HERE AT FIRST BEACH---It was in the beginning that God created the heaven and the earth and here on the Olympic Peninsula we still have a few remaining areas which have not been destroyed by man. Nature has changed our beach somewhat down through the years and sculptured the islands which stand here. The waters of the stream which flow here, change course several time a year, but then, this is nature, and beauty remains. If it were in the hands of nature, we would be assured of everlasting purity, but then, I guess it all depends on man. We are assured of, at least a small portion of existing beauty, however, as some lies within or along the boundaries of the Olympic National Park such as we find here on the Pacific, here at First Beach.

Food service workers exam scheduled
The Food Service Workers Examination will be given Tuesday, June 26, from 10 a.m. to 11 a.m. and 1 p.m. to 2 p.m. at the Vagabond Restaurant. According to Tony Barrett, Olympic Health District Sanitarian, all persons who are employed or working in a food or beverage establishment or who serve, handle or prepare food and drink for public consumption must take the examination.
Barrett reminds that there is a \$2.00 fee for the exam and the permit is valid for 2 years. Test manuals can be picked up at the Town Hall or the local restaurants.
NEW STATE LAW
Olympia---Beginning July 16, 1973, for the first time in the state's history, hearing aid fitter/dispensers will come under state law. At that time everyone who is engaged in the practice of selling and fitting hearing aids will be required to be licensed, according to Administrator Max Brokaw. Some 200 are affected. Provisional licenses will be granted after payment of a \$25.00 fee to all those requesting one who have been in practice in the state for a period of six months immediately prior to the July 16th effective date. These licenses expire on December 31st of each year and are renewable on payment of the annual fee of \$25.00. Those provisional licensees wishing to continue as fitters/dispensers must take and pass the state's written

and practical examinations on or before the third such examination. The cost of the examination is \$80.00. The exams may be taken during the third week in July this year, the second week of January or the third week of July, 1974. Trainees in the practice must be employed by and under the direction and supervision of a licensed or provisionally licensed hearing aid fitter/dispenser and are required to be licensed as well, although no test is required. The fee for the trainee license, which is good for one year from the date of issue, is \$25.00. Those with out-of-state license must pass the state exams before they can be licensed. Reciprocity with other states is provided for in the law but to date no such agreements have been negotiated. An advisory council of seven members is being set up and among its duties will be the preparation of examinations for approval of the Professional Licensing Division. The council, appointed by the governor, will consist of four licensed fitter/dispensers, one MD specialist in otolaryngology, a clinical audiologist and a public member. All currently active hearing aid fitter/dispensers will be mailed a copy of the new state law, all necessary application forms, and the regulations related to it on or about June 1st. WANT TO KNOW WHAT'S HAPPENING ON THE PENINSULA THE YEAR AROUND? SUBSCRIBE TO THE FORKS FORUM. JUST \$5.00 PER YEAR MAILED ANYWHERE.

In the Forum's report of the last city council meeting, reference was made to a complaint by one member of the council and then a rebuke by another member.

What individual in any other country would not envy we Americans and our U.S. Constitution and our Bill of Rights, which spells out for each and everyone our individual rights?

The 1st Amendment says in part: "Congress shall make no law . . . prohibiting the right of people peaceably to assemble and to petition the government for a redress of grievances."

The 14th Amendment says in part: " . . . No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the U.S. . . ."

Making our U.S. Constitution living and real is difficult for each and all of us, but if and when we succeed, then we can say what a joy for others.

Lawrence Soderlund.

Dear Editor:

I note you printed a letter from Mr. Koef, District State Highway Engineer, in answer to mine regarding a threatened washout of U.S. 101 in the area of the boundary between T-28N-R12W and 28N-R2W-W.M. Our hold-ups reached practically to the slide spot when we bought our property from John A. Sandell more than 25 years ago and moved onto it, so have had a good chance to observe. Since U.S. 101 was built in the 1930's, the river has eroded some 600 feet off the upland and lately has undermined the overburden and cracked right up to and into the right of way. In 1968, the river itself was almost a quarter mile from the slide, though some of its gravel beds were nearby and still not silted up. It was that year (1968) that a big jam based on a huge stump and some large trees obstructed the channel and forced the river to re-open the old one that for 10 to 15 years had flowed past the slide area, but then, at a passing angle. The slide area consists of a mixture of clay and quicksand with a soil overburden of maybe 15 feet of more substantial material, with trees and old stumps of logging of 30-40 years ago standing on it. Of course con-

ditions are stabilized at present and will remain so until next winter rains. It is, of course, possible that the river will build a jam and shift from the direct course into the slide into some variety of by-pass and the road will remain, but that is very doubtful.

The debris in the 1968 channel could be cut up and removed and that might give the water access to its old bed. All this is, of course, conjecture but there is a grave chance that as is usually the way, the Hoh will keep at it and maybe one day next winter, we will have no road. Then everybody will have to detour, maybe by the logging roads, to Clearwater or somewhere else depending, and that will cost the community many thousands of dollars and be most inconvenient! The State Highway Department seems very reluctant to ask the U.S. Corps of Engineers for aid. I gather that would be given. There are, of course, littoral owners, the Department of Natural Resources, Fisheries, Game, Ecology and what not to be consulted, and there is something about the navigability of the Hoh. The Department of Interior classified the Hoh as an unlocated, wild avulsive navigable stream and surveyed and granted on that basis. The Army Engineers said except for the first (dewater) mile, it was not navigable (1932). So far, in all the communication I have had with the Highway Department and the U.S. Army Engineers, there has been no actual evaluation of costs and engineering. I have had plenty of opinions from loggers, construction men, and the whole tribes of private road builders. They all seem to agree that a relocation of U.S. 101 would cost into the hundreds of thousands while a return to the 1968 channel could be accomplished for 10% in cost over what is being proposed. Also, that the whole project should really be examined which the Highway Department seems most reluctant to do. Definitely if the slide should deep, as it very possibly will next winter, it will not be a simple riprap project. Winter definitely is not the time to do anything with the Hoh, and this blue clay quicksand slide melts like sugar out from under. In fact, where that mixture exists, it can sink a cow

Ask the loggers who took off the timber on the valley as to what they know of the conditions at the bottom of the slide areas here. I watched six cars get into trouble going from the upland down to the actual valley.

The little creek looked so innocuous as it flowed along the bottom of the rise of the upland, a land of low bluff separating the upland plain from the valley lands, U.S. 101 is on the upland. All I can say is that the people who value U.S. 101 and pay the gas tax had better get busy and very soon.

The Department of Highways apparently doesn't know the Hoh and further is afraid of the economical hang-up of the day.

Mr. Jerry Huggins and Mr. Ray Ellis attended the Joint Clallam/Jefferson County meeting on EMERGENCY MEDICAL SERVICES COMMUNICATION SYSTEM in Port Angeles. The meeting was sponsored by the Clallam County Emergency Services and was directed by Mr. Bernie Lynn, County Consultant; also present was the State director for Emergency Services, Mr. Tom Graham. The primary object was to discuss improvements that could be made in communications between ambulances and hospitals. This meeting was also attended by private and voluntary ambulance services representatives and by city, county, state and government officials interested in improving the Emergency Medical Communications System.

Preliminary discussions were held concerning application for funding for the proposed communication equipment through Robert Wood Johnson Grant and establish a common emergency telephone number. Several people attended from Forks, Port Angeles, Port Townsend, and the Hood Canal area. There are 1.56 million beds in the nation's more than 7,000 hospitals. Hospital expenditures

In 1971 totaled 328,8 billion, or 2.76 of the Gross National Product.

Charlie and Shirley Fox, Julius and Dorothy Baker and Harvey and Ellen Lindeman had a lovely dinner at the Vagabond Cafe Friday evening to celebrate the Baker's 38th wedding anniversary.

Mr. and Mrs. A. M. Nordman drove to Seattle over the weekend to visit their daughter and her family, Mr. and Mrs. Henry Werner.

Mr. and Mrs. Dale Dawkins spent the weekend in Portland, Oregon where they picked up their new 5th wheel camper-trailer.

Visiting with the John Lohneis family over the weekend was their daughter and her son Kevin from Olympia.

Enjoying a fresh, baked salmon dinner at the home of Mr. and Mrs. Gene Lee and family were: Mr. and Mrs. Gus Paul and their daughter Jackie of Redmond, Wa.; Mr. and Mrs. Allard; Mr. and Mrs. Hermon Lee and their daughter Joyce of Bremerton; Mr. and Mrs. Jack Smith and their daughter Karen Joy of Willingnton, Delaware; and the Richard Lohneis family.

Mr. and Mrs. Homer Earl of Westminister, Maryland, were weekend guests of the Dean Hum family.

Mr. and Mrs. Don Engseth are the proud parents of a 7 lb., 6 oz., bouncing baby boy. He was born June 11 at 8:58 p.m. and his name is Brent Allan. His grandparents are Mr. and Mrs. Clarence Engseth and Mr. and Mrs. Dean Dickinson, all of Beaver. Brent is a fifth generation baby on the paternal side.

West End Pioneers

West End Pioneers will meet for potluck lunch at 12:30 on Friday, June 22 at Alder Grove Hall. Guests are most welcome. Gary and Charlotte Peterson will show their slides of Europe. Business meeting following, to plan 4th of July, and August picnic. Please note change of date and time.

Mr. and Mrs. Arthur Maxfield, Worthy Matron and Patron of Mt. Olympus Chapter #253 O.E.S., presided over the meeting on Monday, June 4, 1973. The Worthy Matron opened the meeting with the poem "Give Me The Love of French."

Mrs. Barbara Hoffman, Deputy Instructor of the Grand Chapter of Wm. O. E.S., and Mrs. Jackie Howell, Mother Advisor of Rainbow Assembly #140, were introduced.

Sunshine committee reported, that Mrs. Russell Vedder was hospitalized for surgery at Virginia Mason Clinic. Earl Turner is now home and feeling quite well. Robert Cunningham is still hospitalized.

Mr. and Mrs. William Read resigned from their offices, as they have been transferred to Naselle, Wa. Forks Rainbow Assembly visited Sequim, Port Angeles and Port Townsend where Mr. and Mrs. Doran Jackson, Dawn Simmons and Leslie Raben were presented their "Gold Cross of Colon" bars in a special ceremony. Susie Howell, Grand Representative to Tennessee, is attending tanooga, Tennessee.

The Grand Chapter resolutions were read and discussed. The Worthy Matron appointed her committees for the Worthy Grand Matron's visit on August 25, as follows: food--Ann Gagnon, Jackie Howell, Rety Rakely and Barbara Hoffman; reservations--Mrs. Francis Maxfield; program presentation--

Mr. Olympus Chapter #253 met Monday night, June 18, 1973, with Mr. and Mrs. Arthur Maxfield, Worthy Matron and Patron. The Worthy Matron read a poem entitled "Tribute to Father". Distinguished guests introduced were Mrs. Walter Kelly, Grand Representative to Iowa, and Mrs. Harvey Hoffman, Deputy Instructor of the Grand Chapter of Washington O.E.S. Others introduced were Mrs. Maude Churchill, W.M. of Quilcene Chapter, Quilcene, W.M. of Jefferson Chapter, Hadlock, Wa.

Balleting was held and there will be an initiation at a special meeting on Friday, June 22, 1973, at 8:00 p.m.

Bonds Sales Hit New High

"State of Washington sales of U.S. Savings Bonds in the month of April 1973 hit a new high for the year with \$7,300,187 recorded. Compared with April 1972 sales of \$6,648,800, they show a 9.79 percent increase," according to J. E. Phillips, County Volunteer Chairman.

"Sales for the first four months of 1973 totaling \$28,907,918 are \$3,208,981 ahead of the \$25,700,937 sold at this time last year," he added.

Clallam County sales for April 1973 amounted to \$55,463 he continued.

"National sales for April 1973 totaled \$562,000,000 and exceeded April 1972 sales of \$502,000,000 by 11.95 percent.

CHAMBER OF COMMERCE

Eighteen persons attended the Chamber of Commerce meeting Tuesday at the Vagabond, including Bob Hall, City Councilman; Tony Barrett, District Sanitarian; Joe Morrison and Mrs. Don Coleman of the Olympic Peninsula Travel Association.

Starting off the meeting, members heard Washington Dial, Argyle Campbell's taped report. A controversial bill, mentioned again this week, is the plan which would prohibit food stamps from strikers. A "showdown" on this bill is expected. A few days ago a vote to table the motion was taken with 18 Democrats in favor of tabling and 17 Republicans against it. Mr. Campbell urged the national chamber members to support the proposition to ban food stamps to strikers. The present system is inflationary, a burden to taxpayers and a deterrent to the bargaining process, he said.

It seems Mr. Nixon has a plan for economic stabilizing which would curb and control exportation of soft wood lumber and logs and other items in short supply. There will be a private vote in Washington on this shortly.

WHAT IS A LOGGETTE?

(L. to r.): Lori Bolin, Tina Edwards, Sheri Bolin and Pam Victorine.

Kathy Lohnes, Stella Thrall, Dina Maxfield, Zaida Slyter and Margaret Pugh took part in the Eagles Parade in Port Angeles June 16, accompanied by Lance Slyter and Bryan Reardon. They were escorted through the parade by Forks' own "Charlie the Clown," Emily Barker.

Bob Wheeler assisted in decorating the pickup which was loaned for the occasion by Gary Slyter. Panel signs for the loggettes were painted by Sheri and Lori Bolin and Tina Edwards on plywood donated by Forks Building Supply.

The loggettes said they got drenched with rain and didn't sell many buttons or tickets but certainly invited everyone to Forks 4th of July Celebration.

BAG IT!

"Every little bit" will now hurt \$10 more due to the recent passage of the Washington State Model Litter Control Act. The Act is intended to appeal to the economic sense of Washington boaters and motorists by imposing a \$10 fine on those caught without a litter bag. Hopefully, though, the threat of paying with a 10 dollar bill will take a back seat to the pleasure of uncluttered roads and waterways.

In response to this legislative clean-up effort, local Army Opportunities Representatives will maintain a stock of attractive, plastic litter bags for use by Washingtonians. Drop by a local Army Opportunities office and get one... then USE IT!

president, read the letter compiled by Jon Erickson which constitutes the unanimous "in favor" opinion of chamber members concerning the proposed sewer plant on the Bogachiel river. The letter said that the chamber felt the plant was a "priority requirement" for protection of the town's water supply. Some persons felt that the time to act must be now as it could cost more money, if postponed. It was noted that chamber efforts to bear a community member opposed to the sewer plant have failed. Any person wishing to speak out against this proposed plant should contact Mr. Oros.

Henry Bechtold, Forks Postmaster, reminds all area residents to make address corrections if they are needed. The flood of unidentifiable mail has increased and the new staff at the Post Office cannot handle the volume of poorly addressed mail.

Jody Coleman, paid officer of the Olympic Travel Association told those attending about the origin and purpose of her organization. Begun 40 years ago, Olympic Travel was a way in which motel and resort owners could increase business and tourism. The association grew to encompass all those on the Peninsula who benefit from the tourist dollar. Olympic Travel now performs many business, tourist and ecological services for the United States and has a representative

What is a loggette? She is that very personable young lady who works so hard prior to and during the Forks Old-Fashioned 4th of July Celebration. She sells you your 4th of July button, a skimmer hat or a ticket for one of the following gifts: a side of beef cut and wrapped; 19 inch portable color TV; Homelite riding mower; Frigidaire garbage compactor; Johnston citizens band radio; and a 10-speed Columbia bike.

The Loggettes were formed 2 years ago by Veri Poole and included Barbara Kelso, Linda Winney, Laura Fletcher and

Marlica Coates, who spent many hours promoting the 4th and selling tickets on the 4th of July pickups. Time marches on and as with all good things, the group has grown. This year you'll see many new faces in the familiar loggette attire of hotcolor shirts, cut-off jeans and red suspenders, all well-coming and inviting you to share in the festivities July 3 and 4.

Linda Winney and Barbara Kelso have arranged 3 TV appearances for the loggettes: June 22 on KING TV; June 27 in Bellingham; and June 29 on Channel 6, Victoria, Canada.

Ground breaking has started for the Forke Prairie Mart located just south of Forks on Highway 101. Warren Paul of Paul's Serve-U and part owner of the new supermarket, predicts the store will be the most modern and complete on the Olympic Peninsula "providing the people of the west end with a family shopping center under one roof. A wide selection in grocery, meat and produce will be offered as well as many hardware and variety lines all at very competitive prices." Scheduled to open October 1st, the store will have 20,000 square feet of floor space compared with 2,800 at the present location in downtown Forks. Planning for the store has taken seven months of hard work for Mr. Paul and his stockholders, Bob Green, owner of the 884 Store in Port Angeles and Mike Phillips who is associated with "Thriftway Store in Port Angeles. They saw the necessity for a larger market many months ago as the "present store will no longer serve our present customers or potential customers." The new location offers a parking lot large enough to hold 100 cars and easy-off, easy-on access to the highway, thus eliminating the perplexing problem of parking as it now exists in downtown Forks.

Features of the store include a fine wine section with four feet of cold wine and a complete bread and pastry department. Five standing freezer shelves will display every kind of frozen food imaginable. Plans for a gourmet and foreign food section are under consideration. The produce department will be greatly expanded, featuring fresh vegetables and fruits "in and out of season." The Forke Prairie Mart will be affiliated with Associated Grocers of Seattle who are well-known for handling the highest quality produce and meats.

Highlight of the store will be a total of 7,000 square feet of general, non-grocery merchandise. In Mr. Phillips opinion, this non-food section will be the largest of its kind to be found in any Washington town the size of Forks.

Presently employing twelve full and part-time persons, Mr. Paul estimated that the total number of employees should increase to include twenty-five with a store policy of "service plus" to the customer. But service plus is not a new concept to the Serve-U people. Warren Paul and his father, Bert Paul, came to Forks in 1952 and bought the old Forke Grocery on the site of the present Serve-U. Half of the new building was built in 1956 and re-modeled in 1966. Mr. Paul says he has enjoyed Forks as "the people have been friendly and nice to do business with."

"The owners of the Forke Prairie Mart hope to make the transition from the present location to the new location with as little inconvenience to our customers as possible."

Mr. Tom Mansfield is owner of the location and expects several other businesses to move to this area. The one-stop family shopping center concept has been popular all over the United States and it should prove as popular here in Forks.
