

SPORTS WANDERINGS . . .

The coaching profession is one of the most unstable employment rolls an individual can become involved in. If the coach produces a winner, he is thought of as a great coach. Let him lose a few seasons and the fans are ready to hang him in effigy. The question of having or not having material doesn't seem to enter into the picture. The professional ranks are the best example.

Ted Williams, one of the greatest baseball players of the modern era, was hired as manager of the Washington Senators, a perennial loser. He'll get a couple of years to produce and if he doesn't, the ax will fall.

Punch Imlach was fired as coach and general manager of the Toronto Maple Leafs only moments after his team lost a fourth straight play-off game to the Boston Bruins. The Imlach era brought four Stanley Cups in 11 seasons and play-off finishes in 10 of those seasons. Many of his players are close to retirement age, but reasoning seems to run second to money in the professional sports.

It's great while you're on top, but oh how lonesome it can be while you're down.

Baseball season is upon us again as the majors opened play this week. The American and National Leagues have split into two divisions each this season and Seattle, Montreal, San Diego and Kansas City have been added as expansion teams.

Expansion teams and a pre-world series play-off between divisions will extend the season into mid October. By the end of the baseball season the college football seasons will be half over, pro football teams will have played their exhibition season and seven games of the regular campaign and pro basketball and pro hockey will be underway.

Baseball is fast becoming the long campaign of unexcitable action. A former National League Broadcaster, Red Barber, has written an article worth reading, "Can Baseball be Saved?" The article appears in the April edition of Readers Digest for those interested. Barber discusses 9 ways to improve the game.

It's difficult to find fault with his theory of baseball. Fans don't enjoy the long drawn out, low scoring pitchers duels typical of baseball today.

Awards were presented to the Junior Mixed League bowlers at a banquet held last week at the Vagabond.

Marshal Riebe Beaten Hospitalized

Forks Marshal Phil Riebe is in satisfactory condition in the Mason General Hospital in Shelton following a beating by unknown assailants Sunday evening.

Marshal Riebe was in Shelton assisting the Mason County Sheriffs Department and Shelton Police Department in investigations of recent burglaries in Clallam and Mason Counties.

Riebe was found by a passer-by, moments after the attack, in an unconscious condition. He regained consciousness the next morning. He has a fractured skull and severe concussion.

Citizens Group Assists School Board With Building Program

The Citizens Building Advisory Group has recommended to the Quillayute Valley Board of Directors that the board submit for bids the construction of the 18 classrooms of the new elementary school.

Members of the group have met with the architect and electrical engineers to study the proposed building. The rising building costs prohibit the complete phase one construction as originally planned. The original phase one

plan called for 3 pods of 6 classrooms each, a multi-purpose room and administration building.

The Citizens Building Advisory Group has been studying the building program with the architects, Charles Rueger and Associates and the school board. The group consists of Mr. Jon Erickson, Mr. D. D. Peterson, Mr. George Blattner, Mr. John Leppell, Mr. Al Fletcher, Mr. Charles Archer, Mrs. Ray Cooper, teacher representative and Mr. Tom Winsor.

Upon completion of the study it was determined the \$600,000 bond issue would not allow for the complete construction of phase one. The advisory group also felt that enough money should be held back to furnish the new rooms and if necessary a cut-back in the number of rooms constructed.

The Advisory Group is also working with the board on maintenance of the existing school buildings.

Vagabond Hit For \$5,200 In Series Of Burglaries

Clark's Vagabond and Olympic Pharmacy were entered early Monday morning in Forks. Entry into Olympic Pharmacy was gained through the back door. The door was completely ajar, the night rail was ripped off and the door shattered around the lock and at the floor where a pin helps keep the door shut.

An alarm system at the Pharmacy alerted police officers who rapidly closed in on the scene. The burglars were gone when the officers arrived on the scene.

Vern Campbell, owner, stated that apparently nothing was missing and surmised the robbers discovered the alarm and fled.

Clark's Vagabond was not as fortunate when owner Claude Clark tallied a total of approx-

imately \$5,200 was taken. The safe was broken into and the cash register in the bar was ripped open. The two registers in the restaurant were apparently untouched.

The burglary occurred between 12:30 a. m. and 4 a. m. when Bev Beckwith and Marie Allen opened the restaurant Monday morning. They discovered the back door open and began a check of the office, finding the safe pryed open and papers scattered throughout the room.

Forks Marshals and Clallam County Sheriffs Department are investigating the robberies.

A burglary attempt at Pay and Save Foods late Monday evening was foiled by the Sheriffs Deputy Bill Keyes.

Accidents Recorded

A one-car non-injury accident took place at 1:30 a. m. Tuesday at the Bogachiel Bridge on the LaPush Road.

A 1964 Ford station wagon, driven by Donald B. McDaniel, Seattle, collided with the bridge guard rail. McDaniel was returning to LaPush when he lost control of the car.

The station wagon registered to the Interagency Motor Pool and being used by the U. S. Coast Geodetic Survey was a total loss.

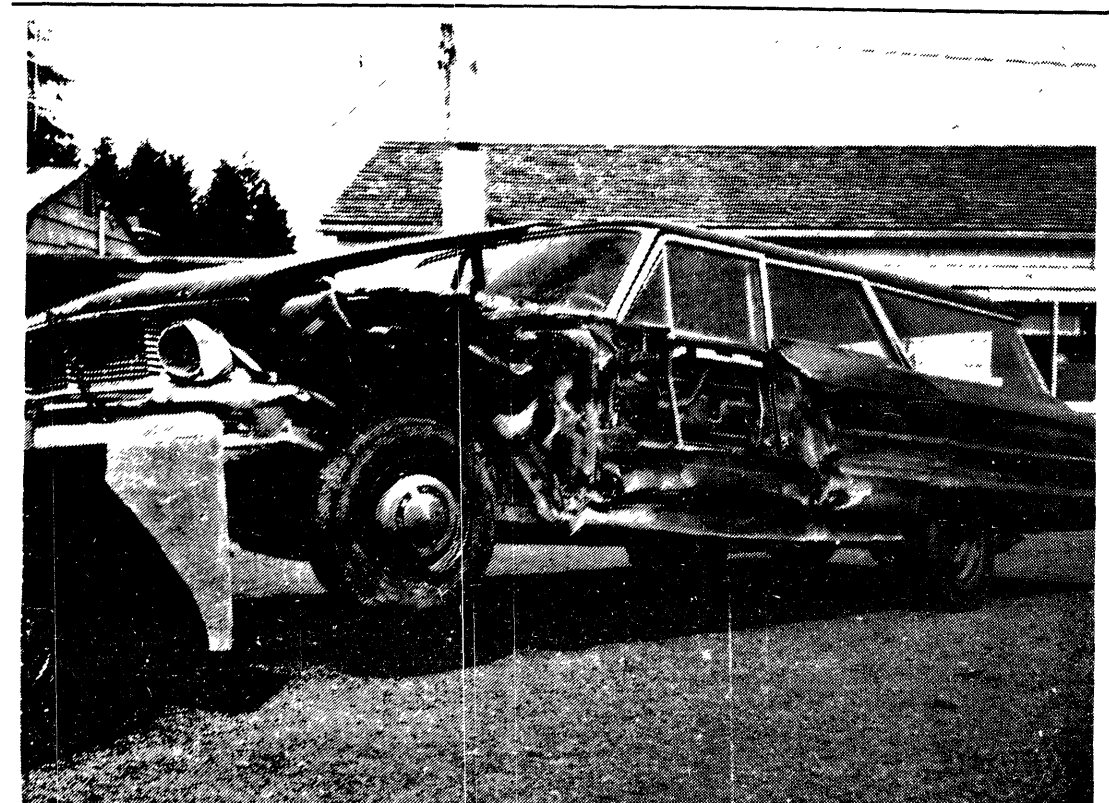

A one-car accident occurred

shortly afternoon Saturday at the triangle of Sol Duck Way and Forks Avenue North.

A 1959 Chevrolet driven by Robert Morgan, Forks, suddenly jumped the triangle bulkhead and ended upon the old used car lot of Halmor Ford, ripping through a patch of rhododendrons.

Morgan was not injured in the accident.

Damage to property and the automobile was estimated at \$200 by the Forks Marshals Office.

LETTERS TO EDITOR

Editor,

What's happened to our town? I remember when I was going to high school it was a nice quiet town, no major problems. Just the typical one that you would find in any small logging town.

I came home on leave last May and found that the theatre had been closed for a week or so because of some ordeal. I thought, well, all towns have their problems. Now I'm hearing about things that aren't minor anymore. In point, things such as petty larceny, grand larceny and the use of narcotics. Both of the former most likely stemming from the latter.

If this type of thing is al-

lowed to go on unheeded, it will most likely mean the downfall of a fine community. It will destroy vital tourist trade and our school system, but worst of all, it will destroy the individual person. Destroy him to such a point that he is of no worth to mankind.

We can't expect the school or the city marshal to stop this. They can't do anything until after the harm has already been done. It must be dealt with in the individual home, where the individual person is better understood. In this way the young men who are away fighting for their home will have a town that they can be proud to talk about and come home to.

Church News

CHRISTIAN SCIENCE
"Are Sin, Disease, and Death Real?" is the subject of this week's Bible Lesson-Sermon to be heard Sunday in all Christian Science churches. A verse from Job, included in the lesson, states that God "will not afflict." A related passage from Science and Health with Key to the Scriptures by Mary Baker Eddy says: "The humble Nazarene overthrew the supposition that sin, sickness, and death have power. He proved them powerless."

Sunset Highlites
By Fred Jarvis

A little under the weather today. Must have been something I ate at the annual bowling party Sat. nite. Funny thing, ran into a few more people who were at the party and they all seemed to have the same symptoms.

It was, as usual, a huge success, due largely to the efforts of Mary and Frankie Kennedy, Clara Maher and D.J. Caulkins. They did a fine job. Thanks from all of us.
Ollie Swearingen led all bowlers Tues. afternoon with her 196-531.

In the Sunset Eights Jr., Patty Laswell led the girls with a hi 30 of 385, Jill Horton had the hi 10, a 146. Gary Huling bowled a man sized 198 for the boys. (would like to get a few like that myself), and Jeff Blair had 493. Ray Maxwell tossed in a 179-478. Robert Jackson picked up the 4-5-7. Jeff Blair the 6-7-10 and George Ronish the 4-10.

Had a 225 high game for the Sunset League and Darrell Thomas rolled a 577, with Dick Streeter one pin behind at 576. Earl Kennedy blasted out a 222 to take high 10 with handicap. Mary Kennedy banged out a 225-546 for the Weds. Powder Puffs and Maureen Anderson had a nice 210.

Kathy Hamby took over the top perch of the Hoot Owls with her 202-525.
In the Thurs. Nite Women's, Gladys Allen topped 198 pins hi 10 on her way to a 555 series.

"Hot Hand" Harry Lefler slapped around 215 pins hi 10 in the West End League and Duke Streeter a 211-586.

John "Retired" Nagel had the big series for the week, a 605, in the Early Fri. Mixed. He also tied with Duke for hi 10 at 213. Jerry Beebe was tops for the women with 180-513.
Darrell Thomas led the Late Mixed with a 212-596. Mother Jarvis had 180-500 for the weaker? sex.

Sure good food at the party Sat. nite. makes me hungry just thinking about it. Get kind of pooped remembering all the dancing I did.
The live music was wonderful and I hope everyone had a good time.

State Tournament this weekend for Forks State Bank, Clark's Vagabond, and Prager Bros. Log. Good luck to us all.
Kurt Dewees and Jim Hjelmseth shared the hi game of 213 with Jim taking hi 30 at 533. JoAnne Hjelmseth led the ladies with 172, and Yvonne Kettel rolled a hi 30 of 501.

Forks Prairie League voted to set aside this coming Monday nite for the BPAA team event. One out of every four teams advance to zone finals. A real good tournament.

Chuck Hamby, subbing on Fitts Log team, tossed the week's hi game, a 245. Nice bowling, Chuck.
Darrell Thomas again owned the biggest series, a 588.
Guess I'll sign off now and go get some much needed sleep. See you next week.

Spartans To Sequim

Forks Spartan thinclads will travel to Sequim Friday for a league triangular meet with Sequim and North Mason.

All league meets are triangular affairs with the winner earning 2 points and second place 1-point towards the league title.

Forks and North Mason will be battling for the important second place finish. Sequim appears to be on the way to its first league track title after showing strength in its first league meet.

Pony League News

Final sign up date for Pony League baseball players will be held April 21st at the school playground. Boys ages 7 thru 9 are eligible for Pony League.

April 28 will be the first scheduled turnout. Play begins May 12.

Scout-Arama

Scout-Arama will be held this Saturday, April 12, from 6:30 p.m. to 9:30 p.m. at the grade school multi-purpose room.

This is the first of its kind to be held in Forks and will be put on by the combined efforts of the Boy Scouts, Cub Scouts, Explorers, Junior Girl Scouts, Cadet Girl Scouts and Brownies.

The purpose is to show the public some of the activities and achievements of our local scouts and to raise money to further develop the areas scouting programs.

The Scout-Arama will feature displays and exhibits, demonstrations, songs, model race car events, games and tricks, a puppet show, animal display featuring unusual pets and refreshments. Admission fee is 25¢ for all over 12 yrs. of age. This fee includes everything except refreshments. Donation by those unable to attend but wishing to aid the scouts will also be appreciated. The Boy Scouts and Cub Scouts are now conducting a pre-event ticket sale. Tickets can also be purchased at this door.

Forks Spartans Victorious In Triangular Meet

Clallam Bay, Joyce and Forks clashed in a rain soaked triangular meet here Friday and the Forks Spartans rolled and splashed to 108 points in chalking up 108 points to win. The Bruins took second with 36 points and Joyce tallied 31. The Bruin point total was cut short when three of the best Bruin performers failed to come prepared with necessary gear to brave the elements and set out the meet.

The meet moved along rapidly despite the frequent showers and the slipping track conditions. Times were slow as a result of the conditions.

Two field records were broken in the meet; McCaslin set a new mark in the shot with a heave of 45' 3 1/2" and Bob Seigle set a new standard in the triple jump at 38' 3".

The Forks mile relay team (Spoelstra, S. Perry, Smith, D. Perry) turned in an impressive time, 4:01.3 in winning the event. Each member had to splash through 50 yards of water on the back straight-a-way.

WEST END PIONEERS CLUB
New President, Iva Wahlgen conducted the March 28 meeting. Reports were given by Grace Anderson, Sunstine; Olive King and Arthur Munson; Community Council.

Roland and Alma Anderson were appointed program chairmen; Violet Corbin; supper committee.

An account of early West End Post Offices was read, to be sent to the Clallam County Historical Society for the book being compiled.

Montie Wilson and Iva told of a woman's funeral in Forks in early days, with all pallbearers being women.

Grace Anderson read a poem, "The Old Prospector". Iva read excerpts from "The Clallam Bay Record", of Sept. 1, 1901.

Ingrid Dahlgren entertained with many favorite tunes on her accordion, followed by potluck supper and visiting.

Plans for a float in the July 4th parade will be discussed at the April 25 meeting. Bring all your ideas for consideration.

Two Forks youths were apprehended as they attempted to gain entry to Leppell Distributing, Sunday evening.

The two youths were attempting to pry open a window in the back of the building when Mrs. Edna Leppell drove up. She was acting on a tip from a passer-by.

The youths were taken into custody by the Forks Marshal and released to their parents.

Leakage Problem Located In LaPush Water System

The Public Health Service notified the Quileute Tribal Council that a leak had been located in the village water supply main and that repairs have been made.

It was estimated 85 gallons per minute were lost due to the leak.

The Tribal Council authorized the installation of parking areas at the boat haven fill. Parking lanes will be installed to hold more cars in the existing areas with less congestion. Parking fees will be charged.

The Council authorized the purchase of 18 drill team uniforms from the recreation fund. The navy blue uniforms were purchased from Sears Roebuck Company in Seattle.

The drill team was recently organized and will represent LaPush in various parades and

functions throughout the state. The group consists of girls in grades 1 thru 8 and is under the direction of Mrs. Herman Waters and Mrs. Diane Ward.

Mr. Richard Berwick, former Vista worker in LaPush, is the new Community Action Program Director for the Quileute Tribe.

Poacher Convicted

Elton Diimmel, Clallam Bay, was convicted in Judge Lee Reynolds Justice Court, Port Angeles, on a charge of cedar trespassing. Diimmel was fined \$100 and court costs.

Diimmel was apprehended by Charles Barlow and Wilbur McBride, DNR employees, cutting cedar on state land near the old Clallam Bay Honor Camp, February 15.

Two Resign Council Posts

Letters of resignation from Mrs. A. E. Burdick and Mrs. George Campbell from the Forks Community Council Disaster Committee were read by Rev. J. William Hawk, president, at the March Community Council meeting.

The resignations are effective June 1st. A standing vote of thanks was given to the resigning members.

The Disaster Committee reported assistance had been given to the Weeman and Smith families after their fires. It was also reported the Red

Cross and Good Neighbors Relief Fund, both UGN agencies, sent the families checks.

In other business Mr. Carlton Olson, president of UGN, presented Mrs. Richard Haberman with a UGN Merit Award Plaque for being chairman of the local UGN Drive. Mrs. Shirley Meisner, council treasurer, reported the first quarter allotment of \$238.75 from UGN had been received.

Twenty-one delegates representing fifteen organizations were present. The next meeting will be May 27 at 8 o'clock.

DEAR JANE

Dear Jane:

Speaking for the Pre-School P. T. A., some of us were very disturbed by the letter in Dear Jane several weeks ago from "underaged mother". The information she received from some "past officer" about our meeting just being an excuse to go up-town, is very untrue and unfair.

It is true that a few years ago there was a larger turnout, but gradually they began dropping out as their children grew older and out of Pre-School age. The members remaining are few and the ones who show up at meetings are even fewer.

We have tried to get mothers interested and even though they might sound interested on the phone, very few of them ever come.

We do have some very loyal members, but because of the small number of them, it is almost impossible to handle any project or even to plan much of a program and meeting.

We feel, also, that it is important for the community to have a good Pre-School P. T. A., but first we will need interested mothers who are willing to serve on a committee, if needed, and also willing to bring up some new ideas and to help us plan for our meetings.

Forks Pre-School P. T. A. could again have large turnouts and be very interesting. We would like very much to see this happen and will gladly accept any suggestions that might help to enlarge our membership.

Constructive Co-Worker

Dear Constructive:

Thank you for your public invitation to join Pre-School P. T. A., How about it gals?

Dear Jane:

Regarding the recent "commandment" from school- "Thou shalt not talk to the teacher's aide"--I don't think this was meant to be taken literally. By all means, talk to an aide all you want! Just don't put her on the spot by asking questions concerning the problems of your--or anyone else's child.

An aide is just what the name implies, and her time is usually divided into short blocks of time spread over several classrooms, so she naturally doesn't have an over-all knowledge of your particular child and his problems. Questions of this nature should understandably be directed to the teacher.

Would you expect your doctor to broadcast your illness all over town? Would you expect a law enforcement officer to run gossiping like a fish wife to outsiders regarding some problem you might have had? It is this same code of ethics an aide is expected to follow.

Just sit back and think for a moment. Would you really

Mr. and Mrs. George Richardson wish to announce the forthcoming marriage of their daughter Roberta Kay, to Mr. Vaughn Hill, son of Mrs. Margarite Van Hee and Mr. Gerald Hill of Seattle. The wedding is planned for late June.

want an aide to "tell tales out of school"? Your own "Dick" or "Jane" might be the object of discussion!

Ex-Aide

Dear Ex-Aide:

It is unfair of we the taxpayers to ask the school to allow hired aides to engage in idle chit chat during their hours of service. Time costs money; the aides have important and specific duties to perform --- interruption of these duties creates gross inefficiency, scheduled delays, in short taxpayers money! If we are going to demand an efficient businesslike school operation, then we must be willing to allow the school to operate in such a way that we do receive our monies worth. They have a difficult task; their first concern is for the children but they are also interested in giving the taxpayer true value for every tax dollar received.

Bat's Belfry

Art and Bev Stanley just returned from 2 weeks in Columbia. Why Columbia? Well, you'd have to know Art to fully understand! Highlighting their stay was a car and horse-back trip into the Andes 150 miles north of Bogota to the Chivor Mines, largest private emerald mines in Columbia. The Stanley's spent their second week in Cartagena and Santa Marta sightseeing and swimming in the warm waters of the Caribbean. Their return trip took them over Cuba (by choice, not by hi-jacking), and among their souvenirs are several emerald crystals and a 12-foot anaconda skin.

John and Jan Boogs recently hosted a houseful of interested guests as Richard Hsu and Seppo Hartikainen showed slides of their respective countries, Taiwan and Finland, which touched on fashions, buildings, scenery and logging operations in those countries. Jan served coffee, tea and cake throughout the evening and Seppo later remarked with surprise, "That was just a real nice tea party!" (He thought all American parties were drinking parties.) Makes you wonder about our image abroad!

A temporary guest at the Henry Halverson's was Miss Susan Brown from Seattle. Miss Brown is a graduate of Central College in Ellensburg and replaces Mrs. Rothchild in kindergarten.

SEEN AROUND; Smokey the Bear... Sue Skogue with secret... Nelma Rhyne nipping it in the bud... Harold Larson cracking the whip... bowed but not bent women shinglers... Mary Addleman using wrong edge of saw... Toni Kettle with it all in her head... Loa Pooler coming unglued... George Olson with pink bed-spread.

FLASHBACK: June James painstakingly peeling and drying cascara bark to earn a few extra shekels in her younger days... only to learn later she'd peeled alder!

LEGAL PUBLICATION

NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00

Notice is hereby given that on Monday the 21st day of April, 1969, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

CASH SALE

Forest products will be sold on a cash basis.

Minimum acceptable bid will be \$1260.00.

On or before April 21, 1969, at 10:00 a.m., each bidder must make a minimum deposit of \$1260.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc., are to be made payable to the Commissioner of Public Lands.

BOND: On the day of sale, the purchaser must also furnish a cash bond of \$300.00, in the form of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

ACCESS ROAD REVOLVING FUND: \$20.00 to be paid on day of sale.

Forest products must be removed prior to September 30, 1969.

Located approximately 59 miles by road North of Hoquiam.

Accessibility Via U. S. Forest Service and Department of Natural Resources access. Purchaser must enter into a road use permit with U. S. Forest Service.

A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

Meditation
By Eldon Iverson

During our short stay on this earth we use a lot of energy in the pursuit of happiness. We earn our living by the sweat of the brow or brain. Even those that inherit fortunes spend a lot of time in worry and fretting. And those that try to get something for nothing often spend more time than if they just got a job and went to work. Has it all been wasted energy?

Are you satisfied with life? Are you happy and content?

Jesus said, "Labor not for the meat which perisheth, but for the meat which endureth unto everlasting life, which the son of Man shall give unto you..." (John 6:27). "And Jesus said unto them, I am the bread of life; he that cometh to me shall never hunger, and he that believeth in me shall never thirst." (John 6:35).

Jesus is saying there is more to life than just making a decent living. There is more to life than the accumulation of things. In this life we can be satisfied and happy! How? By putting Christ first. Make Him the very center of your life. Come to Christ and surrender to Him and you will never hunger or thirst after happiness. Why labor for anything less?

Flimsy as a Kite

What is as wonderful as a spring day, with just enough breeze to fly a new kite? It soars higher and higher, a bright blotch of color in the sky. It is a rare individual who won't pause to watch it, and, to most of us, it is perhaps a symbol of unsurpassed freedom.

Yet, in flying a kite there is need for control, or it will soon crash. What was sheer loveliness will become a crumpled heap of sticks and torn paper. This is true of many things that catch our fancies—true also of many of our dreams.

In this life, we need to learn the difference between the things that endure and those that are as flimsy as a kite in the wind. We need to learn control, courage and faith. None of these comes easily, but the first step will be found in the teachings of your church. Have you been going to church lately?
