

BEAVER SAPHO TYEE NEWS

By Mrs. J. E. Merritt

Mr. and Mrs. Bob Swanson had a birthday dinner on Sunday, October 11, for their newly adopted son, Matthew, on his third birthday. Present were the little boy's grandparents, Mr. and Mrs. Clyde Swanson, Mr. and Mrs. Barry Swanson and children, Heidi and Tammy, Mr. and Mrs. Garth Carberry and children, Shannon and Shareen, Matthew's older brother, Bobby, and their parents, Mr. and Mrs. Bob Swanson. Unfortunately, the party was interrupted when Bobby fell from his bike and had to be rushed to the hospital in Port Angeles for a badly cut chin.

Mr. and Mrs. A. M. Nordman returned home Friday from a 10-day vacation trip to California. They visited Mrs. Nordman's sister, Mrs. Mavel O'Hara in Los Altos, their brother, William Mitchell in Berkeley, and a niece, Mrs. Chester Marlowe, in Hayward. Coming back to Washington they visited their son, Arvid Nordman, and daughter, Mrs. Henry Werner, their families in Seattle.

Mr. and Mrs. Herb Welch arrived Saturday night for a visit with his parents, Mr. and Mrs. Walter Mason, in Forks, and stopped to visit Mrs. Welch's parents, Mr. and Mrs. John Merritt at Tyee. Saturday was Mr. Merritt's birthday, so on Sunday Mr. Welch came up and took him and Mrs. Merritt to the Masons' for a birthday dinner.

The Welches returned to Shelton on Monday. On Sunday they learned of the birth of a baby daughter to their daughter, Mrs. Richard Moore of Mill City, Oregon. The baby weighed 9 lbs. 14 ozs. and arrived at 1:20 p.m. and has been named Ann Marie. She joins her brother, 4-year-old Patrick Richard, and 2-year-old sister, Kathleen Islyn. Mrs. Mason and Mrs. Merritt are her great-grandmothers.

Frank Headwall of Port Angeles flew to Youngstown, Ohio, to attend the funeral

of a grandson, Frank Whitmore, son of Mr. and Mrs. Russell Whitmore who was killed in an accident.

TRAIL RIDERS NEWS

Rain! The Trail Riders were rained out this past weekend. Glenn and I drove down to the Queets Corridor to see if anyone went. It rained all the way down, but coming back the sun was out and following us.

I was told that Patty Tuttle purchased a quarter horse mare. It was also reported her mother, Mrs. Bob Tuttle has been doing the riding. That might have to be a two horse family yet!

Dollars Dandybob arrived here on the 11th and ever since a barn has been a social flurry. Al and Sharon Clarke are the proud owners of this paint stud colt. Come out and see him, he's a "dandy".

Dr. Mowbray will be here the 5th of November, around noon, to do the worming and other equine business. If you have anything to be done please let me know.

Cancer beds AVAILABLE

Mrs. Harley Withrow, West End chairman for the Cancer Society announced that the Cancer Society has made available two beds to be loaned to families of cancer patients being cared for at home. These beds may be obtained by calling the service chairman for the area, Mrs. Philip Jaspers, 374-6682.

Her choice: diamond wedding ring set.

NUMBER 8

GUARDIANS OF RIALTO--Two rock pillars stand boldly against the crushing waters of the Pacific. Drift logs lie at the high tide line while breakers thunder against a headland. A breeze blows, sea gulls scorn and pebbles tumble in the surf. You hear and feel that of Nature. Nature on a wilderness beach. A beach of solitude over seen by these guardians of Rialto. By Lonnie Archibald

LOG EXPORTS DROP

The volume of logs exported from all timberland ownerships in Washington, Oregon, northern California, and Alaska totaled 210.4 million board feet in August, according to Research Economist David Darr of the U.S. Forest Service, Pacific Northwest Forest and Range Experiment Station in Portland. The August volume was 18.8 percent less than July exports, but 5.6 percent above August 1969 shipments. Softwood log exports in the first 8 months of 1970 totaled 1.6 billion board feet, 16.5 percent above January through August exports in 1969. August log shipments from Washington and Oregon declined 21.5 percent from July to a total of 191 million board feet. Northern California shipments totaled 10.3 million board feet, down 25.3 percent from last month; and Alaska shipments in August were 9.1 million board feet, 3.4 times

ADVISORY BOARD FORMED

The Advisory Board for the Quillayute Valley School system has been formed. The representatives from the area are: Forks, Ron Shearer, Myron Simmons and Mary-V Rosmond. Beaver area, Lawrence Gaydeski, Harold Kennedy and Vi Hinchen. Sappho, James Scarlett; Quillayute, Harvey Hoffman. LaPush, to be appointed by the Tribal Council. Bogachiel, Don Hutt, Hoh, Charles Barlow. West Forks, Ron Thompson. East Forks, John Leppell. The chairman for the committee is Pastor Howard Stockman.

At their last meeting the board discussed the problem of the over crowding of buses and the fact that the school does not have enough buses. The matter was brought before the school board. The problems concerning the new building were also discussed. The board was advised that the problems will be taken care of by the contractor. The shower rooms at the old gym were also discussed. The school told the board that these were of the highest priority and will be taken care of at the earliest possible date. There was some concern expressed about all the items being a part of the special levy request not being taken care of by the school said that the money for the levy expenditures is not in yet and the expenditures now are being done on a credit basis at 6% interest. This necessitates curtailing the program somewhat. The need for an expanded program of vocational education was also stressed. There seems to be a need for expansion also in the music programs of the school. It might also be added that the school is buying new buses and that the advisory board supports them in their choice. The next advisory meeting is November 20th.

CAPE FLATTERY ELECTION

The results of the Cape Flattery School Board election by precinct areas follows: Neah Bay precinct, for 54, against 28. Hoko precinct, for 8, against 14. Sekiu precinct, for 63, against 77. Clallam Bay precinct, for 72, against 58. There were 4 absentee votes, there were 3 for, and 1 against. There were not enough votes to validate the election, however, and the measure was defeated. This was one of the matters discussed when the Cape Flattery School Board met October 12. The Board received a letter from Carl Nickerson on a 16-hour workshop to be held at different sections of the state on the drug abuse problem. It is felt that drug use increases so rapidly that it is imperative for a community to keep abreast of the situation. It was suggested nine persons from the community should attend this workshop, three school personnel, three students and

Richardson-Taylor on Breakfast Show

Nathan Richardson and Brooke Taylor, candidates for the position of Clallam County Prosecuting attorney will be Gordon Otos' guests on the Breakfast at the Vagabond Show on KVAC. The time is 8:00 a.m., a question and answer period will follow a short introductory address by each candidate.

LIQUOR STORE BREAK-IN

The interior of the store was strewn with broken bottles.

The Forks Liquor Store was burglarized Friday morning. The incident occurred at about 7:00 a.m. Forks Deputy Marshal Gary Victovich responded to the call. He found one suspect inside, a caucasian in his early 20's. Deputy Victovich was assisted by Jim Aggergaard, Wildlife Agent for the Game Department. According to Deputy Victovich, when he and Aggergaard arrived on the scene, they found the suspect inside breaking up the bottles on the shelves. Victovich called to him to come out. The suspect allegedly replied, "Come and get me, shoot me, shoot me." Tear gas was then used to subdue the man and Victovich, assisted by Aggergaard forced him to the floor and handcuffed him. He was taken to the Forks jail and transported to Port Angeles later that day. He was identified as Frank Trayton of Forks. He will be arraigned later this week.

CAPE FLATTERY ELECTION

three from the community. It was stipulated these must be willing to work diligently on this project. The Board decided to authorize the expenditure of funds for sending a full community committee to the workshop meetings. Three representatives from the Neah Bay Tribal Council attended a Indian Education meeting at Warm Springs, Oregon. The theme for this meeting was, "A Share of Honor Through Education". They stressed job training programs for all ages, education for Indians so they may become teachers for Indian children. Glen Willison and Mrs. Robert Hinkle Sr., attended the Law 814 meeting in Olympia. There seemed to be a possibility of getting some funds for building at Neah Bay under Law 815. Mr. Don Buckingham from Neah Bay attended a workshop in Seattle for counselor (Please turn to page 8)

EDITORIAL . . .

By Gordon Otos

Hats off to the Spartan football team for an impressive showing in the game with the Lakeside Lions last Friday night. But did you know the Spartans fielded another team just as impressive? The people at the game will know what I am referring to. The Spartans Pep Band! The sound good, the discipline good, the size great! The band filled a void long lacking at the home games. One can only hope that the first concert by the Spartan's music department will be just as impressive. Congratulations to both, Roy Mohondro and Stan Sells for great efforts.

OAPCA to meet mill owners

The Olympic Air Pollution Control Authority Board of Directors held its regular monthly meeting on October 7, 1970, at the Authority office, 120 East State Avenue, Olympia, Washington.

The Board received a letter from the Advisory Council, recommending amendments to Regulation 1. A public hearing on the proposed amendments has been scheduled for November 4, 1970, at 11:00 a. m.

A public hearing on the requests for variances received from Anderson & Middleton Lumber Company; Davis Shake Company; Bogachiel Cedar Products; Hinchen Bros., Shingle Mill; Ocean View Shake Company; Burgher Shingle Ridge; Peninsula Plywood Corporation; J & J Shake Company; R. D. McDonald Cedar Products, Inc.; Holton Shake Company; and Olympia Oil and Wood Products Company has been scheduled for the next regular Board meeting on November 4, 1970, beginning at 10:30 a. m., with the Olympia Oil and Wood Products Company request to be heard at 11:30 a. m.

One year variances were granted to Quinalt Shingle and Lumber Company; Randall Kilmer Construction Company; Mount Pleasant Shake Com-

Letters To Editor

Editor,

A newspaper can be a powerful media of destruction. My personal knowledge of this began with a lethal article printed in the Evening News on Friday, July 24, 1970. On this day a member of the Richardson family was the target of this type of destruction. It was unthinkable that a person's character and integrity could be mangled in such a vicious manner. I kept thinking-this can't be real-nobody would write anything so evil. It is hard to put into words the hurt, frustration, and helpless feeling. It's like someone holding your hands behind your back while you are being slapped in the face.

The following day I tele-

phoned Mrs. Webster, the publisher, to find out why. She was evasive and noncommittal except that she assured me the Evening News was criticizing a "position", not a "personality"-whatever that means! She also warned me not to pursue the matter as I would only "get hurt" and that the sole purpose was to keep Mr. Richardson out of office. I would say this is a pretty sick way of accomplishing a purpose.

On Sunday, the 26th of July, a long editorial appeared on the front page with more of the same except for a few lines stating there was no evidence of graft or misuse of funds. I

phoned Mrs. Webster, the publisher, to find out why. She was evasive and noncommittal except that she assured me the Evening News was criticizing a "position", not a "personality"-whatever that means! She also warned me not to pursue the matter as I would only "get hurt" and that the sole purpose was to keep Mr. Richardson out of office. I would say this is a pretty sick way of accomplishing a purpose.

On Sunday, the 26th of July, a long editorial appeared on the front page with more of the same except for a few lines stating there was no evidence of graft or misuse of funds. I

assume this was intended to vindicate the persons responsible for the articles of any blame for the innuendos and false illutions they had already created.

I talked with Mr. Gary Conkling, the author of the first article, and Mr. Ned Thomas, the author of the Sunday editorial. They refused to disclose the basis of the articles or the sources of their information. I was unable to find any correlation between either of these conversations and the one I had with Mrs. Webster. In other words, I was given the good old buck passing routine.

During this period, many people called or wrote to us expressing their outrage at a newspaper that would stoop to such a level. To these people we shall be forever grateful. Several people wrote letters to the editor, but they never appeared in the newspaper because the Evening News refused to print them. Why?

The "victim" of the attack did not lie down and play dead as the coalition intended. Instead, he has fought back by filing for re-election and conducting an honest, clean campaign under the most trying circumstances. It was hoped the Evening News would not interfere.

But this was not to be. Misdirected news commentaries are formidable opponents. Last Thursday, on page 14 of the Evening News, an article featured an account of a political speech by the opposing candidate for the Office of Prosecuting Attorney. It was a little hard to believe that the opposition would make such unsupported statements. On investigation, we found this account was written by Mr. Gary Conkling of the Evening News. Need I say more? Much of the wording was out of context, so again we have an example of biased, dishonest reporting.

Should a newspaper be an instrument that attempts to destroy or should it take the responsibility for fair and unbiased printing of facts?

I feel the Evening News operates in a manner completely contrary to all rules of fairness. Yours truly,
Norma C. Richardson

Do you or don't you?

LEAVE YOUR CHILDREN

By Nedra Reed

Suppose for the moment that it is raining, for you know it never really rains in Forks, and you have to run into the Post Office for your mail or perhaps just pop into the grocery store for a quart of milk. There sits beside you in the car, No. 1 boy son or perhaps No. 1 girl child. What do you do with aforementioned child for the 5 minutes it takes you to pick up your mail or that quart of milk. If you take them with you they will, get wet, talk you into buying more than you want to, or just plain drive you out of your mind with the, "Mommy can I have some gum, candy or pop?"

Do you dare leave them? The revised code of Washington, Section 9,91006, states: "It shall be considered unlawful to leave a child under 12 unattended in a vehicle, while habiting a tavern, bar or other place of this type."

This law was passed for the protection of a child. In some areas this law was incorporated into a city ordinance. Forks does not have such an ordinance. The state statute will be enforced however.

Marshal Ken Woods said Tuesday, that anytime he sees a minor child whose care, safety or health is threatened by their being left unattended in a car, home or left wandering around town the parents would be cited, but if you are sure your child is not threatened by being left in the car while you are in the store for "just a minute, or for that short hop into the Post Office, you may do so with a clear conscience.

the straightening of State Highway 112 between Clallam Bay and the Clallam River. This two-mile section of highway is scheduled for completion in mid-summer of 1971, with work on the project now 60 percent complete. Cost of the project is \$1.5 million.

Evans said that State Highway 112 will be improved considerably when the Elwha River Bridge is completed in early 1973. Plans call for the replacement of the existing one-lane bridge over the Elwha River with a two-lane, 565-foot concrete archway span that will blend with the natural environment, the Governor said.

Cost of construction of the bridge and 2.5 miles of adjacent roadway construction joining State Highways 112 and 101 just east of the bridge will be about \$1.75 million. Right-of-way acquisition is currently under way for the project, which is scheduled to begin in early 1971.

Further improvements in the northern Olympic Peninsula will include a continuation of the recently completed four-lane highway east of Port Angeles

on Highway 101.

Covering the 2.5-mile distance between Deer Park Road on the west and Fairview Road on the east, the new roadway will feature a 15-foot dividing median and will cost less than \$1 million.

Construction should last from late 1971 or early 1972 to late in 1972, the Governor said. The project is currently in the planning and design state.

L.L. Brush joins Soleduck Ranger District

Lewis L. Brush transferred to the Soleduck Ranger District at Forks recently where he has assumed the duties of Timber Assistant in the Presale Department. He graduated from the University of Missouri in 1963 and worked on the Bear Valley and Burns Districts of the Malheur National Forest in Oregon before moving to Forks.

Mr. Brush, his wife, Darlene, and two children hope to take advantage of the many outdoor sports and activities in this area.

MEDITATION

By Rev. Ted Ringsmuth

Do you remember the first time you saw the ocean? I do, it was at Melborn Beach, Florida. I was 13 years old. Since then I have spent many happy hours at sea and have developed a great respect for its majestic power. But the wonder and awe which overwhelmed me on that first occasion has never returned.

One of the sad things about life is the way we get used to things and take them for granted. I remember when we first visited Forks how impressed we were with the giant trees and the sparkling rivers. We are still impressed, but some of the initial glow is gone. How often this happens in marriage and in other human relationships. Isn't it sad that, so often, it seems to be so.

Perhaps, some day we will learn how to raise our child-

ren so that they will escape this common human failing. Wouldn't it be great if we all could see color, pattern and design the way the artist does. Wouldn't it be exciting if we could be aware of all the sounds of nature as the musician hears them. It would seem that increased awareness is the key to life. To the degree that we are aware we are alive.

The greatest of all teachers came to remind us of who we are. He called us to accept our inheritance as children of God and in this awareness to find the true meaning of our lives. This means that our religion should be an adventure in the unending creative process of getting acquainted with the artist that paints his sunsets on the vast canopy of the western sky and with a smaller brush tints the feathers on the humming bird's wing. We should listen to his voice on the booming surf and in the chirp of the chickadee.

THE WORLD GOD MADE

Teach them the wonder of its foliage, the panorama of its seasons, the mystery of ever-renewing life.

Teach them the world God made.

But teach them, too, the God who made the world . . . the majesty of His Power . . . the purity of His Holiness . . . the tenderness of His Love.

Teach them the Christ through Whom our Creator revealed His heart to mankind.

There is no greater tragedy than to cherish a book, but not understand its Author.

Sunset Highlites

By Fred Jarvis

Been sitting here stuffing my face full of popcorn for the last hour. Have you ever tried to eat just one piece of popcorn? Going to get up and leave the room pretty soon just to get away from it.

Barb Windle hit 201 and Janet Joseph a 497 to lead the gals of Tuesday Afternoon. Billie Crist rolled 192 and converted the 5-7-9 split. Becky Aggergaard picked up the 5-10.

Darrell hit a big 246-660 Tuesday nite but got hand-capped out of the money by George Olson who hit a 221-606. Nice bowling!

Mary Kennedy, (Frankie's sister) banged out a 221-566 to top the Powder Puffs. Helen Thomas had a 508.

Ruth Hutton's 198 and 512 was best for the Hoot Owls. She also picked up the 3-7-10 and Betty Tuttle the 4-5.

Ruth again in Women's Thursday Afternoon with 209-510. Jean Cool had a 130-330 for the Beginners.

Women's Thursday Nite was led by Leta Rondeau's 212-569. Joyce Mueller had a 209.

Duke Streeter tossed a 223-581 in the West End League. Darrell had a Hi 30 of 623, and Mike Holz with a 143 average, hit a 212 game.

Hotshot George Richardson again in Friday Nite Mixed, hitting 213-596. Rae West and Jean Streeter having 192-463 and 177-485 respectively for the gals.

John Leavitt picked up 10 free games by picking off the 8-10 split in Sunday Mixed. Dave Allen's 232 was high game and Al Whitehead's 548 was the best three game total. Lou Suchodolski and Woody Hamby tied at 163 and Betty Blakely had a 454.

Al Whitehead had Hi 10, 208, and Hi 30, 588, for the Sunset Lanes team in the Olympic Traveling League here last weekend.

Some pretty good games and series in the Forks Prairie League this week. Duke Streeter, 223, Darrell a 224-626, Fred Jarvis 229, Al Whitehead 231-606 and Hoss Caulkins banged out a big 244.

Bowlers of the week: Mary Kennedy 221, Leta Rondeau 569, Darrell Thomas 246-660.

OUTDOOR LORE

By Lonnie Archibald
(the deer slayer)

SALMON--Just sitting here watching the waters of the Sleduck flow on toward the Quillayute. Can't help wondering how many coho and chinook are searching for spawning beds. The Quillayute river holds many large kings at this time. A large amount is being taken by gill netters as the river has finally risen. The market, however, is poor. A good time to fill the smokehouse and put up a batch of homemade liquid refreshments. Just add a little malt, sugar and yeast to water. Let it work for about 5 days and then bottle. Call 374-6606 when its ready to be sampled. I'll be waiting.

WANTED--GAME SITE FOR BIRD HUNTING--We have here in the Forks area many dedicated bird hunters who travel to Eastern Washington each year in search of their share of pheasants, ducks, and geese. The area surrounding the Quillayute airstrip would make a fine game reserve if placed into the hands of, and controlled by the Washington State Department of Game. Crab apple, blackberries, cascara, and excellent cover exist here on the prairie. Several types of grain are available which would add to the food supply. Japanese millet would adopt easily to the wet region adding feed through the winter months. Korean pheasants, raised in damp climates, would most likely reproduce. A swamp or pond would then supply the hunter with ducks. This would not solve the problem of having to travel across the state for pheasants and ducks each year but it would give sportsmen more hunting time here at home.

HERE AND THERE--Some nice sized clams were taken from the Kalaloch beaches last week. Ray Cooper shot a three-point on the Quillayute Prairie and found it still in velvet with no signs of the deer ever attempting to remove the substance. Bert Marris says he caught six salmon on six casts over the weekend. Your guess is as good as mine on that one. Millie Thompson added another set of deer antlers to her collection recently. Millie has shot 13 deer in 15 years. How many of you men folk can beat that one? Deer hunting should pick up now that the rain has come. A little always helps to. The grouse are still hanging in there. Its been a good season for both ruffed and blues. Have you ever noticed how Frank Anrys's smokehouse on Calawah Way is forever smoking? I think its just for show.

Sports

By Larry Thomas

SPARTANS TIE LIONS

The Port Angeles Evening News tabbed the Forks Spartans as the "Olympic League Spoilers" and the Lakeside Lions found out just what they meant as they were able to salvage only a 12 to 12 tie from the Spartans. The Lions, were 2 and 0 in league play and tied for the Olympic League lead, now are half a game behind the Port Townsend Redskins. I'll bet the Lakeside Lions are knocking on wood now when they say, "the Forks Spartans have never beaten us."

The Spartans used a couple of new wrinkles in their offense and an aroused bunch of Spartans to gain the tie and almost a victory. Jeff Wittenborn, a sophomore, started his first varsity game and rewarded Coach Mohondro's move by slinging two touchdown passes. Don Hutt, the

regular quarterback, moved to running back proved he could move the football. The last new look by the Spartans was the hard hitting line play of Larry Gaydeski, Chet Hunt, Curtis Maxfield, John Dahlgren, Greg Archer, and Mike Simmons.

Wittenborn moved the Spartans with the opening kickoff to the Lakeside 19-yard line where a fumble killed the drive. On the fourth offensive play by the Lions, Chuck Rondeau fell on a loose football to give the Spartans first down at the Lakeside 22-yard line. Bruce Allen caught passes from all angles including one handed grabs, alone in the end zone for the touchdown and the lead. Dave Silcox's kick for the extra point was wide to the left.

Lakeside came back with 1:16 left on the clock in the

first quarter with Pete Greenleaf scoring on a 23-yard pass from quarterback Kerry Lumas. Mike Simmons then broke through from his right defensive end position to block the extra points attempt and leave the score 6 to 6.

Lumas gave the Lions a 12 to 6 half time lead score from the one foot line with 9:56 left in the second quarter. Lakeside drove 55 yards in 9 plays, their only real drive of the evening against the tough Spartan defense.

The Spartans got the tying touchdown with 1:21 left in the second quarter with Wittenborn going to the air and hooking up with Bruce Allen for a 35-yard scoring toss. What a catch Allen made of the Wittenborn pass. Allen, battling a Lakeside defender, turned half way around, leaped high and caught the ball in the right corner of the end zone. Silcox's kick was again wide to the left leaving the score 12 to 12.

The Spartans put all stops out in the fourth quarter trying to break the tie but on two occasions penalties killed scoring opportunities for the Spartans.

Much of the credit for the fine game has to go to the Spartan stop department of Bruce Dunlap, Wittenborn, Dan Payne, Darrel Beebe, Dahlgren, Rondeau, Simmons, Allen, Maxfield, and Dan Hinchin as they almost completely shut out Lakesides' fine quarterback Lumas.

Next Saturday evening the Spartans will play host to the Port Angeles Rangers, a team the Spartans suffered a earlier 12 to 0 set back to.

Other scores: Vashon 39, North Mason 0; Port Townsend 19, Bainbridge 6; Sequim 12, Blaine 6.

Packers over Giants

Forks' two Little League football teams met head-on last Saturday evening with the Packers coming out victorious. A crowd of approximately 300 fans braved the driving rain to watch the Packers grind out a 14 to 6 victory over their cross town rival Giants.

Defense is the name of the game for the Packers and, even though they allowed the

only touchdown scored against them this year, people like Bill Russell, Mike Musick, Brian Nash, Lindsay Halver-son, Butch Eastman, and Lane Richards on the Packer defense allowed only 51 net yards for the Giants.

The Giants were not to be denied, as Bruce Kreider, Randy Milsap, Steve Burge, and Mike Schulze put the pressure on the Packer defense all evening. The Giants defense led by Jim Leppell with 18 tackles, allowed the Packer offense, only 14 points.

The Packer offense did start to roll in the second half mainly because of a boy named Steve Tovey who proved to Packer coaching staff he is a real muddier.

Tovey wasn't the only stand out, Jeff Hilt not only master-minded the Packer drives, but also scored the insuring touchdown. A tightend by the name of Mitch Lamb, wing-back Mike Hilt and guards Bill Russell and Andy Zepeda paved the way for the Packer offensive backs with some fine excuded blocking.

The Giants started the scoring the first time they had the ball, going 65 yards in 13 plays with Bruce Kreider going the last 11 yards around left end for the touchdown. Randy Milsap's try for the point after touchdown failed.

The Packers got the go ahead points midway in the second dquarter, behind the running of Lee Olson and Steve Tovey. The Packers moved 75 yards in 10 plays with Tovey scoring from 24 yards out, on a power sweep. Tovey doing a nifty job of running shook off four Giants tacklers on his way to the end zone. Tovey then scored what would prove to be the winning point going up the middle for the point after touchdown.

The Packers added the insuring touchdown with 5 seconds left in the third quarter with quarterback Jeff Hilt sneaking one yard for the touchdown. Steve Tovey then picked up his eighth point of the evening with the point after touchdown.

The Giants finished the regular season with 2 wins and 3 losses and in a tie for second place in the Western Little League Division. They will have to have a play-off game or a toss of the coin with the Sequim Lions to see which team will play in the Port Townsend play-off, representing the second place team.

The Packers, meanwhile, finished the regular season with a 5 win and no lose record and champion of the Western Division. The Pack will move on to Port Townsend to play the Port Townsend Colts for the over all championship.

MORE SPORTS ON PAGE 6

ASSEMBLY to hold CONVENTION

The Forks Assembly of God Church is hosting a three-day missionary convention this weekend. Special guest speakers will be Mr. and Mrs. Stan Morlin, Pastor Morlin's brother and Mr. and Mrs. Robert Frivold.

The services start Friday at 7:30 p. m. with the evening service. On Saturday all the ladies are invited to a Tupperware party at 1:00 p. m. There will be an afternoon service at 3:00 p. m., and all who attend will receive a special souvenir. The "Speed the Light Rally" will be at 7:00 p. m. The speaker will be Doug Shaw, from the Port Angeles Assembly of God Church.

The Sunday services will start at 9:45 a. m. and the missionaries will visit the Sunday School. The morning service with a missionary speaker will be at 11 a. m. There will be a foreign dish banquet at 4 p. m. The final rally will be at 7:00 p. m.

The convention will feature films, on Honduras and Japan, fellowship and stirring messages. All are invited to attend.

FHS to host dancers

Junior and senior high students from western Clallam and Jefferson Counties will attend a pair of special performances by the Dance Repertory Company in the gymnasium of Forks High School on Friday, October 30, 1970 at 10:30 a. m. and 12:45 p. m. Participating school districts include Cape Flattery, Queets and the host district, Quillayute. Local arrangements were handled by John B. Hitchcock, Superintendent of the Quillayute School District.

The Dance Repertory Company has built an enviable reputation for themselves, both on tour and in New York, their home state. Under Director Richard Englund, a former Northwest resident, the company has succeeded in bringing a variety of professional ballet styles to audiences of all ages. The company of fourteen dancers and supporting staff is in Washington for a school tour, repeating a similar series of performances given around the state last spring.

Sponsor of the Washington appearances of the Dance Repertory Company is the Washington State Cultural Enrichment Program. Administered through the State Department of Public Instruction, this statewide program provides school districts with special events staged by the best available professional performing arts organizations. During the current school year,

nearly 290,000 young students will see over 280 different performing arts events made available through the Cultural Enrichment Program.

County youngsters will see a one-hour presentation which includes samplings from four different styles of dance, according to company Director Richard Englund. On the bill of fare will be excerpts from

NAPOLI, a popular Romantic ballet and SWAN LAKE, a fine example of Classical ballet. Rounding out the session will be ICARUS, a boldly modern work based on the Greek legend and THINGS 'n THINGS, a humorous look at how human beings related to inanimate objects. The program will be interspersed with commentary by Mr. Englund.

The two-week tour being undertaken by the Dance Repertory Company will take the troupe to visit students in nine counties: Whatcom, Skagit, Clallam, Jefferson, Kitsap, Grays Harbor, Pacific, Clark and Lewis. Several school districts will participate in each performance.

Also on the schedule of the Washington State Cultural Enrichment Program for the current school year are performances of multi-media by the Seattle Opera Association, theatre staged by the Seattle Repertory Theatre, musical introductions for young audiences by the Seattle Symphony and Spokane Chamber Orchestra, dance from the First Chamber Dance Company and children's theatre staged by two well-know companies.

Social Scene

Congratulations to Mr. and Mrs. Ron Pedersen of Forks. They are the parents of a daughter, Ronna Lynn, born October 10. Little Miss Pedersen weighed 7 lbs., 11 oz. She joins a brother, Stacy, 2 years old.

The grandparents are Mr. and Mrs. Don Bakker and Mr. and Mrs. Paul Woodside of Port Angeles. The great-grandparents are Mr. and Mrs. Pat Klahn of Forks.

VOWS EXCHANGED

Miss Arlene Dyer and Mike Moring were married October 14th, at the City Hall in Port Angeles. The witnesses at the wedding were Pat Brooks and Sharon Hoke.

NOTICE

ORDINANCE NO. 122
AN ORDINANCE of the Town of Forks annexing an area contiguous to the Town.

WHEREAS, the Quillayute Valley School District No. 402, petitioned the Town of Forks to annex an area owned by the school district contiguous to the Town which petition was duly received and filed with the Town of Forks, and,

WHEREAS, after holding a public hearing on the petition and it appearing to the Town Council that it would be to the best interest of the Town that the area be annexed,

NOW, THEREFORE,

BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF FORKS as follows:

1. The following described area situated in Clallam County, Washington, be and the same is hereby annexed to the Town of Forks:

That portion of the Northeast Quarter of Section Nine, Township 28 North, Range Thirteen West, W.M., described as follows:

BEGINNING at the Southwest Corner of the Southeast Quarter of the Northeast Quarter of said Section Nine, thence North 1° 7' 30" West along the West line of the Southeast Quarter of the Northeast Quarter, a distance of 5.18 feet to the true point of beginning; thence North 1° 7' 30" West along said West line of the Southeast Quarter of said Section Nine, a distance of 331.06 feet; thence in an Easterly direction at right angles to said first line, a distance of 526.3 feet; then in a Southerly direction parallel with said quarter section center line a distance of 331.06 feet; thence in a Westerly direction 526.3 feet to the point of beginning.

That portion of the Southeast Quarter of the Northeast Quarter and of the Northeast Quarter of the Southeast Quarter of said Section Nine, described as follows:

BEGINNING at the Southwest corner of the Southeast Quarter of the Northeast Quarter of said Section Nine; thence North 1° 7' 30" West along the West line of the Southeast Quarter of the Northeast Quarter a distance of 5.18 feet; thence in an Easterly direction at right angles to said boundary along the South boundary of the property conveyed hereunder a distance of 526.03 feet; thence in a Southerly direction at right angles to said boundary 331.06 feet to a concrete monument; thence in a Westerly direction at right angles to said last boundary 526.03 feet to a concrete monument; thence in a Northerly direction at right angles to said last boundary along the West line of the Northeast Quarter of the Southeast Quarter 325.88 feet to the point of beginning;

That portion of the Southeast Quarter of the Northeast Quarter of Section Nine described as follows:

BEGINNING at the Southwest Corner of said Southeast Quarter of the Northeast Quarter of said Section Nine; thence North 1° 7' 30" West along the West line of said Southeast Quarter a distance of 336.24 feet to the true point of beginning; thence 331.06 feet along the said quarter section center line to an iron pipe located on the Southeast corner of Copeland's First Addition to Forks; thence in an Easterly direction at right angles to first boundary 526.03 feet to a concrete monument; thence in a Southerly direction parallel with said quarter section center line 331.06 feet to the Northeast corner of the tract conveyed under this Deed; thence in a Westerly direction along the North boundary of this tract to the point of beginning.

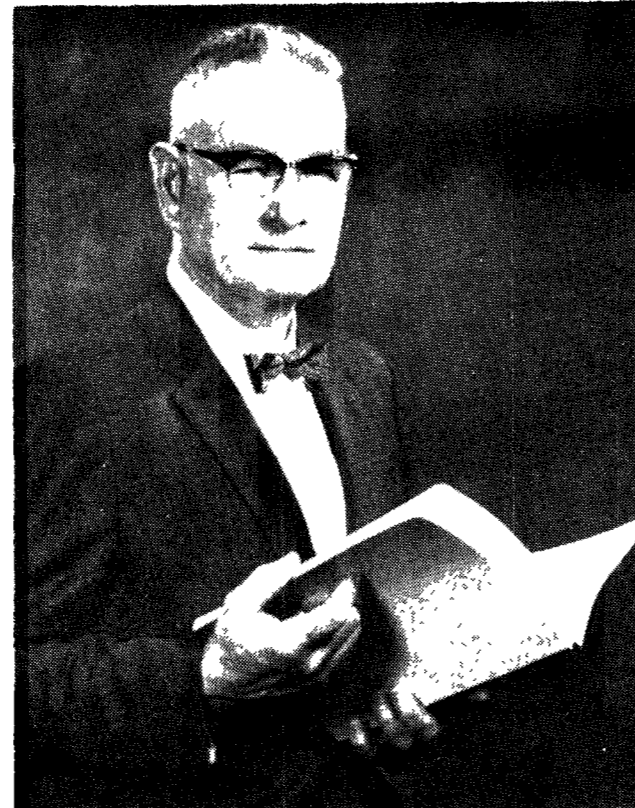

2. The effective date of this ordinance shall be the 15th day of October, 1970.

Passed by the Town Council and Approved by the Mayor and attested by the Clerk this 12th day of October, 1970.

Attest: Herbert Beebe Clerk
Earl L. Kennedy MAYOR

Approved as To Form:
Frank Platt
Town Attorney
Publish Thursday, October 22, 1970, in the Forks Forum, Forks, Washington.

Vote to Re-elect Your STATE REPRESENTATIVE CHARLES R. SAVAGE

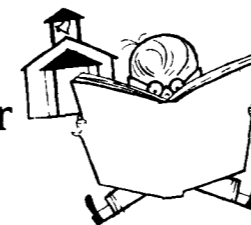

A vote for Savage is a vote:

- * To eliminate pollution of air and water
- * To protect our P U D 'S and low cost light bills.
- * To protect our injured workers rights to a jury trial on industrial insurance

The primary corner

THE GREAT PUMPKIN VISITS MRS. COOPER'S ROOM.

The Great Pumpkin and friends.

This week we had a surprise when a big pumpkin was delivered to our room.

Our Principal Mr. Newbry weighed the pumpkin for us and we learned it weighed 37 pounds.

Before we carve it a Jack O' Lantern face we are going to use it for some math and science lessons. For math we weighed some of our class and learned the difference between the weight of the pumpkin and the children. One child in our class weighs just eleven pounds more than the pumpkin. We are also going to count the seeds. For science we will have an experiment to show that fire needs oxygen to burn and that we must never run if we should catch on fire.

When we have our Halloween party we are going to give a prize to the one who guesses the nearest number of seeds the pumpkin contained.

Pumpkins, have turned into many wonderful things. Once a long, long time ago one turned into a golden coach for a princess, another time we read where a pumpkin made "Mousslin," a golden house for the winter. Mrs. Cooper says, "who knows ours might turn into pumpkin pies the day we do a

creative story about our First Thanksgiving.

A STUDY IN MANNERS

From Mrs. Malmsten's room. Some of the second graders are learning better manners. They are introducing friends, walking behind people instead of in front of them, and studying how to be courteous.

Mrs. Malmsten's class is having a unit on space. They are studying the solar system at the present time. They used books, magazines and films to get the latest information. Later a unit on space travel will be pursued.

Each child in Mrs. Malmsten's class is making a phonics book. These include words, pictures and sentences with specific sounds. This has helped in reading and spelling.

RICHARDSON-FEELEY COFFEE HOUR

There will be a coffee hour for Nathan Richardson and Frank Feeley, Monday, October 26, 7:30 p. m. at the Paul Lingvall home in Mansfield Addition.

All are invited.

Pre-School PTA

President, Mrs. George Fraker opened the regular meeting of Pre-School PTA held October 13th. Mrs. Fraker opened with a quote from THE PROPHET, by Kahlil Gibran concerning children in which he states, "You are the bows from which your children as living arrows are sent forth."

Mrs. Bill Summerton was introduced to the group attending. Mrs. Summerton teaches at the Port Angeles Co-Operative Pre-School, which is held in the Methodist Church on 6th and Laurel in Port Angeles each Tuesday and Thursday. She gave an enlightening account of how Pre-school is set up and many workable ideas for our own Co-operative Pre-school which is scheduled to begin November 2nd. She also showed home movies taken during actual sessions of Pre-school with the 3 and 4 year olds at play and on field trips.

September was National Membership Month for Pre-school PTA and the Forks Pre-school PTA membership stands at 47 members. A thank you letter from Jean Everett, a 1969 graduate of Forks High School, who was the 1970 recipient of a \$100 scholarship presented by Pre-school PTA, was read by president Mrs. Fraker.

The by-laws of the newly formed Co-operative Pre-school were discussed and voted in by the membership. The teachers of the Pre-school were then introduced. Mrs. Hoyt Laney will teach the 4-5 year-old age group on Monday, Wednesday and Friday and Mrs. Lewis Brush will teach the 3-4-year-old age group on Tuesday and Thursdays.

The first session of the Co-operative Pre-school will be held in the red school house between the high school and elementary school buildings in Forks. The next meeting of Pre-school PTA will be held November 10th.

TACT speaker at college

Joseph R. Crow to speak at Peninsula College.

Joseph R. Crow, once a member of modern music's "in" group and now one of its most vocal critics, will address a public audience in Port Angeles on October 29, 8 p. m. at Peninsula College Little Theatre. His subject will be "Rock Music--Youth, Drugs, and Brainwashing."

Joseph Crow knows music. He charges that today's acid-rock music is written to revolutionize the thoughts and action of young people. "It is propaganda with a beat," he alleges. "It is aimed at youth, designed to produce social and political change, and its impact is explosive."

Adults, says Crow, generally don't recognize the viciousness with which acid-rock music attacks religion, morality, and society. Nor do they understand how it glorifies drugs, destructiveness, revolution and sexual promiscuity.

As a composer, and arranger, and as a former performing artist with the Stan Kenton Orchestra, Joseph Crow claims fifteen years of experience as a professional musician. He further states, "combining my extensive musical background with the fact that I was a former drug user uniquely qualifies me to interpret today's music." Mr. Crow says, "this lecture is not an academic one, as I will play several of the current-

ly popular acid rock songs and analyze the lyrics." Copies of the lyrics will be provided for all who attend.

"It's no accident," he says, "that music is being used to make the perverse seem glamorous and inviting."

'SURPRISE' FOR MRS. WILSON

Mrs. Montana Wilson had quite a surprise last week. She had heard a few days prior of a birthday celebration for a friend of hers in Montana. Mrs. Wilson sent her a card wishing her a "Happy Birthday". To her surprise Mrs. Wilson received in return, a card signed by friends of hers from 50 years ago and the name that headed the list was a "Mr. Honesty", the same man who Mrs. Wilson pushed into the river over 50 years ago.

TAYLOR COFFEE HOUR TO BE HELD

There will be a coffee hour for Brooke Taylor Thursday, October 29, at 1:30 p. m. The reception will be held at the Harley Witherow home.

HOLD THAT LION--Forks Spartan Doug Holz (21) puts the stop on a Lion receiver after a 10-yard pass completion. Spartan fans turned out Friday night to find the same old numbers on the same jerseys of blue and gold. The same names were announced over the loud speaker, but yet, this was a new team which placed twelve points on the Forks side of the scoreboard equaling that scored by the high-flying Lions of Lakeside. Go get 'em Spartans!

(export...cont.)

Ias-fir averaged \$120.22 per thousand board feet; Port-Orford-cedar, \$248.65; and other softwoods, \$114.52. The July level.

Japan received 202.1 million board feet, or 96.1 percent of total August log exports.

Douglas-fir logs made up 15.0 percent of August shipments and Port-Orford-cedar 2.5 percent. The remaining 82.5 percent was other softwoods, primarily western hemlock and true firs.

Total value of July log exports was \$25 million, and the average value was \$118.71 per thousand board feet. Doug-

George V. Lonngren has been promoted to Assistant General Manager of the Northwest Timber Division of ITT Rayonier Incorporated, it was announced today by L.J. Forrest, Vice President and General Manager of this division.

In his new position as Mr. Forrest's assistant, Lonngren will be concerned with all phases of the company's Northwest timber operations on the Olympic Peninsula.

A native of Aberdeen, Lonngren joined the Rayonier

Teddies down Spartans

The Forks Junior High School Spartans were downed last Thursday 22 to 12 by the Roosevelt Teddies in Forks. The score has no indication of what kind of game it was. The fired up Spartans, winner of only one game this season, led 6-0 and 12 to 8 before the Teddies could finally subdue the young Spartans in the fourth quarter.

In the opening series of play the Babes looked as if they would blow Roosevelt right out of Spartan stadium. Harrison Davis got 7 yards on two plays up the middle. Jeff Blair picked up 13 yards on an end sweep, and on the fourth play of the game, quarterback Ken Olson teamed up with David Otos for a 51-yard scoring toss. The pat try failed for the young Spartans.

Port Angeles scored a touchdown at the end of the first quarter and a safety in the second quarter to leave for the locker rooms with a halftime lead of 8 to 6.

In the third quarter the rock hard Babe defense of Gene Sampson, Harrison Davis, Ken Olson, and David Kiourkas pushed the young Port Angeles team back to their own 20-yard line where the Forks team forced a fumble. A very alert Ken Olson scooped up the loose ball and rambled 20 yards for the go ahead touchdown.

Port Angeles came back with two touchdowns in the fourth quarter to take the victory from the gamely Spartan Babes. The Forks team plays next Saturday at Port Townsend with the game time set for 1:00 p. m.

Marian Club

St. Anne's Marian Club will meet Thursday, October 29th, at the Alfred Ramsaur residence. The meeting will begin at 1 p. m.

HUSKIES meet BEAVERS

It has been, believe it or not, 47 years since Washington won a football game in Corvallis, Oregon. This Saturday the Huskies will try to break that spell when they meet the Oregon State Beavers on the Astroturf of Parker Stadium. Starting time is 1:30 p. m. As of last week, neither team had won a Pacific-8 Conference game yet this season. The Beavers lost their season opener to UCLA 14-9 and two weeks later were clobbered

by Southern California 45-13. Meantime they won nonconference games from Iowa, Oklahoma and Utah to give them a 3-2 record a week ago. Washington, after winning 2 of its 3 nonconference games, lost to California a week ago in its Pac-8 beginning.

OSU has no mastery over Washington in the teams' series--the Huskies have won 29, lost 23 and tied 4. But Washington has not won in Corvallis since 14-0 decision in 1923.

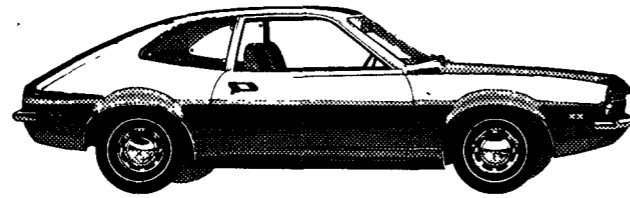

That fact, however, deserves explanation: the teams used to meet in Portland, and actually have played in Corvallis only twice since '23, in 1966 and 1968. The Beavers won both of those.

The man who coached Oregon State to those victories--Dee Andros, the Great Pumpkin--is still around. And that means the Beavers have their usual hard-hitting squad.

They have a veteran defense, led by senior lineman Mark

HALMOR FORD INC. FORKS, WASHINGTON

PRINCE OF PEACE NEWS

The Junior League visited the archeological dig at Cape Alava this past week. The group seemed to be very impressed with the work being done there.

A Halloween party is also planned for this weekend. More information may be obtained by calling a member of the league.

The Couples Club will have a progressive dinner, Saturday, starting at 6 p. m. For more information please call, Betty Otos or Jan Boggs.

Sunday, October 25th is Laymen's Sunday. Lay people in the church will be in charge of the worship service. Those who will participate in the liturgical part of the service are Ben Lonn, Roger Addleman, Gordon Otos and Paul Lingvall. Jon Erickson will have the dialogue sermon with Pastor Stockman entitled, "Can We Open Up"

Congregational church news

The fifth program in a series of eight programs on Channel 5 entitled, "Quality of Life," will be held at the Lincoln Mueller home at 6:30 p. m. this coming Sunday. This program will concern social welfare.

Two work nights are being held at the church this week, beginning at 7 p. m., Wednesday and Thursday. Participants are to bring a paint brush and coffee can.

Circle meetings are on

Thursday, October 22. Afternoon Circle will meet at 12:30 at Mickey Klahn's home, the Young Women's Circle will be at 1 p. m. with Mrs. John Hen-son, and the Evening Circle is at 8 p. m. with Doris Douglass and co-hostess, Signy Udd.

Other announcements include Youth Choir from 7 to 8 p. m. on Thursday night; Monday the Cherub Choir meets from 3:15 to 4:15 and the Adult Choir at 8 p. m. On Tuesday, it is the Rhythmic Choir at 3:30 and the Sanctuary Bell Ringers at 7:30.

The sermon for next Sunday, October 25 will be "May poles, Flag Poles, and Crosses".

Hospital Guild

Forks Hospital Guild met Friday, October 16th at the home of Mrs. Paul Lingvall.

A temporary storage spot has been found for the hospital bed that the Guild loans to anyone in need of one. There is also one hospital bed still available for sale, call, 374-6882, for information.

A committee was appointed to investigate establishing a community phone service for the elderly or shut-ins. Daily phone calls at a designated time would be made to those who request the service, and a check would be made of the home if the phone was unanswered.

Anyone who might be interested in assisting in the calling, filing, etc., can contact Mrs. Lingvall, chairman.

Fruit cakes are again on sale this year from any Guild member or at the hospital. Three-pound cakes sell for \$3.50.

GARDEN CLUB

On October 15th, the Bogachiel Garden Club meeting was held at the home of Mrs. Lawrence Goodman, with Mrs. Dudley Maxfield and Mrs. John Boggs as assisting hostesses.

Following the business meeting, members and guests competed in a contest of identifying bulbs. Mrs. Fred Wahlgen was the winner.

Members brought miniature arrangements, some of them only three inches high. Every household has a multitude of articles that can be used for containers for midget arrangements.

The program for this meeting was presented by Mrs. Richard Kallman and Mrs. Floyd Thornton. Mrs. Thornton demonstrated and explained the many methods to improve soil and how to build up compost to be used for fertilizing. Due to the fact that one homesteader can have a variety of soil, it is recommended that soil testing kits be used. The County Agent or U. S. Department of Agriculture, Agricultural Stabilization and Conservation Service, 206 So. Lincoln, Port Angeles, will gladly assist with any soil problems or information on correction.

Mrs. Kallman demonstrated how to plant bulbs in pots, also depths of soil in which bulbs are planted. Contrary to the belief of many gardeners, bulbs do not need a rich soil. With our abundance of peat moss, at times we would be inclined to include it with our bulb mixture of soil, sand and may-be vermiculite, but it is wise to not use it, due to the fact that it has a tendency to crust.

For beginners, the Forks Library has several books on bulbs and their care.

The November 19 meeting of the Garden Club will be held at the home of Mrs. Warren Paul.

NOTE*****

The Bogachiel Garden Club was asked by the hospital last week to please move the shrubs in front of the building. The addition to the hospital will be under construction soon. This weekend Mrs. Richard Wahlgen took charge of the project. With the help of Vester Sexton and his wrecker and Frank Lyda and the backhoe the shrubs were moved. The club would like to say a special "thank you" to Mr. Sexton and Mr. Lyda.

BOOSTER NITE HELD

Forks Prairie Grange held their annual Booster Night, Thursday evening, October 22, in the Sportsmen's Club-house. A very short meeting was held, after which a program by the Lecturer, Edith Woody, was presented.

Each one present was asked to tell what were their first impressions of Washington. Sybil Merritt read a short poem "I'm a Granger", Olive King read two poems, "It's Autumn" and "Autumn Leaves". Betty Munson played a selection on the piano, and a skit, "The Tired Family" was enacted by Bob Tuttle, Anita Tuttle, Esther Floe, Patti Tuttle and Edith Woody.

Montana Wilson was presented a 25-year membership pin and certificate for 25 years continuous Grange membership, and Earl Livingston, State Grange Deputy and Clallam County Pomona Master, was called to the Master's chair and was given 25-year pins and certificates to take to Mr. and Mrs. Ted Wittenborn in Port Angeles.

Mr. Livingston then presented a blue ribbon to Mrs. Woody as outstanding lecturer for the past four years.

Several guests were present, among them State Grange Deputy and Pomona Master Earl Livingston and Mrs. Livingston of Sequim, and Elena Buonpane, wife of Grange Master Frank Buonpane, and her children Giancarlo and Rita Maria. All the guests were called on for a few remarks.

At the close of the meeting a bountiful potluck supper was enjoyed by all.

Bunces celebrate anniversary

The Vernon Bunces celebrated their 50th anniversary Sunday, the celebration was held at the VFW Hall, approximately 60 people attended. The Bunces moved to Washington from Minnesota. They have 3 children, 17 grandchildren, and 19 great-grandchildren. Their children all live in Wisconsin and were unable to attend. The Bunces have lived in Forks for about 5 years.

ACHIEVEMENT DINNER OCT.28th

The annual 4-H Achievement Day dinner for all Forks 4-H members will be held October 28th at 6:30 p. m. in the Fellowship Hall of the Congregational Church.

The VFW Auxiliary and the NiWaanans will be the host.

A program will be held at 7:30. All parents and friends of 4-H are invited to attend.

Service News

Airman First Class Leland D. Shawver, son of Mr. and Mrs. Marvin J. Shawver of Rt. 5, Port Angeles, has been recognized for helping his unit earn the title as the top aerial port facility in the U.S. Air Force.

Airman Shawver is an air freight specialist with the 60th Aerial Port Squadron at Travis AFB, California.

Airman Shawver's mother is the granddaughter of Mrs. Martin Engeseth of Beaver.

THE LIBRARY CORNER

The fall season at the Forks Memorial Library is now in full swing, or at least as swinging as one can be at the library. Mrs. John Miller and Mrs. Lou Marsh are always on hand to help you find that very special book or if they don't have the book you want they will order it from the County Library in Port Angeles. With the rainy season beginning its time to renew your acquaintance with books of all types. If you should visit the library in the next few days you are in for a very special treat. Mrs. C.H. "Missy" Barlow has a fabulous collection of her paintings on display. The one in the picture is "Mushrooms" which belongs to Mrs. Warren Paul. One would expect to see a wee elf hop out to greet you from his home "under the mushroom".

Mrs. Barlow's collection of glass bottles, dug from Old China Town in Cumberland, B. C., are also on display. The bottles are from 50 to 100 years old, a novelty are the small heavy glass bottles on the right, these are opium bottles, the horn, on the second shelf is from a mountain goat. There are also three heavy bowl type bottles. The paintings on display include a still life, a tea pot scene and two smaller paintings, one of a soft furry yellow kitten and one of some fuzzy yellow ducks. Mrs. Barlow's painting of her grandfather, "The Iron Man of the Hoh" is also on display.

MUSHROOMS by Mrs. C.H. Barlow

New books at the library include three new ones donated by the Bogachiel Garden Club, they are ROCK GARDENING by Laura Foster, PATIOS, TERRACES, DECKS AND ROOF

GARDENS, by Alice Upham Smith and THE CARE AND FEEDING OF TREES, by Richard Murphy and William Meyer.

BAYWOOD VILLAGE OPENS

A mobile home park offering large wooded lots, landscaped boulevards, and a recreation area has recently opened near Sequim on the Olympic Peninsula.

Baywood Village Mobile Home Park was built as the result of one retired couple's search for a beautiful setting for their new mobile home. They did not want to buy land, and found, to their dismay, that there were few parks offering more than what they described as a "sardine environment".

Convinced that others would also like to live in an uncrowded, beautiful mobile home park, Mr. and Mrs. Charles von Hild sought support for their idea. The result was Baywood Village.

The thing that sets Baywood Village apart is that the emphasis throughout the planning and construction of the park has been on the preservation and utilization of a naturally beautiful forest setting. Concrete examples of this emphasis on beauty abound:

--As much as possible of the original forest has been saved,
--Large lots, averaging 55 by 94 feet, are situated around two U-shaped cul-de-sacs.

--Twenty-foot wide landscaped boulevards separate the one-way streets and also provide common green space for all residents.

--Underground utilities eliminate the need for utility poles and the accompanying maze of wires.
--The grassy area half the size of a football field has been set aside for adult and child recreation.

Although a lot of thought has been given to making the park attractive and spacious, practical aspects have also been

considered.
--The location provides proximity to town and to water recreation, yet it is away from traffic noise and congestion. Annual average rainfall is approximately 17 inches in this area.
--A private cable TV system provides every resident with excellent radio and TV reception.

--A grocery order and delivery service is available. Baywood Village will eventually have 50 lots. Present capacity is 30. The lots are either for rent or for sale. The monthly rental price includes cable TV, water, and trash collection.

Mr. and Mrs. Charles von Hild of Sequim are the resident managers.

Planning a hunting trip? Put fire safety on your list of things not to forget. Many hunting spots are extremely dry this fall. Don't let your campfire, match, or exhaust pipe be the cause of that deadly spark. Help Keep Washington Green. At the same time, you'll be protecting the environment--and hunting areas for the future.

SPACE and AERONAUTICS

STACKED KNOWLEDGE

WASHINGTON — Thumbing through some of the technical papers that have come out of the space program, we learned — but should not have been surprised — what a staggering amount of information has been disseminated through America's space and aeronautics research programs.

In its dozen years of existence NASA has accumulated tons of data as a direct result of its worldwide research and development activities—and all of it available to interested parties.

NASA's scientific and technical information system now contains nearly one million documents which are abstracted, indexed and obtainable through modern retrieval and information services.

Just last year, more than 1.6 million copies of publications were distributed. In addition, more than three million microfiche copies (microfilm each carrying images of 60 pages) were sent out. The year 1970 promises to yield more.

This is a remarkable insight into the progress of space and aeronautics.

GLEANERS MEET

The Forks Prairie Gleaners met at the home of their president, Ethel Whitehead, on Monday, October 12, and worked on plans for the annual bazaar and bake sale, to be held December 12, at a place as yet undecided.

Sue SHEARER alternate

Susan Shearer of Forks was chosen an alternate for a trip to the Chicago 4-H Congress, for her entomology display at the Washington State Fair.

increase in the available knowledge on space and aeronautics in the half century since the late Dr. Robert H. Goddard began his work with rockets. As prophetic and visionary as he was, he could not have foreseen the tons of literature that one day would be stacked on his own carefully kept notebooks.

While knowledge in most scientific fields has multiplied many times in the last half century and particularly in the last 25 years, perhaps no other field has advanced

its "state-of-the-art" indexing as progressively and rapidly as space and aeronautics. This mass of data makes us wonder, 50 years later, what Dr. Goddard would think about all this progress. Perhaps he wouldn't be too surprised. The magazine, Scientific American, quoting from an account "Fifty Years Ago" writes the following:

"Popular interest in Dr. Goddard's rockets for reaching high altitudes was excited by the claim that this projectile could actually be

made to travel to the Moon and there flash a signal that would show that it completed the journey.

"There is something romantic in the thought of crossing the intervening hundreds of thousands of miles to the faithful satellite that is our closest companion in the infinite reach of space. To be sure, there would be

little, if any, astronomical value in such an accomplishment. It would serve merely as a demonstration of the power of man to overcome seemingly insurmountable handicaps."

Dr. Goddard, after whom NASA's Goddard Space Flight Center in Greenbelt,

Md., is named, did not live to see this prophecy fulfilled, but his wife, who worked by his side, and faithfully recorded thorough accounts of her husband's work, was present when Apollo 11 was launched on its historic journey to man's first lunar landing.

(School, cont from page 1) aides to help build relationships with home and school. He also attended a meeting at Toppenish, a arts and crafts center for each of the Washington tribes. The committee for "good education with realistic taxation", represented by Mr. and Mrs. Thomas, Mrs. Baker and Mrs. Stange recommended that the present advisory board be reorganized. They would like to appoint six members on this committee and like the school board to appoint six members. They also stipulated that the members be property owners. The Board agreed and the revisions recommended will be sent to the advisory board. The advisory board meets October 29th, 7:30 p.m., at Clallam Bay.

After considerable discussion, David Parker suggested that the Cape Flattery School herd in the letter of intent and apply for an Urban Rural School De-

velopment Program. The Board seconded Parker's motion and agreed to do so.

George Munto presented the school board his letter of resignation. Munro has been on the Board for about 10 years. The other Board members reluctantly accepted his resignation and commended him on his many years of dedicated service to the schools of the Cape Flattery District.

The next meeting of the Board will be November 9th at 7:30 p.m. at the Neah Bay Library.

Jackie Sands at Hungry Turtle

Jackie Sands, formerly of Forks, sister of Mrs. Willard Perry and Mrs. Jack James, is now appearing at the Hungry Turtle, from 5 p.m. to 9 p.m. The club is located on East Lake Avenue at the foot of Roanoke Street in Seattle.

ART STANLEY WINS ART ACCEPTANCE

Art Stanley of Forks has won acceptance in the Northwest Annual art exhibit to be held at the Seattle Art Museum Pavilion from November 10th through December 17th. Approximately 2,000 paintings and sculptures are entered for this event each year from Alaska, British Columbia, Montana, Idaho, Oregon, and Washington. Only about 175 entries are accepted. Due to the influence of modern art during the past thirty years, the acceptance of Mr. Stanley's realistic painting for such an exhibit is considered an extra achievement. Jurors came from New York City, Vancouver, B. C., as well as from Seattle. Mr. Stanley's painting is entitled "Return to Paradise" and was on display at the Forks State Bank from mid-August through September of this year. He has exhibited previously at the Northwest Annual.

OFFICIAL NOTICE: TWO PROPOSED CONSTITUTIONAL AMENDMENTS TO BE SUBMITTED TO THE VOTERS FOR APPROVAL OR REJECTION AT THE STATE GENERAL ELECTION TO BE HELD ON NOVEMBER 3, 1970.

HOUSE JOINT RESOLUTION 6 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General. ESTABLISHING VOTING AGE AT 19

Shall Article VI, Section 1 of the state Constitution be amended to reduce from 21 years to 19 years the age at which an otherwise qualified person shall be entitled to vote and to remove currently inoperative language pertaining to the voting qualifications of certain citizens?

Vote cast by members of the 1970 Legislature on final passage: HOUSE (99 members) Yes, 72; No, 24; Absent or not voting, 3. SENATE (49 members) Yes, 41; No, 8; Absent or not voting, 0.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the present state constitution, with one exception, any person who is twenty-one years old or older and is otherwise qualified, is entitled to vote at all elections. That single exception prohibits non-taxing Indians from voting. The provision in the 1968 constitution regarding non-taxing Indians is now totally inoperative. Indians have paid both state and federal taxes of some type for many years and have long been citizens under federal law.

Effect of House Joint Resolution No. 6 if approved into Law:

The proposed amendment would permit any person who is nineteen years old or older and is otherwise qualified, to vote in all elections. It would also eliminate the obsolete provision regarding non-taxing Indians.

HOUSE JOINT RESOLUTION 42 Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General. REVISING REVENUE LIMITATIONS

Shall the state constitution be amended to reduce the maximum allowable rate of taxation against property to 1 percent of true and fair value in the absence of authorized excess levies, and to permit the legislature to tax income at a single rate without regard to this limitation or, after 1975, at a graduated rate if the voters in that year or thereafter approve the removal of the single rate limitation?

Vote cast by members of the 1969 Legislature on final passage: SENATE (49 members) Yes, 34; No, 15; Absent or not voting, 0. HOUSE (99 members) Yes, 26; No, 19; Absent or not voting, 0.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The state constitution currently provides that regular real and personal property taxes shall not exceed 40 mills on the dollar of assessed valuation and that assessed valuation shall be 50% of the actual value of the property. This means that the property tax, excluding excess levies approved by the voters, cannot exceed 2% of the actual value of the property taxed. For example, a piece of property valued at \$10,000 may not presently be taxed more than \$200 a year, excluding voter approved excess levies.

In addition, the state constitution as currently interpreted prohibits the imposition of a state net income tax.

Effect of House Joint Resolution No. 42 if approved into Law:

This proposed constitutional amendment would fix the maximum rate of taxation upon real and personal property at 1% of its actual value, exclusive of excess levies approved by the voters.

Effect of House Joint Resolution No. 42 if approved into Law: (Continued)

of excess levies approved by the voters. Thus, under this amendment the maximum tax which could be imposed each year upon a piece of property valued at \$10,000 would be \$100, exclusive of voter approved excess levies, rather than \$200 under the constitution as it now exists.

The proposed amendment would also authorize the imposition of a state income tax at a single rate upon all individual taxpayers and at a single rate upon all corporations. The two rates could differ. Certain credits, exclusions and exceptions could be allowed in determining the amount of income subject to tax.

In November of 1975, an election would be held on the question of whether to remove the single rate restriction from the constitution so as, thereafter, to allow graduated rates for the net income tax. In any year after 1975, a similar proposition to remove the single rate restriction could be placed on the ballot by an affirmative vote of 60% of the members of both houses of the legislature.

Approval of this proposed constitutional amendment, in addition to reducing the maximum rate of property taxation, will validate the provisions of chapter 262, Laws of 1969, Ex. Sess. Among the major provisions of this act (which, if validated, will remain in effect until altered by law) are:

- (1) A 3.5% tax on the adjusted gross income of individuals, minus exemptions of \$1,000 per person;
(2) A 3.5% tax on the taxable income of corporations, estates and trusts;
(3) A credit against the income tax of \$15.00 per person for state sales tax paid on food;
(4) An exemption of prescription drugs from the state and local sales tax;
(5) A reduction of the state sales tax from 4.5% to 3.5%;
(6) A general reduction of the business and occupation tax by 50% or more.

REFERENDUM 22 BILL NUMBER Chapter 66, Laws of 1970

Legal Publication from the office of A. LUDLOW KRAMER, Secretary of State To be voted upon November 3, 1970

REFERENDUM 22 BILL NUMBER Chapter 66, Laws of 1970

Ballot Title as issued by the Attorney General. STATE BUILDINGS—BONDS—SALES; INTEREST

AN ACT amending a law approved by the voters in 1968 which authorized the sale of \$63,059,000 in bonds to finance various building projects for institutions, general administration and certain higher education facilities; deleting a requirement in the original act that these bonds be sold prior to January 1, 1972; removing the 6% maximum interest rate payable on said bonds and substituting therefor a provision that the state finance committee shall fix the maximum interest rate.

The Law as it now exists:

The people at the 1968 general election approved Referendum Bill No. 19. This law authorized the sale of general obligation bonds prior to January 1, 1972, in an amount up to \$63,059,000 to finance various building projects for the department of general administration, the department of institutions, and certain state institutions of higher education. The proposition was submitted to the people because under our constitution, with certain exceptions not here involved, a law authorizing the state to contract debts through the issuance of general obligation bonds cannot take effect until after it has been approved by the people.

The law, having received a favorable vote, is now effective and the state finance committee has authorized thereunder to proceed with the sale of the bonds. However, the law expressly limits the maximum interest rate which may be paid on the bonds to six percent (6%) per annum.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The people at the 1968 general election approved Referendum Bill No. 19. The law, having received a favorable vote, is now effective and the state finance committee has authorized thereunder to proceed with the sale of the bonds. However, the law expressly limits the maximum interest rate which may be paid on the bonds to six percent (6%) per annum.

Effect of Referendum Bill No. 22 if approved into Law:

By chapter 66, Laws of 1970, the legislature has provided that unless all the bonds authorized by Referendum Bill No. 19 are sold on or before September 2, 1970, then three sections of the 1970 law, now designated as Referendum Bill No. 22, are to be submitted to the people seeking approval of the following changes in the original law: (1) Deleting the requirement that bonds be sold prior to January 1, 1972; and (2) removing the provision fixing the maximum rate of interest at six percent and substituting therefor a provision that the state finance committee shall fix the maximum interest rate. If approved, the effect of this referendum bill will simply be to provide for these changes.

REFERENDUM 23 BILL NUMBER Chapter 67, Laws of 1970

Ballot Title as issued by the Attorney General. POLLUTION CONTROL BONDS—SALES; INTEREST

AN ACT amending the law approved by the voters in 1968 which authorized the sale of \$25,000,000 in bonds for aid in the construction and improvement of water pollution control facilities; deleting the requirement in the original act that these bonds be sold prior to January 1, 1971; removing the 6% maximum interest rate payable on said bonds and substituting therefor a provision that the state finance committee shall fix the maximum interest rate.

Vote cast by members of the 1970 Legislature on final passage: SENATE (49 members) Yes, 46; No, 1; Absent or not voting, 3. HOUSE (99 members) Yes, 90; No, 3; Absent or not voting, 6.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The people at the 1968 general election approved Referendum Bill No. 17. This law authorized the sale of general obligation bonds prior to January 1, 1971, in an amount up to \$25 million dollars to finance grants by the Pollution Control Commission to public bodies, in conjunction with federal grants authorized pursuant to the federal water pollution control act, for the purpose of aiding in the construction of water pollution control facilities. The proposition was submitted to the voters because under our constitution, with certain exceptions not here involved, a law authorizing the state to contract debts through the issuance of general obligation bonds cannot take effect until after it has been approved by the people.

The law, having received a favorable vote, is now effective and the state finance committee is

REFERENDUM 21 BILL NUMBER Chapter 40, Laws of 1970

Ballot Title as issued by the Attorney General. OUTDOOR RECREATION BONDS—SALES; INTEREST

AN ACT amending a law approved by the voters in 1968 which authorized the sale of \$40,000,000 in bonds for the acquisition and development of outdoor recreation areas and facilities; deleting a requirement in the original act that these bonds be sold prior to January 1, 1975; removing the 6% maximum interest rate payable on said bonds and substituting therefor a provision that the state finance committee shall fix the maximum interest rate.

Vote cast by members of the 1970 Legislature on final passage: SENATE (49 members) Yes, 31; No, 15; Absent or not voting, 3. HOUSE (99 members) Yes, 90; No, 3; Absent or not voting, 6.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The people at the 1968 general election approved Referendum Bill No. 18. This law authorized the sale of general obligation bonds prior to January 1, 1975, in an amount up to \$40 million, for the acquisition and development of outdoor recreation areas and facilities in this state. The proposition was submitted to the people because under our constitution, with certain exceptions not here involved, a law authorizing the state to contract debts through the issuance of general obligation bonds cannot take effect until after it has been approved by the people.

The law, having received a favorable vote, is now effective and the state finance committee has authorized thereunder to proceed with the sale of the bonds. However, the law expressly limits the maximum interest rate which may be paid on the bonds to six percent (6%) per annum.

Effect of Referendum Bill No. 21 if approved into Law:

By chapter 40, Laws of 1970, the legislature has provided that unless all the bonds authorized by Referendum Bill No. 18 are sold on or before September 2, 1970, then two sections of a 1970 law, now designated as Referendum Bill No. 21, are to be submitted to the people seeking approval of the following changes in the original law: (1) Deleting the requirement that bonds be sold prior to January 1, 1975; and (2) removing the provision fixing the maximum rate of interest at six percent and substituting therefor a provision that the state finance committee shall fix the maximum interest rate. If approved, the effect of this referendum bill will simply be to provide for these changes.

LEGAL NOTICE

ORDINANCE NO. 121

AN ORDINANCE confirming the estimates of expenditures for the Town of Forks for the year 1971 and affixing the tax levies for said year as heretofore made and levied by the Town Council of the Town of Forks, meeting and sitting for such purpose.

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF FORKS as follows:

Section 1. That the estimate of expenditures for the levy of taxes made by the Town Council of the Town of Forks 1970, be and the same is hereby, confirmed, and there is hereby fixed and levied for said Town for the year 1971 on all property, both real and personal, upon each and every dollar of assessed value of such property as shown by the records of assessments in the office of the County Assessor, Clallam County, Washington, millage as follows, to-wit: On assessed valuation of \$3,294,732.00, 7 mills

Section 2. That all of said taxes are necessary levies needed to raise sufficient funds to maintain said Town, for the year 1971, commencing January 1, 1971, and ending December 31, 1971, and said taxes are hereby levied in said Town in accord with its needs, requirements and liabilities as shown upon the assessment rolls of Clallam County as finally fixed and equalized by the Board of Equalization of said County and extended upon the assessment rolls of said County showing property within the Town of Forks subject to taxation for municipal purposes.

Section 3. That this ordinance shall be in full force and effect immediately upon its passage, approval and publication in the manner provided by law.

PASSED by the Town Council of the Town of Forks and approved by its Mayor at a regular meeting of the Council on the 5th day of October, 1970.

Earl L. Kennedy MAYOR

Attest: Herbert Beebe Town Clerk Approved as to form: Frank Platt Town Attorney Publish Thursday, October 22, 1970, in the Forks Forum, Forks, Washington.
