by Fownden Flore

Permissiveness is not a matter of being either kind or thoughtful or both. It is a way by which | Head of State to the industrious and the thrifty may be robbed of the rewards of fruitful toil. Somehow or other With Wind-Up Speech the American people have lost control of their liberties through a false sense of wrong doing.

Really all of us who are here— Red, Black or White—are cosharers in the rewards of our industry in proportion to our contribution. Actually, we all own this great land by sufferance of i the Lord above. It can be taken from us in many ways while we kill each other off to reduce ourselves to one-color ownership.

To indulge in the current wave of nationwide sentimentality is to get to the place where, as the fellow said on the sinking riverboat, "We will all have to get off!" We can all get to work and all take a part. Each of us, pulling his own capacity can make the difference between glorious freedom and disgraceful failure.

We must all become involved not in a maudlin crying jag, but in a standup shoulder to shoulder cooperation which can achieve that truthful bromide——"the greatest good for the greatest num-

Variety the Spice of Learning in Evening School of College

Adult students encounter a wide varety of classes offered by the Evening Division of Peninsula College.

NUMBER 47

Along with such academic and business courses as English, foreign languages, and psychology, there are also classes that combine learning with doing.

One of the latest of these is the Shoe Design Class where the students actually design and make their own footwear. In this group the women learn about such technicalities as "lasts," "molds," color and finish. Many make shoes to match particular dresses on ensembles.

In another area, both men and women design and fashion jewelry using silver, semi-precious and
