The Dino Pokey

Tune: "Hokey Pokey"

You put your dino foot in, you put
your dino foot out,
You put your dino foot in, and you
shake it all about.

You do the Dino Pokey and you
turn yourself around,
That's what it's all about.

You put your dino wings in, you put
your dino wings out,
You put your dino wings in, and
you flap them all about.

You do the Dino Pokey and you
turn yourself around,
That's what it's all about.

You put your sharp horns in, you
put your sharp horns out,
You put your sharp horns in, and
you poke them all about.

You do the Dino Pokey and you
turn yourself around,
That's what it's all about.

You put your dino tail in, you put
your dino tail out,
You put your dino tail in, and you
swing it all about.

You do the Dino Pokey and you
turn yourself around,
That's what it's all about.

You put your dino self in, you put
your dino self out,
You put your dino self in, and you
shake yourself about.

You do the Dino Pokey and you
turn yourself around,
That's what it's all about.

By *Mary Marshall & Sue Eilers*

Five enormous dinosaurs

Five enormous dinosaurs letting
out a roar. ROAR!

One stomped away and then
there were four.

Stomp, stomp, stomp, stomp,
stomp, stomp, stomp, stomp,
ROAR!

Four enormous dinosaurs knock-
ing down a tree. Clunk!

One stomped away and then
there were three.

Stomp, stomp, stomp, stomp,
stomp, stomp, stomp, stomp,
ROAR!

Three enormous dinosaurs eat-
ing tiger stew. Ew!

One stomped away and then
there were two.

Stomp, stomp, stomp, stomp,
stomp, stomp, stomp, stomp,
ROAR!

Two enormous dinosaurs sitting
in the sun.

One flapped away and then there
were one.

Flap, flap, flap, flap, flap, flap,
flap, flap, ROAR!

One enormous dinosaurs left all
alone.

He stomped away and then there
were none.

Stomp, stomp, stomp, stomp,
stomp, stomp, stomp, stomp,
ROAR!

Dinosaur, Dinosaur

Dinosaur, dinosaur
Where can you be?
Hiding behind me
(hands behind back)
where you cannot see!

Now you see one
(bring hand out)
It's been waiting for you.
Here comes another
(bring out other hand)
And now you see two!

Science & Math

Have your child make a fossil using playdough to show how dinosaur tracks are preserved.

Create a diorama using an old CD case about how a dinosaur's habitat might have looked (pick one to focus on).

Early Literacy Take Home:

Dinosaur names are often very long. Try clapping out the syllables with your child to help develop your child's phonological awareness.

Songs

Dinosaurs In Cars

There were five dinosaurs driving in cars

(pretend to be driving)

Havin' a "wheely" good time they said, "step on the gas"

(step forward with one foot)

We'll go really fast!

(push one hand out in front of body)

And they did until one had a flat tire, ca-chunk, ca-chunk, ca-chunk, ca-chunk

(roll hands unevenly as if rolling a flat tire)

Whoosh—

(sink down into crouch while making air sound)

And he said "go on without me!"
(cup hands around mouth and shout upward)

Repeat with 4,3,2,and 1 dinosaur.

(Last time-speak the following in a rhythmic, almost rapping way:)

And he said "I know what I'll do,
I'll change the tire"

So he jacked up the car,
(pretend to work a jack while making whoosh sound)

And he took off the flat
(pretend to lift off heavy tire as you say "UH!")

And he put on the spare
(pretend to put on spare as you say, "UH!")

And he said "I'll pick up my friends"

Then there were five dinosaurs ridin' in cars

(stand back up and repeat original motions)

Havin' a wheely good time.
They said, "step on the gas. We'll go really fast".

And they did and down the road they went flyin'
SO LONG! (spoken with a wave)

Art Projects

Pteranodon Mobile Craft

Print the template onto card stock and cut out. Punch holes into the dinosaurs, tie on string and attach to a paper plate. Attach a string to the top of the mobile-voila! You have your own mobile.

D is for Dinosaur

Create a dinosaur using the letter "D" and different shapes.
