

Cape Flattery School Board

Two teacher resignations were approved, the hiring of a new teacher for the 1969-70 school year and a new salary schedule were approved by the Board of Directors of Cape Flattery Schools at the April 14 meeting.

Mary Dawson was hired as a primary teacher for Neah Bay for the 1969-70 school year. Teachers resigning were Patricia Cunningham, Neah Bay 3rd grade and Sharon Techer, Clallam Bay Art and 8th grade.

Several teachers presented reports to the board on workshops they attended March 21. Mr. William Riedel and Mr. Tye Gill presented a science program regarding science subjects that could be available to students in the future. A written copy will be prepared for the Board to keep for future reference.

The Board approved the 1969-70 salary schedule for certified personnel calling for a base salary of \$7,000. The non-certificated salary schedule will be presented at a special study meeting scheduled for May 1. The preliminary budget preparation and Crown Zellerbach Scholarship will also be discussed at the meeting.

Mr. Glen Willison, superintendent, discussed a possible summer school program for

children with learning disabilities. The program would be funded by Title VI and would be for children ages 9-14. This would not be strictly a classroom program. The children would experience from planning and preparing for various trips.

The Board granted Myron Ogden's request for professional leave to be a delegate to WEA Representative Assembly in Spokane. They tabled action on the question of paying for a substitute until the next regular meeting.

The next regular meeting will be May 12 at 7:30 p.m. in the Neah Bay High School Library.

Babe Ruth Players

Boys ages 13-15 interested in playing Babe Ruth Baseball are urged to sign up at Lep-pell's Diner, as soon as possible.

CARD OF THANKS
A note of thanks to all our wonderful friends who have sent me cards and flowers. Thank to those that took care of our children when my wife, Viola, was with me in the hospital. We also appreciate your prayers that have meant so much to us.
PHILIP REBE

NOTICE

The West End Pioneer Club will meet Friday, April 25th at 8:00 p.m. at the Sportsmen Club. Entertainment will follow the meeting. Visitors are welcome.

Impact Funds For Quillayute Schools

Payment of \$9,972 in federal impact school aid to the Quillayute School District was announced this week by congressman Lloyd Meeds.

The federal funds pay part of the cost of educating children whose parents live or work on federal property. The funds help ease the local tax burden, since by law federal property cannot be taxed for school taxes.

CARD OF THANKS
I would like to express my thanks to Dr. Leibold and hospital staff for the wonderful care during my recent illness. Also the Forks Lions Club for furnishing the Seattle Post Intelligence and latter favors, to the Browie troop for Easter favor and the WFW Auxiliary for the gift. To family and friends, my sincere appreciation for the lovely flowers and cards.
MRS. ELISE KILSO

Teachers Receive Pay Hike

Consideration of salary increases and benefits presented by the teachers negotiation committee and increases for non-certificated employees consumed a major portion of the regular meeting of the Board of Directors of Quillayute Valley Schools, April 17.

The non-certificated personnel request was presented by Superintendent John Hitchcock. He stated the employees were seeking the same percentage raise that the teachers were asking for and that the non-certificated employees wanted the raise on an hourly basis across the board.

Board member Merl Watson expressed his objection to across the board increases. He stated increases of this nature fail to encourage advancement.

Chairman Herb Johnston suggested the non-certificated personnel begin a study of schedules of other school districts early next fall and present it to the board.

Watson made a motion to approve the teachers request for a base salary of \$6,850 and the non-certificated increases which would grant a raise of approximately 12 per cent.

The motion failed for lack of a second. A discussion continued between the board and the teachers committee. It was pointed out to the board that Cape Flattery School District approved a new salary schedule listing a base of \$7,000. Watson again made his motion for approval of the schedule. It was seconded by Fred Fletcher and approved by the board.

Mrs. E. L. Stanley presented information to the board concerning a study conducted with elementary teachers to determine a unified system of English books for grades 1-6. After some discussion chairman Johnston set a special meeting for Tuesday, April 22, to further discuss the textbook request.

The board approved the con-

tract for Susan L. Brown to complete the year as kindergarten teacher.

In other business the board accepted the resignations of Alan McBride and Frances L. Verbeck. Approved a hike in the kindergarten milk fee for next year from \$6 to \$7. Approved the summer reading program. Set May 6 as a tentative date for a special preliminary budget meeting.

Chairman Johnston reported on the work of the Building Advisory Committee. He pointed out that this committee is working in two areas, new building program and existing building maintenance. The committee is made up of citizens with knowledge of all phases of building problems. They have worked closely with the architect and engineers in determining the final building program. They are also studying the maintenance of existing school buildings.

The next regular board meeting will be May 16.

OFFICIAL MEASURER- Jack Frost continues to measure a lucky fisherman's catch with plenty of assistance, during the Kids Fishing Derby Sunday.

96 Fish Checked In Derby

The elements didn't dampen the enthusiasm of the young fishermen in the West End Sportsmen's Club sponsored Kids Fishing Derby on Mill Creek Sunday.

Club officials expressed concern Saturday over the high muddy condition of the creek, but it didn't hold back the youngsters on Sunday. Official measurer, Jack Frost was kept busy recording the lengths of 96 fish checked in.

A total of 76 boats registered for the derby and many more were on the creek and did not bother to check in.

Troy Lane was the top fisherman with a fish measuring 11-11. Beth Crippen was the top fisherman in the list of girls with a fish measuring

10-11. No fish were recorded in the 8-10 year old girls division.

Winners:
Boys 5-7:
Troy Lane 11-11, Gene Barker and Nicky Gott 8-2.

Boys 8-10:
Stanford Windle 11-7, Scott D'Arcy 10, Lee Olson 9-9, Roy 11-10.

Larry Woody 10-7, Bob Lothenthal 9-14, and tie Mike Hill-Ken Olson 9-6.

Girls 5-7:
Beth Crippen 10-11, Bonnie Lothenthal 9-5, Marcie Olson 6-15.

Girls 11-13:
Ann Simons 9-10, Dawn Simons 8-10, Linda Peterson 8-1.

Cancer Crusade Underway

The American Cancer Society during the month of April, as set aside by an Act of Congress, will carry on an Educational Crusade throughout the United States, with volunteers supplying neighbors with life-saving pamphlets about cancer.

In the Forks area and West End, Mrs. Harley Withrow, American Cancer Chairman, announced Monday that the

crusade was not covered by U.G.N. and contributions can be made through memorials or contributions to her. Plans are made to have an Educational Crusade in this area in the next two weeks. Anyone not contacted, please call Mrs. Al Rhyne, phone 374-5062, and Mrs. Harley Withrow, phone 374-5052.

Donations may be made directly to the Forks State Bank.

Large Cougar Killed In Dickey Area

A hot tip from Phil Brower resulted in a trophy cougar kill for John Simons of Beaver Saturday.

Brower was working for Brager Brothers in the Dickey area Saturday. He saw the big Tom run across a road. Upon returning home late in the afternoon, Brower contacted Simons, local cougar hunter.

John immediately prepared his dogs, Babe, Lead and Duke and headed for Forks to pickup Phil. They hot footed it to the scene of the sighting, arriving at approximately 5:30. John turned loose his top dog,

Babe. Babe has been in on several cougar kills and knows what it's all about. The 9 year old Babe is a true cougar hunters dream. Babe ran out into the brush a short distance as John and Phil waited in anxious anticipation. She began to howl and John knew she was on the tracks. He quickly released the other dogs Lead and Duke and the chase was on.

The dogs kept up a steady howl for 35-40 minutes with John and Phil in hot pursuit. Occasionally the hunters would lose the sound of the dogs as they traveled through hollows,

but the steady howl of the hounds continued and after a few anxious moments the hunters would pickup the sound again.

The howl of the hounds charged to a bay and John knew the animal was within sight of the dogs. The pace quickened as the hunters attempted to close the distance as rapidly as possible for the end of the hunt was drawing to a close and darkness was rapidly approaching.

The hounds were baying full velocity 55 minutes and approximately 5 miles distance

later as the two hunters finally sighted the cat clinging to a tree.

One shot from the .32 special rifle John used for the hunt and it was over. The 7' 2" cougar weighing approximately 150 lbs. was packed out and the party returned home to reminisce.

One trophy for John, thanks to Phil for the tip, and more game in the future for the sportsman.

An Urgent Need

Soaring demand for wood products has out run available timber. Yet, paradoxically, there is no shortage of growing timber in the United States. There has been disregard for the fact that land-based resources measured in acres or square miles of territory remain fixed while the population and its requirements steadily increase.

In the case of timber, the land base has shrunk as areas have been set aside solely for recreational purposes. The U. S. Forest Service estimates that prior to 1963, 16 million acres of producing forest land were withdrawn from management for timber growth and are no longer available to meet national shelter needs. Since 1963, there have been significant additions to wilderness areas, parks and other single-use land categories. At present, more than 9.7 million acres of land in several western states are being considered for such designation. In some instances, these designations are justified but in others multiple use of forest lands for both recreation and timber harvesting has become imperative. That is why leading timber industry organizations are cooperating in support of governmental action to achieve greater efficiency in the management and harvesting of timber from

Conner Corner

The House of Representatives has passed legislation which would allow truck owners whose vehicles use diesel gasoline to pay the fuel tax at the pump. Presently there are 6,000 permits in use requiring monthly and quarterly reports to the state by truck operators. Rep. Paul Conner, D-24th District, co-sponsor of the legislation and chairman of the sub-committee which studied the measure states that we are one of the few states left with this archaic provision.

By paying at the pump for on-highway purposes, the

federal lands. This is particularly urgent since more than 60 per cent of all U. S. softwood timber is in federal ownership.

The National Forest Products Association states, "The application of intensive forestry practices, pioneered on private lands, to the federal commercial timberlands will afford the opportunity for the nation to overcome the present supply-demand imbalance. . . . While at the same time providing for future yields which will forestall recurrence of the present situation." The land-people equation clearly presents an immutable truth that can no longer be evaded. Preservation of the environment and utilization of resources must go hand-in-hand.

NEW POSTAL CORPORATION NEEDED

The United States Post Office faces a crisis. Each year it slips further behind the rest of the economy in service, in efficiency, and in meeting its responsibilities as an employer.

It operates at a huge financial loss to the American taxpayer. The postal managers and employees who daily bear the staggering burden of moving the nation's mail know that the remedy lies largely beyond their control.

The President's Commission on Postal Organization, after an exhaustive study, recommends that a postal corporation be chartered by Congress to operate the postal service of the United States on a self-supporting basis. The new corporation would be designed to provide dependable postal service, at fair prices, fully responsive to the public needs; a soundly financed and self-supporting postal system; better working conditions and greatly increased career opportunities for one of the nation's largest work forces.

The establishment of a public mail corporation should be given serious consideration by Congress in order to provide the nation with a sound and efficient mail service.

The President's Commission stated, "it is our considered judgment that postal costs can be reduced by at least 20 per cent if normal investment and operating practices used in private industry are made available to postal management."

Liquid "Gold" for Tax Collectors

Federal and state motor fuel taxes are generating revenue at the rate of one million dollars an hour during 1969. This will total close to \$9 billion, more than the revenue derived from any other commodity.

During the past half-century federal and state taxes from this source totaled more than \$120 billion—about the same as the total expenditures of the federal government from its establishment in 1789 through 1956.

People called the gasoline tax a "painless penny" when it was first levied 50 years ago in Oregon for highway construction, but today it is neither painless nor a penny.

Got the house all to myself today. Mother and Janice took off for the Harbor to a Golden wedding celebration. Fifty years with the same woman! Wow! We're going on our twenty-seventh and still have twenty-three to go. Sure a lot of years, but I wouldn't trade those years and Ma's blackberry pie for the world. A good woman is just like a comfortable pair of house slippers, you get real attached to them.

This week sponsors are Jim and Joanne Hjelmseth, owners of The Red Carpet Laundry. Joanne bowls on the Red Carpet team in the Weds. Nite Bowls League. Jim bowls on the West End League, and they both bowl in the Sunday Nite Mixed, enjoying every minute of it.

Mark Henry blasted out a 200-555 in the Sunset Elgits Jr. Mixed last week. Beautiful bowling, Mark. The way I've been going lately, I'll have to get you to sub for me. Ken Olson shot a fine 189-509. Nice going, Ken. Patty Lansell led the girls with a 149-410.

John "Retired" Nagel proved that age is not too much of a problem when it comes to bowling. Subbing in the Sunset League, he shot a 238-211 to take all the marbles. Keep it up, John.

Annie Lehman and Helen Thomas kept up with last week's fast pace. Rolling in the Powder Puff, Annie had a 201-537, with Helen right behind at 188-554.

Kathy Hamby took all honors for the Hot Oils with another fine performance, 202-556.

Plenty of excitement in the Thursday Nite Women's Bowl-off between KVAC and Vagabond Cafe for the championship. Tied at the end of regulation play, they went into a sudden death extra 10th frame.

Ella Paul doubled and got eight pins to pull it out of the fire for the Radio gain. Liz Elliot's 192 second game, Rochelle Dimmitt's help at lead-off and Yvonne Kentel's fine job at anchor made it a fine team win. Congratulations. And altho they didn't win, Vagabond put up a good battle. Joyce Mueller had high series with a 467.

Cliff?? John Nagel again in the Early Fri. Mixed with a HI 19 of 225. Willis Ryan with a 509 HI 29 and Gladys Allen leading the women with a 214-516. Seems like the scores are picking up as the winter season draws to a close.

Bowl-off nite marked the last session of the season for Late Fri. Mixed. The team of Darrell Thomas, Clara Valner, Ma & Pa Jarvis won both halves and first place. Kennedy Richardson took second place in a bowl-off with Markham-Stratford, and also won top money with Thomas-Maher-Jarvis second and Markham-Stratford taking third place money.

Mary Kennedy won the HI series handicap money with a 617 and Barry Stratford had a 635 to top the men.

Saturday marked the beginning of the BPAA Summer Singles. Zone Finals will be at Sunset Lanes May 3-4. Fred Jarvis started the ball rolling with a 925 scratch, 656 handicap. Also had a 258 game. Leta Rondeau leads the women with 608.

Vern Rondeau walked off with the Jackpot at Sat. Nite Monte Carlo and also tossed a fine 237-598. Chuck Hamby won the free game shot.

Mother and I enjoyed ourselves bowling with John and Barb McFall. Ma hit a 215 to clobber the Old Man.

George Richardson hit a 239 and Al Genson a 603 in this Sunday's session of the Traveling League here at Forks. Darrell Thomas busted loose in the Forks Prairie League for a 245-645. Getting in shape for the tournaments, Darrell?

Don't forget the Summer Singles, Fols. One out of four advance to the zone finals here.

Spartans Win 2—Meets

The Forks Spartans raced to victory over North Mason and Vashon in a league triangular track and field meet at Belfair last Friday.

The Spartans rolled up 82 points to gain first place. The Bulldogs edged Vashon 54-45 for second place.

Dave Beebe and Bob Seigle were the double winners in the meet. The duo tied for first in the high jump with another Spartan, Jerry Price, at 3' 8". Dave won the pole vault and Bob won the triple jump.

Friday, the Spartans travel to Sequim for a meet with the Volker and Lakeside teams.

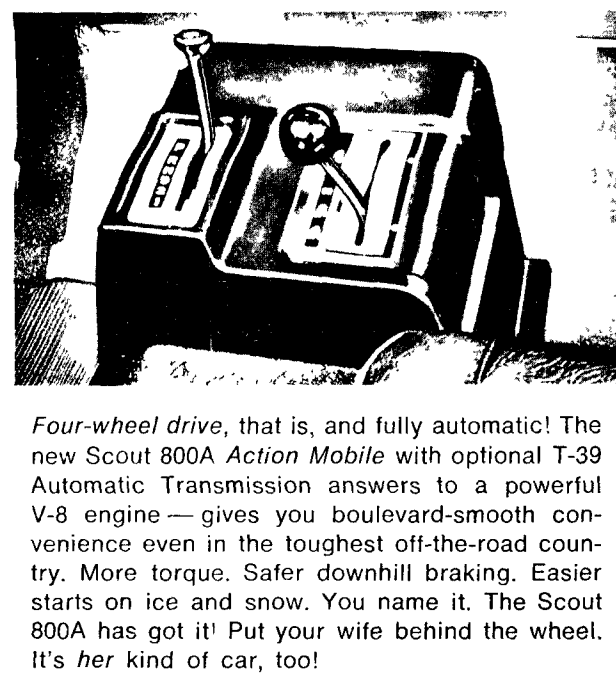

Meet Summary
 120 HI--Lamb (F), Caraher (V), Beebe (F), Sherman (V) 18.6

 LJ--Seigle (F), Martin (NM), Harter (NM), Carwright (NM), 30-5.

The Forks Spartans won team honors in the Neah Bay Invitational track and field meet last week.

Forks tallied 65 points followed by Clallam Bay with 41, Joyce 39 and Neah Bay 21.

Double winners were Rich Purley and Bob Seigle of the Spartans. Purley won the pole vault and the 880. Seigle won the long jump and triple jump. Clallam Bay showed strength in the field events with win

Library Week Observed With Open House

National Library Week was observed Sunday afternoon, April 20 at a tea and open house at Forks Memorial Library and the Forks High School Library. Over 50 persons attended the event which was ar-

anged by Friends of Forks Memorial Library. The program, planned by Mrs. E. C. Gockereil, featured slides of Mt. Olympus and surrounding high country with emphasis on the Clearwater area, and rare views of Olympic elk by Russell Thomas.

The tea was held in the Congregational fellowship hall and was in charge of Mrs. Vincent Callaway with Messames E. C. Gockereil, Gordon Marsh, Leroy Mainston, George Campbell, Richard Miller and Arthur Stanley assisting.

Presiding at the tea table were Mrs. Oral Mochter, Mrs. Wm. Branfield, Mrs. Hope Hodges and Miss Primrose Bredt. Mrs. George Campbell and Mrs. Julia Stevens served punch while Mrs. Fern Wittenborn was in charge of the guest book.

A generous supply of cookies was given by the Rainbow girls and members of 4-H club. Flower arrangements for the occasion were made by Mrs. Warren Paul, Mrs. Al Ruberg, and Mrs. Ovelle Niele, members of the Bogachiel Garden Club.

MORTGAGE APPLICATIONS DESERVE the quick but well-considered decision. It takes experts—and we have them. So for prompt, sensible service, call on us.

Crusade Coming To Forks

Saturday, April 26, will see the opening of a series of prophetic lectures, to be held in the newly redecorated Forks Seventh-day Adventist Church located on Highway 101 opposite the Forks Motel.

Sponsored by the International Voice of Prophecy Broadcast and "Faith for Today" a weekly television program, the series will be opening with the subject "Happiness, Wall to Wall." Each evening the lecture will be preceded at 7:15 p. m. by a film produced by the "It is Written" program. Parents with pre-school children will find a nursery service provided by the ladies of the church.

A beautiful new King James reference Bible will be handed each person ten years or older on the first night they attend. The most important texts used each evening will be announced by page number. When a person has attended ten of the evening lectures, the Bible will be theirs to keep absolutely free.

These lectures are for those who live in the Forks area, and the public are cordially invited to attend the opening night.

Forester Presents Program For Garden Club

Frank W. Olson, Forester with the U.S. Forest Service, gave a very informative talk on multiple use of forest lands at the April meeting of the Bogachiel Garden Club. Mr. Olson explained how the Forest Service strives to obtain maximum use of Government land to serve all of the people to an equal advantage, touching on the planned timber harvest, new plantings, conservation, recreation, water use etc. Excellent slides were shown along with the talk to illustrate the various phases of the multiple use program. Animals and birds of the forests are not forgotten in the program, with forage and natural homesites given prime consideration.

Club members learned much from Mr. Olson's talk and feel sure they in turn, as part owner of the National Forest Land, will help preserve the Forest's beauty and usefulness by being careful with fire, and by placing trash in the receptacles provided, or by packing it out.

Plans for a plant and plant container sale were discussed at length. The sale will be held on May 1st from 10 to 3 in the small building just one door north of Paul's Serve-U Market. All proceeds from the sale will be used to beautify Forks. A shrub has been donated by Evergreen Nursery for a door prize. People of Forks, whether garden club members or not, are urged to donate plants, plant containers and vases for the sale. Vases and containers you have tired of will be new to others. Anything you wish to donate to the sale can be left at the Orville Ninko residence or you may call either Mrs. A.P. LaChapelle or Mrs. Hartley Witherow.

Ten members from Forks attended the District Garden Club meeting held in Port Townsend April 15th and a report on the meeting was

given by Mrs. Hal Canaday, our newly elected president. A book on wild flowers of this area was purchased by the Bogachiel Garden Club this month and has been donated to the Forks Memorial Library.

Homesteader Dies

Graveside services were held Tuesday, April 1st in Burlington, Washington for Mrs. Elizabeth (Huelsdonk) Smith, age 90.

She was the widow of the late Jesse Smith, Burlington. Elizabeth came to the Hoh with her parents, Herman and Elizabeth Huelsdonk, in 1894 when the family homesteaded on the Upper Hoh.

Her brothers John and Cornelius and grandfather, Cornelius Berands also homesteaded on the Upper Hoh.

Mrs. Smith was a graduate of Bellingham Normal School and taught school until she married.

She is survived by a son, Frank Williams, a daughter, Mrs. Ella Ann Nichols and several grandchildren and great grandchildren.

Mrs. Smith was the last survivor of the children of Herman and Elizabeth Huelsdonk. Preceding her in death were brothers Henry, John, Bill, Cornelius, Herman, Gus, Fritz and Adolph. Sisters, Johanna Wolf, half-sister, Dora. All the children lived at one time or another in the Hoh Valley in the 1890's except Herman, who died in Iowa.

GIRLS TRACK MEET HERE FRIDAY

A girls track meet will be held here Friday afternoon with teams expected from Neah Bay, Clallam Bay and Quinault.

Christian Women's Club Meets

The Christian Women's Luncheon Club held an executive board meeting at the home of Mrs. Edd Woody, Monday the 21st. The following officers were elected for the coming year: Mrs. O.C. Peterson; chairman, Mrs. Edd Woody; vice chairman & program chairman, Mrs. Al Ryberg; secretary, treasurer & decoration chairman, Mrs. John Spoelstra; food chairman, Mrs. Arthur Morlitz; prayer chairman, Mrs. Don Eckhoff; telephone chairman, Mrs. Bill Hawke; special music, Mrs. Paul Lingvall; publicity chairman, Mrs. Wm. Rich; hostess.

A spring luncheon will be held on April 30th at the Vagabond at 12:45.

The speaker will be Miss Roxie Jacobs. Miss Jacobs, a witty and gracious woman, has traveled around the United States, counseling Baptist Churches.

It will be a no-host luncheon. Choice of menu will be provided by the Vagabond.

Calawa Rebekah Club News

Calawa Rebekah Lodge met April 15 with 20 members present. Noble Grand Irma Mair conducted the meeting.

A report was given by Irene Jackson on the IOOF lodge's history in commemoration of their 150th anniversary. A poem was read by Irma Mair. We had fun night and the sisters made Easter bonnets. Elsie Motteler won 1st prize and Vera Bransfield won booby prize.

The District Association by laws were read.

There will be a Past Noble Grands meeting at the home of Doris Douglass April 29 at 8 p.m. Please everyone come as there is business to discuss and plans to make for the convention in June.

CARD OF THANKS
Our sincerest thanks for the numerous ways our friends and neighbors helped us during my recent illness. The kindness and genuine neighborliness meant so much.
MRS. W.C. MOODY

Bat's Belfry

By Betty Oros
Hey gals... there's a new service in town! Floral arrangements for your powder room by Doc Baker. Nice to see new businesses in Forks.

Helped the Ni Wauna's quilt a bit last week and thought perhaps the shorter women crawled underneath the frame to push the needles back up but they have other methods. Learn something new everyday.

Seen Around: Delta "Frump's" knees mistaken for bigger and better things... Bette Tuttle squeaking... Howard Sarnowski mooching cookies from "Garbage Lil"... Fred Kline whooping it up in Groton, S. Dak... Lenna Johnson asking questions.

"Gert" Baker with worn out shoes and cracked ball... left handed Pat Witherow with right handed bowling shoes.

Flashback: Know why Ron Shearer used to be called "Butterfly"? Cause he had such big feet!

MILL CREEK PLANTED - 500 legal sized trout from the Quillcene Hatchery were planted in Mill Creek Thursday in time for the opening of trout season.

Short Comings

Remember the street sweeper will be operating on Main Street each Monday morning between the hours of 2 a.m. and 4 a.m. People are asked not to park cars on the street between these hours.

The vacant service station in Forks continues to be the second garbage dump. The Richfield Company should be contacted to keep it cleaned.

Rev. J. William Hawk was the center of anxious attention Saturday as people attempted to rescue him. He was dangling from the church roof with one foot caught in a rain gutter.

Drug use in Forks seems to be more of a problem than people realized as teenagers are picked up for drug use.

Two arrests were made last week of suppliers in this area.

Forest Wardens Appointed For Forks Area

Forest Wardens of the Forks area were hired April 15 announced E.C. Gockereil, North Olympic Field Supervisor for the Department of Natural Resources. They will work until October when the fall rains begin.

Buck Taylor is assigned the Neah Bay, Clallam Bay, Pysht area.

Jim Crippen is assigned the Ozette, Dickey, Sappho area. He resides in Forks and his phone number is 374-6408.

Bill Marshall a permanent employee of the department is assigned the Forks-Goodman Creek-Nolan Creek area. He resides in Beaver and his phone number is 374-6715.

Glen Mason is assigned the Upper Hoh-Snalapish area. He lives 7 miles south of Forks along Highway 101. His phone number is 374-5069.

Lawrence Schoonover who lives at Clearwater will be assigned the Kalaloch-Clearwater-Ouets area.

Ad Fricchette, the veteran of the group, is assigned the Quinault Indian Reservation (which is protected by the Department of Natural Resources). He will be stationed near the Aloha gate residing in a trailer house.

Each Forest Warden will patrol his area with pickup or power wagon mounted with tank, pump, hose and fire tools. Their rigs are radio equipped so the Forest Wardens can be in contact with forest lookouts and base stations. They are the first striking force on fires in their areas. These men have woods backgrounds and are skilled fire fighters. They patrol, make fire tool inspections on logging operations, write fire permits, work on maintenance of forest protection roads, and work on forest fires.

Also hired April 15 were Edar Alseth, pumpman at the Forks headquarters, Bob Browning, heavy equipment operator, working out of the Quinault Sub-headquarters, and Jeanette Anderson, dispatcher, also working at Quinault. Alseth maintains pump trucks and portable pumps. He is dispatched immediately with a pump truck when a fire is reported. Browning operates a grader maintaining the many forest protection roads on the Quinault Reservation and is available as a cat operator on fires.

Dick Durborow, a year-round employee, is heavy equipment operator at Forks.

In June fire crews will be hired for Quinault, Forks and Clallam Bay. The Forks and

Quinault crews will consist of foreman, truck driver, 6 crewmen and a cook. Clallam Bay will have a foreman, truck driver and 2 crewmen. Supplementing these forces will be a 3 man helicopter to be leased for the fire season at Forks. It will be on standby at Forks during critical fire weather but will be operational at other times to pack in timber sales camps and men, used for road reconnaissance, sales compliance and other administrative work. This will be a "First" for the State said Gockereil.

Aerial detection was used for the first time for the Forks and Port Angeles districts last year and will be continued. Three key fires were spotted by aerial observers last year each of which, because of early detection, prevented large fires of 20 acres or more (the fires were held to less than 1 acre each). The lights originate at Forks and Port Angeles and are 2 hours long on a prescribed flight path. The more severe the fire danger is, the greater the number of flights. Three forest lookouts will be manned to supplement the aerial detection and to help provide greater radio coverage and furnish important fire weather observations. The lookouts to be manned are Sekiu Mts., Mt. Octopus, and Salmon River Ridge.

Also to be hired in June will be extra protection patrolman Carl Decker to be stationed at the Snalapish work center and a night dispatcher at Forks will assist year round dispatcher Jeannette Bomer.

The men in charge of fire protection are Frank Dugas, fire control officer at Forks, and Dick Shero, fire control officer at Quinault. They are responsible for the protection of 860,000 acres of State and private land and the Quinault and Makah Indian Reservations in western Clallam, western Jefferson and northwestern Grays

Harbor counties said State Land Commissioner Bert L. Cole. The Department of Natural Resources furnishes fire protection and suppression for 12 1/2 million acres of State owned, private and Indian land Mr. Cole said.

LUNCH MENU

April 28-May 2

MONDAY: Italian Spaghetti, buttered peas, cheese sticks, buttered bread or garlic bread, canned applesauce, milk.
TUESDAY: Chicken Chow Mein, oven baked rice, cole slaw, buttered bread, applesauce spice cake, milk.
WEDNESDAY: Barbecued beef on bun, carrot & celery sticks, pickled beets, cookies, milk.
THURSDAY: Hot beef sandwich, buttered corn, butterscotch pudding, milk.
FRIDAY: Baked macaroni & cheese, buttered green beans, buttered bread, dessert, milk.

Meditation

By Richard L. Wendt

In our 20th century the question is continually asked: what is the church?

In answer to these questions we turn to the 16th chapter of St. Matthew verses eighteen and nineteen: "And I tell you, you are Peter, and on this rock I will build my church and the powers of death shall not prevail against it. I will give you the keys of the kingdom of heaven, and whatever you bind on earth shall be bound in heaven, and whatever you loose on earth shall be loosed in heaven."

The church is people. All people who believe in Jesus Christ as their personal Saviour are a part of His great Church. The reason the church exists is because Christ commanded it. Therefore our denominational structure is a gift of God, provided by Him so that all His creation might have the opportunity to worship Him. Forks has many churches which afford you the opportunity to worship Christ in a manner acceptable to you personally. Worship your God in the church of your choice this Sunday. Let your actions speak for your belief's.

Eyes have been called the windows of the soul. Clarity, expression and size—all of these are supposed to reveal character. A child's eyes seem innocent. But small, closely-placed eyes may also indicate deception. Some even say that you can tell a criminal by his eyes.

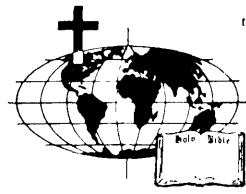

Calling it nonsense, even scientists find it hard to dispel the old wives' tales that have persisted for centuries.

Eyes, in a certain sense, can be the windows of the soul—precious windows through which you look at life. Don't judge another man by his eyes. Look instead through eyes of understanding and compassion, for in God's sight we are all equal. If your inner vision has been a bit faulty lately, why not start going to church next Sunday?

Tyee-Beaver-Sappho News

BY MRS. J. E. MERRITT

Miss Alice MacFarlane returned home on Wednesday of last week following a stay of three or four weeks in Providence Hospital in Seattle. She is much improved in health, but is scheduled to return to Seattle in the next week or so for examination, also to have her doctor prescribe what she can and cannot do. She has been fitted with a permanent "pace-maker" for her heart. Her nephew's wife, Mrs. Wally MacDonald, brought Mrs. MacFarlane home and remained overnight with her parents-in-law, Mr. and Mrs. J.L. MacDonald. They were accompanied by a next-door neighbor and good friend of the MacDonalds, Mrs. Anne Bentley. The two Seattle ladies returned home Thursday.

Among those from out of town here to attend the funeral of Dewey Watters on Saturday, April 12, were his mother-in-law, Mrs. Don Halbman and Mr. Halbman of Silverdale, his father-in-law, Clarence Kemp from Alaska, and Mr. and Mrs. Kenneth Akers of Mount Vernon.

Miss Nina Binkie, Third Grade teacher in Franklin Elementary School in Port Angeles, has accepted an invitation from Louis Bruno, State Superintendent of Public Instruction, to serve on the State Advisory Committee on Reading.

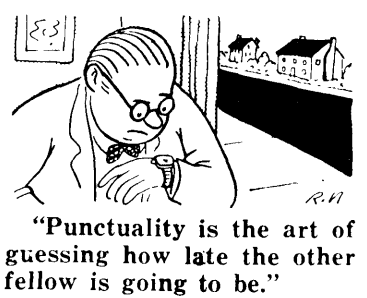

Miss Binkie, the daughter of the late Mr. and Mrs. Fred Binkie, was raised at Tyee and graduated in 1937 from Forks High School, after attending Beaver and Forks Schools. She has taught in several of the Port Angeles schools, including kindergarten. In fact, her entire teaching career has been spent in the Port Angeles schools.

Mr. and Mrs. A.M. Nordman went to Seattle Thursday for medical attention and stayed overnight at the home of their son, Arvid and family. They returned home Friday.

Mr. and Mrs. John Merritt and their granddaughter, Mrs. Patricia Holst, went to Shelton Friday, and spent the weekend with their son-in-law and daughter, Mr. and Mrs. Herb Welch. The Welches' son-in-law, John Clark of Bovill, Idaho, is working in construction, near Kent, until such time as the spring break up in the woods near Elk River, Idaho is over and during that time Mrs. Clark (Sharon) and baby son, Richie, are staying with her parents, Mrs. Clark and her older sister, Mrs. Richard Moore, had not seen their cousin (Patricia) in over 19 years, so Mrs. Moore, with her children Patrick and Kathleen, came up on Monday from Days Creek, Oregon. They were accompanied by a cousin, John Clark, with her two small daughters, also of Days Creek.

Mr. and Mrs. Merritt returned home Monday afternoon.

BIG DECISION—Let me see now, looks awful shallow, better go up stream. I don't think anyone has fished the next hole. There are no foot prints here. Better count my fish eggs, I'm almost out. Well I'm hungry anyway think I'll go home before it rains. I got some nice fish for lunch. I'll be back tomorrow. Mill Creek must have a lot more fish. Sure was fun.
