Nature, science and art activities for kids at free Discovery Club

As part of the Summer Reading Program, North Olympic Library System (NOLS) is hosting a weekly Discovery Club geared toward kids in grades K-5 and their families and caregivers. From creative writing to art to science, kids will find many ways to have fun, meet new friends, and try new things. Visit nols.org/discovery-club to find details. No registration is needed. Children must be accompanied by an adult.

Discovery Club is held outside once weekly at each NOLS branch from June 28-August 5. In Forks, join library staff at Tillicum Park on Tuesdays at 3pm; meet at the Port Angeles Main Library outside of children's area on Wednesdays at 3pm; and meet at the Sequim Branch Library in the field behind library on Fridays at 10:30am. At the Clallam Bay Branch Library, Discovery Club is on the west lawn of the library on select Thursdays, July 7, 14, 28 and August 4 at 3pm.
