 March 10, Wednesday: 12:30 p. m., Japanese Luncheon with Mrs. Seely for ladies of the church. She will be speaking, 7:30 p. m., Rev. Art Seely again. Skit by Junior High girls.  
**ARTHUR AND FLORENCE SEELY**  
 It will be a sort of a home-coming for Arthur and Florence Seely, the Evangelical Alliance Mission (TEAM) working in Christina radio and TV in Japan.  
 Mr. and Mrs. Seely have spent 20 years in Japan. He was a former pastor of the Forks Bible Church and organized the first church board. The Seelys and their 6 children arrived in the U. S. in August of 1970, they will return to Japan in 1971.  
 They will be the main speakers at the conference.  
**ROY SPRAGUE**  
 Rev. Roy Sprague was raised in the church. His parents traveled in evangelistic ministry, thus he was a regular attendant in church services night after night.  
 A graduate of the Bible Institute of Los Angeles (Biola) in 1954, he was ordained to the Gospel ministry the same year by the Calvary Church of Compton, California. During his first pastorate, he married his lovely wife, Elva. God has blessed their home with three children, Monica, Judi and David.  
 Rev. Sprague has served as the Pastor of two independent Bible churches, at the field evangelist for the Northwest Independent Church Extension and as a missionary with the American Sunday School Union.  
 He is presently serving as the director of the Northwest Independent church extension, a home missionary organization engaged in the planting and establishing of independent Bible churches throughout the Pacific Northwest.  
 Rev. Sprague preaches clear Bible messages geared to the needs of the modern man. The public is invited to attend the services.  
**GLENN JOHNSON--OVERSEAS CRUSADES MISSIONARY TO VIETNAM**  
 Glenn Johnson has recently returned from four years in war-torn South Vietnam, where he and his family served as missionaries with Overseas Crusades and where he directed the Vietnamese work.  
 The Johnsons lived in the mountain city of Dalat, where they have served in evangelism and church training programs, working extensively in partnership with Christian college-age youth, Hospitals, military training camps, and prisons have also provided an open door for their ministry. They bring a positive presentation of what God is doing in Vietnamese lives through the message of certain hope in Jesus Christ.  
 The Johnsons are acquainted with the terror which has faced the Vietnamese people, having experienced the 1968 "Tet Offensive" when six missionaries were murdered in other parts of the country. They have a thrilling account of God's goodness and protection, as they were evacuated from an area of Dalat that was overrun by the Viet Cong and North Vietnamese soldiers.  
 In light of increasing spiritual opportunities in Vietnam, Overseas Crusades has commissioned the Johnsons to enlist workers to supplement their present staff and raise the necessary budget for a nationwide ministry.  
 Glenn and his wife, Hollie, first responded to the Christian message after the third of their four children was born. A year after this life-changing decision, they entered Prairie Bible Institute to prepare for missionary work in Vietnam.

SNOW ON THE LAKE--North winds have arranged these snow covered logs at the south end of Lake Pleasant. The waters of the lake are icy as are the winds which blow here. Tomorrow will bring the fishermen and the swimmer, but as for now the scene is still and cool. Cool as the snow on the lake. ---Lonnie Archibald

## Mansfield Dinner Held

Tom listens intently to a song in his honor.

A capacity crowd of 250 persons were in attendance.

It was truly a delightful evening, when Tom Mansfield fifty-one people attended the celebration to show their appreciation to Tom for a job

wishful remark, "I wish she would snuggle up to me like that now." Indeed some pictures to enjoy and remember.

Several people were unable to attend, but sent their greetings to Tom. Among them were Senator Henry Jackson, Senator Warren Magnuson, U. S. Congress Representative Lloyd Meeds and Angus McDonald, county commissioner from Yakima county. Many planned to come from Port Angeles, but decided against it when it snowed.

Fred Rosmond introduced some guests in the audience. State Senator Gordon Sandison, State Representative Paul Conner, State Land Commissioner Bert Cole, Mason County Commissioner Martin Auseth, Commissioners Harry Lydiard and D. J. Caulkins, County Treasurer Bob Clark, County Assessor Frank Feeley and Republican County Chairman Art Munson.

Dr. E. Leibold spoke a few words of appreciation to which Tom replied in his humble way, saying how deeply he appreciated what had been done for him. "You don't do anything alone, when you are in politics," said Tom. "It is the people you serve with and you are part of a team." Tom finished by saying: "I feel my efforts have not been in vain. And I feel grateful." Tom then introduced his family and relatives, who were there to make the evening an everlasting memory for the Mansfields.

Florence Ninke presented two gifts, one to Tom and one to Marion, from the many friends, who were there and also a gift from Senator Henry Jackson.

The dinner was catered by Clark's Vagabond, the art work done by Marge Bechtold, table decorations by Ron Thompson's art classes, flower arrangements by Millie Thompson, bulletins by Florence Ninke, radio and mike set-up by Bud and Jim Howard.

The dinner was arranged by people in the community. Father Maat closed with benediction.

February 19, 10:40 p. m., 17 miles south of Forks on 101. A one-truck non-injury accident, the driver was Edward A. Shilling of Robbins, California. Robbins, 32, was driving a 1962 White Freight Line, truck and semi-trailer. He swerved to avoid a deer, skidded off the road, and into the ditch. The vehicle then tipped over on the right side. The truck received \$2000 damage.

## Fisherman's Ordeal

At approximately 6:10 Sunday night the Clallam County Sheriff's office received a report of a fishing boat capsizing in the Soleduck River, just down from the Soleduck bridge, north of Forks.

Donald Barton, P. O. Box 65 of Grayland, Mike Meske, 908 N. Jefferson, Aberdeen, and Bob Crumpacker, 55, of 2326 Cherry, Aberdeen, were boating the Soleduck when a oar broke, and the boat got caught on the up-river side. Barton and Meske were thrown in the water, and swam to shore. Crumpacker was in the boat when it hit the rock, and stayed on the rock for several hours afterwards.

Barton and Meske hiked out to the ITT Rayonier transfer station in their bare feet. The authorities and Search and Rescue were notified. The Coast Guard was later notified, and brought two swimmers in wet suits. Because of the swift water they were unable to get the swimmers to Crumpacker, stranded on the rock since 2:30 p. m. Finally at approximately 12:10 p. m., lines and a life preserver were got out to the man and he was pulled to shore.

Taken to Forks hospital, treated and released, Mr. Crumpacker said he was going fishing Tuesday.

## ACCIDENTS REPORTED

The Washington State Patrol reported the following accidents. Trooper Al Jaske investigating officer.

**LETTERS TO THE EDITOR**

Editor,

My family and I recently moved to your beautiful Olympic Peninsula, bringing our saddle horses with us, fully expecting to enjoy and explore the magnificent country. Instead to find that we are rapidly being blocked from riding anywhere but the highways.

Just what are the conservationists saving our wilderness, rivers, trails and beaches for? More and more the public is being stopped from enjoying our great outdoors. We have just received word that horses are now blocked from all Washington beaches and they are working on closing the high country trails to us also. Although horses are not the only means of recreation to enjoy these areas, many, many families are being stopped from the chances of introducing and educating their children to these otherwise inaccessible areas.

These conservationists, ecologists, etc., say tier are preserving nature for the future. In the meantime we the present generation shall be penned up in our cities like so many cattle so as not to sully the landscape. Do they think horses are going to pollute the streams their feet will cut the paths any more than the range cattle, deer, elk or for that matter the people on foot? How long before the conclusion comes that all people must be stopped from polluting OUR natural areas?

Conservation through education is progressing rapidly, let us keep up the good work but not by losing one of our natural heritages.

Linda Stanley  
Forks, Washington

**POLICY CHANGES AT SCHOOL**

By board of directors action last week, the following changes of policy is effective as of this week:

"The school shall require excuses from parents or guardian of students in all cases of absence, tardiness or dismissal before the close of school, and no excuse shall be deemed valid except that of illness and such other causes as may be approved by the school district."

The following announcement is from the Washington State Administration Procedure Act pertaining to school law and has been re-emphasized! "Cause for suspension or expulsion from school: Willful disobedience, irregular

attendance, vulgarity or profanity, the use of tobacco, narcotics or alcoholic beverages, stealing the carrying of deadly weapons or dangerous playthings, shall all constitute good cause for suspension or expulsion from school whether or not such acts are committed during the time school is in session or otherwise if such conduct is detrimental to the best interest of the school and tends to subvert the authority of the board of directors or interfere with the management of the school."

# OUTDOOR LORE

By Lonnie Archibald

The House Natural Resources and Ecology committee recently reviewed a bill which if passed would have sportsmen a license fee for their salt water fishing. It appears that the committee will pass the bill to the House with recommendation to the House to pass such bill.

Representatives of the sports fishermen say they will go along with the \$3-a-year resident license only if the money is to be used in fish propagation programs. The fisheries department agreed with this policy.

Sportsmen who hook about a million of these salt water fish a year should pay their share of the hatchery program, so say the commercial fishermen.

In a two-year period, fisheries officials are hoping to take in about \$2.5 million from the license. If the license is not approved the department will be out the said amount. It has been said that the extra \$2.5 million from the license can, if properly managed, double or triple its value in healthy fish.

### HERE AND THERE

A 32-pound lunker now tops the winter-run steelhead record. This game fish was taken by an out-of-towner on a guide trip with Indian guide Clark Reed on the lower Quinault River. Believe it or not, the top fish in the state is a summer-run steelhead. This fish was taken from the Snake River and weighed in at 33 pounds.

I wonder if those outdoorsmen who are the first to complain about the price of hunting or fishing license have ever sat down and figured up how much it costs the state and government to pick up the litter left by the complainant.

Did you know that last year's average sized chinook salmon retailed for \$18.93 while the fishermen received \$7.92 for his catch.

Ernie Springer and Wayne Haag added another wild cat to their hunting log this past weekend. Yours truly would sure like a bear hunt these fellows. Norm Cowan promised me one about two years ago, but I believe he is too busy up in steelheading. I still live at Lake Creek, Norm, 374-6606.

A caption under a picture of an Indian gill net which appeared in last week's Forum was perhaps a little misleading. Included in the caption was the following (steelhead were taken here this morning as the tide rose. This was evident by the movement of the nets, a few escaped, but were netted farther up stream. Some made their way up the Quillayute enroute to spawning beds.) Actually very few fish are taken by these nets. The Quilleute tribe does not fish the river heavily nor do they hamper the sportsmen's fishing rights. A very small percent of caught fish, including salmon, are taken by these nets. Many apologies to the Quilleute tribe.

## Officers Versus Teachers

It will be the officers versus the teachers again this weekend, but this time another faculty. Last week the West End Law Enforcement officers basketball team, including, Hustler Vitcovich, Sooper Trooper Jaske, Bert the Bomber, Animal Aggergaard, Freight Train Fraker, Rocky Robinson, Mr. Technical Olsen and Half-Pint Barger, took on the Clallam Bay faculty. This weekend it is the Forks High School officers who will meet the officers at the Forks gym, March 6, 1971, at 8:00 p. m.

Approximately \$426.00 was raised for the Clallam Bay student body. The proceeds from this week's game

will go to the associated student body of Forks High School to help with their projects.

All are invited to attend, let's support our law enforcement officers and our teachers and help make this an eventful evening.

The event preceding the basketball game between the officers and teachers will feature a "basketball" game between the senior girls and the senior boys, and may be the best sport win!

This old store building, part of the present Pay and Save store had already been purchased by Russell Thomas and had some improvements made at the time this picture was taken.

Picture of the chapel of St. Anne's Mission, built in 1951, primarily with volunteer labor.

## ST. ANNE'S DEDICATION SUNDAY

The dedication of the new St. Anne's Church will take place on Sunday, March 7th at 9 a. m. with a concelebrated Mass. Archbishop Connolly will be the principal celebrant and all three of the Port Angeles priests will participate in the ceremony.

Father William Maat, O. S. B., the present pastor, with the help of a competent building committee is more or less responsible for the project. Father Daniel Regimbal, O. S. B., who has attended the mission church for the past fifteen years, contributed greatly to the design. Father Cyril Kenna, O. S. B., recently assigned associate pastor who takes his regular turn at the mission, painted the beautiful picture of Christ, behind the altar.

The church is now completed which is located on Mansfield Road and E Street. The staining and painting of the interior and the floor covering was all done by volunteer labor, as will be the exterior finish when weather conditions permit.

Lawrence Soderlind has headed the building committee and worked with Father Maat of Port Angeles since the

project planning began nearly two years ago. The church is the reduced size solution of some 2400 square feet of floor area and will seat nearly 200 people. The old chapel will remain adjacent and be used for C. C. D. and social functions.

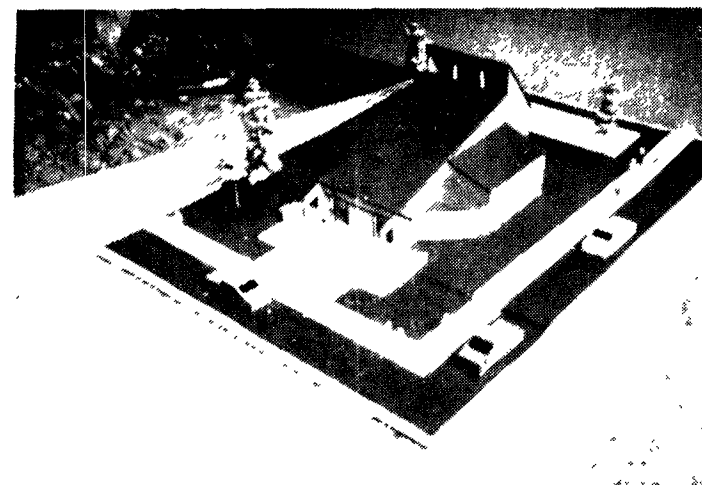

The new church makes provisions for three expandable modular pods which can be added at a later date. Each pod addition would add approximately 50 seats. Total possible future seating could be projected to 325 as the congregation grows.

Floors are concrete with wall-to-wall carpeting, walls are plaster inside and generally cedar vertical tongue and groove siding on the exterior and will be stained. Roofs of upper sanctuary areas are exposed 2 x 6 cardecking with natural stain. Rest rooms and sacristy and other smaller room ceilings are furred and plastered. The altar backdrop or reredos is of natural stained vertical cedar and is lighted by an upper roof of glass. The picture painted by Father Cyril which adorns this wall is a reproduction of the "Christus Panorator" of the Eastern Church and fits

beautifully with the decor of the building. The seating is a mixture of electric forced air with perimeter ducting in floor at the seating sanctuary areas. This is supplemented by recessed wall heaters with low speed fans to move the air. Smaller rooms have wall fan heaters or baseboard type. Engel Construction of Port Angeles was the general contractor with a bid of \$57,418.00. Plumbing was by Caven Plumbing and Schmitt Sheet Metal, Electrical and electric heating was by Fletcher Electric of Forks. Architectural work and supervision was by architect Les RoLine and Associates of Port Angeles.

### HISTORY OF ST. ANNE'S MISSION

In 1948 part of the building which is now Pay and Save Foods was purchased from James Mansfield St. by the Catholic Church. The mission was established and given the name of St. Anne in memory of Mr. Mansfield's mother. Father Benedict Schweizer, O. S. B., resided here and served Clallam Bay and Neah Bay as well as Forks, he re-

St. Anne's, 1971.

mained here until the mid-forties. After Father Benedict was transferred the mission was again served by the priests from Queen of Angels in Port Angeles as it had been prior to his coming to Forks. Father Bernard Neary, O. S. B., pastor of Queen of Angels served Forks which was a mission station for many years. Mass was offered on the fifth Sunday of the month, Christmas and Easter, at various homes and public buildings, until the store building was purchased. It was sold after Father Benedict's departure and Mass was offered in the reception room of Dr. Leibold's office for a time and then in the Odd Fellows Hall. The assistant priests from Queen of Angels who came during these years were, Father Arnold Fox, O. S. B., Father David Prebula, O. S. B., and Father Andrew McHugh, O. S. B.

In 1951 after much effort on the part of Father Andrew and the congregation a new building was erected. The building was blessed by Archbishop Thomas A. Connelly in October of 1951. It has served the needs of the mission until moving into the new building a few weeks ago.

There was only one Mass a month in Forks from the mid-forties until about 1952, at that time a Saturday Mass was added. About 1955 a second Sunday Mass was added, holy days and the fifth Sunday was added in the early sixties. Father Paul Kucera, O. S. B., became pastor of Queen of Angels after the death of Father Bernard. Father Paul came to St. Anne's from time to time relieving Father Anselm Lenzlinger, O. S. B., and Father Daniel Regimbal, O. S. B., who were the assistant priests who followed Father Andrew.

Father Daniel served St. Anne's faithfully in all kinds of weather for fifteen years, from 1955 until a few months ago when he assumed the duties of the Sequim mission and Father Cyril Kenna,

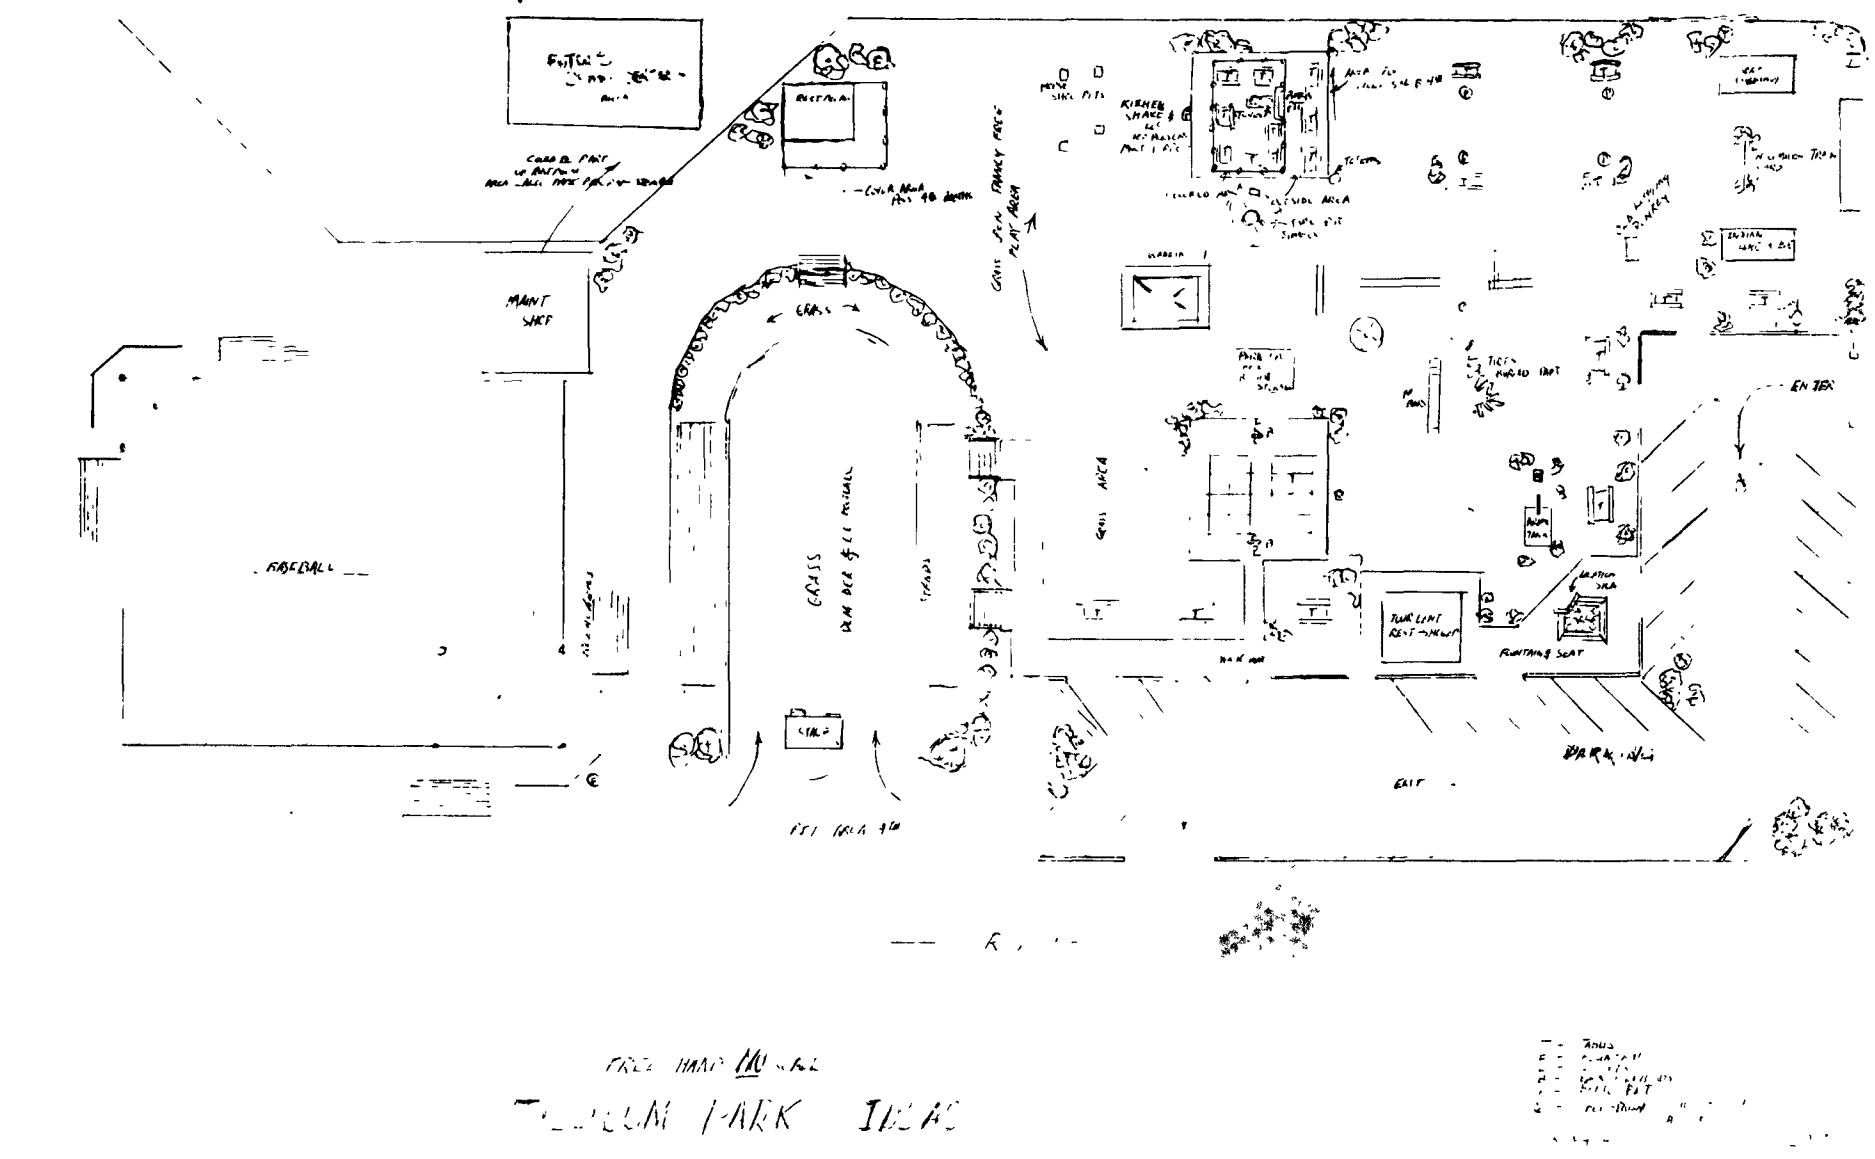

O. S. B., alternating with the pastor of Queen of Angels, Father William Maat, O. S. B., serves this mission. Father Alcum Lawrence, O. S. B., became pastor of Queen of Angels in 1960. Father Alcum came from time to time to relieve Father Daniel. In 1969, Father William became pastor and immediately extended the service to St. Anne's to Mass every Sunday and holy days.

The religious education of the children was another of the priest's tasks in the time prior to 1949 assisted from time to time by the sisters from Queen of Angels school helping with a religious vacation school. In the fall of 1949 about eight children and one lay teacher composed the C. C. D. program. Today, with seven teachers and over ninety students the C. C. D. program has greatly improved.

The ladies of the mission organized the Marian Club in 1950 to help in the service of the church and is still active today. Some of the men of the parish became members of the Holy Name Society, but has not been active for several years. A Legion of Mary Praesidium was established in the summer of 1970 with the aim of promoting the apostolic work of the church.

There is a C. Y. O. (Catholic Youth Organization) which is the social organization of the high school students.

The pressing need for a large church and for a social hall initiated the selecting of a building committee and serious thought for a new building. Members of the committee are, Philip Jaspers, J. D. Burke, Donald Carte, Richard Haberman and Lawrence Soderlind, chairman. Through the generosity of one anonymous donor and the savings contributed over the years and assuming an indebtedness, the beautiful new building has been erected.

## Park drawing presented

The Forks Chamber of Commerce met February 17th at the Vagabond, Pastor Art Morlin of the Forks Assembly of God Church presented the park plans, drawn by Forks art teacher, Ron Thompson, assisted by the Department of Natural Resources. The plans were the first in a series of moves by Pastor Art Morlin and the Park Board to try to improve the existing park. The possibility of federal funding was discussed at that time. It seems that when the plans were first presented and federal funding was discussed it was decided by the Town Council that maintenance of the park would be the most pressing problem and that the town could not afford to hire someone. To obtain federal funds it would be essential for the committee to at least have someone who would back the plans financially and put up the necessary 25 percent. The town felt they could not do this even though it would not call for a money outlay at all, just backing. The committee was advised by the council at that meeting to pursue the matter further if they wished.

The committee, headed by Pastor Morlin have pursued

the matter further and will present the final plans, to the Forks Town Council March 8th, 8:00 p. m., at the Town Hall.

According to Pastor Morlin the Department of Natural Resources is interested in the park, especially Bert Cole, and has sent Lloyd Bell from his office to help in any way he can with the formulating of the plans. The Department of Natural Resources has drawn the plans to scale to present to the federal agency.

The park would be designed with a multiple use plan, including an interpretative education system, Forks history, and industry of the area, etc. It would have only native trees and flowers. An old steam donkey is available, so is a fishing boat. It is also hoped to have an Indian longhouse.

The main "hang-up" seems to be the funding, according to Pastor Morlin, fifty percent of the funding would be federal, the state would provide twenty-five percent, leaving a balance of twenty-five percent to be at least accounted for by a government agency in the town. The town's share could be provided by donated materials, instead of money, however. The federal agency would undertake the project

on a call for bids contract. What are your ideas? Look over the above picture, do you see any changes that could be made? Do you think we should concern ourselves with the park? The Forks Chamber of Commerce officers have volunteered to help Pastor Morlin with this project, along with interested citizens and the Park Board. Please place your comments and your name if you wish, on the following coupon and take it or send it to the Forks State Bank.

## GARDEN CLUB MEETS

The Bogachiel Garden Club February 18th held their annual Scholarship Tea at the home of Mrs. Marvin Olson assisted by Mrs. John Rosmond and Mrs. Walter Fuhrman. Funds derived from this silver tea are to be used for the Forks High School Scholarship Fund also county and state funds, which all the garden clubs

contribute to, for students who are interested in horticulture, botany and landscape architecture. A special guest at the meeting was Mrs. D. C. Hope from Sequim, District Director of Olympic Peninsula Garden Clubs. Mrs. Ron Shearer is chairman of the annual Smokey Bear Coloring contest which is currently being held. Mrs. Henry Halverson will distribute the materials throughout the schools. April 20th is the date for the

district meeting Olympic Peninsula Garden Clubs, to be held at the Peninsula College, Port Angeles. Mrs. Elizabeth Barlow commenced the interesting program with a talk and chalk board drawings of the "plant plan". This entailed the drawing of plant forms, structure and terms. Also how to identify botanical names of plants and trees. Forcing branches for early bloom was the theme of Mrs. Pat Tierney's presentation and

several methods can be used to force flowering shrubs for a beautiful flower arrangement in your home. In January, Mrs. Tierney showed a variety of flowering branches that she had forced. Mrs. Carl Lamb gave a talk and information on pruning, which was an interesting subject. The starting of seeds in a green house or sunny window was demonstrated by Mrs. Vestor Sexton, and the tiny plants that she brought in containers showed promise of an early start for outdoor growth.

Following the informative program a contest was held in identifying plant terminology. Mrs. Terry Klepey was the winner and received a lovely plant for a prize. Just a little over two months until the Bogachiel Garden Club will hold their annual May Day plant sale. If you have any plants, cuttings or materials that can be used and would like to donate them at this time, please call Mrs. Orville Ninke, chairman, and they will be called for. The March 18th meeting of the garden club will be held at the home of Mrs. Terry Klepey, 1:00 p. m.

# THE PRIMARY CORNER

The Valentine party was a special one for Mrs. Waters' room this year. The room mothers brought everything to make the decorations for our cookies. Each one had a small amount of white frosting for the beginning. On two long tables were cake coloring, jars of candy decorations, candy and gum drops, hearts, pressure cans of colored frosting in pink, green, and red. Each decorated 3 large sugar cookies using imagination, skill and just having fun using different colors, and designs.

The boys enjoyed the fun as much as the girls and displayed artistic cookies at the finish.

After some fun games they ate their masterpieces and declared that was the best way to have refreshments. A special thanks goes to Mrs. Horton and Mrs. Alseth for their work that day.

The high school came and took pictures of the boys and girls working and then took pictures of our art project which is nearing the finished products. Each one has made or is making a collage, with crepe paper, using three colors, pink, red and maroon. The base or back is of cardboard.

This collage is called a painting collage as you paint over the stretched paper with very weak white glue, this stands until dried and then

another coat is painted over the first, placing objects in design on the wet paper. (We used grass, weeds, leaves, fern, colored rice). These are 12" x 18" designs and to finish off the picture, colored yarn was braided or finger crocheted to make the frame. Come and see them in our room.

Verlyn Campbell, a high school student comes Thursday and Friday to help our class and has shown the class how it was done. She made one herself first and then each went to work for himself with Verlyn to help, advise and encourage each one to do his own design in paper and material.

In Social Studies we are studying children of the world. One wall has many of our neighbors in their traditional dress and then in their clothes of today. Many dress so much like we do. We are learning some French words and can say, hello, goodbye, how are you?, thank you, please and other words and phrases.

We have made a booklet called, "Say it in French" in which we write the French and English to the words we study.

Science has been exciting as we followed our space projects up to the moon again. We used pictures, books and maps some writing after the last flight and a moon map to find out the landing spot. The

day of the moon walk. Mr. Frank Smiley of Coast-to-Coast Store brought a T. V. to our room so we could watch. We forgot to eat, and to study that day and found the floor was a fine place to watch history in the making.

## TEEN SOUNDS

By Steve Lingvall

Ask yourself this question: What kind of a name is "Creedence Clearwater Revival" for a rock group? The answer is very simple, it's original. So many different rock groups have entered the field of contemporary rock that it is practically impossible to keep track of them all. Critics feel that in order for any rock artist (s) to get anywhere in the music world, they must produce an original sound or name to fit their "unique style". And it appears to me this particular rock group fits those qualifications admirably.

In 1968, Creedence Clearwater Revival became more than just a wierd name for a rock group, when they released their first hit single "SUZIE Q". This song introduced the hard-driving vocalization of J.C. Fogerty, the heavy electronic sounds of John and Tom Fogerty and Stu Cook, and the powerful, rhythmic beat of Doug Clifford for the first time. It was also one of the longest-laying single releases of the decade. However, it wasn't until C.C.R. released their famous "BORN ON THE BAYOU"/"PROUD MARY" record that everyone realized their potential as a permanent rock group. The latter of the two his singles (both featured on the same disc) was considered a classic by music critics throughout the world.

Following the release of the two previously-mentioned songs, the Creedence Clearwater Revival began to grind out hit after hit, as their music found its way to the top ten charts almost every time. A high camp tune accompanied the lyrics to "BAD MOON RISING", while on the flip-side, romantic ballad called "LODI" came on strong with the classical composers. "GREEN RIVER"/"COMMOTION" were the titles to their next hit record; both sides had a real heavy sound to it.

The number one rock group in America was firmly established by C.C.R., when they released their next two-sided hit---"DOWN ON THE CORNER"/"FORTUNATE SON". Unfortunately, the Beatles still retained the top position in the world. But at this time, Creedence's records were selling like hotcakes, and they were steadily moving up in popularity. Combining an early 1950's rock'n'roller ("TRAVELLIN' BAND") and a romantic ballad ("WHO'LL STOP THE RAIN"), another smash record began

to climb up onto the charts. However, this record didn't meet up to its expectations, and another rock group, Led Zeppelin, was able to obtain the second position.

C.C.R. desperately strove to regain their position, when they released their heavy "UP AROUND THE BEND"/"RUN THROUGH THE JUNGLE" hit. This was followed by their famous album which produced another two-sided hit, "LOOKIN' OUT MY BACK DOOR"/"LONG AS I CAN SEE THE LIGHT". The first side had allittle country-and-western thrown into it, while the latter sounded like an updated version of a Negro spiritual. Their latest single release is "HAVE YOU EVER SEEN THE RAIN", and it is rapidly moving up the charts.

"Lean, clean and bluesy" describes the music of this extremely popular rock group, who recently was rated among the top ten musical personalities in the United States. In their short existence, the Creedence Clearwater Revival has released six albums as well as numerous hit singles. They include:

1. Creedence Clearwater Revival
2. Bayou Country
3. Willy and the Poor Boys
5. Cosmo's Factory (the number one LP of 1970)
6. Pendulum

A group that seeks to revive a type of music once thought to be dead and combine it with modern rock, has to find it easy to gain access into the hearts of all people. C.C.R. is my favorite group, and undoubtedly in some way, they're also your favorite group. Listen to them.

## NEWCOMERS TO MEET

The Forks Newcomer's Club will hold their first evening coffee hour, Thursday (tonight) at the Lee Cromley home on Ranger Station at 6th and Division Streets.

### 4-H Club

The Country Kids first 4-H meeting was held on February 16th.

The club's leader, Alma Anderson called the meeting to order, projects were picked and officers were elected. They are Nancy Whitehead, president; Martin White-

head, vice-president; Valerie Ronish, secretary. The positions of treasurer and reporter were not filled.

Committees were appointed, Shirley Yocum, refreshments, Lori Carter, program, Martin Whitehead, community service, Valerie Ronish, way and means.

The meeting was adjourned by Nancy Whitehead, Secretary, Valerie Ronish, reported this week.

The meeting was held at Molly Madden's. Karen Gaydeski brought the meeting to order. Secretary Robin Roberts read the minutes. There's going to be a horse show June 6. There'll be halter classes, and horse breed classes. Western pleasure, bareback and junior and senior division, and a costume class. The roll call was answered by each girl giving the name of a grooming aid. The next meeting will be held at Kings' barn when the horse shoer will be there. He will demonstrate and answer any questions. Terri Adleman, reporter.

## COOKIE SALE PLANNED

Around 50 Girl Scouts in the Forks area will begin the annual Girl Scout Cookie Sale Friday.

Offered for the sale at \$1.25 a box, will be four varieties of cookies; butter vanilla cookies, chocolate cookie mints, peanut butter roundups, and fudge patties.

The annual cookies sale is essential in maintaining the Girl Scout program. The cookies sale provides almost 40 percent of the money for operating Totem Girl Scout Council, money for maintaining and operating the Council's camps, provides money for Scoutship, so that all girls may participate in scouting, and that 12 1/2 cents per box is per box is retained by the girls' troops, for their projects.

# WRANGLERS HOLD MEETING

On February 11, a meeting was held to discuss the possibility of re-establishing the Wrangler's. The original group had disbanded several years ago. Approximately 25 people attended the meeting. The Wrangler's used to hold play-days and events the whole community could enjoy. For enjoyment as a group they took trail rides, had dances, rode in parades and held other interesting activities.

A discussion was held on the closure of certain park trails to horses. The group was against the closure. It was decided to obtain further information on this and have representation at any further meetings the park service may have on the subject. Letters protesting the closure were to be sent to Senator Henry Jack-

son and Congressman Lloyd Meeds.

On February 25, another meeting was held and it was definitely decided to re-establish the Wrangler's. There were 31 members present. The officers are as follows: President, Barbara King; vice-president, Marilyn Snodgrass; secretary-treasurer, Sharon Clarke; reporter, Pam Ford; publicity, Al Clarke and ways and means, Jo Madden. A board of trustees consisting of six members was also elected. They are: Glenn King, Betty Munson, Ron Ford, Roger Adleman, Harold Tuttle and Clayton Graves.

Sharon Clarke read a letter from Senator Jackson. He was having the closure of park trails checked and he would write back when he could tell us more.

Anyone wishing to join Wrangler's may do so. It is not necessary to own a horse. Meetings will be held the third Thursday of the month at 7:30 p.m. The place will be published prior to each meeting.

## Legal Notice

### NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00

Notice is hereby given that on Monday the 15th day of March, 1971, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

**LEGAL DESCRIPTION:** The sale is composed of all trees marked with orange paint comprising approximately 39,000 board feet of hemlock and 34,000 board feet of spruce on parts of the following: N 1/2 NW 1/4 of Sec. 29 Twp. 26 N., Rge. 11 W., W.M. Jefferson County, Washington.

**CASH SALE**  
Forest products will be sold on a cash basis.  
Minimum acceptable bid will be \$1,667.00.

On or before March 15, 1971, at 10:00 a.m., each bidder must make a minimum deposit of \$166.70 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc., are to be made payable to the Commissioner of Public Lands.

**BOND:** On the day of sale, the purchaser must also furnish a cash bond of \$200.00, in the form of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

The State of Washington does not guarantee its published forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Forest products must be removed prior to June 30, 1971.  
**Access Road Revolving Fund:** \$70.00 to be paid on day of sale. Located approximately 25 miles by road south of Forks.  
**Accessibility Via Department of Natural Resources Access.** A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

## TYEE-SAPPHO-BE AVER NEWS

Mr. J. E. Merritt

Mrs. Al Koske of Port Angeles was released from Olympic Memorial Hospital on Sunday, February 21, after a four-day stay. It had been thought to put a pacemaker in her chest, but the idea was discarded later, possibly in view of Mrs. Koske's age. She will be 89 years old in May.

Mrs. Koske's son, Laurence Eaton, and his daughter, Mrs. Loyd (Ace) Johnston, went to Port Angeles on Tuesday of last week to visit her and found her at home, much improved in health.

Mr. and Mrs. A. M. Nordman returned home Saturday evening from a quick trip to Seattle where they went to return their grandson, Aaron Werner to his parents, Mr. and Mrs. Henry Werner, Mr. Werner had been called into the Army and was due to leave Tuesday for his training station, so Mrs. Werner brought the little boy out to her parents' home on Tuesday of last week while his parents hunted for a place closer to

Mrs. Werner's brother and sister, Mr. and Mrs. Arvid Nordman.

Mr. and Mrs. John Merritt had the pleasure of a visit on Sunday with Mr. and Mrs. Millsap of McKinleyville, California. The Millsaps arrived Friday for a visit in Forks with Mrs. Dell Burwash who accompanied them to the Merritts' home and left for home on Tuesday.

Mr. and Mrs. A. M. Nordman went to Hoquiam Monday to attend the funeral of Jesse Newlun, who died last week in Sequim, Mrs. Nord-

man had known Mr. Newlun and the family for over forty years. Mr. Newlun is survived by several children, among them Stan Newlun and Mrs. Ernie (Joy) Christenson of Forks.

**ON SOCIAL SECURITY**  
House Ways and Means Committee Chairman Wilbur D. Mills says a House committee has begun study on a proposed Social Security boost. Mills predicts the House will pass a 10 per cent Social Security boost rather than the 6 per cent increase asked by the President.

## Leppell-Feeley Vows Exchanged

Mr. and Mrs. Frank Feeley

In a lovely evening ceremony held at the Forks Congregational Church, February 26, Mrs. Ruth Ann Leppell of Forks, daughter of Mrs. Carrie Williams of Grand Rapids, Michigan, became the bride of Frank Feeley, son of Mrs. Harry Feeley of Port Angeles. The single-ring ceremony was performed by Rev. Ted Ringsmuth in the presence of 75 guests.

The chapel was decorated with standing baskets of pink gladiolus, chrysanthemums and pussywillow branches. The organist was Mrs. Fred Rosmond, Dr. Robert Baker sang, "Always".

The bride, given in marriage by her son, Larry Thomas, looked radiant in a deep pink dress of velvet, with long sleeves trimmed with a row of small covered buttons. The dress was in a A-line style made for the bride by Mrs. Helen Ulin. The bride's corsage, a beautiful home grown orchid, was a gift from Dr. Earl Miller of Port Angeles.

The matron of honor was Mrs. Lawrence Brager, she wore a mint green dress with matching hat and gloves. Her corsage was yellow roses. The candlelighters were Diane Purser, she wore a

white dress with pleated skirt, trimmed with pink ribbons, also lighting candles was Kyle Kettel.

The bridegroom's mother wore a purple knit dress, her corsage was yellow roses. The best man was Tom Mansfield. The ushers were Kenneth Leppell of Puyallup, and Frank F. Feeley Jr., of Issaquah.

The reception was held in the Fellowship Hall. Coffee was poured by Mrs. Eunice Jones, Mrs. Vay Archibald poured the tea. Punch was ladled by Lawrence Brager. The wedding cake was cut by Mrs. Kenneth Leppell and Mrs. Larry Thomas. Toni Swan was in charge of the guest book. Mrs. Jim Gorham and Mrs. Paul Lingvall were in charge of the gifts. The wedding co-ordinator was Mrs. Arthur Schott. The wedding scrolls were given by Elizabeth Ward and Kevin Kettel.

The couple is now living at 804 E. 7th Street in Port Angeles.

Out of town guests were Miss Jane Baker, Port Angeles; Mrs. Louise Hurd, Washington D. C.; Mrs. Allen Frazier, Seattle; Mrs. Helen A. Donovan, Port Angeles; Mrs. M. Feeley, Precesville, Canada; Mrs. Harry Feeley, Port Angeles; Mr. and Mrs. Frank Feeley, Jr., Issaquah; Mr. and Mrs. Kenneth Leppell, and Mark Lloyd, Puyallup; Earl Daveson, Port Angeles; Mrs. Phillip Heaward, Quilcene; and Dr. and Mrs. Larry Schueler, Port Angeles.
