**Sportsmen's Council Wants Ban on DDT**

The Washington State Sports Council quarterly meeting touched a wide range of outdoor subjects through six resolutions:

One resolution urges the governor and the legislature to initiate a study of a ban on any future use of DDT and other chlorinated hydrocarbon pesticides. One supports the policy of charging an additional fee for bow hunting and asks the Game Commission, during the first quarter of the year, to set the opening day of big game season.

The governor and Director of Fisheries are requested to rescind all special privilege exclusive Indian fishing in accordance with the Constitution. If they fail to act, the Council will initiate such legal action, against the governor and director, as may be necessary to have these special privilege fishing seasons rescinded.

The Council supports a bill introduced by Washington Congressmen which would correct a technicality in the State Admission to the Union Act of 1889 which now prevents exchange of certain state lands with the U. S. Forest Service.

The statement of position consisting of six points was adopted for submission to the National Water Resources Council, now reviewing procedures for Evaluation of Water and Related Land Resources Projects such as dams, dredging, resources, irrigation, etc.

According to Thayer, "Soccer is basically one of the easier games for the students to learn, and we don't have access to the gym facilities for a regulated plan of physical fitness."

"Mr. Thomas Winsor, principal of Elementary School, wanted to develop a health program, and since no health books were available we have been using the chapters in our science books as a basis for this study. We use films and other study aids. We hope to have a regulated program next year. At least, we hope it's happy. Johnny's strung out on "speed," and most people take him for about 35. He's shouting "meh," now, but he started on pills: "diesies," "benies." He has to use a little more each day to maintain the "high" and avoid "crashing." It's as though he were a car that's raced its motor continuously for a year. No wonder he looks like he's ready for a 50,000 mile overhaul.

you don't feel you have to pay any attention to your health... because you feel so "up" all the time. So white you're "up" on speed, your body runs down. Johnny raps all the time about how, since he's started "speeding," he's really living. At this rate, he may have lived his whole life before he reaches 22.

SPURGEON MIDDLETON AND BRENDA MIDDLETON loading shake bolts on a sled.

Quiet, gentle people, a couple who have been married for over 50 years and have raised 10 children, seven girls and three boys.

People who left their home in North Carolina, where they had lived 5 miles from where they were born, all their life. People who say their only regret is not having come to Washington 30 years ago.

"I came out here on vacation, I've been here ever since, about seven years now."

"Yes, I've retired, my family and I worked seven years on Cold Creek, started there under contract to the Forest Service. First cedar I bought was \$3.00 a cord, last cedar I bought in 1965 was \$13.00 a cord. I heard recently it was up to \$19.00."

"I logged back home too, but I can tell you it was a lot different, all hardwood back there. Oak, Poplar and all the logging was done with horses."

"You asked about my horse, I bought her when I first got here. The man I bought her from had named her Queenie. My grandson called her Jezebel, so did we."

"I've gone back there a few times since I left, I could find no real satisfaction in that country and was real glad to be back here."

Mrs. Middleton said, "We have one daughter back in Carolina and 5 grandchildren. We're going back to see them soon. Our daughter, Patricia Ann, is going to Kansas to train to be an airline stewardess, we will go that far with her, and will visit Spurgeon's cousin in Kansas and then go on from there."

When asked how long they intended to stay, Mrs. Middleton replied with a smile, "Maybe 2 or 3 months and maybe until spring."

Spurgeon said, "Maybe a week."

# Sunset Highlites

By Fred Jarvis

This was a week of sports for this writer, baseball, football, ping-pong, fishing, bowling, and racing airplanes. Of course I participated the easy way, naturally, in a big easy chair in front of the TV set. Oh, I did go down and bowl and Mother and I stumbled on way thru a few games of pool. Very strenuous, I should say.

Margaret Whitehead spoiled off the 4-5-7 split, took Hi 10 and 20 of the Friday afternooners with a 181-482. Dot McCoy had a 13-0-0. Nabel-mothers picked off the 4-10 split and Jeanne Whitehead got the 5-6-10.

Don MacDonald took his first 2-0, a 202 in the Sunset League. Not bad, as he only had a 137 average. "Hot Hand" Harry Lefter tossed a high 4-1-1 with Frank LaGambina close behind at 219. "An Actured" Nagel took Hi 30 with 562.

For the Powder Puffs, Wilma Engesoth had a 204 and Leta Rondeau a 157-1-0. Theresa Decker, 508 and Pat Mansfield, 565.

Leta Rondeau took a leg up to her limb with her 197-538. Of the other 1-0-0's, Betty Holtz had 187 and Kay Whitehead a 201.

Anita Baumgartner had 16-424 for the Thursday Beginners and Lenora Oliver a 121-3-0. Barbara Windle, altho not a beginner, rolled a 110-210 game.

Leta Rondeau again in the Thursday Nite Women's, tossing a 209-591, and Thelma Campbell had a 208.

Rich Dibbern walked away with everything in the West End League as he batted 6-0 in a 209-585. Don Noble, packing a 115 average, stepped up with a 201.

Billie Lujan took 4-1-1 in the gals in the Friday Mixed and Jean Streeter closed a visit with a 171-474. Lou Suchodolski had a 176.

Fred Jarvis won it all for the men with a 212-597. Paula Lyda knocked over the 1-1-1 split, and Hank Bigelow pulled off the rare feat of hitting in the 7-10 split. Nice going, Hank.

Karen Felso of the Hi 5's had Hi 10 of 116 and Tina Birdwell to lead the 1-0-0's with a Hi 20 of 205. Theresa Decker had a high 1-0-0 with a 14-0-0.

Sunday afternooners had a 1-0-0 tip out a 229 and George Richardson bowled the biggest ones of the week, a 422. Should have saved those strikes for Monday Nite, Ol' Buddy. Leta Rondeau led the women with a 213-620.

Duke Streeter and Wayne Cline each with a 222 in the Forks Prairie League, and Chuck Hamby with a 219-581. Norm Bagly, bowling since after a two-year lay-off, hit a big 273.

# Packers Lose Huskies Meet Beavers To Cowboys

FORKS FORUM THURSDAY, OCTOBER 16, 1969---PAGE 11

The Forks Little League Packers traveled to Port Townsend two weeks ago to see their undefeated string snapped at three games. The Packers scored the first two times they had the ball, but could not stop the Cowboy's second quarter drive and went down to defeat by a score of 20 to 11.

After recovering a Cowboy fumble, the Packers sprang Rusty Roberts home on a 30-yard gallop around right end to take the lead 6 to 0.

Next time the Packers got the ball, Ken Olson upped the score to 12 to 0 by firing a scoring pass to Jeff Anderson. Olson then ran the extra point to take a 17 to 0 first quarter lead.

The Cowboys came back in the second quarter to score three touchdowns and take a 20 to 17 half-time lead.

Both teams played to a stand still in the second half with Funt Blankenship, Gary Simon, Steve Tovey and Hasty Roberts helping to run back the Cowboys from any further scoring.

## Bulldogs Tie Spartans

Forks High School Spartans and North Mason Bulldogs divided last Friday night into two halves and finished the game in a 6 to 6 tie. Forks controlled the first half, scoring with 3:04 left in the first quarter. North Mason came out in the second half fired up and scored on the first play from scrimmage and went on to control the second half.

After an exchange of punts, Forks took control on their own 39-yard line, and drove 61 yards to score ten yards out. Don Hutt, behind the blocking of Bruce Allen and

Larry Gaydeski, ran a quarterback option to the right side. Just as Hutt seemed he would be stopped, he turned and pitched to Dennis Perry then threw the key block which allowed Perry to power his way into the end zone. Forks then tried to punch Perry into the end zone for the points after touchdown, but the Bulldogs pushed the Spartans back.

North Mason quarterback Drew Landrum was constantly kept off balance in the first half by the hard rush of John Schumack and John Dahlgren. At the start of the second half Drew Landrum found Lyle

Venard behind the Forks secondary for a 75-yard touchdown pass. Forks then put the stoppers on North Mason's try for the extra points to preserve the tie.

To finish a very exciting game, North Mason ended the game on the Forks one-yard line, fumbling into the end zone with one second left where Dennis Perry recovered.

Dave Beebe, Bruce Allen, Pete Dahlgren, John Dahlgren, and John Schumack all looked good defensively for the Spartans. Next the Spartans play the Lakeside Lions, Friday at 2:00 o'clock in the afternoon.

## Packers Force Tie

The Forks Packers forced a play off game to be played this Sunday by downing the Forks Giants, 29 to 6 in Little League play last Saturday night. The Packers and Giants must play again next Sunday to determine the No. 1 entry in the championship play offs, Sunday, October 19th in Sequim.

After a scoreless first half, the Packers took command in the first quarter. Rusty Roberts, behind the blocking of Bill Fossell, Runt Blankenship, Brian Nash, and Gary Simon, pushed 19 yards to paydirt and right end to make the score 6 to 0.

Again in the third quarter Roberts scored off tackle, broke over tackles and raced 59 yards to score. Ken Olson's power charge made the score 13 to 0.

In the fourth quarter, Ken Olson, after using Roberts again and again, faked to bootlegged the ball 25 yards to score. Olson then scored the extra point to make the score 20 to 0.

Harold Bechtold waited until late in the fourth quarter to show his Giant fans what they had come to see. After picking up a good block from Kent Thomas, Bechtold turned on the speed and out-raced everyone for a 71-yard touchdown. Thomas' collision attempt was stopped short.

Rusty Roberts and Harold Bechtold had to be the stars of the game. Both rushed for over 50 yards. Roberts scored four times but had two called back because of penalties. Bechtold carried the offense load for the Giants with his running mate Jim Blair hurt. Definitely, credit must be given to the entire Giant and Packer teams, for jobs well done.

## Spartan Babes 22, Roosevelt 0

Forks Junior High Spartans, after a slow first quarter, roared back to score in the next three quarters to hang a 22 to 0 loss on Roosevelt B's of Port Angeles.

In the second quarter, after Craig Petrovich recovered a fumble on the Port Angeles 25-yard line, the Babes drove to the one-yard line where George Schumack plunged over for the touchdown. The Babes extra point attempt was no good.

Schumack got his second touchdown in the third quarter on a 40-yard run through the right side of the line. Bernie Nash's rush for the points after touchdown was good to make the score 16 to 0.

Nash capped the scoring early in the fourth quarter with a 4-yard blast up the middle. George Schumack scored the extra points after touchdown.

Jim Bolen, the fiery offensive center, Jeff Wittenborn, and George Schumack led the offense while Billy Jones and Reg Shawgo were outstanding on defense.

The Babes next game is with the Port Townsend Junior High Saturday at 2:00 p. m. at Forks.

Letter To Pelly  
From Lorna Johnson  
Honorable Thomas M. Pelly  
House of Representatives  
Washington, D.C.

Dear Congressman Pelly:

A few years ago I worked for The Fishermen's News and with industry groups seeking more effective management of our marine resources. It didn't take ESP to envision the results of continued harvesting by foreign fleets off our coasts, nor to estimate impending damage to the U.S. image by its placative stance at the conference tables.

Gradually becoming aware of the politics involved in fisheries administration, the influence of corporate business therein, and after an incident following the Alaska earthquake I retired. A combine of legislators, bureau heads and businessmen attempted to push the Fish Vessel Subsidy Bill through in the name of "aid to Alaska", at a post-quake meeting in Seattle. We were resigned that passage of the bill was inevitable, with such power behind it, but not then to "aid" Alaska. The industry moved quickly to forestall the maneuver.

Meanwhile, foreign fishing of our conserved stocks intensifies and expands. More harassment incidents have reportedly occurred, and our competitors boldly increase operations inside U.S. fisheries limits. Our Coast Guard performs well within its physical and dictated limitations. Its range however, is not wide and its force is unbelievably inadequate. Several of our vessels have disappeared this year without a trace. Offshore jet skiffs and surveillance vessels of our firms must be apprehended if serious conservation is to be avoided. Foreign nations react swiftly to protect their offshore resources. Our government still expecting fishermen to observe traditional conservation regulations, ignores intrusions of other fleets into its designated fisheries waters.

When Mr. Nixon was elected, twice of a supporting firm hoped

Mr. Daily is an attorney in Greensboro and Mrs. Daily is District Governor over 13 counties in North Carolina for the Girl Scouts of America. Heavens, No

An elderly, unkempt man stood before the judge on a drunk and disorderly charge. As he was about to be sentenced his belt broke and his pants fell down.

"Take this man out and get him some rope," the judge ordered as the constable rushed up.

Another prisoner whispered to his lawyer, "For crying out loud, they can't hang a man for that, can they?"

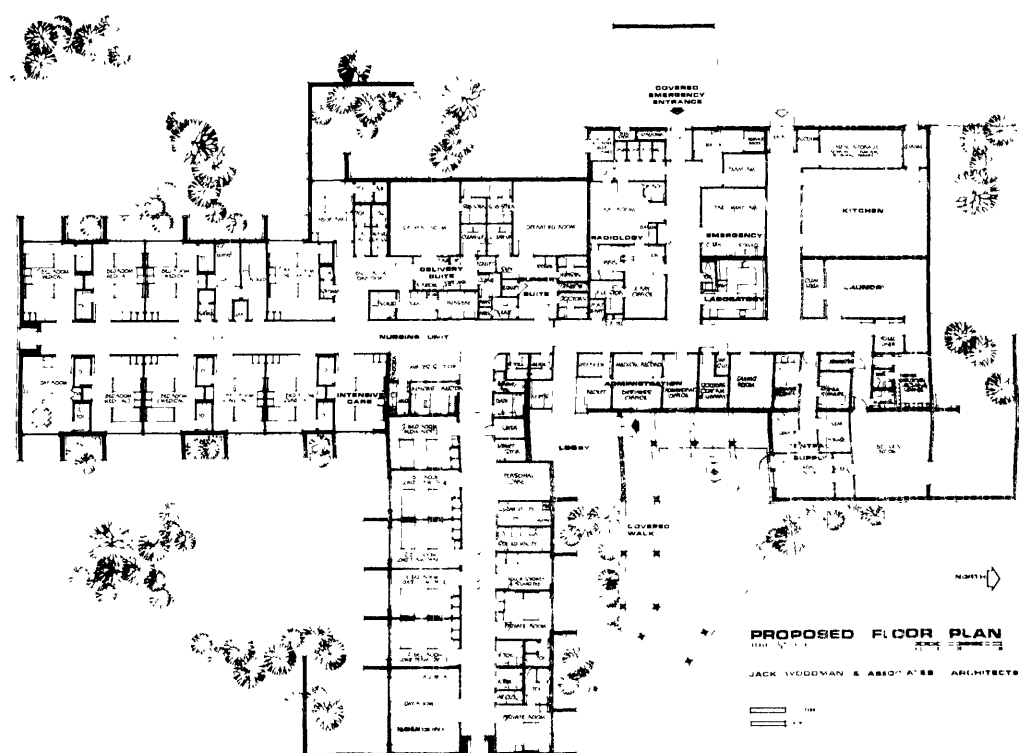

The Bogachiel Garden Club will meet at 1:00 p.m. Thursday, October 16th, at the home of Mrs. Richard Wahlgren. Co-hostesses are Mrs. Fred Wahlgren and Mrs. Terry Klepply. Roll call: "Plant now for early spring color."

that conditions would somehow improve. To date, our position has become more vulnerable, not less. We sense increasing resentment and growing rebellion. It simply isn't the American way to remain passive when being pushed around. When we risk our national position to rescue one diplomat, and leave our working vessels and resources unprotected, something is very rotten in America. Prestige and respect are not fostered by weakness or laxity. The course we are on can only lead to more internal revolution and more baiting by aggressor nations.

Respectfully,
