Re: DIY Hot Cocoa Bomb Take & Make
Attached: *CB making.JPG*

Beginning Friday, January 21, stop by your local North Olympic Library System (NOLS) location to pick up a DIY Hot Cocoa Bomb Take & Make kit!

A fun winter treat for all ages! Grab a kit from your local NOLS library branch and take it home to create your own DIY Hot Cocoa Bomb using chocolate chips, hot cocoa, and decorative sweets. Drop it in warm milk (any kind!) for a melty-sweet beverage in the cold winter months.

The kit includes ingredients to make the hot cocoa bomb, silicone molds, instructions, and a list of ingredients. You will also need any kind of milk (or water), a microwave, a spoon, and a mug. Check out www.nols.org or the NOLS YouTube channel for a how-to video!

This activity is suggested for ages five and up. Adult supervision highly recommended, especially when handling hot materials.

This program is generously supported by Friends of the Library groups at all four NOLS branches. To learn more about what's happening at your library, visit www.nols.org, call 360.417.8500, or follow North Olympic Library System on social media.
