Attached: *SQ_Sep27Presentation.jpg*

The North Olympic Library System (NOLS) is working to renovate and expand the Sequim Branch Library! When complete, the project will help improve critical infrastructure including ADA-accessible bathrooms, expanded community access to broadband and computers, and create adequate office space and room for educational, cultural and civic events.

A community presentation about the project will be held at 6:30pm on Tuesday, September 27 at the Sequim Branch Library.

This presentation is an opportunity to view current design drawings, hear about the project work so far, learn what comes next, and for community members to share feedback. SHKS Architects and NOLS staff will lead the presentation.
