NUMBER 14

MORNING IN THE FOREST-Night has ceased now as the morning sun gives a touch of light to the dense of the forest. Two squirrels rise with the sun, their chattering breaks the sound of silence. Raccoon passed here during the darkness of the night as did several other creatures of the woods. Ferns nourish on the molded soil dotting the forest floor with patches of green. At this time the air is crisp and will remain this way till the sun is high and the heat penetrates the timber. But as for now we will accept it as it is and enjoy our morning in the forest.

## Mrs. Fletcher receives medal

Mrs. Lena Fletcher, a pioneer of this area was presented a Bronze Medal for her contributions to the weather department over the years. The Bronze Medal commemorates the weather service's 100th year. The medal was presented to Mrs. Fletcher by Donald Carte.

## Munson to head local G.O.P.

The Clallam County Republican Central Committee held its organizational meeting on Saturday, December 5. Its major business at hand was the election of the new officers of the Central Committee which is made up of all newly elected precinct committeemen and women.

The slate submitted by the Nominating Committee was elected unanimously without further nominations from the floor. The newly elected Republican officers are: Arthur Munson, Chairman; Mrs. W. W. "Mimi" Washburn, vice-chairman; Bert Hendricks, State Committeeman; and Mrs. Shirley Martin, State Committeewoman.

The individual commissioner district caucuses elected each one precinct committeeman to the executive board of the Republican Central Committee. Bill McCrorie, District 1 (East-End); Don Judd, IDistrict 2 (Port Angeles); and Fred Royce, District 3 (West-End). Three additional board members will be appointed by the new chairman. Outgoing officers Bert Hendricks, chairman, Elisabeth Johnson, vice-chairman, Werner Wuaat, State Committeeman and Mary Helen Gallagher, State Committeewoman were thanked for their work in behalf of the Republican Party of Clallam County. Arthur Munson, the new GOP county chairman announced that he will make public further appointments of officers and precinct committeemen in open precincts at the next Central Committee meeting in January of 1971.

## Weather causes accident

Winter weather and icy road conditions have been the main factor in several damaging, yet non-injury accidents over the last few days.

Mrs. Louis Klahn of Route 2, Forks, drove her 1969 Rambler off the left-hand side of the LaPush road, just south of the Quillayute Prairie road. Mrs. Klahn was not injured. Her vehicle received approximately \$450 damage.

Wednesday morning at approximately 8:55 a.m. the Washington State Patrol received a report of a one-car accident on Highway 101 south. The driver, Danny R. Hull, 25, of Forks and his passenger, Tina Hull, 5, were northbound on 101, Hull lost control of his vehicle on a curve, and went over the embankment on the left side of the road. The vehicle continued down the bank, rolled over and came to rest on its top. Danny received a bump on the head, Tina was treated for a minor cut on the hand. The vehicle was totaled.

Friday, December 4th, approximately 4 miles north of Sappho on Highway 101, Von E. Reifensahl, 24, of Port Angeles, driving a 1967 Volkswagen, skidded off the roadway on the right shoulder and rolled over coming to rest on its top in the ditch. There were no injuries. The vehicle received \$1200 damage.

## Cabin Burglarized

Joseph O. Fashno of Seattle reported his summer cabin on Highway 112, west of Clallam Bay was burglarized sometime within the last three weeks.

Entry was gained by forcing the back door open.

Items valued at \$575.00, including a Zenith color TV were taken.

The case is still under investigation by the Clallam County Sheriff's Department.

bell, Georgia Fraker and Peggy Perry will work on this committee.

The council heard a request from the Search and Rescue to be included in the council's budget for 1971.

The balance of the funds remaining from the tennis courts will be given to the Park Board.

The council heard a request from one in attendance about the possibility of having a drag strip for the teenagers somewhere near Forks.

A report of 4-H activities in Forks was given by Mrs. Henry Halverson and Sue Shearer. They are in need of more volunteer leaders, so if you would be willing to help with the 4-H activities please notify Mrs. Henry Halverson.

A report of this year's UGN activities show that 75% of the goal of \$4500 has been reached.

## IMPORTANT MEETING TONITE!

Parents and other persons interested in mental retardation in our community are invited to attend a meeting tonight (Thursday) 7:30 p.m. at the Annex building at the Elementary School.

A film on the Olympic Center for mental retardation will be shown.

## Tennis Courts to be finished

Forks Community Council met November 24th, at the Congregational Church. Twelve organizations were represented.

The tennis courts at the park will be finished, the Lions Club are in charge of the completion.

The council treasurer reported that the council had received \$1275 from UGN for 1970.

The new by-laws and constitution were passed. Copies will be mailed to all participating organizations.

The Disaster Committee guidelines will be revised,

Hello there, you kids in Forks, I will be visiting your town, Saturday, December 12th at 12:45 p.m. I will fly in from the North Pole and will be met at the airport by those nice Forks Volunteer firemen in a big red fire truck. We will then go to Forks Department and Variety store and I will visit you boys and girls from 1 to 5:00 p.m.

The Christmas season is upon us, a sure sign that this is true are the houses you see decorated with bright colored lights. The family is taking their yearly jaunt into the woods to cut the Christmas tree. The children keeping hoping for a snow fall while Dad keeps hoping it won't come. All this makes one wonder, why, here in the heart of tall timber country, there isn't a decorated Christmas tree in the Tri angle or in the park.

LETTERS TO THE EDITOR

I was quite surprised to read the article in the FORKS FORUM, that stated that due to the conduct of the teenagers, they were contemplating opening the Olympic Theater to adults only. I would like to express that many people feel that one bad show of conduct deserves another. I would like to ask if the business of the teenagers was wanted from the beginning? I am not saying the vandalizing of the theater was just, or right. In fact I feel that it was a childish show of resentment. But the mere fact that there was resentments by some teenagers should make a person think. Have they ever made the teenagers feel welcome? After their money is deposited safely at the pay-box, are they greeted with a welcoming smile, and a true wish of their enjoyment while at the theater? Though I have never thrown eggs, or slashed the seats, whenever I enter the theater, I feel as though I am resented, as a teenager, for being there. The teenagers of Forks help to support the theater, as much if not more, than the adults. Maybe if we were treated like ladies and gentlemen, our conduct would be the same.

Editor,

I want to express my opinion to the column that was in the Forks Forum last week about cedar poachers. In my opinion, if the law enforcement officials would talk to the Department of Natural Resources and the U.S. Forest Service and get them to stop sitting around drinking coffee long enough to go out and scale the shake-makers some wood, they wouldn't have to poach wood.

The scale is so high that the shake bolt maker can't make any profit. I think that would stop a lot of cedar poaching, but the way they have been scaling, the bolt cutter can't afford to buy at the scale that they have been getting. It is better for the State Department of Natural Resources and the U.S. Forest Service to scale the bolt cutters some wood at a decent price than have them to try and live on welfare.

The State of Washington has enough cedar for all of the bolt cutters to work on, and get it honest. The shake bolt cutter has begged to get cedar scaled, but they refuse. And the sales that they have put up are scaled so high that they can't make any money on them.

Tax management needed

A spokesman for one of the largest timber companies in the country, when asked about the biggest problem currently faced by his company, answered "taxes". The lumberman's comment draws attention to the inherent conflict between over-cutting or taxing bodies and an industry that must work with a "renewable" natural resource that is only renewable so long as timber harvesting methods include the thinning processes of nature.

In the state of Washington, where timber harvesting is a major industry, as it is in many states, long-term, perpetual-yield forestry plans are in jeopardy from the rising burden of taxes on growing trees. A publication of the Weyerhaeuser Company states, "To say that this trend is building to a true crisis is not an overstatement.

The trend encourages the cutting of trees--the liquidation of forests for a one-time harvest--instead of encouraging the conservation methods of tree farming, which maintain forests for a continuous yield of fiber for our nation as well as taxed for governments, jobs for people, and stability for communities. Forest products companies, are not seeking to get lower taxes or to find loopholes through which they can avoid paying taxes. Instead, they are seeking a system which will stop the trend of tremendous increases which would make tree farming uneconomical, a system which would stabilize the tax structure to permit long-range planning."

It takes many decades to grow a tree of the kind that produces the lumber and other wood products that are so essential to the American economy and the jobs and well-being of a substantial portion of the population in timber growing regions. Timber companies have adopted long-range programs of thinning and harvesting trees that will ensure perpetuation of the nation's forests. Such progress must not be halted by failure to manage the levying of taxes with the same wisdom that is required of present-day forest management.

The time to share

A. E. Fletcher, chairman, reminds us that gift-giving and gift-receiving draws near. Many parents, in fact most parents, bow beneath an ever-increasing load of anxiety, as to how to obtain the little extras, which young American has come to expect, indeed, has a right to receive in such a land as ours. "BUT HOW ABOUT THE UNDER-PRIVILEGED?"

Fletcher, of the local Salvation Army committee announces that they are prepared to care for the needs of those, in this area, who are without food, shelter, and or, clothing during this Christmas Season. Also, "Sunshine Gifts" are distributed within rest homes, hospitals, and institutions which is all a part of The Salvation Army Christmas Program. Many meals to homeless and handicapped men will be a part of the committees concern. Prisoners and the lonely are never forgotten. The Army's effective way of sharing blessings with others, is by providing a remittance envelope, so that community members can send in their Christmas gift, which is necessary, and required, to carry on such an extended program. This letter will soon be coming to your home. With many, Christmas giving in this manner has become a tradition, an intricate part, of the Season's activity.

PHONE RATES UP

Peninsula Telephone and Telegraph Company, Forks, Washington, has announced that a new schedule of rates for interstate calls has been filed by the American Telephone and Telegraph Company. The new rates, if approved by the Federal Communications Commission, will increase charges for customer-dialed interstate calls during weekday business hours and for all operator-assisted interstate calls. The new rate schedule does

not affect rates for calls you dial yourself without operator assistance in the evenings, at night, on weekends, or on holidays.

According to AT&T, this will be the first general increase in interstate Long Distance rates in 17 years. During that period, in spite of continuing inflation, interstate Long Distance rates have been reduced repeatedly. Even with the increase, the level of these rates will still be about 14% below the 1953 level. Yet in those 17 intervening years, the cost of living has gone up 47%.

The new rates are filed to become effective on January 19, 1971.

PAGEANT TO BE HELD

The first annual presentation of the "Pilgrimage to Bethlehem" will be held December 13, Sunday, 7:00 p. m., at the First Congregational Church.

Congregational Church news

The Christmas Pageant presentation will be this coming Sunday, December 13, at 7:00 p.m. in the sanctuary. This will be a very special program and everyone in the community is invited to attend.

On Saturday, December 19, at 7:30 p.m. all adults and young people of high school age are invited to go caroling and meet at the parsonage, following. There will be a Christmas Choirs Concert at the church on Sunday evening, December 20 with all the choir participating. Christmas Eve candlelight service will be held at 11 p.m., December 24th.

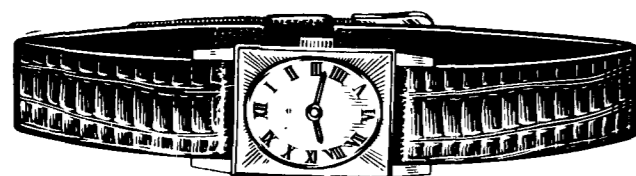

A thank you is extended to Mrs. Elmer Fraker, Mrs. Bert Maris, and Mrs. Don Eckhoff and all their helpers for a very delicious and successful Sportsmen's dinner. Thank you also to Russ Thomas for an interesting program. Over \$160 was cleared toward the payments on the handbells. The sermon by Rev. Ringmuth next Sunday will be "The Cradle and the Cross".

## Meditation

By Max S. Klinkenborg

In the first two chapters of First Samuel we read of the birth of Samuel and how he entered into the household of Eli the priest. It is a remarkable account for several reasons. It seems that Hannah had prayed to God for a son and promised to give him unto the Lord. When Samuel was born, Hannah kept him until he was weaned and then took him to the priest Eli at the temple. She thanked God for her son and then loaned him to the Lord as long as he lived.

Hannah had faith that God would answer her prayer. She

knew that He was the source of life and if He willed it, it would come true. Hannah also made a promise to God, When God met his condition, Hannah was faithful and kept her part also. She took Samuel and gave him to the Lord.

I don't believe it's right for a mother today to determine her son will be a minister the moment he is born as some claim, but I would like to see mothers dedicate their children to God and then keep those promises. Certainly to take them to church at an early age is a step in the direction of raising children who will have reverence and love for God.

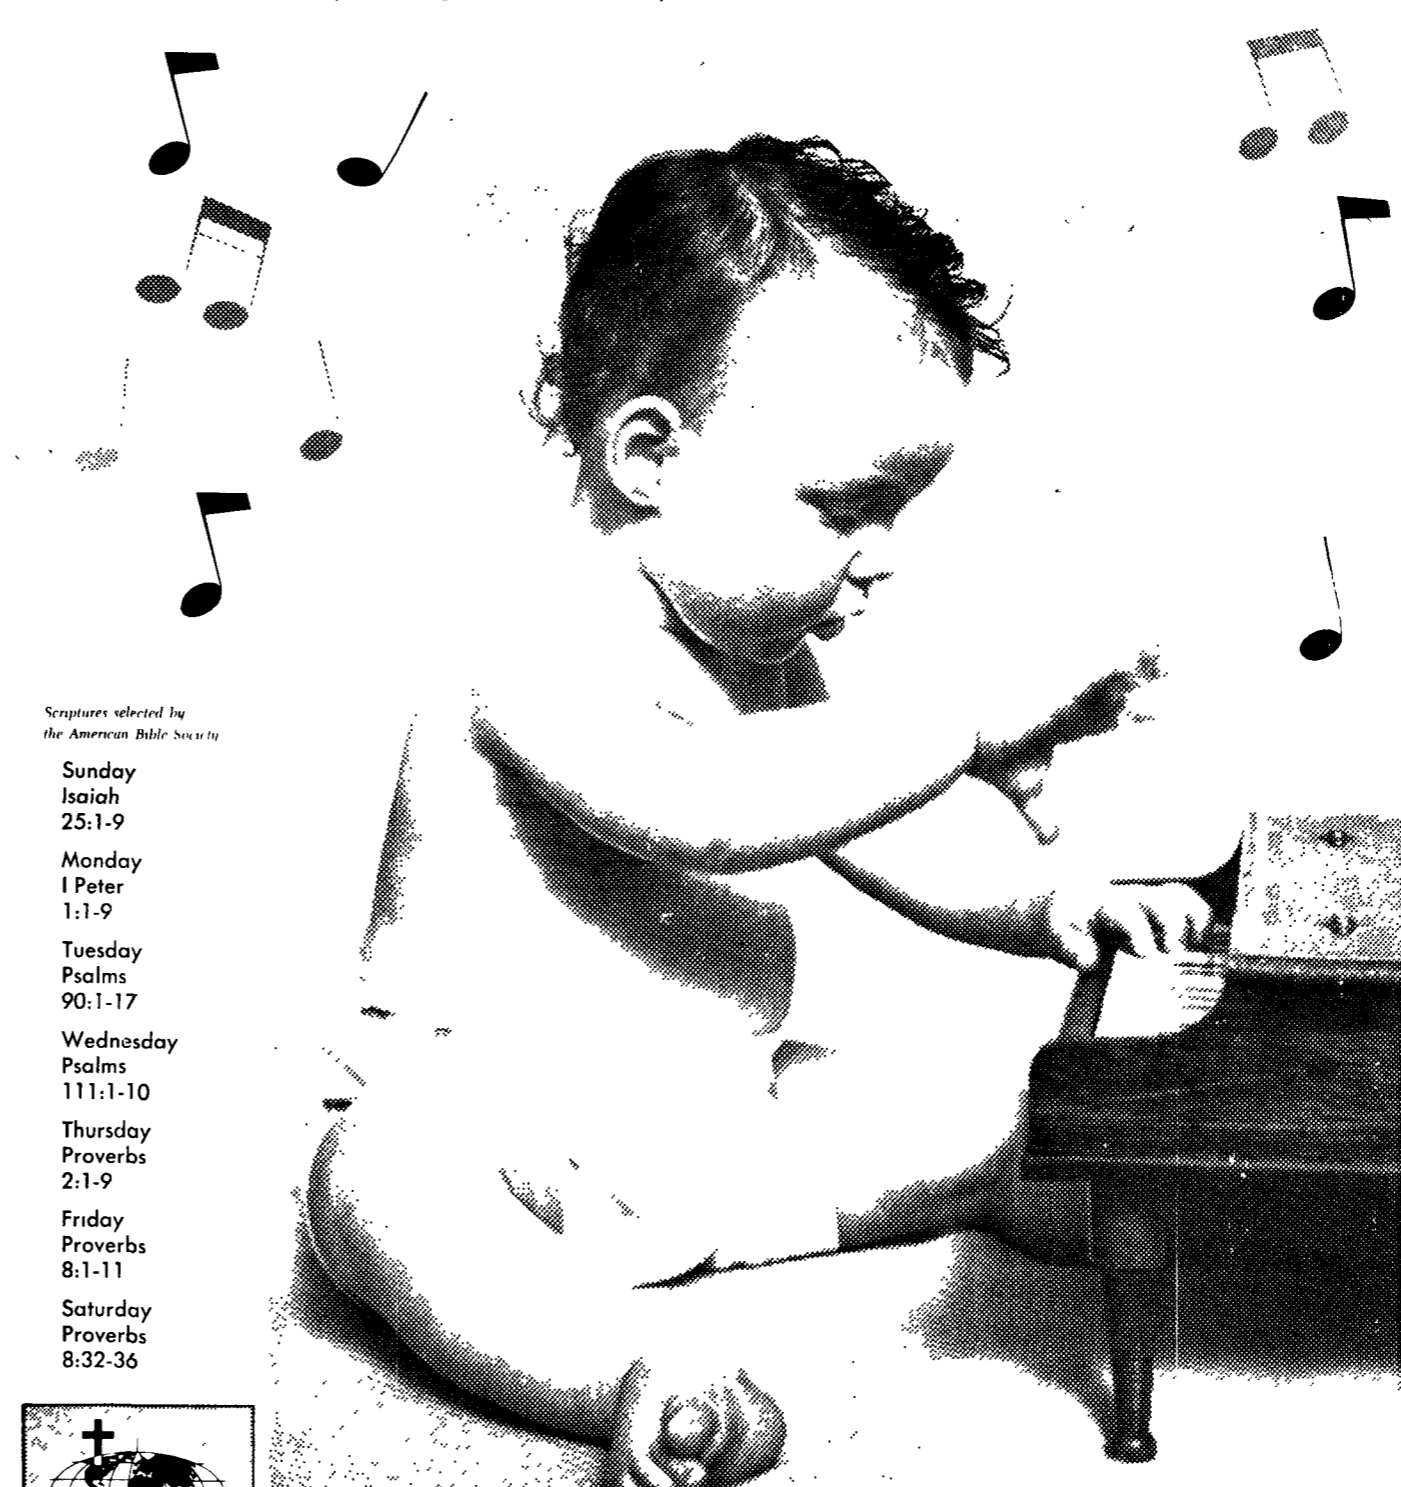

# VIRTUOSO

You wouldn't believe your ears if your baby were suddenly to play a Beethoven sonata.

But, of course, no one expects a baby to do more than "play at" a piano. It takes years of study and preparation and a "bushel" of talent to become an accomplished pianist. In fact, to become any kind of success in this life takes hard work and experience. If this boy is to make his mark in the world — whether as a pianist, engineer, doctor or lawyer

— he must be trained and guided.

The challenges that confront him in later years will not only be concerned with his occupation but will also involve his spiritual growth. In a world growing ever more complex, basic precepts of religion and faith will have to be cultivated. Through the Church give your child and yourself the opportunity to acquire faith for the future.

TYEE NEWS**

Mrs. J. E. Merritt

Correction: Mr. and Mrs. Ray McCoy and their son John were Thanksgiving dinner guests at the home of their son-in-law and daughter, Mr. and Mrs. Gene Clark, in Forks, instead of their son-in-law and daughter, Mr. and Mrs. John Simons, also of Forks, as reported in last week's Forum. Mr. and Mrs. Simons had Thanksgiving dinner at the home of his parents, Mr. John Simons, Sr., at Sappho.

Mr. and Mrs. Henry Werner and son Aaron returned to their home in Seattle, Monday afternoon after an overnight visit at the home of Mrs. Werner's parents, Mr. and Mrs. A. M. Nordman.

What with storms, bad road conditions and a general post-Thanksgiving let-down, also preparations for Christmas, people seem to stay at home and there is very little news available.

**Undi promoted**

Stanley I. Undi, Timber Staff Officer of the Mt. Hood National Forest has been promoted and transferred, announced Forest Supervisor, Wright T. Mallery.

Undi will be assigned to the Forest Service's Regional Office in Portland, Branch Chief Timber Sales in Timber Management. Undi has been in charge of the timber harvest and reforestation programs on the Mt. Hood Forest since 1961. Previous Forest Service assignments have been on the Willamette Forest at Oakridge, and the Olympic and Mt. Baker Forests in Washington.

Undi, a resident of the Forks area since he was 4 years old, attended Forks elementary and high school, and went on to Washington State for his forestry training.

His mother, Mrs. Johanna Undi, now lives in Portland. His father, the late Nels Undi, moved to the Forks area in 1923. The Undi place, since sold, is on the Bogachiel River, eight miles south of Forks.

Stan has a sister, Mrs. Iline Edwards, living in Renton, and two brothers, Norm and Rolland, both in Seattle.

**Holiday Style Show**

Mrs. Alice Simonton shows the lovely pant suit she wore in the show.

Mrs. Howard Stockman models the very pretty pant suit she wore in the show.

Alice Simonton of Alice's in Forks, held her annual Christmas Style Show, Friday, at the Vagabond.

The very latest in holiday fashions were shown, and although there weren't very many dresses the pantsuits were beautiful. Alice narrated the event. She wore a lovely white pantsuit, with a high beaded neckline, butterflies adorned the long sleeves. Mrs. Warren Paul wore several lovely pantsuits and two very nice daytime dresses, that do into evening with a simple change of accessories. Mrs. Ralph Warren wore ensembles suited to the petite figure, including a very pretty pantsuit in vivid Mexican red. Mrs. Dick Johnson wore a beautiful gown and robe ensemble in white and pale blue. Mrs. Walt Fuhrman wore a very smart daytime dress in wine red with a low slung white belt, and several very nice pantsuits. Mrs. Craig Fletcher wore a black cocktail dress with an empire waist and a low cut back. Laura looked lovely in a red pantsuit in a popcorn metallic weave fabric. Mrs. Brian Fitts wore several pantsuits, one

coat of brown. Mrs. Howard Stockman wore several pantsuits also, one a sporty outfit of forest green plaid and a solid color knit top. Mrs. Claude Clark, looked stunning in a white pantsuit with green weave border on the hem of the pants and the wrists of the long sleeves. Mrs. William Bullock wore several pantsuits, one of those was a hot pink with a sleeveless top, and straight leg pants.

The highlight of the event were the two daughters of Larry and Pa. Hammell, they modeled "Bonnie" dresses. One of the girls was especially intent on a modeling career, to the embarrassment of her mother, she wouldn't leave the stage.

The no-host dinner meeting will get underway with the social hour at 6:30 p.m., dinner at 7:00 p.m. and the business meeting at 8:00 p.m.

On the program for the evening will be Mr. Dick Miller, Research Forester from the Northwest United State Forester Services Pacific Research Station at Olympia.

Mr. Miller will speak on the reforestation, thinning and fertilization projects going on at the station.

This should be a very interesting evening and anyone interested is invited to attend.

**First Baptist News**

For the last several weeks the church has been studying Keith Miller's book, A TASTE OF NEW WINE, during the Thursday evening service. This small-group study has been an honest search with Mr. Miller into the Christian life. The study is at 7:00 p.m. each Thursday except the second Thursday which is business meeting.

Sunday School begins at 9:45 a.m. with a class for each age group. Sunday morning the pastor will speak on the subject, "Giving to Self".

Your child has been working very hard this month on a number of readiness worksheets. The exercises are designed to help your child see likenesses and differences between pictures and symbols. Some worksheets help the child control his pencil as he follows a line or stays within lines. We have found that the children need a lot of work on seeing a pattern and reproducing the same pattern. They also need to practice left to right movement.

Each exercise increases the child's ability to follow directions, another that needs to be developed.

When your child brings home a paper, try to see its purpose and encourage and praise his work. We have been correcting and commenting on as many papers as possible to let you know how your child is going in relation to his classmates and his own previous work. When your child is absent we try to send home the papers he has missed. We don't have the time to help him with all the one's he has missed and it would keep him up with the class if you could help your child correct or complete his papers.

We now have three tricycles and two wagons which are occasionally all in working order at the same time. Another new piece of equipment added this month is a tape recorder. Besides giving the children a chance to hear themselves, it gives the teacher two voices. In this way we find it a little easier to read a story and keep the children quiet at the same time.

Painting is still a very popular activity for the children—they never seem to get tired of it—though their teacher gets tired of the mess!

The fish are multiplying rapidly and we hope Pinky will have some babies. Peas have grown in a jar where we can see the roots growing and the celery and parsnips tops just won't quit! We can inspect all the little details with a big magnifying glass.

The children have especially enjoyed the movie of "Peter and The Wolf". Their teachers enjoy the enthusiastic response of the children more than the movie!

Mrs. Meisner's second grade class has been involved in a science study the last few weeks. The study has included an exhibit of leaves from evergreen and deciduous plants. The study of seeds began when Tim

leaving one ungreased and submerging them in water. The unprotected nail rusted, the other did not.

Social Studies included a panel on community service and the construction of a model city.

The class is studying the Postal Service and a field trip to the Forks Post Office is planned.

For a Thanksgiving study, a panel was made depicting pilgrims going to church. The study of the pilgrims will continue into December, which was the actual date of the landing at Plymouth Rock.

Mostly the class is "Reading," "Riting" and "Rithmetic" taught to the tune of a hickory stick, which in truth is a yard stick, covered with consonants, blends, prefixes and suffixes.

Garbrick improperly dried pumpkin seeds in a deep dish and discovered the covered seeds sprouting. The class studied the growing of the seeds, teaching them the way a plant begins. The experiment was tried with prune seeds to no avail, the class learned that there are seeds that will not sprout by placing them in water.

A report on plants that grow in the desert started a collection of many kinds of cactus.

The class began a study of farm tools and machinery for their next project. They included an experiment of the necessity of proper care of tools by greasing one nail and

# Sunset Highlites

By Fred Jarvis

Just about that time of the year when the white-whiskered old gent in the red suit makes his annual visit. I suppose most of the kids are on their best behavior and a few of the young guys will be starting a fight with their best girl to get out of buying her a gift. You say it sounds like the voice of experience? Don't believe it, she always picked the fight with me first!

Kathy Decker and Janet Joseph tied at 176 for Hi 10 in Tuesday Afternoon while Barbara Winkle hit a 479 Hi 30. Sherrill Fouts picked off the 3-6-7-10 split, Mabel Smothers the 2-7-10, and Dorothy McCoy the 5-6.

Darrell came up to his potential again in the Sunset League, banging out a 234-632, Kaye Kelso rolled a 222-557.

Sally Nagel at 182, and Kathy Decker at 498, led the Powder Puffs. Ollie Swearingin converted the 5-10, and Alice Simonton the 4-5.

Kathy Hamby all by herself at the top of the Hoot Owls with 191-498. Jerry Beebe picked up the 6-7-10.

Thursday Beginners, Pat Brooks 362, Betty Winn 136, and Pat Lindquist 137-361.

Pretty good bowling on Women's Thursday Nite. Yvonne Thomas had a 213-514, Billie Crist a 216, Gladys Allen 507 and Leta Rondeau 191-545.

Ken Middleton hit his first 200, a 201 and his best series a 541 in the West End League. Duke Streeter was tops with 218-578, and Al Whitehead had a 572.

Jean Streeter's 174-476 topped the gals of the Friday Nite Mixed. For the guys, Darrell hit 234-584, Fred Jarvis 231, George Richardson 566, and Jerry Winn, with a 138 average, hit 208-502.

Duke had the TV shot at Saturday Nite Monte Carlo, Close, but not close enough. Took him, John Nagel, and Al Whitehead in our sidepot.

A very poor turn out greeted Joe Cerami who was here Sunday to give free instructions. He's good, real good, but as he says, it's pretty hard to break the bad bowling habits most of us have acquired. It just can't be done over night.

Al Whitehead, 205, Chuck Hamby 542, in Sunday Mixed and Leta Rondeau hitting big again with 203-547.

Arvid Nordman and D.J. Caulkins both hit 216 in Monday Nite's Forks Prairie League. D.J. also had a 572, Al Wood a 575, and Stan Fouts 213-578.

With one more week in the first half, Lions Club and Brager Bors, are tied for first place.

Bowlers of the week: Billie Crist 216, Leta Rondeau 547, and Darrell Thomas 234-632.

### Spartans win

The Forks High School Spartans opened their 1970-71 season on the right foot as they downed the Moclips Hyaks, 52-47. The Spartans, the defending Olympic League champions and trying for their third consecutive trip to Tacoma to the Class "A" State tournament had their hands full with the Hyaks.

Moclips got the first two points of the game, Forks got the next four points and a short lived lead. Moclips, then behind the floor play of John Atwell made the Spartan team play a game of catch-up. The score was tied 5 times in the first quarter and twice in the second quarter, but it was Moclips who broke the ties and late in the second quarter

had as much as a 10-point lead.

Forks then came back after half-time intermission trailing, 28 to 19, behind, with Bruce Allen sitting out much of the second quarter with three personal fouls, Don Hutt, who had three quick baskets early in the third quarter, and Mike Simmons, who had himself some kind of a game defensively and rebounding to tie up the score and then midway through the fourth quarter grabbed the lead and hung on for the victory.

The Spartans were not a championship team Friday night, but promise is there. The Spartans are aggressive and fast. Don Hutt shows promise as a floor general and

Don can score. Mike Simmons plays excellent defense and can rebound. Bruce Allen is the fellow who could come up with the big plays for the Spartans, he has good size for rebounding and Bruce has good moves towards the basket. Chet Hunt is one of the steadies of the Spartans in all departments. Eddie Jackson, Darrell Beebe, Bruce Dunlap, and Doug Holz add the much needed speed and aggressiveness because of the Spartan size.

After watching the first game of the year this sports writer looks forward to another excellent season at Forks High School. As Coach Monhondo says, "we're never in doubt."

### JV's Split this weekend

The Forks Junior Varsity Spartans dumped the Moclips Hyaks JV's, 46 to 42 Friday night, scoring of Ron Dimmel 16 points, Ray Maxwell's 10 points, and the rebounding of Bernie Nash.

Coach Jerry Cash's chargers then lost a thriller to the young Seagulls from Raymond, 60 to 50. Three Spartans reached double figures in scoring for a well balanced attack. Ron Dimmel again led the scoring with 15, followed by Ray Maxwell with 10, and Bernie Nash with 12 points.

Scoring:

FORKS--(46)

Dahlgren 6, Jaime 0, Dimmel 16, Maxwell 10, Nash 6, Paul 0, D. Peterson 0, G. Peterson 0, Spencer 0, Thornton 5, Wittenborn 3, Brandeberry 0, Bolin 0, Anderson 0.

### BABES DUMPED IN OPENER

The Forks Junior High Spartan Babes lost their opening game of the year bowing to a strong Fort Worden team, 50 to 28.

Fort Worden using superior rebounding, speed, and good defense to down the young Spartans. So effective was the Worden defense that Forks failed to have a player in double figures and usually high scoring Harrison Davis was held to 5 points, Ken Olson, Mark Hitchcock, and Woody led the Spartan attack with 7 points apiece.

In 8th grade action Randy Cabe had a big 7 points in the second half and David Dilly controlled the rebounding for the Forks team as they downed Fort Worden, 36 to 32.

Forks led 10 to 8 at the end of the first quarter, were tied 20 to 20 at half-time, and led again 30 to 24 at the end of the third quarter to gain their victory.

The young Spartans get their next test Saturday when they travel to Port Townsend to play the junior high school. Game time is set at 1:00 p.m.

### LET'S HAVE TURKEY

It is hoped that the Christmas turkey at the Paul Lingvall home tastes better than the Thanksgiving one. It seems that while Ingrid was thawing the turkey on the top of the cupboard, the Ling-

vall's very curious kitten decided to take a look, seeing the giblets stuffed in the neck, the kitten decided to sample and got his head stuck. After Ingrid pulled the scratching, clawing kitten out of the turkey, she proceeded to cook it, but according to the Lingvall family, the turkey didn't taste as good as in years past. Better luck at Christmas.

### HUSKIES MEET GRIZZLIES

Washington's basketball team, fresh from an unpleasant trip to Montana, gets a visit from some Montanans in its only game this weekend.

The Grizzlies of the University of Montana will play the Huskies in Hec Edmundson Pavilion Saturday night. Starting time is 8 p.m. for the varsity game.

Washington's freshmen will play a preliminary game against Grays Harbor College beginning at 5:50.

The Huskies opened their 1970-71 season last week in Bozeman, Mont.,--and they were dispatched home with a 90-89 overtime loss to Montana State University. They returned to open their home season last weekend against Seattle University and Texas Tech.

Washington center Steve Hawes, 6-foot-10 junior, appears to have recovered sufficiently from a gimpy knee to play now at full strength. Hawes led the Huskies with 21 points before fouling out against Montana State.

The rest of Washington's starting five probably will be forwards Paul Tillman, 6-4, and Reggie Ball, 6-6, and guards Dave Willenborg, 6-0, and Louie Nelson, 6-5.

After Saturday's game, the Huskies will play only once more home game between now and January 23; and that will be Dec. 28 against Seattle Pacific.

TWO FOR THE GULLS  
Forks Spartan Eddie Jackson (42) watches helplessly as a Raymond Gull sinks a shot for two more points. The Forks High Drill Team was all Spartan fans had to cheer about as they watched their home town boys go down to defeat. Perhaps we could go back to the old scoreboard which for two years always posted more points for the home team than for the visitors. The new scoreboard was plenty bright in posting an 80 to 40 score at the final buzzer Saturday night in Spartan country. By Lonnie Archibald

## Raymond bombs Forks

The Raymond Seagulls, the defending state champions, came to Forks last Saturday evening in an ugly mood and returned to Raymond with an 80 to 40 victory over the out-manned Forks Spartans.

The Spartans were out-manned in many respects as Bruce Dunlap and Danny Hinchene came up sick and unable to even suit up for the game. Mike Simmons played part of the first quarter then had to be taken home because of illness. Don Hurt sprained his ankle and had to leave the game. Eddie Jackson, Chet Hunt and Bruce Allen had to leave the game because of the five foul ruling and the Spartans without the services of JV players, Ray Maxwell and Ron Dimmel had to finish the game with only three players on the court.

The Raymond team playing their first game of the year, was never in trouble. The Seagulls using their superior height and speed to jump to a 36 to 19 half-time lead and then coasted to the victory. The Spartans only bright spot was Bruce Allen as he picked up a big 15 points, but Bruce couldn't match the scoring of Mark Ford, Mark Miller and Rick Briggs of Raymond and they picked up 22, 18, and 10 points respectively. The Spartans are now 1-1 for the season and will start their bid for a third straight Olympic League crown Friday night when they travel to Port Townsend to battle with the Redskins. Saturday night the Spartans will return home to host the Chimacum Cowboys.

Scoring:  
FORKS--(40)  
Hurt 2, Jackson 1, Simmons 0, Hunt 4, Allen 15, Beebe 8, Holz 4, Nielson 6.  
RAYMOND--(80)  
Nevitt 2, Ford 22, Miller 18, Lloyd 8, Maneman 6, Freeman 8, Briggs 10, Senn 2,

Knorek 2, Humphrey 2.  
Other Scores:  
Port Townsend 63, North Kitsap 53; Sequim 53, Chimacum 51; Lakeside 62, Kings Garden 60; Vashon 62, Charles Wright 60 (OT); Yelm 67; North Mason 63; Orcas Island 55, Clallam Bay 35;

Port Townsend 56, Bainbridge 47; Orting 60, Vashon 35; Chimacum 72, North Mason 69.

## TIMBER TO BE SOLD

Twenty parcels of timber containing more than 58.8 million board feet will be offered for sale in January, 1971, Bert L. Cole, Commissioner of Public Lands, announced today. The 58, -815,000 board feet of timber is valued at \$1,198,680.00. Access road construction required by these sales will add more than ten miles of permanent road to the state forest access road system.

The largest and most valuable sale is located 13 miles south west of Forks on the south fork of Mansfield Creek in Clallam County. It contains 15,480,000 board feet, mostly hemlock and white fir. It is valued at \$247,585.00.

The North Charley Creek sale in King County contains special stream protection provisions requiring removal of all excess excavation material from 900 feet of new road construction in the stream vicinity. This was done to keep the soil from being deposited in the stream when the road is constructed. This precautionary measure will keep the stream clear for salmon spawning.

The Cedar Creek Thinning #1A in Thurston County will be the second one of this stand of Douglas fir. The Department's thinning program serves to increase the income to the state by: (1) utilizing the trees that have died or are about to die, (2) redistributing the growth potential of the soil to the larger, more valuable trees by removing the poorer quality trees.

Timber sales will occur in Clallam, Ferry, Jefferson, King, Klickitat, Lewis, Lincoln, Skagit, Spokane, Stevens, Thurston, and Whatcom counties. CLALLAM COUNTY South Fork Mansfield Sale- 15.5 million board feet, appraised at \$247,585, located about 13 miles southwest of Forks, to be sold January 26 at Forks District office.

JEFFERSON COUNTY Braden Pre-Log and Salvage Sale-1.7 million board feet, appraised at \$24,480, located about 28 miles south of Forks, to be sold January 26 at Forks District office. Deception Head Sale-9.2 million board feet appraised

# OUTDOOR LORE

By Lonnie Archibald  
(the deer slayer)

Good morning! Don't really know what's so good about it though. Those poachers were in here again last night shooting at everything that moved. Had breakfast with the fellows this morning down along Iiyas Creek and cousin Chad said that some poachers killed a buck over in the Illoko area. I wonder what makes man act so stupidly in his actions as he commences to destroy the animal kingdom and destroy hunting rights of the true sportsman. He also stoops so low as to kill cattle, sheep, goats and other domestic animals and in his doing so we find land posted again destroying hunting rights of the sportsman. You know, I can spot a vandal a mile away. I used to live near Elk Creek till one day I hopped a forest service truck and ended up here on Iiyas Creek. Anyhow, as I was going to say, I used to sit on my favorite wood pile along the creek and watch hunters as they tore down fences, shot at house cats, and threw their beer cans in all directions except toward the litter bag. Then when the farmer finally had to post his land these hunters were the first to complain. Well I'm lucky, I got the heck out of there alive. I owe Uncle Sam for the ride up here but that's all I owe. You know it's a real shame to see the respectable sportsmen suffer for the lack of intelligence and the dishonesty displayed by vandals each year in the great outdoors. Well now that I got that off my chest I think I'll go check out the steelheaders down on the Calawah. It's about lunch time and them fisherman are sloppy eaters. See 'ya around.

HERE AND THERE  
Local streams were just right for steelheading Saturday morning, but were found out of shape and rising when the sun rose Sunday. In fact the fishing was so great that Archie Larson and Dale Nichols had more fish on in the Bogi than they knew what to do with. Fred (fish-getter) Cline has caught more steelhead so far this season than he caught all last season combined. How many is that Fred? Ron Pederson had his hands full Saturday morning on the Calawah as the fighting ironheads were lying behind every rock. The Olympic National Park has opened several areas for snowmobile enthusiasts. The following roads when closed to wheeled vehicle travel due to snow will be open for snow vehicles: Deer Park, Staircase, Dosewallips, Hurricane Ridge, Olympic Hot Springs, Whiskey Bend, Graves Creek, Queets, and Soleduck. Don't forget the snowshoes, she is a long walk out.

at \$161,345, located about 75 miles north of Hoquiam, to be sold January 26 at Forks District office.  
Tacoma-Queets Ridge Tie Sale-6.4 million board feet, appraised at \$120,275, located about 73 miles northwest of Hoquiam, to be sold January 26 at Forks District office.

## Lions sell light bulbs

The Forks Lions Club will conduct an all-out drive Tuesday, December 15 to sell electric light bulbs to residents, according to an announcement by project chairman, Earl Simonton. The money raised will be used by the Lions for several community projects planned. The light bulbs will be sold in "thank you packs", each containing 2/60-watt, 2/75 watt, 4/100 watt insideylvania bulbs at the regular retail price of \$2.15. Every householder can use light bulbs, and this drive gives everyone an opportunity to buy a good supply of a needed product and at the same time help a worthy cause. The entire membership of the Forks Lions Club has been organized to supply friends and neighbors with light bulbs delivered to their homes on Tuesday, December 15th.
