

**QUILEUTE TRIBE UPDATING MEMBERSHIP**

The Quileute Tribal Council is now accepting applications for new Tribal members, Kenneth Payne, Council chairman, announced today. Payne said the most recent official membership roll of the Tribe is dated October 14, 1966 and since then a number of children have been born whose names should be added. Also, under certain conditions other applicants may be eligible for regular membership, or may apply for adoption.

Application forms can be secured in LaPush from Pearl Penn, council secretary, and completed applications must be returned to her by September 30. An applicant of any degree of Indian blood is eligible if both parents are tribal members or if one of the parents is a member and was a reservation resident when the child was born. If member parents were not reservation residents, 1/2 Indian blood degree is required. Birth certificates showing the name of applicant, date and place of birth, and parents' names must be submitted with each application.

Members on the 1966 roll do not have to apply again, Payne said. Anyone wishing to find out if he is on that roll should inquire from Mrs. Pearl Penn, or refer to membership lists posted in the Tribal Community Building

and at the LaPush Post Office. Payne emphasized that applications must be received by September 30. Applications submitted after that date will not be considered until the Council again acts on applications, in about a year.

**Denise Rhyne To Be Honored By Assembly**

Miss Denise Rhyne

Denise Rhyne, daughter of Mrs. Al Rhyne, will be honored at a district reception in Bremerton, on August 15th at 1:30 p.m., combining districts #1 and #23. Six young women in the two districts have been honored by receiving grand offices in the International Order of Rainbow for Girls in Washington and Idaho. Miss Rhyne was installed as grand organist in the Grand Assembly of Washington, June 20, 1970, at the Civic Center in Seattle.

Members of assembly #140 will take an active part in the ceremonies. Miss Rhyne is a past worthy advisor of the Forks Assembly and a recipient of the Grand Cross of Rainbow.

**LAPUSH CANOE RACE WINNERS**

The winners in the LaPush Canoe races were: first place, Cliff Jackson in Lil' Chitwin, Glen Jackson in Lil' Oly was the second place winner. The winners in the order they placed were Harry Penn, in Viola Jean; Butch James in the Quinault; and John Bryson in the Lora E'.

**CANDIDATES 'KICK OFF' CAMPAIGN**

By Nedra Reed

The candidates for State Representative and Clallam County Commissioner officially opened their campaigns at the monthly meeting of the West End Democratic Club held Thursday night.

Present were Gordon Otos, and D.J. Caulkins, candidates for the commissioner's post and Charles Mechals and Charles Savage, candidates for the state representative position, Morgan Collins a candidate for county prosecutor was also present.

The candidates were introduced by Lawrence Soderlund. The first speaker for the evening was D.J. Caulkins. Caulkins said he had lived in the area practically all his life and he felt his experience of 20 years with Crown Z and his 20 odd years experience in business for himself would qualify him for the commissioner's post. He said he had extensive experience in road building which he said he felt was very important in the commissioner's post. Caulkins said, "If elected I will strive to do the job for all the people of Clallam County." Caulkins said he would be opposed to building a new courthouse, he said, he felt the old one should be remodelled. Caulkins also said he was opposed to the Income Tax Bill, HJR 42.

When asked how he would find time to devote to the commissioner's job if elected? He said he would close one side of his logging operation. This would entail the laying-off of 10 to 12 men.

The next speaker on the agenda was Gordon Otos. Otos outlined his 4-point plan for problems facing the West

End of the county. He said he had been asked several times, "How can somebody who has only lived in an area for 4 years know how people think and react?" Otos said this same question was one he asked the Fourth of July committee when they voted to choose him as Grand Marshal of the parade. He said he was told by a member of the committee that a lot of people can in 2 or 3 years what would take someone else a lifetime.

Otos said the most pressing problem facing the people of the West End is the wood burning problem of the mill owners in the area. He said that both the large and small mills would be affected by the restrictions imposed by the Olympic Air Pollution Control Authority. Otos said that unless some concrete plans are established the mills will have to be shut down. The owners have been granted a 1-year variance to strive to find a solution and if local industry can not be interested in utilizing the waste material then we will have to look to outside interests. Otos said No. 2 on his list of priorities was the LaPush Road, although a great deal of work has been done, there is still much left to do. He said the county has worked long and hard on the road, but there remains much to be done. The shoulder of the road is so abrupt in some places that campers, particularly ones pulling a boat are inclined to pull to the center line, thereby increasing the possibility of an accident. Number 3 on Otos' list, was the Burnt Mountain Road, he said he had talked with Tom Mansfield about the road, and although funds are frozen by

the Federal Government at this time, he felt this should be pursued at the earliest time possible. Otos said that he felt that one of the greatest accomplishments of Mansfield's term in office was the construction of the road. The No. 4 topic presented by Otos was the possibility of a courthouse annex in Forks. Otos said, "The inaccessibility of the courthouse to the residents of the West End constitutes a hardship." He said he felt the area would be better served by having a courthouse annex in Forks. Otos said, "If elected I will do my best to serve the people in this district."

The next speaker was Morgan Collins, a candidate for office of county prosecutor. Morgan said he would like to see more emphasis put on the civil problems of the people in the county. He said the job of the prosecutor is to serve the people of the area. He said that more time should be spent advising different agencies, including school boards and local government agencies. When asked about the article in a Port Angeles newspaper about Richardson, he said he felt it was most unfortunate. Collins, 34, is married and has 4 children.

Charles Mechals, a candidate for state representative was the next speaker. He said he felt his work with many coast wide federal and international fisheries commissions and committees helped to qualify him for the representative's post. Mechals was a lobbyist for the Northwest Fisheries Legislative Committee and worked as an advisor to the International Salmon Commission for the U.S. and Canada. A very impressive speaker, Mechals pointed out that at this time there is no one from this district serving on the Natural Resources Committee and he felt this was imperative. He said if elected he would strive to give the best representation possible to the people of this area and to the people of the entire district.

Charles Savage, seeking re-election to the house was the next speaker. Savage recounted to the members of the club present the committees he serves on. He said there are numerous problems facing the people of the State of Washington. He said he felt that he had done a good job for the people he serves. Savage discussed at length the problems facing the Department of Labor and Industries and the possible power shortage the West Coast may experience in the near future. Reiterating his support

of the Democratic Party Platform, when asked if he would support HJR 42, he said, he would. He said he felt the tax was inevitable, he said that he would have preferred a graduated tax but the majority of the congressmen felt that the single rate tax would stand a better chance of passing. He said if HJR 42 passes, the Legislature will ask for the graduated tax in 1975. Savage said in closing, he felt he should be re-elected to office to carry on work he has begun.

The last speaker for the evening was Frank Feeley, a candidate seeking re-election to the position of county assessor. Feeley explained thoroughly the allegations levied at him by George Kinnear. Feeley said that innumerable pressures were placed on the county to re-assess real property at the 50% level. Feeley said the re-assessment procedures are in effect now, with work beginning simultaneously in the east side of the county and the west side of the county. It was an evening of allegations and counter-allegations and after some time, Chairman Soderlund recessed the meeting. Another meeting with the candidates was scheduled for sometime in September.

**FORKS HIRES NEW DEPUTY**

Forks Town Marshal Ken Woods said Monday a new deputy marshal has been hired. He is Gary Vitcovich, 27, from El Paso, Colorado. Vitcovich was previously employed by the Seattle Police Department and was a deputy sheriff in El Paso County, Colorado. He is married and he and his wife have three children. They are presently looking for a place to live in Forks.

**WOMAN ARRESTED FOR SHOPLIFTING**

An unidentified female was arrested in Forks last week for shoplifting a 49¢ item. She was arraigned and appeared in court Thursday, was fined \$104.00 and sentenced to 5 days in jail. The jail sentence was suspended.

**MANSFIELD AND FEELEY BREAKFAST SHOW GUESTS**

Left to right, Gordon Otos, Tom Mansfield and Frank Feeley.

Guests of the Gordon Otos Breakfast at the Vagabond show were Tom Mansfield, retiring County Commissioner and Frank Feeley, Clallam County Auditor, seeking re-election.

Tom Mansfield, was asked by Otos to recall what he felt were the most important things accomplished by the Board of Commissioners in the 14 years Mansfield was on the Board. Mansfield said the bridges in

the county are finally up to standards and should remain so for about 30 to 50 years, the LaPush Road has been improved and although some improvements remain to be completed the road is in pretty good shape. Mansfield said he felt the most important, however, was the fact that the county has been run on a cash basis.

The controversy between (Please turn to page 2)

## LETTER TO THE EDITOR

It has been a policy of the Forks Forum to publish letters to the editor which contain no obscenities or are not threatening, provided they are signed.

In keeping with this policy the following letter is being published.

Gordon F. Otos, Publisher

Editor,  
(I have written this letter in response to what I felt was a rather unconvincing, one-sided expression of political sentiment, in the form of a "letter from Dad" to his revolutionary son. This letter was not signed by any local party (as to who sent it to you) and thus I expect it a good example of Birchite tactics used in expressing their views. But that is just my opinion. I offer this letter an expression of sentiment from the other side--"equal time" to try and bridge the generation gap.)

Dear Dad,  
I am glad to see that finally we agree on one thing; money (capitalism) is a "wrongness," and I thank you for loving me enough to stop sending it to me.

I read with sadness your mention of your life-long, day to day, struggle to exist, I read with skepticism your "and it has worked out rather well for us," following the boring, painstaking, gray and lifeless drudgery or your monologue explanation.

You were correct when you said that I don't wish to be part of an establishment that I repudiate. You are dead-wrong, though, when you give your generation the credit for boosting youth to their "intellectual pinnacle," by present education methods; those who are best educated are those self-educated, and self-education can take place even amidst a

college classroom, oblivious to the material actually being presented.

You were right when you said that "as long as there are Hitlers, (we) must fight them." I agree, and would add that as long as there are Nixons, Mitchells, Hoovers, and Agnews, corrupt congressmen, and bigoted judges, racial unrest and starvation, we, the youth of America, shall fight them.

You were right in advocating "freedom" to demonstrate for freedom, but you should understand that this is a closely-regulated, many-ruled, strictly-confining conformist's freedom that you fail to recognize. I would go further, Dad; I advocate complete freedom, as originally advocated by our Bill of Rights. And that means freedom minus the infringements imposed by the present establishment.

You were right when you spoke of this establishment being "far from perfect". But, if you agree to this, instead of continuing to support this establishment with the bleary-eyed awareness of blind, insane patriotic-feror, why not put your foot down and try to correct these imperfections, whatever is necessary to do so?

And, ironically, you were prophetically-correct when you closed with "the establishment is tired." It is more than this--it is old, worn-out, corrupt, heinous, murderous, imperialist--in a word, it is time for this monster we live in today to be slain.

The fresh, rich blood of America's youth shall fill the corpse of rotting America--and transfuse goodness, love, and brotherhood to this sad ghost of once-great nation. And when filled with our blood, this great, once-proud lady shall lift her head and look to the rest of the world's youth.

So, Dad, I understand your letter. I wonder if you will ever understand mine. I love you, Dad, and thank you again, for being thoughtful enough to stop sending checks. Money is clearly the root of all evil.

Love,  
Your (flesh and blood) son  
Richard T. Landry, P.O.Box 25, Forks, Washington, college student, poet, and twice Vietnam veteran.

## COUNCIL DISCUSSES 'DOG' PROBLEM

"It's a dog's life" was the topic of the Forks Town Council meeting Monday. The Council at this time is trying to draft a dog ordinance for the town of Forks that would give the marshal the power to destroy dogs that are either vicious, stray or that are creating a nuisance. At this time the town does have an ordinance giving the marshal that power, but the law reads that a dog must be held for 4 days. The town is contemplating building a dog pound and when this is done, they can hold the dogs for the required time and either release them to their owners for a fee of \$27.00 for the 4 days or destroy them. This problem has been discussed quite frequently and the Council is determined to solve the problem home owners and residents of Forks are facing.

The problem of street lights in Mansfield Addition remains at a stand still. It seems property owners in the area will not grant easements to the town so the lights can be installed.

A building permit was issued to Fred Roberts to put siding on a garage.

The next meeting will be August 24th.

Entered as second class mail matter at the post office at Forks, Washington, under Act of March 3, 1879

(Breakfast show, continued from page 1)

Frank Feeley and George Kinneer, Director of Revenue was discussed. It seems that the State has been putting pressure on the county to re-assess property at the 50% levels, apparently the county has been assessing property at the 16% present level. The property within the county is required by law to be re-assessed every 4 years, but the Clallam County office does not have the manpower to do so. Therefore, this year a firm from Ohio was the low bidder on a contract to re-assess all the real property in the county. The assessment is to start simultaneously in the east side of the county and the west side of the county.

Mansfield said that those who are blaming Feeley for the problems in the re-assessment actions are entirely in error. He said that in his estimation, Feeley has done an admirable job.

Frank Feeley was asked to recount some of the most amusing instances that occurred in his office in the last 16 years. Feeley replied with a smile, "nothing amusing ever occurs in the assessor's office."

Mansfield was asked to recount anything amusing that happened in his office, he said, "hardly anything amusing ever happens in our office either." Mansfield said, "I think that Feeley is the greatest man Clallam county ever had, an excellent assessor. His is one of the most efficient de-

partments in the courthouse. I feel Kinneer's remarks were entirely unjustified, I think the people will support Frank and I hope they will do so."

## VFW Auxiliary Meets

Fletcher-Wittenborn Auxiliary held their regular meeting on July 20th in the VFW Hall, President Martha Lewis presided.

Reports of various committees were heard, which showed even in the vacation months the members have been busy.

Delegates were elected to attend the National Convention to be held in Miami Beach, Florida, August 14-17. Delegates elected were: Jackie Simmons and Ellen Lindeman, alternates are Jeanne James and Dorothy Baker.

Beautiful Miami Beach will be the hosts of the VFW and their auxiliaries for their 57th annual convention. The convention committee urges the members to bring their families as there is a lot to do for everyone. Florida is a paradise for sun, beach and water sports, fishing and scenic tropical gardens. The Auxiliary will have headquarters at the Hotel Plaza where there will be workshops, banquets, luncheons and election of officers.

Shirley Fox and Dorothy Baker reported on the Auxiliary meeting they attended in Bremerton while they were on vacation.

The next regular meeting of the Auxiliary will be August 17th.

# Sunset Highlites

By Fred Jarvis

# OUTDOOR LORE

By Lonnie Archibald

Pretty busy weekend as Mother, JoAnn, Juanita and myself were busy getting everything ready for the arrival of her sister and brother-in-law from California. Been quite a few years since we've seen them and Mother is pretty excited. Probably means all kinds of goodies at meal times. Makes me hungry just thinking about her culinary feats of magic whenever something like this comes up. And I think you know what we'll have for dessert. Yep, blackberry pie!

Not very many have bowled for the district finals here at Sunset Lanes. Should have as there has been quite a bit of money won by Forks bowlers this summer in the Singles. Four hundred and twenty-three bucks, to be exact. Not too bad, plus having a shot at the big money in the finals at Port Townsend for the men and at Sequim for the gals.

Duke held me up again in Beat the Pros last week. Needed help real bad, too.

Sorry to report some real nice people left us this week. The Chuck Laswells left for Missouri this week. Am sure we'll all miss them and wish them the best of everything. Hope we'll hear from them often as to how they are coming along and also as to their bowling. God's speed, Chuck, Betty, Robert, Patty and Norita.

Bernie????Richardson aged old man George out of first place in the Friday Nite No-Tap and Mother finished in third place. Which leaves the old man holding the well known sack.

Went bowling Monday nite with Mother, her sis and brother-in-law. We clobbered???the gals, but only because we couldn't let our wives have the last word.

As of Monday nite, Chuck Hamby, who hit a 717 with hand-icap, Ed Rondeau, Fred Jarvis, Dick Suchodolski, Vern Rondeau, Al Whitehead, Mother Jarvis, Reta O'Keefe, Leta Rondeau and Lou Suchodolski all have made it to the District Finals at Forks with Duke Streeter, Glenn Gilmore and George Richardson strong possibilities.

See you next week.

## Low Streams Threaten Steelhead

While recreationists are enjoying one of Washington's driest summers on record, Game Department fisheries biologists are vitally concerned over the low water levels in the state's steelhead streams.

The continued hot and dry weather has drastically reduced stream flows in western Washington to critical levels for this

early in the year. High summer stream flows are directly related to high steelhead survival and productivity.

After a disappointing winter steelhead season, Game Department fisheries biologists were encouraged by excellent spawning counts and good fry survival of native fish this year. The steelhead affected at this point are those fry which emerged from the gravel this spring and

This column does not honor a sportsman of the week, but if it were to do so, we would have to tip our hats to the outdoorsmen who dynamited the "Bark Hole" on the lower Sol Duc last week. Congratulations there, sport. It takes a real man and a dedicated fisherman to score as you have on so many species of fish in one outing. Did they put up much fight? Stop by and we will shoot a portrait to be placed in next week's "Outdoor Lore".

Made the trip down the Hoh Monday with the king of fishermen, Ralph Hill, and boy did we score. Would 'ya believe a limit each of bright shiny cutthroat? Well, would 'ya believe a limit between the two of us? O.K., we only caught two fish, but the river was milky, mind 'ya, and the sun was hot. The eggs were spoiled and the lures rusty. Ralph caught fish Sunday bringing home a mixed bag of cuts and jacks. Craig Hunley landed a 24-pound king, also on the Hoh.

Jim Aggergaard, Forks area game protector, checked four sea otter north and three, south of LaPush over the weekend. These are a few of those which were released by the Department of Game earlier at LaPush. If the otter can overcome the threat of man, chances for survival look good.

## MECHALS PROTESTS RUSSIANS FISHING

Charles F. Mechals, manager of the Butts & Pattison Fish Company at LaPush, Washington, and also a candidate for the House of Representatives from the 24th District, is quite concerned over the continued appearance of the Russian fishing fleet off our shores.

"This great concentration of heavy fishing, is not only a loss to our salmon fishermen, but also to our bottom fishermen as well. It is a known fact that some of our bottom fishing the one-year-old fingerlings which will not go to sea until next spring.

If stream levels continue to drop or stay at this critically low level, runs of steelhead returning during the 1972-73 and 1973-74 seasons will be substantially below normal.

grounds in the ocean, have been completely wiped out," Mechals said. He also went on to state that, "why is it that the Russian trawlers seem to follow our troll fleet in the ocean? There is only one answer and that is salmon. The bottom fishing is not as lucrative off our shores as it has been in the past. Our own America boats would be fishing the area instead of traveling great distances, to prospect for better fishing grounds. It has been said that in the near future that our protein goods will have to come from the sea, because of our ever growing population. The living marine resources must be properly protected and managed, if they are to be sustained for use by future as well as the present generation. The living marine re-

sources are particularly vulnerable to damage to unrestrained fishing, such as the Russians are doing.

"I urge each and every person who is interested in the saving of our fisheries, to write to his or her congressman, to change the present 12 miles limit law to read--that the United States, by appropriate means to secure fisheries jurisdiction of our coastline to the outer edge of the Continental Shelf or to such additional distance as will give adequate protection and management, to fisheries resources off our shores."

## Meditation

By Pastor Art Morlin

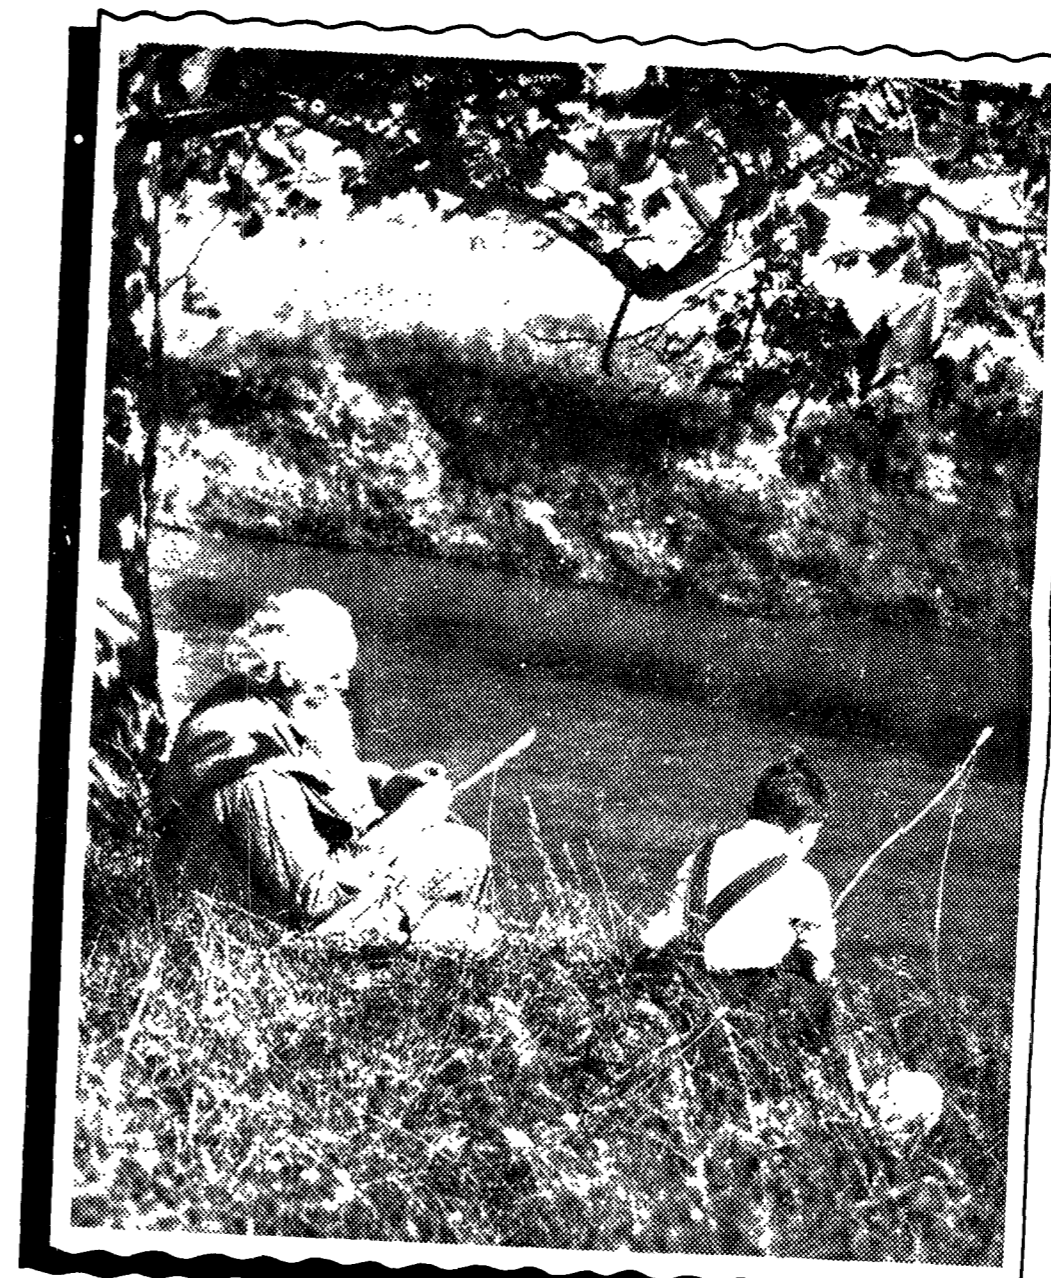

A few months ago I visited a man in the hospital who had a heart attack. We had a good talk about God during which I told him that he should begin to be concerned about eternal values; upon which he agreed, and added: "I've been a sinner all my life; I don't think it is fair to serve God after I have lived without Him all these years". The Bible does not have a set age of who can believe. It is for Whosoever will, regardless of age.

The New Testament definitely tells us that Christianity is life, not a way of life, but life itself. It is the essence of life. It is vitality and vibrant with energy. Christianity is, therefore, more than creed or idea. It is a throbbing, pulsating, vibrant, creative energy, even in such manner as the sunlight is energy, only infinitely more so. It is a deep inner man therapy which can drive to the heart of a personality and break down infectious centers, build up life centers, transform, endow a new divine energy to recreate and make us new creatures.

The Scripture says, "In Him was life". That is, "In Him" is creative energy and this creative energy is the tremendous dynamic power of life itself.

I am convinced that in the vibrant and healing power of God that falls over the congregation when they come together for worship is in itself the greatest thing that can happen to man. When people come together to worship, Jesus Christ walks the isles of the church to touch individuals while the very air and atmosphere is charged with the power of God. Actual power is released by Jesus Christ to those who reach for it. The Scripture states, "As many as received Him, to them gave He power".

It is never too late to know this power in your life. This goes far beyond age, class, race or any other human position. There is no excuse for missing this in your life. Find a church and drive deeply into Christianity today. There is power for everyday living.

## TURNABOUT

Folks used to wonder what Grandpa Brown and I had in common. He must have been close to eighty when I was just a kid. But I remember him as one of the best friends I ever had.

He was a wonderful old man, with a simple, native wisdom. We used to go fishing together, and he would talk to me about God and Faith and Love. I remember he said people shouldn't wait until they're in trouble before going to Church. "When you're happy," he told me, "take time out to offer a prayer of thanks."

The Church had acted as a balance for him during good times, and a bulwark during bad times.

Down through the centuries the Church has made great Christians out of unassuming people. They in turn have transmitted the blessings of the Church to oncoming generations. I hope I can bring Grandpa Brown's faith and wisdom to others, as I was impressed by him.

# BEAVER — TYEE — SAPPHO NEWS

BY MRS. J. E. MERRITT

Robert Zerbel and his son, Bobby, visited last week at the home of Mr. Zerbel's parents, Mr. and Mrs. Jack Zerbel of Tyee. They came on Saturday, August 1, and on Sunday went fishing, catching their limits, the trip being part of Bobby's birthday gift for his 14th birthday. They returned Wednesday to their home in Tacoma.

While Mr. and Mrs. Don Montague of Marysville are on a week's vacation, their children, Brian and Patricia, are being cared for by Mrs. Montague's mother, Mrs. N. C. Gooding. The Montagues flew down from Marysville last Friday.

The following people stayed at the James Scarlett home

Saturday night, August 8: Mrs. W. K. Merridith of Shine (Chimacum), Mrs. Jim (Carol Anofian) Hirming and baby daughter, of Seattle, and Miss Rose Allen, also of Seattle. (She shares an apartment with Roberta Scarlett). Home for the weekend were Roberta Scarlett of Seattle and Diane Scarlett of Bellevue. All but Miss Allen attended the wedding Saturday evening of Carolyn Duncan and Louis Pantikoeck.

Also coming to Forks for the wedding were Mrs. Florence Udd of Hadlock, who with Mrs. Signy Udd in Forks, and Selma Anofian of Seattle, who stayed with her cousin, Mrs. Frank Goos, also in Forks. The Scarlets did not know the Hirmings were coming so there was quite a scramble to make

sleeping room for all, but it was finally accomplished, with no one having to sleep on the floor.

Sunday was Mr. Scarlett's day to serve as deacon at the Forks Congregational Church, and he and Mrs. Scarlett were accompanied there by Mrs. Meridith, who saw quite a few of her old-time friends.

Mr. and Mrs. M. F. Thomas of Corona Del Mar, California spent several days last week visiting his sister, Mrs. Jack Zerbel, and their mother, Mrs. Annette Thomas.

Mr. and Mrs. Dean Hum of Tyee and Mr. and Mrs. Dick Boury of Forks, with their families attended a family reunion Sunday at the home of Mr. and Mrs. Gunnar Benson, uncle and aunt of the two ladies, at Kent. Approximately 50 persons were present, among them Mrs. Benson's twin sister Mrs. Lewis Strenge of Kent, another sister, Mrs. Kar. Stendal from North Dakota, and a brother, John A. Johsson from Concrete, Skagit County. It was the

first time in several years they had all been together at the same time. Mr. Johnson is the father of Mrs. Hum and Mrs. Boury.

Mr. and Mrs. Dick Boury of Forks, formerly of Tyee, are featured in an article in the August issue of Motor Trailer Topics and Mobilhome Life, out Saturday, August 15th. It was written by Mrs. Elizabeth Zerbel and is titled "Recipe for Good Living", and is about the mobil home the Bourys lived in before moving to Forks.

## Congregational church news

Vacation Bible school dates have been moved forward one week. It was formerly announced that Bible school would begin on August 24, but the new date is August 17th through the 21st, from 9:00 to 11:30 a. m. We still need leaders for the 5th and 6th grade group. Please call the director, Mrs. Marlin McKee, 374-5651, or chairman of the Board of Christian Education, Mrs. Peter Roth, 374-6688, if you would like to help.

The title of the sermon for next Sunday by Rev. Ted Ringmuth will be "On Being Saved".

## Social Scene

Mr. and Mrs. R. P. Morton and family, Stockton, California, visited for the weekend with Mrs. Stella Allen, Mr. Morton's mother.

## LEGAL NOTICE

ORDINANCE NO. 120

AN ORDINANCE declaring a public emergency and authorizing payment of an emergency expenditure from available funds for purchase of a street sweeper.

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF FORKS AS FOLLOWS:

Section 1: The Town of Forks street sweeper must be replaced with new equipment. This need was not and could not have been reasonably foreseen at the time of filing the preliminary budget for the year 1970 and by reason thereof an emergency has been declared to exist.

Section 2: The sum of \$9, -737.50 will be required for purchase of the new street sweeper and such sum is hereby appropriated for such purchase from funds borrowed

from the water fund and current expense fund.

Section 3: This ordinance was introduced to the Town Council at its regular meeting July 13, 1970, and more than five (5) days have elapsed since that introduction. Passage of this ordinance requires the vote of one more than the majority of all members of the Town Council.

Passed and approved this 10th day of August, 1970.

Charles E. Anderson

MAYOR  
Attest:  
Herbert Beebe  
Town Clerk  
Approved as to Form:  
Frank Platt  
Town Attorney  
Publish Thursday, August 13, 1970, Forks Forum, Forks, Washington.

## STATE TO SELL 7 MILLION BOARD FEET

August and September timber sales will include over 7 million board feet of ice damaged timber, Bert L. Cole, Commissioner of Public Lands reported today. A total of 60.4 million board feet of timber was approved for sale over the next two months at the August 4th meeting of the Board of Natural Resources.

Seven sales in Klickitat County containing 5.1 million board feet of timber, ice damaged were appraised at \$96, -107, and three sales in Skamania County containing 2.3 million board feet, were appraised at \$50,900. A blowdown sale in Whatcom County containing 440,000 board feet appraised at \$13,800 is also included in timber sales this month.

The sale containing the most

valuable offering is the Langdon Creek Sale in Cowlitz County. It contains 10 million board feet and appraised at \$554,847.50. The sale containing the largest volume is the Upper Winfield Creek in Jefferson County with 12.9 million board feet, appraised at \$120,520.

August and September sales will be held in Clallam, Cowlitz, Jefferson, Klickitat, Lewis, Mason, Pacific, Skagit, Skamania, Grays Harbor and Thurston and Wahkiakum counties.

CLALLAM COUNTY--Charley Creek Sale--4.9 million board feet, appraised at \$130,535, located 33 miles northwest of Forks, to be sold September 29 at Forks District office.

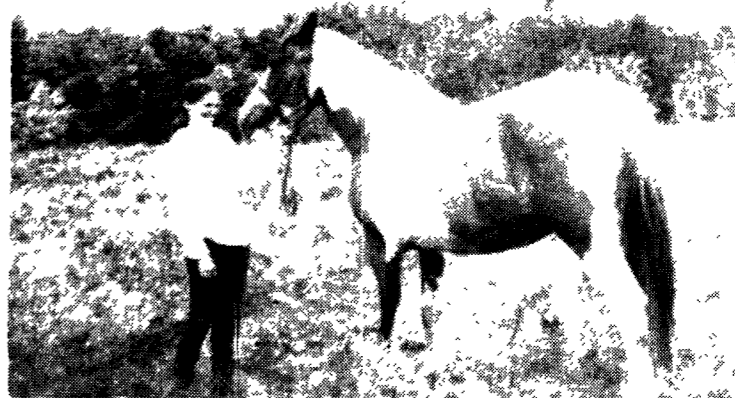

JEFFERSON COUNTY--- Upper Winfield Creek Sale--

12.9 million board feet, appraised at \$120,530, located about 25 miles southeast of Forks, to be sold September 29 at Forks District office.

Miller-Nolan Tie Sale--8.8 million board feet, appraised at \$137,590, located about 23 miles south of Forks, to be sold September 29 at Forks District office.

Nanson #1 Sale--3.4 million board feet, appraised at \$79, -610, located about 15 miles south of Forks, to be sold September 29 at Forks District office.

## 4-H NEWS

KAREN GAYDESKI shows her horse, Pepper.

Roberts, Susie Mansfield, Karen and Darla Gaydeski and Rocky Colfelt.

Receiving a blue in fitting and showing and a red ribbon in conformation was Gail Lingvall.

## LEGAL NOTICE

LEGAL NOTICE Notice is hereby given that the Board of Directors of Quil-layute Valley School District No. 402, Forks, Washington, will open sealed bids on Thursday, August 20, 1970, at their regular meeting at 8 p. m. on each item as follows:

1. For the purchase of approximately 3,000 gallons of propane gas.
2. For the purchase of approximately 110,000 half-pints of fluid whole milk.
3. For the servicing of all school vehicles.
4. For the purchase, re-capping and/or mounting of tires on all school vehicles.

Any contract entered into in connection with the above items shall be for the period September 1, 1970 through August 31, 1971.

The Board reserves the right to accept or reject any and/or all bids.

Signed: John B. Hitchcock Superintendent

Publish August 6, 13, and 20, 1970, in the Forks Forum, Forks, Washington.

# LUTHER LEAGUERS ON TOUR

Mrs. Bruce Monell, Patricia Merrick and Charlene Leppell.

Mrs. Bruce Monell, Patricia Merrick and Charlene Leppell left Port Angeles with 44 others, August 12 at 6 p. m. on a Greyhound bus tour to New York for a Luther League convention.

The trip will encompass the Northern States on the way to New York and the Southern States on the return. There will be stopovers in Washington D. C., Philadelphia, Chicago and St. Paul. They will sightsee and sleep in sleeping bags in churches along the way. The whole trip will cover 6,497 miles.

The girls prepared for this convention by going into Port Angeles to 4 meetings. They did work-packets and translated Bible parables into today's society.

The theme for the convention is "AND WE SAY WE CARE". The meeting will be held in the Statler Hilton. The Leaguers, which includes young adults from all over the United States, will be staying in the Taft Hotel. The whole convention will last for 5 days.

The trip cost each individual \$250. The girls going from Forks received \$50 each from the Forks Prince of Peace Luther League for this trip. They will return September 1st.

More than 40 percent of pedestrian deaths in 1969 occurred while the pedestrian crossed between intersections. The Travelers Insurance Companies' annual survey shows more than 4,040 died and 67,800 were injured between intersections.

SEEKERS VISIT LEPOSARIUM

Leprosarium on outskirts of Taegu.

KOREA--A land of many people, about 30 million, with very little food and poor housing-- was the third stop for the Seekers Leadership Study Cruise.

The group visited the Presbyterian hospital in Teagu the first day and witnessed at extremely close hand the conditions of orphans picked up from the streets. They are treated there until they regain strength or can be taught to overcome physical impairments.

A visit to a leprosarium near Teagu followed and made us realize the problems resulting from the disease. For many, it was the first time we'd seen people who had virtually no chance of ever regaining a place in society. Some lepers, especially children and teenagers, will be cured and can return to a normal existence.

During our four-day stay in Seoul we met with representatives of the Population Council and Seoul City Planning Commission. Both men reiterated the very evident difficulty the country faces in attempting to attain overall economic growth.

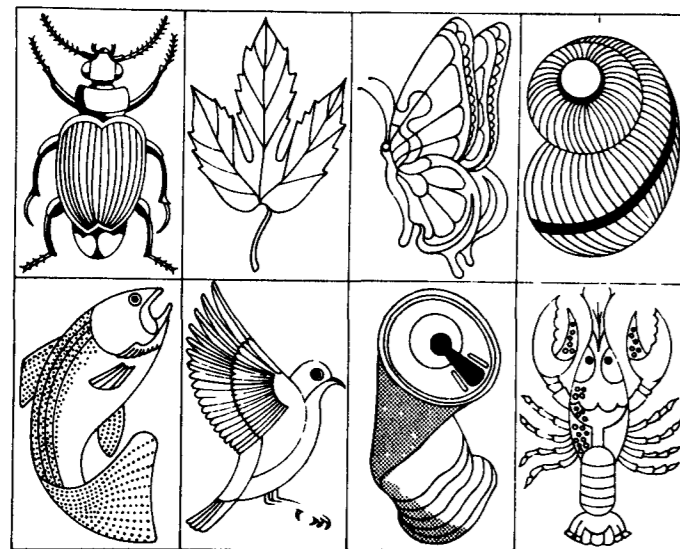

We were really able to proclaim our Christian beliefs another day as we visited the Christian Servicemen's Center near the DMZ, or about 1 1/2 minutes from the North by fighter. We spent the afternoon talking with and putting on a talent show for about 25 American soldiers who visit the Center.

Sunday morning was spent at the second service of the Young Nak (Church of Everlasting Joy) Presbyterian Church in Seoul.

POWELL FILES FOR COUNTY ASSESSOR

Thomas J. Powell

Thomas J. Powell, who had served as co-chairman of the "Citizen to Draft Brooke Taylor Committee", filed for officer late Friday afternoon. He became a candidate for the office of County Assessor on the Republican ticket.

Powell is a retired LCDR of the U.S. Navy who was on the commissioning crew of the U.S.S. Helena in 1939, but

he was also on board when the ship was torpedoed at Pearl Harbor on December 7, 1941. After the Helena was repaired Powell saw battle in the SW Pacific at Guadalcanal. Later he served on the U.S.S. San Francisco during the island hopping campaign giving fire support to the Marines and the Army. In fact, Powell was a liaison officer with the 2nd Marine Division during the Okinawa campaign. From the end of the Second World War Powell served on various ships and stations in staff capacities handling administrative matters.

After his retirement from the Navy Powell obtained his Bachelor of Arts and his M.A. degrees from Long Beach State College in Social and Political Science. While attending college Powell served as management analyst for the County of Los Angeles Road Department. Later he became senior administrative assistant in the Administrative Services Division of that department.

In 1967, when Powell and

his wife, Evelyn, arrived in Port Angeles with their motor-home and liked the area so well, they became residents of this county. They bought the Frontier Farm and Powell began teaching in Port Angeles and is presently teaching in Sequim.

Powell, who is 56 years old, feels that the voters of this county should have a choice at the polls. He said, "with my experience in county government and administration I feel that I can make a contribution not only during the campaign in discussing the issues but also as an assessor, if elected."

Powell stressed the need for modern methods of management in county government in order to be more efficient at less cost for the taxpayer. With the present property reappraisal program going on in this county, Powell said, "I am sure the people will have many questions and in offering opposition to the incumbent, I hope to provide some of the answers to these questions."

**Sears WARNING!**  
This Sears TOUCH-N-GO® 10-Speed Blender in White May be Unsafe...  
Only Model 663.82235 in white, sold since last December, 1969, is affected. Check Model Number imprinted on label under blender.  
In order to prevent injury to any user we are requesting the return of all blenders with this model number. This blender was sold primarily through the Sears 1970 Spring-Summer catalog. It also was sold through some Sears retail stores. THERE IS NO PROBLEM WITH ANY OTHER COLOR OR MODEL SEARS BLENDER.  
We are not certain that any of those sold are unsafe. But an inspection of factory inventory found a small number of these blenders was improperly assembled, creating a potentially dangerous shock hazard under certain conditions.  
If you have this model blender, please return it immediately to the nearest Sears store or catalog facility for exchange or refund.

MEEDS TO SEEK 4th TERM

Congressman Lloyd Meeds today filed for re-election to the U.S. House of Representatives from the Second Congressional District.

Congressman Meeds expressed satisfaction with his third term in Congress. He said, "I feel it has been a fruitful and productive year, and I am hopeful that I can continue to serve, and continue to produce results for the citizens of the Second Congressional District of Washington and all the people of the United States."

He said he is pleased with passage in July of this year of his Youth Conservation Corps bill, The bill and similar legislation pushed through the Senate by Senator Henry M. Jackson established a pilot program similar to the Civilian Conservation Corps (CCC) of the 1930s.

Congressman Meeds also expressed pleasure with the passage of the Drug Abuse Education Act of 1969. It passed the House by a vote of 294 to 0, and now awaits Senate action.

"Also, the passage of my Vocational Education Act amendments of 1968 represented landmark legislation in that field, valuable not only to my District, but to the entire United States," he noted.

Congressman Meeds expressed concern over the state of the economy. He has criticized the Administration over its policies of high interest and tight money, which have led to a very serious rise in unemployment and a fall in production in the aircraft and wood-products industries.

"The prospects of price and wage controls is not a happy one," he said. But certainly it is preferable to the high

unemployment and economic stagnation we are witnessing today."

"Aside from my legislative duties, I am cooperating fully with local business and industry to help them take full advantage of all federal programs that can help stimulate the economy of the Pacific Northwest. I will have more to say on this subject in the near future as our programs develop," Congressman Meeds said.

He is seeking re-election to his fourth term in the U.S. House of Representative. Prior to going to Congress in 1964, he was prosecuting attorney of Snohomish County.

FORKS GRADUATES TO ENTER EWSC

Two Forks High School graduates have been admitted to Eastern Washington State College as freshmen for fall quarter. E. Clair McNeil, EWSC admissions director, said,

They are Toni E. Swan, who plans to major in nursing, and Albert J. Wood, who plans to major in business at EWSC.

VFW PICNIC, FUN FOR ALL

Many members of Fletcher-Wittenborn Post and Auxiliary and their families attended the annual Post-Auxiliary picnic held at Lake Pleasant on August 2nd. Games were played, races run, horseshoes pitched, and food eaten. The children enjoyed the races and "hay scramble".

Several members camped the evening before and enjoyed the evening around the campfire.

### ELECTRICAL BIDS OPENED

A special meeting of the Board of Directors of Quilleyte Valley School District was held August 6.

Visitors present were Franklin Horton, Ralph Hilt, James Traver, John Leppell, Will Slathar, and Fred Cline.

Bids for the wiring to be done in the kitchen were opened. Bids were from Sentinel Electric at \$6,495.00, Fletcher Electric at \$6,250.00, Arc Electric at \$12,269.00, Olympic Electric at \$5,400.00, and McClennan Electric at \$6,687.45.

There was examination of the specifications and bid form to determine if a completion date had been set. There had not.

The Board decided to accept the lowest bid from Olympic Electric on the electrical wiring for the kitchen with the stipulation that the conduit under the floor slab must be in by August 14 and the job must be completed by September 1. There will be a penalty of \$100.00 per day for not meeting the August 14 due date, and \$100.00 per day for not meeting the September 1 due date. Failure to accept these conditions will mean the bid will go to the next lowest bidder.

Mr. Horton, representing the Community Council, asked specifically what was the Board's intent in offering to the Community the school facilities free of charge if someone else would pay for the supervision of a recreational program.

The Board felt they could offer the use of the gym for after school activities, but they cannot legally pay someone to supervise any activities. It has long been the desire of the Superintendent and Board to have the school facilities available for some program.

The Board felt they could provide janitorial services if the supervisor of the program was a good one. They also would like to work further with members of the Community Council, the Park Board, and the City Council to develop something positive.

Mr. Cline, as a member of the City Council, was asked if they could participate financially. He stated the Park Board is in the process of applying for funds under a national program and he thought the City Council would wait for action until word is received from this which would be around the first of the year.

Mr. Horton thanked the Board and stated he felt he had enough ideas to go back to the Com-

him at the Board meeting too.

There was discussion as to when the new football field could be used for play. Mr. Hilt representing Little League football requested the use for their teams. Their first home games were scheduled for September. Many ideas were discussed including the use of the Park and the old football field of the school and the grassy area behind the new gym. It was the opinion of the Board that no play should be allowed on the field until at least October. They were sympathetic to the Little League and hoped either of the other two grass areas on the school grounds could be used. It was suggested perhaps the city would allow the use of their portable bleachers. After some discussion, the Board gave permission to use the grassy area behind the new gym.

Mr. Hurn asked if there was any chance to go ahead with lavatories under the grandstand this fall. Mr. Slathar presented some ideas in drawing form he has had for these. The Board after considerable study chose one plan and asked Mr. Slathar to have some more complete drawings and cost estimates for the regular Board meeting on August 20. Mr. Canaday will contact Mr. Archer and have

community Council and work further on the idea.

Mr. Hitchcock stated he had a request for a leave-of-absence from a non-certificated employee. The Board to date did not have a policy on this for non-certificated personnel. He requested an opinion of the Board. After thorough discussion of the subject, the Board said they could not grant a leave-of-absence, but would be willing to re-employ in the event of a job opening at the time the person was available for work again.

Mr. Hitchcock announced bids would be opened on August 20 for the new roadway from the Primary Building to the rest of the school complex.

The opening time of school day will be 8:50 a.m. and closing approximately 3:35 p.m.

The Board was asked to clarify their intent on the paying of 11¢ per mile to employees of the district. It was a part of salary negotiations with the non-certificated group for bus drivers, but was not clear in the minutes if this also applied to all people who receive mileage from the district, such as in-lieu and contract bus payments. The intent of the Board is that all who receive mileage payments from the district are to receive 11¢ per mile.

The Board reviewed the contract and specifications drawn for the new road bid. The stipulation of \$100.00 per day penalty for failure to meet the completion date is to be added to the contract.

**CARD OF THANKS**

Our heartfelt thanks to all who gave us comfort, sympathy and help during our recent sorrow, also for the beautiful flowers, plants and other kindnesses, we are greatly thankful.

## NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00

Notice is hereby given that on Monday the 24th day of August, 1970, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

**LEGAL DESCRIPTION:** The sale is composed of all trees marked with blue paint comprising approximately 10,000 board feet of hemlock, 36,000 board feet of spruce, and 7,000 board feet of cedar on parts of the following: SE 1/4 NW 1/4 of Sec. 22 Twp. 27 N., Rge. 12 W., W.M. Jefferson County, Washington.

### CASH SALE

Forest products will be sold on a cash basis. Minimum acceptable bid will be \$1,328.00.

On or before August 24, 1970, at 10:00 a.m., each bidder must make a minimum deposit of \$132.80 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc., are to be made payable to the Commissioner of Public Lands.

**BOND:** On the day of sale, the purchaser must also furnish a cash bond of \$200.00, in the form

of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale. Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and the purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Forest products must be removed prior to December 31, 1970.

Located approximately 14 miles by road south of Forks. Accessibility Via Department of Natural Resources Access. A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

## WWSC Student Honored

Of the 669 students who received bachelor's degrees at Western Washington State College in Bellingham this past spring, eleven graduated Magna Cum Laude (with a grade point average of 3.75 or above) and 41 graduated Cum Laude (with a 3.5 or higher average for their college careers). In addition, four students graduated with honors, having met all requirements of Western's Honors Program, including completion of a senior thesis.

Named to the President's List for spring quarter as a result of their achieving a 3.5 grade point for the quarter were 546 students. Of these, 131 earned straight "A", or 4.0, grades. Besides the bachelor's degrees awarded, 232 WWSC graduate students received master's degrees during the year. This figure represents an increase of about a third as compared with the number of graduate degree recipients a year ago.

Area students receiving degrees were Glenda M. Williams. Clallam Bay, B.A. in Education and John A. Maris, Forks, received a B.A. in Education.

Earning a 4.0 grade average was Gayle Nelson of Forks.

\* Note: The Sheriff's Office only has one location where the phone is answered 24-hours a day, 7 days per week. That number is 452-2333. Radio contact is maintained with all units in the area at all times.
