

### PUBLIC NOTICE CLALLAM ROAD PROJECT

The Washington State Highways Commission is planning the improvement of State Route 112, between the Town of Clallam Bay and the Clallam River Bridge.

This improvement will consist of the construction of a new two-lane roadway extending from Clallam Bay southeasterly through the Clallam River Valley, terminating at the westerly end of Clallam River Bridge No. 112/20, a total distance of 2.01 miles. This project will also include the construction of two concrete bridges over the Clallam River, two channel changes, plus the installation of riprap to prevent bank erosion. This new section of State Route 112 will allow approaches to and from the roadway.

Should any interested person desire that a Design Public Hearing be held to discuss and exchange information concerning this improvement, he may request a hearing by writing to the District Engineer, Washington Department of Highways, P.O. Box 327 Olympia, Washington 98501, before May 22, 1969. In the event that requests are made a separate notice of public hearing will be published in ample time for interested parties to arrange to attend.

Regardless of whether a hearing is held, all interested persons may inspect maps, drawings and other pertinent information concerning this project by coming to the Project Engineer's office, located at 616 South "C" Street, Port Angeles, Washington.

This notice is in conformance with Federal-Aid Highway Act, 23 U.S.C. 101 et seq., 128, 316, sections 2 (a), 2 (b) (2), and 9 (e) (1) of the Department of Transportation Act, 49 U.S.C., 1651 (a) and (c) (2), 1657 (e) (3); 49 CFR 1/1.4 (c); and 23 CFR 1/1.32.

### Services Held For Harry Powers

HARRY S. POWERS  
Funeral services for Harry S. (Jim) Powers, 48, Forks, were held Monday in the Forks Congregational Church, with the Rev. William Hawk officiating.

Powers was killed Wednesday, April 23, while driving a front end loader in a gravel pit for the George L. Campbell Trucking Company of Forks.

Information released by the Department of Labor and Industries stated Powers broke his neck while driving the machine over a bunker where there wasn't sufficient head room.

He was born Aug. 2, 1919 at Sunnyside to Mr. and Mrs. Harry S. Powers. A resident of Forks the past 14 years, Mr. Powers worked as a heavy equipment operator.

He was a member of the American Legion and served with the U. S. Army in World War II.

Surviving are, the widow, Bernice Powers, Forks, a son, James L. Powers, Ellensburg; a nephew, Richard Cross, Prosser; daughters, Diana Filim, Ellensburg and Jeannette Bomer, Forks; a stepdaughter, Ella Blunger, Pullman; a brother, Maurice Powers, Olympia; a sister, Mrs. Kathrine Harris, Renton; and eleven grandchildren.

Baptist graveside services were held Tuesday, at Sunnyside Cemetery.

Rainfall total through April 27, 1969: 51.27 inches.

GIANT COTTONWOOD - Mr. John Fletcher measures a giant sized cottonwood tree which stands a short distance from his house on the Upper Hoh River. John measures a circumference of 22 feet 7 1/2 inches. This gives his cottonwood a 7 1/2 foot diameter. A tree that wretched logskidders clear the land around it, still notices on the moist soil and continues to grow in a rain forest atmosphere. By Lemmie Archibald

### Drugs—Law To Headline Chamber Meeting

Drugs and law enforcement will be featured by guest speakers at the Forks Chamber of Commerce regular meeting May 5, at the Antlers Restaurant at 6:30 p.m.

Guest speaker will be Sheriff Harley Bishop. He will introduce the new deputy for the Forks area, Jay Shewes.

Bishop and James Traver will present a panel discussion of drug problems encountered in this area. John McCauley, state trooper, and Donald Mungton, night marshal will discuss their areas of law enforcement. Open discussions with questions from the audience are scheduled.

The public is invited and should contact Franklin Horton if interested in attending.

### Council Members Reshuffle Town Garbage Problems

Forks Town Council covered a variety of items at its regular meeting Monday.

The council reshuffled the town's garbage problems. Councilmen expressed displeasure with the service provided by Olympic Disposal. People in the community had previously complained to the council about the service and a discussion was held with the owner.

Bill Beebe of Forks, expressed interest in providing city garbage service. No request was made for a permit by Beebe, however. He was informed a permit from the State Utilities Commission is necessary which would permit him to haul from the city limits to the garbage dump.

The council discussed the problem of cars parked on Main Street, Monday between the hours of 2 a.m. and 5 a.m. when the streetsweeper is in operation. Attorney Frank Platt was directed by the council to draw up an ordinance covering parking on Main Street between the hours of 2 a.m. and 5 a.m. on Monday.

Rep. Archie Savage, and District 1, will speak at the West End Democrats Club meeting tonight at 8 p.m. in the VFW Hall.

### Savage To Speak

Rep. Archie Savage, and District 1, will speak at the West End Democrats Club meeting tonight at 8 p.m. in the VFW Hall.

### 220,000 Steelhead Planted In Peninsula Streams

STEELHEAD FOR THE FUTURE - Personnel from the Washington State Department of Fish and Wildlife were busy marking young steelhead for the Bogachiel River plant. The steelhead are from the Department's Bogachiel Rearing Pond.

**Weather**

Apr. 25	55	32	06
Apr. 26	63	37	01
Apr. 27	59	45	03

Mrs. Olive King, cooperative observer, Forks, Wash.

Members of the Washington State Department of Fish and Wildlife were busy Monday marking approximately 37,000 young steelhead for planting in the Bogachiel River.

The fish are dipped into an alcohol solution which temporarily knocks them out, making them easier to handle during the marking operation. The fish to be planted in the Bogachiel had the adipose fin (small fin on back near the tail) removed.

The 1969 plants of winter-run steelhead from the Bogachiel Rearing Pond are nearing completion.

The plants by streams: Hoh (39,000), Bogachiel (50,000 marked), Galawah (20,000), Solehuck (30,000), Lyre River (15,000), Pysht (15,000), Elwha (15,000), Dungeness (25,000), Dosewallips (30,000) for a total of 220,000 from the Bogachiel Pond.

Approximately 15,000 fish from the Salt Creek Pond were planted in Salt Creek and the Clallam River. Approximately 10,000 (marked left ventral) were released in the Clallam and another 8,000 (marked right ventral) planted in Salt Creek.

At the April 25 meeting, suggestions were made for a float in the 4th of July parade. More ideas will be discussed at the May 30 meeting. Arthur Munson is committee chairman.

Old homes in Forks were described, some built with wooden pins, and square nails. Some are still in use, after remodeling.

Alma Anderson introduced Esther Floe who sang as Arthur and Betty Munson played many old favorite songs, later all joined in a Sing-Along.

Grace Anderson read a poem "They Say You Can't Do It". Potluck supper and more music ended a pleasant evening.

### Post Office Expansion Due

Plans were scheduled to be opened Wednesday for an extension to the box lobby at the Forks Post Office according to information received by Postmaster Henry Reichold.

The extension consisted of moving the east wall back approximately 13 feet. An additional 214 boxes will be installed in the new section of the lobby.

Letters To Editor

Editor,  
I think that previously I mentioned three popular sacred cows of our today's culture, not that those are all we contend with, but poverty, education and racism are at present most pertinent. So today I would like to say a thing or two about education of which I had more than average for my day, and in which until I married I made a living. In those pre War I days, married teachers were rare birds indeed. Actually I never did intend to become a life time school marm, but a chemist, and fell only, a very little short of having the credits. I find my expedition along that line very useful in everyday life even as such sports as basketball have been. Even today I can save many steps by the ability to field an apple core into the hen garbage from clear across the room. Kids will scatter scraps in the most unlikeliy places. I am from a family loaded with teachers. Sisters, sisters-in-law, cousins, nieces and aunts, almost all teachers now or in the past. The first school I went to was a log cabin 12 x 20 or so, with a great boulder fireplace stuck together with blue clay obtained from a Hoh River bluff. The interspaces between the logs were stuffed with moss gathered in the nearest viney maple thicket and mixed into the same clay to render it substantial and fireproof. On the first day of school, wonder of wonders, each child got a slate with a trim of red felt around, bound with strong string and teacher had a bundle of slate pencils each bound in flag decorated paper to keep them from breaking. Faced with need of a blackboard the teacher set a big flat rock up at the fireplace and then set the kids to molding 'chalk' shaped pencils of the same old blue clay. Served quite well too. The District, by some kind of leger domain managed to raise the opulent sum of \$60.00 for the first school term which paid for 3 months of school. Couldn't be stretched any further, for teacher insisted on logging camp wages. There was only one thing to complain of. In the nine vacation months pupils generally had too much time to forget what they had learned in three. Of the six kids that went to this first little log school, three went on to become school teachers, one became an aviator and stunt-flier all over South America and later a hydroplane racer and ultimately an artist and art instructor, and one a graduate engineer, employed by the City of Seattle. The last one of the group ended up as a good mechanic.

Clean-Up Needed

Preliminary preparations are underway for the 1969 Forks 4th of July Celebration.  
The Forks Chamber of Commerce is the chief sponsoring body in this yearly event.  
Each year the Old Fashion 4th Celebration attracts several thousand people to the area and the 1969 celebration should attract greater numbers because of the 3-day weekend with the 4th falling on Friday.  
The biggest disappointment is the lackadaisical attitude of the community in preparing for the celebration. Each year the same problems exist. Complaints become a litany a dozen, but one does not see a waiting line of those willing to lend assistance to the handful of workers responsible for getting the job done. This is a continuing problem that can never be completely solved.  
What is being suggested here is a general clean up program by the entire community. Our community is cluttered with dilapidated buildings, neglected car bodies and unkempt property. Main Street is no exception beginning from the north city limits to the other end people involved should have enough community pride. If not personal pride, to do something about the condition.  
People from far and near converge on Forks to help celebrate the greatest historical holiday this country has. Let's hope that a more presentable logging community will be prepared to welcome them.

The building does not make a school, a dedicated teacher who can inspire a group of intelligent children makes the school. That we seem to have forgotten. Nice to have the modern building. Wonderful to have the supereducated teacher, but there are other essentials to be considered. Anybody who has had occasion to associate closely with all types of people soon learns that not all measure to the same gauge. In our eager urge to give all an equal chance (which is proper) we overlook the simple fact that not all can use that equal opportunity. So we in trying to help those beyond their capacities, inadvertently deprive those who can proceed.  
The most silly thing I know of in today's education is trying to equalize what is not and cannot be equal. In going on the assumption that education poured into and onto a child is in some way going to change him, because a man has a million dollars does not make him superior as a man, education like worldly goods is something a man has and can use and nothing more. First instead of this "hang up" on years of age we should determine the maturity of a child and see if he is ready to enter school and learn. Some children are as ready for the 1st grade at 4 or 5 as others are at 8 or 9. Some children given the opportunity could cover more than one grade in early years.  
I know this to be a fact, because 5 or 6 kids had graduated from the Forks High School at 16. They had been in an Indian and white integrated grade school at Hoh, an ungraded school. All backwoods schools were ungraded. In fact if not in intent. The teacher driven by pure necessity had to "lump"

grades where possible, with no regard to age, only in view of ability. Integration purposefully on a racial basis is of course utterly unjust. Might as well insist that each school have a percentage of red heads. Children should go to the school trifling to their community without regard to integration or segregation on any racial basis. To do otherwise is nothing but racism.

LENA FLETCHER

Young Republicans Attend Convention

Delegates from Forks to the Washington State Young Republican Convention at Crystal Mountain, Washington, April 25-26, were Larry Klahn, Dave Anderson, Ron James, Janie Baker and Denise Rhyne. Alternates attending were: Glenn Morrison, Jean Klahn and Clynda Petersen.  
Elected to a two year term as president of the State Young Republican Federation was Jim Toew of Lacey, Washington.  
Among the many resolutions passed by the convention was one calling for foreign fishing fleets working continental shelf fisheries, to be under the same regulations that U.S. fishermen abide by, and for these regulations to be enforced by our federal government.  
Also a resolution condemning S, D, L, and other radical groups on the college and high school campuses, was passed.

CARD OF THANKS  
Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful floral offerings and other kindnesses, we are deeply grateful.  
Sincerely,  
THE DEWEY WATTERS FAMILY

SOMETHING'S GOT TO BE DONE!

TIME FOR TAXPAYERS TO WAKE UP  
Employed Americans will work two and a half hours every day in 1969 (a total of 650 hours) to pay their federal, state and local tax bills. The 10 percent surtax last year accounted for a big jump in federal taxes. Of course, state and local taxes are climbing, too. Federal corporate and individual income tax receipts are expected to reach \$122 billion in the twelve months beginning July 10.

In 1932, these receipts were slightly more than \$1 billion; by 1940 the figure had doubled. In 1950 federal income tax receipts reached \$26 billion, and nearly \$4 billion in 1959. In 1968 receipts had nearly quadrupled the 1950 level . . . with no relief in sight!

The average American's tax load has increased drastically over the years. In 1902, all taxes — federal, state and local — came to \$18 per capita. In 1948, the figure was \$377 and by 1958, \$628. For 1969 the estimated tax bill, federal, state and local, will be \$1,230 for every man, woman and child in the United States, according to the Tax Foundation, Inc.

It's time to rediscover fiscal sanity — by insisting on reduction in non-essential public expenditures at every level — federal, state and local.

The only way this can be accomplished is for taxpayers to demand action and keep the pressure on until they receive satisfaction.

BUYING? SELLING? RENTING? HIRING?

Sunset Highlites

By Fred Jarvis  
It's getting to be that time of year, when the leagues, one by one, are bidding their season and the secretaries are closing up shop until next September. Many of you leaguers are putting away your bowling gear to gather dust until next fall when once again comes the call, "Get ready, we start bowling next week."  
A few keep in touch by tossing a half dozen lines during the summer, while some of us practice pretty regular trying to improve our game. Well, we can dream, can't we? Mark Henry and Ray Maxwell are giving notice to us oldsters to move over and make room for some young blood. They're sure bowling good. Ray had a 208 and Mark a 229 in the Jr. Mixed League. Parry Lawell led all girls with a 148-374. Ray also picked up the 6-7 split. Keep it up kids, there'll be room for you.  
Darrell "Blue Stinker" Thomas left-handed a big 247 game on his way to a 693 series to top the Sunset men. Frank Olson bowling for Chev's Chevron and packing a J41 average, dominated out a 230 and a 554.  
Paula Lyda rolled a 192 11-10 in the Weds. Afternoon Powder Puffs, while Janice Wentworth took 11-30-110 her 485.  
Jerry Beebe led the Hoot Owls in the high game department with a 186 and Lera Rondeau had 492 high series.  
George Richardson leads the men with his 649 in the second week of qualifying for the PFA Singles Zone Finals to be held Sat. and Sun. May 3 and 4 here at Sunset Lanes. Come down and give it a whirl, you might make a little extra pin money.  
Jerry Beebe again in the Early Fri. Mixed with a 179-404. Darrell bowling up a storm with a 236-674, and Aub Julius banging out a 220-563. What have we used my ball, huh?  
Jean Streeter, bowling in a make-up for this coming Early Fri. Mixed, made some extra money from Early Tire Co. by throwing five splits in a row. It's hard to achieve, but I'd hardly call it an achievement, would you, Jean?  
Very pleasant surprise Sat. nite at Monte Carlo. Mother and I bowled with Duke and Jean and Alton and Emice Jones. First time I've seen them at the alleys in a long time. For a guy who has only bowled three times since 1965, he sure hasn't forgotten where the pocket is. Used to bowl for the Darigold team, but had to quit because of his health. Sure good to see you back again, Alton and Eunice. And from the way you enjoyed yourselves the other nite. I'd say we have a couple of converts for Monte Carlo.  
Jean Streeter and Larry Keeney had the Jackpot shot, and since both missed, we have a larger one for this Sat. nite.  
Woody Hamby won the free games and Duke took nite for four bits in our sidopot. Pretty near broke me.  
Stan Fouts subbed beautifully for Darrell on "Claude". Vagabond in the Traveling League Sunday, but to no avail. We were clobbered!! He rolled a 242-592. Come back again soon, Stan. How about Tuesday nite?  
Laurence and Josie's gang lead the Forks Prairie League with but two weeks to go. Five points out in front, they take an second place. Spoeltra Bros, next week. Forks State blank is close behind, so it isn't over yet.  
Fred Jarvis had a 227-582, while D.J. Gaulkins chipped in with a 222-564.

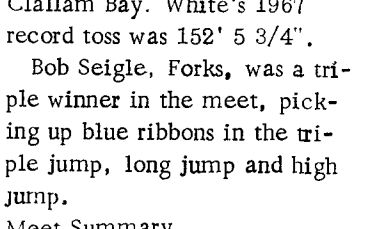

Spartans Win Invitational

Forks Spartans chalked up 76 points to walk away with team honors in the 5th Annual Forks Invitational Track and Field meet here Thursday.  
It was the first title for Forks in its own invitational. Clallam Bay won in 1965 and 1967. Vashliak won in 1966 and Sequim took it last year.  
Four records fell in the

meet and the Spartans set three as they swept to 9 firsts. Chuck Keeley set a new mark of 10.7 in the century, breaking the old mark of 10.9 set by Heiskilla of Clallam Bay in 1967.  
Bob Seigle leaped 49' 1" to break the triple jump record established by Allen of Chimacum last year. The old mark was 37'-3".  
The Spartan mile relay team (John Spoeltra, Russ Gale, Steve Perry and Dennis Perry) recorded a record time of 3:54, clipping the old mark of 4:03.3 set in 1966 by Forks. Charles Hartman, Clallam Bay, threw the spear 131' 11 1/2" to erase the old javelin mark held by White of Clallam Bay. White's 1967 record toss was 129' 6 3/4".  
Bob Seigle, Forks, was a triple winner in the meet, picking up blue ribbons in the triple jump, long jump and high jump.

SPORTS WANDERINGS . . .

Top fish story of the week has to be the catch by Gayle Skelton, former Forks resident. Gayle landed an 8 1/2 foot sailfish while fishing out of Acapulco, Mexico on a deep sea charter. The struggle lasted approximately 30 minutes.  
Forks won the team title for the first time in its own invitational track and field meet. Congratulations to the Spartans for the fine effort.  
Sequim, defending champs, didn't participate in the meet this year, using the poor track conditions as the excuse.  
Forks will field a Babe Ruth team this year with games scheduled against teams from Port Angeles.  
Babe Ruth is open to boys ages 14-19. They must be 13 by June 1st and not 16 before June 1st.

Games will be played here also. If the field at the Park can be whipped into shape. One good load of top soil would come in handy for repair work.

Anyone having baseball uniforms is urged by West End Little League Inc. to turn them into Henry Bochnold at the Post Office.

People keep asking this reporter the question, "What is going to be done about the condition of the high school football field?" My standard answer is, "I don't really know!"

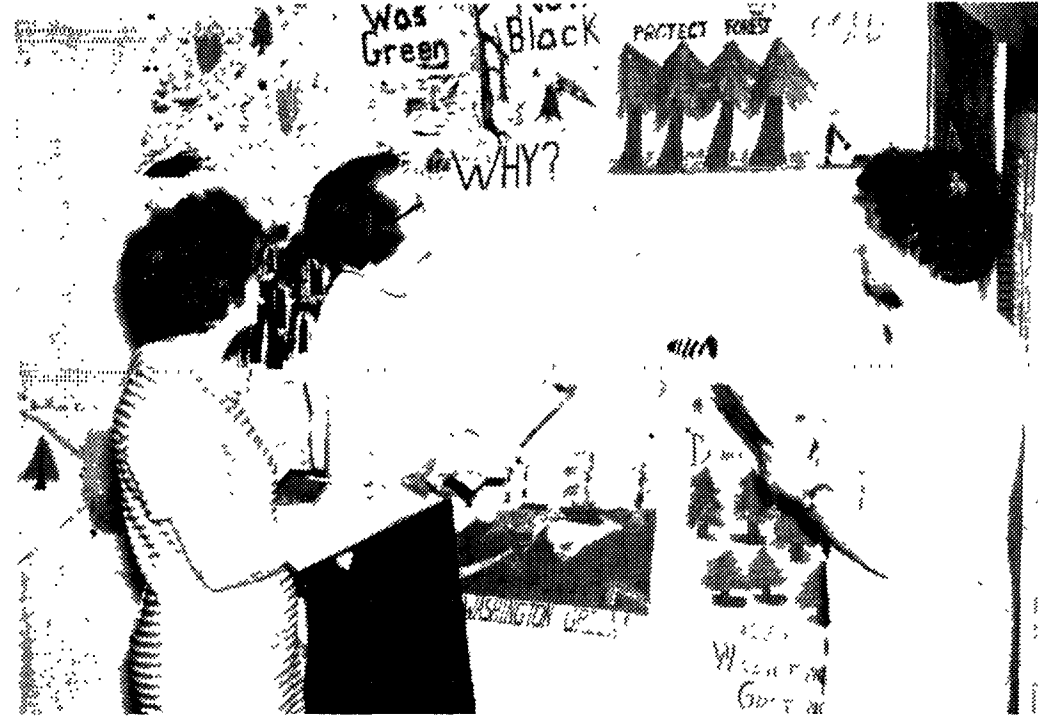

At each football season near completion and the fans witness the battle of the "mud babies", one can hear the fans talk about doing something to improve the condition of the field. Each new season creeps upon us and the teams are again playing under the same field conditions.  
We've heard a lot of talk, but we haven't seen much action. The fans can look forward to the battle of the "mud babies" again next season.

Sequim Wins League Meet

Sequim held outstanding performances by Al Miller, Bruce Schade and Wayne McClelland rolled up 77 points in sweeping a three-day Olympic League meet with Lakeside and Forks at Sequim Friday.  
The Wolves moved one step lower to the league title with the victory. Lakeside picked up 65 points to place second and the Forks Spartans tallied 61.  
Al Miller, Sequim, was a 4-5 winner. Al won the 11-7 jump and both hurdles events. Bruce Schade and Wayne McClelland were other 4-5 winners for Sequim.  
Lads won the javelin and shot put events. McClelland led in victory in the 100 and 225.  
Kroll, Lakeside, won the mile and 200 at Lakesides only double winner.  
Bob Seigle - Forks, paced the Spartans with victories in the long and triple jump and placed second in the high jump.  
The Spartan mile relay team of John Spoeltra, Steve Perry, Russ Gale and Dennis Perry won the event in the impressive time of 3:40.3.  
Meet Summary:

**LEGAL PUBLICATION**  
**STATE OF WASHINGTON DEPARTMENT OF NATURAL RESOURCES**  
**BERT L. COLE**  
Commissioner of Public Lands  
**NOTICE OF SALE OF VALUABLE MATERIAL ON STATE LAND**  
Notice is hereby given that on Tuesday, the 27th day of May, 1969, commencing at ten o'clock in the forenoon of said day, at the Forks District Headquarters, located at Forks, County of Clallam, State of Washington, by the District Administrator of said District, the timber on the following described state land will be sold at public auction to the highest bidder, to wit:

**CLALLAM COUNTY**  
Application No. 32756  
Gundersen Railroad located approximately 8 miles by road northwest of Forks. The sale is composed of all timber bounded by sale area boundary lines, property lines and logged areas on part 8 1/2 of Section 24, Township 29 North, Range 14 West, W.M., containing 215 acres, more or less, comprising approximately 5,240,000 bd. ft. of hemlock, 1,250,000 bd. ft. of spruce and others and 90,000 bd. ft. of alder, or a total of 7,580,000 bd. ft. Minimum acceptable bid per thousand bd. ft.: \$36.00 for hemlock, \$27.00 for spruce and others and \$11.00 for alder.  
No bidding will be permitted on alder.  
Timber will be sold on a log scale basis, except alder which will be sold on a cash sale basis. Timber must be removed prior to September 30, 1971.  
On or before May 27, 1969, at 10:00 a.m., each bidder must make a minimum deposit of \$24,818.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidder. The purchaser must, on the day of sale, make an additional payment so that the total amount deposited, exclusive of fees, will equal 10% of the full bid price based on the cruise estimate, plus \$900.00 for alder, plus a \$25.00 deposit on a branding hammer and a \$50.00 bill of sale fee. This additional payment may be by personal check. Purchaser must also furnish within 30 days of date of sale a surety bond of \$45,000.00 to guarantee compliance with all terms of the bill of sale. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.  
**ACCESS ROAD REVOLVING FUND:** \$2,040.00 to be paid on day of sale.  
Accessibility: via Department of Natural Resources access.  
Remarks: On the day of sale, purchaser must provide the Department of Natural Resources with a cashier's check in the amount of \$600.00, payable to ITT Rayonier, Inc., to pay for construction of a railroad crossing.  
Complete contract and specifications may be examined at Forks District Headquarters, County Auditor's office, and office of the Commissioner of Public Lands, Olympia.  
To be sold at Forks District Headquarters, on Tuesday, May 27, 1969, at 10 o'clock a.m.  
Any sale which has been offered, and for which no bids are received shall not be re-offered until it has been re-advertised. If all sales cannot be offered within the specified time of the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.  
Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a notice of which is now on file in the office of the Auditor of said county, and District Administrator of said district.  
**BERT L. COLE**  
Commissioner of Public Lands  
Publish Thursday, May 1, 8, 15, 22, 1969 in the Forks Forum.

CHECK FOR MEMORIAL LIBRARY—Rev. William Hawik, president of Forks Community Council, presents check for \$100 to Mr. L. E. Malmsten, treasurer of Forks Memorial Library. Community Council, thru UGN, has presented checks to assist programs in Little League, Scholarship Fund, PTA-Swift Programs in Beaver and Forks.

**Scholarship Fund Total Grows**

Quillayute Valley Scholarship, Inc., received a substantial fund boost from the Annual Scholarship Dinner and the radio auction performed by KVAC.  
The Scholarship Dinner proceeds totaled approximately \$600 and the KVAC Radio auction raised an additional \$1,254.  
Quillayute Valley Scholarship, Inc. is a non-profit organization of Forks Citizens granting scholarships to graduates of Forks High School.  
Over twenty scholarships were granted in 1968 and the committee feels the fund raising project results this year will make sufficient funds available to grant more in 1969.

**Cancer Films To Be Shown**

Mrs. Harley Withrow announced in connection with the cancer crusade that Tuesday, May 6, three films on cancer will be shown at the Olympic Theatre.  
The showing is free to the public with the showing scheduled at 8 p.m., doors open at 7:30.  
The Forks Lions Club will see two films on cancer at the May 8th meeting. The two films are, "Life Story" and "Sappy Homies".

**Local Men Arrested On Drug Charge**

Three young men all from Forks were arrested in Kalama, Washington by the Kalama Police Department on charges of supplying narcotics and other dangerous drugs to juveniles from 15 years of age and up.  
The three are Forrest Rollins, Ron Sharpes and Dan Sharpes. They were turned over to the Cowitz County Sheriff's Department and are being held without bail.

**NEW SCOUT REALLY COMES ALIVE WITH AUTOMATIC DRIVE!**

Four-wheel drive, that is, and fully automatic! The new Scout 800A Action Mobile with optional T-39 Automatic Transmission answers to a powerful V-8 engine— gives you boulevard-smooth convenience even in the toughest off-the-road country. More torque. Safer downhill braking. Easier starts on ice and snow. You name it. The Scout 800A has got it! Put your wife behind the wheel. It's her kind of car, too!

# DEAR JANE

DEAR JANE:  
A few weeks ago there was a letter from Robert Timmeyer asking "What is becoming of Forks?" I too, would like to know what is happening to it. If anyone told me this was coming three years ago I'd never believe it.  
A person doesn't even know if he can safely walk from one end of town to the other at night or even if his own business is going to be safe.  
What is happening to Forks.  
Didn't the boys of Forks run a lot of Hell's Angels out because they were dirty--rally now it is letting the same dirt back in! Even some of my classmates are joining them. Long hair and hippies should be cleaned up from Forks and in the high school. Look there and see how the boys half cuts (111) are getting. What ever happened to nice shirt lengths and loose pants instead of showing what you have or don't have.  
Three years ago Forks would have cared and done something about it--why is it letting it go now? Forks isn't going to the dogs, it has already gone!  
WAS a student of Forks High School

Dear Was:  
You sound like you still belong to youth! If you are a resident of Forks now, then your answer is--YOU, you are Forks! Each member of this community is Forks. Now, as an outspoken member of your community there is much you can do to educate your own community. We cannot rightly judge others motives, but we can tactfully work with the youth in our town to correct misconceptions of "hippie cultism". The amusing thing about these people is their claim to "be different", "get rid of the status quo" "think for yourself, be a nonconformist"!! If they are heavy drug users--how can they possibly think for themselves, they conform to drug habits. Nonconformist--that is hysterical they all look alike, same hair, same type of attire! Status quo--this is really good, they all have the same man--a deranged appearance usually indicates the same mental thinking! Be different--now really, if they are different from the same type of lazy--want something for nothing thinking herds, that have roamed this globe for 2,000 years, then our youth's thinkers have really been killed! And thank you "Was" for speaking up. It was refreshing!

DEAR JANE:  
I'm no prude, but it is absolutely necessary to show previews of violent movies labeled for "mature audiences" at the Sunday matinee of "Dr. Dooblitt"? This audience was composed mainly of very young children with their parents and school age children, none of whom would be especially interested in these particular coming movies. This is not an isolated case, as I've seen it happen at other children's movies also. I don't see why when we've paid to see a decent show our children should be subjected to these scenes. If we come later to miss the previews we would end up sitting in the front rows. It just seems that at these rare children's movies the previews could be slipped if they are not suitable. What is the theater management's stand on this? How do other parents feel? If we complain loud enough can something be done?  
Disgusted Mother

The owner of the Olympic Theatre is Mrs. Estene Fletcher. I do not know her views, you will have to contact her on this. Yes, something can be done, you've just did it!

# Bat's Belfry

By Betty Oton

The typical high school student headed for a higher education doesn't really have a clear idea of what he wants in college. But he has to make the choice from among nearly three-thousand colleges and junior colleges in the United States.

## Cooking School Coming

Forks area homemakers are invited to attend a special cooking school from 1 to 4 p.m., Wednesday, May 21, in the old gym of Forks High School under the joint sponsorship of Clallam County Public Utility District and RadioKVAZ. Admission is free by tickets available from local merchants. Door prizes will be given. The program will be presented by professional home economist Betty G. Nelson and her associate, Helen E. Brady, both of Tacoma, Washington.

By ordering catalogs from a few name brand or nearby schools or consulting with his guidance counselor, he can become acquainted with only a handful of the infinite possibilities.  
Wouldn't it be helpful if somebody put into a computer the courses offered, the requirements, the costs and financial aid available, the religious affiliation and other data about all the schools?  
Somebody has.  
A Cambridge, Mass. firm, "search", founded by a 22-year-old student at Harvard Graduate School of Business, has programmed into its computer information about every two-, three-, and four-year college in America.  
For a \$10 fee, it will match that data against information a student supplies about himself--the college courses he's interested in, his high school record, his scholastic aptitude test scores, the size and location of schools he would prefer, his financial means, and much more.  
The computer prints out the names of 10 schools that come closest to meeting the student's preferences and that he would be qualified to enter. It even

**ARE YOU INTERESTED???**  
Just hope you didn't misunderstand my ad of a couple of weeks ago, relative to my request for letters of interest in a mobile home court in Beaver. I am a retired Navy Chief with 10 acres but little money. I wanted your letter to convince somebody with money of the need for a new modern mobile home court in this area. In return for your help now, if successful in building the court, I was willing to knock \$5 a month off the first 3 months rental for anyone eventually locating there. So please drop me a card or letter with your views on the need of a court in Beaver. No obligation, no come-on, nothing phoney. Vert C. Poole, The Old Chief, P. O. **Meditation**

By Wm. E. Cross

We usually think of a model as one who displays the latest fashion in clothes. The word is also used in reference to that which is displayed. The usage is also correct when we refer to someone whose character is such that they make a good model to follow. Or, we often refer to one who lives a model life; a life to be emulated.

Of course the Bible introduces us to the greatest "Model" of all; the Lord Jesus Christ, surely the set before men the perfect example of a sinless life; a life we all would do well to strive to follow.

In almost every realm of life there are those who have been displayed before men as "good examples"; models which have been followed by the masses of every generation. It is extremely tragic, however, when men who have the high honor and rich privilege of being husbands and fathers fail to realize

the tremendous importance of setting a good example before their own. All have no doubt heard in one form or another the story of the little boy who was trying to fill his Daddy's shoes or walk in his Daddy's footsteps. How vitally important it is for men to realize the dynamic power of influence, regardless of what kind of character we have or life we manifest we cannot prevent ourselves from having an influence on someone else; not it good or bad.

In Hebrews 10:25 we read that we are "Not to forsake the assembling of ourselves together." That is, we are to be faithful in our Church attendance. Dad and Mom who "send" sons and daughters to Sunday School and Church, but never attend themselves, are very poor models for their children.

You see, a Bible-believing, Bible-teaching church is the best place there to learn about God and life—salvation through Christ. Any man who has met God and who knows Jesus Christ as his own Saviour not only is a better man for it, but he will certainly set a better example for his children and acquaintances to follow. What kind of a model are you?

**The Model**

"Now I'm busy with a bit like Monday." I was a bit of a busy self when we were shopping yesterday.

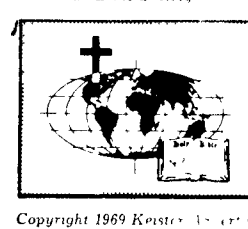

I was amused, too, as I studied the faces of the people who came to church the next day. "We really had a really busy day yesterday. I'm glad her mother is her model. So she is a good example of God's love of God is reflected in everything she does. Her mother is a model of our church is emulating. I should do it."

When we were married, I was a sometimes a busy man. Now I teach Sunday School, sing in the choir and assist in the worship service. I find it deeply satisfying to know that my life is a model of joy of serving God.

Every church needs the dedicated effort of its members. Experience the joy of serving God.

**VFW News**

Commander Charles Fox of Fletcher-Wittenborn Post 90106 VFW visited the Auxiliary on their regular meeting night, April 21st. Mr. Fox gave a very interesting, informative talk to a very interested group of women. He told of the hopes and plans of the Post in the coming year. Of special interest was the memorial plot in the cemetery. Poppy days, the annual picnic and plans for the future post home. The Commander also urged all members to attend the District #14 meeting in Sequim on May 6th.

During the meeting of the Auxiliary Agnes Clausen was initiated into the unit welcomed.

Sewing Club will meet at the home of Jeanne James on April 29th. A potluck lunch will be served at 12:00 o'clock. Blankets for the hospital nursery will be worked upon, come prepared to work.

A card party will be held on April 20th; proceeds will go towards the memorial plot in the cemetery.

A meeting to make end of the year reports will be held on Monday, April 28th in the VFW Hall. All claimants are requested to attend.

Remember, District Meeting, Sunday, May 4th at Sequim!

Next regular meeting of Fletcher-Wittenborn Auxiliary is May 6th.

**Eastern Star**

Mrs. Shirley Melmer, worthy matron and Sander Swalling, worthy patron welcomed guests and members Monday evening at Mt. Olympus Eastern Star Chapter. Guests were Mrs. Mildred Smith, Helga Tharlow and Mr. and Mrs. George Tracy of Jefferson Chapter, Hadlock.

The station of Adah was honored and all persons who had held that station. Mrs. Ida Tracy, Mildred Smith, Anita Ellis and Francis Maxwell were introduced and presented corsages and gifts.

Those having April Birthdays, Thomas Braithwaite, Francis Maxwell, Ann Gagnon and Barbara Hoffman were honored.

Mrs. Margaret Braithwaite, Deputy Instructor of District No. 1 was introduced.

The East was decorated with five baskets of flowers, each the color of one of the five star points.

Refreshments were served by Mrs. William Read and Mrs. Doran Jackson.

**CARD OF THANKS**  
 Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful floral offerings and other kindnesses we are deeply grateful.

KENNETH, JEFF, SUSAN, & CINDY CONGELL, BURNIA LITTLE, EMELY COME, ALICE BENT, FRED, CLAYTON & GENE FOSTER.

**CARD OF THANKS**  
 My thanks to each one of my many friends who sent the lovely cards and flowers during my recent stay in the hospital. I am especially grateful.  
 HERMAN WATERS
