarter ended. Murray again converted.

Joyce got on the scoreboard as the second quarter opened on a 20 yard run by quarterback Barnes.

Joyce got a second score late in the fourth quarter.

Other scoring for Clallam Bay was by Hamilton a 45 yard run, Youlden the 80 yard fumble return, Craig Gagnon on a 50 yard run, Jim Murray a 25 yard run, Youlden a 70 yard

pass from Rob Tulloch and Dan Wilson returned a punt 45 yards.

Don Heikkila, Charles Hartman, Greg Munro and Dan Wilson played key defensive ball.

The Bruins returned as league champions after the crown escaped them last year. Clallam Bay won the titles in the 66-67 season, finished second to Neah Bay last year and won the crown again this season.

In marching to the 10-0 season, the Bruins racked up 340 points to the opponents 63 points. They recorded 3 shutouts.

\*\*\*\*\* Washington Huskies Basketball Preview \*\*\*\*\*

The surest shot in Washington Husky basketball last season was a George Irvine field goal attempt within a 10-foot radius of the basket.

Three times last year Irvine, a 6-5 forward from Ballard, bettered the individual Husky field goal percentage mark. Against Utah when the Huskies upset the eighth-ranked team in the nation, 93-76, he went 12 for 14. Two weeks later he went 11 for 13 against Stanford. Against Southern Cal he was 10 for 11.

Besides breaking Bob Houbrege's individual game mark, he also broke the former Husky All-American's season percentage mark by making good on 56.5 per cent of his shots for the season.

This year Irvine will be called on to extend his talents and open up more from the outside. Last year, senior forward Dave Carr, the Huskies' leading scorer (20.0), provided the outside threat. But Carr is gone and Irvine will be forced to cast off from greater distances.

"I'll have to shoot more to loosen things up," Irvine said. "With Carr shooting from the

"Conscience is that inner voice that warns you that the man in the unmarked car trailing you is a State Trooper."

**SPORTS WANDERINGS . . .**

Congratulations to the Clallam Bay Bruins for winning the North Olympic 8-man championship. The Bruins, coached by Tye Gill, rolled to an undefeated season.

Seniors on the Bruin squad were Don and Dan Wilson, Charles Hartman, Allen Hamilton and Bill Hopkins. There are 5 important ballplayers to replace, but the Bruins gave opponents a chance to see how tough they will be again next season. Rumor has it that Tye will hang up his coaching cap.

A reminder before sportfans forget: remember the field conditions the Spartan players and visiting teams were forced to play under at Spartan Field.

The football season will roll around again sooner than you think and the same situation will prevail unless a group of enthused fans get together and do something about it.

The field needs a crown so that the frequent rain has an opportunity to drain off.

Do you recall one game in which the conditions were so bad that the official had to place his foot on the ball to keep the wind from blowing the ball to the north end of the lake?

The field is still there, in the same condition. What should be done about it?

High school principal James Traver has informed us that some of the Olympic League schools don't wish to compete here in track this season because of the poor conditions of our track. This problem was discussed at a recent meeting of the Olympic Principal's Association.

Let's face it; they are right.

The big one for Washington fans will be the Cougars of Washington State vs. the Huskies of Washington. The Cougars will say they had a good season if they beat the Huskies. The Huskies must win to save face. They still are not on the winning side if they do win. If they lose, it's a big upset. If they win, they should have anyway.

outside last year, I didn't feel I had to. I'm going to have to go out looking for the outside shot now."

Last year as only a sophomore Irvine averaged 15.0 a game and was the Huskies' second leading scorer behind Carr.

Like Irvine, none of the rest of the forward candidates are seniors, but most have experience.

Battling it out for the other forward spot are two lettermen; 6-6 Larry Bullock and 6-5 Pat Woolcock.

Bullock started a couple of games last year to utilize his tremendous strength under the boards and shooting ability. Woolcock is a real hustler who has fine moves. He averaged 5.9 points a game last year, while Bullock finished at 2.7.

Those three have been running on Coach Tex Winter's "Purple" Squad, while four others have been on the Golds.

They include JC transfer Gary Woodman (6-7), John Buller (6-6), who sat out last season with a heart ailment after lettering the year before, Marc Wallace (6-7) off the frosh team, and Mark Bantz (6-8), a non-letterman last season.

Woodman hails from Hutchinson JC in Kansas where he averaged 15 points a game. Buller averaged 18.9 as a frosh and 3.4 in his sophomore year, while Wallace averaged 13.2 points a game as a yearling. Bantz sat out last season and averaged 4.3 points as a frosh.

Tex Winter was known for having good-sized guards while

he was head basketball coach at Kansas State, but the team he inherited at the University of Washington goes no taller than 6-0 among its first five backcourt men.

But what he lacks in size, the new Husky mentor will make up for with quickness.

In 5-9 junior Rafael Stone from Garfield of Seattle, he has one of the finest fundamental ball players and passers on the Coast. In 6-0 sophomore Mike Troyer from Indiana comes a sharp shooting eye, while 6-0 juniors Dave West is a consistent shooter and defensive performer.

It is likely that the starting combo for the Huskies' regular opener Dec. 6 against Utah will come from this threesome.

Stone broke all Husky assist records last year, amazing fans with his gunshot passing and hitting the open man when it didn't seem like it was possible. He currently holds the Husky record for most assists in a game (12 against Miami last year) and most assists in a conference game (11 against USC). The only trouble was that he sank only 30.2 per cent of his field goals at the same time in his initial year, and his shooting will have to improve.

"My shot didn't seem natural to me last year," Stone said, "but I've been working on it a lot this year, and I think my shooting will be much better. I have a lot more confidence."

Troyer came from a state where basketball is king, and his shooting ability shown last year on the frosh team projects him as one of the best shooters in Husky history. He hit for three frosh scoring records last season -- a 23.0 points a game average, 483 total points, and a single game high of 52 against the Oregon Ducklings.

West consistently held guards like Lucius Allen of UCLA, Vince Fritz of Oregon State and Steve Jennings of USC to under 10 points last year. He also was the fourth leading Husky scorer with an 8.1 points a game average, sank 28 consecutive free throws at one stretch of the season last year, and hit for 72 of 86 for the season for an 83.7 percentile -- all Husky records.

Given an outside chance to break the starting lineup is 5-10 Dave Willenborg, an extremely quick guard who averaged 10.1 for the frosh a season ago. The depth still goes on. Rick Slettedahl and Gary Ostenson, a pair of seniors who started two years ago as sophomores return, as does Dave Huguenin, the tallest of the backcourt men at 6-2.

Pat Woolcock, usually a forward, may also move into the backcourt on occasion to utilize his size. At 6-5, he played that position part-time last season.

Jay Bond, a 6-9 Husky cen-

ter from Lewis and Clark High School of Spokane, was the Huskies' third leading scorer last season with a 12.3 average. But as soon as an opposing center could look over the top of him because of greater height, his performance went downward.

"I think it was a psychological thing," Bond said. "I didn't know that I was going to start until right at the beginning of the season last year, and I didn't have as much confidence. "Actually I don't know if I'm going to start this season, either, but a year of experience has given me a lot more confidence."

UCLA's super-star center Lew Alcindor gave Bond the biggest trouble last season. In two games he scored only seven points. Equal trouble came against Oregon State's seven-footer Vic Bartolome and Bob

Presley of California. In pre-season practices, however, Bond is looking like a much improved ball player, and has developed a better outside shot to go along with his hook. He should be the major key to the Husky offense.

Backing up Bond is 6-8 Gary Larsen, a walk-on candidate two years ago from Lakes of Tacoma, who is tough on the boards. He played all but one of the Huskies' games last year, as the Huskies looked to him for tough aggressiveness on the boards and on defense.

Two forward candidates could also see action at the center slot. Gary Woodman, a 6-7 JC transfer from Kansas was a leading rebounder there. Meanwhile, a 6-8 Marc Wallace from Ferris of Spokane played that position for the freshmen a year ago and averaged 13.2.

Football coach Roy Mohondro holds the North Olympic Officials Sportsmanship Trophy presented to Forks High School. The presentation is awarded on the basis of coaches, players, cheerleaders, students and adult fans sportsmanship. Mohondro is flanked by cheerleaders Jane Baker, Jerri Wittenborn, Peggy Rhyme, Cheryl Merrick, Darlene Peterson and pep promoter, Janice Brower.

**Service News**

Dan Lodholm recently received documents and medals awarded posthumously to his son, the late Private First Class Norman E. Lodholm.

Forwarded were the Purple Heart, Bronze Star, Air Medal and the Combat Infantryman Badge.

Also included were the medals awarded prior to his death: National Defense Service Medal, Vietnam Service Medal, and the Vietnam Campaign Ribbon.

Norman served in Vietnam in May and June, 1968, and died as the result of wounds suffered during a firefight with hostile enemy forces June 13, 1968.

**SBA To Hold Interviews**

Robert F. Armour, Loan Officer, and Ferd Heppers, Management Assistance Division, from the Seattle Regional Office, Small Business Administration, will be in Port Angeles on Thursday, November 21, 1968, to counsel with area businessmen interested in financial assistance or other matters of financial counseling. They will be available for interviews between the hours of 10:00 a.m. and 4:30 p.m. in the office of the Farmers Home Administration, Room 201, 206 South Lincoln. An appointment is not necessary.

**Pioneer Club**

West End Pioneers Club will meet the evening after Thanksgiving, Nov. 29, at 8:00. Joan Anderson will show her slides of Europe. Putluck supper and guests are welcome.

**Rainbow Meets**

The Rainbow girls met at 7:00 in the IOOF Hall on Nov. 12, with Peggy Rhyme as Worthy Advisor. Guests were Mrs. Al Rhyme, the Grand Deputy of District 21 in Washington and Idaho, International Order of Rainbow for girls. Mrs. Rhyme offered to take girls to Quilcene Nov. 20th for a Rainbow meeting. Other guests were Mrs. Don Rhyme and Mrs. Victor Udd.

The Rainbow candy sale was discussed and all girls were urged to sell. Kathy Rooks and Rita Klahn were appointed to the offices of Chaplain and Patriotism. The next meeting will be Nov. 25. Our Christmas party will be December 9 for Rainbow girls and mothers.

**Prairie Gleaners**

The Forks Prairie Gleaners met Monday at the home of Mrs. Olive King. Election of officers was held, with Ethel Whitehead chosen as vice president, and Shirley Sharpes secretary-treasurer. The annual bazaar and bake sale, to be held Dec. 14 at Paul's Serve-U was discussed, with suggestions of articles that might sell readily. The annual garage needlework and sewing contests were also discussed.

The next meeting of the Gleaners will be held Monday, Dec. 16, at the home of Carolyn Wasankari and will be the Christmas party.

Mrs. King's daughter-in-law, Mrs. Glen King, was a guest.

**Prairie Grange News**

Forks Prairie Grange met Thursday, Nov. 14, at the Sportsmen's Club. The meeting was opened by Robert Tuttle, serving temporarily as Master. Following the opening ceremonies, Mr. and Mrs. Andrew Olson were initiated and welcomed into the order. Election of officers was held with the following officers reelected: Master, Frank Buonpane; Overseer, Robert Tuttle; assistant steward, Arthur Munson; lecturer, Edith Woody; treasurer, Ethel Whitehead; secretary, Jackie Howell; lady assistant steward, Shirley Sharpes; musician, Betty Munson. Others elected were: steward, Ken Garbrick; Chaplain, Margaret Helmick; gatekeeper, Viri Garbrick; home ec. chairman, Anita Tuttle; cures, Sharon Garbrick; Pomona, Esther Floe; Flora, Sybil Merritt, and executive committeeman for three years, Walter Fuhrman. John Merritt and Colleen Walters have the 2 year and one year positions, respectively.

# DEAR JANE

DEAR JANE:

I have an insanely jealous husband and, to make matters worse, this is my second marriage. My first husband was a real gentleman; kind, considerate and everyone loved him. Several years after my first husband passed away, I became lonely and yearned for the companionship that I once knew. I met my present husband and he showered me with attention. I knew he was divorced and found out that his wife had received the divorce on the grounds of mental and physical cruelty. He had an explanation for all of this and, like a fool, I believed him. Well, several days ago, a dear friend of my first husband and myself mentioned my name in front of a group of men meeting for a men's organization in connection with a joke. He mistakenly used my first married name instead of my present husband's, and my husband went into a rage. Several nights later he called in a group of men in the middle of the night -- (about eight of the men who were present during this meeting) and spent three hours questioning them. The whole situation seems incredibly fantastic to me, like a nightmare. He has already beaten me up several times and his violent temper has me in a . . . .  
Panic

Dear Panic:

See your attorney immediately.

DEAR JANE:

I am a young-looking widow of 44, who is very fond of a man around 47. This man's wife obtained her divorce because of his infidelity. He has been single for about 5 years and known as a "man about town", if you know what I mean. This man has proposed to me and I simply do not know what to do. Will he stop chasing after his marriage or will he perform as before? I am old fashioned and want my marriage to be more than in name only.  
Bride to Be

Dear Bride:

They say a leopard doesn't change his spots, if you know what I mean!

DEAR JANE:

We have a fun foursome and have played bridge together for years. The wife of the other couple has had false teeth for a few years now. She is very attractive and has always been one of the most popular gals in our group. Lately, however, while we are playing bridge, she has developed the annoying habit of clicking her teeth. We cannot concentrate on our bridge game and find this noise abhorring. How do we inform our friend of our displeasure . . . send her an anonymous package of Poly-Grip? We want to be . . . . .  
Discreet

Dear Discreet:

Tell your friend's husband to have his wife visit her dentist -- to check the fit of her dentures.

# Bogachiel Garden Club News . . .

The Bogachiel Garden Club will hold the regular monthly meeting today, Thursday, at the home of Mrs. Walter Fuhrman in the Mansfield addition. The 10:30 a.m. workshop on Holiday Arrangements will be helpful to the novice as well as the more experienced arrangers, so do plan to attend.

Bring equipment you will need to work with, such as a cutting tool, container, frog, greens, candle, figurine or any materials you plan to use in your arrangement. Bring a sack lunch and beverage will be served by the hostess.

Mrs. Ernest Borde of Clallam Bay will demonstrate ornament decorating and Mrs. Warren Paul will give information on espaliering at the afternoon meeting.

### CARD OF THANKS

The Forks High School Pep Club wishes to thank the community for their support of our spaghetti dinner. We cleared enough to cover this year's expenses.

## Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

What makes popcorn pop?

Popcorn is different from other kinds of corn, and it's that difference that makes it pop. Popcorn has a hard, tough, waterproof covering. So when popcorn is heated, the natural moisture inside the kernels can't escape. When it's heated enough, though, the moisture turns to steam and the kernels explode.

Does air have weight?

It does, and I'll tell you how you can prove it to yourself and your friends with a simple and interesting experiment. Hammer a long thin nail through the mid-point (the 18-inch mark) of a yardstick. Balance the yardstick by placing each end of

the nail on a tall drinking glass, as shown in the picture. Attach an empty balloon with a rubber band

(For a free booklet, "The Magic Carpet", illustrated in color from The New Book of Knowledge, send name and address to Martha Glauber Shapp, Box 47, Putnam Valley, New York 10579.)

to one end of the yardstick. On the other end, to make a perfect balance, tape a dime or penny or attach a paper clip. Now take the balloon off and blow it up. When you attach it again, full of air, you'll see that end of the yardstick dip down. That's because the air inside the balloon has weight and makes it heavier.

Do you know why the engine is usually in the front of a car?

When cars were first invented, the inventors put the engine up front where the horse used to be. But there are other reasons, too. When the engine is up front the rush of air through the radiator grill keeps it nice and cool. And it's much easier to link the controls between the dashboard and the engine.

Do you know how the Amazon River got its name?

A lot of people think a large lady is called an "Amazon" because the Amazon River is big. Not true. It's the other way around!

A Spanish explorer named Francisco de Orellana discovered the South American river in 1541, and one day his party was attacked by a tribe of fierce women. Orellana thought they must surely be descended from a race of women warriors in Greek legend called the Amazons, who lived in Asia Minor, ruled their own country, and had their own army. So he named the river after them.

This is part of the view you can enjoy while dining at the Breakwater Inn located between Clallam Bay and Sekiu.

## Fall Quater Honor Roll

Forks Junior-Senior High School Fall quarter honor roll as released by Mr. James Traver, principal. The students must achieve a grade point of 3.0 to be on the honor roll.

TUESDAY: Turkey & gravy, cranberries, mashed potatoes, buttered corn, festival spice cake, milk.

WEDNESDAY: Barbecued beef on bun, buttered green beans, canned pears, milk.  
THURSDAY and FRIDAY: GUESS WHAT?? THANKS-GIVING VACATION!!!

## Missionary Convention Here Nov. 22-24

Rev. and Mrs. Waldo Nicodemus, as well as Eldon Officer will be the speakers at the annual Missionary Convention to be held by the Assembly of God this weekend, November 22nd to the 24th.

Included in the Nicodemus' presentation will be many curios and slides and a catalog of missionary experience, not only of church work, but of countries where revolution has forced them to leave. They have served under the foreign missions board of the Assemblies of God in Bolivia, Cuba and El Salvador. Their next term will be in Mexico.

The Saturday evening service will be a youth service with Eldon Officer, a young man from Port Angeles sharing his experiences from a summer of service in Guatemala and Nicaragua with the "Youth With a Mission" program.

You are invited to attend any or all of these events. The convention schedule is as follows: Beginning Rally, Friday, 7:30 p.m.; Youth Rally, Saturday, 7 p.m.; Sunday Morning Worship, 11 a.m.; "Around the World" potluck dinner, Sunday, 4:30 p.m.; Final Rally, Sunday, 7 p.m.

What's your favorite holiday pie? Pumpkin or mince? With the aid of commercially-frozen pies, it's a simple matter to offer your guests a choice of both.

Packed in their own aluminum pie pans, frozen pies are complete and ready to bake. No additional embellishment is required, but many people like to individualize them by adding a special topping. Final flourish for the illustrated frozen pumpkin pie is whipped cream flavored with ground nutmeg and garnished with bits of crystallized ginger and chopped pecans.

**Pumpkin Pie With Ginger Whipped Cream**  
1 frozen pumpkin pie  
1 cup (1/2 pint) heavy cream  
1 tablespoon confectioner's sugar  
1/4 teaspoon ground nutmeg  
2 tablespoons crystallized ginger  
2 tablespoons finely chopped pecans

Bake pie according to package directions. Cool thoroughly. Whip cream until stiff, adding sugar and nutmeg. Pipe rosettes of whipped cream around outer edge of pie (or drop from teaspoon in small mounds). Sprinkle cream with ginger and pecans. Makes enough topping for an 8, 9 or 10-inch frozen pie.

## Jehovah's Convene In Port Orchard

Charles Meinzer, overseer for Jehovah's Witnesses in Forks released additional information concerning their circuit assembly to be held in Port Orchard, December 6 to 8. According to Meinzer, a number of local Witnesses will be participating in the activities, both in the convention operation and on

### MEETINGS

**VETERANS OF FOREIGN WARS**  
Fletcher-Wittenborn Post No. 9106, V. F. W., meets each 2nd and 4th Wednesday of each month at their clubhouse.

**FORKS FIRE DEPARTMENT**  
Meets every Tuesday night at 7:00 at Forks Fire Hall.

**BOGACHIEL GARDEN CLUB**  
Meet the 3rd Thursday of each month.

**CALAWAH REBEKAHS**  
Meet every 1st and 3rd Tuesday of each month.

**CHAMBER OF COMMERCE**  
Meets every first Monday of each month at 6:30 p. m., at the Antlers Cafe Dining Room.

**FORKS PARENT TEACHERS ASSOCIATION**  
3rd Wednesday of each month.

**FORKS PRAIRIE GRANGE**  
2nd and 4th Thursday of each month.

**MASONS**  
Mt. Olympus Lodge No. 298 F. & A. M., meets 2nd and 4th Wednesday of each month, except July and August.

**QUILLAYUTE VALLEY SCHOOL DIST. NO. 402 DIRECTORS**  
Meets every 3rd Thursday of each month, 8:00 p. m., in Superintendent's office.

**FORKS LION CLUB**  
Meets every 2nd and 4th Thursday (except July and August) at 6:45 p. m. at Clark's Vagabond Cafe.

**WEST END CLALLAM COUNTY REPUBLICAN CLUB**  
Meets every 3rd Monday of each month at the V. F. W. Hall.

**V. F. W. AUXILIARY**  
Meets every 1st and 3rd Monday at the V. F. W. Hall, at 8:00 p. m.

**IOOF Lodge**  
Meets every 1st & 3rd Thursday at the IOOF Hall.

If you wish to have your clubs meeting dates listed in the Forks Forum please send us your meeting schedule.

the program. Meinzer stated that William R. Fennell of Sequim, the circuit convention manager, has informed him that department heads have been assigned and that all 22 departments are now in operation preparing the complex organization it requires to set up, direct, and tear down a convention smoothly and quickly. Some 300 volunteer workers will be needed to staff the organization. They will serve the needs of the anticipated 1200 delegates. Already assigned is Charles Meinzer to head the field service department.

Victor H. Brown, the circuit supervisor, announced the sessions will open Friday evening at 6:45 with a song, prayer, and experiences. At 7:00 p. m. the delegates will listen to the welcome address given by Harry C. Good, a special representative to the Watchtower Society. A two-hour program of Theocratic Ministry School and Service Meeting will follow in which talks and demonstrations will show the manner in which Jehovah's Witnesses carry on their ministry.

## It's Time For... EYE CARE

**Dr. Newton K. Wesley**  
**QUESTIONS AND ANSWERS ON BLINDNESS**

How many blind persons are there in the United States? According to the National Eye Research Foundation and the National Society for the Prevention of Blindness, there are approximately one million blind persons in our country. Can some types of blindness be prevented? I would estimate that one-half of our yearly blind total could be prevented with frequent eye examinations.

How many people become blind each year? About 30,000 every twelve months. What is the greatest cause of blindness?

Cataracts are the main reason, and this disease is followed in cause by glaucoma. At what age is blindness most likely to occur?

Most blindness occurs after the age of 65 and the chief cause is cataracts. It is estimated that 1200 out of every 100,000 Americans over 65 are blind; approximately 300 per 100,000 between the ages of 40 and 64 are blind. The figure drops to less than 100 per 100,000 at younger ages.

Can vision be restored? Once vision is gone, it can never be restored. The time to take care of our sight is while we have it. You can help to prevent blindness by frequent eye examinations.

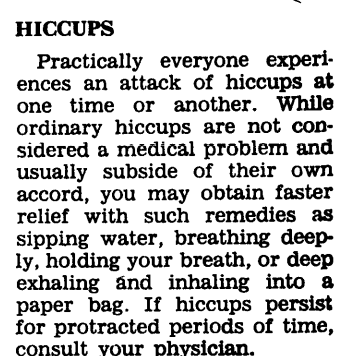

Wesley

## HEALTH HINTS

**FOOTBALL**  
Although football is considered an excellent "character builder" for youths, it can result in bodily impairment if a boy is not in good physical condition. Secure a medical clearance from your doctor before allowing your child to engage in this rough contact sport. Also, make certain he has the necessary equipment—helmet, shoulder, hip, thigh, and knee pads, and shoes—to afford maximum protection. Boys engaging in this sport should play in groups of similar size and age.

### HICCUPS

Practically everyone experiences an attack of hiccups at one time or another. While ordinary hiccups are not considered a medical problem and usually subside of their own accord, you may obtain faster relief with such remedies as sipping water, breathing deeply, holding your breath, or deep exhaling and inhaling into a paper bag. If hiccups persist for protracted periods of time, consult your physician.

### SCHOOL SAFETY

Impress upon your child—especially smaller children—the importance of observing all safety precautions during the school year. Parents should instruct their children on the proper crossing of streets and intersections. Crossing guards are stationed there for the child's protection and should be obeyed. Other safety reminders should cover proper deportment on the school bus and the rules of bicycle safety.

## Cape Flattery School Board Action

Minutes of Cape Flattery School Board Meeting, November 11, 1968. Members present: Elsie Tullock, chairman, Ruth Hinkle, clerk, David T. Lucas, Edward Nicholas, George Munro, David C. Parker.

The meeting was called to order at 7:35 p. m. by the Chairman in the Neah Bay High School Library. A few guests were present.

After correcting the name of Mr. Lucas to Mr. Munro as seconding the motion on the attendance counselor, the minutes of the last meeting were approved.

The board studied the school bus bids. Representatives from various companies handling bus bodies explained to the board the features of their particular bus. After study and discussion, it was decided to accept Murray Motors low bid of \$10,625.50 for a 61 passenger Dodge with a Superior body. Extra options

include padded seat rails, pull-out battery tray, tinted windshield, 2-50 amp Group IV 6 volt batteries, power roof vent, and spare tire compartment.

On the Baha'i request for excused absences for Holy Days, Mr. Lucas moved to grant time off as Mr. Willison recommended. His recommendation was for grades 1-6 to be excused at afternoon recess, and grades 7-12 at the last period of the day on the requested Holy Days. Notes will be necessary for each requested day. Mr. Parker seconded the motion, adding he felt this excused time off should be granted only so long as students continued to keep up in their classes. Motion carried.

A letter was received from Mr. James Click, Supervisor of State Indian Programs in response to Mr. Willison's request for Johnson-O'Malley funds to supplement funds from others for hiring an

attendance counselor, authorizing \$420.00 for this purpose. The Makah Tribal Council is still seeking applicants for this position. Mr. Parker was appointed to meet with Mr. Coheen and a representative from the council to choose one applicant. The Council wants complete follow-up on truants.

A letter and other information was received from Mr. Gael Stuart, Supt. of Port Townsend School District, concerning a suit to recover Forest Funds that is being brought on the State by the Port Townsend school district, and possibly interested parties. Mr. Willison recommended that we don't enter into the suit, but ask large tax payers to donate money toward the suit. Mr. Parker moved, Mr. Lucas seconded and carried to authorize Mr. Willison to look into the possibilities.

A letter was read from Mr. Elmer Stanley concerning an evening get-together with students by a chosen representative of the Board on Friday evening, Dec. 6th, following the main banquet of the annual School Directors' meeting. Mr. Munro moved that we not be represented this year. Mr. Lucas seconded and carried.

A letter was read from ITT Rayonier concerning the right-of-way disposition. They are attempting to work out a procedure to handle disposition of these rights-of-way, and will give our request consideration as well as an arrangement is developed.

The financial status report and list of bills were presented by the clerk. The composite lunch report will be sent out at a later date.

Mr. Willison gave a short report on the WASSA meeting held in Spokane on Oct. 27-28. A written report on WASSA's position on negotiations was sent to the board earlier.

Mr. Willison reported that Mr. James Thompson's position as district maintenance man is now open.

Mr. Darling reported that

7 out of 17 teachers attended meetings in Port Angeles on October 18th. 9 stayed home and worked at school. One was out because of illness in the family. All Neah Bay teachers went to meetings somewhere in the state.

The final reading on "Eye Safety Protection" was heard: 1. Eye safety protective devices shall be furnished without cost to instructors and students on a loan basis.

2. Industrial quality eye protective devices as used in the rule means devices meeting the minimum standards of protection as embodied in the "American Standards Safety Codes for Head Eye and Respiratory Protection" Z2, 1-1959 Code and subsequent revisions thereof, as approved by the U. S. of American Standards Inc. formerly American Standards Association.

3. Eye safety devices shall be worn and required any time an individual is engaged in or is within reasonable proximity to an activity involving the use of hazardous substances likely to cause injury to the eyes.

Mr. Parker moved to adopt this as part of our policies. Mr. Nicholas seconded and motion carried.

It was reported that the Neah Bay bus went into the ditch at Deep Creek Monday, November 11 on the way to Bainbridge to a music meet. Mr. Darling took Mr. Balch and the shuttle bus out to pick up the students so that they could continue on to Bainbridge. The bus was taken into Port Angeles for estimates on the damage.

Repairs on the Neah Bay building have been completed except for painting the beams. There was a discussion on the State Supt. bulletin on De Facto Segregation.

An amendment to Law 874 prohibits state's use of federal impact funds for equalization. If the level of support remains about the same, Cape Flattery District should have about \$50,000 more in funds from

this source. Mr. Munro moved, Mr. Lucas seconded and carried to approve the vouchers and November Payroll. Adjournment came at 11:30 p. m. Next regular meeting will be Dec. 9th in the Clallam Bay Home Ec room at 7:30 p. m.

## Clallam Bay—Sekiu Lions Projects

The Clallam Bay - Sekiu Lions Club, under president Roy Poppe, has announced their major club project for the year. They will furnish a reader board for the Clallam Bay Schools.

Last year, under president Ed Maneval, the club furnished materials for building bleacher seating for approximately 300 people at the Bruin athletic field.

The planks and steel were furnished and the school shop classes constructed the bleachers.

The Clallam Bay - Sekiu Lions have been raising a major portion of their funds on shake cutting work parties.

**CHRISTIAN SCIENCE**  
"Thy hands have made me and fashioned me: give me understanding, that I may learn thy commandments. Let thy tender mercies come unto me, that I may live: for thy law is my delight."

These words from Psalm 119 are part of the Bible Lesson-Sermon titled "Mortals and Immortals" to be read in all Christian Science churches this Sunday.

Related passages from the denominational textbook will include the following: "In Science, man's immortality depends upon that of God, good, and follows as a necessary consequence of the immortality of good." (Science and Health with Key to the Scriptures by Mary Baker Eddy)

Services at VFW Hall, A St., S. E., are held Sundays at 11 a. m. All are welcome.

# Meditation

Wm. E. Cross, Pastor -  
Forks Bible Church

A "Message for Today": something new, up to date, that which can be communicated to this "now" generation . . . . Such are the common and oft heard remarks of many who are searching for an answer to the present complexities, confusions and frustrations. The Bible, totally inspired by God, is His revelation to man and, regardless of what its critics have tried to do to it and its message, it still remains man's final authority for faith and practice.

From every blast of the critic the Bible has come forth as a mightier witness to God's interest in mankind. Dictators have sought to abolish it, only to find themselves broken by the solidity of the Rock. Ecclesiastics have consigned it to flames, but always the Bible has survived the burner and the fire and has shone forth as a brighter light in a sin-darkened world. Every storm that has beat upon God's Word has exhausted itself and left the Word higher and greater in the hearts of men than it was before.

There is nothing that so abides with us as what we receive from God through His Son Jesus Christ; and the reason why Christians at this day are at such a loss as to such things is because they are content with what comes from men's mouths, without searching and kneeling before God to know

of Him the truth of things.

Jesus admonished some of the religious leaders among the Jews to, "Search the Scriptures; for in them ye think ye have eternal life: and they are they which testify of Me." Paul tells us in II Timothy 3:16, that, "All Scripture is given by inspiration of God, and is profitable for doctrine (teaching), for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works."

The Scriptures, the Word of God, the Bible, both Old and New Testaments, is the divinely inspired Book which makes known unto man his Intercessor, High Priest, Advocate and only Saviour, even Jesus Christ our Lord!! He is the One Who not only has the answer to every man's problem but He is the One Who IS the answer to every man's problem! If the Bible reveals anything at all to man it reveals that Jesus Christ is the answer to every dilemma and the sufficiency for every crisis.

In this hour of a myriad of books, a multitude of voices and a meaningless approach to contemporary problems, how wonderful it would be if all men would turn to the Book, the Bible, God's Holy Word, and find there His eternal, unchanging and all-sufficient answer for every need; the only answer that can bring the "peace of God which passeth all understanding."!!!

A giant radio telescope picked up bursts of static from a galaxy 2000 light years away. In them, scientists discovered these simple words:

"Earthmen, your planet is in danger. As your morals decay, your great cities slowly crumble. You will see wars and civil strife."

"But we offer you hope," the ancient message continued. "A new world. We can give you knowledge and bring you the peace for which you have searched so long . . ."

Science-fiction?

Not entirely. There is a message that originated in a distant place over 2000 years ago. It describes the world as it is today, and it offers hope for the future.

The Bible, inspired by God, is a very real message, one that you can begin reading today. Then go to church on Sunday and meet the Author there.

 My commission expires August 1, 1972.  
 Mary Ann Beebe, Notary Public.

# Savings Bond Sale Strong

U. S. Savings Bonds sales continue to hold strong. Volunteer County Savings Bonds Chairman, James E. Phillips reported here today in his monthly sales release.

"Locally, sales within this county amounted to \$22,162 for the month of September," he stated. "Sales throughout the state totaled \$4,218,619 as compared with \$4,053,786 for September a year ago, an

increase of 4.06%. "Sales of Freedom Shares hit another all-time peak of \$278,360 for the month," he continued.

He stated further that "recent legislation now permits the redemption of Savings Notes (Freedom Shares) in the same manner as Series E Bonds. Formerly, Freedom Shares had to be forwarded to a Federal Reserve Bank or the Treasurer of the United States for redem-

ption." He pointed out that "this new legislation makes Freedom Shares an even more cheerful companion to Series E Bonds. Freedom Shares, issued on and after June 1, 1968, now pay 5 per cent, compounded semiannually, if held to maturity of 4-1/2 years. They may now be purchased over the counter at your bank-in combination with Series E Bonds of the same or larger denomination as well as on the Payroll Savings Plan where you work. They must be held one year before they may be redeemed."

"Nationally, cash sales of Savings Bonds for September totaled \$361 million, the same as last year's, but topping September sales for 10 of the previous 11 years," he concluded.

## Legal Notices

**NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00**

Notice is hereby given that on Monday the 2nd day of December, 1968, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

**LEGAL DESCRIPTION:** The sale is composed of all salvage material within previously logged unit comprising approximately 6,000 board feet of cedar on part NW 1/4 of Sec. 24 Twp. 27 N., Rge. 12 W., W.M. Jefferson County, Washington.

**CASH SALE**

Forest products will be sold on a cash basis.

Minimum acceptable bid will be \$180.00.

On or before December 2, 1968 at 10:00 a.m., each bidder must make a minimum deposit of \$18.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

**BOND:** On the day of sale, the purchaser must also furnish a cash bond of \$100.00 in the form of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Forest products must be removed prior to June 30, 1969. Located approximately 16 miles by road South of Forks. Accessibility Via Department of Natural Resources Access.

A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

## NOVEMBER IDEAS for COOKING WITH BEER!

### THANKSGIVING-FRUIT COMPOTE

- 1 can (1 lb.-14 oz.) pear halves
- 1 can (1 lb.-14 oz.) peach halves
- 2 cans (11-oz. each) mandarin oranges
- 1 tsp. curry powder
- 2 tsp. lemon juice
- 1 cup beer
- Grated rind of orange
- Drain fruits, reserve syrup.
- Place fruit in large saucepan, pour enough syrup to just cover. Blend curry powder with lemon juice, add. Add beer, orange rind, stir gently, simmer 5 minutes until heated. Serve warm. Serves 6-8.

### HOLIDAY HARD SAUCE

- 1/2 lb. sweet butter
- 1/2 cup sugar
- 3 tsp. beer
- Cream butter, sugar together. Blend in beer. Chill. Serve with mince or apple pie or plum pudding. Makes 1/2 cup.

### SECOND-DAY TURKEY CASSEROLE

- 2 cups cooked dressing
- 2 cups pieces or slices of turkey
- 1/2 cup beer
- 1 can (10-3/4 oz.) chicken gravy
- Place dressing in greased casserole, top with meat. Blend beer and gravy, pour over turkey. Bake covered 350

4-H News

The Working Kids 4-H Club held their first meeting of the year on Nov. 4th with their last year's vice president, Jim Parker, opening the meeting. Dixie Parker led the Pledge of Allegiance and Joe Parker led the 4-H Pledge.

The leaders are Mrs. Gary Parker and Mrs. Donna Parker. Rolinda Ronish is Junior leader. Under new business, the following officers were elected: Betty Whitehead, president, Caroline Ellis, vice president, Dixie Parker, secretary, Lynette Richards, treasurer, Jim Parker, reporter.

Darla Gaydeski was appointed refreshment chairman. Other members are Susan Klahn, Kristi James, Agnes Zepeda, Shannon Chambers and Joe Parker.

We have nine different projects this year. They are "Let's Cook, Let's Bake, Picnic and Parties, Let's Sew, Learn to Knit, Dogs, Rabbits, Bachelor and Bicycle Care and Safety"

FABULOUS FORESTERS

The first meeting of the Fabulous Foresters was held on Thursday, Nov. 14.

Officers elected were; Barney Engle, president; Lane Richards, vice-president; Robbie Jackson, secretary; Ronnie Morgan, treasurer and Don Whitehead, reporter.

Mary Engle is our junior leader and Mrs. Ralph Smothers our leader.

The following committee chairmen were appointed: Scrapbook, Billy Russell; Fair, Dan Shearer. Don Whitehead, reporter.

The Needles and Spoons 4-H Club was called to order by president, Kathy Archer. We had one new member, Carman Hoke. We said the 4-H Pledge and the Pledge of Allegiance. We have decided on 50¢ dues per year.

Members agreed to make cookies for the KVAC anniversary reception on November 24 at the Legion Hall from 1:00 to 4:00.

Tyee-Beaver-Sappho News

By MRS. J. E. MERRITT

Mrs. William Kraft returned home last week from a two-week's stay in Olympic Memorial Hospital, Port Angeles, where she underwent surgery.

She is rapidly improving, her friends are glad to hear. Mr. and Mrs. Kraft's son, Ron Kraft, has completed his service in the U.S. Army, and is home after a tour of duty in Vietnam. He has been home for about two weeks.

Mr. and Mrs. George Levine and son, Brian, returned home on Tuesday of last week after a five day visit with their respective parents. Mrs. Robert Levine and Mr. and Mrs. A. D. Withey, all of Centralia.

On Wednesday of the previous week, Mrs. Levine's brother and sister-in-law, Mr. and Mrs. Tracy Withey, came up from Centralia for a short visit at the Levine home. Mr. Withey is in the U.S.A.F. and had been stationed at Lowry AFB near Denver, Colo. He was being transferred to Holloman AFB at Alamogordo, N.M.

Mr. and Mrs. A.M. Nordman returned home Saturday night after a week's visit in Seattle at the home of their son-in-law and daughter, Mr. and Mrs. Henry Werner and their new baby, Aaron Moritz Werner, born Nov. 5.

The Nordmans also visited their son, Arvid Nordman, and family. On Friday Mrs. Nordman went to Renton and visited Mrs. Charlotte Bentley, a former neighbor. Mrs. Bentley sent her greetings to all her friends in this area.

Knute Nelson and two friends came from Sacramento, Calif., for elk hunting. Mr. Nelson was employed as an engineer by Rayonier, Inc., and left here some 17 years ago. Mrs. Elsie Browning returned home Sunday after visiting for several days with her brother and sister-in-law, Mr. and Mrs. Ed Isaacson at Indianola. Mrs. Browning's son, "Speedy" had gone to Seattle on Wednesday

and took his mother to Indianola, picking her up on his way home. Jeff Johnston, accompanied by a brother from Bellingham, returned home Monday after spending several days at the George McCain home while elk hunting. Jeff Johnston is married to Mrs. McCain's niece.

Mrs. Mary Dacherty of Chilliwack, B.C., had the misfortune to break two ribs in a fall two weeks ago Monday. Her son-in-law and daughter, Mr. and Mrs. William Sinclair, went to Chilliwack Saturday to visit her and returned home Sunday night. Mrs. Dacherty is 82 years old.

Mr. and Mrs. Jacob Swalling of Battle Ground, Clark Co., visited over the weekend with his brother and sister-in-law, Mr. and Mrs. Swalling. One of the brothers ( your correspondent is not sure which one ) had a cow elk permit, but was unsuccessful in hunting.

Mr. and Mrs. L.R. Eaton visited Saturday and Sunday with her cousins, Mr. and Mrs. John Comfort, in Satsop. Mr. and Mrs. Edward Erickson of Hansville visited Sunday with their son, Gary, stationed with the Coast Guard at La Push. They also visited Mr. Erickson's sister, Mrs. Signy Udd, at Forks, and her daughters, Mrs. James Scarlett at Sappho and Mrs. Wiley Duncan, Forks, and their families.

Mr. and Mrs. Carl McDaniels came out from Port Angeles Monday and visited at the A.M. Nordman home. Mrs. McDaniels and Mrs. Nordman attended the Niwaua Home Ec Club meeting at Forks.

Dualclean Services

Obituarie

Jack Norkool, 58, born Sept. 9, 1910, in Kent, Wash., died suddenly Nov. 5 while working on a Rayonier logging project north of Lake Quinault. He was a resident of Hoquiam the past 22 years, and was employed by Rayonier as chief logging engineer. He served with the Navy during World War II and has been with Rayonier since his discharge in 1946. He was a Hoquiam city councilman from 1961 to 1967. His activities on the council included a prominent role in promoting urban renewal. He was a member of Westhaven Lodge 274, F. & A.M.

He is survived by his widow, son, Thomas, and daughters, Patricia and Kay; three sisters, Mrs. Mildred Holma, Renton, Mrs. Helen Fowler, Seattle, and Mrs. Ira Carlson, Kent, one brother, Carl Norkool, and a granddaughter, both of Kent. Masonic funeral services were held Nov. 8, at Colman Mortuary in Hoquiam. Internment was at Kent.

Local residents attending were: Mr. and Mrs. James Scarlett, Mr. and Mrs. Walter Baron, Robert Cunningham, Merritt Corbin and Robert Swerin.

Mr. Scarlett was a pall-bearer.

LETTER TO EDITOR Game Management

There is this one man one vote stuff. Real democracy, or it should be, but is it when it governs areas without the concern of the voters most immediately concerned, and about which those other voters that do govern, in large part have neither interest nor concern, and maybe even no knowledge? Our federal constitution certainly takes a different slant. It supposed that the states thru the Senate should have area representation and thru the house population representation in the Federal Congress. The Federal Government is now constantly over-riding what should be the concern of the States alone or even smaller subdivisions of government.

Thus the voters of the ghettos of Chicago, Detroit, or New York being more numerous than the voters of the Peninsula and of course abysmally ignorant about it, have more to say about what goes on in the Olympic Peninsula than we do.

The same in lesser degree applies to our State and its governing bureaucracy which are often given regulatory powers far beyond State constitutional permissiveness.

The Forks area has recently had some examples of irresponsible bureaucratic regulation. When the Olympic Park was created by act of Congress and almost entirely without consideration of either the State of Washington or the Olympic Peninsula counties involved, there was a wonderful array of wildlife there—mostly game and of course some predators chiefly cougars.

Now the Forest Service believes in multi-use and management of its resources—the Park Service doesn't. It goes on the theory that resources can be preserved, that all that is necessary is to keep what is. Nature operates differently. Every tree or animal is born doomed to die. Water over the dam serves no further purpose, and in a forest for each tree that sprouts one must decay. On the other hand a harvested crop is replaced in a period of time. If a farmer does not mow his meadow the crop he has lost

is gone forever and his next years harvest will be no larger for the neglect of the previous crop. This we nearly all know. What happened in the Olympic Park could of course be expected. Cougars with plenty of game to feed on raised large families. Soon there were too many for their dwindling food supply. By the spring of 1966 the starving supernumerous cats had moved out into the Forks area and had so depleted the game that they were a pest to the community. And what then? The game Dept. using its regulatory power proceeded to protect the cougar as a game animal! Only the concerned shrieks of the Forks people and the intercession of the members of the legislature from the Peninsula succeeded in getting this modified.

The cougar here is still a game animal but not under a closed season. We have recorded that more than 48 cougars had been shot in the Forks area since the regulations went into effect. It takes 50 elk and deer to feed a cougar adequately for a year or all the increase from 100 deer assuming, as is the ordinary natural ratio, that only 50 are fertile does among that many deer. Probably less raise fawns.

The deer population of the Hoh Valley and that is I presume about average for the Peninsula thanks largely to over-predation is only about 10% of what it was 15 years ago.

So now with deer verging on extinction and again in entire disregard of the wishes of not only our sportsmen but residents in general, the game Dept. has opened a doe season. A buck season is probably never harmful. The deer are highly polygamous and no amount of hunting in season could deplete the bucks too far. They are quite competent in staying out of hunters' ways. So why such utter stupidity.

Well in the past here and there where predation was low and seasons closed beyond reason, game has what is called starved and ranges have been destroyed and herds died off. It, in this area at present time

cannot be a factor. We regularly pasture 50 or more goats on our 200 acres of Hoh land---It takes that many to keep the weeds and brush under control in well maintained cow pasture. Except for does with kids in or before early spring we find they do not need supplementary feed at anytime wethers and dry nannies can find enough to eat at anytime of year---twigs evergreen ferns, grass, ect.

Now---I have had experience raising both deer and elk, a few deer and many elk calves past weaning age. Elk, deer and goats in this area are all browsing animals. Our ranges today are vastly undergrazed by game. It is easy to tell. When the brush increases in density from year to year the game is not utilizing all its potential. I have seen over grazing of game ranges. Around 1915 the elk on the Upper Hoh expanded beyond range capacity. First the most tasty plants disappeared and before 1932 when at long length authorities found courage to declare an open season, everything winter edible was gone. The elk were eating half decayed cottonwood logs, mosses, twigs of huckleberry and willow down to 1/2 inch in diameter even the bark of devilclubs. And you should have heard the outcries of the dedicated self-declared elk protectors at that open season.

In the Kaibab National Forest and numerous sections in such states as Michigan and Minnesota senseless over protection of deer also evanuated in "starvation". It is not always lack of feed of course, but too much of the wrong kinds and in more cases than one would suspect, the buildings of parasites infections and diseases. The formula is; with area a constant, the incidence of parasitism increases at the square of the herd number. A little look at that will show what mere increased crowding will do to the welfare of animals even if food is ample.

A doe season on deer in the Forks game ranges is the height of stupidity---a cow elk season probably not yet necessary or best management. The brush is still on the increase from the mountain tops to the seashore all over the West side in some place at the maximum so no more could possibly grow game or no game. This is another example of ignorant political power. You maybe sure if the matter were left to the local discretion there would be far more wildlife in our State and private tree farm forests than today. Ask our local sportsmen, and woodsman who know what goes on! Lena Fletcher

Well in the past here and there where predation was low and seasons closed beyond reason, game has what is called starved and ranges have been destroyed and herds died off. It, in this area at present time cannot be a factor. Except for does with kids in or before early spring we find they do not need supplementary feed at anytime wethers and dry nannies can find enough to eat at anytime of year---twigs evergreen ferns, grass, ect.

A record of nearly 18 million tons of foreign steel will enter this country in 1968.

NATURE'S ART Standing boldly against the powerful Pacific, this one-time giant of the forest is now a victim to Mrs. Nature and her scapulating ways. At this time the scene is calm and peaceful. Within a few months, both wind and tide will sweep this masterpiece to sea. For six hours it will be polished by the waves before returning on the in-coming tide to a new resting place south of James Island.

by Lonnie Archibald

One Day Book Sale Here

Residents of the Forks area are invited to attend a one night only book sale at the Congregational Church Fellowship Hall in Forks.

This is a trial event sponsored by the Washington Book and Bible House of 1101 N. Allen Place in Seattle.

A wide variety of books not commonly found on the stands will be offered at this time. High quality reading material in the best bindings will be available. Stories for children and adults; books for pleasure reading and health education.

Attendance at the sale does not obligate you to buy; just browse around, meet your friends and enjoy yourself. Remember this event on Saturday evening, November 30, from 7:00 to 9:30 p.m. at the Congregational Church Fellowship Hall.

The Forks Forum will be published one day earlier next week due to Thanksgiving.
