His department deals mostly with dependent children or children of parents who are unable to take care of their children for various reasons, also unwed mothers or boys and girls who have had trouble with the police, seeing that the children are well placed so they may return to normal living. About 95 percent of cases handled are successful.

Mrs. William Neuman read a paper on "How to Prevent Crime" and stressed more control by parents. Mrs. Harry McFarland sang a solo, "No Place Like Home" with Mrs. Alice Butler at the piano. Mrs. Dolores Smith gave two golden thoughts for the day: "What you give into the lives of others comes back into your own" and "Do unto others as you would have them do to unto you".

Mrs. H. G. Heath was welcomed as a new member. Mrs. Fronie Ware and Mrs. Vivian Guernsey were guests.

Mrs. Alice Butler baked the cake to honor the October birthdays of Mmes. Charles Beam. George Bowen, Minnie Fredricks, Thomas Smith, Nellie Peters and George Whittenborn.

Mmes. Bertha Lewis, Alex Pappas, Minnie Fredricks were reported still in the hospital and Mrs. Dorothy Alstott not feeling so well at home.

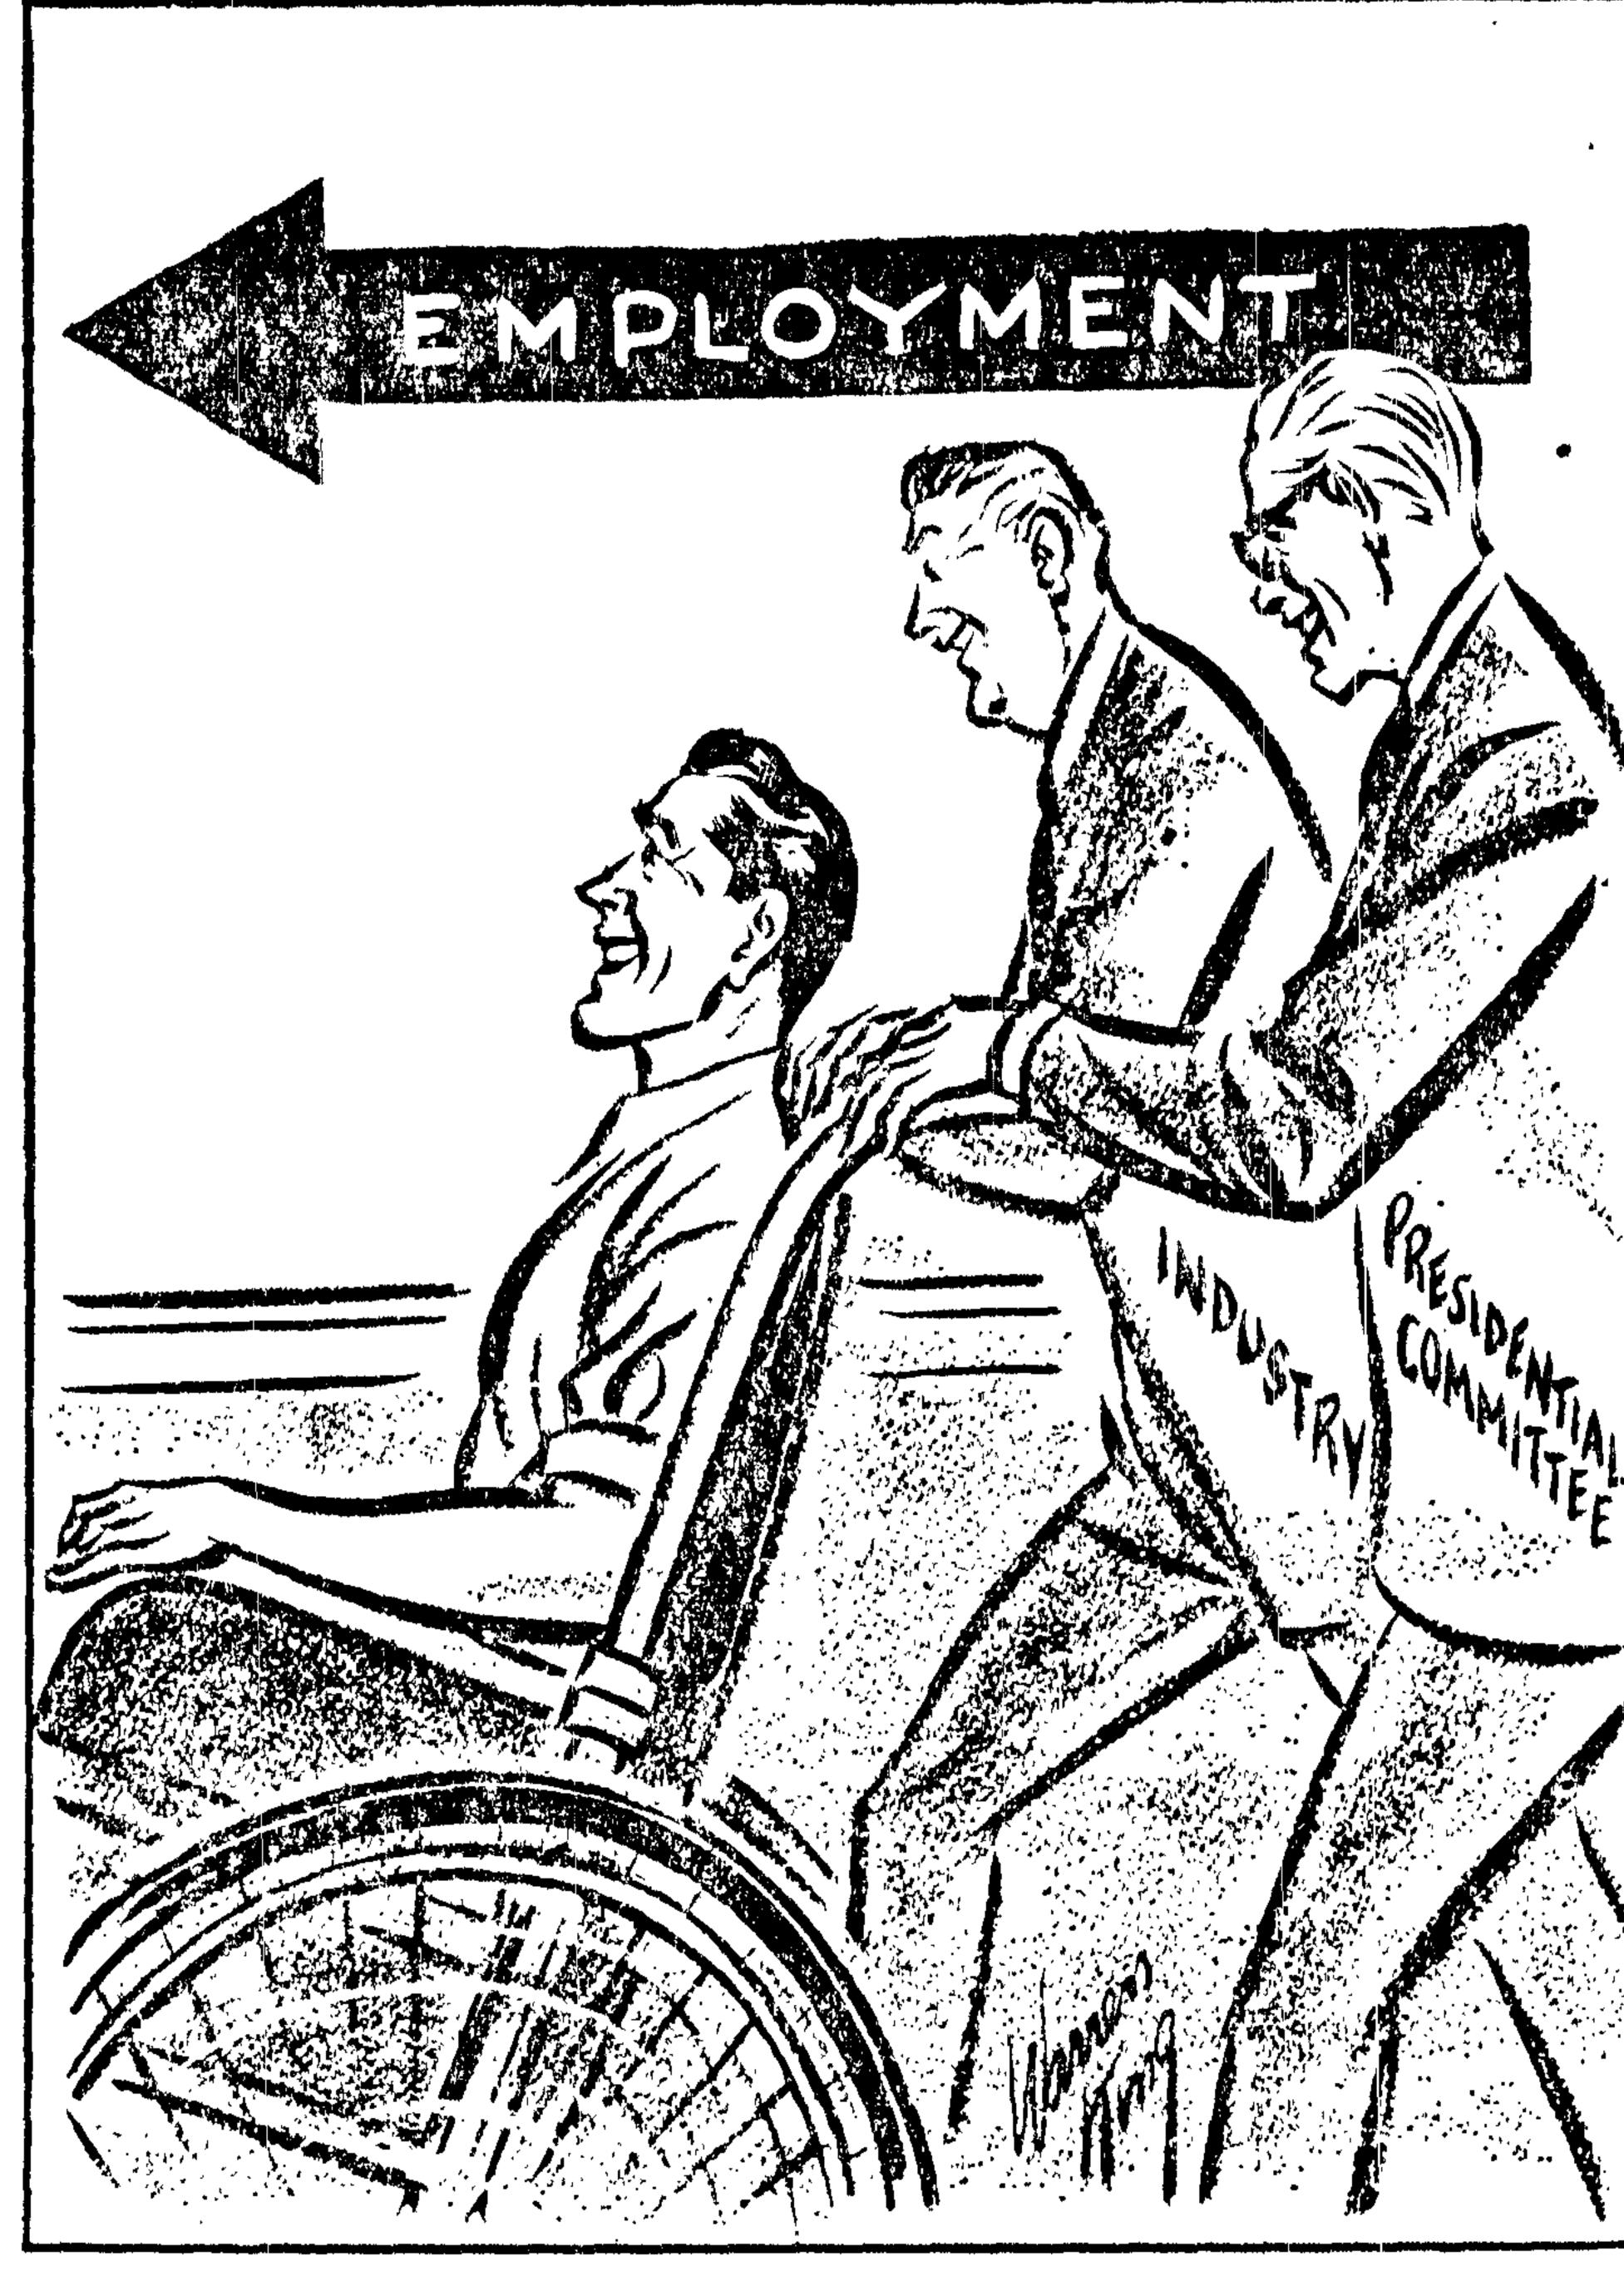

Next meeting October 18 Mrs. Paul Mullins is to be program chairman.

### MRS. WILLIAM FIELDS AND OFFICERS FROM FIDELITY COURT VISIT IN VICTORIA

Mrs. William Fields, Royal Matron of Juan de Fuca Court, Order of Amaranth, accompanied members from Fidelity Court, Hadlock, on an impromptu visitation to Mizpah Court, Victoria last Wednesday.

Mrs. Fields returned Thursday morning, but the delegation from Hadlock, Mae Cartwright, Royal Matron; Jay Oakes, Royal Patron; Ila Peak, Associate Matron, and other officers Wilhelmina Rudge, Evelyn Baird and May Nelson stayed over for a day.

### ABILITY, NOT DISABILITY, COUNTS

### OPPORTUNITY FOR INDEPENDENCE

American industry, in cooperation with the President's Committee on Employment of the Handicapped, is providing the opportunity for may thousands of handicapped individuals to gain independence as they prove themselves on the job.

To give even greater impetus to this worthy project the week October 6-12 has been set aside as "National Employ the Physically Handicapped Week." However, this activity should not be limited to one week in the year. It should be a continuing program—one which progresses well when we

remember it's ability, not disability, that counts. This movement is being accelerated also by the removal of architectural barriers to the handicapped in both public and private structures throughout the nation. This benefits many handicapped people as education and jobs become more readily accessible to them.

For example, twenty colleges have made their campuses completely accessible through the use of ramps, as well as stairs and wider entrances to permit wheel chairs to enter. The elimination of physical barriers will open up even

greater opportunities for the handicapped.

# SENATE JOINT RESCILLIE ON

Proposed Constitutional Amendment

\*Ballot Title as issued by the Attorney General.

### AUTHORIZING STATE COURT OF APPEALS

Shall the State Constitution be amended to provide for establishment by the legislature of a state court of appeals with such jurisdiction as may be granted by statute or rules as authorized thereby; providing that the number, manner of election, compensation, term of office, removal and retirement of judges of such court shall be prescribed by statute; and providing that the administration and procedures of the court shall be prescribed by supreme court rules?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (49 members) Yeas, 47; Nays, 2; Absent or not voting, 0. HOUSE: (99 members) Yeas, 88; Nays, 4; Absent or not voting, 7.

Explanatory comment issued by the Attorney General as required by law

### The Law as it now exists:

Under the present state constitution, the state court system is comprised of a supreme court, together with superior courts in each county, justices of the peace, and such inferior courts as the legislature may provide. The superior courts are primarily trial courts of original jurisdiction, although they also have appellate jurisdiction to the extent provided by appropriate legislative enactment with respect to causes arising in justice courts and other inferior courts in their respective counties. The supreme court has original jurisdiction in certain cases involving state offices and mandatory appellate jurisdiction in all actions or proceedings except in certain cases where the amount in controversy does not exceed \$200. In all of its appellate cases the supreme court is required to enter a written decision.

### Effect of Senate Joint Resolution No. 6 if approved into Law:

The proposed amendment provides for establishment by the legislature of a new court of appeals. The new court's jurisdiction and extent of review power over superior courts is to be provided for by statute or by supreme court rule authorized thereby. The number, manner of election, compensation, term of office, removal and retirement of judges of the court of appeals are also to be prescribed by statute, while the administrative procedure of the court is to be prescribed by supreme court rule.

A Legal Fublication from the office of A. Ludlow Kramer, Secretary of State

To be voted upon November 5, 1968.

# RESOLUTION

Proposed Constitutional Amendment

\*Ballot Title as issued by the Attorney General.

### PROVIDING FOR STATE BUILDING AUTHORITY

Shall Article VIII of the State Constitution be amended by adding a new section authorizing creation by the legislature of a state building authority to construct buildings and improvements for lease to state agencies or departments for up to seventy-five years, and to finance such construction through issuance of bonds or other evidences of indebtedness to be paid from the authority's revenues which would not be subject to the constitutional debt limitation?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (49 members) Yeas, 46; Nays, 2; Absent or not voting, 1. HOUSE: (99 members) Yeas, 92; Nays, 3; Absent or not voting, 4.

Explanatory comment issued by the Attorney General as required by law

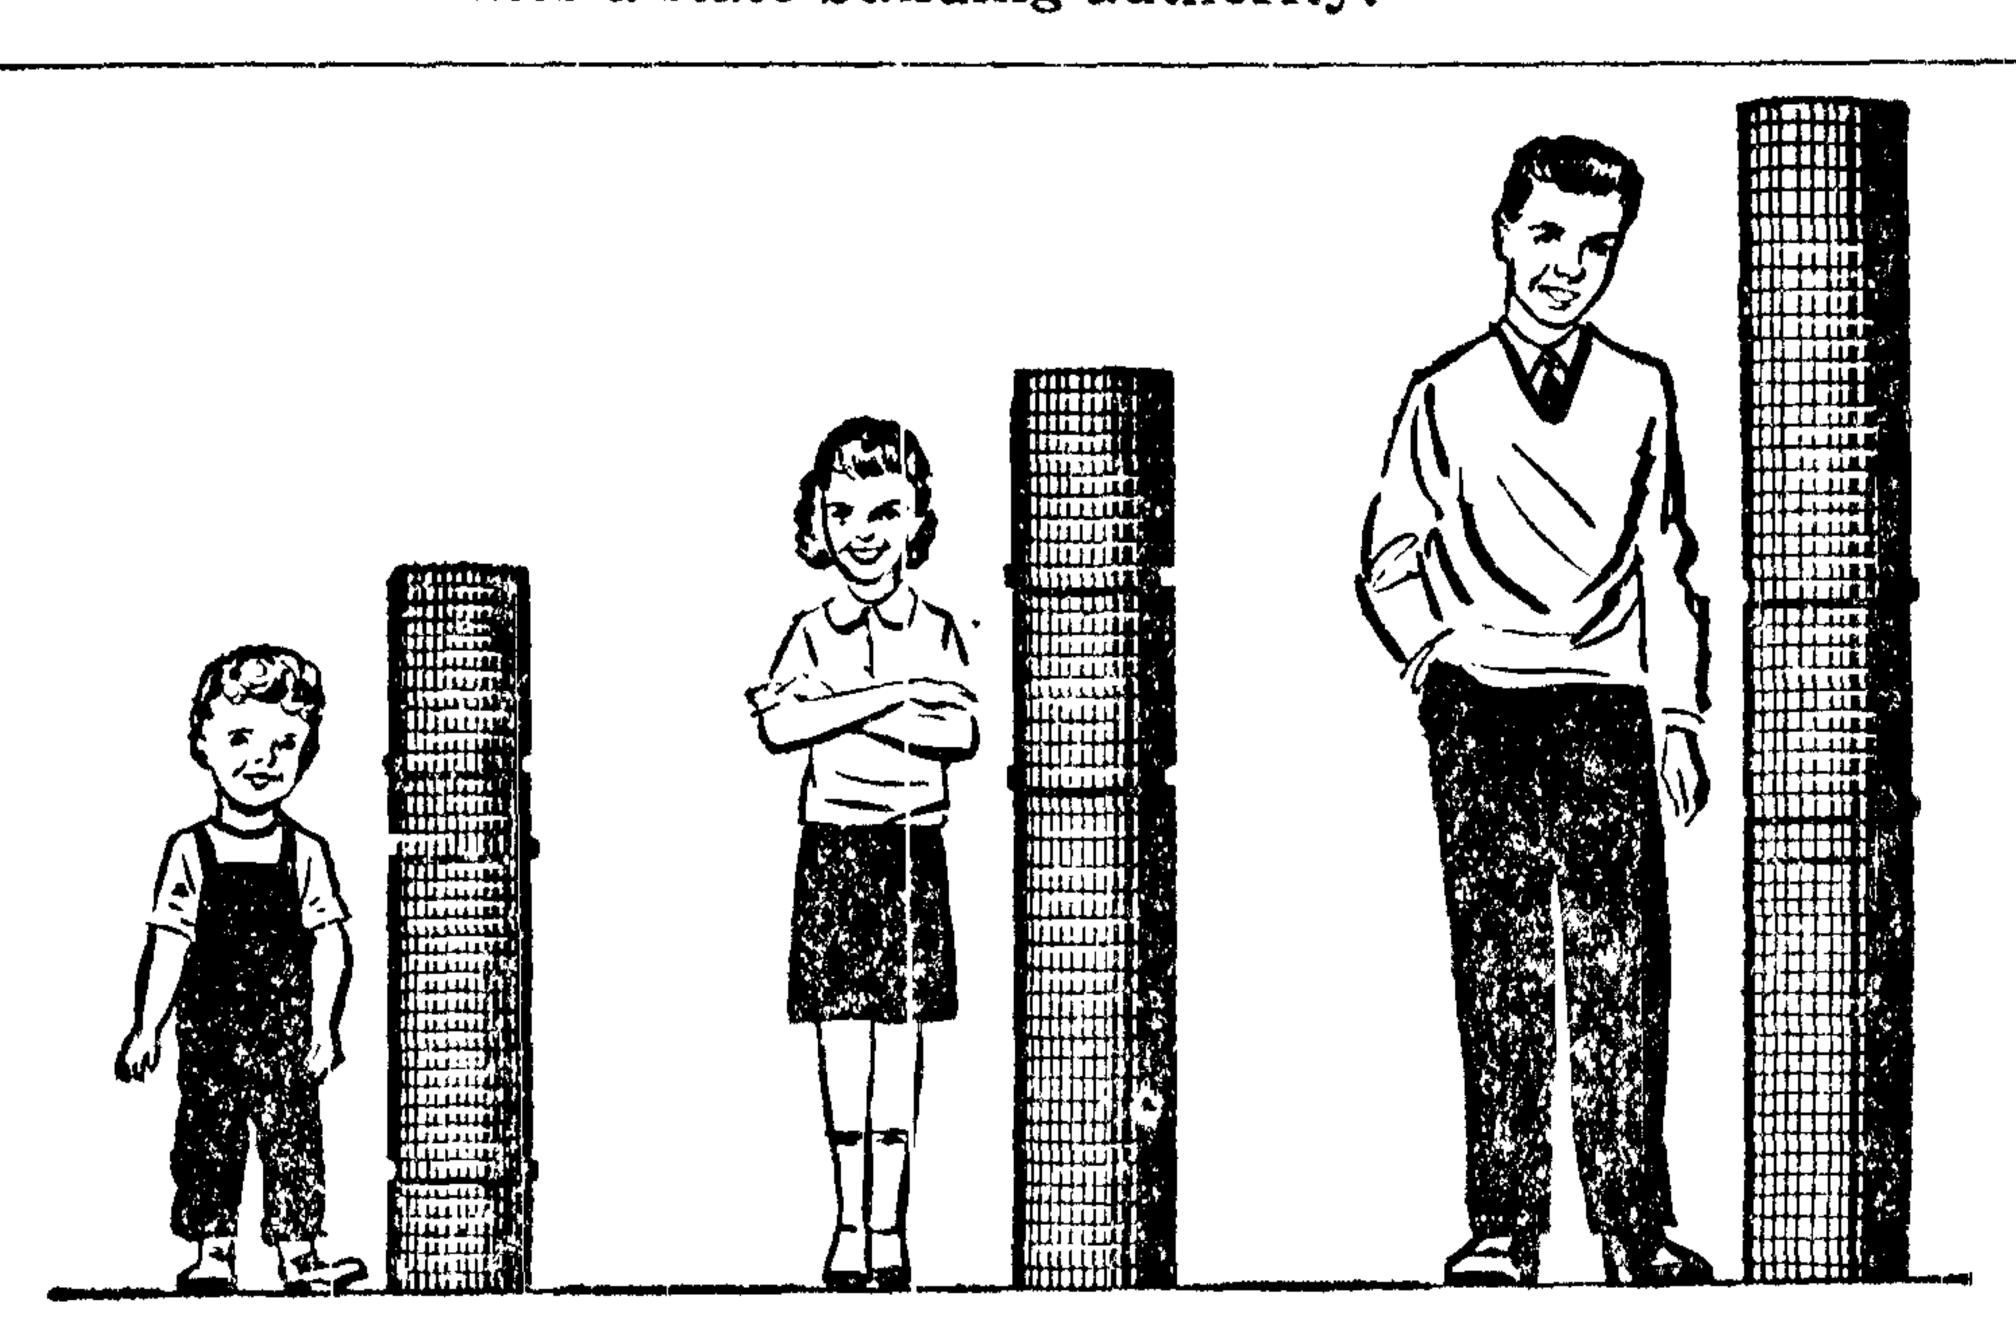

### The Law as it now exists:

The construction of buildings and other improvements for the various state agencies is from time to time financed through the issuance by the state of general obligation, limited obligation, or revenue bonds. Under the present constitution no law authorizing the state to contract debt in excess of the state constitutional debt limit through the issuance of general obligation bonds can take effect until it shall have been submitted to and approved by the people at a general election. The state supreme court has held this requirement of voter approval to be applicable to bonds which are issued to finance the construction of buildings for lease to state agencies when the rental payments are to be financed from state general fund appropriations.

### Effect of Senate Joint Resolution No. 17 if approved into law:

The proposed amendment would authorize the legislature to create a state agency called the state building authority. If authorized by the legislature, this agency could contract with other state agencies to construct buildings and improvements for their use on a lease basis at a reasonable rental rate for a term not to exceed 75 years. In addition, if authorized by the legislature, the building authority could finance such construction by borrowing funds solely on its own credit through the issuance of bonds or other evidences of indebtedness to be secured by pledges of the authority's income or by mortgages of its leaseholds. In the event the authority utilizes this method of incurring indebtness. the bonds or other evidences of indebtedness would not be subject to the constitutional debt limitation and could, therefore, be issued without a vote of the people.

Approval of this proposed amendment will validate the provisions of chapter 162, Laws of 1967, which creates a state building authority.

### CLALLAM COUNTY WATER AND SEWER PLANNING GRANT APPROVED

A \$9 thousand grant from the Farmers Home Administration (USDA) is now available with a \$4 thousand commitment from | Clallam County to complete a comprehensive community water land sewer development plan ex-Clusive of Port Angeles and Federal Lands.

A grant agreement with the Clallam County Commissioners for funding and a proposed con-I tract of the County with the firm of Stevens, Thompson, and Runyan, Inc. for completion of the plan were approved this past | week according to Lloyd Brumbaugh, FHA Representative at Port Angeles.

Brumbaugh states the plan is designed to help develop awareness on part of rural people of their water and waste disposal problems and provide informa-Ition on which communities could act to improve or install needed facilities.

Similar grant agreements have recently been completed with County Commissioners for Kitsap land Jefferson Counties by the Port Angeles FHA office.

A Legal Publication from the office of A. Ludlow Kramer, Secretary of State

To be voted upon November 5, 1968.

# SENATE JOINT 24 RESOLUTION

Proposed Constitutional Amendment

\*Ballot Title as issued by the Attorney General.

### VACANCY: LEGISLATIVE, COUNTY ELECTIVE OFFICES

Shall the State Constitution be amended to provide for filling vacancies in legislative or partisan county elective offices as follows:

(1) The county commissioners of the county affected shall appoint a person from the same legislative, county or county commissioner district and political party as the officer whose office has been vacated;

(2) On failure of the county commissioners to so appoint within sixty days, the governor shall within thirty days appoint a person similarly qualified?

Explanatory comment issued by the Attorney General as required by law

### The Law as it now exists:

The approval of Senate Joint Resolution 24 is required to prevent subversion of the people's wishes and commands in county government and to guarantee full and adequate representation of the people. Under the present constitutional provision the county commissioners, when a vacancy occurs in a partisan elected county office, have complete and unqualified power to appoint, or not to appoint, a new official to the vacated position. For example, if the official vacating the county office is of a different party affiliation from that of the majority of county commissioners, they may subvert the will of the people by (1) filling the vacancy with a person of party affiliation contrary to that of the official vacating the office, or (2) not appointing any new official.

### Effect of Senate Joint Resolution No. 24 if approved into Law:

The approval of Senate Joint Resolution 24 will further the will of the people by first placing qualification on the county commissioners' power of appointment. Their power will he restricted to the appointment of a person who is (1) from the same county or county commissioner district as the officer whose office has been vacated; (2) a member of the same political party; and (3) one of the three persons nominated by the county central committee of that party. Second, if the county commissioners fail to act within 60 days time the governor shall make the appointment from the list of three nominees who shall be of the same political affiliation as the person who vacated the office.

The approval of Senate Joint Resolution 24 is required so as to prevent subversion of the people's wishes such as has occurred in Kitsap County in years past. The importance of Senate Joint Resolution 24 was recognized by the Legislature in its vote on the resolution. Unanimous approval was voiced—47 to 0 in the Senate, 96 to 0 in the House of Representatives.

Proposed Constitutional Amendment

\*Ballot Title as issued by the Attorney General.

### INVESTMENT OF PUBLIC PENSION FUNDS

Shall the Constitution of the state of Washington be amended by adding a new article and section permitting the moneys of any public pension or retirement fund to be invested in such manner as may be authorized by law?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (49 members) Yeas, 40; Nays, 8; Absent or not voting, 1. HOUSE: (99 members) Yeas, 86; Nays, 1; Absent or not voting, 12.

Explanatory comment issued by the Attorney General as required by law

### The Law as it now exists:

Under the present constitutional provisions relating to the investment or other use of public funds, there is some uncertainty as to the type of investments which the legislature may authorize the various public employees retirement boards to make when investing pension and retirement funds.

### Effect of Senate Joint Resolution No. 5 if approved into Law:

The proposed constitutional amendment would remove this uncertainty by expressly permitting the investment of public pension and retirement funds in such manner as is authorized by appropriate legislative enactment.

### WATER POLLUTION CONTROL

FACILITIES BONDS

AN ACT providing for the issuance and sale of state general obligation bonds in an amount not exceeding \$25,000,000 to finance grants by the pollution control commission to public bodies, in conjunction with federal grants authorized pursuant to the federal water pollution control act, for the purpose of aiding in the construction and improvement of water pollution control facilities; providing for payment of the bonds from unpledged retail sales tax revenue or other means authorized by the legislature; and appropriating \$9,000,000 to the pollution control commission for the above described purposes during the present biennium.

Vote cast by members of the 1967 Legislature on final passage: SENATE: (49 members) Yeas, 39; Nays, 0; Absent or not voting, 10. HOUSE: (99 members) Yeas, 93; Nays, 3; Absent or not voting, 3.

Explanatory comment issued by the Attorney General as required by law

### The Law as it now exists:

Under present law governmental facilities for controlling water pollution are financed by local public bodies and state agencies with whatever funds are available for that purpose.

At its 1967 session, the legislature enacted legislation providing for the issuance of state general obligation bonds, the proceeds of which would be used to finance construction of water pollution control facilities. Under the state constitution, a law authorizing the state to contract a debt through the issuance of such bonds cannot take effect until it shall, at a general election, have been submitted and approved by the people.

### Effect of Referencium Bill No. 17 if approved into Law:

If approved, the law will authorize the sale of state general obligation bonds in an amount up to \$25,000,000. The proceeds from the sale of the bonds shall be administered by the Water Pollution Control Commission, an agency of the state. The commission is authorized to make and administer grants of such funds to municipal or public corporations, to counties and to state agencies, in conjunction with federal grants authorized pursuant to the federal water pollution control act. The act also appropriates \$9,000,000 from the bond proceeds to the commission for the above-described purposes during the current biennium.

The act provides for the payment of the bonds from a portion of the proceeds of the retail sales tax and such other sources as may be authorized by the legislature, and in addition provides that the bonds shall pledge the full faith and credit of the state for payment of the principal and interest thereon when due.

THREE PROPOSED STATE BOND ISSUES TO BE SUBMITTED TO THE VOTERS I FOR APPROVAL OR REJECTION AT THE STATE GENERAL ELECTION TO BE I HELD ON NOVEMBER 5, 1968.

### BONDS FOR OUTDOOR RECREATION

AN ACT authorizing the issuance and sale of state general obligation bonds in an amount not exceeding \$40,000,000 to finance the acquisition and development of outdoor recreation areas and facilities. The act directs the Interagency Committee for Outdoor Recreation to allocate half of the money so raised to state agencies for such acquisition and development as the legislature may direct and the other half to local public bodies for acquisition and development of outdoor recreation areas and facilities within their jurisdictions. Payment of the bonds will come from unpledged retail sales tax revenues or other means authorized by the legislature.

Vote cast by members of the 1967 Legislature on final passage: HOUSE: (99 mambers) Yeas, 92; Nays, 2; Absent or not voting, 5. SENATE: (49 members) Yeas, 47; Nays, 1; Absent or not voting, 1.

Explanatory comment issued by the Attorney General as required by law

### The Law as it now exists:

Under existing law the acquisition and development of outdoor recreation areas and facilities is financed by various state agencies and local public bodies with whatever funds are made available for that purpose. State and local outdoor recreation budgets are presently supplemented by state funds derived from two measures approved by the voters in 1984: Initiative 215, which provides about onehalf million dollars a year from unrefunded motor vehicle fuel taxes paid by purchasers of fuel used in boats, and Referendum 11, which authorized the sale of \$10 million in bonds between 1964 and January 1, 1970. The Interagency Committee for Outdoor Recreation, an agency composed of state officials and members of the public appointed by the Governor, administers these supplemental funds, allocating one-half to state agencies and one-half to counties, cities, and other local public bodies on the basis of an approved statewide out-

door recreation and open space plan. Under the state constitution, a law authorizing the state to contract debt through the issuance of general obligation bonds cannot take effect until i shall, at a general election, have been submitted to and approved by the people.

### Effect of Referendum Bill No. 18 if approved into Law:

If approved, the act will authorize the sale of general obligation bonds in an amount up to \$40 million for the acquisition and development of outdoor recreation areas and facilities in this state. The money will be allocated half to state agencies and half to local public bodies, and will be administered by the Interagency Committee for Outdoor Recreation.

The act provides for payment of the bonds from a portion of the proceeds of the retail sales tax and such other sources as may be authorized by the legislature, and in addition provides that the bonds shall pledge the full faith and credit of the state for payment of the principal and interest thereon when due.

Chapter 148, Laws Extraordinary Session, 1967

\*Ballot Title as issued by the Attorney General.

## STATE BUILDING PROJECTS:

BOND ISSUE

AN ACT authorizing the issuance and sale of state general obligation bonds in an amount not exceeding \$63,059,000; appropriating the proceeds to finance various building projects for the Department of General Administration, the Department of Institutions, and certain state institutions of higher education; and providing for payment of the bonds from unpledged retail sales tax revenues or such other means authorized by the legislature.

Vote cast by members of the 1967 Legislature on final passage: SENATE: (49 members) Yeas, 41; Nays, 1; Absent or not voting, 7. HOUSE: (99 members) Yeas, 76; Nays, 12; Absent or not voting, 11.

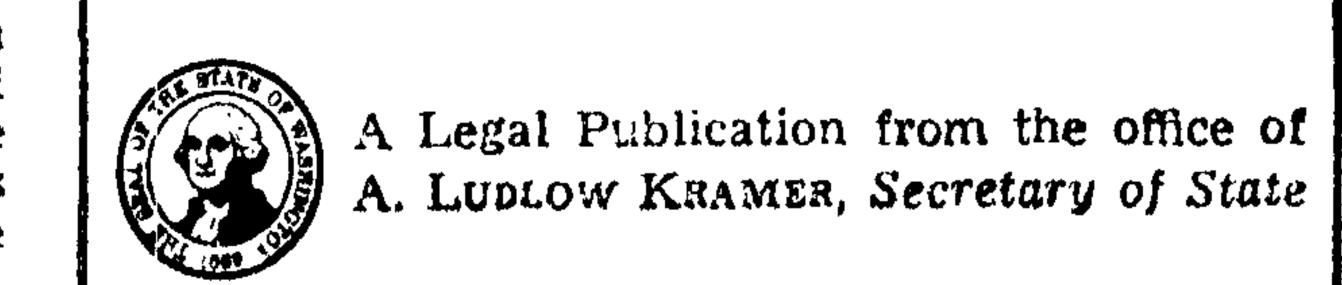

Explanatory comment issued by the Attorney General as required by law

### The Law as it now exists:

The construction and improvement of buildings and other facilities for use by various state agencies is from time to time financed with the iscuance by the state of general obligation bonds. The 1967 legislature passed an act authorizing the issuance of such bonds to finance various building projects for the Department of General Administration, the Department of Institutions, and certain state institutions of higher education. However, under the present state constitution, no law authorizing the state to contract debt through the issuance of general obligation bonds can take effect until it shall at a general election have been submitted to and approved by the people.

### Effect of Referendum Bill No. 19 if approved into Law:

If approved, the act will authorize the sale of state general obligation bonds in an amount up to \$63,059,000. Proceeds from the sale of these bonds will be used to finance buildings and facilities for the Department of General Administration, the Department of Institutions, the University of Washington, Washington State University, Western Washington State College, Central Washington State College, and the new Evergreen State College. A detailed list of these projects and the specific amounts appropriated for each project appears in the text of the act itself, as set forth on pages 43 and 44 of this pamphlet. The act provides for payment of the bonds from a portion of the proceeds of the retail sales tax and such other sources as may be authorized by the legislature, and in addition provides that the bonds shall pledge the full faith and credit of the state for payment of the principal and interest thereon when due.

### TAXING DISTRICTS: EXCESS LEVY ELECTIONS

Shall the State Constitution be amended to permit taxing districts, if authorized by the legislature, to submit propositions for property tax levies exceeding the forty-mill limit to their voters up to 24 months before the lavy date, thereby permitting two consecutive annual excess levies to be approved at one election; and authorizing submission of a second proposition in any twelve-month period only if it is substituted for the excess levy previously approved for that year?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (47 members) Yeas, 48; Nays, O; Absent or not voting, 1. HOUSE: (99 members) Yeas, 93; Nays, 0; Absent or not voting, 6.

Explanatory comment issued by the Attorney General as required by law

### The Law as it now exists:

Amendment 17 of the state constitution (commonly referred to as the 40 mill limit provision) limits the aggregate of property tax levies by taxing districts to 40 mills on the dollar of assessed valuation, unless the voters of a taxing district, under certain specified conditions, have authorized levies in excess of the 40 mill limit. Except in the case of excess levies to pay principal and interest on general obligation bond issues, no proposition to levy a tax in excess of 40 mills may be submitted to the voters of the district more than 12 months before the proposed levy is to be made. Thus, the voters of a taxing district can only authorize a single one year excess levy for other than bond redemption purposes at any given election.

### Effect of Senate Joint Resolution No. 23 if approved into Law:

The proposed amendment would permit taxing districts, if authorized by appropriate act of the legislature, to submit propositions for tax levies exceeding the 40 mill limit to their voters up to 24 months before the levy date, thereby permitting the submission of two consecutive annual excess levies for approval at one ection.

No taxing district would be permitted to submit to the voters a proposition to authorize additional levies under the amer.dment for any year for which the voters have previously authorized an excess levy. However, under certain specified conditions, a taxing district could submit to the voters at any time a new proposition to be substituted for the excess levy authorization which had been previously approved for that year.

From November 25, 1966 to May . 1968, the Providence destroyed or damaged nearly 1,000 enemy structures, 250 fortified bunkers, sunk 24 enemy logistics crafts. touched off 58 secondary explosions, knocked out six gun emplacements while damaging another eight, destroyed 48 enemyoccupied caves and accounted for more than 100 enemy killed.

Specifically mentioned in the Fighting Flagship's citation was the Battle of Hue during the enemy's Tet offensive. The cruiser's shells destroyed more than 750 feet of wall after Army artillery barrages and both naval and Air Force air strikes failed to penetrate the enemy bastion.

Seaman Dennis L. Ferrie, USN, 20, son of Mr. and Mrs. A. Ferrie of 434 West Fifth Street, is also a member of the Providence crew.

### VOLLEYBALL CLINIC AT PENINSULA COLLEGE SATURDAY AFTERNOON

A volleyball clinic will be held at Peninsula College, Saturday, October 12, 10 a.m. to 3 p.m. for all instructors on the Olympic Peninsula who work with girls' athletics. Any person working with girls' volleyball is welcome to attend.

Volleyball skills will be demonstrated by Miss Rosemary Gala, Peninsula College instructor, and Mrs. Patricia Pratt, director of instructional services. Jefferson and Clallam counties.

Persons attending should be dressed to participate. A registration fee of 50 cents is necessary for instructional materials.

### LOCAL MEN TRAINING AT LACKLAND AIR BABSE

Kenneth Normand Jacobson, son of Mr. and Mrs. Norman Jacobson, 432 Third Street, and William Cleo Boyd, son of Mr. and Mrs. Cleo Boyd, Port Angeles, have enlisted in the United States Air Force for four years.

Announcement of their enlistment is made by Techical Sergeant Kenneth R. Lester, local recruiter, who states Jacobson left September 6 and Boyd, September 30 for six weeks of basic training at Lackland Air Force Base, Texas.

### \*Ballot Title as issued by the Attorney General: TAXATION BASED ON

ACTUAL USE

Shall Article VII of the State Constitution be amended by adding a section authorizing the legislature to provide that farms, agricultural lands, standing timber and timberlands, and other open space lands used for recreation or enjoyment of their scenic or natural beauty, shall be valued for purposes of taxation on the basis of the use to which such property currently is being applied, rather than on the highest and best use?

Vote cast by members of the 1957 Legislature on final passage: HOUSE: (99 members) Yeas, 84; Nays 9; Absent or not voting, 5. SENATE: [49 members] Yeas, 44; Nays, 0; Absent or not voting, 5.

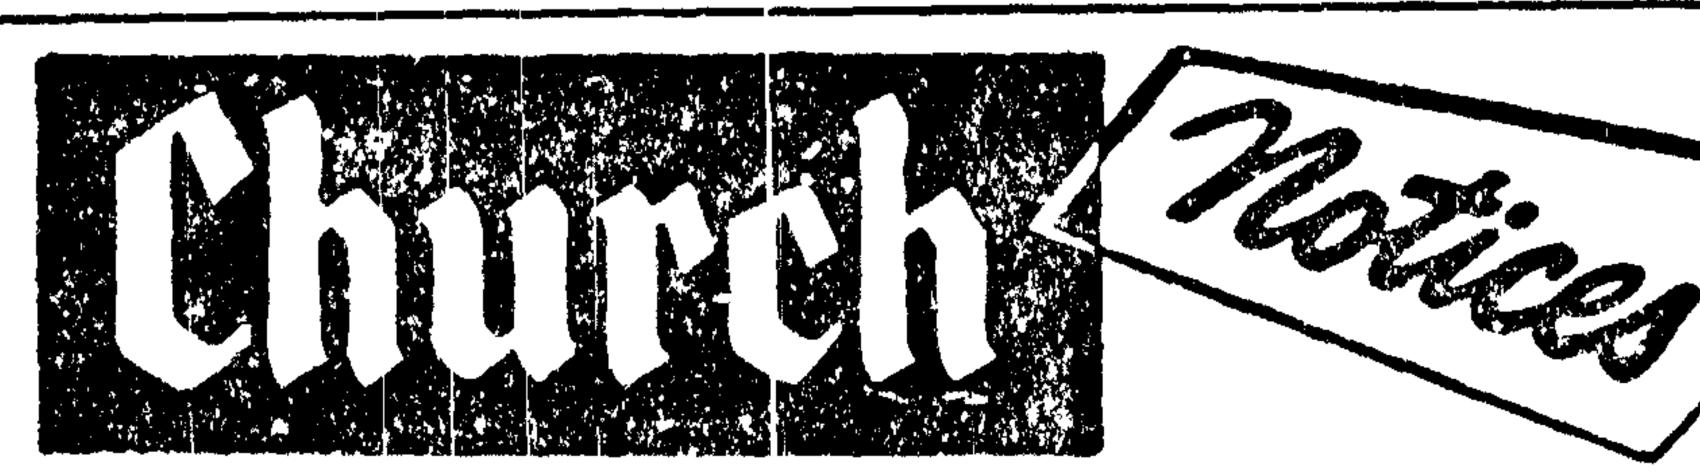

Explanatory comment issued by the Attorney General as required by law

### The Law as it now exists:

Under the present state constitution and pertinent legislative enactments, all real property is valued for purposes of taxation on the basis of its true and fair value in money, which is determined by the "highest and best use" to which the property could be applied, without regard to its present actual use. The term "highest and best use" is defined by a Department of Revenue regulation to mean the most profitable, likely use to which a property can be put.

### Effect of House Joint Resolution No. 1 if approved into Law:

The proposed constitutional amendment would authorize the legislature to provide by law, subject to such conditions as it may enact, that certain real property shall be valued for taxation purposes in terms of its present actual use rather than its highest and best use. Types of property which would be eligible for such treatment are (a) farms, agricultural lands, standing timber and timber lands, and (b) other open space lands which are used for recreation or for enjoyment of their scenic or natural beauty.

# HOUSE JOINT RESOLUTION

Proposed Constitutional Amendment

### \*Ballot Title as issued by the Attorney General. AUTHORIZING COMPENSATION

INCREASE DURING TERM Shall the State Constitution be amended by adding a new article permitting the compensation of all elected and appointed state, county and municipal officers who do not fix their own compensation (including judges of courts of record and justice courts), to be increased during their terms of office to the end that such officials shall receive compensation for their services as provided by the law in effect at the time the services are

being rendered? Vote cast by members of the 1967 Legislature on final passage: HOUSE: (99 members) Yeas, E9; Nays, B; Absent or not veting, 2.

SENATE: (49 members) Yeas, 40; Nays, 6; Absent or not volkey, 3. Explanatory comment issued by the

# Attorney General as required by law

The Law as it now exists: Under the constitution the compensation of elective and appointive state, county and municipal officers, including judges of courts of record and justice courts, is fixed by the state legislature or some officer or public body to whom the legislature

has delegated such authority. In the case of such officers who serve for a fixed term (which, depending upon the law governing the particular office, will be from four to as many as nine years in length) there are several provisions in the present constitution which prohibit increases in their compensation during their respective terms of office. These constitutional provisions apply to officers serving for staggered terms on multi-member boards, commissions and tribu-

nals as well as to other officers serving fixed terms.

### Effect of House Joint Resolution No. 13 if approved into Law:

The proposed constitutional amendment would add a new Article to the constitution which would provide that the compensation of those officers named above, who do not fix their own compensation, may be increased during their term of office to the end that such officers shall receive compensation for their services in accordance with the law in effect at the time the services are being ren-

dered.

A proclamation by Louis Bruno State Superintendent of Public Instruction

The week of October 13-19 has been declared National School Lunch Week. For 22 years, this combination federalstate-local program has helped millions of youngsters obtain low-cost lunches at school. In this 1968-69 school year, nearly 20 million children are expected to benefit from it.

It is vitally important that every American child be offered an adequate diet and taught good food habits, no matter where he lives or how much or how little his parents earn.

The nation must put still more money and manpower into teaching good nutrition and providing new and expanded food services for children.

These services will include more free or reduced-price lunches in needy areas, breakfasts at school for more children, and food services for children not Of Forest Areas Soon yet in school or in day care To Begin in District centers.

There are nearly 1,000 school percentages in the nation.

Lunch prices vary from 15 1 cents to 35 cents for elementary students. Many schools feed all the price of a lunch limits the number of students participating. Last year, the schools of Washington provided more than one and a half million free lunches to needy students.

The goal of the program is to serve a nutritious, appentizing, low-cost lunch. To help the program, donated commodities and reimbursement are provided by the Department of Agriculture.

Last year, \$1,872,517 was paid to schools for serving 44,527,112 student lunches. Commedities are available to provide break-

to school. Junior and senior high schools are encouraged to offer a choice federal reimbursement.
