Re: Free Computer Classes through the Northstar Digital Literacy Program

The North Olympic Library System (NOLS) is teaming up with WorkSource Clallam to offer free computer classes at the Port Angeles Main Library on Thursday, April 27, 2:30-4pm; Tuesday, May 2, 1:30-3pm; and Wednesday, May 10, 5-6:30pm. The classes are part of the Northstar Digital Literacy Program that helps job seekers gain computer skills needed to obtain employment and anyone interested in learning how to complete general tasks using a computer. Participants can sign up for one or multiple classes; space is limited. Registration is required in advance at www.nols.org/northstar, or by calling the Library at 360-417-8500.

During each 90-minute class, a Digital Resource Navigator from WorkSource Clallam will help participants learn at their own pace, whether they are looking to brush up on computer skills or learn how to use the computer for the first time. Content will be based on the needs and interest of attendees and can range from how to use a mouse to how to build an Excel spreadsheet, and much more.

For more information about this and other events and services at your Library, visit www.nols.org, call 360.417.8500, or email Discover@nols.org.
