Re: Problem-solving games for kids at Sequim Library, Nov. 20 and 22

Children and families are invited to the Sequim Library Temporary Location, 609 W. Washington St., for special "[Puzzle and Problem Solve](#)" games and hands-on activities. The hour-long events will be held at 3:30 p.m. Thursday, Nov. 20, and 2:30 p.m. Saturday, Nov. 22. Geared toward students in grades K-6, activities will include Tangram tiles, weaving puzzles, the "Tiny Polka Dot" game, circle art and more.

Developed for libraries by the [Washington State Library Circulating STEAM Kits](#) program and the [Seattle Universal Math Museum](#) (SUMM), these games make math and spatial reasoning fun and interactive.

For event details, visit [NOLS.org/events](http://NOLS.org/events), email [discover@nols.org](mailto:discover@nols.org) or call 360-683-1161.

This program is made possible by the [Institute of Museum and Library Services](#) through the Library Services and Technology Act, with funding administered by the [Washington State Library](#), a division of the Office of the Secretary of State. It is also supported in part by local Friends of the Library groups.
