\$100 Fine for Shooting BB Gun In City Limits

The Forks Marshal's office report: there have been several incidents of property damage, caused by BB guns in the last few days.

There is a city ordinance which provides a \$100.00 fine for discharging an air gun within the city limits.

Anyone found discharging a weapon of this type will be arrested and the gun confiscated pending trial.

Marshal Woods said, "We would like to give parents a chance to take care of the situation before we start to issue citations."

The law provides stiff penalties for offenders and parents are responsible for all damages caused by their children.

Sports fan? All the Forks High Spartan games are broadcast on KVAC.

New-Fashioned Revival Party

Unity in the Olympics is planning a new-fashioned (Not old) "revival party" for Friday, February 20th at 8:00 p.m. at the Carpenter's Hall on East First street next to Washington School in Port Angeles.

John W. Adams, the minister of Unity in the Olympics, says that this should not be confused with the old fashioned revival meetings. There is nothing old fashioned about Unity, and in keeping with the tradition of Unity in helping people to live happy, healthy, successful lives, this party will be an experience in new songs, new ideas, inspiration, meditation, and music. Plenty of delicious food will be provided. Also, the Port Angeles Bag-Pipers will be there to entertain.

Unity In The Olympics extends a special invitation to people in the West End area to attend the party at the Carpenter's Hall in Port Angeles. There will be a door-prize, plus other prizes and gifts. There is no charge for the party although those attending may give an offering to Unity's Organ or Building Funds.

Unity Center is located at 22 1/2 East 7th Street in Port Angeles, where the Devotional Service and The Children's Church of the Golden Key are held each Sunday at 11 a.m. Visitors are always welcome at Unity.

Chimney Fire

The Forks Volunteer Fire Department responded to a call to the Esther Hallman residence, Monday at approximately 9:30 p.m. The fire which started in the chimney, did no apparent damage to the rest of the house.

Search and Rescue Training Meeting

Glen Mason, DNR employee, explains the methods used for reading section posts and explains the use of an aerial map.

The Forks Community Search and Rescue Unit is holding regular business and training meetings every 1st and 3rd Wednesday.

The newly organized unit includes all area west of Fairholm to Neah Bay. Neah Bay has a unit of their own. The unit members are composed of interested people, men and women from all areas.

The group works in close conjunction with representatives from the large timber companies, Department of Natural Resources, the Sheriff's Department, and all others who are familiar with the area.

The unit operates under civil defense rules. All members of the group are to be registered before going on a search. This is done so that members of the rescue unit will have coverage under the workmen's compensation laws.

Living in a somewhat isolated area we can see the need for a unit of this type. The group needs your support.

The next meeting will be March 4, 7:30 p.m. at the VFW Hall.

LaPush Man Presumed Drowned

Edward Jackson, 31, of LaPush is lost and presumably drowned after the canoe in which he was fishing with Jack Loudon, also of LaPush, capsized near the Ferguson Hole in the Quillayute River.

Loudon swam to shore and notified authorities. Darrell Thunder of Thunder's Motel immediately took his jet boat to the area to start searching. The Forks Community Search and Rescue and the Clallam County Sheriff's Department West End Detachment searched most of the night with lights.

The Search and Rescue resumed a full scale search the following morning. The unit had 16 men and riverboats in the area.

Sunday, they used their own equipment and equipment from the Washington State Highway Department to try to remove a log jam in the river. The attempts were unsuccessful.

The Search and Rescue Unit is continuing the search.

According to Ray Ellis, coordinator for the unit, the members will be trained in all aspects of search and rescue, and first aid.

The unit is presently drawing up by-laws. All interested persons are invited to attend. The group plans several fund raising activities to provide money for badly needed equipment.

An air whistle has been purchased. The whistle will be installed at Bob's Texaco.

The whistle will blow a series of 3-7 blasts at 1 minute intervals. This will be a signal for all members to meet at the station. The Unit will depart from there to the site of the search and rescue operation.

There were 11 reports of persons lost last hunting season alone, of those reported last year, one was a child.

Spring vacation for the Quillayute Valley Schools is set for March 4, 5, and 6, to coincide with the State Tournament in Tacoma.

Council Meets Feb. 12

The Forks Town Council met February 12.

The vacancy on the street department was discussed. No plans are being made to hire a replacement at this time although applications are being taken.

A new lease for the Harris and Harris leased property at the airport will be negotiated.

County Commissioner Tom Mansfield was present at the meeting to discuss the construction of a street in the Mansfield Addition. Property owners in the area have been complaining and according to Mansfield, he hopes to have the street finished in a few days. The fence will be removed and gravel will be hauled in to build the road bed.

A building permit was issued to E. C. Gockereil for construction of a garage, the permit was for 30 days and approximate cost was \$3,000.

Changes in the plans for the proposed addition to the

School Board Meets Tonight!

Following are a few of the items on the agenda of the Quillayute Valley School Board.

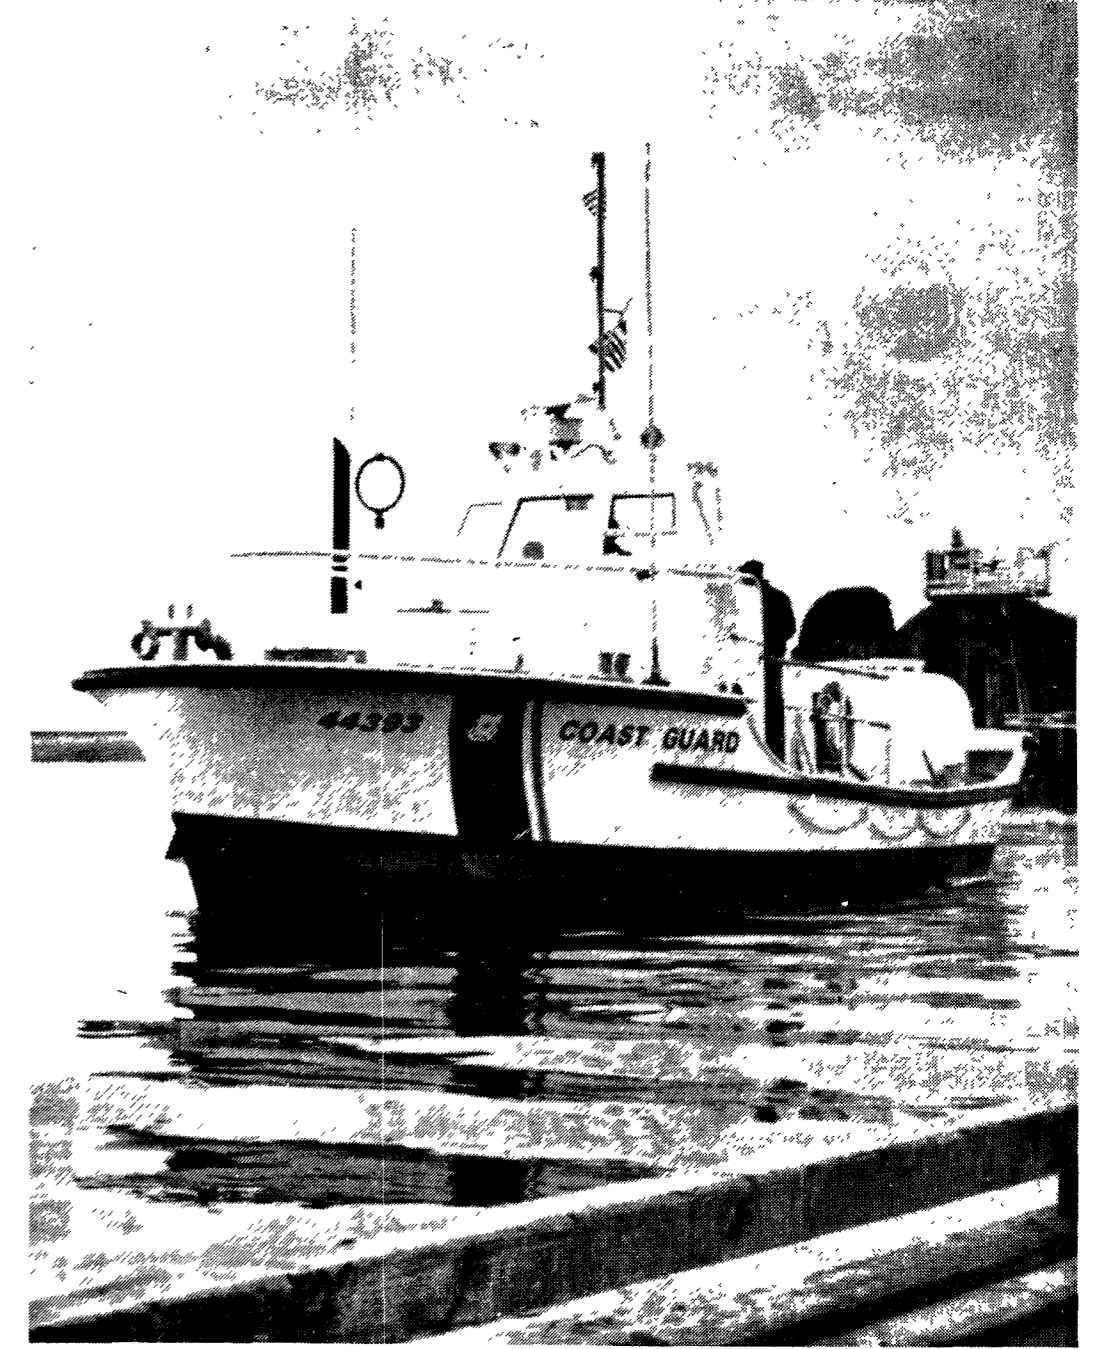

The meeting starts at 8 p.m., Old Business;

Report on mercury vapor lighting; appraisal report on Beaver School; transportation plan for 1970-71; insurance review; fuel bid report; recommendation for Administrative Assignments; building rental policy recommendations; vocational program report; curriculum meetings with staff members and department heads.

The house in question is on the alley at 1st Avenue and Division Street. The owner has been notified and the health department has requested the filling and covering of the cess pool. County ordinances were studied and compared with the existing ordinances of the town.

Their next meeting is to be February 23.

LETTER TO THE EDITOR

Editor,

If "protest" was characteristic of the Sixties, surely "progress" could fairly characterize the first weeks of the Seventies, at least so far as state legislation is concerned.

The Legislature now has completed a very Special Session-special in its brevity and special in the high quality of legislation that it turned out.

I'm proud to have been a part of it, proud to have been able to represent the best interests of both my constituents and the state as a whole proud to have helped make significant progress in subjects as wide ranging as environmental quality, votes for 19 year olds, unemployment compensation, consumer protection.

Legislation aimed at preserving the quality of the environment we live in was clearly the most dramatic of the subjects with which we dealt.

To better coordinate the State's efforts toward resolving the environmental problems

that crowd in on us from all sides, we reorganized several state agencies into a single unit of government to be known as the Department of Ecology. It will provide the state with the means of mounting a broad integrated attack against air and water pollution, solid waste accumulation.

There was a truly impressive array of legislation enacted aimed at regulating and controlling specific hazards to our environment. . . . An oil spillage bill which makes oil companies and carriers absolutely liable for cleaning up oil that they spill. Nuclear plant siting bill that protects the public interest but assures industry of fair treatment. Strip mining bill that will require a specific plan of rehabilitation before a permit will be issued for mining an area.

A major overhaul of our unemployment compensation law was probably the measure with the most immediate economic effect to come out of this session. The new bill provides maximum weekly benefits of about \$70 while at present it is \$42. It also has an escalator clause at one-half the average weekly wage in the state.

Legislation that benefits young adults took the form of a bill that would give voting rights to 19 and 20 year olds. This involves a change in our State Constitution and the voters must approve the change next November.

Another measure that must receive approval of the voters next November if it is to become law is a bill that liberalizes our abortion law. It would allow a woman of at least 18 years to have an abortion provided she is a resident of Washington for three months, no more than four months pregnant and consent of the husband.

An unheralded but vital piece of consumer protection legislation was passed aimed at tightening control of unscrupulous credit activities and other shady business practices. Victims of fraudulent practices now can sue for treble damages and also can collect for attorney's fees and court costs. In the past, suits for relatively small amounts often were never started because such things as court costs and legal fees came to more than the amount being sought.

There were several significant laws enacted relating to education. This includes a measure that could eliminate the need for special school

levies by using the full amount of additional funds raised by the proposed Net Income Tax Act to apply to state support of Common schools. This would require passage of the tax reform package on next November's ballot. Another bill authorized an increase in teachers pensions, and reduced eligibility requirements for disability retirement.

Bills that could have permitted changes in our constitutional prohibition against bingo and annual sessions failed.

Current-use assessment will be made of lands classed as 'open space', 'farm land' and 'timber land' whereby land will be taxed at its actual use rather than its potential use. A farmer close to an encroaching city can now continue to operate as a farm instead of being taxed out of existence through rising land values.

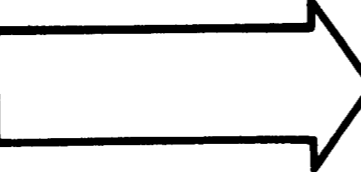

A system of trails will be established in the state. Financing was provided for four new ferry boats on a pay as you go basis, standards were set for factory-built housing and a statewide drug control unit was created under the State Patrol.

Assigned Risk Plan Said Obsolete

"Auto insurance companies have been classifying policyholders, often unfairly, for years," says State Insurance Commissioner Karl Herrmann. "Now our Insurance Department has plans to make a fair and equitable classification of companies for the policyholders," he said.

"Soon we will begin to issue 'report cards' showing how the individual companies doing business in our state are treating their policyholders. An unfavorable report card may well have a bearing on our consideration of company requests for rate increases," Herrmann noted.

Some 36,000 complaints and inquiries a year are received by the State Insurance Department. These are being sorted and classified to determine which companies and practices are giving rise to most of the complaints.

Recently Herrmann declared this state's assigned risk plan, used to provide coverage for the so-called high-risk driver, obsolete and said it was no

longer a reasonable plan to meet the public need and necessity.

He further informed the industry they should come up with a plan that would meet minimum requirements or the Insurance Department would devise one under its statutory authority.

The industry responded by sending representatives to meet with Herrmann in Olympia. Later, the Commissioner met with the governing committee of the Western Association of Automobile Insurance Plans in an attempt to open up this facility to the driving public and broaden the coverage available through it.

The Washington Auto Insurance Plan is affiliated with this association, which has combined the old assigned risk plans of the 12 Western States.

"Over the years, the auto insurance industry has 'depopulated' the assigned risk pool in favor of throwing the so-called standard driver to the wolves in the high-risk marketplace," Herrmann said.

"The high-risk market has not been a pretty prospect. It has been riddled with dishonest and incompetent operators who often charged exorbitant premiums. Over 100 auto insurance companies, including many of these shady operators, have gone bankrupt over the past decade, leaving millions of dollars in unpaid claims," he pointed out.

The good driver who may have a spotless driving record now should be equally concerned about the high-risk market, Herrmann said, because there is no such thing as a permanent white or black hat behind the wheel of a car.

A good driver today may in a split-second miscue on the highway become a high-risk driver tomorrow. Or because of his age, economic status, race, marital status, occupation, or neighborhood, he may suddenly find himself classified as a bad risk and thrown on the high-risk market.

Therefore, said Herrmann, it is important that a legitimate

it easier to apply for coverage. A new concept in providing fast and ready auto insurance at reasonable rates is currently under intensive study by the State Insurance Department. The final article of this series will deal with the new plan now in operation throughout Canada.

By Nedra Reed

I received the following report from Mr. E. C. Gockerell, Department of Natural Resources, Forks. I sincerely hope it helps you as it has helped me understand the complicated tax structure concerning State lands.

According to Mr. Gockerell, although the income derived from the timber sales on Forest Board Lands varies with the market and the rate the timber is cut, the figures on the projected transmittals for the next five years are based on estimated current appraisals, and scheduled payments stipulated in individual timber-sales contracts.

Clallam County receives 80 per cent of the gross income derived from Forest Board County Trust Lands managed by the Department of Natural Resources. The sale of timber accounts for most of this income.

Forest Board County Trust Lands are tax delinquent lands which the County deeded in trust to the State for management. They comprise 93,600 acres, 58.6 per cent of the 157,951 acres of state-owned land in Clallam County under the Department's management.

NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00

Notice is hereby given that on Monday, the 25th day of February, 1970, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

LEGAL DESCRIPTION: The sale is composed of all timber marked with blue paint bounded by roads and logged area comprising approximately 28,000 board feet of hemlock on parts of the following: SW 1/4 NE 1/4 of Section 36, Twp. 32 N., Rge. 13 W., W.M., Clallam County, Washington.

CASH SALE
Forest products will be sold on a cash basis.

Minimum acceptable bid will be \$574.00.

On or before February 25, 1970, at 10:00 a.m., each bidder must make a minimum deposit of \$57.40 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc., are to be made payable to the Commissioner of Public Lands.

BOND: On the day of sale, the purchaser must also furnish a cash bond of \$300.00, in the form of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day, between the hours of ten o'clock a.m. and four o'clock p.m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Forest products must be removed prior to June 30, 1970.

Access Road Revolving Fund: \$30.00 to be paid on day of sale. Located approx. 4 miles by road southwest of Clallam Bay.

Accessibility via Department of Natural Resources access, Crown Zellerbach Corporation easement, Earl Murray, Harvey Nelson and Christina R. Nelson easement, Peninsula Plywood Corporation easement.

A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

Driftwood Show Set

It will be the 8th annual Beachcombers Driftwood Show opening on March 14 from 12:30-9:00 p.m. and Sunday, March 15 from 10:30-4:00 p.m. at the Grayland Community Hall (Grays Harbor.) Grand-daddy of them all the show has grown in exhibits-386 last year and in viewers 5,000 in 1969.

The event a full venture for folks along the ocean in the Twin Harbors Beach area bringing together the driftwood buffs who are amateurs and enthusiastic to show off their use of ocean flotsam and jetsam.

Specific categories and rules are set out in a brochure obtained free of charge by writing Twin Harbors Beach Association Box 1172 Grayland, Wn 98547. All interested in entering must use rules. No admission.

7 categories of driftwood vie for prizes such as first, week end for family of four in a leading motel or trailer court; second, a complete fishing trip for one out of Westport's superb character offices; third, a dinner for family of four. Flower arrangements have an important part in the show using driftwood combined with fresh flowers; fresh plant material; dried plant material. No artificial or plastic materials allowed. These divisions have merchandise prizes.

Selling booths will be open at the show with items of interest to the beachcomber, Jim's Agate Shop of Westport will feature agates, rocks and craft items; the Westport Aquarium will feature shells; the Driftwood Gift Shop of Grayland, Elton Bennett prints along with author Herb Williams autographing his

chatty little book, "Twin Harbor Tales."

Demonstrators will include on Saturday afternoon, evening and Sunday morning students of Marguerite Smith of "Time and Tide", Seattle showing the working of driftwood from the raw state to worked or sculptured. Mary Ann Bigelow, Olympia artist will create carved driftwood objects for use in the home, patio and garden. Sunday at 1:30 Elton Bennett will again demonstrate his lovely silk screen prints and process.

Refreshments will be served by members of the Grayland Orthopedic Auxiliary and Twin Harbors Beach Association. Home-made cookies, coffee and cranberry juice will be featured. The booth will have a silver offering.

Chairman of the event is Mrs. Harold C. Peterson. Jaque Middleton, of Forks won Honorable Mention, Division #5, "Whimsies," for 1969.

Rein Riders Meet Feb. 10

The Washington Rein Riders 4-II club met at the home of Barbara King, February 10. The meeting was called to order by Rocky Colfelt, president. The 4-II pledge was led by Suzy Mansfield and Pledge of Allegiance by Sanford Windle.

The roll call was answered by reading a report on a certain kind of horse.

The treasurer reported the group has \$42.70 in the treasury. The group discussed making horse blankets and ponchos, also discussed was the plans for the 4th of July parade. Sports fan? All the Forks High Spartan games are broadcast on KVAG.

Homemaker of Tomorrow Named

Cheryl R. Dederick has been named Forks high school's 1970 Betty Crocker Homemaker of Tomorrow. Selected on the basis of her score in a Dec. 2 homemaking knowledge and attitudes examination for which a record 846,041 senior girls in 16,040 of the nation's high schools were enrolled, she is now eligible for state and national honors. She will also receive a specially designed silver charm from General Mills, sponsor of the annual educational program.

Test papers of all school winners in the state are currently undergoing additional judging, and a State Homemaker of Tomorrow will be named in March. She will be awarded a \$1,500 college scholarship; the second-ranking girl in the state receives a \$500 educational grant. Additionally, first-place winners from the 51 states and the District of Columbia--together with advisors from their schools--will receive an expense-paid educational tour of Washington, D.C., and Colonial Williamsburg, Va., this spring. Climax of the tour will be naming of the 1970 Betty Crocker All-American Homemaker of Tomorrow, whose scholarship will be increased to \$5,000. Three runnersup will also be selected and will be awarded \$4,000, \$3,000, and \$2,000 scholarships. National judging will center on personal observation and interviews during the tour.

Begun by General Mills in the 1954-55 school year, the Betty Crocker Search for the American Homemaker of Tomorrow is designed to emphasize the importance of homemaking as a career. During its 16-year history, more than seven million young women have been enrolled in the program and scholarship grants total approximately \$1 3/4 million.

The test which forms the basis for selection of winners is prepared and scored by Science Research Associates, Chicago. Schools of state winners are awarded sets of Encyclopedia Britannica by Encyclopedia Britannica, Inc.

Tyee - Beaver - Sappho News

BY MRS. J. E. MERRITT

Mr. and Mrs. Al Rue of Port Angeles were dinner guests at the home of Mr. and Mrs. Maynard Lucken on Sunday, February 1.

The Rues lived at Tyee for a number of years before moving to California about 16 or 17 years ago.

Mr. and Mrs. Lucken went to Aberdeen on Sunday of last week to visit her cousin's husband, Mr. John Comfort, who is a patient in St. Joseph's Hospital. They returned home that evening.

Mr. and Mrs. Charles Fox, Mr. and Mrs. Vern Black and Irwin Thrush went to Port Angeles Friday evening, February 6, to attend the meeting of Post 1024, VFW, and the Auxiliary.

Mr. Fox is commander of Post 9106 VFW, in Forks, and Mrs. Fox is a past president of the Auxiliary.

On Tuesday evening of last week Mr. and Mrs. Fox attended a crab feed put on by Post and Auxiliary 1495 in Sequim.

Mrs. Bob Swanson was pleasantly surprised on Monday of last week by a visit from her mother, Mrs. Charles Wiler of Bremerton. To add to Mrs. Swanson's surprise, Mrs. Wiler brought with her her father, Mr. Noble Besser of Gardena, California who is visiting relatives in this part of the country.

Mrs. Swanson's brother, Jerry Wiler, was home on Christmas leave from Naval training at San Diego. On December 26, he had taken his girl friend, Miss Becky Gilbert, for a car ride to Horseshoe Lake near Bremerton, when they were shot and seriously wounded. Their assailant, a man named John Hillstrom--not OUR Johnny Hillstrom, of course--was tried and convicted last week in Bremerton, and was sentenced to 40 years in the penitentiary. After the trial, he confessed to the previous murder of a 17-year-old girl.

Both young Wiler and Miss Gilbert have completely recovered, and their relatives are truly thankful for all the kindness and concern shown by friends and neighbors to them during their time of trouble.

Mrs. Ed Lewis went to Seattle on Tuesday of last week and brought her husband home from the VA Hospital, where he had undergone surgery the week before.

Mr. and Mrs. Martin Engseth had as guests over the weekend their son Ron Engseth, with his daughter Sharon, and son Jack. Saturday was Martin Engseth's birthday and Ron and the children came out from Seattle to help celebrate the occasion. They returned home Sunday.

Mr. and Mrs. Gene Beckett of Renton visited over the weekend with her brother and sister-in-law, Mr. and Mrs. Dale Dawkins.

Mrs. Al Koske returned to her home at Welcome Inn Park, Port Angeles on Friday, February 6, after an 11-day stay in Olympic Memorial Hospital. Her son and daughter-in-law, Mr. and Mrs. L.R. Eaton, with their grandson, J.D. Johnston went to Port Angeles Sunday to visit her.

Mrs. Larry McGinty came out from Seattle Saturday and brought her children, Nyomi and Billy, whom she left here to visit with her aunt and uncle, Mr. and Mrs. Richard Lohneis, and grandparents, Mr. and Mrs. Charles Fox.

Mr. and Mrs. Howard Goakey of Tacoma spent the weekend with Mrs. Goakey's parents, Mr. and Mrs. Charles Fox. They also visited Sgt. Goakey's family. After a birthday dinner for Mr. Fox the Goakeys left for Tacoma.

MISS PATI MOORE is presently attending the Washington State School for the Blind. She would love to receive cards and notes from all her friends. Pati's address is: Washington State School for the Blind, P.O. Box 11865, Vancouver, Washington 98663.

Meditation

By Art Morlin

It is the purpose of Christ to raise us to our own highest possibilities; while sin and Satan would direct us to our lowest level of human achievement and existence. For example, let us look at the theory of man's beginning. The scriptures state that God created man in His own image and seeks to identify Himself with us in a Father and son relationship. Man, on the other hand, seeks to link our past with the "monkey" and even lesser existence than this. It is the sin nature in this world that gives a man this low level attitude but the God nature brings a man into his highest capabilities.

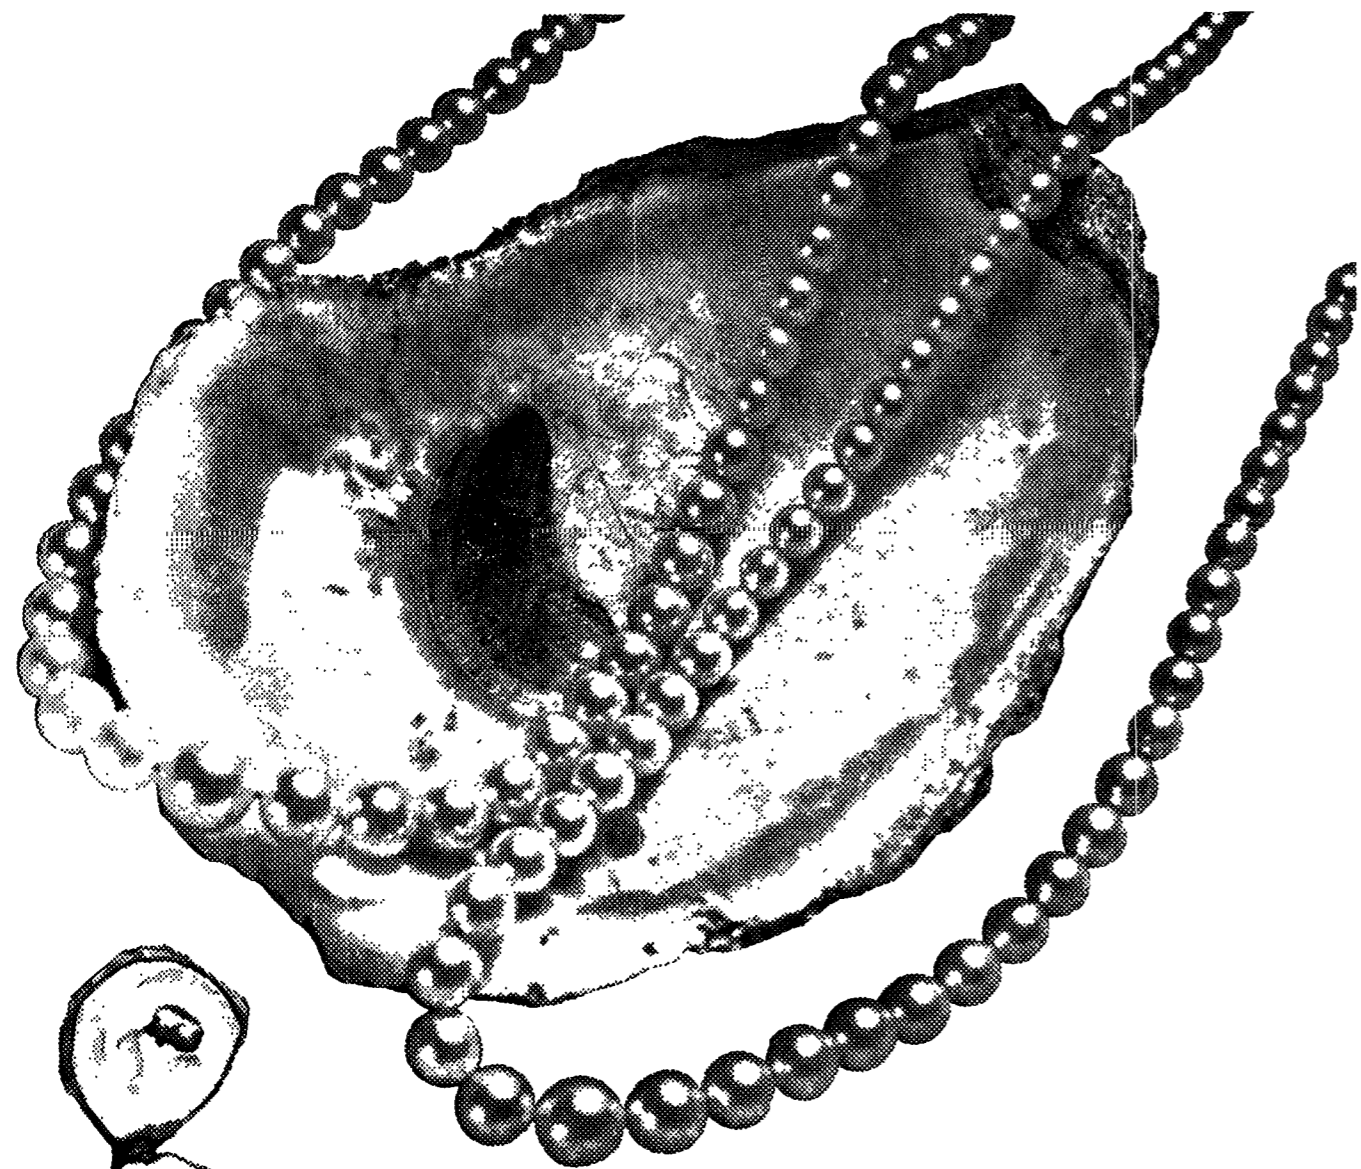

I toured Mexico on a preaching mission a few years ago. During my stay there, I met a vivacious man who had been introduced to Jesus Christ through one of the missionaries I was traveling with. This man was one of the very poorest in Mexico. The missionary instructed him from the Bible that slothfulness is not what God wants from His people. He bought

the poor man a pair of sandals and encouraged him to go out and sell them and then buy two pair. This continued; and when I met him, he had just finished building a hotel which cost him eighty thousand dollars American money.

I did not site this story to say that Jesus Christ will make everyone wealthy as they personally come to Him. But Christ does want to bring out in you your own highest possibilities.

In my opinion this is how it is accomplished in our lives. The Bible speaks of man being spiritually dead. That is, the highest nature in man, his spiritual nature, needs to be revived. This is brought about by a personal experience with God which I choose to call being "born again". This term is found in the gospel of John, chapter 3. Jesus said to Nicodemus, "you must be born again." This is a spiritual birth that according to Romans chapter 8, quickens and brings to life the entire nature of man and sets him free from his sin and causes him to live according to the Spirit of God.

All of us have real potential. Not all in the same field. But a talent that is deep within us. Look to Jesus Christ and ask him to bring out in you your highest possibilities.

and oyster shells

A pearl is a thing of beauty—iridescent—a precious gem. An oyster shell is rather ugly—a remnant of a marine mollusk much esteemed as a delicacy. And yet both are built of identical shell-producing cells.

It is happenstance that causes tiny parasites or grains of sand to penetrate the oyster, severing the shell-producing cells and carrying them deep into the oyster to form perfect pearls.

It is no accident that some men from poor beginnings have become great leaders, statesmen or educators. Others from identical surroundings live out their lives in poverty and despair.

The difference is integrity and a yearning for excellence in every part of life—that love of God that illumines and elevates.

Your church can help you to make the most of your life. As you grow to understand God as a part of any real achievement, strength and vitality and joy will enrich your days.

VO-AG OPEN HOUSE AT FHS

By Steve Lingvall

On February 12, last Thursday, several guests attended the Vo-Ag Open House at FHS. Under the supervision of Bill Thompson, various exhibits were presented to the public. Models of different houses were on display by the landscaping class. Forestry classes presented five different types of bark, branches, and cones from the alder, hemlock, cedar, spruce, and Douglas fir. Various types of metal welds were also on display crowd to see.

Elsewhere in the Vo-Ag room, students demonstrated their skills with the machines and impressed the adults who came to observe them. The gas arc welder, the aluminum arc weld, the regular arc welder, the milling machine, and the lathe were among the machines in operation. Lyle Whidden, a senior of FHS, had been working on a dune buggy, which everyone got to see.

John Perkin's Industrial Arts class had several gun racks on display. There were also magazine racks, wall shelves, and foot stools. Unfortunately, there weren't many projects to show, because his class had only begun about a month earlier.

The home economics class under Carol Eichenlaub and Claudia Johnson also presented their student's accomplishments. Ben Robinson, Charlene Loomis, Steve Morgan, Mark McCann, Chuck Rondeau, Ann Sinnema, and Sue Howel were part of the serving committee. Upholstery and food were the main attraction to this presentation. The seventh grade project was constructing Zibuton pillows, and the eighth grade project was making sling handbags. "Seamstress of the Week" for first period was Corlie Johnson, and for sixth period was Jo Marie Dahlgren. Nancy Sandea demonstrated pillow making.

Thanks to the efforts of these students and the brilliant guidance of their supervisors, a successful program was presented to the public.

Spartans Rip Rangers 13 Lucky for Spartans

The Forks Spartans continued their winning ways last Saturday night by downing the Quilcene Rangers, 95 to 33. The Spartans completely dominated the game using superior height to control the backboards and behind Jerry Price's 27 first half points, riced to a 15 point half time lead, 49 to 34. They never looked back in winning their 18th consecutive league game over a two-year span.

Though playing very ragged the Spartans' press and shooting, 49%, 28 of 57 shots from the field, to increase their season record to 15 wins and 2 losses.

Price the leading point getter in the State of Washington scored 27 points in the first half and 12 in the second half for a game high of 39. Price also grabbed 11 rebounds, showing Vashon fans what basketball is all about. Rich Liles, though only scoring 9 points, showed his muscles by hauling down 12 rebounds and blocking numerous shots.

Scoring:
 FORKS (95)--Price 36, Liles 7, Perry 15, Allen 10, Beebe 13, Goos 5, Dahlgren 3, Silcox 2, Hull 0, Hutt 4.

Scoring:
 FORKS (80)--Perry 8, Price 39, Liles 9, Beebe 7, Allen 9, Hull 4, Goos 4, Silcox 0, Dahlgren 0, Hutt 0, Simmons 0.

Scoring:
 VASHON (58)--Katica 11, Shigley 13, Steen 5, Smith 10, Rojecki 4, Plancich 13, Sechstr 2.

Scoring:
 FORKS (61)--Holz 8, Dunlap 4, Jackson 9, Richards 1, Simmons 13, Hutt 10, Maxwell 4, Dimmel 0, Beebe 10, Nielsen 2, Dahlgren 0, Thornton 0, Peterson 0.

JV's Swamp Pirates

Friday night the Forks JV's found the Pirates of Vashon a likeable host as they downed the young Pirates, 61 to 50. The Spartans led as much as 20 points in the third quarter and only after Coach Jerry Cash had cleared his bench did the Pirates come back.

The young Spartans shot 41% from the field, hitting on 26 of 64 shots and 60% from the foul line with 9 of 15. Mike Simmons, Don Hutt, and Darrel Beebe were the big point getters for the Spartans with 13, 10 and 10 points respectively.

Scoring:
 FORKS (61)--Holz 8, Dunlap 4, Jackson 9, Richards 1, Simmons 13, Hutt 10, Maxwell 4, Dimmel 0, Beebe 10, Nielsen 2, Dahlgren 0, Thornton 0, Peterson 0.

Clallam Loses

The Clallam Bay Bruins, after leading the entire game, had the lead slip away and victory elude them as the Neah Bay Red Devils took a 51 to 48 win from the Bruins last Friday evening.

The Bruins playing with one of their leading scorers, Tulloch, suffering from an ankle injury, hit a cold spell in the fourth quarter and saw Neah Bay ice the game away with free throws. The Bruins were paced by Brent Youlden's 19 points and Hull's 10 points.

Scoring:
 CLALLAM BAY (48)--Hanson 9, Hopkins 4, Youlden 19, Tulloch 2, Hull 10, Patsy 1, Shoefstall 1.

Scoring:
 NEAH BAY (51)--Noel 15, McGimpsey 2, Ray 14, Tyler 4, Greene 10, Arnold 10, Jerri 4.

JV's Rout Quil

The Forks Junior Varsity team raised their season record to 15 wins and 3 losses Saturday evening by downing the Quilcene Ranger JV's, 42 to 20.

Defense was the key to the win for the young Spartans as they held Quilcene to a total of nine points in the first half, they seemed on the way to a shut out in the second half not allowing a single point in the third quarter. Only after the game had been decided was Quil allowed to score.

Offensively the Spartans were led by El Jackson's 10 points and Mite Simmons' 8 points.

Scoring:
 FORKS (42)--Holz 2, Dunlap 4, Jackson 10, Richards 2, Simmons 8, Maxwell 7, Dimmel 2, Nielsen 2, Dahlgren 5, Thornton 0, Peterson 0, Paris 0.

BABES DROP TWO

The Forks Junior High School freshmen found the going tough in a pair of games last week, dropping a 54 to 38 decision to the Sequim Wolf Pups, and a 45 to 39 loss to a Fort Worden team.

Jeff Wittenborn tossed through 11 points for the Babes against the Sequim Pups, but it wasn't enough to off set the balanced scoring of the Wolf Pups.

Saturday Bernie Nash and Craig Petrovich paced the Spartan Babes in a hard fought contest with 10 points apiece.

Forks never could get the lead in the game but were always within striking distance of the taller Fort Worden team.

In the only eighth grade action the Forks Babes suffered defeat at the hands of the Sequim Wolf Pups 45 to 35, despite an 18 point performance by Harrison Davis.

Scoring:
 9TH GRADE FORKS (38)--Nash 8, Petrovich 9, Soderlund 6, Wittenborn 11, Schumack 4, Brager 0, Silcox 0, Hinchen 0, Anderson 0, Ellis 0, Shawgo 0, Whitehead 0, SEQUIM (54).

LITTLE LEAGUE SPORTS

The West End Little League ended its regular basketball season this last Saturday and now looks forward to the play-off on Saturday, February 21.

Bob Morgan's Bullets, by virtue of a 27-11 trouncing of the Sonics, went undefeated through the season and enter the play-offs with a perfect 5-0 record. The Pistons, with a 4-1 record, will be the second place team from the Eastern Division in the play-offs. They took the measure of the Suns in last Saturday's action, 24-12.

While the Eastern Division was somewhat cut and dried, the Western Division provided the closest chase for "all the marbles." The Chiefs from LaPush rallied to take a 23-22 victory from the Hawks in overtime and ended the season at 3-2. The always tough Lakers, coached by Bill Peterson, slipped by the 76'ers, 18-17, and that Laker victory gave the two teams identical 3-2 records, thus creating a three-way tie for first place in the Western Division.

A coin toss was instituted to determine the winning team and the two who would battle for second place. "Lady Luck" smiled down on LaPush, the Chiefs winning the toss to earn the right to represent the Western Division against the Eastern champ, the Bullets. The remaining two teams, the Lakers and the 76'ers square off tonight at 6:00 o'clock in the new gym. The winning team earns the right to play the Pistons from the Eastern Division for second place.

The two second place teams from each division will play for third place starting at 10:00 on Saturday morning and the championship game between the Chiefs and the Bullets will follow the preliminary game.

Clark's Skychiefs ended their season on a winning note downing A & A, 91 to 54 in Pot Belly action last Monday night in Forks.

The Skychiefs put an effective fast break together behind the leadership of Jerry Cash and Frank LaGambina and the rebounding of John Medsker in the second quarter to lead 40 to 23 at half time and never looked back in registering the lop sided score.

The league play is now over so the team will now practice up for a round robin to be held the first weekend after State Tournament when the league crown will be decided.

CLARK'S SKYCHIEFS (91)-Cash 16, LaGambina 5, Thomas 26, Smith 11, Medsker 22, Kreaman 11.
 A & A (54)--Price 20, Pitt 7, Beyers 7, Hoke 8, Nielsen 1, Johnson 6, Street-er 5.

Sunset Highlites

By Fred Jarvis

I must congratulate Margaret Windle, Clara Maher and Barbara Windle on the fine job they've done on this year's City Tournament. Not only that, but Clara still found time to help her Forks State Bank team to a first place finish in the "A" division, 2668, and picking off the almost impossible 4-6 split in the process. Some of Margaret's proteges finished high in the "B" division events as Tuesday Afternoon's Antlers team copped the team contest with a 2773 series, and the Thursday Beginners finished in third place behind the Neah Bay #3 team. Margaret rolled a triplicate 132 in her singles event for which she'll receive a patch from the WIBC.

In the "A" All-Events scratch, Jerry Beebe took first with a 1524, Kathy Decker second, and Leta Rondeau third, handicapped to Kathy Decker, 1691. Jerry Beebe, 1666 and Avelner Baker, third.

Scratch All Events in "B" was captured by Sharon Fletcher with 1393, Marcia Goos and Kate Silves tied at 1381. Sharon also copped the handicap crown with 1708, followed by Kate Silves' 1705, and Judy Klahn in third.

Laura Place won a clock trophy presented by a Neah Bay couple as an inspirational award. It couldn't have happened to a more deserving gal.

Kathy Decker topped the Tuesday Afternoon women with a 215-543 and Barbara Windle tossed a 197. Laura Place picked off the 6-7-10 split.

Darrell Thomas really found the line in the Sunset League for a 236-681, atta boy! George Richardson rolled a fine 231 game.

Helen Thomas powered her way to the best of the Powder Puffs with a 204-550. Billie Crist had a 198, and Pat Mansfield a 186-523.

Harriet Tryon shot a 221-515 to lead the Wednesday Nite Hoot Owls.

Jody Keeney of the Thursday Beginners, threw a 159-418 and Anita Bumgarner picked up the 3-7-10 split. Captain Ollie Swearingen had 199 and Kathy Decker a 498.

Thursday Nite Women's had Mary Kennedy at 197-505; Joyce Mueller a 196-517, Ruth Hutton 193, Jerry Beebe 516, and Leta Rondeau a 524.

Big shooting in the West End League, Stan Fouts shot a big 267-651, Willis Bryan a 256-601, Darrell Thomas a 224-611, Ken Keeney a 223, and Duke Streeter a 220. Wow!

George Richardson rolled a 207 in the Early Friday Mixed and Carl Simmons a 197-555. Mother threw a 194-536 and Paula Lyda also had a 194.

More good bowling in Sunday Mixed, Rex Crist banged out a 237, Carl Simmons a 235, and Fred Jarvis a 227-588. Leta Rondeau had a big 231-588 for the gals, Billie Bryan a 226, and Mother a 222-564.

Stan Fouts, Wayne Cline and Hank Bigelow all got hot in the Forks Prairie League, Stan blasted out a 245-607, Hank had a 235-589, and Wayne shot his biggest in a long time, a 236-626. Welcome back, Wayne! Al Whitehead came in with a 221.

Bowlers of the week: Stan Fouts 267, Darrell Thomas 681, Leta Rondeau 231, 588.

Handy Dandies

The Handy Dandy 4-H club met at the home of Cindy Christenson on February 9th. Debra Skewes showed how to measure dry and liquid ingredients.

Cindy Christenson showed how to peel and slice an orange. Linda Shearer, a member of the Buttons and Bows 4-H club gave the girls pointers on their demonstrations.

Final plans were made for the Valentine tea to be held Feb. 14th.

Mrs. Ronald Shearer was a visitor. Leanne Halverson showed the proper way to set the table; and Theresa Decker showed how to make a toasted
