Take and Make: Solar Oven beginning July 18

As part of the Summer Reading Program, the North Olympic Library System (NOLS) is offering a Take and Make: Solar Oven kit. Beginning Monday, July 18 while supplies last, stop by any NOLS library branch and pick up one free kit per person.

Each kit includes supplies and instructions to create your own solar oven from a box that can be used to cook treats on sunny summer days. Adult supervision is highly recommended.

About the Summer Reading Program

This year's theme for the Summer Reading Program is "Read Beyond the Beaten Path." NOLS will offer free art, science, and literacy activities throughout the summer centered on experiences like exploring nature, learning outdoor skills, and more.

For more information about the Summer Reading Program, visit www.nols.org/srp, call 360.417.8500, or email discover@nols.org. The Summer Reading Program is generously supported by Friends of the Library groups at all four NOLS branches.

Pick up a solar oven kit at any NOLS branch beginning July 18, while supplies last.
