Staff Report

Meeting Date: February 27, 2025

To: Library Board of Trustees

From: Brian Phillips, Facilities Manager

Subject: Approval of Resolution 25-02-03 Authorizing Disposal of Surplus

Equipment and Furniture

Attachments: Resolution 25-02-03

Topic/Issue: Disposal of surplus items.

Policy Considerations: Washington State law requires public agencies to dispose of public property at fair market value through auction, private sale, a broker, or agent, or through donation to defined agencies or organizations. This action is consistent with <u>NOLS Policy 5.9</u> governing the library's disposal of property.

Fiscal Considerations: The items to be disposed through surplus are no longer of value to NOLS.

Discussion: The items to be disposed through surplus include obsolete or broken groundskeeping equipment, bookends, vacuums, a spare safe, and carpet tiles that are no longer of use to NOLS or have been superseded by more usable items. Broken and obsolete computer equipment will be disposed of in accordance with WA State regulations governing the disposal of electronic equipment. The groundskeeping equipment includes a gas powered weed eater, two gas powered leaf blowers, and a lawn tractor. The weed eater is worn and no longer cost effective to repair. The leaf blowers are also worn and have been replaced with more efficient battery-powered equipment. The twenty-three year old lawn tractor has served well over the years but now needs mechanical repair parts that are no longer available. The vacuums have been broken and used for parts for several years. Surplussing these unusable vacuums is a formality needed to account for their removal from the Facilities equipment inventory. The safe is no longer of use to NOLS. Old Sequim Library carpet tiles are no longer in use and can be donated to a non-profit reseller of building supplies. Surplus items will be donated to a non-profit organization specializing in the reuse or sale of such items or recycled in accordance with applicable laws.

Motion: That the Library Board of Trustees approve Resolution 25-02-03, approving surplus and disposal of items no longer needed by NOLS.

Resolution 25-02-03

Library Board of Trustees North Olympic Library System

AUTHORIZING DISPOSAL OF SURPLUS EQUIPMENT AND FURNITURE

Whereas, the North Olympic Library System has found that it no longer needs certain items of equipment and furniture; and

Whereas, Library Policy 5.9 details how Library property should be properly disposed of;

Whereas, the Library desires to dispose of the following items in an appropriate manner:

ltem	Quantity
Lawn tractor	1
Weed eater	I
Leaf blower	2
Small safe	I
Vacuums	4
Carpet tiles from old Sequim Library building	50 (approx.)
Wire clip-on book ends	300 (approx.)

Now therefore be it resolved by the North Olympic Library System that the items listed above be declared surplus and disposed of in a manner consistent with Library policy and state law.

Community Outreach Librarian Adrienne L. provided a story time and craft activity to 35 children at the Boys & Girls Club.

Information Technology (IT) Department

Erin Shield, Technical Services Manager

In January, the IT department worked on troubleshooting various email, scanner, printer and Teams issues, helped get the Outreach office reconfiguration of equipment set up, replaced other equipment, took a couple field trips to the West End and Sequim to resolve a variety of issues, helped to onboard new staff, and got subscriptions updated. They also performed various website updates including information around tax prep, call for artists for Summer Reading Program, Poet Laureate, and Poetry Walks. A new workstation was installed in the Clallam Bay manager's office, instructions for testing a new ticketing system were drafted, and a mock-up of the new SharePoint redesign and implementation were discussed. Additionally, the remaining existing surplus was recorded, marked, and readied for disposal. Work was completed on a Polaris upgrade plan for next month's update.

The IT Team also assessed Remote Monitoring & Management (RMM) software from a couple of different vendors and incorporated staff to help test the ticketing systems associated with the software. Staff scored the vendors and the decision was made to go with NinjaOne. The new RMM will assist with helping to troubleshoot staff issues remotely, manage mobile devices, update servers as needed with less staff intervention, and help with the patching process. Additionally, a ticketing system will be used by staff to report problems. This will allow IT to better assess priorities, help monitor where we are with troubleshooting, and providing staff updates on their issue. Implementation will occur in February/March.

Technical Services Department

Erin Shield, Technical Services Manager

In January, Technical Services plugged along getting the new fiscal year completely set up with new fund lines in Polaris. For catalogers the recataloging projects were fast and furious. New selector training was provided for Angeles B. and Jennifer S. as well as some additional training for current selectors whose ordering areas are switching around. Planning for 2025 projects is mapped out – more or less.

884 physical items were processed and available for customers in the month of January. 317 print materials were repaired including some from recataloging projects. 128 media items were resurfaced or repaired to extend their lives. 30 physical donations were made and will be added to the collection. 814 totes were moved between NOLS' branches by the couriers, plus 16 more for Outreach deliveries. Tech Services filled 188 InterLibrary Loan requests for NOLS' patrons and 138 loans out to other libraries.

Technical Services Lead Wendy O. had a good time playing with some new upcoming features in the training ground. Courier Jan S. saw a lot of eagles heading out to West End and saw no line at the carwash in January. Technical Services Specialist Sarah C. honed her cataloging skills helping to complete a large recataloging project. Technical Services Specialist Cindy T.

highlighted the visits from Jen S. and Angeles to learn the selector workflow. Processor Mark J. is learning the fine art of supply inventory. Technical Services Specialist Jennifer F. was excited to pass the 6-month mark in Tech Services. Yay!

Customer CommentsJanuary 2025

The following comments were received by the Library during the months of January of 2025. Where the customer requested a personal reply by phone or email, it was provided. Customer comments and responses are posted on the Library's website.

Comment:

I was disappointed when you changed back the Saturday hours to 1000 opening time. I remember one time there was a group of us standing outside the library doors waiting for it to open, and all of us wished that you would open at 0900. Some of us are out and about in the early part of the day. Of course the people who start the day late have no problem, the library is open when they are out. I was told it was a staffing problem juggling two different starting times. My personal opinion is that you should always open at 0900, that probably 50% of your patrons would be satisfied.

Response:

Thanks for sharing your feedback and I'm sorry to hear the later hours on Saturday have caused disappointment. The decision to adjust hours at all branches was made after staff carefully analyzed usage patterns at each branch (e.g. the number of patrons who walk through the door each hour and the number of items checked out each hour), and over 800 public survey responses were considered, in addition to other community needs and staff capacity.

While we agree that opening earlier every day could be beneficial to patrons (this is why we added the 9am opening on Fridays and Saturdays in 2022), the extended hours stretch current staff thinly. The change implemented in January 2025 to open the Port Angeles and Sequim branches at 10am instead of 9am allows for a more sustainable staffing schedule, and based on our data, the 9-10am hour is significantly slower than the hours between 10am and 12pm.

NOLS will continue to evaluate operating hours. Although certain times, such as mornings or evenings and weekends may be less busy than other times, we know it is important to offer a variety of hours that meet the different needs and restraints people have in their lives. If future funding and staffing allow, we'd love to be able expand hours.

Thanks again for your suggestion. If you have further questions or would like to discuss further, please let me know.

Comment:

Please start a Port Angeles knitting or crocheting group like the one in Sequim.

Response:

Thank you for sharing your interest in having a program at the Port Angeles Library that is similar to the Sequim Yarn Circle program on Saturday mornings. The programming staff at the Port Angeles Library offered a similar program in the Spring and Fall of 2024 on Monday evenings called Craft Café. We did not receive very much engagement with the community and determined to not continue offering it in early 2025. We are aware that there are a number of local groups that are using the Carver Room for similar programs that are not associated with NOLS and open to the public. I will share your interest with the Port Angeles programming staff to consider as they continue to develop programming throughout this year.

Comment: I think that the Library here should give people a lot more time on the internet unless someone is waiting. It's the decent thing to do and if someone is waiting the computer should automatically log off.

Response:

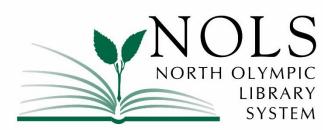

When a patron logs onto a public computer with their library card, they get a 60-minute session. If no other patrons are waiting for a computer, the session will automatically be extended another 60-minutes. The automatic extensions will continue until the library is closed. If you additional questions about how the public computers work, please let library staff know.

Comment:

Library: Could we please have a class in understanding our smartphones? I am always at a loss.

Response:

Thank you for the suggestion – it will be shared with the Library's Programming Team. If you need assistance using library services on your smartphone, you can setup a Tech Help appointment at www.nols.org/tech-help.

Highlight Log

(January 2025)

The Highlight Log provides an intranet location for NOLS staff to share uplifting anecdotes and patron comments. It was created in 2016 to provide an emotional counter-balance to the DE Log, which is used to track and document disruptive events in that occur in the library. It provides an interesting glimpse into community perceptions about the Library. The following is a list of Highlights logged during the past month.

01/02/2025 - Sequim

Patron came in to get her hold, which happened to be a guitar. We chatted for a few minutes about music and instruments, and she was just overjoyed that we had such things!

Today was the culmination of Story Quest! All week, a group of 6 fourth graders have worked to create original characters inspired by the book *The Guardian Test* by Christina Soontornvat. Today they played a TTRPG campaign that I wrote set in the world of the book. We had a fun (and often hilarious) time playing the game and eating pizza! For many, this was their first experience with TTRPGs. Highlights from the gameplay include: one player referencing the book we read, looking for clues and more information about the world; teamwork to fly everyone over cavernous pits with giant squids waiting at the bottom; using the extra pairs of underwear (that some players decided beforehand their characters would carry in their packs) to clog a fountain so that it would overflow and refill some tidepools to save the fragile tidal mollusks and other animals; telling an ancient octopus a story about a rainbow banana so it would let them keep traveling; luring peaceful but invisible (and thus dangerous) jellyfish out of the path by whistling and playing a viola; and using backstory lore they wrote to their advantage—like being able to break walls with their head?! In no world could I have come up with these solutions to the many problems and puzzles I set up for them, and that is the fun of playing TTRPGs with kids! Three staff from WA State Library also attended to see this grantfunded program unfold and they had tons of fun.

01/04/2025 - Port Angeles

We have a chess club that has utilized the Carver Room in the past. They had decided to take a break over fall and winter due to low attendance. They started back up for the new year and had 27 attendees! That is more folks playing chess than ever before! Everyone was so excited!

01/08/2025 - Port Angeles

A very small patron, as they were dropping books into the indoor drop, said goodbye to each one before putting it in. So cute!

01/10/2025 - Port Angeles

I just received my first request of the year for tax forms. The patron was very happy to know they will arrive eventually.

01/11/2025 - Sequim

It was a busy Saturday in Sequim. The day started with our Yarn Circle program. I6 crafters chatted and crafted the morning away. Everyone delighted in seeing what they were all making and sharing their current projects. It was a joy to watch. The day ended with our 2nd Saturday Book Group. We had I4 people talking and laughing about the book under discussion – *The Keeper of Lost Things*. And in between, there were readers, browsers, checker-outers, and colorers. All making for a vibrant, happy Saturday. (And yeah for a day of rest on Sunday!)

01/23/2025 - Port Angeles

A patron came up to the front desk and wanted to pass along their thanks and appreciation to Annie D. for her assistance on helping them with a job application.

01/25/2025 - Sequim

Full house today here in Sequim. We saw a good turnout for Yarn Circle, with lots of familiar faces as well as newcomers, who kept crafting in the back while the concert-goers for Harmonica Pocket trickled in. Fiber arts, music, dancing, and lots of happy faces this morning. With both programs combined, we had over 70 people participating in programs this morning. A lively Saturday morning!

01/25/2025 - Port Angeles

The Unwanted Gift Exchange saw 30 people come in to browse items. The items included lots of clothes and books, and a smattering of games/toys and miscellaneous household items. Lots of positive comments were made. It was observed by a few community members that they expected it to be busier, but also that they were delighted by the odd variety of unwanted items. The items leftover at the end of the event will be in the break room for anyone to take until Tuesday at 3pm, and then will be taken to be donated.

01/28/2025 - Port Angeles

Last night's computer class saw a record high of 11 attendees! All but one patron were newcomers to the class. Once patrons were logged in, they worked on computer basics, internet basics, and learning to use a Mac. Vik and our volunteer Jennifer were patiently working with patrons throughout the program and making connections. As usual, we heard a lot of gratitude for providing the program.

01/30/2025 - Port Angeles

At Stevens Middle School to talk to students more about Book Wars, one student came up afterward to tell me how much they loved *The Otherwoods* by Justine Pucella Winans and asked for recommendations for more books like it. I gave them some recommendations and then they asked if I knew of one of their favorite authors, Andrew Joseph White. We had a great conversation about which of his books we like the best!

01/31/2025 - Sequim

Big shoutout to the Outreach and the Bookmobile crew! Just had a chat with a lovely patron who uses both services and was raving about how lovely all the staff is and how nice it is to have such access. She happens to be disabled and was shocked when she saw the super sweet Bookmobile setup and got to use the lift.
