LETTERS TO THE EDITOR

NOTE: Letters to the editor, in order to appear in print, MUST be signed by the writer. If not signed, they will not be accepted.

Editor,
An article by Congressman John G. Schmitz (Col.) shows that spokesmen for large church organizations defeated the prayer amendment to allow voluntary prayer in public schools.

When a statement against the prayer amendment came to the floor of the House from the U.S. Catholic Conference, Cong. Schmitz, who is a Catholic, telephoned the Washington office of the Conference to see how many bishops had been consulted, on whose authority they had spoken for the whole Catholic church against prayer in schools.

He found that the secretary of the Conference, consulting only the five members of the executive board, had been authorized to speak for all the bishops representing the host of Catholics in the U.S.

His investigation showed a similar situation with other large church groups.

The simple prayer, approved by the New York State Board of Regents said, "Almighty God, we acknowledge our dependence upon Thee, and we beg Thy blessings upon us, our parents, our teachers and our country". Any denomination could say this prayer without violating their beliefs, any one except the atheists who started the fight against prayer in school. This was ruled unconstitutional by the Supreme Court in 1962.

The next year the Court ruled in favor of the famous atheists, Madalya Murray, who later made such a fuss about the reading of the Bible by the astronauts. The 1968 decision forbids the Lord's Prayer in schools.

A series of lower court decisions trying to get these Supreme Court decisions declared unconstitutional, have been brought up but the Supreme Court has refused to review them.

Prominent people from all church organizations sent letters and telegrams to Congress favoring the prayer amendment but it was defeated by the high church bureaucrats who said they represented the people. They should represent the people who furnish the money but too often groups like the National Council of Churches expect the people in the demonstrations under them to think as they think. When you line their declaration of world wide purposes up beside the Communist list it is hard to tell the difference.

In speaking of the defeat of the prayer amendment Cong.

Schmitz said, "Most church members--are not against prayer in public schools. But many of the largest organized churches have allowed their spokesmen to put them on record as against it."

The result was to exclude prayer from public schools for the indefinite future, and for this, those responsible are going to answer someday, somewhere--if not to their people or to Congress, then ultimately to Him, who said, "Suffer the little children to come unto me, and forbid them not, for of such is the Kingdom of Heaven."

TREE CUTTING PERMITS

The Soleduck Ranger District on the Olympic National Forest does not require an individual Christmas tree cutting permit for five trees or less. To cut more than five trees, a person should obtain a commercial permit from the Forks Ranger Station. The Quilcene District requires an individual permit which can be obtained for \$1.00. These permits may be obtained during the week or on the weekends of the eleventh or twelfth and the eighteenth and nineteenth at Quilcene. In addition, roving patrolmen will have permits to issue.

Because there is much private and National Park land intermingled with the National Forest, one should have a map to be positive he is cutting on National Forest land. Maps may be obtained at either the Quil-

cene Ranger Station, Snider Work Center or the Forks Ranger Station. Most private landowners do not allow tree cutting on their land. No cutting is allowed within the Olympic National Park boundaries.

The most attractive trees are on the seven or eight year old plantations. Trees should be cut at ground level and away from main roads. To assure an adequate cover, a live evergreen tree should be left within about fifteen feet of the cut tree. Because of the small number of trees and the poor quality of the site, it is requested that no trees be taken north of Road 301 in Bondu Flats on the Soleduck District. On the Quilcene District some areas are posted no cutting. Additional information may be obtained by contacting the

CHURCH NEWS

One of the big events of the year for Jehovah's Witnesses in the Forks area, according to Charles Meinzer, local presiding minister, will be the circuit assembly which is scheduled to begin December 31. Meinzer said arrangements have been made to hold the three-day convention at the Coontz Junior High School in Bremerton, and all 17 congregations in Washington Circuit #1 will be attending.

The featured speaker will be Malcolm Van Ike, an official from the Watchtower Society's headquarters in Brooklyn, New York. He has been a minister since 1940, and has traveled extensively in the United States either as a Circuit or District Supervisor for the past 16 years. Having been specially trained at the Bible School of Gilead in New York, Mr. Van Ike brings both the education and the experience necessary for discussing the modern-day applications of Bible prophecy. A number of other ministers will share with him in the program.

Convention officials estimate an attendance of 1500 for the public lecture on Sunday afternoon. All sessions of the assembly are free, and open to the public, and Mr. Meinzer urged visitors and friends to attend.

1925, he moved to the Forks area being employed as a sled builder, carpenter and scaler by Bloedell Donovan Timber Company. On moving to his present home, they operated a small grocery store and Avery was employed as a state scaler. His later years he presided as Justice of the Peace and Judge in the Forks area, retiring in January, 1971, because of ill health.

He passed away at his home on December 5, 1971, at 4:30 p.m.

Avery was a lifetime member of the Veterans of Foreign Wars of the United States, a member of the Congregational Church, and a member of Forks Prairie Grange #1139.

He received the Master Mason degree on October 24, 1944, at Port Angeles Lodge #69, later transferring to Mount Olympus Lodge #293 at Forks, Washington.

He is survived by his wife Buelah, a daughter Wilma Ella Shipley, a grandson Craig Glenn Smith and wife Wanda, two great-grandchildren, Barry and Angela all of Forks.

Pallbearers were: Robert Hall, Jack Orr, Herbert Beebe, Boyd Rupp, Robert Dudley, and Warren Paul.

CHRISTMAS TRAILS CONTEST

The Bogachiel Garden Club will sponsor the Christmas Trails contest again this year. There will be no official entry blanks to fill out as in the past. Just decorate the exterior of your home, and judges will make the rounds of Forks and its immediate area December 23 to consider all displays.

Moody's Nursery, Leppell's Distributing and the Bogachiel Garden Club offer top prizes in each of 3 categories: windows, entryways and overall decorations. Either secular or religious themes will be acceptable and in case of a tie, equal prizes will be given.

The garden club suggests that elaborate and expensive designs are by no means always the best. Remarkable effects may be achieved by using scraps and imagination. The principle requirement is that your "creation" be clearly visible from the road.

The garden club would like our community to be really festive this holiday season. There will be 3 judges (not garden club members), and they alone will be ineligible for prizes. Their names will be disclosed after Christmas.

MRS. J. E. MERRITT

Correction: In last week's Forum, the last part of the account of the Thanksgiving weekend trip made by Mr. and Mrs. Matt Zoffel read: On Friday Mr. and Mrs. Burton went to Summer to visit his brother and sister-in-law and returned home Saturday. Instead, it should have read: On Friday Mr. and Mrs. Zoffel went to Summer to visit his brother and sister-in-law, Mr. and Mrs. George Zoffel, and returned home Saturday.

Correction #2: The account of the Lobdell (Sybil Merritt) family Thanksgiving dinner in 1914 should have read, "If you had come in just for dinner I should have had to charge you 50 cents, but as you are staying here I can let you have it for 35 cents!" The "50 cents" was omitted, thus destroying the sense of the cheapness of the dinner.

POTS 'N PANS 4-H NEWS

At our November 12th meeting, we had a visitor, Carol Barker from Port Angeles. She was a guest of our treasurer, Marianne Jacobson.

We measured shortening and sifted flour. We are learning the difference in teaspoons and tablespoons.

At our third meeting, we were able to make our own refreshments because we remembered the different measurements. Each of us had

a certain part of the recipe to do. We made cottage pudding with nutmeg sauce.

At our next meeting, we rolled out pie dough and used cookie cutters. We are almost ready to make Christmas cookies.

Sunset Highlights

By Fred Jarvis

Claude and I rode into Port Angeles yesterday with Ed Duncan in his new pickup. Rides as good as most cars. Kathy Decker hit 190-533 on Tuesday Afternoon and Ollie Swearingen had a 178.

Pretty good shooting by the Sunset bunch. George Richardson banded out a big 244-616. (Wish he'd do that on Monday nights). "Hot Hand" Harry Lefler rattled the pins for 229-609, Stan Fouts had a 221, and Jess Parris 660 even.

Paula Lyda ??? a 207-535 for the Powder Puffs, Mary Kennedy 205, and Wilma Engeseth 187. Going to take up tiddleywinks, even the gals are beating me.

Lou Suchodolski topped the Hoot Owls with a 181-462. Jan Bishop hit a 165, 64 pins over her average.

Darlene Neel had a 174-444 on Thursday Afternoon, and for the Thursday Nite Women, Shirley Ringmuth hit 202, Billie Crist 189-524, and Leta Rondeau 188.

West End had Paul Dillard at 209-536, Gary Vitcovich smashed out a 246-640 in Friday Nite Mixed, and Duke Streeter shot a 226. Bernie Richardson had 176, and Billie Crist a 494.

The gal's traveling team did real good Sunday in Port Angeles. Billie Crist hit 200, Gladys Allen 189-516, Fern Johnson 190, Jean Streeter 194-541, and Jerry Beebe 195-542. Understand they set a new team game and series. Putting Forks on the bowling map.

Our Yagabond Travelling team didn't do too shabby, winning enough points to go out in front even farther with one season left in the first half. John Nagel had a 218-583, Fred Jarvis 215, Duke Streeter 211-592, and George Richardson, 211-579.

BPAA Mixed Fours at Tacoma had Forks teams in second and third place, only a few pins out of first. Only the first place team goes to state finals. One of these days!

Sunday Nite Mixed: Chuck Hamby 200-557, Art Holz 172, with a 109 average. Leta Rondeau 185-501.

Monday Doubles: Kathy Decker 201-548, Jerry Beebe 192, Forks Prairies: Ken Holz 223 with a 126 average, wow! Darrell had 226-573, and Al Whitehead 215.

Bowlers of the week: Paula Lyda 207, Kathy Decker 548, Gary Vitcovich 246-640.

OUTDOOR LORE

STEELHEAD SHOWING WELL

Forks area streams have been producing well as far as steelheading goes. Waters have remained high this past week but were fishable up till Sunday morning when once again the rains began to show effects as rivers rose, carrying bank-to-bank mud, sending early morning steelheaders back home to Sunday football games and various other activities. No particular lure has been outstanding as the ironheads seem to be hitting almost all popular lures and/or eggs.

By the way, steelheaders are asked to fill out steelhead questionnaires found at boat launch areas. Size, length, and weight may be recorded on these forms which you may drop in the box available at the boat launch stand. The information is of great value to the Department of Game as it will aid a better steelhead program in the future. This, of course, will benefit you, the sportsman.

A LOOK AT THE ODDS

Steelheading in Washington suffers from crowding like that of elk hunting. Of all western states, the Evergreen State ranks second only to California in population. We have only a certain number of miles of readily accessible streambanks here in Washington to accommodate about 200,000 steelheaders. Looking at a few facts, we find that out of all the steelhead fishing reports turned in to the Game Department each year, about 46 percent indicated they had caught a fish. The average steelheader will take 10 trips per season and average 2 fish caught during that season. This is hard for Forks sportsmen to visualize as we live in the steelheader's paradise, and the 2 fish per season average would be closer to a weekly average for local steelheaders. And so it is. The odds of catching a steelheader are great, but then great is such a task. And once the steelheader has scored on his first fish, the fever is there to stay.

THE PRIMARY CORNER

In Mrs. Horton's room we are busy preparing for the Christmas season. We are making presents and learning Christmas carols. Even our spelling words are related to Christmas. Here is what we like best about Christmas.

I like Christmas because there is snow on the ground and my Dad and I can build a snowman. James Wernex

Well, I like Christmas because you get presents when they call your name. Christmas is a fun time. I like when Jesus was born. Kathi Beatti

Christmas Eve is a time to give to others. Christmas is somebody's birthday. Do you know whose birthday it is? I do. Donny Tryon

I like Christmas best of all. Because it is fun and the parents like to see you open your presents and it is fun to get the Christmas tree. Jack Lotte

I like to get some presents. I like to see Santa Claus in town. Shelia Schmid

I like Santa, he is a jolly fellow, sometimes his face even turns yellow. On Christmas eve he comes on his sled with toys filled to the ground. Ronnie Petrovich

Christmas is my favorite thing because God is born and another thing that is his birthday. That's why Christmas is fun. Amy Lehman

Christmas is fun. You play and run. We play in hay you know, but it's all covered with snow. Christmas is fun. Claude Nelson

I like the reindeer. I like Santa. I like the elves. I like Santa to send me some tops. Matilda McPeak

I like Santa Claus best. The tree is pretty too. Christmas is my favorite because God was born and his birthday was on Christmas day. Everyone loves God. I wish my birthday was on Christmas day. Shelly Elmore

On Christmas eve Santa comes to every house to give us Christmas presents. If you are not good he won't give you toys but you be good so Santa will give you presents and so he will give you toys. Terry Charles

I like Christmas very much. It is fun for me and it is fun for you. Sherry Howell

I like to cut down trees. That is fun to do. It's fun to put the decorations on the tree. And its fun to open the presents at night time too. And soon as I get it then I play with them and last Christmas I got a car. And its fun to play in the snow. Willie Thompson

Christmas Night See the city by the night, It has such a lovely sight. All the houses tucked in tight, For this quiet, lovely night. Cindy Caudill

WHAT'S COOKING IN ALBERTA STROM'S KITCHEN

With Christmas just around the corner, many "old" familiar recipes are remembered. Here is Alberta's recipe for FATTIGMAND:

Three eggs, 3 tablespoons heavy cream, 1/4 cup sugar, 1 1/2 tablespoons melted shortening, 1/2 teaspoon salt, 1/2 teaspoon ground cardamom seeds, 1 tablespoon brandy or 1 teaspoon brandy extract, 3 cups sifted flour. Fat or oil for deep-fat frying.

Beat eggs thoroughly with cream and sugar. Add melted shortening, brandy or extract,

flour. Mix well. Stir in additional flour to make stiff dough. Wrap in wax paper. Chill for 1 hour or longer. Heat 2 inches of fat or oil in deep saucepan to 365 degrees. On lightly floured surface, roll out half of dough paper thin. Cut into 3 inch long diamonds. Make slit in center of each; pull one corner through slit. Fry until delicate brown. When cool, dust with powdered sugar. They keep well. Can also be frozen. Makes about eight dozen.

Alberta Strom was born in

Olympia and came to Forks in 1958 from Raymond with her husband, Jens. Handcraft, sewing, crocheting and baking are among her favorite interests. "I like to keep my hands busy all the time," said Mrs. Strom, and brought out several sewing-caddy dolls she made to sell or give away as presents. She also has a large collection of plates from different states and foreign countries, some fancy, some between 75 and 100 years old.

She belongs to the Rebekah lodge and NI Wauna home-makers club. Until 1967, she worked for 7 years as a cook at the Antlers. Her children, Peter and Anna, are married and Janice attends Forks High School.
