**Dr. Leibold Re-elected To AAGP Membership**

Edwin F. Leibold, M.D., Forks has been re-elected to active membership in the American Academy of General Practice, the national association of family doctors. Re-election signifies that the physician has successfully completed 150 hours of accredited postgraduate medical study in the last three years. Members become eligible for re-election at the end of the third year following their election to membership. The Academy, the country's second largest national medical association, is the only national medical group that requires members to keep up with medical progress through continuing education. The Academy, founded in 1947 and headquartered in Kansas City, Mo., has been instrumental in the establishment of a new primary medical specialty in family practice. The new specialty is expected to increase the numbers of family physicians available to serve the public in the future. The Academy's postgraduate education program is the foundation of eligibility for family doctors now in practice who apply for certification in the new specialty.

**LETTERS TO THE EDITOR**

NOTE: Letters to the editor, in order to appear in print, MUST be signed by the writer. If not signed, they will not be accepted.

I wonder how many of 8,000 people attending the Forks 4th of July celebration realized how deserving the losing queen was?

As a witness for the deadline turn in, she was not late and waited for the chosen queen to leave before entering for her checking in. Then she was refused to check out more buttons minutes before the 11:00 deadline. A first come, first serve basis is not a proper way to select under a deadline for selling the most buttons. The last or closest to this deadline should be more deserving as she worked a few minutes longer. The only rule was the girl selling the most buttons prior to the 11 p. m. deadline.

Don Cross  
Box 751  
Forks, Wash.

Editor,

I wish to thank everyone who helped support me by buying buttons in the 4th of July queen contest. At the start of the contest, I was told that the girl selling the most buttons would "reign". I feel that I have not let you, as a supporter, down. I feel that I am also a winner because I, too, sold \$2,000.00 worth of buttons, even though I was not recognized for this by the 4th of July committee.

I feel I could have had the honors if the 6 buttons over \$2,000 had been checked out to me before the deadline. There were two "golden loggers" this year because of a tie. Why didn't they have to have a foot race to break the tie as we did?

I would like to suggest to every girl eligible to be a queen candidate not to run under the same conditions I did. These conditions were not pleasant. But through these, I learned how some people are, and I hope that other girls won't have to learn this way, too.

Hopefully, everyone will understand how I feel and realize that I am not a total loser even though I wasn't chosen by the 4th of July committee to represent your town. Charlene Leppell

**SCHOOL BOARD**

The regular meeting of the Board of Directors of Quillayute Valley School District No. 402 was held June 24, 1971, in the library of the high school. Directors Gaydeski, Fletcher, and Hum were present.

Mr. Gaydeski was appointed

ed chairman of the board.

Mr. Hunt asked if the school board will continue to be three members the balance of the year.

The present board is working on the problem and hope to solve it soon and have five members again.

Mr. Traver presented the proposed intramural program for next year plus the WIAA conference participation guidelines. Program was accepted.

It was decided to provide a season admission ticket to basketball and football games for students in the 6th grade or under attending and sitting with adults at a cost of \$4.

Mr. Hitchcock recommended the board accept final approval of General Contract with Enger Construction Co. subject to receipt of a letter of intent from Bigelow that the carpet will be replaced. Mr. Kelly, Bigelow's representative did not feel there would be any problem in having this done in August and be ready for the start of school. This was accepted.

Possible summer blacktopping projects would be new roadway from primary building, the parking area at north side of intermediate school and either side of the boiler room. These items were part of the building program and there is money in the building fund for this. If the money will stretch, Mr. Hitchcock recommended blacktopping a ten foot strip on south side of primary building. We could also widen the blacktopping walk near the Vo-Ag building and the new gym.

There was discussion on how to service the Upper Hoh bus run next year, private car contract or the small bus. It was felt it would be good to have the small bus at the school and contract out if possible. Mr. Hitchcock was directed to contact people on the run and see if anyone can do it on a contract basis.

Mr. Hitchcock recommended to the board, in view of the fact we do have extra funds at this time, we hire one more staff member at the secondary level. This was proposed under the levy that failed. This person would do part Commercial and English. This recommendation was accepted.

Bids were received on the lighting for annex and elementary buildings and playshed. Olympic Electric bid totaled \$10,020.00 and Fletcher Electric totaled \$11,616.00. The low bid from Olympic Electric was accepted.

Resignations were accepted from Christopher and Gayle Heid, John K. Jaeger, and William M. Thompson.

Teaching contracts were approved for Elizabeth Brown, Philip H. Jacobs, Mary Anne McClaire, Mary K. Schneider and Leslye Anne Stewart.

Mr. Newby presented to the board the idea of having parent-teacher conferences this fall

In lieu of one or two report cards. He felt that to upgrade the school system this is a must. He feels that report cards are a fallacy. There will be some problems that must be solved.

Mr. Newby was directed to have ideas, possible problems, and possible solutions at the August meeting for the board's consideration.

Mr. Hitchcock reported he had received a letter from State Board Against Discrimination covering the items he went over with the S, B, A, D. representative at the last meeting. He signed it and returned it to them. There were other items they were to send to him that had not been received as yet.

Mr. Hum moved to accept the resignations of board members Jon C. Erickson and Hal E. Canaday, Mr. Fletcher seconded and the motion carried.

## JARVIS-WRAY VOWS SAID

After a two weeks' wedding trip to Canada, Mr. and Mrs. Leon Wray are now at home at 401 Taylor Ave N.W., Apt. 4, Renton.

The couple was married June 12 at the Congregational Church in Forks with Reverend Ward Tanneberg and Reverend E. R. Scratch performing the double-ring ceremony in the presence of 200 guests.

The bride is the former Jo-Ann Jarvis, daughter of Mr. and Mrs. Fred Jarvis of Forks. The bridegroom is the son of Mrs. Raymond Wray of Seattle.

White candles and two large arrangements of light and hot pink carnations and pink glad-foil decorated the sanctuary. Hot pink bows trimmed the aisle.

Organist was Dave Gentry. Mrs. Ward Tanneberg sang "Oh, Lord Most Holy," "Hand In Hand" and "The Wedding Prayer".

The bride, given in marriage by her father, wore a gown of Chantilly lace appliqued with beads on white taffeta-lined sata pce. The bodice and sleeves were of Chantilly lace, which also, combined with beads, bordered the train of sata pce. The headpiece of matching lace was made by Mrs. Linda Simunds. The bride made her own gown. She carried a nosegay of white and pink carnations.

Mrs. Joe Hraska, sister of the bride and matron of honor, wore a gathered empire waist dress of pink and white flocked voile, accented with green velvet ribbons and carried a sheath of white carnations.

Other attendants were Mrs. Gerald Dormaier, Mrs. John Simunds, Miss Joyce Barrett, Miss Yvonne Klein, Miss Susan Snow and Miss Juanita Jarvis.

Mr. and Mrs. Phil Stoehr and Mr. and Mrs. A. Richert from Shelton, Paul Morton and Mrs. W. C. Morton from Bremerton, Arnold Stoehr from Bellevue, Mr. and Mrs. Phil Youngquist from Poulsbo.

Also there were: Mr. and Mrs. Marris Flugstad, Mr. and Mrs. Forrest Wills, Mr. and Mrs. Ernie Hraska, and Mr. and Mrs. J. R. Simunds all of Seattle, Mr. and Mrs. Ed Grigg from Grapeview, Mrs. Merle Ellis from Port Angeles, Reverend and Mrs. Herb Crowder from Kirkland, Mr. and Mrs. Robert Slimp from Quinalt and Mr. and Mrs. Albert Slimp from Neilton.

The bride's mother wore a turquoise A-line knit dress of polyester with short sleeves. The bridegroom's mother wore a pink and white evening gown with long sleeves and a full skirt. Both mothers wore a white orchid corsage and white accessories.

Best man was Dr. Herb Johnson. Head ushers were John Simunds and Gary McClelland. Other attendants were Donald Stednke, Paul Flugstad, Dave Sogan and Tom Oldham. All wore formal white dinner jackets with white carnations.

Candlelighters were Mrs. Connerly and Joe Dostal. Flower girl was Pam Loushin, daughter of Mr. and Mrs. Richard Loushin of Beaver. She wore a dress similar to the bridesmaids and carried a white basket of pink petals. Benny Smith, son of Mr. and Mrs. Gary Smith of Sequim, was ring bearer and wore a white dinner jacket.

A reception was held immediately following the ceremony. Mrs. Merle Watson and Mrs. Gordon Richards poured. Miss Linda Watson ladled the punch. Miss Jerry Meyer tended the gift table and Miss Karlyn James was in charge of the guestbook. The cake, made by Mrs. John Kilmer, was decorated in pink and white with a musical box, eight bridesmaids and eight attendants. Mrs. Oscar Peterson, Mrs. Fred Shaw and Mrs. John Kilmer cut the cake.

Out-of-town guests were: Paul Star from Minnesota, Mr. and Mrs. Otto Stoehr and Colleen Holland from California.

### A RECORD YEAR FOR STEELIES

The doctor's remedy for those who have created ulcers as a result of constant worry concerning our depleting large natural run steelhead would be a simple glance over the Washington State record game fish pamphlet. Glancing at the winter-run steelhead column, we find that the top six in size were all taken during the first three months of the 1971 season. I know not the exact date in which these records were first taken, but indication leads me to believe between 1935 and 1940.

Number six on the list of giant winter-runs is a 30 lb., 2 oz. male taken in January. This one comes from the Skagit near Sedro Woolley. The fifth on the list is a 30 lb., 4 oz. buck which was caught in the lower Humptulips last February. Moving up the ladder, we find the number four spot filled with a 31 lb., 9 oz. buck from the Queets River. This fish was a March special. Another coastal stream which has placed on the charts is that of the Quinalt. A 32 lb. male taken last February has the number three spot. Moving up to second place, we find a 32 lb., 8 oz. buck which was taken from the waters of the Skagit in March. The leader of the chart is a 32 lb., 10 oz. male which was taken last March from Cowlitz River.

Up until the 1971 season, the record winter-run steelhead was a 29 lb., 8 oz. monster taken from the Cowlitz in the year of 1967. The second place fish was a 29 lb., 6 oz. steelie taken from the Chehalis River in 1951. Besides these record breakers, several fish were taken from local rivers which weighed in over the 20-pound mark. To sum things up, it was a season for record steelies.

The records listed above are those in which the Game Department has knowledge of. Other record-class fish have no doubt been caught but not reported. The Washington State Department of Game would appreciate hearing of these as well as large fish caught during the current seasons.

### HERE AND THERE

The waters of local rivers are much higher than normal for this time of the season, but those who have taken to these streams have been rewarded with some nice catches. Several have taken limits from the Soleduck and Bogachiel. Nice catches have also been reported from the Quillayute and Calawah Rivers. Amongst these catches of cutthroat and rainbow were a few summer-run steelhead.

Is your family dog missing? Perhaps the domestic creature has taken to the sport of running deer. A sport to the dog, that is, but not so sporting to the doe and her fawn. Young deer are constantly being killed by dogs here in the Forks area as well as in other areas of the state. Perhaps a closer watch on these pets would result with more game for the future.

## Sunset Highlites

By Fred Jarvis

An unbelievable Fourth of July. We had some sunshine! How about that? Hope somebody got a picture of it. Mother dipped into our dwindling supply of berries and whipped up a couple of her scrumptious blackberry pies. They're so good, it was almost a shame to eat them.

Somebody forgot to leave the scores of last week's junior and senior mixed so we won't have much on it except that the team of Mark and Randy Henry, Gordon McCoy and Darrell Thomas have clinched the championships of the league.

In the Staturday Nite Monte Carlo, Max Lewis had the T.V. shot, Louis Lato, Chuck Hamby, Chuck Henry and Arden Prisse all had a shot at the Jackpot money. Guess what? Nobody won.

Clark's Vagabond won eighth place in the NIBC this year, George Richardson and partner set a new high of 1376 in the doubles, Duke and Claude placed 44th, Duke was 21st in the All-Events and George 29th. Not too bad for a bunch of old lumberjacks.

In the Summer Singles here at Sunset Lanes over the weekend, Leta Rondeau placed second, Gerry Banner ????? third and Kathy Decker, fourth. For the men Dave Allen third, Chuck Hamby, fourth and Gordon McCoy, fifth. In the Mixed Doubles, Kathy and Dave were first, Kathy and Gordon, second, Lou and Dick Suchodolski, third, Leta Rondeau and Jess Parris, fourth and Billie and Willis Bryan, fifth. Look's like the Forks bunch was kind of greedy, they didn't leave much for the bowlers from the other alleys.

## Consumer Alert

Attorney General Slade Gorton today cautioned families planning to drive to other states on their vacations to avoid being victimized by a fraud known as "skinning the dude."

Gorton said several Western states have experienced problems with a few service stations near interstate highways which engage in a series of blatantly fraudulent techniques.

The victims invariably are tourists whose cars have out-of-state license plates and who obviously are on a vacation.

The attorney general said his office does not have specific information that such tactics are being used within Washington State. However, officials in other states, particularly Attorney General Gary Nelson of Arizona, have compiled information and evidence--including film footage--of such schemes.

Perhaps the most commonly reported trick is that of "honking" tires, in which an attendant uses a concealed knife, pick or other instrument to cut or slash a tire when the motorist is not watching.

Other prevalent frauds are the "leaking smoke" trick in which a small amount of oil is poured into the engine compartment. The technology is required on certain parts of the motor to create a sudden burst of dense white smoke, causing the driver to believe he needs a new part.

--Shock treatment, in which oil is poured on certain parts to create the appearance that they are leaking and therefore are defective.

--Boiling batteries, in which an alkaliizer is poured into a battery, allowing the attendant to simulate the appearance of a battery going dead.

--Short sticking, in which oil is inaccurately measured, then supposedly filled with what actually is an empty oil can on the rack.

Some stations use freeway "runners" who drive up to motorists approaching certain exits and shout a "neighborly warning" about a wobbling wheel.

Gorton offered five guidelines to persons planning vacations:

1. Have your car thoroughly checked BEFORE you leave on your trip.
2. Don't leave your car unattended at the service station.
3. Question any suggested repairs and, if possible, ask one or two other garages or mechanics for advice, particularly if the suggested repair is a major one.
4. Demand return of the "damaged" part. This may

tion facilities and conventions. He never dresses conspicuously. A folded newspaper, an overcoat thrown over the arm or a handkerchief in the hand are effective deceptive ways of concealing his actions.

A common technique is to work in groups of two, three or even four. The strategy is basically simple. The thieves literally impede their victim by having the first member, called a "stall", stop suddenly in front of the intended target. This causes the victim to bump into the stall. When the victim either bounces off the stall or moves to get out of his way, he is bumped again, this time by the person who will actually make the lift. By bumping into the victim, the pickpocket puts pressure on another part of his body. This pressure, coupled with the distraction caused by the awkward situation, prevents the victim from feeling his wallet being removed.

Persons most likely to be victimized by the pickpocket are those who show they have

money by bragging in public places, by flashing it and women's open pocketbooks revealing it.

Drunk people are also easy prey for the pickpocket. Their ability to react or comprehend what is happening is virtually nil. Old or semi-helpless people are likely victims as well as people asleep in trains or buses.

Vacationers should be especially careful at dusk. The facing light of these few hours makes identification of the culprit extremely difficult. However, don't think that they curtail their activities during the rest of the day, warns Allstate.

Pickpockets work best in warm weather. It is easy for them to remove a wallet when outer garments are not worn.

Clergymen are special targets. After using the bumping routine, the pickpocket can then make profuse apologies and remove the wallet at the same time. Clergymen generally never push back or make a scene.

## Soleduck Ranger Dist. Information

Most roads are open in the Soleduck Ranger District with the exception of the roads in higher elevations which are blocked by winter slides. Roads 300 and 303 require especially cautious driving, as recent application of oil and crushed rock have created a soft, slippery surface. Logging traffic and road maintenance equipment may be encountered during the week. Please drive carefully.

Elk herds are moving higher with the melting snow and have been observed frequently as of late. Rains have kept usage low at both Klahowya and Klahanie Campgrounds and possibilities are excellent for finding a camp site. The campgrounds afford exceptionally beautiful spots from which to view Soleduck's lush green scenery.

Construction of the Pioneer's Path Nature Walk is nearing completion in Klahowya Campground on Highway 101. The theme of the trail focuses on the pioneer history of the Soleduck area and on the valley's verdant vegetation. The trail features relics from the original cutting of the huge timber stands near the turn of the century. On the giant stumps can be seen spring board notches cut to enable loggers to use their long handle saws to fell the ancient trees. The trail incorporates part of the old Snider Jackson Trail, built from 1927 to 1933. The trail was once the only route to settlements on the upper Hoh and Bogachiel Rivers. Pack stock and supply left Snider and travelled 85 miles of mountain trail to reach the area's pioneer settlers. The Pioneer Path Nature Walk is a beautiful example of the successful reforestation following the original logging of the Soleduck Valley. The finishing touches should be put in within a week giving a sign-post narrative explaining the history and development of an excellent cross section of the Olympic Forest.

Thursday, July 1, 1971, was Postal Service Day. A day that afforded John Q. Public the opportunity of actually looking in on what happens behind the postal counter. To most of us, the post office is a lackluster haven housing letters and packages, coming and going. Sheets of stamps and stacks of stamped envelopes, all of which are taken for granted. Postmaster Henry Bechtold estimated approximately 150 citizens strolled through the postal portals between the hours of 8:30 a. m. and 5:00 p. m. The tour turned out to be informative, interesting and colorful. A valuable stamp collection was on display along with a \$5.00 stamp now in use should you need one, and a number of post cards (some leather) dating back to 1902. It was a day for postmasters, past and present, to reflect on progress.

## Tax relief for old and low income

Senior citizens 62 years or older with total 1970 income from all sources of \$4,000 or less will be eligible for full exemption from excess property tax levies on their homes in 1972.

Those with total 1970 income from \$4,000 to \$6,000 may claim exemption from 50 percent of excess levies.

In each case, no more than \$1,680 of the income may be earnings from wages or self-employment.

## POST OFFICE HOLDS OPEN HOUSE

From left to right, Henry Bechtold, Postmaster; Mr. and Mrs. Tom Mansfield, Past Postmaster and Kate Shearer, 1917 Postmistress.

From left to right, Doralie Crisp, Alberta Garbriek, Henry Bechtold, Postmaster, Connie Johnston, Mary V. Rosmond and Rosamond Crippen.

The remainder of the claimant's combined income may include social security, retirement pay or veterans' administration benefits; investment income from capital assets; gifts or inheritances; and net rental income after deduction of taxes and other costs.

Any person whose earned income from wages and self-employment exceeds \$1,680 is ineligible for all exemption benefits.

The definition of earned income is the same as that existing under the former \$50 senior citizen exemption law, and is based on federal social security provisions (42 U.S.C. 403).

Claims for 1972 exemptions must be submitted to the county assessor before August 1, 1971. If mailed, claimants must have them notarized first.

## CONNER RE-NAMED TO COMMITTEES

State Representative Paul H. Conner, 24th district, has been re-named chairman of the reciprocity subcommittee of the interim legislative transportation committee.

Conner has been also named to the subcommittees on aeronautics, fiscal and programming policy, motor vehicle administration, program and budgets, water transportation and toll facilities.
