Re: Learn about salmon habitat restoration at Sequim and Port Angeles libraries

The North Olympic Library System (NOLS) invites the community to learn about local efforts to provide healthy habitats for wild salmon with the North Olympic Salmon Coalition (NOSC) at [free, one-hour presentations](#).

Salmon are facing a dramatic decline in this region, largely due to habitat loss. This presentation will explore various restoration projects happening in the area that aim to protect the natural habitats that support feeding, resting and spawning for the salmon species found on the Olympic Peninsula.

Presentation Schedule

- **Wednesday, July 15**, 6 p.m., at the Sequim Branch Library, 630 N. Sequim Ave.
- **Thursday, July 16**, 6 p.m., at the Port Angeles Main Library, 2210 S. Peabody St.

About the Presenter

The mission of the [North Olympic Salmon Coalition \(NOSC\)](#) is to promote robust wild salmon stocks for families, fishers, and local economies by furthering habitat restoration and education

on the North Olympic Peninsula. Founded in 1990, NOSC works with willing landowners and volunteers to perform salmon habitat restoration on the North Olympic Peninsula.

About the Summer Reading Program

This event is part of the North Olympic Library System's all-ages "Plant a Seed, Read" Summer Reading Program, which runs through Aug. 22. Sign up for the reading challenge, earn a T-shirt or tote bag, win prizes and participate in free events.

For more information about the Summer Reading Program, visit [NOLS.org/srp](https://nols.org/srp), call 360-417-8500 or email discover@nols.org. The Summer Reading Program is generously supported by local Friends of the Library groups.
