FORKS, WASH.

35 YEARS AGO

Many look forward to the 4th of July Smoker as something new and exciting and different in the year.

Smokers are nothing new here, however. Check this article from the Sept. 8, 1938 issue of the Forks Forum:

"TWO FIGHTERS INJURED AT LAST SMOKER...."

A crowd of over 200 persons attended the American Legion-Recreation Council sponsored boxing bouts at the Legion hall last Sunday night and went away talking about the clever style of the smallest chap on the card and the power in the right hand of the heaviest scrapper on the card, intermingled with comments on the pleasing bouts as a whole.

The smallest chap was Benny Wiley, 56 lb., who tangled with Gerald Rhodes, 58 lb., and what a scrap they put up! Rhodes, a clever and willing fighter himself, did his best but couldn't dodge enough of Wiley's swinging and never ceasing fists, and as a result Wiley's boring-in tactics gave him a well-earned decision.

The pleasing "heavy" on the card was "Duke" Streeter, who took the decision from Arnold Brown in another fast and close scrap. From the middle of the first round on, Duke depended entirely on his husky right mitt and used it to squelch any advances on Brown's part, at times even winding his arm up three or four times before letting fly with it. Brown seemed pretty wary of that right from the beginning of the second round on, and no wonder -- after the fight it was discovered that Streeter's right had cracked Brown's left ear drum, rendering that ear totally deaf and quite painful.

Two other casualties were also among the results of the bouts, one being the technical victory of Gene Rhodes over Kenny Taylor when Taylor developed a strenuous case of heartburn and couldn't come out for the third.

The other bout to be stopped was a technical victory for Lorie Kinsman over Wayne Brumble when Lorie opened a two-inch cut over Wayne's left eye just as the second round ended. It was a nasty gash necessitating several stitches. Up to then the fight was evenly matched, and both boys have agreed to a return match on the next Smoker.

Leonard Palmer failed to show for his bout with Lee Rhodes and Rhodes got the decision by a technical, Palmer losing his West End title and Rhodes meeting "Kewpie" Broughton for the title on the next card.

The two girls bouts originally scheduled had to be called off

when one of the girls backed out on Saturday afternoon, killing one bout. The other two girls were willing, but there was too much difference in size to match them up.

Glen Sileo, after saying he was ready to scrap, at 8:00 o'clock failed to show up, and "Slick" Osborne was awarded a technical victory and will fight on the next Smoker.

Judges were Read Shearer, "St" Perkins and "Sully" the "Butch". Timekeeper was Herman Rhodes, and referee and announcer, Ed Hennessey.

SCHOOL BOARD MINUTES

The regular meeting of the Board of Directors of Oquilly Valley School District No. 492 was held June 19, 1973, in the Superintendent's office. Members present: Dean Hunn, Larry Klahn, Fred Fletcher.

The board adopted the Teacher's Negotiations Agreement which will increase the base salary by 5% and maintain the present point system for the 1973-74 school year.

The board made a recommendation to the principals encouraging the parent-teacher conferences in grades K-6, making this a school policy.

Mr. Hill requested the board's permission to organize and supervise a "Condition Weight Program" using facilities in the front lobby of the new gym. The program will include youth and adults emphasizing conditioning of football players, to begin July 16th continuing to the fall football season.

Mr. Klahn made the motion to grant approval of the program, stating that that if there would be any cost to the district, a fee would then be charged to cover that amount. The board accepted with regrets a letter of retirement from Mrs. Jane Waters. Mr. Lisle reviewed the "Hold Harmless Agreement, Release, Waiver of Claim, and Government Not to Sue." The agreement was accepted by the Board. The following contracts for the 1973-74 school year were signed: Lisle, Ratko, Golden, Max Field, Newby. Mr. Stanley Sells, July 4th Celebration chairman, asked permission to use school facilities as follows: Tuesday, July 3rd, 7:00

p.m. old gym for the Coronation; 8:00 p.m. new gym for the Smoker. Wednesday, July 4th--old gym Teen Dance, from either 8:30 or 10:30 until 2:00 a.m. He assured the board local police officers would be in attendance at the smoker and the teen dance. He also asked permission to use the gym for an adult dance. The board granted Mr. Sells's request, with the exception that no adult dance be permitted. Mr. Sells was asked to comply with the Hold Harmless Agreement. Meeting was adjourned at 10:30 p.m.

Forks student wins academic honor

Officials at Gonzaga University in Spokane, Washington announced that Jerry D. Price, Box 591, has earned academic honors for the spring semester just completed. Jerry was awarded the second honors listing of students earning G.P.A.'s of 3.00 - 3.50.

TOURIST INFORMATION CENTER

There's a Visitors Center in Forks now, located in the Sackett's building. Kate Campbell or a volunteer will be at the central location from 10 a.m. to 6 p.m. every day. Hoping to make tourist visits more pleasant on the Peninsula, the center offers free brochures and pamphlets on subjects ranging from boating safety to clamming.

Litter bags, ferry schedules and mileage charts are available at the center as well as booklets on where to stay and where to eat in the Olympic area. The Information Center will soon have its own telephone number, but is currently sharing a phone with the 4th of July committee. Currently the center's number is 374-6565.

SURF RESORT

Everything for the fisherman and an ideal vacation spot for your entire family! Located in La Push on the Oquilly River, the Surf Resort offers the following services to make your stay more enjoyable: deluxe motel units, trailer park, boats, launching and moorage, gas and propane, rental poles, bat, ice and storage available, cafe, laundry and store, and post office nearby.

For reservations for charter service, write Box 8, La Push, Washington 98350, or phone (206) 874-5588.

Karen Jean Liles and Jerry Lee Spoelstra, both of Forks, were united in marriage during a double ring ceremony performed June 16, 1973, at 2 p.m. in the Forks Bible Church, Rev. William Cross officiating. Approximately 150 guests were in attendance.

The bride is the daughter of Mr. and Mrs. Harold D. Liles of Forks. The groom's parents are Mr. and Mrs. John F. Spoelstra, also of Forks.

Mrs. Mike Roening sang "Because" and "Sunrise, Sunset," and "The Lord's Prayer," was sung by Mr. Mike Jones. Both were accompanied on the organ by Mrs. Walter Baron.

The sanctuary was decorated with baskets of white gladioli, roses and baby's breath with blue chrysanthemums and carnations. The candelabra held blue candles tied with white ribbons. The bride was given in marriage by her father, Harold Liles. Her satin gown featured an overlay of Chantilly lace, empire waist and long lace sleeves. The cathedral train of illusion net was trimmed with lace, and the bride carried a bouquet of white roses, chrysanthemums and baby's breath. Maid of honor, Kaysi Baron, was attired in a Victorian style dress of white with blue floral print. Attendants Robin and Rita Klahn and Linda Shearer also wore Victorian style dresses of light blue crepe. All dresses featured lace trim, and attendants carried nosegay bouquets of blue carnations and chrysanthemums.

John Spoelstra, Jr. of Forks, brother of the groom, was best man. Usher were Mike Jones of Portland, Oregon, Don Doyle of Los Angeles, Cal., and Russel Liles of Forks, brother of the bride.

BICYCLE SAFETY

Long before the now anticipated gasoline shortages, America was in the midst of a bicycle boom. With high administration officials in Washington now urging use of bikes as one way to help combat the fuel drain, 1973 will see more two-wheelers on the roads and highways than ever before in this country's history.

For those whose main concern is safety and accident prevention, the big, and as yet unanswered, question is: What new hazard and accident problems might the greatly increased use of bicycles present to traffic officials, police, motorists and bikers themselves?

According to the National Safety Council, the answer to this question will depend to a large extent on how well informed and conscientious are those who will make up this new bike-riding population.

"Let's face it," said Howard Pyle, President of the Safety Council, "American roads and highways were created primarily for motor vehicles, not bicycles." "The whole system would have to be restudied," he continued, "before a smooth, orderly flow of mixed traffic like that of, say The Netherlands or Denmark could be accomplished." "In the meantime," Mr. Pyle added, the potential problem we face here is of an army of bike riders that have never cycled before or who have done so only for pleasure.

---RIDE SINGLE FILE. Don't cluster with friends. Don't tailgate.

---BEKE SAFETY CHECK. Have bike overhauled. Keep it in shape as you would a car.

---WALK IT ACROSS. When traffic is heavy, walk bike across intersections.

---LIGHT UP AT NIGHT. White light in front, red reflector and tail light on rear.

---USE A CARRIER. Do not carry anything in your hands, use a carrier.

---ONE TO A BIKE. Good intentions can have bad results. Ride alone.

---NEVER HITCH A RIDE. Hitching on to moving vehicles is dangerous.

---CIRCUS, ACTS NOT NEEDED. Games, stunts, racing, etc., not needed on highways.

---GIVE SIGNALS. Give correct stop and turn signals in plenty of time.

---STOP FOR CROSS TRAFFIC.

Auto theft moving to small towns

Always considered a big city crime in the past, auto theft is one of the decrease in major population centers and a new trend, increases in small communities, has appeared.

The 1972 Uniform Crime preliminary report, recently issued by the Federal Bureau of Investigation, revealed seven percent reduction in countrywide auto theft over the prior year. This is the first such reduction in over a decade.

The dramatic auto theft reduction in the nation's largest cities is the major contributing factor in the large overall decrease. In cities with a population between 500,000 and one million, auto thefts in 1972 were down 11 percent and in cities with over a million inhabitants, these thefts dropped by 14 percent.

According to the FBI report, cities and towns in all population groups above 10,000 experienced auto theft decreases last year. The only exceptions were communities with fewer than 10,000 residents.

Trend Indicates an Increase of two percent in these small towns.

"Auto theft can be controlled," said Kent Stoner, Regional Manager of the Allstate Insurance Companies in the Northwest. "This has been proved over and over in public information campaigns conducted by Allstate and other organizations. Motorists in the larger cities where we have conducted programs have helped to reduce the auto theft rate by locking their cars and taking the keys. Now that same message must be brought to the people in the small communities," Stoner added.

If automobile owners will take the following precautionary steps, he said, car thefts can be reduced, regardless of the size of the city or town.

1. When leaving your car unattended, lock the ignition, close the windows, and lock all the doors; then take your keys with you.
2. Don't give in to the impulse, found common in small towns, of leaving the engine running during quick-stop errands, thereby making your car a target for a thief.
3. At night, park in lighted, well-traveled areas, preferably near a street light.
4. Do not leave valuables where they can be seen in the car.
5. Be on the lookout for suspicious people lingering around newer cars. Alert police. Do not try to apprehend a suspicious individual.
6. Identify your own

car by dropping your business card down into the door panel through the window slot or by placing a secret identifying mark somewhere on the car.

"The most effective method of protecting one's automobile," Stoner concluded, "is to follow our simple slogan: Lock It and Pocket the Key."

LITTER PICKUP COSTLY

The cost of picking up litter along the right of way of the State Highway system is expected to increase about 10 percent this year.

The State Highway Department spent more than \$1 million to pick up litter last year and this figure is expected to rise by about \$10,000 because of increased labor costs and the increased amount of litter picked up by the Department.

Motorists are urged to carry litter bags in their vehicles in accordance with the State Litter Control Act approved by the voters last November. Failure to do so makes the driver of the vehicle subject to fine.

Free litter bags are available at most local offices of the State Highway Department, Washington State Patrol, State Department of Ecology, Chambers of Commerce or commercial service stations.

Litter barrels are located at convenient locations along the state highway system. Advance signs are posted to advise motorists of the locations of these

Orders to go, or use window or inside service. Phone 374-5075.

litter barrels in increasing amounts. The Department notes that this cooperation by motorists makes the roadways more appealing to all.

WHO'S THE QUEEN? FOURTH OF JULY 1943

Categories for the Fourth of July Grand Parade are as follows:

1. Best commercial float.
2. Best youth group float.
3. Best adult organization float.
4. Best marching youth group.
5. Best marching adult group.
6. Best looking log truck.
7. Best load of logs.
8. Best car.
9. Best horse.
10. Best individual entry.
11. Biggest load of logs (most board feet).
12. Best combination truck and load.

In addition to a first place trophy and ribbons for second and third place, there will be a sweepstakes award for three divisions - 1. float and car, 2. marching units, 3. log trucks. These three sweepstakes awards will be a \$50.00 savings bond.

Thus far, official out-of-town entries total seven. There is a good possibility that the Seattle Chinese Community Girls' Drill Team will be in the Grand Parade. They are one of the best marching units in the United States.

Official in town entries for the parade number three - 1 car and 2 log trucks.

To officially enter the parade, get an entry blank at Bill's Texaco or West Chevron, fill it out and return it to St. Rt. 1, Box 44, Forks, to the Parade Committee.

There are only four weeks left before the parade on the Fourth, and only two weeks to enter the parade.

FOURTH OF JULY 1944

TRAIL RIDERS NEWS

The last couple of weeks have really flown by. Lots of shows and show preparation. On the 9th, Robin took Claude's Tal-Wal to an all Appy show at Kingston. They didn't bring home any ribbons, but did pick up a little money in the Ride-A-Buck contest. This was a class wherein the riders rode bareback and sat on a dollar bill. They rode at a walk, trot and lope. The last rider to lose his or her dollar got 50% of the entry fees for the class. The 2nd one got 30% of the money and the 3rd received 20%. Robin picked up the 20%.

Harold and Bette Turtle's Charab Fathan took a 4th place in Western pleasure, at an all Arabian show in Salem, Oregon, this last weekend. A 4th place is pretty darn good for a debut into the performance classes. Particularly when those all Arab shows may have as many as 30 or 40 horses in a class. Congratulations!!!

The Joyce West Saddle Club's 2nd Annual Fathers Day Show was held in Port Angeles this last weekend also. Forks was represented by three entries in the halter classes and came home with three ribbons. My two year old Kadife got her first blue ribbon, in the Half-Arab fillies 3 and under class. Marilyn and Norman Snodgrass' Hoh River Hoh Beau took home his first blue ribbon in a tough Appaloosa Stallions all ages class. For both Kadife and the Hoh Beau this was their first time at being shown. Two first places... not too shabby! Melvin King's Beanie Patch, got in a tough class, Paint-Pinto mares all ages. They were all mature mares except for

By Barbara King

Patch. Poor Patch is a yearling. (A yearling is like a teenager, all growth and bones and parts that don't seem to fit with one another yet!) Much to our surprise she took a 5th place. Once she catches up with herself again she will be bringing home blues again as she did last fall.

The above show held its high light of the day in the performance classes in the afternoon. It was a special Fathers Day Class, in which the kids rode their horses or ponies into the arena and the fathers then mounted them with no adjustment of equipment, and were put through a full equitation class. The Forks rooting section knew many of the kids and fathers, but we had to play favorites with the combination of young Chet Howhey and father Bob, our vet. Chet is just barely four year old and his pony, Sheba, is of the very small variety pony. Needless to say,

Photo Courtesy Dotty Goham.

Bob perched on the bitny pony with his knees almost even with his shoulders, because of the length of the stirrups, was quite a picture!! We all laughed until the tears rolled. Our boys picked up a trophy and a ribbon! All fathers participating received a blue ribbon for sportsmanship and a big, big hand. The Forks rooting section consisted of Ed, Glamy, and Diane Duncan, Cathy Archer, Jerry and Jean Tucker, Norman, Marilyn and Emmie Snodgrass, Melvin King, Mathew, Glenn and myself.

Resort owners asked to attend highway meeting

The "Scenic Vistas Act of 1971" passed by the 1971 state legislature, provides for the eventual removal of all off-premise billboard advertising on scenic highways by May 1974. Off-premise signs are, in general, those which are not located on the property of the business being advertised. As a result of the Scenic Vistas Act, there would be no advance private information signs to recreational facilities, both public and private, on designated scenic highways. This removal was felt by private tourist facilities to create an information problem in the loss of off-premise signs to attract business.

The Highway Department has prepared a new policy on signing for motorist services, tourist and recreational facilities, using graphic symbols to inform the traveling public as to facilities available. The new policy will place an advance sign one half-mile prior to an intersection, showing name of area and facilities available, and a directional sign at the intersection.

Meetings are being held with resort operators to determine which symbols will be installed to best indicate facilities available. Owners of private and public motorist services, and tourist and recreational facilities should attend the meetings, so that the signing along the state highway in the area will represent all facilities involved.

The present meeting schedule is as follows: Monday--July 9, 3:00 p. m. at Lake Quinalt Lodge for State Highway #101, from Humpstulls to Queets; Tuesday--July 10, 9:00 a. m., Department of Natural Resources, in Forks for State Highway # 101 from Queets to the Olympic National Park; Tuesday--July 10, 3:00 p. m., Breakwater Inn at Clallam Bay for State Highway #112 from Neah Bay to Clallam Bay.

FOURTH OF JULY 1931 TOOF HALL, WOODLAND HOTEL & WOODEN SIDEWALKS. Photo Courtesy Ella Paul

LOG SHOW BIGGER THAN EVER

The Fourth of July Logging Show is expected to be bigger and better than ever this year. Starting at 12 noon, the main event will take place in TILH-cum Park and begin with the Grand Opening and Log Truck Rodeo.

Kelly Stanley, world-known axe man, will provide thrills and spills at an altitude high above mother earth. Following his performance several events will top the bill including: high climbing; team relays in chinking, splicing and block changing; mountain logger races; drag saw and power saw contests; axe throwing; tug of war (men and women); log rolling; and a new attraction, keg throwing.

Entry fee is \$2.00 per event per person. For entry blanks and information, call Russ Warner, 374-5082, or Bill Horton, 374-6207. Further information may be obtained from the Forks Old Fashioned Fourth of July headquarters on main street in Forks. Both cash prizes and trophies will be awarded.

Your Fourth of July button will admit you to the arena to see these top loggers in action.

NEW PARK REGULATIONS

A nationwide regulation for National Park Service areas was announced in Washington on April 23 according to Superintendent Roger W. Allin, Olympic National Park. The regulation prohibits motor vehicles with detachable side mirrors projecting more than 6" beyond the side fender line from operating within a park area except when the motor vehicle is towing a second vehicle.

Mr. Allin stated the purpose of this regulation is to prevent possible injury resulting from a pedestrian being struck by an extended side mirror when the vehicle is in motion. There has also been instances of campers walking into these extended mirrors in the campgrounds especially after dark. While there is a possibility that a pedestrian could be struck by a projecting side mirror when the vehicle is towing another vehicle, the pedestrian at least has a chance to see what is being towed and can be prepared for any evasive action he need take.

Wilderness permits needed

Wilderness users are reminded they will need a permit this summer to enter seven of 14 Wilderness within the National Forests of the Pacific Northwest.

The reminder was issued by the U.S. Forest Service and the permit system will remain in effect until November 15.

Included in the system for 1978 are the Eagle Cap, Mt. Jefferson, and Three Sisters Wilderness areas in Oregon, and Glacier Peak, Goat Rocks, Mt. Adams, and Pasayten Wildernesses in Washington. Regional Forester Theodore A. Schlapfer said these are the most heavily used and the largest areas with the most serious management problems.

Permits will be issued in person and by mail by the National Forests where a Wilderness is located, except where a popular Wilderness portal is through an adjoining forest.

HOLD HARMLESS AGREEMENT

At the June 19, meeting of the Board of Directors of Quillayute Valley School District No. 402, Mr. Lisle reviewed a "Hold Harmless Agreement, Release, Waiver of Claim, and Covenant Not to Sue" which was accepted by the Board.

The lease accompanying the agreement reads as follows: The attached Hold Harmless Agreement, Release, Waiver of Claim, and Covenant Not to Sue and the terms thereof are hereby mutually agreed to constitute further terms and conditions of this Lease, and the signing of said agreement by Lessee constitutes part of the consideration given by Lessee to Lessor. It is agreed that the Lessee will make adequate provisions for the prevention of the use of alcoholic beverages on school property.

The Hold Harmless Agreement reads as follows: The undersigned, Lessee of the facilities of the Quillayute Valley School District known as and particularly described as _____

for and in consideration of being allowed to use said facilities hereby agrees to the following terms and conditions imposed upon said Lease which is attached hereto and incorporated herein by reference.

The County of Clallam and the Quillayute Valley School District No. 402 will not be responsible for an unintentional loss, damage or injury that may occur to the undersigned or to the undersigned property from any cause whatsoever prior to, during or subsequent to the period during which the undersigned is utilizing the leased facilities, designated above, except insofar as such loss, damage or injury is due to defects to the premises known to the County of Clallam and to the Quillayute Valley School District No. 402, and except for gross negligence of the aforementioned County of Clallam and Quillayute Valley School District No. 402.

Lessee on signing this RELEASE, WAIVER OF CLAIM, COVENANT NOT TO SUE AND HOLD HARMLESS AGREEMENT expressly releases Clallam County and The Quillayute Valley School District No. 402 from, and agrees to indemnify same, against any and all claims for loss, damage or injury.

Any damage to leased facilities due to careless or otherwise by the undersigned must be paid for by the undersigned.

It is agreed that the undersigned shall assume all liability for damage to the above designated premises by reason of his use of said premises and facilities during the term of the lease and shall indemnify Clallam County and Quillayute Valley School District No. 402 for all liability which might ensue by reason of his use of facilities and leased premises or his presence at said leased premises.

The undersigned hereby waives any claim he or she may have as the result of injury or property damage sustained as the result of

the undersigned's use of leased premises and facilities.

The undersigned further agrees to accept liability for any injuries or damages resulting from actions of any animals, vehicles or instruments under the undersigned's control during such activities and duration of said lease and to hold harmless Clallam County and the Quillayute Valley School District No. 402 from such harm.

Lessee agrees to note Clallam County and Quillayute Valley School District No. 402 harmless as to all claims arising out of damage to the property of third parties and bodily injuries to or the death of any person or persons in or about said premises by reason of Lessee's use

of said premises. Lessee further agrees to furnish certificates evidencing insurance, naming Quillayute Valley School District No. 402 as an additional insured which will insure and indemnify Quillayute Valley School District No. 402 and Clallam County against the liability assumed by Lessee.

The limits of said certificate of insurance not to be less than Three Hundred Thousand Dollars (\$300,000.00) for all such injuries and not less than Three Hundred Thousand Dollars (\$300,000.00) for property damage.

This Agreement is to be construed as an addition to and part of the attached lease.

Washington has a dozen covered bridges left, but only one you can cross by car. It spans the Grays River just west of Cathlamet.

OBITUARY

Funeral services for Sybil Lynn Merritt were held in the Forks Congregational Church on Friday, June 15, with Rev. Ted Ringsmuth officiating. Mrs. Merritt passed away at her home in Forks on Monday, June 11.

Born in Freeport, Illinois, June 25, 1889 to Jesse and Fannie (Gleason) Thayer, Mrs. Merritt came to Eastern Washington in 1914. She was united in marriage to John E. Merritt at Shelton, Washington on May 19, 1925. She had been a resident of Clallam County since 1928.

Survivors include her husband, John of Forks; 2 sons, Harold G. Lobdell, Fresno, California; Kenneth R. Lobdell, Priest River, Idaho; daughter Mrs. Herbert Welch, Shelton, Washington; seven grandchildren and seven great-grandchildren. Three sons preceded her in death.

Mrs. Merritt was an active member of Fletcher-Wittenborn V. F. W. Auxiliary Post 9199, Forks Prairie Grange, Cleaness and West End Republican Club. She was a past-president of the Beaver School P. T. A. She also served on the election board at Beaver and never missed exercising her voting right. She belonged to the Tyee Tillamums, a neighborhood social group in the Tyee-Beaver area. She wrote the Tyee-Beaver-Sappho news column for the Forks Forum beginning in 1936 and continued except for a few months.

Funeral services for Mrs. Merritt were held in the Forks Congregational Church on Friday, June 15, with Rev. Ted Ringsmuth officiating. Mrs. Merritt passed away at her home in Forks on Monday, June 11.

until she moved to Forks in November, 1972. She had just recently begun writing a column about her neighborhood in Stevens Grove Mobil Home Park. Mrs. Merritt leaves her family and many friends to mourn her. She had the gift of accepting people as they are and "she never met a stranger." She will be missed.

Forks Lions aid in project

Forks Lions Club has received a certificate of appreciation from CARE in recognition of their sharing in the LIONS-MEDICO project sponsored by Multiple District 19 to provide vital life-saving equipment for the CARE/MEDICO installation at Avicenna hospital, Kabul, Afghanistan.

District contributions will provide a defibrillator with cardiscope, the "miracle" medical machine used for treatment of patients with heart attacks, a laboratory and other major equipment to aid Afghan doctors in providing better future health and improved medical aid for thousands of ailing children and adults for many years.

In Afghanistan, the MEDICO service is extremely valuable as medical aid is limited to 1 doctor for every 25,000 of its 15 million people, many of them very needy. A full-time team of doctors, nurses and technicians before their assignment to remote areas, now often without medical aid, at the same time treating

thousands of patients who often walk many miles for medical help.

Dr. Harry Emmel of Seattle, one of several Northwest specialists who have volunteered in Kabul for MEDICO, a service of CARE, reported on conditions there at a recent

Lions convention in Seattle. Reports also have come from the Kabul MEDICO director, Dr. Alan Zeller, a Lion, formerly of Maline.

All of the Lions-donated equipment will bear identification as gifts of Multiple District 19, it is noted by the CARE station-

al office in Seattle. As an added convention feature, Lion Whitney Miller of the College Place Lions club underwent an "operation" for removal of his beard, the stunt raising an additional \$450 for the MEDICO project.

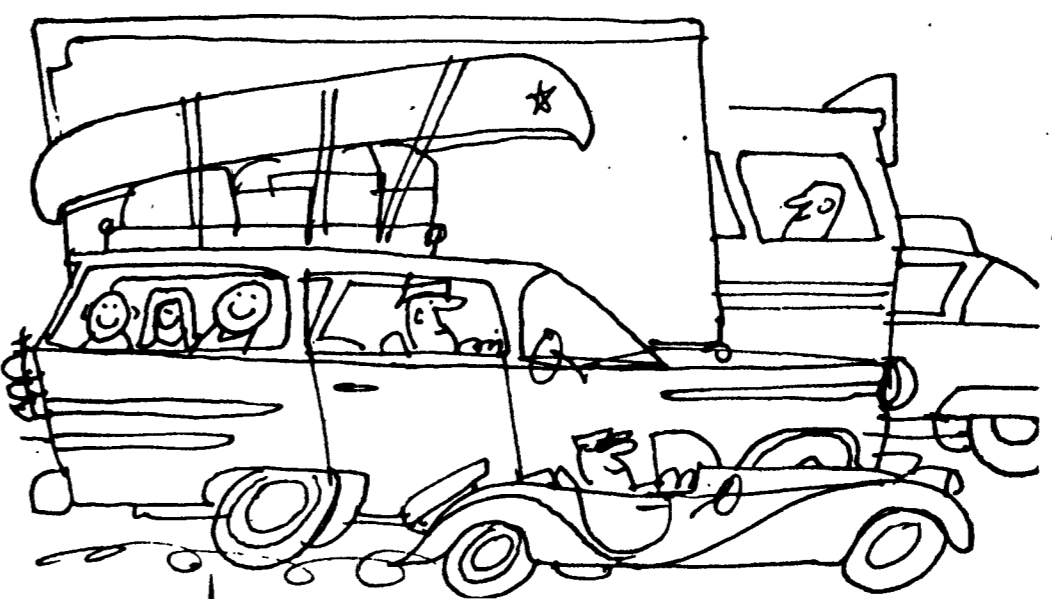

take time for safety

This week our highway traffic will probably reach its summer peak. Unfortunately this also means more tragic accidents on our roads and highways.

- The National Safety Council urges you to exercise special care in the days ahead. Drive carefully, and take extra precautions. Make sure your car is in good mechanical condition. Check your tires, brakes and lights in particular.
- Stop often for rests and stay alert.
- Drive under the posted speed limits and obey all traffic signs and signals.

Remember that the 4th of July has brought out many people who will try to stretch a few extra minutes into a busy, fun weekend. Take your time. Take a little extra time to help prevent avoidable highway accidents.

50 years of life... 50 years of helping people.

The years since 1923 have been years of unparalleled growth and change. We have seen our nation move from the Model-T to the Apollo spaceship; from the Marconi wireless to the Telstar satellite. It has also been a time of great men with far reaching visions for the future. From Charles Lindberg to Neil Armstrong, our country has been blessed with great creativity and the courage to make ideas a reality.

1923 was also the year that another man with far reaching ideas became the first Director and Manager of Port Angeles Savings & Loan Association. His name was R.O. Erickson. In the last 50 years Port Angeles Savings has established itself as a trailblazer in this area...building the future, and fulfilling dreams. Port Angeles Savings & Loan: 50 years of life...50 years of helping people.
