**Forest Service Recreation Report**

Quinalt Ranger District, telephone, 288-2525, office hours: weekdays, 8:00-12:00/12:30-6:00. Weekends, 9:30-12:00/12:00-6:00.

All roads are open and maintained except for the West Boundary Road #2302 3 miles above Campbell Tree Campground. Because of the summer weather which finally arrived, some roads on the District are dusty. Drive with caution and as a safety measure, use your headlights.

The Big Tree Grove and Lake Quinalt Loop Trails are open and maintained and the Ewell Creek trail is maintained to Mulkey Shelter. For those interested in a short stroll through the rain forest, visit the Big Tree Grove Trail and see nature's splendor at its best.

Falls Creek and Willaby Campgrounds have been receiving heavy use. Camping in Campbell Tree Campground has been light. Fire wood is being sold evenings in Willaby and Falls Creek Campgrounds by a private concessionaire.

Fishing in Lake Quinalt has been very good and average in the nearby river and streams. In the lower elevations wild strawberries, blackberries and huckleberries are ripe, but the wild flowers are now past their prime. Every Saturday night at the Lake Quinalt Lodge, the Forest Service presents a program at 9:00 p. m. Everyone is invited to attend.

Soleduck Ranger District, telephone, 374-6236. Office hours, 8:00-12:00/1:00-5:00, Monday-Friday.

District roads are in fairly good condition. Recent dust oiling on some of the main roads has made traveling them more enjoyable. As always, caution should be used on roads.

Both Klahanie and Klahowya Campgrounds have dried out considerably over the past few days. Use has increased in both areas, but many comfortable sites are available in each campground. Although fishing has not been great the quietness offered in both campgrounds more than makes up for the lack of fish. Within the next few weeks, several new sites are to be opened in Klahanie Campground.

Timber is being harvested on Snider Ridge; empty log trucks are going towards North Point from Snider and down the East Twin Road #312 loaded with logs. Much caution should be exercised on these roads; visitors to the look-out should use pull-outs, sound horns on sharp corners, and listen for trucks.

The hot, dry weather these past weeks has created a hazardous fire condition. Forest users are urged to use caution with camping fires and smoking.

## GRANGE MEETS

The Pomona Women's Activities Club met on Wednesday, July 21, in the IOOF Hall, Ann Slater, State Director of Women's Activities, and Grace Elder were guests. Both ladies are members of Quinalt Grange at Amanda Park.

It was decided to hold next year's conference the week after the State Grange Convention, because too many members are either busy with haying, fruit gathering or away on vacation if the meeting is held at a later date. There was a discussion of Grange participation in the CARE program, and pictures were shown of the current project, farm and home development in Ponomo. "New Eyes for the Needy," a Grange project, was discussed. It is the collection of used glasses, to be made over for those in need of glasses and unable to pay for them. Metal frames in any condition can be used, as well as unbroken plastic frames with lenses.

It was announced that there had been changes in the baking contest rules for next year. Sweet yeast rolls will be called for instead of quick breads, and butter cakes will be specified.

Boys wanted over sixteen for lawn mowing, teenagers for babysitting, and teenagers for assorted jobs. Apply at Teen for Hire, Phone 5077. 43-tfc

Rainfall total thru July 25, 1971, 68.45 inches.

# Forks Forum

VOLUME LXI FORKS FORUM, THURSDAY, JULY 29, 1971 PAGE 1 15¢ NUMBER 48

HERE IN WASHINGTON----The dead roots of a tree that once stood amongst the forest giants now lie tangled at the high tide line. These evergreens have fallen victim to what we know as erosion. As for now the Pacific is rather peaceful. A few small breakers polish the rocks off shore. The scene will most likely remain calm throughout the summer. Calm, until winter storms once again threaten our wilderness beach here in the Olympic National Park. Here in Washington. ----Lonnie Archibald

## Del Hur Const. Co. Vandalized

On July 23, 1971, the Del Hur Construction Co. of Port Angeles reported to the Clallam County Sheriff's Department the vandalizing of a cat and other equipment on the job at 2903 Road approximately 5 miles off Highway 101 from Mary Clark Road. The vandalizing occurred after 8:45 p. m. on July 22, and damage was estimated at \$5,000.

Several items were stolen and all but 2 shovels and 1 ax were recovered on a side road off Burnt Mt. Road. No arrests have been made and the matter is under investigation.

## Coast Guard Proposes Changing Buoys

The Coast Guard is asking mariners to comment on a proposal to establish two lighted sound buoys in the vicinity of Umatilla Reef to replace the Umatilla Reef Lightship.

The proposed change which is outlined in Local Notice to Mariners, #38, would also establish a new long range radiobeacon at the Quillayute River Entrance to replace the present low power Quillayute River Marker Radiobeacon.

A Coast Guard Spokesman said that the proposed changes would provide nearly the same services as the Lightship, with radiobeacon coverage of the area greatly improved. The spokesman also noted that the new equipment would be more than adequate for the safe navigation of vessels transiting the coast and approaches to the Strait of Juan de Fuca.

The present Umatilla Reef Lightship costs \$119,000 a year to operate. The replacement equipment would have an installation cost of \$43,000 with annual maintenance and operating expenses of \$6,500 per year.

The two buoys which would replace Umatilla Lightship would be large radar reflecting types with flashing white lights at different intervals. The range of the new lights would be 6.6 miles. One of the buoys would have a wave activated whistle while the other would have an electric diaphragm fog horn with a one mile range.

The proposed new radiobeacon would have a range of 50 miles.

Mariners are asked to submit comments on the proposed changes to, Commander, 13th Coast Guard District, 618 Second Avenue, Seattle, Washington, 98104; Attention Aids to Navigation Branch.

## SERVICES HELD

Funeral service for Herman Russell Waters, 72, Rt. 1, Box 164, Forks, who died Sunday, July 11, was held at Forks Congregational Church Wednesday, July 14, with the Rev. Ted Ringsmuth serving as officiant, arrangements by Haarper Funeral Home.

Mr. Waters was buried at Modesto, California. He was born December 23, 1898, in North Salem, Indiana, the son of Mr. and Mrs. Ben Waters. His widow, Jane Waters, survives him in Forks, where they have lived for the past 15 years.

Other surviving relatives include two daughters, Mrs. Stanley Dunagan, Big Pine, California and Mrs. Gerald Danielson, Oakdale, California; one sister, Edith Bailey, Alexandria, Indiana, and six grandchildren.

Memorials may be made to the Forks Community Hospital, c/o Forks State Bank, Forks.

## FORKS CITY COUNCIL

The Town Council met Monday, July 26, at 7:30 p. m. in the council chambers at City Hall. The small hall was jammed with not-so-well wishers in regard to the proposed Forks sewer system. The oddity of the evening, in so far as meeting agendas go, was the fact that the proposed sewer system discussion was scheduled as

number six on that agenda. The visitors launched into the subject with great gusto, two or three with more gusto than needed. The council handled the situation with diplomacy. The gusto section was in protest of the proposed sewer system, while the silent minority took mental notes. Some facts were made clear by the council, only landowners would be able to vote on the system when the time came. Letters explaining the assessment to each landowner would be sent to them prior to the final hearing. Announcement of the preliminary hearing will be made well in advance of its date. The council also announced that \$1,900.00 had been spent for the feasibility study.

The council approved the following building permits: Elmer Tracher, \$800.00; Jim Bolin, \$800.00; Jim Strom, \$150.00; Russ Thomas, \$170,000, remodel.

The Town Council would like to remind the citizens of Forks that the next regular meeting of the council on August 9, 1971, is not the preliminary hearing on the proposed sewer system. Honestly! The wheels of progress forge ahead. Whether it be nobler in the minds of those who protest the system, to pollute in the future is a question that can only be answered by a vote, but not yet. Attend the next council meeting; you have to grab all the gusto you can.

## CHAMBER OF COMMERCE

Miss Cheryl Mischeau, Forks 4th of July queen and princesses, Miss Jill Horton and Miss Rene' Kesterson were guests of honor at the Chamber meeting July 21 at the Vagabond. After introducing the queen and her court, president Verl Poole brought up the question about what to do to initiate more membership in the Chamber.

The Chamber will again sponsor Travel Agents Familiarization Tours and hope that by next time be able to show slides of Forks and surrounding areas.

Ms. Larry Hammell expressed her thanks to the 4th of July committee and commented on the interest among the loggers in the "Golden Logger" event, which was a new addition to this year's 4th of July celebration. Verl Poole gave a brief report of the 4th of July celebration and expressed a wish to put up a permanent fence ar-

ound the pit at Tillicum Park. He stressed that the decision was up to the Park Board. The next meeting is scheduled for August 18.

## BURGLARY ON PRAIRIE

On July 15, 1971, Donald W. Coman, an employee of Chinook Resort in LaPush, reported to the Clallam County Sheriff's Department that the repair shop operated by Chinook Resort, located on Quillayute Prairie, was broken into. Items taken were: 1 G.E. radio, tools, and foodstuffs. The Clallam County Sheriff's Dept. retained a search warrant Thursday, July 22, to a residence on Quillayute Prairie and located the tools and foodstuffs. One arrest was made, and one subject is still being sought.

## Heart Fund Memorials

Memorial gifts to Washington State Heart Association totaled \$188,189 for the fiscal year ending July 1, topping the preceding year's figure by \$22,577, according to Dr. Werner E. Samson of Seattle, president of the agency.

Funds received as memorials are used to support research, to provide medical scholarships, to give special training in heart patient care for nurses and physicians and to continue other Heart Association programs.

Clallam County residents contributed \$2,279.11 in memorials to the Heart Association last year. Memorial chairmen in this county are: Mrs. William M. Reynolds, Rt. 3, Box 320, Port Angeles; Mrs. Helen Jarvis, Bank of Sequim; Mrs. Eunice Jones, Box 210, Forks and Mrs. Don Strong, Box 478, Neah Bay.

Each chairman receives memorials by mail or in person. Donations are acknowledged by a receipt to the donor and a card of acknowledgment to the family of the person in whose memory the gift is made.

LETTERS TO THE EDITOR

Editor,

The local paper carries a long list of convictions resulting from our local law enforcement agencies.

Do we as citizens have a right to question these verdicts?

I would believe we have a right to doubt and say why because we are free and responsible and we are the consent of the governed. Verdicts may only be changed through appeal, an unjust law may be changed by the people.

I quote the following from a recent article on "Just law and civil order".

The Function of Law "Representative government is rooted in a system of just and humane laws. To be just and command obedience. Laws must be reasonable, since law seeks to regulate human actions, it must be based on a realistic view of human nature, not on the whim of a person holding authority."

Before I comment on the two cases I would like to add that I believe in the old statement that states and I quote, "Democracy will be safe when he who is not injured is just as indignant as he who is."

I investigated two cases that came before this local court and concluded that I questioned its realistic view of human nature and ability to command obedience."

Two young men twenty years old readily admitted they were guilty of violating the law which prohibits a person under twenty one to have in his possession an intoxicant. They did not complain about the payment of their fines as a result of the verdict.

However, on further questions regarding the trial the first youth could not understand why the arresting officer suggested to the court that he be thrown in jail if there should be a second offense.

The second youth seemed bitter when relating these events which occurred during his trial and jail sentence.

He was charged with littering though this happened on a private parking lot. The charge was added to the citation after he had written his signature. The second youth stated further that he accidentally spilled coffee at the Town Hall where he was being questioned and while attempting to clean up he was attacked from the rear by two officers and thrown in jail.

The second youth complained to his mistreatment regarding the failure of the law to accept his offer to post bail and was detained an extra day in jail and the loss of a day's employment.

As I study the case, I conclude there is a feeling of violence on both sides, the youths and the law.

Now, therefore, if the following statement is true and I quote, "The intuitive wisdom of the people tells them that violence cannot create the non-violent society of love for which mankind longs."

Then any person in any capacity who seeks to destroy the dignity of man through any form of violence is guilty of contributing to the destruction of this great experiment in Democracy, of by and for individuals known as America. Lawrence J. Soderlind, Box 35 Forks, Washington.

Editor, As a fellow newspaperman, I write to request your help in publicizing a worthy effort, the non-profit, educational Genealogy Club of America, a hobby of mine and of many others.

I know the enclosed article would be of interest to some of your readers. Would you please run it for us?

All the Club officers donate their services entirely free gratis to this effort. No one profits financially from it, except your readers who can save time and money through Club membership.

Thanks for any consideration. Sincerely yours, John J. Stewart President

GENEALOGY CLUB OF AMERICA

Residents of Forks and vicinity who are interested in genealogy or local history are invited to become charter members of The Genealogy Club of America.

This is a non-profit, educational club that helps to promote amateur genealogy and preserve local history. Genealogy today is America's third most popular hobby, and the club has members in all 50 states.

Club members are given professional guidance in tracing their ancestry and in preparing family and local histories.

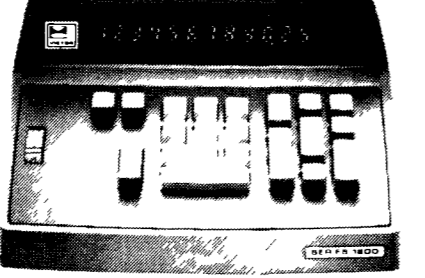

Books, pedigree charts, and other materials useful in this popular hobby are made available to members at considerable savings.

Club members also receive a quarterly magazine with helpful articles by genealogists and historians, and other features of worth.

Those interested in the club may obtain full details without obligation by writing to The Genealogy Club of America, Box L, Logan, Utah, 84321.

If you can match its \$395 price, you can't match its features.

VICTOR 1200 ELECTRONIC CALCULATOR

At this low price, the Victor 1200 offers you advantages unmatched by other electronic calculators. Like easy to read numbers in a Uni Plane display. A conveniently sequenced keyboard so fingers can work faster (with less chance of error). Automatic constants. And a foolproof decimal system.

Where you might forget, the Victor 1200 remembers with a built-in memory bank to accumulate your totals. All this, and more, in a compact calculator that weighs in at 4 1/2 pounds. When you add up all the features, the Victor Series 1200 looks out to a lot more machine for the money than anything else on the market at the price.

Come in today for a free demonstration, or call us for a free trial in your office. PACIFIC OFFICE EQUIPMENT 106 N. Lincoln, Port Angeles 452-9755

LETTERS TO THE EDITOR

Editor, The enclosed check is for another year's subscription to the Forks Forum. Next week it will be eleven years since we left Forks. How time does fly.

I thought our friends in Forks might like to know that Martha received her degree from the University of Idaho this year and was elected Phi Beta Kappa.

At present she and her husband are working here. They will go back to the University this fall. Martha has a teaching assistant appointment and will also work on her Master's degree. Robert will enter the University to complete his education which was interrupted by his military service.

Charles found some work this summer, but as in other areas, jobs are hard to find. It is worse for Charles as he cannot work in the hay. He has no plans for the fall. Does not plan to go back to the University.

Susan keeps the house running during the summer, which I appreciate very much as I am still working full time.

She also keeps busy with piano lessons and this summer is learning to play the trumpet. Last winter, she played a saxophone in band part of the time as well as the clarinet.

She will be a senior in high school next year. We all miss Forks and our friends and wish we could come back often to see everyone.

If any are in this area, we hope they will stop to see us. Blanche Rice Weiser, Idaho

## Home Canning Meats

It's that time of year again, when everyone is interested in how to preserve that extra fish, meat or poultry. Should you plan to can fish, meat or poultry, use a pressure canner, cautions Marie Burnes, Area Extension Agent. Processing times and temperatures in the "Home Canning of Meat and Poultry", Bulletin #106, were developed specifically for use with a pressure canner. Meats canned by these directions will be free of spoilage organisms.

Meat may contain bacteria that cause botulism, a severe form of food poisoning. These bacteria are destroyed when cans or jars of food are processed at a temperature of 240 degrees F for the times specified. There is a risk of botulism from home canned meats if the processing temperatures is lower than 240 degrees F or if processing time is shorter than recommended.

It is not safe to process canned meat in a boiling water bath, an oven, a steamer without pressure, or an open kettle. None of these methods will heat the meat enough to kill dangerous bacteria in a reasonable time, adds Mrs. Burnes.

There is also a risk of botulism if short cuts are taken in canning meats, if untested directions are used, or if processing times are changed.

To control the bacteria that cause spoilage, keep everything that touches meat as clean as possible, reminds Mrs. Burnes. Scrub metal, enamelware, and porcelain pans in hot soapy water. Rinse pans well in boiling water before putting meat in them. Wash knives

and kitchen tools to be used in canning; rinse well with boiling water.

For disinfecting, use a liquid chlorine disinfectant such as Clorox, or Purex or a quaternary disinfectant--such as Co-op Sanitizer or Roccal. Dilute according to directions on the container. Cover wooden surfaces with the disinfectant solution and leave 15 minutes. Wash solution off with boiling water.

Use clean, damp cloths in working with meat. For safety's sake, use only jars which have been tested to stand the high heat and pressures inside the pressure canner.

Cutting boards, wood utensils and wooden work surfaces need special treatment to keep spoilage bacteria under control. Scrape surfaces if necessary, scrub with hot soapy water and rinse well with boiling water. Then disinfect clean surfaces.

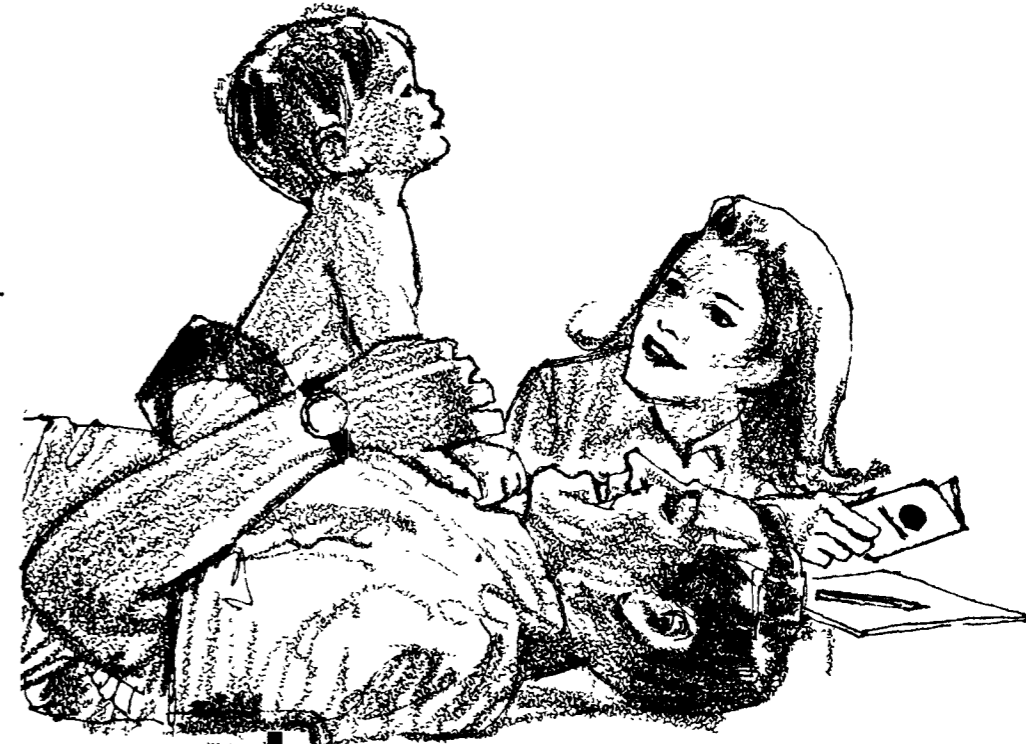

## Senior Citizen Exemption

Registration of senior citizens for 1972 tax exemptions is running only 89 percent of those eligible in the state outside of King County.

A check of 14 county assessor offices Thursday showed that 24,700 of an estimated 65,000 eligible retired and disabled homeowners had been processed for exemption from excess levies payable in 1972.

Deadline this year is July 31.

Sign-ups in King County have been at anticipated numbers. The Association of Elected County Officials said Thursday afternoon that the King County Assessor's office estimated that it has processed 20,000 applications. The Department of Revenue projection for the county was 22,100.

# early birds catch more earnings

Parents who start saving toward college education when their children are still babies can accumulate as much as one year's tuition in earnings alone. And that's a big help these days!

Of course, it's never too late to start. Come in and talk to one of our savings officers. He'll help you work out a realistic savings plan based on your income and family size.

### TYEE-SAPPHO-BEAVER NEWS

MRS. J. E. MERRITT

Correction: The name of the VFW Commander-in-Chief is R. H. Rainwater not "Drinkwater" as written in last week's Beaver-Sappho-Tyee news.

Rev. James F. Bridge, pastor of Westgate Baptist Church, Tacoma, his wife, Marilyn, and children David, Cheryl, Steven and Shannon returned home Saturday after spending a week at Mora Campgrounds. They visited Mr. and Mrs. John Merritt on Thursday and Friday while John was working on Steven's bicycle. David graduated from high school in June and expects to enter Multnomah School of the Bible in Portland in September. Miss Cheryl will graduate from high school next June.

On Thursday of last week the L. R. Eaton's had a surprise visit from Mrs. Mary Arnold of Portland, Oregon. She was accompanied by her uncle Mr. Frank Truhlar, her cousin, Bessie Maxwell and Louis Everett, all from Newark, Delaware.

They had dinner with the Eatons, then visited and stayed overnight at the home of Mr. and Mrs. Henry Echtercamp--Mrs. Echtercamp and Mrs. Arnold are sisters. On Friday they left for Port Angeles, where they visited Mrs. Arnold's brother, Stanley Ruzicka.

Mrs. Clyde Smith returned home Thursday from a visit with her son and daughter-in-

law, Mr. and Mrs. Ken Smith at Lake Forest Park. Karol met her mother-in-law at Edmonds ferry on Wednesday and the two ladies spent the day taking a number of sights mostly in Seattle. Among the places they visited were Farrell's, the Pike Place Market and the Woodland Park Zoo. Ken was not with them as he is attending summer school.

Mmes. Em Irving and Flora Pearce from Olympia, visited Mrs. L. R. Eaton on Thursday, as they were enroute with Mrs. Veri Poole, to Sekiu to visit Mrs. Avery Rogers.

Mr. and Mrs. Rufus Kidd, of Coulee Dam, and Mr. Kidd's sister, Mrs. O. A. Smelling of Port Angeles were Saturday callers at the Eaton home.

Mrs. Shirley Fox, President of VFW Auxiliary District 14, and Mrs. Shirley Sharpes, Senior Vice President of VFW Auxiliary #9106 attended a VFW Auxiliary school of instruction in Bremerton last Friday. While there they visited Mrs. Ann Pumphrey, Senior Vice President of District 14 Auxiliary who was in the hospital.

Mrs. Frances Beebe, mother of Mrs. Stan Newlin, passed away suddenly Sunday evening at Diablo, California. Details next week.

**PUBLIC SERVICE NOTE**  
Please do not call the Fire number at the Fire Station if you want information. The information number is 374-5144, that's 374-6144 for information.

### Alcohol... Menace to the Happy Home?

This is an open invitation to attend a meeting of the Forks Timber group of A1-Anon. This is a group of people who are family or friends of someone with a drinking problem. Their purpose is to study the disease of alcoholism. It's cause; it's effects on the drinker and those near him or her; ways to live and cope with the problem; ways to enrich and improve our thinking and way of life in spite of the problem.

A1-Anon works in conjunction with Alcoholics Anonymous, although they are a separate organization. Members know each other only by first names. The program is basically an informal group therapy with the goal of a happier outlook through understanding. They do not solve individual problems, but hope that during their discussions others may pick up useful pointers in which to ease their particular situation. You will hear stories from members who have been or still are subject to an active alcoholic prob-

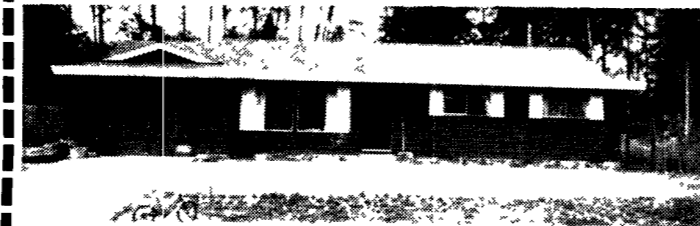

lem. These are people who can identify with each other through a common bond. They understand as the average person cannot. A1-Anon respect anonymity.

Men and women alike are welcome to attend Tuesday nights at 8:00 p. m. The meet-

ings are held at the Prince of Peace Lutheran Church. For further information call 374-6736.

NOTE: Letters to the editor, in order to appear in print, MUST be signed by the writer. If not signed, they will not be accepted.

### In and Around Town

Mrs. Paul Lingvall, 374-6302

Mr. and Mrs. Ralph Warren and family are back after a two week's vacation in California. While there, they stayed with Mr. and Mrs. Jim Foster (former Forks residents) at Oceanside. The Warrens did a lot of sightseeing. Among other things, they took in Disneyland, the San Diego Zoo and took a trip to Tijuana, Mexico. In San Francisco they visited Fisherman's Wharf and Chinatown. On their way home, the Warrens spent a couple of days in Eureka where they visited with Joyce's dad, Mr. and Mrs. Clayton Foster. The last stop before coming home to Forks was Salem, Oregon, where they stayed for a few days with Ralph's sister, Mrs. Roy Markson.

Mr. and Mrs. Walter Fuhrman and family returned July 17 after a two weeks camping trip. They spent the first 5 nights in 5 different states; Washington, Oregon, Idaho, Montana and Wyoming. In Maryhill, the Fuhrmans visited the Maryhill Museum of Fine Arts. Sam Hill, former owner of the museum, bought part of that property from Adria's grandfather. In Butte they stopped to look at an open pit copper mine which they found very interesting, and also took in the mining museum with all its old mining equipment from the old mining town.

And naturally, they didn't miss the Lewis and Clark Cavern located between Butte and Bozeman. From there, Walt, Adria and the children drove to Virginia City and then through the Montana-Yellowstone earthquake area which is mostly left in its original condition since the 1959 earthquake. Other places they visited were Yellowstone Park, Beartooth Mountain and Zortman, a ghost town, where lots of gold mining had been done. Adria found a gold nugget (though Walt says it's a filling from an old miner's tooth). Homeward bound, they drove up through Canada and stayed at their favorite camping spot, Peterman's Camp Ground in Oliver, B. C., and also visited Walt's parents, Mr. and Mrs. Walter Fuhrman Sr., in Ormak.

Visiting Mabel and Clara Maher during the first part of July were Mr. and Mrs. Harold Cutler from California, and over the 4th of July, Mr. and Mrs. Art Bennett from Olympia were their guests.

Mr. and Mrs. Arthur Hardy from Stockton, California spent a week in Forks visiting her sister and family, Mr. and Mrs. Jake Woody.

Mr. and Mrs. Joe Genty returned July 17 after a two weeks vacation in New Hampshire visit-

ing his parents, Mr. and Mrs. E. K. Genty. The Gentys also attended Joe's 10-year high school reunion and between visiting friends and relatives, they found time to take in some historical sights around the Boston and Portsmouth area.

The Forks Congregation slow pitch baseball team went to Chehalis July 16, 17 and 18 to participate in the tournament. Approximately 13 members attended as well as their wives and families.

Samantha Thomas celebrated her 6th birthday with a party at the home of her parents, Mr. and Mrs. Gary Thomas. The little guests played games and had cake, ice cream and punch for refreshments. Helping "Sam" celebrate were Timmy, Patrick and Raymond Adams, Allan Stockman, Shawn, Brenda and Wayne Thomas, Mrs. Lorraine Stockman and Mrs. Jeanette Keene.

Visiting Mr. and Mrs. Dick Adams July 20 were Pat's sister, Mrs. Charles Deck and boys, Todd, Randy and Brad from Eatonville and her mother, Mrs. Harold Schwager from Federal Way. They spent the afternoon at Rialto Beach and really enjoyed the Forks weather.

Mr. and Mrs. Gordon Otos spent the weekend of July 18 attending a family get-together at Seaside, Oregon with Gordon's dad, H. L. Otos, his brothers, Bill, Larry and Tom Otos. The previous week, Larry Mark and Jeff Otos, nephews of the Otos', spent a few days in Forks.

In LaPush, the Booster Club held a salmon bake July 24. The money taken in will go towards Quillete Days which will be held in the latter part of August, and towards anything that concerns sports. At the present time there are 5 candidates running for queen; Terr Penn, Earline Penn, Rosita Ward, Bonita Cleveland and Winneferd Ward. The club is also trying to raise money to get better T. V. reception and whatever money they can raise, the Quillete tribe will match.

A baby shower was held at the Vagabond July 20 for Mrs. Chuck Jennings (formerly Patsy Post) and their newly adopted baby boy, Scott Allen, 3 1/2 weeks old. The old familiar bird, the stork, decorated the table, and the favor cups and cake, made by Mrs. Aggie Clausen, were also decorated with a stork. Hostess for the shower was Mrs. Robert Morgan. The guests played games, and those attending were: Mrs. Margaret King and daughter, Mrs.

Jane Cassell, Mrs. Mildred Post (the baby's grandmother), Mrs. Alta Meyer, Mrs. Dorothy Barker, Mrs. Linda Gibbs, Mrs. Emalie Robbins, Mrs. Emily Barker and Miss Bonnie Loshonkohl.

Kenny and Gloria Kroll (formerly Gloria Robbins) have moved to Sultan. Their address is P. O. Box 264, Sultan, Miss you!

Leonard Kelso is at Seattle General Hospital undergoing treatment.

### Pen. College Admits New Students

To date, 315 new students have been admitted to Peninsula College for fall quarter, 1971, as announced by Floyd F. Young, Dean of Instruction. In addition, 260 students who have previously attended Peninsula College have indicated that they will return. Applications for admission will be accepted until classes start on September 22 or the particular program has the maximum number of enrollees. Students accepted earliest will receive preference in assigning registration appointments. Registration appointments will be mailed in August.

New students admitted from Forks are:  
Bruce K. Dunlap, Mary J. Engel, Deborah L. English, Sherry K. Gustafson, Chester A. Hunt, Donald L. Hutt, Anita L. Klahn, Karen D. LaChapelle, Luetta J. Maris, Patti L. Merriek, Thomas M. Perkins, and Michael M. Simmons.

### Silver Anniversary Held

An open house was held July 18 in Stanwood for Mr. and Mrs. Alan Whitehead of Forks, who celebrated their 25th wedding anniversary. Attending were friends and relatives of the couple. It was hosted by their daughters, Mrs. Laurie Rollins, Mrs. Shelly Robson, Mrs. Alana Rick and Mrs. Bertal Larson. Cutting the cake was Mrs. Betty Mae Sedy who also cut the wedding cake 25 years ago. Serving were Miss Diana Martin and Miss Susan Martin, nieces of the anniversary couple. Both Mrs. Elsie Whitehead, mother of Alan Whitehead, and Mrs. Whitehead's parents, Mr. and Mrs. Bertal Larson, attended the open house.

Earlier that day, the Whiteheads attended a family reunion at Monroe and were also remembered in honor of their anniversary. Approximately 50 people attended the occasion.

### Girl Scout Camp Registration

Girl Scout Day Camp will be held August 2 through August 6 from 9 to 2:30 daily. Activities will include outdoor cooking, first aid and safety, songs, music, arts and crafts, hikes, and an overnight campout for older girls.

Register with Ingrid Lingvall in the Mansfield Addition. For information call 374-6302.

## OUTDOOR LORE

By Lonnie Archibald

### ABOUT THE CUTTHROAT

Rivers are many here on the western slopes of the Olympics but then so are the fishermen. Steelheading would have to rate as the most sought after fresh water fish, but a close runner-up is no doubt that of the cutthroat.

Cutthroat are easily identified by the orange or red slash mark usually visible under each side of the lower jaw. This characteristic, however, does not always hold true. Many sea-run cutthroat do not display the colored slash marks. The spots of the cutthroat, unlike that of the rainbow, are larger and concentrated toward the tail. Back and sides of this well known fighter ranges from gray to bluish. Most sea-runs contain silver bellies while the under portions of natives are generally yellowish or cream in color.

We catch 'em this big in the Soleduck.

The cutthroat are found in nearly all waters of the west Olympic Peninsula. Ponds, streams, lowland and highland lakes all contain these tasty game fish.

Cutthroat support the widest assortment of color patterns of any trout species.

In some lakes like that of Lake Crescent, cutthroat may weigh up to ten pounds. The Hoh, Soleduck, Bogachiel, Calawah and Dickey support both native and sea-runs. In these streams, it is not uncommon to lure in 18 or 19 inch fish. Most sea-runs will run in the 12 to 16 inch bracket. Cutthroat exceeding 20 inches have also been taken from the local streams.

## Sunset Highlites

By Fred Jarvis

Seems like every weekend now, Mother and I take off for some place. This time it was to Seattle to see Linda and Joe Cerami who are moving to California. Joe treated out local bowlers to some of his trick shots and did some instructing a few times this past winter. Real nice people. We sure hate to see them leave.

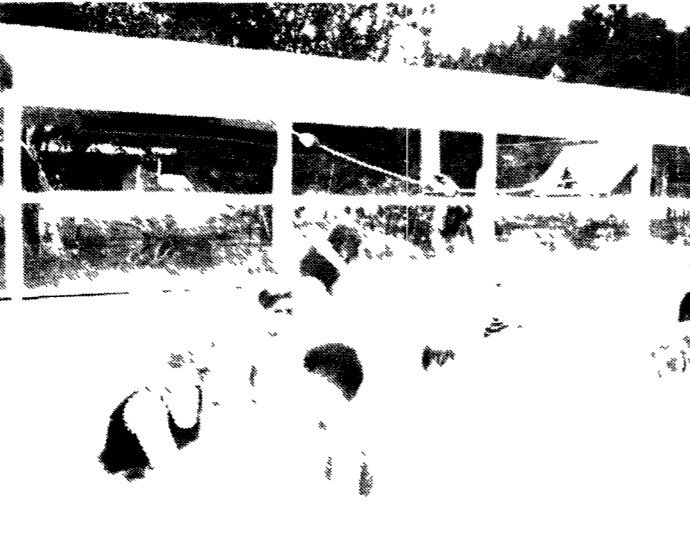

Some run of luck at Saturday Nite Monte Carlo. Sally Nagel got the T.V. shot and Jean Streeter, Duke Streeter, Margaret Sorrell and Louis Lato all had shots at the Jackpot, altho may be not in that order. The law of averages says somebody has to get it pretty soon.

Guess I pulled another boo-boo last week. Seems like it was Kathy Decker who teamed up with Dave Allen for second in the mixed doubles at Sequim. Sorry Barb, I tried.

Sam Bugge, proprietor of Sequim Bowl is having his leg amputated this Friday and I thought it would be nice if some of you that know him would send him a card at the Olympic Memorial Hospital in Port Angeles.

THE FORKS PONY LEAGUE CHAMPS ---The team has a 6 and 2 record. The entire league would like to thank the men who gave up so much time to umpire all the games. Thank you. Front row, left to right, Greg Woody, Leif Strohl, Randy Lato, John Kushan. Second row, Joe Russell, Luke Zepeda, Matt Zepeda, Joe Haberman, Brad Swerin and Wade Gilmore. Back row, Coaches Louis Lato and Clayton Russell. Members not pictured, Tod Hunley, Greg Howard, Darren Richards and Brian Richards.

SWIM CLASSES--Swim classes are in progress at the Town Motel for the special education class. Instructor is Roy Mohondro and several youngsters from the school are helping.

### GOD'S WORD MADE CLEAR

### LEGAL NOTICE

NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00

Notice is hereby given that on Monday the 9th day of August, 1971, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

LEGAL DESCRIPTION: The sale is composed of all trees marked with orange paint comprising approximately 37,000 board feet of hemlock on parts of the following: NW1/4 SW1/4, SW1/4 SW1/4 of Sec. 35 Twp 27 N., Rge. 12 (W), W.M., Jefferson County, Washington.

CASH SALE  
Forest products will be sold on a cash basis.

Minimum acceptable bid will be \$1,020.00.

On or before August 9, 1971, at 10:00 a. m., each bidder must make a minimum deposit of \$102.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc., are to be made payable to the Commissioner of Public Lands.

BOND: On the day of sale, the purchaser must also furnish a cash bond of \$200.00, in the form of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale.

Any sale which has been offered, and for which no bids are received shall not be re-offered until it has been re-advertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a. m. and four o'clock p. m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Forest products must be removed prior to November 30, 1971.

Located approximately 35 miles by road south of Forks.

Accessibility Via Department of Natural Resources Access.

A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

BERT L. COLE  
Commissioner of Public Lands

Published Thursday, July 29, 1971, in the Forks Forum, Forks, Washington.

NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00

Notice is hereby given that on Monday the 9th day of August, 1971, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

LEGAL DESCRIPTION: The sale is composed of all trees marked with orange paint comprising approximately 25,000 board feet of cedar on part: NW1/4 NW1/4 of Sec. 21 Twp. 26 N., Rge. 11 (W), W.M., Jefferson County, Washington.

CASH SALE  
Forest products will be sold on a cash basis.

Minimum acceptable bid will be \$750.00.

On or before August 9, 1971, at 10:00 a. m., each bidder must make a minimum deposit of \$75.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders.

On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc., are to be made payable to the Commissioner of Public Lands.

Any sale which has been offered, and for which no bids are received shall not be re-offered until it has been re-advertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a. m. and four o'clock p. m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Forest products must be removed prior to November 30, 1971.

Located approximately 25 miles by road south of Forks.

Accessibility Via Department of Natural Resources Access.

A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

BERT L. COLE  
Commissioner of Public Lands

### LEGAL NOTICE

NOTICE OF INTENTION TO SELL CLALLAM COUNTY PROPERTY

Notice is hereby given that the Board of County Commissioners of Clallam County, Washington believe it to be the best interests of Clallam County and the people thereof, and it is their intention to sell the following described real property of Clallam County:

Lots 5 through and including Lot 17, Block 3, Park Lane Addition to Sequim (a Sub-division on Sub Lot 9 of Central Plat of Sequim) Clallam County, Washington.

Notice is further given that the Board of County Commissioners will meet on Thursday, the 12th day of August, 1971, at the hour of 11:30 a. m., in their offices in the courthouse, Port Angeles, Washington, to hear and determine the advisability of making such sale of said property.

By order of the Board of County Commissioners of Clallam County, Washington, dated this 22nd day of July, 1971.  
R. W. LEACH, P. E.  
County Road Engineer  
Published Thursday, July 29, 1971 and Thursday, August 5, 1971, in the Forks Forum, Forks, Washington 98331.

### STUMPAGE PRICES DROP

"Stumpage prices for state timber have dropped again", announced E. C. Gockereil, North Olympic Area Supervisor for the Department of Natural Resources.

The Forks district sold 345, - 375,000 bd. ft. of state timber for \$15,435,000 during fiscal year 1971 ending July 1. Average stumpage was \$44.66 per thousand board feet. This was down from \$53.19 per thousand received the previous year and way down from the record high \$74.24 per thousand received fiscal year 1969.

"Export demand for logs fell off and a slow domestic market are the reasons attributed to the lower stumpage prices," added Gockereil.

Over 100 miles of road and several bridges must be constructed as a condition of the timber sales contracts. Value of these improvements is estimated at \$2,400,000.

Most of the timber sold was hemlock and silver fir comprising 74%; cedar comprised 16% with the remaining amount of 10% being Sitka spruce and Douglas fir.

"We have got further back in the mountains" said Gockereil, "so logging and road building will be rougher. Eventually 20% to 30% of our logging shows will have to be skyline type because of long yarding distances. We simply cannot build roads on mid slopes which trigger slides into streams during our wet rainy season--so this necessitates the long yarding."

## OLYMPIC SEED CO. RASPBERRIES

Packed fresh every day in 5#, 10# and 28# cans.

Hot weather could cause short crop.

# CANINE AND EQUINE

By Sharon Clarke

There is something special about the understanding and attachment that grows between a horse and rider when they spend many hours together. Here is an account of such a relationship between a woman and her mare. A recent local accident broke up this partnership, as only death can do.

**In Memory of a Horse---** Until recently, I owned and was owned by a little gray mare. It seems beyond endurance that she is gone. I loved her and contrary to what some people think possible, she loved me. You had to see the expression of disdain and invitation in her eyes when she watched me ride another horse, to truly understand. We were not only friends, but working partners and equals. The little mare was remarkably athletic, and intelligent, with a whole lotta just plain horse sense.

She got us safely out of some real tight spots that I got us into. She was a top trail horse, a pleasure horse and a show horse for me. She wasn't a beautiful animal, but had all the qualities needed--a powerful, supple body, fine strong straight legs, a tremendous heart and a homely, but loveable head--a lot of horse. She had a temper and a sense of humor, too. She occasionally refused what I asked of her; there was also more than one prank pulled on me. Once she stepped on both of my spurs and held me right there till it

suit her to let me go. Also, I was butted into more than one creek. Even with all her antics, she never once hurt me or anyone else, including my small children, who made her very nervous. Even in her violent death, her rider was thrown clear and received only a few scrapes and bumps.

The accident that took her from me at a mere 8 years old was completely freak. There is absolutely no one to blame, not even herself. Misty was a very special horse.

I sincerely thank all my friends and the horse lovers of the area for their wonderful help and understanding in my recent disaster.

Linda Stanley  
Note: Thank you, Linda, for sharing your feelings with us.

## FORKS POLICE COURT

## LEGAL NOTICE

LEGAL NOTICE  
FORKS COMMUNITY HOSPITAL MEDICAL BUILDING  
DATE OF BID OPENING, AUGUST 30, 1971  
MEDICAL BUILDING FOR FORKS COMMUNITY HOSPITAL  
FORKS, WASHINGTON, General Construction Mechanical Work and Electrical Work  
INVITATION FOR BIDS

Sealed bids in duplicate for the Construction of a Medical Building for Forks Community Hospital in Forks, Washington, will be received by Willard Perry, Superintendent, Forks Community Hospital, Forks, Washington until 8:00 p. m. Pacific Daylight Time, August 30, 1971, and at said time and place will be publicly opened and read aloud. (Combined bids will be received for General Construction, Mechanical Work and Electrical Work.)

Drawings, specifications and Form of Contract Documents for this work may be obtained from or examined at the Office of Jack Woodman and Associates, Architects, 410-104th Avenue, S.E., Bellevue, Washington, 98004. Contract documents may be examined at the following offices:

1. Associated General Contractors, 215 West Harrison, Seattle, Washington.
2. Plan Bureau, 172 Mercer Street, Seattle, Washington.
3. Northwest Plan Center, 1925 Eighth Avenue, Seattle, Washington.
4. Associated Sub-Contractors of the State of Washington, Inc., 2340 South Tacoma Avenue, Tacoma, Washington 98402.

A deposit of Fifteen Dollars (\$15.00) per set for drawings and specifications will be required from each prime bidder. This deposit will be returned to him upon the return of the drawings and specifications in good condition to the Office of the Architect.

Complete sets, on the deposit basis, will be issued to Prime Contractors only. Sub-Contractors and materialmen will be issued complete or partial sets, if desired, on the payment of the printing costs. All documents, whether issued on the deposit or cost of printing basis, must be returned to the Office of the Architect two weeks following the date set for opening of the bids.

Each bid shall be accompanied by a certified check, cashier's check, or Bid Bond, payable to the order of Public Hospital District No. 1, Clallam County, Washington, for a sum not less than 5% of the amount of the bid, and no bid shall be considered unless accompanied by such check or Bid Bond. Public Hospital District No. 1, Clallam County, Washington, reserves the right to waive any informality in, or to reject any and all bids.

## TRAIL RIDERS NEWS

By Barbara King

I finally decided that I've been lazy long enough. Time to get busy and do some writing. Lots of things have been happening, and I am way behind as usual.

I would like to extend a word of sympathy to the owners of the three fine horses that have passed away recently. I know that all of the horse owners in the area have felt these losses as if they had lost their own favorites.

Sharon Clarke, Glenn and I, took Dollars Dandybob and our Bramble Star to McMinnville, Oregon, to the Oregon Paint Horse Clubs All Paint Horse Show. Sharon and Dandy came home with a 1st place, a reserve junior stallion, a trophy, and a 2nd place. Nice going! Our Star did just as we were sure she would... nothing. Oh well, we had a wonderful time and met a lot of nice people.

More new horse owners in the area. Brian Miller has a new Quarter Horse bay mare nicknamed Squeak. Squeak joins another bay Quarter mare, Sis. Lisa Rourke has a new P.O.A. named Dee. He is a lovely grey. Mrs. Esther Floe has a new American Saddlebred-Tennessee Walker gelding. A lovely chestnut called Go Go. Larry English has a new Appy gelding and I didn't get his name or color. A big welcome to all of you, and we are looking forward to having you join us on the trails and in some friendly competition.

Speaking of competition, the county fair is rapidly approaching. This year, there will be an open horse show the last day of the fair which is August 29th. Classes at halter will include Appaloosa, Quarter Horse, Half-Arab, Arabian, and Fitting and Showing. Other classes will be Western Pleasure, Equitation, and a Reining-AQHA Pattern No. 2. Come, all of you West End people; you can ride as well and have the animals to take home the trophies and the ribbons!

## VFW MEETS

Fletcher-Wittenborn Auxiliary to Post #9106 met in regular session in the "cool backyard" of the Bill James' on July 19th. Unusual, but enjoyable.

Preceding the meeting, president Martha Lewis presented a check to Erwin Thrush from the Department of Washington for his efforts in acquiring money for the Auxiliary. Mrs. Thrush has brought many candidates into the unit.

As this was the first meeting following the Department convention, the new corps of offi-

cers took their stations and conducted the meeting.

The following reports were given:

Hospital chairman Norma Burr said many members had visited patients in the hospital and taken flowers, plants and gifts.

National Home chairman Sybil Merritt announced that the Washington cottage at the National Home in Eaton Rapids, Michigan was vacant at this time. All the children and the house mother had left to resume residences in other places.

Extensive reports were given by Shirley Fox, Martha Lewis, Shirley Sharpes and Jackie Simmons who attended the Department convention in Aberdeen.

Of the many awards received in District #14, the following were awarded to Fletcher-Wittenborn: Shirley Fox was installed as president of District #14; Martha Lewis was appointed a VIP page to serve at the convention and was proclaimed one of the "Presidents of the Year"; Jackie Simmons was appointed one of the "Treasurers of the Year"; Shirley Fox received an award for the Auxiliary as chairman of the Voice of Democracy program; Shirley Sharpes received a check and an award for 100 percent in membership; Daisy Klahn received a check and an award for publicity and also one for publicity chairman.

Past District President Hettie Manser of Port Townsend was chosen one of the "District Presidents of the Year". Many other citations were received by the Auxiliaries in District #14.

The reports of the convention were varied and detailed and very interesting. Glee Dole, a former member of Fletcher-Wittenborn, was greeted by the members attending.

District president Shirley Fox will attend the school of instruction scheduled for July 24th and 25th in Bremerton.

Following the meeting, the group adjourned to the house and enjoyed birthday cake and coffee in honor of Fern Wittenborn, Mabel Dankert and Sybil Merritt. Visiting was enjoyed.

The next regular meeting of the Auxiliary will be August 16th in the VFW Hall (weather permitting).

## What To Do About Stolen Cars, Bad Checks

The Town of Forks has approximately 2 auto thefts per month. What do you do if your car is stolen? Within city limits, you would contact the town marshal and as soon as possible go to the office and sign a stolen waiver. This has to be done before it can be put over the teletype. In the meantime, the town marshal will alert the sheriff's office, the highway patrol and the police department in Port Angeles. If outside city limits, contact the sheriff's office and the same procedures are applied.

According to Marshal Huson, the biggest offense in Forks is speeding and he suggests if you see somebody speeding, get the license number and the description of the car and report it. Offense No. 2 is fighting and the third is drunk in public.

The marshal's office also handles a tremendous amount of bad checks. It would be a big help if businessmen would: 1. Accept personal checks only; 2. If no address, get it from the person's driver's license; 3. Two pieces of identification; 4. Turn received checks in daily to the bank. Speed is very important in handling checks.

The office in Forks will handle no checks if there has been an agreement to hold the check. If the check bounces: 1. Contact the person who wrote the check immediately (preferably by registered letter); 2. Give local subjects 7 days to make restitution on the check and 10 days for out-of-town people; 3. When time is up, turn check over to the marshal's office by signing a larceny by check complaint.

Once turned over, restitution is to be made only to the marshal's office. This is to avoid cases where a subject is arrested and brought to jail, then it is found that restitution has been made to the complainant. The marshal has been able to get 90 percent restitution for the businesses.

Several incidents have been recorded where the businessmen held the check too long, and while the officer was able to get restitution on other checks written, he was not able to get restitution on the held checks because of the time involved. So again, speed is very important.

In case of happenings outside city limits, contact the sheriff's office.

The highway patrol, sheriff's office and the town marshal's office have radio contact with each other, so if you are unable to contact one agency, call the other.

The town marshal's office tries to maintain the telephone

Don't hesitate to call and report something suspicious. Let the law decide if it is important or not.

No matter how many outside calls the marshal has, he checks in at the office at 10:00 a. m. daily, so if anyone has a complaint he wants to talk over with the marshal, he can do it at that time.

## State Park's Alcohol Rules

New rules limiting the use of alcohol and prohibiting glass and metal containers on swimming beaches will be enforced in Washington State Parks beginning Monday, August 9.

The 1971 Legislature removed State Parks from the category of "public places" where State Law prohibited the opening and consumption of alcoholic beverages. As a result, midnight, August 8, will end the last legally "dry" day in State Parks.

To provide for suitable regulation of alcohol use when it becomes permissible in the parks for the first time in the state's history, the Washington State Parks and Recreation Commission, July 19, approved rules to become additions to chapter 352-32 of the Washington Administrative Code, as follows:

"Opening or consuming any alcoholic beverages in any state park area shall be prohibited except in the following designated areas and under the following circumstances:

"In designated campgrounds, by registered campers or their guests;

"In designated picnic areas, which shall include those sites within state park areas where picnic tables, benches, fireplaces and/or outdoor kitchens are available even though not signed as designated picnic areas; and

"In any building operated and maintained under a concession agreement, wherein the concessionaire has been licensed to sell alcoholic beverages by the Washington State Liquor Control Board, and where the dispensation of such alcoholic beverages by such concessionaire has been approved by the Commission.

"Being or remaining in, or loitering about in any state park area while in a state of intoxication shall be prohibited."

State Parks Director Charles H. Odegaard said no concessionaires are licensed to sell alcohol in state parks at the present time.

Odegaard said letters protesting liquor in state parks have been received, and added, "We don't know what enforcement problems we may have." But he said state park officials in California and Oregon, where there are no restrictions, told him they have very few problems.

The Parks Chief explained

that the rules will confine drinking to those areas where facilities for enjoying food and beverages are already available. Alcohol will not be allowed in areas such as swimming beaches, trails, interpretive centers and resident youth camps.

Another new rule provides that "the use or possession of any food or beverage container consisting wholly or in part of glass or metal is prohibited on any beach within any state park area, where such beach is designated as a swimming area, or where such beach is customarily and generally used as a swimming area by park patrons though not designated as such."

Odegaard said this rule is a safety measure prompted by the Commission's concern for the potential of injury from any type of glass or metal imbedded in sand. He noted, "It will help to reduce litter in swimming beach areas and eliminate the most dangerous type of litter."

Neither the restrictions on drinking nor the ban on cans and bottles apply, Odegaard said, to any part of the Seashore Conservation Area as defined under 1909 law which made the Parks Commission responsible for preservation and recreational development of the state's ocean beaches.

Use 'Timed Intervals' To Keep Safe Distance

Leaving too little room between cars sets the stage for one of the most costly and involved types of all traffic crashes—the rear-end collision. It accounts for more than one-

third of all traffic mishaps today and one-half of the resulting injuries. To keep a safe distance between cars and avoid rear-end collisions, Kent Stoner, Manager of the Allstate Motor Club in Seattle, suggests that drivers apply the theory of the "timed interval" when driving.

The "timed interval" works at any speed, Stoner pointed out. "It's based on the distance cars travel in a given length of time. A car traveling 40 m.p.h. covers 120 feet in two seconds. At 60 m.p.h. it covers 180 feet in two seconds. Each distance is what the experts recommend for safe following distance at that particular speed."

Stoner said that if a motorist keeps a two second interval from the car ahead he will be following safely. He gave this advice on how to use the "timed interval":

1. Notice the car ahead as

it reaches some fixed object (a sign, tree, etc.) on the roadside.

2. At that moment, count at a medium pace---one-thousand and one, one-thousand and two, etc., until your vehicle reaches the object. (Each count approximates a second.)

If your vehicle passes the object before the count of one-thousand and two, you are following too closely, Allstate's manager said. "Ideally, at the count of two your car should reach the object. In bad weather, or with poor highway conditions, extend the interval to from four to six counts, to allow for increased stopping distances."

LCU MARSH PRESENTS THE FORKS MEMORIAL LIBRARY BOOK CRITIQUE EACH DAY ON KVAC AT 9:00 A.M.

**SERVICE NEWS**

Army Reserve Lieutenant Colonel Thomas H. Mansfield, Jr., whose parents live in Forks, completed the final phase of the command and general staff officer course at the U.S. Army Command and General Staff College, Ft. Leavenworth, Kansas, June 26.

The course is organized into 10 phases and given over a five-year period either by correspondence or through the U.S. Army reserve school system. The final two-week phase is conducted at Ft. Leavenworth.

The training is designed to prepare selected officers for responsible positions at division and support command levels. It also provides them with an understanding of the duties of corps and field Army general staff officers, and of Army participation in joint and combined operations.

He and his wife, Dolores, live at 6304 189th S.W., Lynnwood, Washington. He received his B.S. degree from the University of Washington in 1950. He is employed by Texaco, Inc., as a sales supervisor.
