

## Meditation

By Pastor Howard Stockman

Where you live and work is God's created order. There is so much to this created order that Scientists are still finding out more and more about it and are continually amazed at the fact that the more they find out the more there is to know about it. God gave man the ability to search and discover things about his creation. In other words we were created to work and this is what we are doing. Every one of you spends many hours to earn a living and make things much more comfortable for your family.

There is another area that is just as important as the physical in God's creation and this is the spiritual. Many times this area is forgotten because it is not for making a living. Yet there is more to life than eating and satisfying our physical needs. There is a great desire to prolong life and meet our creator. Many times this desire gets buried deep down inside a person but it is nevertheless still there.

One particular manifestation of this is the fear of death which most people have. We are afraid to die because instinctively we know that this means separation from God forever if we have not lived in a right relationship with him.

In order to keep from squelching the religious desire from people it is necessary for us to make sure that our children go to church and Sunday school. In not getting them to Sunday school we are not giving them the proper chance they need to fill their spiritual drives. As parents we are responsible for our children's education and if we don't expose them to this dimension of life we have failed to give them the well rounded education that they need.

Give your child a chance and include not only the physical in his education but also the spiritual and the mental. In doing this you are giving him a much better chance to meet life as it is.

Sometimes a mother wonders what makes a boy's mind work. Even when boys still seem like babies, they have a preoccupation with tools and a desire to "make" something that goes beyond their actual years.

This is an urge that should never be "squelched." Out of such beginnings come great inventions, machine marvels, electronic wonders and all the rest.

# WORKMAN

Then, allow your child to explore and experiment, even if what he is creating doesn't have any significance to you. Let him expand his horizons in every direction. He was, after all, meant to explore three worlds: the physical, the mental and the spiritual.

Don't stint on any of them. Be sure he gets a good start in every area. If your son isn't going to church school and to church services with you, why not start now?

## Demonstration Of Sea Power

U. S. News & World Report devoted a lengthy feature to the rise of Soviet sea power and called it the "Latent Threat to America." It reports the increase of Soviet naval forces all over the world and the threat they pose to the maritime supremacy of the U. S. However, in describing the development of Soviet naval power, U. S. News tells but half of the story. The other half involves the soaring growth of the Soviet Merchant Marine. No one knows better than the Soviets that participation in global commerce requires merchant ships --and Russia is building them by the thousands. For years, spokesmen for the U. S. Steamship Lines have sought to awaken the nation to the growing peril of an inadequate merchant marine. Their efforts are underscored by the dramatic expansion of Soviet sea power.

At last there appears to be general agreement that the time has come to put the U. S. back on the sea-lanes of the world with a merchant marine second to none. Spokesmen for U. S. shipping lines have made it clear that we have the technological know-how to do the job. They now await necessary policy and legislative decisions that have been pledged by governmental authorities at the highest level. Our space-ship landings have demonstrated the meaning of U. S. sea power. The lesson should not be lost.

When the moon explorers returned to earth, a sizable area of the Pacific Ocean was again turned into a landing sanctuary by U. S. naval forces. But, what few people seem to realize is that with each pickup of the astronauts we are witnessing an exhibition of sea power --the capability of going where we wish, when we wish on the earth's seas. Mobility at sea is a heritage that we cannot afford to lose.

## Registration At P. C.

Registration for Peninsula College day classes will be held on Sept. 18, 19, 22, and 23. During these days students will meet with counselors and faculty advisors to determine their programs for fall quarter and take part in general orientation to college students. Appointments for registration are now being mailed to students and should be completed by August 29th. Students who attended the college in previous quarters and have indicated that they intend to return will be assigned appointment times during the first two days of registration. New students who have been accepted for all quarter will be scheduled for appointments on Sept. 22 and 23.

Any person expecting to enroll in the day programs who does not receive an appointment letter prior to Sept. 1st may contact the Office of the Registrar to arrange for an appointment.

The Washington Pre-College Test will be administered at the college on August 29th and again on Sept. 23rd. Starting time each date is 8:30 a. m. The fee for the test is \$7.00. Students who have not taken this test in high school are requested to take this test at either of these times.

The evening classes at Peninsula will begin during the week of Sept. 29th. A brochure describing course offerings will be available the week prior to registration.

## Income Tax Illegal?

Anyone who has been around for a few years may recall Miss Vivien Kellems, the Connecticut industrialist, who for years has carried on a long battle against the inequities of the national income tax. By and large, it has been a losing battle. But undaunted at 72 years of age, she is again standing up for her rights. She is fighting for the return of more than \$75, 000 which she feels is due her as a result of taxes collected illegally from her because she has no husband.

Says Miss Kellems, "There is no law that says single people must pay at a higher rate than married people. Congress never has, nor does it dare pass such a law; even the Supreme Court would have to declare it unconstitutional. If you can tax me because I am single, you can tax me because my

## New Driver's License To Have Picture

Your next driver license will have your picture on it in living color, as authorized by the 1969 legislature to provide a "standard and readily recognizable means of identification."

The Department of Motor Vehicles began issuing the colorful new laminated licenses this week. They will replace the paper licenses currently in use over a two-year period, as each driver's license expires.

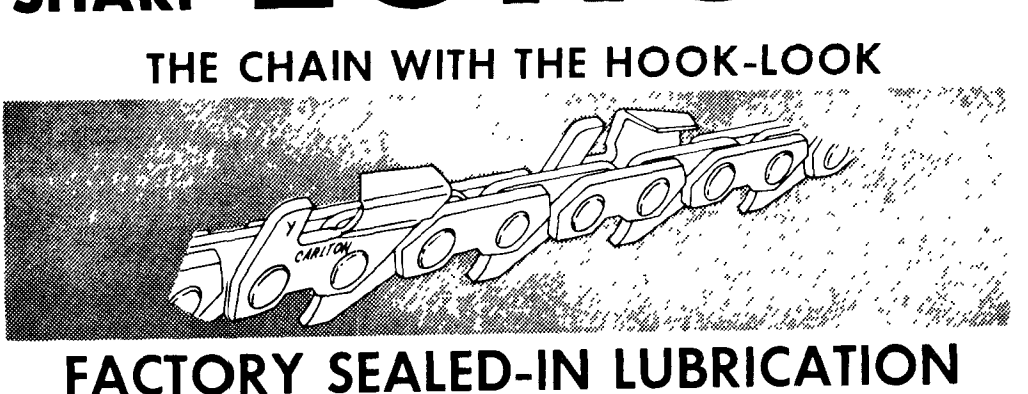

Every driver license examining office and travel unit in the state is equipped with cameras which simultaneously take a picture of the individual and his printed license or identification card. In Olympia the eyes are gray, my hair is white, or I am 72 years old. I have no more control over these conditions than I have over my marital status. How many eligible single men, age 72, or thereabouts, do you know?"

Two pieces of identification bearing one's signature and/or photo must be submitted when applying for a photo license or I. D. card; otherwise the card will be stamped "not valid for identification." Acceptable proof of identification includes previous driver licenses, credit cards, license "pre-bills," identification cards issued by other governmental agencies, and notarized affidavits.

DER Processes Inc. was awarded the contract to supply the cameras, train the driver examiners to operate them, process the film, and produce the cards. The Indiana firm currently holds the contract in 14 of the 21 states which have adopted photo driver licenses.

## NEW! CARLTON CHAMPION CHAIN

# SHARP WHEN YOU BUY IT STAYS LONGER

THE CHAIN WITH THE HOOK-LOOK  
**FACTORY SEALED-IN LUBRICATION**

The only chain on the market that is pre-lubed! It eliminates soaking chain in lubricant. Different and unusual, it reduces chain stretch, and friction with less drag, longer life and greater economy.

**HYPODERMIC LUBRICATION**

**CARLTON COMPANY**

We can't keep up with the demand because it's the fastest cutting chain on the market! The Carlton Champion is designed for the professional logger -- they find that they don't have to alter Carlton Champion to make it cut faster and stay sharper longer. Sharpens fast and extra sharp with Carlton File-O-Plate. The controlled manufacturing processes assures top quality -- all cutters, rivets, tie straps and drive links are of the finest steel, processed to resist fatigue, breakage and wear.

**BY MRS. J. E. MERRITT**

Mr. and Mrs. Richard Loushin and daughters, Debbie, Brenda and Pamela returned home late Labor Day from a 12-day vacation trip taking them to California and Canada. They drove down U.S. Highway 101 to Crescent City, California where they visited Mrs. Loushin's cousins, Mr. and Mrs. Wes Ingram and Mrs. John Beckett, and their families. They also visited Mr. and Mrs. Bob Germeaux and family, formerly of Beaver. Returning, they camped at Crater Lake National Park and were joined at breakfast by a black mother bear and her two cubs. It was quite an experience to all of them.

**Forks Artists Win Awards**

Forks artists winning awards at the Clallam County Fair were: amateur oil; Helen Corbin, "Hens", first prize, semi-professional oil; Linda Laney, "Only A Small View", second prize, semi-professional water color; Linda Laney, "View At Rock Creek", which also took prize for best scene. Professional oil; honorable mention, Elizabeth Barlow, "The Potato Digger". Junior winners were: Water colors: Bernice Nash, Karin Johnson, Acrylics: Rhonda Black, Margaret Zapeda. Sculpture: Rhonda Black. Best craft: Wendy Foster. Sculpture: Carla Wahlgen, Wendy Foster. Pastel: Wendy Foster and Bob Kreider.

**PRE-SCHOOL HOLDS MEETING**

An executive meeting of Pre-school P. T. A. was held at the home of Mrs. Bob Swanson, August 29th. Plans were made for the first meeting and new committee chairmen for the year were named. Officers for the year are as follows: Mrs. Bob (Mary) Swanson, president; Mrs. Gene (Shirley) Halverson, vice-president; Mrs. Gordon (Wilena) Richards, secretary; Mrs. James (Katy) Silves, treasurer. Named to committee chairmanships were: Mrs. Larry (Kathy) Bagger and Mrs. James (Becky) Aggegard, phone committee; Mrs. Charles (Patsy) Robison and Mrs. Don (Louise) Stewart, hospitality; Mrs. George (Judy) Frakes, publicity and scrapbook; Mrs. Robert (Betty) Blakley, P. T. A. magazine; Mrs. Art (Janet) Keim Jr. and Mrs. Bob (Carole) Lea, membership committee.

**RAINBOW INSTALLATION TO BE HELD**

Denise Rhyne of Forks Rainbow Assembly No. 140 will be installed as Worthy Advisor Saturday, the 13th of September, 7:30 p.m. The installation services will be held in the IOOF Hall. Other officers to be installed include: Virjeanne James, Associate Worthy Advisor; Janet Kreider, Charity; Julie Baker, Hope; Rita Johnson, Faith; Ramona Turle, Treasurer and Kay Baron, Recorder. Mrs. Donald Lamb is Mother Advisor of Forks Assembly.

**Richard Huling Married Sept. 6**

On September 6 at Grace Lutheran Church in Port Townsend, Richard Huling, son of Mr. and Mrs. Wayne Huling of Forks, was united in marriage to Nancy Anita Perthoff of Port Townsend. Following a brief honeymoon on the Oregon coast, Rick has orders to report to the U. S. Air Force headquarters in San Antonio, Texas. Nancy has enrolled for fall quarter at the University of Washington. The young couple both attended Pacific Lutheran University last year and Rick was a 1969 graduate.

**Miss Garbrick Is Engaged**

Mr. and Mrs. Kenneth Garbrick, Forks, announce the engagement and forthcoming marriage of their daughter, Florence to Robert Smith, son of Rev. and Mrs. William C. Smith of Buffalo, Missouri. Florence graduated from Forks High School in 1966 and is attending Western Washington State College, she will graduate in 1970. Robert is in the U. S. Navy stationed at Whidbey Island. The wedding will be held September 19 at the Forks Bible Church, a reception will follow. All friends are invited to attend.

**Loushin - Villanueva Wedding August 16**

Miss Clementina Villanueva, daughter of Mr. and Mrs. Innocent Villanueva of Javajow, Sonora, Mexico, became the bride of Jack W. Loushin, son of Mr. and Mrs. Jack L. Loushin, of Beaver, on Saturday, August 16, at the home of Mr. and Mrs. David McStotts.

Rev. William Hawk performed the double ring ceremony in front of the fireplace, which had an antique mirror over it. Antique candelabra and taper candles graced the mantel, and summer arrangements of pink dahlias were placed around the room. The bride, given in marriage by Mr. David McStotts, wore a street length dress of crepe, trimmed with white French lace, with matching accessories. Her shoulder length veil was of pink illusion. She wore mother-of-pearl earrings, the gift of the groom, and her corsage was of pink rosebuds, surrounded by baby carnations. For something both old and borrowed she wore a gold cross necklace, centered with a diamond. It had belonged to Mrs. McStotts' mother who had worn it on her wedding day. Mrs. McStotts, matron of honor, wore a gold lame 2-piece dress with matching accessories and a white carnation corsage. Cleve McStotts was best man, and Susie McStotts was candle-lighter. She wore a blue and white gown dress and a variety corsage of white carnations.

The groom and male attendants all wore dark suits and white carnation boutonnieres. The groom's mother wore a burgundy red crepe dress with black accessories. A small reception was held following the wedding ceremony. Cutting the cake was Mrs. Richard Loushin and pouring was Mrs. Fred Loushin, sisters-in-law of the groom, and his brother, Jim Loushin, served the punch. The groom's cake, made by Mrs. Richard Loushin and daughter, Debbie, was in pink net and trimmed with tiny white wedding bells and wedding rings. It was passed out by Miss Debbie Loushin, niece of the groom, and by Miss Verne Fuson. Assisting Mrs. McStotts with the reception were: Mrs. Dale Fuson, Mrs. Richard Loushin and Mrs. Griffith Collins, the McStotts' daughter.

**SCHOOL LUNCH MENU**

Sept. 15-19  
MONDAY: Braised beef and noodles, buttered peas, hot whole wheat muffins with butter, fresh prunes, milk.  
TUESDAY: Hamburger gravy, whipped potatoes, buttered green beans, buttered bread & peanut butter, fruit jello, milk.  
WEDNESDAY: Hamburgers on buttered buns, macaroni salad, sliced tomatoes, carrot & celery sticks, ice cream, milk.  
THURSDAY: Beanitos, molded vegetable salad, buttered bread, butterscotch pudding, milk.  
FRIDAY: Baked macaroni & cheese, tuna fish salad, buttered bread, dessert, milk.

MIRROR OF MAIN STREET Street Department painting parking areas with new color code. Yellow? No Parking!

The Forks State Bank has a new night depository. Thanks.

ter, Mrs. Hazel Roedel of Port Angeles made the flower arrangements.

After a wedding trip to Canada the couple are now at home in Sappho. The bride received her education in Mexico, and has been employed at the Sappho Service and Cafe.

Out of town guests were the bride's brother, Mr. Leberto Villanueva of Navajita, Sonora, Mexico, Mr. and Mrs. Laurence Gullikson of Sekiu, aunt and uncle of the groom, Mr. and Mrs. Griffith Collins and family, of Hasting, Oregon, Mr. and Mrs. Dale Fuson and family, and Mr. and Mrs. Harold Marquette and family, all of Port Angeles, Mr. and Mrs. Hal Johnson of Castle Rock, Wash., and Mr. and Mrs. W. A. Burton of Lake Crescent.

**FRANK GREEN**  
 Memorial services were held August 26th for Frank Green who died August 22nd at the age of 72. Born September 18, 1897 in Dewatta, Washington on Hoods Canal, he moved at the age of six with his parents, 6 brothers and 3 sisters to Olalla, Washington. Mr. Green was a logger and fisherman. He built the "None Such" and fished in Alaska waters for many years. He came to Mora, Washington in 1922 to work in the Mora Hotel where he met Hazel Smith. They were married in October of that year. His wife survives him at the family home in Oak Harbor, Washington. Other survivors include 4 sons, Vernon, of Fortuna, California, Andy of Anacortes, Washington, Marvin of Oak Harbor and Bruce of Burlington, Washington. A daughter, Ruby Brown of Ward's Cove, Alaska and 13 grandchildren. One brother, George of Blaine, Washington.

**IN MEMORY**  
 Macley, Onni A. In cherished memory of our dear brother, who passed away September 13, 1969. Like fallen leaves the years slip by, but loving memories never die. A silent thought, a secret tear, Keeps your memory ever near. Sadly missed by, Sisters, Helia, Ardelle, and Violet.

**LEGAL NOTICES**

**NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00**  
 Notice is hereby given that on Monday, the 22nd day of September, 1969, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.  
**LEGAL DESCRIPTION:** The sale is composed of all timber bounded by sale area boundary tags, roads and logged area comprising approximately 77,000 board feet of hemlock on parts of the following: NE 1/4 NW 1/4 of Sec. 24, Twp. 28 N., Range 15 W., W.M., Clallam County, Washington.

**CASH SALE**  
 Forest products will be sold on a cash basis. Minimum acceptable bid will be \$1,617.00. On or before September 22, 1969, at 10:00 a.m., each bidder must make a minimum deposit of \$161.70 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc., are to be made payable to the Commissioner of Public Lands.

**BOND:** On the days of sale, the purchaser must also furnish a cash bond of \$300.00, in the form of cash, money order or certified check, to guarantee compliance with all terms of the bill of sale. Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Forest products must be removed prior to December 31, 1969.

Located approximately 10 miles by road West of Forks, Accessibility Via Department of Natural Resources Access.

A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

**BERT L. COLE**  
 Commissioner of Public Lands  
 Publish Thursday, September 11, 1969, in the Forks Forum.

**NOTICE OF BUDGET HEARING**  
 Notice is hereby given that the proposed budget of the contemplated financial transactions of PUBLIC HOSPITAL DISTRICT NO. 1 OF CLALLAM COUNTY, WASHINGTON for the year 1970 has been prepared and is on file in the records of the Commission at the Forks Community Hospital at Forks, Clallam County, Washington, as required by law, and NOTICE IS FURTHER GIVEN that a hearing on said proposed budget will be held October 6, 1969 at the hour of 8:00 o'clock P.M. in the dining room of the Forks Community Hospital, at which time any taxpayer may appear and be heard against the whole or an part of said proposed budget and at the conclusion of said hearing the Commission will adopt the Budget as finally determined and fix the final amount of expenditures for said year.

Dated, this the 20th day of August, 1969.  
**ROBERT L. BAKER**  
 Secretary of the Board of Commissioners of Public Hospital District No. 1 of Clallam County, Washington.  
 Publish September 11 and 18, 1969, in the FORKS FORUM.

Mr. and Mrs. Richard Thompson and family of La-Canada, California, visited the Olympic Peninsula for a week. They were the guests of Mr. and Mrs. Al Rhyne. The Thompsons teach in the Glendale area. According to Thompson, "They enjoyed some great salmon fishing in the Port Angeles area."

VOLUME XL FORKS WASHINGTON 98331 THURSDAY, SEPTEMBER 11, 1969 NUMBER 2 10 CENTS

## Elk Applications Due Sept. 18

Applications for 1969 controlled elk hunt permits must be received at the Olympia or any regional office of the State Game Department by 4:30 p. m. September 18 in order to be considered in the drawings, officials reminded today.

Applications for the elk hunt permits are already being received in Olympia, but some are rejected as ineligible, notes the Game Department.

Application cards must be signed, and persons failing to do so will find that their name has not been entered in the drawings. Other information on the card must be given as required--including area applied for, date of birth, and hunting license number.

There are no partnership elk permit applications this year, so hunters need not worry about that, but applicants do need to remember when they last had one of the controlled elk hunt permits.

It is unlawful for any person receiving an elk permit to apply for the next two years. That means that anyone getting a permit in 1967 (or 1968) is ineligible to apply in 1969 and if you go ahead and apply anyway, you shall "automatically be disqualified for an

additional two years," according to regulations listed in the 1969 hunting pamphlet.

The majority of the big game hunting seasons in Washington for 1969 are for buck deer and bull elk, and these are open to all hunters having a hunting license and appropriate big game tag. There are also a limited number of Hunt Management Units where either-sex hunting is available to all hunters.

Most of the big game seasons where an animal of either sex may be taken, however, are managed on a permit basis; with only a certain number of permits issued for each hunting unit area and only permit holders allowed to participate.

Permits are issued through public drawings from all eligible applications received before the closing dates.

**PACKED PACK OF PACKERS**--The Forks Packers rough it up a bit as they prepare for their first league game Saturday night against the Sequim Lions in the farming community. The Forks Packers and Giants represent the Little Leagues of today and the Spartans of tomorrow.

By Lonnie Archibald

## Home Damaged

Forks Town Marshal Phil Riebe reported a car driven by John Rooks went out of control on Highway 101 just across from the Town Motel, the car traveled for 114 feet sideways and struck the Willard Perry home, causing extensive damage to the house and lawn. Rooks was not seriously injured. The Washington State Patrol will investigate.

## PTA Sets Goals

"It is about time Forks PTA begins to live up to their objectives," said Ron Thompson, PTA president. "Instead of just being a dull social meeting once a month we should be an active organization. We should work to promote the welfare of children and youth in home, school, church and community. To raise the standards of home life, to secure adequate laws for the care and protection of children and youth. To bring into closer relation the home and the school so that parents and teachers may cooperate intelligently in the training of the children."

Some suggested programs, according to Thompson, are: "A summer recreation program, a year round community recreation program designed for the older youth and young adults, cultural and art programs for both adults and children, a summer library program. These are just a few of the things we as parents can provide for our children and community. We should also strive to make our PTA a community organization with a special invitation to those living in the Tyee, Beaver, Sappho and LaPush areas."

The first meeting of the 1969-70 school year will be held Wednesday, September 17, 8 p.m. at the grade school

## Youth Rescued After 3-Day Ordeal

A 19-year-old youth from Hoquiam was rescued Saturday by park rangers from the site of a slide on the south slopes of Mt. Olympus.

Frank Bondurant and his companion Daniel Butterworth were crossing a rocky slope on their way to Hebert Glacier Wednesday when Bondurant caught in a slide, fell over a cliff. Butterworth, by dropping his pack and gear, was able to climb to safety. He called to his companion but was unable to make contact or see him because of the heavy brush. Bondurant was knocked unconscious in the fall but regained consciousness around 8 p.m. He was able to reach the food and sleeping bags Butterworth had dropped and prepared to spend the night.

Butterworth then hiked back down to the south fork of the Hoh where he made contact with loggers working in the area Friday noon. The park rangers were then notified and a search and rescue effort began. The rescue team was composed of a 16-man team of experienced climbers who along with rangers combed a 10 mile stretch of dense timber and brush for the missing youth.

## Sportsmen: This Could Have Been Your Buck!

By Nedra Reed

The incidence of out of season deer kills is increasing, according to James Aggergaard, area warden.

There were 2 spike bucks killed in the last few days, one in the Calawah burn area on the A road and one just off the Goodman Mainline on Rainer. "After the hard winter which killed many of our deer, the poaching is even more of a problem and we need your help in preventing more of this," said Aggergaard.

One of the animals pictured here was killed, dressed and the remains dumped along the road. The other one was probably killed by someone driving along the road at night, one hind quarter was all that was taken.

Aggergaard's territory extends from Forks to Queets, Forks to Neah Bay and to the Twin Rivers on 112 then from a line running from the rivers to Crescent Lake, so you can see the problem.

One of the admirable things about the people of Forks is their general outlook of live and let live! This is extended to all including our Hippy population.

In any society where a group is willing to leave other people alone to go their own way, there is never a problem. But when a group takes advantage, then something must be done.

The Hippy community has its good and its bad, its dreamers and its doers, and its con men and undesirables. Most of these people simply want to be left alone to do their own thing. But when individuals in their ranks resort to unlawful means to support themselves and dependents, then it reflects on all.

A case in point is either the inability to act or lack of concern on the Port Commission to police the boat basin at LaPush. Story after story has come out of LaPush pertaining to the traffic of marijuana and other drugs to juveniles, and the coordinated and well thought out means of running this traffic.

We should call on the Port Commission, the Sheriff's Department and the Bureau of Indian Affairs to put an end to this problem. A letter or two to these agencies may be the answer: Port Angeles Port Commission, Boat Haven, Port Angeles, Washington 98562; Clallam County Sheriff's Department, Court House, Port Angeles, Washington 98562; Bureau of Indian Affairs, Box 120, Hoquiam, Washington 98550.

Water Discussed By City Council

Water problems were discussed with Frank Lyda, Water Department superintendent. According to Lyda, "In some of the new construction areas contractors are laying electrical, telephone and T.V. cables in the ditches dug for the water lines."

The city will begin to rigidly enforce the adhering to specifications for the companies mentioned.

Bids will also be drawn up for the purchase of a new back-hoe for the water department.

The council approved Richard Sandmire as deputy marshal for Forks. Sandmire has been acting in a temporary capacity for the past few months. He will resume his duties as soon as possible.

Sunset Highlites

By Fred Jarvis

Well, the 1969-70 bowling season has finally gotten underway. And the way some of the guys and gals started, you'd think they had been bowling all summer. Some pretty terrific games, series and averages to begin a new season. Darrell Thomas has a composite average of over 201 in three leagues and Wilma Engeseth established a 191 in the Weds. Powder Puff League. Sure like to see them keep it up.

Tuesday Nite Sunset League opened the new season here in Forks with KVAC and Dunc's Rototilling taking all four points and sharing the lead on the first nite. Darrell topped all bowlers with a 237 game and a 589 series. George Richardson had a 569 and Glenn Gilmore a 216-568. John (Retired) Nagel came in with a 214 game.

Wilma set the Powder Puff circuit on fire with her 203-573. Mary Kennedy had a 200-517, Margaret Windle, 188-512 and Sally Nagel a 199-509. Nice bowling, girls.

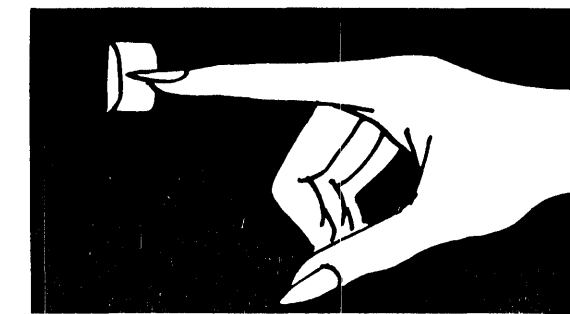

Maureen Anderson latched on to the high game in the Thursday Nite Women's with a 192 and Bernie Richardson took series honors with a 516. Mother Jarvis was next with a 502.

Darrell did it again in Late Thursday's West End gang. He banged out a 239-633. I guess not bowling much this summer helped him. Jim Silves had a 210, Gordon McCoy a 206, and Willis Bryan a 202-557.

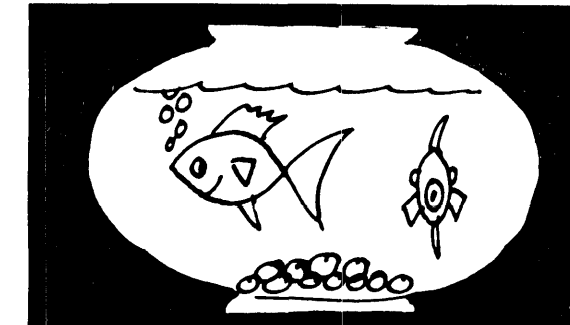

George Richardson ripped out a 224 high game for the men of the Early Friday Mixed and Darrell again had the Hi 30 of 595 with his high game a 208. Herb Beebe rolled a 201 while spouse Jerry topped the gals with a 187-514.
