on government procedures and problems facing the citizens of today as well as the citizens of tomorrow.

Mrs. Dunlap thanked the men for giving her son the opportunity to attend. Mr. Don Hutt added he felt the people in this area didn't know enough about the program and more publicity should be offered about it. He commented that the Spokane papers carried a front page story about the Boys State activities.

Claude Clark, commander of the local Legion Post presided at the meeting. He announced the money from the sale of the old Legion Hall has been invested until a community hall could be built. He also presented a check to the Auxiliary to aid them in carrying on their Girls State and drill team programs.

A TIME TO HARVEST--Summer ends, Autumn begins and with it comes the harvest. Apples fall from tree branches as do the colored leaves of the maples. Frost contrasts with the black soil of a garden where corn and pumpkins ripen. Geese fly over head while squirrels are busy falling cones of the spruce tree. This is Autumn. It is at this time that salmon run the swift waters of the rivers in search of spawning beds. Dahlias display their latest colors as they give way to an early freeze bidding goodbye to another summer. A crisp breeze rushes across a small grain field while an old man sharpens his scythe preparing to harvest his crop. An elderly woman stooped by time, her face wrinkled by the wind, is seen canning fruit from her orchard as she too prepares for the winter. The air is cool now, cool and crisp. Blackberries drape from their vines dripping with dew on an early morn. Mushrooms burst from the molded soil adding color to the darkness of the forest. This is Autumn, it's real, it's life, it's a time to harvest. By Lonnie Archibald

WSP REPORTS ACCIDENT

The Washington State Highway Patrol reported two accidents this weekend. The first occurred at 3:30 p.m., approximately one-mile south of the Lower Hoh Road, when a vehicle driven by Donald Hagerman, 31, Forks, and a vehicle driven by Richard Kinter, 37, Renton, collided. The accident occurred when the Hagerman vehicle headed north on 101, drove off the right shoulder, when his dog, riding in the car with him, jumped into his lap. The vehicle then crossed the road and sideswiped the Kinter vehicle. Both vehicles ended up 265 feet apart in the north and south ditches.

There were no serious injuries. The 1959 Oldsmobile belonging to Hagerman was demolished. The Kinter vehicle received \$1,000 damage.

The other accident occurred Sunday at 11:15 a.m. Carol A. Mullan, 26, of Seattle, driving west on 112 when she lost control of her vehicle after rounding a curve. The car then spun around, flipped over and came to rest on its top. The 1965 Pontiac Tempest received \$500 damage. There were no injuries.

Tanker Goes Into Lake

The end of the tanker is barely visible to passers-by after falling into Lake Crescent.

The road around Lake Crescent was the scene of two accidents, Monday afternoon. The first occurred when an Arco Transport truck and trailer driven by Fred D. Balsler of Port Angeles, lost its trailer as it rounded "ambulance corner" on the lake. As the trailer left the road, it demolished about a hundred feet of guard rail. The truck landed right side up in about ten feet of water. The tanker spilled part of its load of diesel fuel in the lake. The driver, Balsler was not injured. The vehicle was a

total loss.

Immediately following this accident, a truck and low boy driven by Michael S. Merritt of Lynnwood, Washington, was transporting a D-9 cat, belonging to the Lynnwood Equipment Company. The tie-down chain on the cat broke, dumping the cat into the ditch. There were no injuries, but the low boy received several hundred dollars damage. Garth Leavitt and Jim Silves of Forks helped re-load the cat.

This accident occurred about 3 miles east of Fairholm.

Boys And Girls State Representatives Honored

Susan Shearer and her parents, Mr. and Mrs. Ron Shearer and Don Hutt, his parents, Mr. and Mrs. Don Hutt and Bruce Dunlap and his mother, Mrs. Jean Dunlap were guests of the American Legion Auxiliary at a dinner meeting held Tuesday, September 29, at Clark's Vagabond.

These young people representing Forks, attended sessions of Boys State and Girls State this past summer. Sue spent the week of June 7 thru 14 at Central Washington State College in Ellensburg. The boys were at Gonzaga University in Spokane, the following week.

While at the sessions they participated in the organization of city, county and state government, with outstanding legislators of Washington state as their mentors.

Following the dinner, speeches were given by the students attending. Don Hutt, told about city government at Boys State and some of the trials held in the local court. All were means of learning about the organization and judicial order on the local level.

Sue, who was elected to a county office, told of the day spent at the Kittitas County Courthouse, she was particularly impressed by the padded cell, having never seen one before.

Bruce commented on some of the legislation on the state level. He said some of the

points learned at Boys State are being incorporated in the student body at Forks High School.

All three youngsters told of the other students they met, how much they learned in only a week and some of the speakers who addressed them (please turn to page 16)

EDITORIAL . . .

By Gordon and Betty Oros

It's high time, in fact long overdue, for someone to take a stand against malicious gossip. Under normal circumstances, gossip can and should be ignored. But when it's rated as one of the two major problems in our community, then it's time to speak out.

Because of the nature of our business, Gordon and I have come to anticipate such talk, we can't say we'll ever become used to it, but in 20 years we have learned to live with it.

Others, however, aren't as fortunate. Gossip hurts. It hurts individuals, it hurts families, it hurts businesses and it hurts our community.

Gossip cannot be limited to women alone. Some pretty frightful tales are born on the tongues of students, and let's not exclude men. (One well known local citizen related how he had deliberately started a rumor about a co-worker just to laugh at his embarrassment.)

None of us is exempt, really. Nothing is quite as fascinating as people, but when talk turns from well meant conversation to supposition and lies, it becomes slander which is an entirely different matter. (Slander suits are not uncommon and it might be advantageous for both gossip and victim to check the law.)

As a solution we offer two suggestions. The next time malicious gossip reaches you, instead of passing it on... pass it back! Try backtracking. Eventually you'll encounter one of two answers. Either the person questioned "just can't remember WHERE they heard it" (in which case you can pretty well assume you've found the source) or the person doesn't want to "reveal a confidence." In our book, there's nothing noble about harboring a malicious gossip. They should be tracked down the same as any other vicious animal. Once you've found the source you have every right to express your disapproval, and this brings us to the second suggestion.

After delivering gossip back into the lap of the originator, it then becomes THEIR problem and no longer yours. So truly forgive them in your heart and try a few prayers in their direction because persons who run others down do so only because they themselves feel so inadequate.

We don't recall the author or exact quote but it goes something like this: Great people talk about ideas, average people talk about things and small people talk about people.

It seems so absolutely unnecessary that in an area as beautiful as ours we have to be plagued with malicious gossip which, like a vice, holds so many in its savage grip!

Letters To Editor

The following is a copy of the letter sent to the county commissioners by myself, I hope you will consider printing it.

After having observed last Tuesday's discussion on the Courthouse issue, and after having reviewed the article regarding this matter in the daily paper, I have come to the conclusion to recommend to you, gentlemen, the following:

In order to 'steer clear of the issue' during the coming campaign (a suggestion made by Commissioner Mansfield to the two candidates) I would like to recommend to you to place the courthouse issue as a referendum before the voters of Clallam County on the November 3 ballot.

This referendum should ask the voter:

1) Do you favor the issuing of Commissioner Bonds for a courthouse construction?

Yes No
2) If yes, do you favor construction of courthouse facilities which would accommodate planning and construction

of future combined county-city facilities and services whenever possible? Yes No

3) If no, do you consider it at all advisable to build new courthouse facilities at this time? Yes No

4) Do you favor the combining of county and city jail facilities? Yes No

In conclusion I would like to add that I believe that the courthouse issue has already become a political issue. However, since it is an important public issue I see nothing wrong in discussing it with the voters

of this county. Of course, it should not become a political football and for that reason I favor to place the entire matter on the ballot in November in order that the taxpayer, the fellow whose money you are thinking of spending, can express his wishes on this matter.

I do hope you will consider my recommendation. Arthur Munson Beaver, Washington

GAME WILDLIFE PATROL

The State Game Department announced that commencing with the opening of the general hunting season October 10, a new enforcement program, the Sportsmen Wildlife Patrol, will begin operations.

Approximately 150 sportsmen from five major sports clubs have been trained by Game Department enforcement officials to assist in apprehension of serious game law violators and to aid in the prevention of game law violations before they occur.

Members of the patrol will hunt in places of their own choosing during the 1970-71 hunting season. Upon observing a game violation, a patrol member will complete observation remarks on a Game Department form and then notify the nearest available wildlife agent. The wildlife agent will then effect his own investigation of the violation.

Members of the Sportsmen Wildlife Patrol will not be Game Department commissioned officers, but will be highly knowledgeable in: how to prevent game violations; how to preserve evidence; how to correctly report violations; and how to testify in court.

Individual patrol members will be visibly identified by a gold star worn over his club's shoulder patch and a gold star decal placed on his vehicle. He will also carry a Game Department-issued identification card.

The Game Department estimates that with additional enforcement assistance in the field during the hunting season, the number of serious game law violations can be significantly reduced.

The idea of a Sportsmen Wildlife Patrol has been urged by organized sports clubs and is on an initial trial basis this year. If successful, the program will be expanded considerably in the future.

Clubs participating during the 1970-71 hunting season are: Washington Big Game Council, Seattle chapter; Inland Empire Big Game Council, Spokane; Yakima Valley Sportsmen, Yakima; Richland Rod and Gun Club, Richland; and Wenatchee Sports Club, Wenatchee.

S&R Ranch For Hunters
The Forks Community Search and Rescue is ready for hunting season, said Jackie Howell, secretary.

The group may be reached by calling the Forks marshal's office, 374-6900.

Newly elected officers for the group are, Myron Simmons, president; Ray Ellis, vice-president; and co-ordinators are Carl Maxwell and Doug Howell.

PLEASE HELP CURE CANCER

The American Cancer Society Fall Conference was held at the Double Tree Inn in Seattle September 27. Several attended the meeting.

Mrs. Harley Witherow, West End Branch chairman from the Clallam County unit attended the conference. The aim of the conference was to make the chairman more aware of the services offered by the society, so they can better serve the people.

The greatest need of the people and the biggest aim of the society is education. The Cancer Society offers programs of public education, but the need is to recruit more people to spread the message. There seems to be at this time a great need for educating young people on the dangers of smoking. Posters and pamphlets need to be distributed to doctor and dentist offices, memorial cards should be placed in hospitals, banks, and places of business.

The needs are very evident, but help is needed. If you can help in any way, please call

Mrs. Harley Witherow. Cancer can be cured, support your local Cancer Drive, fight cancer with a check-up and a check.

Local members on the board are, Carroll Lunsford, Henry Bechtold and Mrs. Estene Fletcher.

Pre-School PTA

Blankenship for the point after touchdown. The score remained 13 to 0 until the last play of the game when Jeff Hilt hooked up with Joe Gaydeski for a 8-yard touchdown pass. Randy Crossgroves' kick was blocked. Crossgrove had set up the touchdown with a 40-yard scamper on a double reverse.

SEQUIM DEFEATS SPARTANS

Forks Junior High Spartans won the first two quarters of play last Saturday in Sequim, but the strong Wolf Pups came back to win the third and fourth

quarters as they won a 14 to 8 thriller from the Spartan Babes. The Spartan Babes opened the game with an aerial circus and a determined defense lead by Randy Cabe, Dave Dilly, David Kiourkos, and Mark Henry.

After a scoreless first quarter Ken Olson started moving the team by way of his right arm and near the end of the first half hooked up with Dave Oros on a 30-yard scoring toss to put the Babes ahead, 6 to 0. Harrison Davis then added the two points after touchdown giving the young Spartans a 8 to 0 halftime lead.

In the second half the big Wolves started moving the football on the ground on off tackle slants. Sequim using the ground game, moved in to score a touchdown in the third quarter and then added the winning touchdown in the fourth quarter.

For fans will get their first look at the young Spartans this coming Saturday at 11:00 a.m. when they play host to Stevens Junior High from Port Angeles. According to Coach Leon Golden, his team is improving with each game and he feels they are due to win one, so he would like to see a large crowd out to encourage his charges.

TRAIL RIDERS NEWS

By Barbara King

Pam and Ronnie Ford became horse owners last week. Their new black and white paint mare, Pan-Tica, is just lovely. Welcome to the group.

Speaking of groups, we will have one at our place tomorrow, its horse-shoeing day at the Kings'. Lots of people and horses and just plain good company out at the barn. Jerry Tucker is our horseshoer. He and his wife, Jean, live in Yelm and raise horses.

Anyone wanting their horse or horses "rubbed" for worms, the first week in November, let me know at 374-5605. The vet will be here at our barn then. He is also bringing his "teeth floating" gear and will be making brood mare tests. If you want anything done to your horse, please call.

Harry Lefler is adding to his barn. Plans will include an indoor arena. He's talking about some group training. Marilyn Snodgrass and I rode with Bill Bond out at Harry's the other night. Bill is training a two-year-old filly. It is fun to ride with someone who knows what they are doing and I think we both picked up a few ideas along the training line.

There are quite a few fellows in the area taking their horses hunting. Ron Woody is taking his mare to Oregon and Guy Decker is going east of the Cascades with his Barney. Sam Windle didn't take their Sampson to Montana, but it was a pack in with horses. By the way he brought home an elk from there.

See you next week.

HUSKIES VERSUS BEARS

The University of Washington football team opens its Pacific-8 Conference season this weekend when California comes to town for the Huskies' fourth straight home game.

The Huskies and Golden Bears will meet in Husky Stadium Saturday beginning at 1:30 p.m.

Washington has opened the season with three straight nonconference home games; now it finishes it with contests against each of the seven other Pac-8 teams.

To the conference champion, of course, will go a trip to the Rose Bowl New Year's Day. Southern California has won that right the past four years. Washington's last Rose Bowl was in the 1963 season.

The Huskies have been seventh and eighth in the conference the past two years, beating only Washington State last season and only UCLA in 1968. And this season, they were picked to finish last by the touring Skywriters early in September.

California was picked third by that group of prognosticators. But the Bears' and Huskies' early-season results have defied those selections.

Cal began with a conference game, against Oregon, and the Ducks won, 31-24. Then the Bears were trounced by Texas, 56-15.

Washington started with a startling 42-16 rout of Michigan State before losing a 17-3 decision to touted Michigan.

Cal finally got its first win the third week by burying Indiana, 56-14. Dave Penhall replaced Steve Curtis at quarterback and the Bears' offense ripped off 531 yards of total offense.

Penhall threw two touchdowns

passes and ran for another.

Cal's most feared offensive threat is Issac Curtis, a sophomore halfback from Santa Ana, Calif.

Curtis is 6 foot 1 and 195 pounds, and last spring he ran 100 yards in 9.3 seconds for the Bears' track team.

He was a high-school All-American and rushed for 2,700 yards in two years as a prep.

Hunting season is a time for caution---with fire, as well as firearms. This fall, don't forget that fire hazards exist in many forest and range areas. Make a safe camp, and be certain all matches and smokes are crushed completely out. Do your part in keeping forest lands open to hunting. Observe fire safety and help Keep Washington Green.

Protect Against Rubella

Plans are underway to do immunization programs to protect against rubella (German measles, 3-day measles) for pre-school age children above the age of 12 months and for Kindergarten through grade six in schools. Clinics will be conducted at various locations in the two counties during the last week in October and first two weeks in November. More details and

schedules will be made available as plans become finalized.

Because of the possibility of interference of one live vaccine with the antibody (protective) response to another, it is recommended that children expecting to participate in the public program not be given vaccines for smallpox, polio, measles, or mumps after September 30.

Basic responsibility of the programs is with the local health department, with co-sponsors the local Medical Societies, Dr. Hopfner in Clallam and Dr. Scheyer in Jefferson County. Publicity chairmen are Mrs. Ted Simpson in Clallam and Mrs. Norma Jean Papritz in Jefferson.
