through Nov. 23

The bank was chartered on August 22, 1944 and opened for business in a part of the building now occupied by Olympic Pharmacy on November 20, of that year. The growth enjoyed by the bank over these 25 years has been commendable and reflects the growth of the West End of Clallam County. In May, 1953 the new banking office at Forks Avenue South and B Street was occupied and the continuing expansion in services and number of served will soon necessitate a need for further ex-

pansion of the banking facilities. It is the desire of the officers and directors to continue to provide full service banking to this area and to extend to our customers the best in service and convenience in their

banking needs. R.O. Wahlgren has served as President and a Director since opening for business and has witnessed the many changes which have occurred within the community and within the bank. Deposits at the end of the first day of business totaled \$34,147.64 and reached an all time high

of \$5,357,534.60 in October of this year.

On behalf of the staff, officers and directors, Frank Horton, Vice President and Manager of the Forks State Bank, extends a warm welcome to the people of Forks and the surrounding area to join with us Saturday, November 29, in commemoration of this our 25th anniversary.

we are at war, both over seas and at home. Yes, the riot and the not-so-peaceful demonstrations are a war of sorts. We have the "generation gap" the "it's all right for us

The marijuana, LSD, amphetamines and barbituates. The "hippy", "yippy" and the drop-outs from society. The draft card burners, and the mass exit to Canada to

we're older, but not for you"!

We have the ability to change all these things and a Bill of Rights that grants us the freedom to do so. All that's needed is the desire to change.

Our President appears to be trying to solve the problem of Vietnam. Let's support him, as the government of the United States is only as good as we make it. If you disagree with present policies, let it be known through proper channels---write your congressman.

The generation gap---"we didn't to those things when we were young".

"Children learn by imitating their parents, do you smoke cigarettes?" This is a direct quote from a very popular television commercial, but it is quite true. Children do imitate us, so let's be an example for our younger generation to pattern themselves after.

What do we have to be thankful for?

Science has conquered the ravages of polio, discovered drugs to alleviate the distress of persons affected by various diseases. Medical science has made the transplanting of human organs possible.

Space technology has sent men to the moon and brought them home again.

And on our local scene, we have a community interested enough in each others well being to pay for the desperately needed hospital and new school for our children.

We have a doctor who has served us faithfully for many years. Ministers from all denominations working for the good of our community. We also have a volunteer fire department, a Search and Rescue unit to be proud of, a community council interested in our area and its needs. And most of all, neighbors who aren't afraid to extend

a helping hand to those in need.

I'm sure each of us can add much more to this list. Just think!

We do have a lot to be thankful for. THANKSGIVING 1969

Meditation By Pastor Art Morlin

When George Washington issued the first presidential Thanksgiving Proclamation, He said: "It is the duty of all nations to acknowledge the providence of Almighty God, to obey His will, to be greatful for His benefits, and humbly implore His protection." This is America's imperative duty

David translates this duty into personal experience in Psalm 116. "What shall I render unto the Lord for all His benefits toward me? I will take the cup of salvation, and call upon the name of the Lord..... I will offer to thee the sacrifice of thanksgiving, and call upon the name of the Lord." This is the ture Thanksgiving spirit.

Expressing gratitude only for material blessings is just a part of our Thanksgiving. The Thanksgiving of the early

"And were you?" asked Jane.

Puritan could hardly be just for material blessings of eleven houses along a village street and the living quarters for fifty persons were not very luxurious. Christianity puts no premium upon material things. Paul said he suffered the loss of all things that he might win Christ.

An act of town visitor to New York City got out of the subway train at Times Square. He asked the subway guard if he knew where such-and-such a strreet was. The subway guard aid, "Don't ask me anything about "up there" Mister. I don't know anything about it. I know all about down here but no hing up there." A good many people in our land are like this. They could care less about up there. Ignoring God, preoccupied with material things of life, they are destroying our heritage of freedom. Let us thank God for the cup of salvation with all the material and spiritual benefits He has

Will you please print this poem in your paper for me? I wish I could say I had written it myself. It was, however, written by Longfellow but it says more eloquently than I ever could what I want to say. I would like to dedicate this to the people of Forks, my home town.

Robert Lee Dempsey, 20, testified that on "March 7, he, Larry Messenger and Morgison came to Port Angeles. Morgison allegedly bought beer at Goodies Tavern in Sappho." The trio then re-

sumed their trip to Port Angeles. Dempsey and Messenger dropped Morgison off at the liks Lodge, According to Dempsey, "we then drove around town we were stopped by a Port Angeles policeman. He issued a citation for negligent driving. We got a little mart and he took us down to the police station. The officer then charged us with called Morgison at the Elks, he came down and bailed

Dempsey was then asked to identify several plastic bags filled with what appeared to

be a green substance, similar to grass clippings. He identified the contents of the bags as marijuana. He said, "those bags of marijuana were the same ones he had seen hidden in the attic in Morgison's house."

The bags in question were found under an abandloned car on the A road, in the

Lost Hunter Walks Out

Larry Eyle, 23, of Toledo, had quite an experience this past week. He and his partner were hunting in the Undi Lake area when they became separated. Eyle injured his knee and was unable to travel through the woods satisfac-

torily. He and his companion had entered the woods on the Upper Bogachiel on the Bogachiel Trail. Eyle became lost about 1 o'clock Tuesday afternoon. He said, "I walked about 25 miles, spent the nights in a dry creek bed and under a log. The only food I had was a candy bar and an apple for two days."

Eyle had no compass, only his rifle and a cigarette lighter. The U.S. Coast Guard helicopter flew over him Thursday, he fired his rifle into the air to attract their attention. They apparently could not see him for the shadows.

Eyle came upon Bear Creek and followed it to Undi Road. According to Doug Howell "He and Ray Ellis were driving along the Upper Bogachiel Road around 5:30 p.m. Thursday, when they stopped to examine some deer antlers lying along the road, when suddenly Eyle walked out of the brush. He was cold, tired and hungry but otherwise in pretty fair shape."
