

Policy 4.10 Right of the Library to Photograph Events

Adopted by Library Board of Trustees 4/26/2012
Revised: 3/27/14; 06/25/15

The North Olympic Library System (NOLS) reserves the right to photograph NOLS events at NOLS facilities and other locations.

Library events constitute a public setting, and as such, the library is not required to obtain permission to photograph participants attending library events.

Appropriately placed, highly visible, and clearly written signage will be posted at the location of each NOLS event indicating that photos may be taken for use in library publicity and other library applications.

As a courtesy, when photographing groups of three adults or fewer, NOLS staff will request verbal consent from the individuals being photographed.

When photographing groups of three children or fewer, verbal consent from the parent, guardian, or accompanying adult, must be obtained.
