Outreach Program

Library staff and volunteers are available to deliver books, DVDs, audiobooks, and other library materials to individuals who are unable to come to the library, due to age, illness, or disability.

Many people receiving home deliveries are older adults who can no longer drive or walk to the library.

This free service is available on a long-term or short-term basis.

Deliveries are made twice per month (or once per month, depending on needs) to people living at long-term care facilities, retirement apartments or personal homes.

Specific titles may be requested or items can be selected for you based on your personal reading interests.

Additional library services are available at www.nols.org.
