THAT'S A FUNNY LOOKIN' RAINBOW--For many fishermen, Mill Creek yielded some nice rainbows. For others, such as this three-year-old beginner, it was a day in which bullheads were the only means of excitement. But then, what can one expect when his stomach is exposed to the entire stream and its contents? ---Lonnie Archibald

**LETTERS TO THE EDITOR**

Editor,  
This is a reply to the Forks Council reply to the letter from Terrance Diimmel.

I kept waiting for the misconceptions mentioned in the letter from Mr. Hall that he said were contained in the letter from Mr. Diimmel. I did find one which was also news to me that the Chamber of Commerce and not the City Council would conduct the telephone poll.

He mentions that the City of Forks has made no decision as yet regarding the installation of the sewer system, as though people are premature in making complaints now-- isn't this the time to make them? If it were all decided, it would be a little late to offer any suggestions.

Mr. Hall also stated that the proper location of the plant would best be determined by the experts. Would he have the same opinion if he owned land and a home above the proposed plant or owned the land where the engineers seem to think it should be located?

Please, we already have the garbage dump; that should be our share. My husband tried to tell the authorities when they talked of putting the dump where it is, that it should be further away from the river and our farm. Now, I believe they are realizing it is polluting the beautiful Bogachiel River.

In Mr. Hall's summary he stated that criticism should be on fact and not hear-say. I know news travels fast but Terry is over 3,000 miles away and I doubt he hears much local gossip. He does get the Forks Forum (his favorite reading material these last three and a half years away from home) and evidently got his information from that.

Thanks for listening,  
Sylvia Diimmel

Editor,  
The Senate Foreign Relations Committee has approved the Genocide Treaty and it could be brought before the full senate for a vote anytime.

Genocide, by the dictionary, means "systematic extermination or destruction of an entire people or national group." Naturally, most of us are against this. But the United Nations in this hoax of a treaty has included in its meaning by ill-defined and vague words, to take in purely domestic affairs and put us under international control.

Some who have studied this say a mere charge of racism or religious prejudice would subject Americans to trial in an international court without protection of the constitution,

The genocides defined in the treaty do not apply to the mass killing of people by totalitarian government, so what possible good would this do for the oppressed people behind the Iron Curtain or other dictatorships?

You would have no grand jury, trial by jury, fifth amendment, immunity or sixth amendment confrontation of your accusers, and you are guilty until you can prove your innocence. Try that before an international court of communists!

Article IV provides persons committing genocides or any of the acts enumerated in Article III shall be punished whether they are constitutionally responsible rulers, public officials or private individuals.

On May 3, 1951, Congressman Nixon declared: "The major objection to the treaty is that its provisions would not apply to the persecution of political minorities in the Soviet Union. In addition, the treaty in the present form grants far more powers to the United Nations than the United States should agree to. I shall continue to oppose the treaty in its present form."

The treaty has not changed but Mr. Nixon's advisors have!

The fact that this was brought out the day after the Calley verdict means the U.N. had decided, under the pressures of war and propaganda, that now might be the time for a push to get this voted for, under all the emotionalism of My Lai. Everyone of the prisoners of war would be tried for genocides in North Vietnam.

As someone mentioned, this could be a way out for the congress and government for the POW problem which has caused a lot of political embarrassment. Is a genocide trial by an international court what the American people want for their men that go to fight a no-win war?

Write to your senators and ask for a copy of the treaty and find out what it does mean. You will get a lot of prepared material telling how wonderful the treaty is when you write to the President because your answer will come from the State Department. But write anyhow and do it now.

Editor,  
The following is a copy I made of an editorial written by my father which was published last week in The Daily Republican Eagle of Red Wing, Minnesota. It is so well written, and so beautifully expresses his point of view, that I thought you would be interested in reading it.

"THOUGHTS ON MY LAI"  
Once upon a time in far off Czechoslovakia, there was a small town by the name of Lidice. It was a happy town until it fell under the Nazi heel, and then, as in so many areas of World War II, resistance ripened into guerrilla activity.

A high ranking Nazi officer was ambushed and killed near the town, and in reprisal, they massacred all the men, young and old, leveled the village and scattered the survivors.

Feeling in this country ran so high over this atrocity that, as I recall it, a town in America was renamed Lidice to perpetuate its memory. We took particular pains after the war to see to it that all perpetrators of such atrocities that we could catch were hanged for their crimes.

Who will perpetuate the memory of My Lai, where not even the women and children were spared? If we practice what we preach it will soon be forgotten, but if we let murder go unpunished because the killer happens to be one of ours, the world will never forget.

It is perhaps fitting that the controversy now raging should take place at Easter, for once again the mob is crying out to forget the crucifixion of man, but to give them Barabbas. It will be interesting to see whether President Nixon, as commander-in-chief, backs the findings of his officers or yields to expediency and dons the shoes of Pontius Pilate.

In many cases, the ones who a short time ago were calling out the loudest for law and order in the land are the ones who are now shouting to set murderers free.

They say that others were involved: this may well be so, and if proven, they, too, should be brought to justice.

Assuming Calley's guilt in the findings of the court, to set him free would be like setting free, with his loot, a bank robber caught red-handed in the act, because his accomplices could not be found.

It would be an invitation to every sadist here and abroad seeking an easy road to fame and fortune through mass murder.

Though our intentions in Vietnam may have been good in the beginning, in the face of nuclear power, our goal was unobtainable. In the succeeding years, we have more than proved the truth of the old saying about the road to hell being paved with such intentions, for if ever a hell was made on earth, it is in Vietnam.

Against the advice of our military leaders, we have poured into the vacuum upwards of 40,000 American lives, probably three times that many crippled. Estimates of 300,000 Vietnam civilians accidental-

As may or may not be public knowledge; the Washington State Game Commission at their April 6th meeting at Olympia set the opening dates for the major hunting seasons in the state.

A major concern to the Pacific County Sportsman Club was the opening dates for the upcoming elk season this fall. As our county and several of the counties that have common boundaries with ours are considered one of the major elk producing areas of the state, we feel we have an inherent interest and responsibility to elk hunters of our state.

The Washington State Game Commission this year has set a Monday opening date of November 1. This is fine for the self employed or the man who

**CANVASS IN PROGRESS**

The Cancer Crusade for Forks is now in full progress. The dates for the local canvass have been from April 17 to 24. As usual there will be a couple of late starters and an extra clean up week will result but hopefully the main drive will be over this week. About 40 local women have volunteered to make the canvass. Approximately 20 of these are new and attended the workshop sessions recently held. The movie by Minnie Pearl was shown, outlining the purpose of the canvass. The reason for a single and separate cancer drive is to provide a personal contact in regard to the disease of cancer. The volunteers are to leave some educational material and to urge everyone to have a check-up.

It is only through the voluntary giving of time and money that the battle against cancer will be won. Be ready and willing to listen to the volunteer solicitors that are giving freely of their time to make this canvass. As well as this drive all year, giving is possible by mailing any contribution to the Cancer Crusade, c/o Forks State Bank, P. O. Box 210, Forks, Washington.

**First Baptist.**

This Saturday afternoon the Young People will conduct a bottle drive from 1-3 p.m. To share in the drive, you may call 5831 or 5617. The proceeds will be used to sponsor youth activities at the church.

A youth retreat will be held April 30 to May 1 at a Baptist camp near Hoquiam. Anyone is welcome to come. Call 5077 for information and reservations.

The morning message will be "Study to show thyself approved". This week is library emphasis week at the church. John Wilson is our church librarian.

KEEP UP WITH THE TIMES ON KVAC RADIO---NEWS, EVERY HOUR & THE HALF-HOUR.

**BOY SCOUT**

You will soon hear Boy Scouts knocking at your door selling from a Tom Wat display case. They will show you some twenty good bargains such as paperplate holders, wrapping paper, first aid kit, marking pens, flashlights, slippers, inflatable chairs, etc. Four weeks later they return with all you ordered. You pay then. All purchases are guaranteed.

Last Saturday the troop staged their second S.O.A.R. (Save Our American Resources) project. You may have seen the boys at work picking up litter along Bogachiel Way. About 250 beer bottles, 25 pop bottles, 3 whiskey flasks, 1 boot, paper waste, even a can of blasting caps were found. The thirteen boys who worked would like to remind you, please don't litter. The boys finished up the 3-hour chore with refreshments.

This is the weekend of the Scout Show held at the Port Angeles Fairgrounds. Troop 487 was #2 last year at this event. We try harder. The theme this year is conservation. The Forks boys' display will be on salmon and hatcheries. Buy your ticket now to the Scout Show.

Next Wednesday is the Court of Honor. Parents come too. The Court of Honor will be held at the Lutheran Church at 7:00. A Scout executive will speak and show slides on Scout Summer Camp.

## HORSES AND PARK TRAILS

Olympic National Park Superintendent, Roger Allin, was guest of the Ranglers Club at their last meeting, the subject being horses and park trails. It was stated by Allin that the Olympic National Park had not banned horses from park trails at this time and it was not their policy to drive horses from these trails. Evidently a list of thoughts had been presented for park consideration at a recent park meeting. Among these was the proposal of eliminating horse use in certain areas of the O.N.P. From this, we, the public, received false information from another source leading many to believe that horses had been or were soon to be eliminated from many park trails. This subject was discussed and horsemen were assured that no actions had been taken to shut out trail riders in the park.

This does not, however, eliminate the possibility of future actions being taken against the horsemen in the Olympic back country.

Many problems exist today in the O.N.P., says Allin. There are 600 miles of trails at this time throughout the park. These trails cannot all be opened early enough for the visitors, and the park does not have the money to maintain all trails. The park has a budget spending and many questions arise on what ranks first, second, third, and so on with park users. The park is beginning to receive economical impact around most favorite areas. The park is now running into problems such as water, waste, sanitation and overcrowding.

Ecology is the park's purpose, for us and for future generations to enjoy as God made it, not as a land which man has destroyed or changed. The park also serves as a watershed. This leads to clean water for recreation, fishing, good health, irrigation, etc. It is this way because it is preserved. This could be lost if not managed properly.

Today there are more people with more time, greater mobility, more income and more recreation equipment. The O.N.P. witnessed 2 1/2 million visitors last season.

The park welcomes all proposals and questions which you, the public, may have, says Allin.

Back to the horses, there has been some damage to alpine meadows by horses these past seasons as more and more packers are taking to the high country. The area around Lunch and Round Lakes of Seven Lake Basin is becoming a problem as grazing horses are destroying vegetation, says Allin. Steps may be taken to build stables just below these heavily populated areas to hold the horses. Here again, this is only a thought and is not yet certain. You have ideas? Write the O.N.P. This is your park and it is up to you, the majority, of what actions must be taken. The majority has outweighed the commercialization groups which proposed roads across the park. This was a big step for the those who appreciate and acknowledge the true value of this wilderness area. It is quite possible that a proposal will soon come about to eliminate horses from some trails. This too, if presented, will be a decision in which the majority could have the final word. Here again, give your opinions. The park has proven they are interested in your ideas by the many open meetings they have held on park problems. The Forks Ranglers Club faced the problem with an open meeting and by doing so, much was accomplished. The Ranglers gave their views of the situation and Mr. Allin gave the park's views. In so doing, a greater understanding on both sides came about. Congratulations to both.

## FROM THE BOGACHIEL REARING POND

The Washington State Department of Game has been busy planting streams with young steelhead these past few weeks and there are still many fish to be released. Larry Barger, fish hatchery supt., has supplied the following facts concerning the proposed Bogachiel Rearing Pond, Bogachiel River, 50,000 +10,000. Pysht River, 15,000 + 5,000. Elwha River 15,000 +5,000. Lyre River, 35,000. Dungeness River, 20,000 +5,000. Salt Creek, 5,000. Clallam River, 10,000. Calawah River, 15,000 +5,000. Hoh River, 25,000 +10,000. Big Quilcene River, 10,000.

Pluses on the preceding figures represent additional plants above and beyond the initial figure if they are available.

## OPENING DAY TROUT

It was the usual routine here in the Forks area on opening day of trout season as sportsmen were out early scoring well on both plants and native fish. Beaver Lake was the hot spot as the Game Dept. checked about 20 fishermen with a total of over 180 fish. Fish here ranged 6 to 14 inches, most in the 6 to 8 inch class. Wentworth Lake produced fewer fish but then the fishing pressure was not as great here. Twenty-three fish were counted ranging in size from 7 to 16-inches. Many

of these were in the 10 to 12 inch bracket, mostly cutthroat. Lake Pleasant yielded both silvers and cutthroat. These fish averaged around 10 inches. As usual, Lake Crescent greeted the early risers with large beardslee and Kamloops up to 12 pounds.

Mother and I had a real nice weekend. The girls were down from Seattle and her brother and his wife were up from Quinsault. Even called Doug back in Nebraska, so you might say the whole family was together. One of the pleasures of growing old is when the kids come home for a weekend.

## BOGACHIEL GARDEN CLUB NEWS

Interesting, beautiful and large is Manitou Lodge, a business venture of Mr. and Mrs. William Dickerson. Mrs. Dickerson hosted the April 15th meeting of the Bogachiel Garden Club at the lodge. Above average was the attendance for this meeting, which gave members the opportunity to tour the premises, view the many trophies and objects collected from all parts of the world by the Dickersons. Assisting hostesses were Mrs. Orville Ninke and Mrs. Pat Tierney.

Under the able supervision of Mrs. Ninke and co-chairman by Mrs. Pat LaChapelle, the plans and work entailed for the April 24th annual plant and garden sale is well underway. This event will be held in the Ninke yard, next to the Anders, commencing at 10:00 a.m. and continuing until everything is sold. The club is grateful to even non-members who are interested in the success of this sale and have contributed garden items. Surplus garden implements are also gladly accepted.

"It's a Boy" was the theme for the baby shower held April 1, in honor of Mrs. Howard Goakey and son. Mrs. Ed Lewis made and presented yellow daffodil corsages to Mrs. Goakey and her mother, Mrs. Charles Fox. The guests enjoyed two games and the winners were Mrs. Joyce Anderson and Miss Sharla Fox. The door prize was won by Leta Klahn. After the games were played, Mrs. Goakey opened her lovely gifts. After the gifts were opened, the guests enjoyed refreshments. The cake, representing a birth announcement, was decorated in blue and white and was made by Mrs. Richard Lohnes. It was noted during the course of the evening that the 'family tree' was well represented. Present were the baby's aunts, Miss Sharla Fox and Mrs. Richard Lohnes, great aunt, Mrs. Lee Brown, great-great aunt, Mrs. Joyce Anderson, grandmother, Mrs. Charles Fox and great-grandmother, Leta Klahn. Those attending were: Miss Sharla Fox, Miss Kathy Lohnes and Miss Lessa Brown. Mmes. Joyce Anderson, Regie Adrian, Viola Hinch-en, Franke Kraft, Lorena

**TRAIL RIDERS NEWS**

By Barbara King

As the stork circles over our place, Al and Sharon Clarke become more and more anxious. The arrival of this foal out of their paint mare, Nina Manchada, became even dearer to them this past week. Friday they received word that the sire to this foal and their other colt, Dollar's Dandybob, had died a tragic death. The Washington State Paint Horse Association and paint horse owners will all miss the great stallion, Skip-A-Dollar. Skip was a champion and a credit to the state and the association.

Harry and Loreen Lefler's Quarter horse mare, Pooh-Boh-Ado, was visited by the old bird this past week. This makes three on the ground for them, all sired by their stallion Toney's Tinky. This one, by the way, was a filly.

Bob and Sharon Giger brought their Tiah Mar mare home this weekend. She had been visiting the Arabian stud, Tempo. Sharing the trailer home with her was their new mare. I haven't found out anything about the new one yet, but I did see her and she looks good.

About 40 people turned out last Thursday night at the Wrangler meeting to hear National Park Superintendent, Roger Allin. He gave an interesting account of the cost of maintaining the park trails and preserving the park. Many good questions were asked of him and he gave some interesting answers. After thinking over all that had been said at the meeting, I have even more questions in my own mind. Why, when the park has its own equipment, does it cost \$5,700 to clear a road of snow just one time? Why does the park have 40 men employed to clear trails, when the forest service did not have one third that many and were able to keep the trails in better condition? By the way, it cost the park, (and us) \$44,000 to maintain the trail last year. We, the trail riders and users, would like to know where it was spent.

Mrs. Del Huggins visiting with Mrs. Bertha Palmer from Port Angeles during the Library Tea.

**LIBRARY CELEBRATES 25TH ANNIVERSARY**

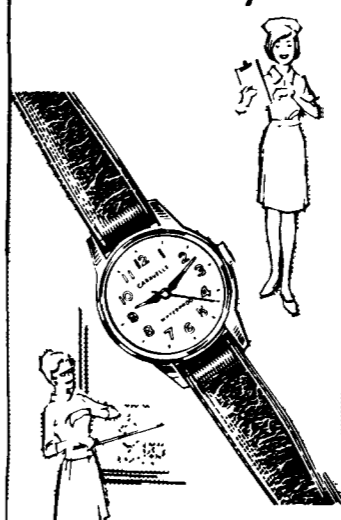

The annual Library Tea was held April 18 at the Forks Memorial Library with approximately 70 people attending. Co-ordinator for the tea was Mrs. Gordon Marsh. A beautiful flower arrangement, made by Mrs. Fred Wahlgen, centered the table. Pouring were Mrs. Del Huggins, Mrs. Nan- sen Anderson, Mrs. D.J. Caulkins and Miss Hope Hodges. The punch was made by Mrs. George Campbell and served by Mrs. Walter Thayne. Mrs. Oral Motteier cut and served the cake, which was made by Mrs. Richard Kallman in the shape of a book, decorated with "25th Anniversary" and green and yellow trimmings. In charge of the guest book were Mrs. Fern Wittenborn and Miss Betty Palmer.

Master of ceremonies was Boyd Rupp who introduced the County Librarian, Miss Hope Hodges, the Children's Librarian, Miss Primrose Bredl from Port Angeles, the Forks Librarian, Mrs. John Miller, the assistant librarian, Mrs. Gordon Marsh. He also introduced the president of Friends of the Library, Mrs. Walter Thayne, County Commissioner D.J. Caulkins and the first Librarian in the present building, Mrs. Rose Sander.

Del Huggins spoke about their recent safari to Central Africa and showed some very interesting souvenirs which they brought back with them. Other displays were wood lathe turning by Bob Dudley, flower and driftwood arrangements by Mrs. Orville Ninke, oil paintings by Mrs. M. A. Corbin and a rock collection by Mrs. Lawrence Brager. Sue Shearer and Chuck Rondeau demonstrated painting with chalk and watercolors.

Out-of-town visitors were: Miss Alice Palmer, Mrs. Bertha Palmer, Mr. and Mrs. Jay Sander, Edna Kelly and Thelma Robinson, all from Port Angeles.

Her time is precious. Her timepiece must be trustworthy.

Her choice? A Caravelle.. of course.

Whether she's timing your pulse or the baby's feeding, every second counts. And Caravelle has the watch she can count on. A special nurse's model named the "Radcliff B". Water resistant, shock resistant, it has 17 jewels, a sweep second hand, full numeral luminous dial, stainless steel back case. And a practical price. **\$15.95**
