First Federal to establish branch office here

Clarence E. Hambre, president of First Federal Savings and Loan of Hoquiam, announced in Forks, Tuesday, that First Federal has filed an application with the Federal Home Loan Bank Board for permission to establish a branch office in Forks. Tentative plans are to locate in the former Sackett's Department Store building on Main Street.
Mr. Hambre informed the Forks Forum that the Federal Home Loan Bank Board would like to hear from anyone who feels a definite need for this type of service in Forks. The address where letters should be directed is found in First Federal's notice of application which appears elsewhere in this issue of the Forum.

CITY COUNCIL

The two recent City Council meetings were held before a large number of interested citizens. The main reason for the increased attendance is, of course, the controversial sewage treatment plant issue. Concerned persons included Terry Dimmel and "Red" Miller who cashed as a property holder in the area of the proposed site. Mr. Dimmel expressed the opinion that "definitely degrading" and a court case could be expected if the original location for the plant was selected.

Representing the engineering firm of Lee Johnson and Associates was Mr. Fred Kearns. In his words, "I don't believe we would destroy the site or damage it" and in answer to a question as to the purity of the river downstream from the plant, he said "you wouldn't want to drink it" however, Bogachiel water is not potable at this time anyway, as it is unprotected and needs to be treated.
Steve Miller of the Department of Game and Fisheries said, "so far

from Olympia our tentative position is, if a secondary treatment is needed, we would prefer another place of discharge than the Bogachiel".
If the Department of Game and Fisheries did require a higher class plant in the future, improvements on the plant would cost about \$80,000.
It was noted that a biologist has okayed the location of the original site from aerial photographs only and has not actually walked the area in question.
Sam Grandberg of Seattle Northwest Securities, the corporation financing the operation, was on hand at the second meeting to explain parcel assessments and federal funding. It is not known what part of the program will be federal at this time. It seems Mr. Nixon has not released all funds through the Department of Ecology for projects such as this one. Instead of 90% as projected in the past, it is figured that 70% funding is more realistic. As a matter of fact, it is not certain which location sites could or would be federally funded at this time.

It appears that the citizens have the questions but can't get concrete answers from the engineers for the project. An Environmental Impact Statement on the original location site will be offered this week.

BARBERSHOP FESTIVAL

While the Forks community can take pride in putting on one of the finest 4th of July celebrations on the Peninsula, it's the Anacortes community who take the honors for putting on the best barbershop quartet entertainment.

A weekend of fun is scheduled for July 28 and 29 in Anacortes. The "Night of Harmony" show will be held on the evening of Saturday July 28th at 8:00 p.m. at the Anacortes High School gymnasium. The program will feature the Anacortes Barbershop Chorus as well as several specialty quartets. The "O, K, Four" from Oklahoma City will entertain with their well-known comedy routine. The current District champions, the "Fraser Highway Men" from Langley, B.C., the "Artesians" from Olympia, and the "Grossome Fousome" of Anacortes will sing.

The next day, Sunday, July 29th at 12:00 noon, there will be a salmon barbecue in Washington Park at Sunset Beach. The novice barbershop quartet contest will begin at 2:00 p.m., to be followed by entertainment given by several registered quartets.

Anacortes offers a wide selection of tourist facilities which includes several motels as well as 3 trailer parks. Located on the northern tip of Fidalgo Island, Anacortes can be reached by ferry from Port Townsend.

NEW LIBRARY SYSTEM

North Olympic Library System is inaugurating a new service this week. The libraries have subscribed to the McNaughton Book service which will mean that the most popular of fiction and non-fiction will be available almost as soon as published for all Clallam County library users.

The McNaughton service is, in effect, a rental system. The subscribing library and McNaughton agree on a quota of new books which is kept constant by returning to the company the books which are no longer in demand each month. The McNaughton company, in turn, sends to the sub-

scribing library the books published in that month which will be of interest to persons using that library.

Forks, Sequim, the bookmobile, the Main Library and Service Center in Port Angeles, each has a separate arrangement with the McNaughton company. This means that each library will receive books which will be of particular interest in that area.

The McNaughton books will be shelved in a section of their own and are easily recognized by the distinctive green label on the lower end of the books. The books will circulate for the same period of time as for all NOLS-owned books--two weeks for four weeks depending on the demand.

Several eagles have been seen by district employees in the past few weeks. Wildlife appear in good shape after the mild winter. The fawn crop apparently is good judging from the number seen this far.

June birthdays were honored with Geneva Whitfield winning the cake baked by Mrs. Maxfield. Refreshments were served by hostesses Mrs. Howard Gagnon and Mrs. Harvey Hoffman.

For the week ending midnight July 1, 1978, the number of admissions was 11, discharges 7, outpatient visits 87, emergency room visits 77. The hospital ambulance corps responded to 7 calls.

A continuation of the Hospital Board meeting was held on Monday, July 9, 1978 in the hospital dining room at noon.

PARKS VISITS DECREASE

Assistant Superintendent Reed Jarvis of Olympic National Park announced today that the park's travel figures for the month of June show a 14.75 decrease below the same month in 1972. During June, 1972, 334,041 visits were recorded as compared to 284,783 visits in June 1973. The total number of visits for the first half of the year 1973 show a decrease of 4.8% as compared to a similar period in 1972.

Although it is difficult to determine the actual cause for the decrease, speculation is that a combination of factors such as the reputed gasoline shortage and uncertainty over the economy might reduce the numbers of people who were contemplating a park visit. Mr. Bedford Eaten, Manager of Lake Crescent Lodge, indicated that he has received some cancellations as a result of the concern over the shortage of gasoline. In 1972 Olympic National Park showed its greatest number of annual visits every recorded - 3,031,653.

Rick, Ron and Rodger Hum are spending the week at the Lenny Wilkens-John Trevenen basketball camp at Issaquah. The camp teaches the boys basketball techniques as well as a well-rounded program in other sports and activities. Also attending from the Beaver area is Mark Davis.

Spending last week as houseguests of the Dean Hum family were the Boury children. Elaine's sister and her husband, Mr. and Mrs. Dick Boury were on vacation in Hawaii.

On June 23rd, Mr. and Mrs. Art Munson flew to Ketchikan, Alaska, where they were joined by their daughter, Linda and her son Lance and embarked on a trip to retrace a part of Alaska's history and it's Gold Rush days. Traveling from Ketchikan, they took the Malaspina ferry with stops at Haines and Juneau, arriving at their destination at Skagway. In 1898, Mrs. Harriet Pullen (Mrs. Pullen's aunt) and her three children set off from Seattle by boat along with Mrs. Pullen's homes. Landing in Skagway was quite a chore in itself as there was no dock and the Pullen's and the homes had to swim ashore. Mrs. Pullen later built a hotel in Skagway and played a very important part in Skagway's and the Gold Rush history. Mrs. Pullen died in Skagway in 1947 and is buried across the railroad tracks from her hotel. Many of her Alaska artifacts are on display at the Clyde Auditorium in Seattle. The Department of Interior plans to re-do the Skagway main to depict its bustling days when its population was 20,000. It now has a population of 750. There are also hopes that Mrs. Pullen's hotel will also be restored. The Munsos took the Narrow Gauge Railway from Skagway through the Chilkoot Pass, along the Trail of 1898 to Lake Bennett, a trip of some 40 miles. Anyone interested in Alaskan history would surely enjoy listening to the Munson's recollection of this interesting and informative trip.

Kevin Lohnes is spending the week with his grandparents, Mr. and Mrs. John

Lohnes while his mother, Karen, is in the hospital in Olympia.

Visiting last week with the Robert Tattles were their daughters and their families, Sharon Horan of Blaine and Isberta Gonzales of Kent.

On Wednesday of last week, Mr. and Mrs. Ed Lewis drove to Hoodlum to stay at their son's home to care for their granddaughter, Shannon, while their daughter-in-law underwent surgery. On Thursday, they drove to Renton, stopping in Sumner to visit with Mr. and Mrs. Fred Mistic. Mr. Mistic is a former resident of Forks. They returned to Hoquiam and before returning home on Sunday, they visited with Kenny Klahn, also a former resident of Forks.

The Gene Laes family spent last Tuesday and Wednesday visiting with Gene's parents in Bremerton. Kathy and the children returned home and Gene returned to Ellensburg where he is attending summer school.

Spending the week at Lake Sutherland with Mr. and Mrs. Ken Armstrong were Mr. Armstrong's parents, Mr. and Mrs. C. B. Pennybacker of Coffman Cove, Alaska.

John and Belle Sandquist and Lena and Lisa Nordman visited with Mr. and Mrs. A. M. Nordman on the 4th of July. They also took in the parade while they were here.

Mr. and Mrs. A. M. Nordman drove to Seattle last Thursday on business. While there they visited with their daughter Laura and her family. The Kordmans received a call last week from the Dale Dawkis. Mr. and Mrs. Dawkis are vacationing in Alaska at the time of the call.

Spending the weekend with Leta Klahn and her son and his family, Mr. and Mrs. Allen Klahn of Tacoma.

Visiting Mr. and Mrs. Gordon Otso over the 4th of July were Betty's niece and husband, Doug and Toni Graham from Los Angeles, California.

Mr. and Mrs. Bill Rawlins and children visited Dave and Sandy Rawlins over the weekend. The visitors are from Marysville, Washington.

Dick Peterson of Alaska, brother of Mrs. Don Meng of Forks, visited her over the 4th and played in the band at the Ankers. He has a band in Alaska. The main purpose for his trip here was to attend a family reunion at Port Angeles.

KLAHN - LEE WED

Robin Christine Klahn, daughter of Mr. and Mrs. Lorraine P. Klahn of Forks, and Robert D. Lee, son of Mr. and Mrs. Ralph Lee of Forks, were wed Saturday, July 7, 1973 in a single ring ceremony performed at 2 p.m. in the Forks Bible Church by Pastor H. William Flemming.

Large arrangements of lavender glad and poms with pink carnations and baby's breath decorated the church. Candelabras held white candles with lavender and white bows. The bride was given in marriage by her father. She wore a long white, lace-over-taffeta gown with a long veil and carried an arm bouquet of lavender poms and baby's breath.

The bride's sister, Rita Klahn, served as maid of honor. She wore a floor length print dress and carried an arm bouquet of lavender poms and baby's breath resembling the bride's bouquet.

Best man was Chet Hunt of Forks and John Spoelstra, also of Forks, was usher.

Mrs. Paul Hanson served as wedding hostess. The bride's mother wore a yellow dress with a yellow rosebud corsage, and the groom's mother was attired in a mint green dress with a pink rosebud corsage.

Following the wedding ceremony a dinner was held at the bride's home for families and close friends of the couple.

Marge Wahlgren was appointed chairman of the flower display for the Arts and Crafts show for the 4th of July. A report on the plant sale held in Nixie's yard in May was given and was reported that \$188.95 was made on the sale. This money will be used for beautification projects of the club and to pay for a tour of the gardens in Victoria in July.

Following the business meeting, Terry Klepey of the U.S. Forest Service showed two films to the members. One was "The Forest" and the other, "Washington Wildlife."

The Garden Club will hold a Flower Show in the Congregational Church Fellowship Hall on August

with Mrs. Paul Hanson assisting. For her going away costume the bride chose a white street length dress with red trim and wore a white carnation corsage.

The newlyweds are at home in Olympia where the groom is stationed at Ft. Lewis.

A reception honoring the couple will be held Saturday, July 21 from 7:30 to 9 p.m. in the Fellowship Hall of Forks Bible Church. A cordial invitation to attend is extended to their friends.

Filming of movie cancelled

The sequence of a movie starring John Wayne which was originally scheduled to be filmed at La Push, has been cancelled by BAJAC Company because of movie company time requirements.

The movie company wanted to use one of the local fish companies for the movie but would have to practically close their operation during the filming between 8 a.m. and 4 p.m. daily for four or five days. This was to be done the latter part of July during the height of the trolling fishing season and would cause a tremendous hardship on the company involved.

Every attempt was made to have them pick a later date but to no avail.

The movie production manager, Mr. Glick, informed the personnel at La Push, they would probably use this location at another date for another movie because of the natural beauty of the area.

ACCIDENT REPORT

A one-car accident occurred July 1, 1973, at 3 a.m., 26 miles north-east of Forks on SR 101. Gregory D. Munro, 22, of Star Route 1, Box 87, Forks, driving a 1970 Opel Coach, was west-bound on SR 101 when he fell asleep at the wheel. The vehicle went off the roadway but the car

rolled onto its top. Munro was not wearing a seat belt at the time of the accident, and complained of a sore left shoulder. Damage to the car amounted to \$800 and Don's Towing was called to the scene of the accident. The weather was clear and road conditions were dry.

On July 5, 1973, at 7:30 p.m., a one-car accident occurred 4 miles north of Forks on SR 101. Thomas S. Ellison, Jr., 20, of Star Route 1, Box 179, Forks, driving a 1964 Dodge pickup, was southbound on SR 101, when he apparently fell asleep. The vehicle ran off the roadway to the left and struck a tree. Ellison, not wearing a seat belt, sustained mouth lacerations, a back injury, and broken left leg, and was taken to Olympic Memorial via the Forks ambulance. The vehicle, brought in by West End Towing, was totaled. The weather was clear and road conditions were dry.

A two-car accident occurred July 5, 1973, at 8:15 p.m., 7 miles north of SR 101 on the Burnt Mountain Road. Hummie D. Charbonneau, 26, of Rt. 1, Box 172-D, Boy, Washington, was northbound on the Burnt Mountain Road when he lost control in a curve to the right and his 1972 Porsche spun around striking an oncoming vehicle in the rear. The oncoming vehicle, a 1970 Toyota, was driven by Gilbert E. Townsend, 36, of 6741 Adairita, Victoria, B.C. The vehicles came to rest in the
